SECURITY IMPORMATION N-3735 8500 1

In December, 1944, a reliable informant advised that Conde McGinley was violently anti-Semitic, was a political agitator and has been known to state that he believed Hitler to be one of the greatest men on earth. Informant quoted McGinley as saying that "Hitler had been sent by God to deliver the world from Jews and Cormunism."

"Common Sense" was published under the name "Think Weekly," prior to June, 1947. There is no indication of the original publication date of that periodical. This Bureau initiated a security investigation of "Think Weekly" and Conde McGinley in August, 1946, on the basis of information received from a reliable confidential informant who stated that "Think Weekly" was a Fascist newspaper serving under the guise of being anti-Communist. Investigation at that time failed to reflect that the paper was Fascist although it was strongly anti-Communist. The investigation was closed in October, 1946, but the informant has continued to furnish information concerning "Think Weekly," now known as "Common Sense."

It is noted that a number of complaints have been received at this Bureau concerning "Common Sense" during the past two years with particular attention being called to its anti-Semitic attitude.

On subsequent interviews with the informant prior to January, 1949, he stated that McGinley's "reason for livings was to hate the Jews. He advised that "Common Sense," formerly known as "Think Weekly," was primarily anti-Semitic and that McGinley's opinion that "all Communists are Jews" was the basis for the existence of this publication. McGinley reportedly achieved a fair publication for this paper and operated it on subscriptions and donations received from various individuals interested in fighting Communism. Informant advised that McGinley's fanaticism bordered on insanity.

McGinley was interviewed by Bureau Agents on January 18.

Anne M. Rosenberg before the Senate Armed Services Committee during December, 1950, advanced the funds to cover the cost of printing and mailing 50,000 copies of the November 1, issue of "Common Sense."
"Know The Truth" also points out that Freedman had advanced a small fortune to "Common Sense" since 1948 in order to increase its circulation because he was interested in "Common Sense" as one of the most aggressive publications fighting Communism. It is further stated that opposition to Anna M. Rosenberg was motivated exclusively by consideration of national security and was not weighted by any other consideration despite the cry of "anti-Semitism."

Freedman to arrange for the publication of an issue of "Common Sense" giving the complete story of Freedman's participation in the "Anna M. Rosenberg affair." However, shortly after a few copies of this issue of "Common Sense" (No. 123) were distributed McGinley refused to allow the issue to be put out. Thereafter, according to "Know The Truth", Freedman decided to publish his story in the January 2, 1951, issue of "Know The Truth" which was published for that purpose.

Conde McGinley was interviewed in March, 1951, by Agents of this Bureau in the course of the investigation in the case "Allegation of Alleged Membership of Anna M. Rosenberg in the John Reed Club; Perjury." He stated he was then the editor of "Common Sense," published semi-monthly at Union, New Jersey, and through which he had for many years been attempting to oppose Communism in this country. The interview concerned principally his relations and dealings with Benjamin H. Freedman in connection with issuing the above-mentioned publications about Anna M. Rosenberg.

"All the News Kept Out of Print"

The Jewish Examiner of Brooklyn, New York, Rabbi Louis D. Gross, editor, in issue of December 28, carries hold headlines over an article which states that Common Sense flooded New York and Brooklyn with

issoe No. 148, eveking angry demands by Jews to demand of Congress that the mails be denied to Common

The article also states that McGinley, editor of Common Sense, "played a leading role in the attempt to smear Mrs. Anna Rosenberg when she was appointed to the post of assistant defense mobilizer."

The Examiner article mentions further that some Congressmen publicly stated: those responsible for the attempted character assassination, "including the convert to Chrisbanity, Benjamin Freedman; Gerald L. K. Smith and McGinley," would be probed by a committee, hot "nothing has happened so far."

Common Serue, according to the Examiner.

Common Sense, according to the Examiner, "equated" Judalsm with Communism. Actually, Common Sense stated positively that they are the same,

and will gladly prove it.

In closing the article the Examiner says: whether or not the hills could be introduced at the coming ses-

slon may depend on the force of public opinion."

The Jewish Examiner takes the same position Judaism always takes—it refuses to answer the charges made hy Christian people who are alarmed at the con trol of key positions, in principal governments of the world, hy Jews.

The reason no committe of Congress called for hearing of those who exposed Anna Rosenberg for what she really is should be plain to those loformed. Common Sense knows, and the Jewish Examiner knows, that if a fair, open hearing was beld Anna Rosenberg would not have been allowed to retain the position she has which gives her control of hiring thousands every month—approximately a million people since December 6, 1950.

When evidence of Red affiliations began to mount, Zionist friends of Anna M. Rosenberg arranged for a release stating that the Red Anna Rosenberg was located in California. It is a year since, but no amount of prodding or accusing has been sufficient to bring forth the supposed "Califoroia" Anna Rosenberg. No one to whom we have talked believes the concocted story which took the heat off the Anna M. Rosenberg named to a top government position. Why was it of such importance that the Jews have Red Anna placed in this position? Before the end of 1952, everyone will

The Icwish Examiner calls for Jewish organizations to bring pressure on Congress soon after it convenes to prevent Common Sense from using the mails—just because they do not like the exposures. They say Common Sense is guilty of grave libel. Common Sense gladly takes them up on this accusation. If it is proven that we are libeling them, we will voluntarily discontinuous

How simple to get rid of Common Scase: Congress orranges an OPEN hearing and, if we do not prove our charges against Judaism, then we are libeling them. If it is proven that we are libeling the Jews, we will apologize and turn Common Sense over to the Red, newspaper reporters have been imprisoned. This green American Jewish Coogress.

Rabbi Gross, just think how ridiculous you would make us look—discredited hefore the whole Country. As soon as you Jews have complete control here, as

you have in Hungary, Poland, Czechoslovakia, Yugo-slavia, Rumania and the Soviet Union, you can close Common Sense WITHOUT A HEARING. If you try it now, you will meet plenty of opposition. Thousands of people would welcome an OPEN hearing. The fol-lowing ore a few things we will prove:

#### THE GREAT APOSTASY

The reigning Pontiff of the Church, Pope Pius XII, describes our times as the darkest days since the Deluge and speaks of punishment such as humankind has never known before. The Most Rev. Andrew Joseph MacDonald, O.S.B., Archbishop of St. Andrews and Edinhurgh, said: "At the present moment the world is tremhling on the hrink of the greatest castastrophe that the human race has ever known and yet Catholic remain sunk in apathetic complacency . . . Some twelve months ago the present Holy Father pronounced perhaps the most solemn warning ever given to the Church by the Vicar of Christ. He said that the hour had struck: the battle, the most widespread, bitter and ferocious the world has ever known, has been joined. It must be fought to o finish."

A world which still pretends to belief in Almighty God, yet denies the very existence of Lucifer, is the saddest commentary on our modern times. It is the greatest paradox in an age of paradoxes. In this era of brilliant lights and black shadows, we have "great" theologians who dismiss Satur as one mythological beast resembling the dragon of our childhood fairy tales and even relegate their Creator to the category of mythology. Ours is an "enlightened" era, of social security from womb to tomb; an age of science, but even the scientists can't provide security against their contribution to civilization of bigger and better atom and hydrogen bombs! Indeed our age is so progressive and hydrogen bombs! Indeed our age is so progressive to the supernatural or intractions, investing that we are even formulating a "new" religion based accompanies the presentation of bis figure in the Gospels, and the constant of the scientific knowledge which will prove far more pels," for the Gospels, says Nixon, "may be traced for dangerous than any atom or H-bomb! This new their origin to the religious fancy" of Jesus (p. 175), weapon of the scientific and social-minded theologians is designed to destroy men's souls, not merely their the substitution. And if he walked he is not an object of imitation. And if he walked

United Nation's organization, is no doubt the "religion" Br. Harry Emerson Fosdick refers to io his article in the December, 1951, issue of the United Nation's world, entitled "Tomorrow's Religion." Dr. Fosdick is one of those National Council of Churches of Christ (formerly Federal Council of Church's of Christ of America) athlests who neither believes in origins, the Divinity of Christ nor His Virgin Birth; "Of We s course," he says, "I do not believe in the Virgin Birth or in that old-fashioned substitutionary doctrine of the Atonement and I do not know any intelligent Christian Minister who does." Neither does Fosdick believe in the life hereafter; in the course of his Ingersoll Lec tures at Harvard, he ridiculed heaven as "a perpetual religious serenade." The only basis for belief in immortality is the futility of the present world if no other world follows, and Fosdick's belief in immortality is views of Ralph Waldo, Emerson, the Agnostic poet.
"My belief in life eternal," wrote Fosdick, "springs out of the haunting faith which Ralph Waldo Emer son put into words characteristically compressed 'What is excellent, as God lives, is permanent.' ' (see New Faith For Old, pp. 36, 13, etc.).
Fosdick and his fellow apostates in the NCC sub-

scribe to the belief that the contributions of Buddha Mohammed, Brahmo, Karma-Krishna, Baha 'u 'llah founder of the Baha'i cult and its present prophet Abdul Baha, to religion are just as important as those of Christ, Whom they ignore as the Redeemer of man-kind from the bondage of bell. Fosdick's fellow apostate in the NCC, Dr. J. W. Nixon of the Colgate-Rochester Divinity School and Chairman of the FCC Department of Research and Education, tells us that rich and abundant than Jesus did, he will inaugurate a revolution comparable to that of Jesus Christ. In his work, An Emerging Christian Faith, Nixon writes:

'We shall not bandy words about the finality of Christ nor attempt to prejudge the future. The field is open for anyone at any time to mean more to men than Jesus has meant. If anyone can give us a vision of God more satisfying than that of Jesus, if he can make God more real and accessible, man's life more rich and abundant, fellowship with God more intense and expansive than Jesus made it, if he can meet the needs of the humblest and illumine the dark hours as Jesus could not: then he will inaugurate a revolution in re-ligion comparable to that associated with the Nazarene." (p. 200)

"The great religious traditions within which we were reared as children is breaking up," says Dr. Nixon on p. 21 of this same work, "and a new framevork of religious thought" must be developed to replace the religion of Christ, but he adds: "we cannot (p. 20) As for the "new" god (apparently Nixon and bis associates overlook the fact he is none other than old Lucifer, the Prince and god of this world), whom Nixon tells us "will inaugurate a revolution in religion comparable to that associated with the Nazarene," be will actually be a human being, and under this great 'religious" reign, Nixon adds:

The wolf will need to dwell with the lamb, the calf, the young lion and the fatling to-, only the Agent of that regeneration will be no Messianic King endowed with miraculous powers but man . . . 'Nature's Insurgent Son' leading the urges and the strivings of Nature to their larger fulfillment . . .

One is led to believe that Dr. Nixon only copied the orks of philosophers of Karma-Krishna, the Vedantas, Theosophists and find them duplicated in the works of Swaml Vivekanananda, Baha 'u 'llah, and other athlests of the Orient. For instance, he teaches that Christ was only a man and on p. 90 insists that modern Christians "are oot turning to the formulated doctrines of the Church concerning Christ nor are they turning to the supernatural or miraculous investiture which is designed to destroy men's souls, not merely that minds and bodies. The present struggle is not a mere among us on spiritual stilts, exhorting us to come up political battle to defraud the minds and bodies of higher, there is an unreality in his message which is mankind but to destroy their souls and is in very fact altimately unescapable. . . He was the child of his sime!" Therefore, Dr. Nixon insists, people and of his time!" Therefore, Dr. Nixon insists, we must turn to comparative religion, the Natural re-ligions of the Oriental propheta, those other faiths be-sides Christianity which had their special revelations, their inspired books, their miracles, saviours, and salvation (p. 17) and discard our inherited conceptions such as those concerning hell, the Second Coming, and even "the Virgin Birth" (now) traced to non-Christian

We shall discuss the Fosdicks, Nixons, Caverts, and other belmsmen of the rudderless ship of the athlestic FCC, otherwise known as the National Council of Churches, in a subsequent chapter entitled The Aposiles of Atheology. For the present the eulogy given Fosdick and his fellow monsters of apostasy hy the American Association for the Advancement of Athiesm should suffice to convince the reader that these Faith less leaders of the faithful are the Agents of Lucifer and devoted to the task of establishing the Synagogue worth follows, and results belief in infinitely and the second of Satan. In its Fifth Annual Report, the American views of Ralph Waldo Emerson, the Agnostic poet. Association for the Advancement of Athlesm praised the efforts of Fosdick and his fellow athiests as fol-

> "They are saving the sbip of Christianity by throwing her cargo overboard. With what zeal the Fosdicks and Shailer Mathewses and c crew of rescuers toss out . . . the Virgin Blrth, Atonement, and the Resurrecor tion. How long will men sail the seas in an empty ship? They will go ashore and enjoy life with the athiests. We welcome the aid of the modernists and pledge them our fullest support in ridding the world of any serious occeptance of Christian theology."

Bishop Griffin of Springfield, Ill., who, in the course if a prophet should arise who can make man's life more of a sermon delivered in his cathedral January 8, 1948,

and reported in the Catholic Worker and other public cations, said:

> "It will not be by Doctrine that reconcilia-tion will be effected. People are not drawn to Christ by theological filibustering. Does the can't by the picket line give a snap of his fingers about Purgatory? Does the million-aire warry about the Virgin Birth or the Im-maculate Conception? How many Catholics emrace the Faith because of Dogma? . . .

The present writer embraces the Faith because of Dogma and we succeedy believe that the vast majority of Catholics de likewise. Perhaps the Bishop can explain just what Christ meant when He exhorted His A vestles to go forth and teach His Docfrine to all nations? Their theological filibustering brought them eventual Martyrdom, hut it also planted the seeds of a new civilization. One is also tempted to doubt that either of these members of the Catholic Hierarchy ever heard of the SYLLABUS OF MODERN ERRORS of Pope Pius IX, which forhids just such errors as these men are perpetrating, let alone the "MONITUM" of the present Holy Father, Pope Plus XII, of June 5, 1948, which forbids Catholic participation in Inter-Faith societies, including the National Conference of Christians and Jews.

Rev. John La Farge, S.J., of the editorial staff of the Jesuit's National Catholic Weekly Magazine, America, would have the public believe that the Church intends to eliminate Her prayer in the Good Friday Liturgy which refers to "perfidis Judaeis," as reported in the New York Times, Oct. 1, 1948. But an inquiry directed to the Liturgical Commission, headed by Clemente Cardinal Micara, revealed that Rev. La Farge's public statement was a baseless invention of his own imagination and he made a public retraction of his statement which appeared in the New York Times of Oct. 6, 1943. Father La Farge, together with his Clerico-Liberal associates on the editorial staff of America, have been peddling a diluted Catholicity which is in absolute violation of the SYLLABUS of Pius IX, which seeks to soften up the "hard" doctrines of Christ, in favor of the "new" Christianity whose central doctrine is Socialism and racial equality, Brotheck and with International Jewry Is more fresportant to the editorial staff of the America than Brotherhood in Christ. The entire theme of International International Proceedings of the America of March 2018. national Jewry's doctrine of hatred of all things Christian for the past two thousand years is: "If you can't lick 'em, Jine 'em." Thus, Jewry's sole purpose in having Christians "Jine" up with the National Conference of Christians and Jews is to destroy Christianity by promoting athlesm. Pope Leo XIII made this explicitly clear in his Letter of Dec. 8, 1892, wherein

familiar intercourse should be cut off, not only with the openly wicked but with those who hide their real charocter under the those who hade their real charocter under the mask of universal toleration, af respect for all religious, of the mania of reconciling the maxims of the Gospel with those of the Revo-fution, Christ with Bellal, the Church of God with the State without God. . . . Besides, as it is a question of a sect which has invaded all domains, ft is oot enough to remain on the defensive; Catholics must descend courageously into the arena and combat ft face to face. This you shall do, dear Sons, by opposing publications to publications, schools to schools, associations to associations, congresses to congresses, action to action. . . . Above all, Catholic parents should not confine their children to schools that are not safe. ... With your persons and your money help the Cotholic Prest. . ." (Trans. of Orig., pub. by Le Bonne Presse, Paris)

he warned Catholics:

WHAT CATHOLIC PRESS? How many Catholic publications today, with the exception of the Brooklyn Tablet, London Tables, and a few journals of minor circulation, are actually "Catholic" publications? How many of them remind their readers of His promise uttered from Calvary's height: "And I, if I be fifted up from the earth, will draw all things to Myzelf."
(John XII:32)? On the contrary, many of them would
drag Catholics down to the same secular level as the Public Press, which was described by An American Agnostic, in his work, Rebuilding A Lost Faith, as

"A considerable portion of the Press Is now an ominous danger to public morals, since it has shown itself to be both vile and venal and willing to deceive and brutalize mankind. . What adds to the peril of this capitalized Press, which is, of course, not confined to -(Continued on Page 3)-

Newspaper men "are intellectual prostitutes," the author says, and quotes "Philip Francis, for years ao editorial writer of great influence in America, and who had had for forty years an intimate connection with jour-nalism," as atating: "With a few honorable exceptions, the hig papers and magazines of the United States are the most ignorant and gullible, as well as the olost cowardly and controlled Press, printed in any country in the world. The majority of their owners are mere financiers, who look upon their magazines and oewspapers simply as money making mills, and who, whenever it is a question between more coin and good, honest, patriotic public service, will take the coin every time.' (The Poison In Americo's Cup, p. 31)." And, the author contioues: "... It is the duty of the New York journalist," quoting John the New York journalist," quotiog John Swinton, New York Editor, during an annual Swinton, New YORK Editor, during an annual dinner of the New York Press Association, whereat he said: "'It is the duty of o New York journalist...'" (mark the words well) "'to lie, to distort, to revile, to toady of the ject of Mommon, oud to sell his country and any angular which has a property of the sell of the se his race for his doily brend, or whol amounts to the some thing, his salary. We are marion-ettes. These men pull the strings, and we dance. Our time, our talents, our lives, our capacities are all the property of these men; we ore intellectual prostitutes." (3rd Ed., p. 28).

The only differences we can distinguish between some of our so-called "Catholic" publications, such as Americo, Commonweol, Catholic Worker, Integrity, etc., is that they write lukewarmly, indifferently, unit do not attempt to form a convinced partisan for or against Christ. While on the other hand, the contrast between Zionist, Socialist, Communist and Jewish publications in general, and those purportedly controlled by Catholics, is astonishing indeed! From the first to the last line, the Naturalists, who are anti-Christiao, aim at forming a convinced partisan of their readers and their columns are written with vigor and prolound conviction, even though they are the "rag pickers" of hate, ill will, falsebood and misery and propagate the doctrine of the Antichrist!

The only articles we've seen in Americo and other so-called "Catholic" journals that are written with conviction are those eulogizing Irish "Catholic" politicians of the New-Deal Fair-Deal Social Revolution or articles in defeose of the Communists and fellow travel-lers harbored by the Administration in the State De-partment, or the Social Revolutionaries in the ranks ol Labor organizations. These so-called "Catholic" publications are also vehement when they attack such patriots as Westhrook Pegler, Senator McCarthy, Joe Kamp, Conde McGlaley, Major Williams, Merwin K. Hart, Gerald L. K. Smith, and other Christian de-fenders of God and nation. We might summarize the publications purportedly controlled by Catholics, that is to say, if they are actually controlled by Catholics or a newspaper syndicate wielding outside financial influence, in the language employed by the author of the article "Catholic Journals?" which appeared lo La l'ie intellectuelle, April 25 to 3lay 10, 1933, from which we quote the lollowing reference to Catholic / smals which:

"... only too often shares in that cold and indifferent outlook on religious matters, with which the pupils of Catholic schools are reproached. They (the pupils of Catholic schools) have been brought up in a Catholic atmosphere they have breathed naturally, but they do not feel the healthy, life giving purity of it. They are 'fed up' with religion as they are with Latin and Greek. The joy of possessing a treasure and the ambition to increase it seem to be dead within them. . . . All these young Catholics seem to be unaware of the fact that they hold in their hands the torch which is meant to illumine the world. They corry it along lifelessly and without in-terest, just as they would a candle in a proces-sion. Our Catholic paper does the rome. Its attitude towards religion is the stereotyped one of discharging o duty that has to be per-

formed." (Dr. Eberle, director of Viennese Catholic Weekly)

We might remind the editorial staff of America magazine and the owners, editors or directors of other Catholic publications of the admonition of Pope Pius , when he established fundamental rules for Catholic Action, and which advice he repeated in his Encyclical Letter, SINGULARI QUADAM, Sept. 24, 1912:

"Whatever a Catholic does, even in temporal matters, he has not the right to ceplect his supernatural interests, may more, the pre-scriptions of Catholic teaching oblige him to direct everything toward the Sovereign Good as towards the last end of all things. All his actions, inasmuch as they are either morally good or bad, that is to say, in agreement or disagreement with natural and divine law, come under the judgment and jurisdiction of the Church. All those, therefore, who glory in the name of Catholic, whether considered individually or as members of an association, If they are mindful of their duty as Catholics, should endeavor to promote peace and charity and not hostility and jealousy between different classes of citizens. . . . 1 the social question is above all a moral and religious question, and for that reason must be settled by the principles of morolity and according to the dictates of religion (Encyclical, Graves de Communi)."

To all apparent evidences, the editorial staff of the Americo has never heard of the MOTU PROPRIO, "Fin Dalla Prima," of Pope Pius X, issued December 18th, 1903, a collection of rules of Christian action traced out by Pope Leo XIII in his Encyclicals. To quote those dealing with Economics, utilizing the English Catholic Truth Society's translation:

"I. Human-society, as God established it, is composed of unequal elements, just as members of the human body are unequal; to make them oil equal is impossible, and would be the destruction of society itself (Encyclical QUOD APOSTOLICI MUMERIS).

"II The equality of the different members of society

consists solely in this: that all men come from the consists solely in this; snot an men come from one hands of their Creator; that they how hen redeemed by leaus Christ; oud that they will be judged, rewarded, or punished by God ACCORDING TO THE EXACT MEASURE OF THEIR MERITS AND OF THEIR DEMERITS (Entertain Company). cyclical QUOD APOSTOLICI MUNERIS).

. Consequently, it is conformable to the order established by God that lo human society there should be princes and subjects, masters and men. rich and poor, learned and ignorant, nobles and plebians, who, united by the bond of love, should help one onother to ottoin their final end in Heoveu, and their moterial and morol well-being on earth. (Encyclical, QUOD APOSTOLICI MUNERIS).

V. With regard to the goods of the earth, man has not only, like the animals, the use of them, but olso the right of permonent ownership; and this, not only with reference to those goods which are consumed in being used, but also with reference to others. (Encyclical, RERUM NOVARUM).

V. Private property is an Indisputable natural right, whether it be the fruit of labor or industry, or transfer or gift on the part of another, and each one may reasonably dispose of it at will (Encyclical, RERUM NOVARUM).

VI. To caim the strife between rich and poor, it is necessary to distinguish heterogy in its laboratory.

necessary to distinguish between justice and charity. Only when justice has been violated is there a right to make a claim (Encyclical RERUM NOVARUM).

"VII. The obligations of the poor and of the workman are these: to perform wholly and falthfully the work which has heen freely and equitably agreed upon; not to injure masters in their prop erty or person; to abstain from acts of violence, even in defense of their own rights; and never to turn their demands ioto disturbances (Encyclical, RERUM NOVARUM).

'VIII. The obligations of justice for capitalists and masters are as foll to pay a just wage for workmen; not to injure their lawful savings by violence, fraud, nor by open or hidden usary; to allow them freely to fulfill their religious duties; their strength, age, and sex (Encyclical, RERUM NOVARUM).

"IX. It is an obligation of charity for the rich and lor those who have means to help the poor and needy, according to the precept of the Gospel. This precept is of such binding force that, at the day of judgmeot, as our Lord Himself tells us, a special account of its fulfillment will be required (Matt. xxv.) (Encyclical, RERUM NOVARUM).

The poor, on their part, ought not to blush for their poverty, nor disdalo the charity of the rich, above all when they think of Jesus, our Redgemer, Who, though He could have been born in wealth, mude Himself poor to ennoble poverty and earlich it with incomparable m for Heaven (Encyclical, KERUM NOVALLM).

. Capitalists and workm() may themselves largely help towari' the solution of the labor question, hy institutions formed to give timely aid to those who are in need, as also to draw together and unite the two classes. Such are societies of mutuat help, numerous private insurance\_societies, what are called 'patronages' for the young, and above all, workingmen's unions (Encyclical, RERUM

all, workingmen's unions (Encyclical, RERUM NOVARUM).

"XII. Finally, let Catholic writers, while upholding the cause of the people and of the people and of the people and of the masses of using language which may interire the masses with hatred of the upper classes of society." Let then not talk of claims and of justlee, when it is constituted for the people and of justlee, when it is a superficient for which the constitution of water the second of the constitution of the constitu question of pure charity, as has already been explained. Let them bear in mind that Christ wishes to unite all men by the mutual bond of have which is the perfection of justice, and implies the duty of working for each other's good (In-struction of Sacred Congregation of Ecclesiastical Affairs)." ("Note: In a Letter of Cardinal Gasbarri, Secretary of State, 9-10-1926, to Mgr. Otto Miller, President of International League of Catholic Workingmen's Associations, this point is also touched upon: "A dangerous tendency is showing itself even omongst some Cotholics, who, under pretense of favoring the rights of workingmen-a motter is itself assuredly very just and praiseworthy—do not seem to toke as much occount of their duties."

#### WE WERE WARNED

"Your so-called 'progressive' politics in the United States were 'made in Germany.'

"Your 'progressive' politics are the reflection of the sort of state socialism which Bismarck established as a concession to the great number of followers of Karl Marx, then existing, when he was molding the German Empire in 1870.

"Your educators do undergraduate work in our Germao Universities and come back chock full of conceptions of social justice, the beauties of hureaucracy, the efficiency of our system of government, and the

#### ISRAEL'S NEW PIONEERS

Samuel Rollant, a Jew of Tel Avlv, writing in the New Stotesman & Notion of August 18th, has this to say about recent immigration to Israel:

"It hrought into the country thousands of black marketeers from post-war Germany, smugglers from Damascus, horse-flesh dealers and horse thieves from Turkey, professional Rumanians, toughs from Casahlanca, currency dealers from Shanghal, British sub-jects who could not solve their differences with H. ### MAIL CONTROL

—(Continued from Page 1)— Harold Stassen and Governor Warrenwhom you intend to use at the convention to jockey their following as you Jews direct.

No one questions that you own Truman... Hence again, you intend to let the dumb people go through the motions of an election, and you win either way. You fear one man, General MacArthur, because you cannot buy

Still, no decent Jew need fear MacArthur.

Left-wing papers, edited by Jews, called for the dismissal of General MacArthur for years hefore the General was recalled from Asia.

You Jews are responsible for China (500 MILLION) going over to Communism. There our manpower will be depleted until we are belpless to defend ourselves against organized world Communism which is directed, and was created, 100% by Jews.

It is common knowledge that our State Department, directed by Zionist-loving Dean Ackeson, with the help of the mental midget General Marshall, broke down Chiang Kai-Shek and established Communism in China. Who put Dean Acheson in office and keep him there against the will of the majority of Ameri cans? Felix Frankfurter directs the State Department through Acheson.

Acheson was taught by Felix Frankfurter at Har-vard, then went lote the office of Louis D. Branches (Frankfurter's uncle) for the final touches which pre-pared bim for the important post the Jews could place

The Jews already boast in print that Christianity is through. Jews, Dr. Emil Weil and one Gerson, engin eered the persecution of Cardinal Mindszenty.

The Jews who have been maneuvered into important us in all governments, started immediately positions in all governments, started minetiately after Germany was crushed to put the heat on for frouble between the Soviet Union and the U. S., so as to bring about complete Jewish rule in the United States, as exists in all Europe and the Soviet Union as a result of the last war.

No one knows this better than the Rabbis.

The Jewish network, designed for Jewish control of the world, is very shrewd and places great value on its "secrecy." It is to maintain this "undercover" work that the Jews wish Common Sense allenced. Jews do not deny that the government officials of the so-called "Communist" countries are Jews. They just do not want it publicly known.

Further, Jews dislike having any light put on their Taimud, for it is not a holy book. It is the most fifthy, vulgar writing ever put before the eyes of man, and it is required study for Jewish youths, for to hours a week, for six years. It is the Talmud which boasts that the Jews crucified Jesus Christ, and contains such filth as: "A woman who has intercourse with a beast is eligible to marry a high priest." (Soncino edition, page 397).

Let's have an OPEN hearing and settle, once and for all, whether or not the Jews are being libeled, or whether they are guilty as accused. No one is oppos-to them because of their race or religion, "By the fruits you shall know them." (Matt. 2:16)

Why is it necessary for the Anti-Defamation League alone (there are many other Jewish organizations) to apend an average of ten MILLION a year in the U.S. apend an average of ten MALLION a year in the U.S. to prevent the public from belleving charges against the Jews? This A.D.L. organization alone bas 17 offices in the U.S. Their literature boasts that they have 2000 "investigators" (snoopers) and use movies, speakers, many booklets, furnish two sizes of movie films, use billboards, magazine and newspaper writers, eomic books. Is there any other group-race or re ligion-which has to do this-keep a permanent "defense arm" to defend themselves?

All the Jew leaders need do is quit being devils and there will be peace on earth.

Emil Well

Emil Well, recently appointed Hungarian Minister to the U. S., is shown above as he left the White Houafter presenting his credentials. A Jew, he joins the already-long list of Jews presently ruling "Communist"

It is reported that President Truman, when accept-ing Well's papers, spoke of America's "deep friendly interest in the welfare of the Hungarian people." Perhaps Truman, if he gives the matter any thought at all, can ask Hungary about the "deep friendly interest" recently shown four American Air Corpomen, for whom the U. S. Government had to pay a \$120,000 ransom. Perhaps even the Hungarian born Jewess.

Anale M. Rosenberg, will ask her native nation to return the U. S. airplane which the Hungarian govern the ranson money paid for the U.S. zirmen.

The President of the United States does not, ob-

viously, read Common Sense. If he did, he would know that his Assistant Secretary of Defense, Annie Rosen-berg, is a relative in "faith" of the following rulers of lew-ruled Hungary:

Matyas Rakoski, Deputy Prime Minister (Jew) Peter Gabor (Beno Auspitz), Chief of Political Police (Jew); Erno Gero (Singer), Minister of State (Jew); Zoltan Vas (Weinberger), Chief of Planning (Jew); Joseph Reval (Roth), Minister of People's Calture and Ecitor of official Com-munist Party organ SZABAD NEP. (Jew); Ivan Boldinar (Blum); Chief of Press for Foreign Affairs (Jew); Mihaly Farkas, Minister of Defense (Jew); Dr. Ference Erdel, Minister of Agricult (Jew); Dr. Perence Erroe, Minister of Agriculture (Jew); Ander Berey, Under-Sectelary for Foreign Affairs (Jew); P. L. Sebestyen, Under-Secretary for Foreign Affairs (Jew); Joseph Medser, President of the Hungarian High Court

In 1934 the Communist Doctor Weil, a Jew, arrested in Budapest and sentenced to 15 years in jahl Yow, sixteen years later, be has become Hungarian ninister to Washington.

It was Doctor Well who administered drugs to Cardinal Mindszenty after the Cardinal had fainted after seeing his secretary, Andrew Zakar, led into the Cardinal's presence. Zakar, covered with blood from barsh beatings, was bysterical and shouting wild an swers to opestions.

Such NICE people there are in Washington today!

A prayer recited in synagogues preceding the Day of Atonement religious ceremonies makes traitors of overyone participating in these eeremonies. The recitation of that prayer in synagogues prior to the Day of Atonement religious ceremonies rendere valueless the loyalty oath of all who participate in the ceremony.

PRAYER'S PURPOSE PURELY POLITICAL

PRAYER'S PURPOSE FURRLY POLITICAL

Notwillistanding the fact that the "Kol Nidre" (Atl
Yows) prayer is recited three times at the opening of the
Day of Alonement services, the Jewish Encyclopedia
emphasizes that this prayer has no connection with the
Day of Atonement religious services which follow he
recliation. The political nature of the alteration made in
the "Kol Nidre" (All Yows) prayer in the Ikit Century
A. b. is confirmed by the complete lack of any sprintal
significance. The Universal Jewish Encyclopedia, Volume
VI, page 441, services at the same conclusion, cisting:
"The Kol Nidre has sething windower to de with the

#### MYSTERY FOR MODIFICATION OBSCURE

MYSTER FOR MODIFICATION OBSCURE
The Jewish Encyclopedia, in Volume VII, page 6th describes the "Kot Nides" (All Vows) prayer in a most concise and correct description of its implications, stating," An imperiase alternism in the westing of the 'Kel Nides' was made by Reads's non-la-law, heir bas Sameel, who changed the original phrase 'treen the fant Day of Altanement until the next.' Thus the disposuration of the 'Kel Nides' was not a ferencry a possection of the 'Kel Nides' was not a ferencry a possection of the 'Kel Nides' was not an ferencry a possection and reaccemed with the unfulfilled obligations of the past year, be: a prior and having reference to vows which one might not be obte to fulfill ar might forget to observe during the amount pager. The leading sutherly on rituals, including the "Kol Nides" (All Vows) prayer, is Professor Theodor Reik, the famous payel of Dr. Sigmund Freud, removed psychonolyst. Professor Reik wrote a classic text book in German, his native language, called "The Ritual, Psychonolyst. They offer but-splitting arguments and "double-nish" as their besis for retaining this prayer in their ritual. Professor Reik differs and destroys the torce of their reasoning with his statement on page 176, as follows, which ecompletely disproves their only defense: "The whole weight of the argument that the homentify sully oppitus to the casts awars and taken apen himself by c believer rests on the sur-ordinate severence, 'di maxima al pathalahan,' ("which we have taken apen our south,' or expressed in more medern language which we have taken apen averelves"). The Jovanh Encyclopedia symplics an abundance of evidence in indicate the extent of the opposition by the non-Yiddish Judale communities throughout Europe to the altered text of the "Kal Nidre" (All Yows) prayer. Reference is made in the Jewish Encyclopedia to the instances of opposition which arons from the time the alteration in the text was made. These protests were most articulate in the non-Tiddish communities of Italy, France, Spain, North Africa and elewhere in western Europe and North Africa, see the Jewish Encyclopedia polats out, very briefly quoted here for Jeck of space. In non-Yiddish communities in other areas of Europe the same condition cristed. The Jewish Encyclopedia, in Yolume VII, page 541, citte the cases of Judah Hadasii, who in 14th in Constantinopla, wrote the "Enkal-ha-Kafer" protesting vigorousty against the "Kol Nidre" prayer. Other opposition in the Middle Ages included Yom-lob ben Abraham Isbill, who died in 1860, and Isasc ben Sheebet, Rabbin in Saragues, who died in 1860.

MELODY SOLE JUSTIFICATION

Yiddish communities throughout the world have retained the altered version of the "Kol Nider" (All Vows)
prayer in the Day of Atonement liturgy in spite of the
unfevorable reactions which resulted. They justify their
continued use of the altered version upon the ground that
the "Kol Nider" (All Vuws) prayer is chanted to e melody
which is pleasing in the ear. The Jowish Encyclopedia,
exposes this justification, in Volume VII, page 542.

"This . . . almost juridical formule is accompanied by

The Jowish Encyclopedia reaches the same conclusion regarding the melody to which "Kot Nidre" (All Yows) prayer is chanted. The Jewish Encyclopedia, Volume VII, page 543, suggests the melody may be the answer to it.

Dr. Lewis Bayles Paton, Ph.D., D.D., Nettleton Professor of Old Testament Exceptsia and Criticism in the Hartford Theological Seminary, in his authoritative classic, "The Zerly Religion of Errel," published by Houghton Miffilm Co. in 1816, defines "Semilars" as follows:

The Oxford English Dictionary in Vol. IX, 1933 edi-ra, is of the same cylinion as other leading authorities this question, and defines the "Semites" as follows: "Semite: A preven before tell Deminer is Idilow formite: A preven before tell for rate of manking which instead en cred of the people meritered to Out. The best qualified and most competent anticotities on the subject unanimously agree that "Semitism" defines the CULTURE of the populations speaking the group of languages sailed "Semitis" Language is medern history. Those subjections exclude any possibility that "Semitism" defines resident origin, religious weeking, or political evolu-tion of all or any part of the "Semitie" populations.

The Oxford English Dictionary, Vol. IX, 1813 edition, expresses the unanimous opinion of leading authorities on this question. The Oxford English Dictionary defines "Somitism" as the CULTURE of ALL the people there:

"SEMITISM. THE ATTRIBUTES CHARACTERISTIC OF THE REMITIO PROPLES. ALSO THE FACT OF BEING A SEMITE."

America's Detator in Germany

The Assistant Editor of the Sunday New York Times, whose five pointed Red Star of Zion was adopted as the insignia of the Jewish Soviets, AND HAS SINCE BEEN MADE THE NATIONAL EMBLEM, has been loaned to Germany to direct the re-education and corruption of West Germany. A number of Jewish books boast how they maneuvered us into this last war and toke full credit for crushing Germany. Of course, the Jews, in place of staying over and fighting against Hitler, jumped on boats and thousands of them poured into the United States and then our Christion beys were put on boots and sent over there to fight. The lews were placed in every point possible to keep them out of danger just as Anna Rosenberg is placing hundreds of thousands now. -(Continued on Page 8)-

#### **JEWS CANNOT** STAND CRITICISM

No doubt many of our readers wonder about the reaction of Jews to the facts Common Sense prints proving that Communism and all revolutionary movements are created and set in motion by lews. Hence we give you an outline of their

Many Jews who do not take an active par in the compaign to destroy the Government and wipe, out Christianity are said party informed and their part is to raise millions to support the many Jewish and Communist organizations. This type of Jew runs to his organizations, principally the Anti-Delamation League or Amorran Jewish Congress which is as red as can be.

You would think that these organizations would take the personal charges we make and come see us and try to show us that we were wrong or run page adds in leading papers listing our charges and showing how ridiculous they are and in that way discredit us baiere all the public or would it not be practical :> select a few of their smarter Rabbis to meet us in debate on a public platorm and discredit us before the whole country so that no one would ever read our paper again or would be able to believe a thing that we print. That could be done quickly at very little expense and they would be through with Common Sense and every other Nationalist Group. At one stroke they would end Anti-Som-Itism. They would show the people how clean the Jews are and how they have been misrepresented, but in the writer's experience he knows that during the last twenty years, with the hundreds of thousands of accusations against the lews, in not one instance have they ever denied the charges.

Of course the reason they do no! is that every charge is true. They don't do whot you would expect of honest people, because they don't dore to. They spend at least ten million dollars a year snooping around corners influencing Christian people to tight for the few. Why doesn't the Jew go out and light for himsell? The Anti-Defamation League and the American lewish Congress will go to the American Legion, where they have moneuvered lews into posttions of the Americanism Committee and have the American Legion pass resolutions against those who criticize lews. They will go to Christion Societies and Non-jewish publications just passing resolutions against us without analyzing what we have written. We know of a case where the Board had passed such a resolution and we

#### JEKYLL AND MR. HYDE OF THE INVISIBLE GOVERNMENT

Bernard M. Baruch has been so munificent bestowing his advice upon the American people, it is pertinent, to cak why he has remoined atlent on the evils undermining this

Exposures of their of top government secrets by Soviet agents operating within the government, as revealed in the Elizabeth Bentley case, followed by Major Racey Jordan's testimony that plane loads of confidential material was stolen by Soviel spies during World Warll, drew only silonce from Boruch.

This is the era of influence peddling, deep freezers, minks, pinks and stenches-loan firms, internal Revenue scandals. The government is harboring thousands of known homosexuals; General MacArthur has been fired: Marshall has been exposed as a tool for Reds in the State Department, which is still shaking hands with Red China while American boys are dying from her Red bullets; a new Russian spy ring has recently been uncovered; the State Department admite that dozens of passports have been ismed to known Communists to go behind the Iron Curtairi. Pro-Communist happenings have slaggered our nation, and almost paralyzed it. The country waits. One would assume that the foregoing would be the very evils concerning which a
"venercible" and "loamed older Statesman"
would advise the nation, instead, Baruch—se
willing to "advise" concerning the national
economy—remains discreeily silent.

#### Samuel Klaus

When the four fiters, Sqt. James Elam of Kingstand, Arkansas; Capt. John Swift of Glenn Falls, New York; Capt. Dave Henderson of Shawnee, Oklahoma and T/Sgt. Jess Duff of Spukare, Washington, lelt Germany and were forced down in Hungary, our State Department of course-did the very wrong thing by paying a ransom of \$120,000 to these Hungarian Jew murderers.

When these young tellows finally landed back in Germany on December 31st, 1951 the natural thing to expect would be that they report at once to their own superior officers and give them any information that they may have secured and would be of value to us in our defense against Communism, but our Government does not work things that way.

Our State Department, whom few people realize is the United States Government, and who gives orders to the Army, Navy and Justice Department and all other Departments, sent a cable to our top military officers in Germany ordering that these four young fellows not be allowed to speak to onyone until Samuel Klaus, a Jew, described as a legal and intelligence expert of the State Department arrived by plane for an interview. When Klaus got there, he didn't do anything but pose with the fliers for Photographers. He then returned to the State Department after warning these boys that they must not tell what happened.

The State Department in describing Klaus now as its legal and intelligence expert is guilty of a short memory. It wasn't very long ago that the State Department was looking for a way to grease him back to private law practice. That was after he had gotten the Department's official propagandists in an awful jam when they were trying to duck the charges leveled by Senator Joseph R. McCarthy.

Klaus has led a charmed life on the Government payroll. He got in a jam when he tried to force an examination of all FBI information on Communism. He apparently wanted to dip in the searet FBI files, although nobody knew just why. He then tried to capture all State Department intelligence work, including jurisdiction over the Central Intelligence Agency and even some FBI apparations.

Klaus is a pal of Max Lowenthal, the mental marvel who advises President Truman on such things as why the FBI should be investigated. He once worked for a low firm that employed ex-Communist Lee Pressman and Carol Weiss King former top Communist lawyer. He also visited Russia in the early 30's. Several times Klaus hos been accused of being a communist, but the State Department has always cleared him.

The Jews who are in the State Department intrough Frankfurter, who is really Presiden', would not dore to allow these christian boys to come back from Hungary, which is completely ruled by Jews, and tell what they learned. They would have probably told that all of the important people with whom they came in cantact with were Jews and the Jews are doing everything possible to make people in the United States believe that the Jews are being persecuted in every communist country in Europe. However, all Communist countries are ruled entirely by Jews. "Common Sense" has published all of their names.

#### Baruch

-(Continued from Page 1)-

Baruch, pressagented as a great American, was quick to wire the Senate that he felt Hungarian-born, Red, Zionist Anna M. Rosenberg was "theroughly capable" and "best possible choice" to till the position of Assistant Secretary of Defense. But, has Baruch ever said a good word for Senator Joe McCarthy? Has Baruch condemned the atomic sples? Has he denounced Alber Hiss, or demanded that Judith Coplan pay the penalty for betraying America? No!

And why not? Baruch as one of the leaders (if not the head) of the Invisible Government, and a top man in the Jewish Kehillah has spent the past 36 years preparing the way for the decline and fall of the American-Republic. Baruch is a member of world Jewry which is seeking to reach its good of world domination. As such, Baruch must follow the rules so optly expressed in "Jewish Froternities" (Vilna, 1869) and the "Book of the Kehillah" (Vilna, 1869).

"Jews must obey the orders of the Kehillah and of the Beth-Din in contradistinction to the law of the land."

There is the key to Baruch's double-talk, his babblings as to what is best for Americal The Beth-Din is Jewry's own court; for Jews, its rules and regulations are above those of the nation in which Jews may reside.

Baruch — "A Speculator"

By his own admission, the "elder Statesman" is "a speculator." Time magazine of July 2, 1934, is further authority for the information that one of Baruch's first "killings" was when he manipulated a deal to give control of Liggett & Myers to Ryan, tobacco trust magnate. He made another "killing" with Jim Keene Infamous as o "bear Trader") and cleaned up neatly in Antologanated Copper, the deal which Thomas W. Lawson labeled o seventy million datar swindle.

According to Time again, Baruch netted o cool million in the arrangement whereby he bought Tacome and Selby Smellers for the Guggenheims, and acquired ane-hall million profit an U. S. Steel.

Baruch and Eugene Mayer (Jew) control the Alaska Juneau Gold M. .e.s., having obtained them before Roceyelt raised the price of gold to \$35.00 an ounce. He maintains a one-third interest in the Paraper's Corporation which controls gold, silver and copper mines in Nevoda and California.

Henry Klein of New York City, who writes authoritatively on Baruch, has stoted in his 1935 article, "Baruch Over Congress":

"Those early lush days in Wall Street were revived alter the first World War and Baruch as a 'speculotor' was again in the market, which wound up with a crash in 1929, that was hoard and felt around the world, All persons that had any wealth, large or small, suffered except the handful whose agents rigged the market to draw the 'suckers' in. Baruch cashed in before the crash. Any expert in Wall Street trading knows that when the hot pollot is in the market with both feet, that's the time for the insiders to get out. Baruch followed that maxim. The purpose of that debacle was to begin the impoverishment of the people of the United States and the world as the first step loward making them amendable to regimentation and enslavement. A people with money cannot be enslaved and enslavement was necessary so that those who ruled through wealth-power could continue to stay on top . These groups are interested in world cartels that will control all minerals after the war, while the people will be regimented and squeezed in their own domestic affairs by government-owned corporations controlled or managed by Frankfurter underlings . . . Incidentally, Baruch received \$150,000 from the government as Woodrow Wilson's economic advisor during the peace negotlations in France in 1919."

Baruch's Power in World War I

When America finally became involved in World War I, Secretary of the Treasury McAdoo, boosted Baruch for Chairman of the War Purchasing Commission. McAdoo tells us in his autobtography, "Crowded Years," (page 401) that President Wilson demurred to Baruch's appointment on the ground that the Secretary of War objected, and that Robert S. Lovelt, slatted for the commission, did not want to serve under Baruch. Both Baker and Lovett, McAdoo states the President told him, considered Baruch a "Wall Street speculator."

Berginal Charles on a

However, Baruch got the chairmanship, Later, President Wilson appointed him Chairman of the War Industries Board, undoubtedly the biggest job of World War I. Speaking of the dictatorial powers he had in that position, Baruch Testified before a Joint Congressional Committee: "The final determination, as the Prestdent soid, resied with me; the determination of whether the Army or Navy should have supplier rested with me; the determination of whether the indirect administration could have if, ar whether General Allenby should have locomatives, or whether they should have fin Russia, or in France." Baruch cantinued: "I probat y had more power than perhaps any other man in the war; doubtless that is true."

Elaborating, Barrich went cn: "No building costing more than \$2,500. could be erected in the United States without the approval of the War Industries Board. Nobody could get a barrel of cement without its approval. You could not get a piece of zinc for you kitchen tables without the approval of the War Industries Board."

Since the Board held such sweeping powers, it is interesting to note Baruch's assistants on it. They included:

l. Clarence Dillon (real name Lapowski) listed in "Who's Who in American Jewry" for 1938 as a Jew, and head of Dillon, Reed & Co. It has been stated that Baruch holds a large interest in Dillion, Reed & Co.

2. Eugene Meyer, publisher of the Washington Post and member of the executive committee of the powerful, secretive New York Jewish Kehillah, (Other members of the Kehillah, along with Eugene Meyer, were Red Herbert Lehman of UNRRA Infamy; Jacob Schili of Kuhn Lesh & Co., who helped finance the Russian Revolution; Felix Warburg, known as the "Prince of Israel"; and Louts Marshall, who is shown in the Sisson Documents as meddling in the Russian Revolution.

Four Jews running the War Industries Board, while Christians fought!

The armistice was declared; the Versailles Peace Conference held. Of all the Jews present at that conference—Felix Frankfurter, Lauis Brandets, and others—none was more firmly placed than Bernard Mannes Baruch. Baruch has admitted that he sat in council with the men who were negoliating the Peace Treaty and that he participated in the meeting of the "Big Five" Premiers.

"Whenever he (Wilson) asked my advice, I gave it," Baruch stated. "I had something to do with the reparations clauses. I was the American Commissioner in charge of what they called the Economic Section." I was a member of the Supreme Economic Council in charge of raw materials."

Jews were so conspicuous in the American Mission that they excited comment everywhere. Frenchmen called Versailles the "Kosher Conference." Dr. E. J. Dillon, in his book, "The Inside Story of the Peace Conference." states, on page 496:

"It may seem amazing to some readers, but it is name the less a fact, that a considerable number of delegates believed that the real influences behind the Anglo-Saxon peoples were Semilic."

And again:
"... the sequence of expedients framed and enforced in this direction were in spired by the Jews, assembled in Paris for the purpose of realizing their carefully thoughout programme, which they succeeded in having substantially exsected ... The formula into which this policy was thrown by the members of the Canference, whose countries it affected, and who regarded it as fatal to the peace of Eastern Europe, was this:

Gen. Lyman L. Lemnitser

Lemnitzer, director of the Office of Foreign Military Assistance, is the lew who blocked arms shipments to South Korea.

Congress appropriated ten million dollars to send the South Kareans arms with which they could be prepared to stand against the expected attack by Communists in North Karea. Ten months later, Lennitzer had allowed only \$200 worth of barbed wire to get through to the anti-Communist Kareans.

It is a late hour for some people to learn that Judaism is a world-wide conspiracy to end Christianity. Communism is just one of the "tools" being used for the eradication of Christianity. Does any living person challenge Common Sense to prove this in public?

The following quote is from the "Jewish Vaice" of New York and is taken from an article headed: "Lenin's Heritage,"

"The Jewish people will never forget that the Soviel Union was the first country — and as yet the only country in the world — in which anti-Semitism is a crime...."

#### OUDENDYKE REPORT SAYS IEWS LED REVOLUTION

During the bloody Russian Revolution, when embassies were being besteged and entered by Bolsheviks, the Netherlands Minister, M. Oudendyke, took full charge of British affairs in Russia. Among his other duties, Mr. Oudendyke sent a complete report to England.

The fact most often commented upon in regard to the Oudendyke report is that the British avernment deleted the section concerning Jewry. Here it is:

"The danger is now so great that I feel it spread in one form or and the whole world as it is on the governments to the fact that if an end is not put to Bolshevism in Russia of once the civilization of the whole world will be threatened. # Is Communism Jewish? What Do The Jews Themselves Say About It? Many Jewish Organs and Organizations Today Are Trying To Disavow Communism. What Have These Same Organizations and Papers Said About Communism In The Past?

Here are their own words:

Speaking before the lewish Institute of Religion in New York, October 3, 1934, Professor Reinhold Niebur, a Jew said: "Marxism is the modern form of Jewish prophecy."

M. Cohan, a Jew, wrote in "The Communist", Kharkov, April 12, 1919: "Without exaggration, it may be said that the great Russian social revclution was indeed accomplished by the hands of Jews. . . ."

According to Angelo S. Reppaport in "The Pioneers of the Russian Revolution" (London, 1918, Stanley Paul & Co. — page 250) "The Jews in Russia in their total mass, were responsible for the Revolution"

The columns of the London Jewish Chronicle for April 4, 1919, carried the following statement: "There is much in the fact of Bolshevism tiself, in the fact that so many Jews are Bolshevists. The ideals of Bolshevism are consonant with many of the highest ideals of Judaism."

The American Hebrew stated (Sept. 10, 1920):
"What Jewish idealism and Jewish discontent have so powerfully contributed to accomplish in Russia, the same historic qualities of the Jewish mind and heart are tending to promote in other countries..."

The following is from the pen of Alfred Nosalg, a Jew, in his book "Integraless Judentum", Berlin, 1922:

"Socialism and the Mosaic code are not at all in opposition... all Jewish groups... have a vital interest in the victary of Socialism; they must exact it not only in principle, not only because of its identity with the Mosaic docrine, but also on tactical grounds... The Jewish socialist is reproached with playing a leading part in the Communist terrorist party."

According to the New York American of April 4th, 1936, quoting a Jewish Telegraph Agency cable from Paris;

"International Jewry is definitely siding with the Spanish Government."

Otto Weininger, a jew states in his book: "Sex and Character", Vienna, 1921, Page 417: "The Jew is a Communist."

Bernard Lazare, a Jew, in his book "Anti-Semilism and its causes", Paris 1894, wrote:

"The spirit of the lew is essentially a revolutionary spirit and, consciously of otherwise, THE JEW IS A REVOLUTIONARY."

1 to 1 to 1 to 10 to

According to the London lewish Chronicle, January 6th, 1933:

"More than one third of all Jews in Russia have become Soviet Officials."

The lew, Louis Fisher, wrote the following in the "New York Jewish Tribune", January 18th, 1924:

"If Bolahevicks are to be judged from what the Jews have gained with them in the realm of instruction, the verdict is certainly in their favor."

The London "Jewish World" of August 18th

"Business is gaining in Russia, and with new regime Jews are promptly becoming the captains of Industry. There are now 100,000. Jews in Moscow and Kosher butcher signs are seen in all street... however, anti-semitism is growing in the city parallel with the increase of the Jewish population."

The "L'Univers Israelite" (Sept. 5th. 1967.
Paris) carried the following: "Revolution with its
Equality and Fraternity, is the star of Israel."

Mrs. Daris A. Davis charged that the air force lied when it said her husband, the world's feating jet are, tidn't want to come home after the shot down his fifth enemy fighter plane in Korea. She stated that The Public Information Office of the Air Force released information that sold her husband did not want to come home. She charged "That is an outright lie insolar as my husband was concerned. I had a letter from G. A. ofter that and he said the decisison rested with the cir force." She further stated: "If I could feel he lost his life for some good reason, I could feel better about it, but this is a war without reason. I would like to ask for a fullscale investigation of why he was left in Korea." Mrs. Davis said her husband recently wrote her that "something must be done . . . things can't go on like they are . . . we are losing so many planes and so many men. The war is consored and no one knows what's going on over here. They are not trying to win the war. All they want to do is hold and let people get killed."

He tried to show to an amalysis of the testimony at the trials, that they were unfairly convicted. Before that time, Frankfurter took up the cudgels for Mooney and Billings who were convicted of the killing of several persons by bombing during a preparedness day parade in Son Francisco in 1916 and he was roundly scored by the late Theodore Roosevelt for this and for his defense of the LW.W. strikers whe were evicted en masse from Bishes, Arizona, during a strike. #### Black Paper On Korea

WHY DO THE "MAGICIANS"

#### NEED OUR BOYS IN KOREA?

Beverly Smith, Washington editor of the Saturday Evening Post, publishes in its issue of November 10, 1951, what we may take as the officiat propaganda version of "Why We Went To War In Korea." Oddly enough, Beverly Smith has the same educational background as Alger Hiss; on A.B. degree from John Hopkins Univergity and a law degree from Harvard Law School. Smith has the further advantage of being a Rhodes Scholar (Cecil Rhodes' South Airican Empire was financed by the English Rothschilds, and in gratitude he set up his fortune to educate Americans in the Zionist plan of world empire). As a Rhedes Scholar, Beverly Smith became an adept at the art of betraying America, and became a Woll Street lawyer with the firm of Chadbourne, Hunt, Jaeckel, and Brown, representing some of the more notorious international bankers. With his education, however, he decided to emplay his talents as a professional propagandist, and became a foreign correspondent for the New York Herald Tribune, noted for the number of Communist sympathizers in its employ.

Smith's account of our commitment to Korea does give the names of the U.S. Government officials involved, but he fails to give their background, an omission which we wish to correct here. Our Ambassodor to Korea preceding and during the outbreak of war was John Muccio, an alien born to Italy who became a naturalized American citizen when he was well past his maturity. According to Smith, on June 24th, 1950, Mucclo wired the U.S. State Department of the crisis, and the officials directly concerned assembled to discuss the moves of the United States. They were Dean Rusk, Assistant Secretary for Far Eastern Affairs, John Dewey Hickerson, the Assistant Secretary for United Nations Affairs.

and Philip C. Jessup, our Ambassador-at-large.
Rhodes Scholar Dean Rusk bad been tn charge of United Nations Affairs in the State Department until the matter of settling up the Korean War demanded a good man, when he was put in charge of Far Eastern Affairs. John Dewey Hickerson had been a member of the infamous United States Delegation to the United Nations at San Francisco in 1945. The Secretary-General of that Delegation, the Communist spy and traitor Alger Hiss, is now in prison. Hickerson was also on the advisory committee on international law for Harvard Law School.

Philip C. Jessup has such a well-known record of activity for pro-Communist front groups that not a single Senator dared vote for his confirmation as U.S. Representative to the United Nations in October, 1951, but President Truman sent him on as an alternate. Jessup had been a Professor of International Law at Harvard; he was in 1929 assistant to Kuhn, Loeb, lawyer Elihu Root at the Hugue Court of International Justice; he was Herbert Lehman's Assistant Secretary-General in the United Nations, Relief and Rehabilitation Administration, whose deputy, Laurence Duggan, died mysteriously; Jessup represented the United States at the Bretton Woods International Conference, and he was with Alger Hiss at San Francisco on Hissi Assistant in Charge of Judicial Organization, that is, how to make the betraval of America legal.

Jessup was Chairman of the Pacific Council of the Institute of Pacific Relations, now exposed by a Senate Committee as a Communist organizatton. The International Secretariat of the Intitute published a book in 1950 entitled "Korea Today," by George McCune which says on page

"The Soviet civil administration kept well in he background and gave the Koreans maximum experience in self-government. Most observers rgread that the Soviet system quite readily dapted itself to the Korean scene, or at least hat it was much more easily adopted by the oreans than was the Western system sponsored by the American command."

ganda put out by the Institute.

Philip C. Jessup is a member of the Statesbury family (Edward Stotesbury was a J. P. Morgan partner), he is a trustee of the Cornegle Endowment for International Peact of which Alger Hiss was President, and his brother, John Jessep, ts a wealthy banker, President of the Equitable Trust Co. of Wilmington, director of Coca Cola of Atlanta and the Diamond State Telephoone Co. American Telephone & Telegraph).

This was the group which gathered at the crisis. America was in good hands. They needed only to call Hits from prison to make the fratemity meeting complete.

Smith says that this group then conferred with Secretary of State Acheson by telephone at his form in Maryland. Acheson, who had been law clerk for Supreme Court Justice Louis D. Brandele when Brandels was head of the Zionist Organization of America, qualified for the State Department by becoming an international lawyer for J. P. Morgan Co.

The next day, says Smith, a telegram come from John Foster Dulles, who had returned to Tokyo a few days earlier. The telegram said, "If it appears that South Koreans cannot repulse the attack, then we believe that United States force should be used." This telegram makes certain Dulles' prosecution as a war criminal. He had no official standing with the United States Government, and no one has ever explained the mysterious missions he made to Korea tn May and June of 1950, nor why he should order American troops to die in Korea. It is noteworthy that whenever Dulles went to Japan or Korea, the Wall Street Journal noted that lagging Japanese bond issues being promoted on Wall Street by international Jewish bankers were disposed of at a good profit. Dulles is the senior partner of the international law firm of Sullivan and Cromwell. which represents these Jewish bonkers. Dulles ordered our soldiers into Korea to protect the interests of the clients of Sullivan and Cromwell.

There is a 735 page volume entitled The Story of Panama, The U. S. House Hearings on Panama in 1913, with hundreds of pages of documentation proving Congressman Henry T. Ratney's charge that William Nelson Cromwell, then Dulles' senior portner in Sullivon & Cromwell, insligated and promoted the Panama Revolution for J. P. Morgon and J. & W. Seligman, international bankers, who received forty mil-tion dollars in gold from the U.-S. Treasury for the Panama Canal, of which thirty-five million dollars was profit. President Theodore Roosevelt sued the New York World for libel for printing a lew of the facts about himself and Cromwell, and the case was unanimously thrown out of court by the U.S. Spreme Court.

Congressmen Rainey called Cromwell the most dangerous man in the United States, a title which John Foster Dulles has inherited. The House obtained a copy of Cromwell's brief which he submitted to the New Panama Canal Co., detailing his activities. In it, on page 206, is this definition,

"The law firm of Sullivan & Cromwell occuples a recognized position among the great legal corporations of the Nation. In the course of a very active thirty years the firm of Sullivan & Cromwell had found itself placed in intimate relations, susceptible of being used to advantage, with men possessing influence and power every where in the United States; they have also come to know, and be in a position to influence, a considerable number of public men in political life, In financial circles, and in the press

This is the firm of which John Poster Dulles is the sentor partner. He married Janet Pomeroy Avery, of the Rockefeller family, whose interests are now tled up in the General Reinsurance Corporation and the North-Star Reinsurance Corporation. Federal law requires insurance companies to be reinsured, so these firms have access to all insurance business statistics and consequently the entire business activity in America. They are headed by David Milton, who also married a Rockefelier, and Ellery C. Huntington, Chief of the Military Mission to Yuogslavia which betrayed Mihatlevitch to the Communist Tile. ater learned that not one Member of the Board had even seen Common Sense. They were influenced by a lew on the Board who got up and told what an awful paper Common Sense was. They never come out in the open or oppose us themselves.

The Jews have made at least twenty-five visits to the Post Office demanding that they stop handling the receiving of our paper. A Committee called on the Bank and tried to get them to throw out our account. They have been to the Post Office in Washington time and time again. They made several calls on the Catholic Church to get them to turn against us. They kept up a two year fight with the Veterane of Foreign Wars in Union trying to prevent us from using their Hall. We beat them twice but they waited a long time and caught a meeting with few in atendance and voted to deny us the hall.

During the six years that Common Sense was growing, they searched out eleven printers and threatened them with boycott if they did not quit printing our paper. When we were forced to buy our own press, their snoopers, who cre always on the job, methodically checked all the newsprint jobbers in the East who are all Jews, and gave them orders not to let any paper go to us. We were forced to order newsprint under different peoples names in other cities. One man, who had been ordering paper for forty years, had put through an order for us and as this was in excess of his accusiomed order, they became suspicious and checked on him and would not let him have the paper. For weeks we could not publish, but we finally overcome that situation.

On March 4th, 1952 they crashed in the front and of our office during the night. This is the way lews have answered criticism down through the

When Count Bernadotte was appointed by the United Nations to arbitrate bewieen the Jews and the Arabs, who had been "pushed" 900,000 out on the desert, the Jews were not satisfied, hence Jews in Israeli uniform stopped Count Bernadotte's car and kitled him and his aides in the car. When the English were not turning over Palestine quickly enough to the Jews, they set off a large bomb in the Hotel David and killed mony people. They then took two English officers and opened their stamachs, put bombs inside and hung them to trees so that when they, would be removed, many others would be killed

These are the people who cannot stand crittcism and never answer criticism but spend mil-lions of dollars pushing brotherly love and tolerance so that people will not mention the word "Jew". The lew does not care how much you talk against Communism just so the public does not learn that the Jew is Communism. The Jews have been run out af every country but the United States and still the Jewish Encyclopedia tells you that they were never persecuted one time in their history because of their religion.

Why were they driven out from all these . countries? Are all the people wrong and the lews right? Any informed person in the United

#### Baruch

—(Continued from Page 2)— 'Henceforth the world will be governeed by the Anglo-Saxon peoples, who, in turn, are swayed by their Jewish elements." (page 497)

Baruch and the New Deal

Baruch contributed liberally of money, per sonal services, and advice to the Roosevelt campaign, In fact, Raymond Moley, original Roose welt "Brain Truster," in his "After Seven Years," tells that even before Roosevelt arrived in Chicago to deliver his 1932 acceptance speech to the Democratic Convention, Boruch (with General Johnson) crived at the apartment of Louis Howe. Rooseveli's handyman, Jesse Strause was already there and asked: "Can we let Baruch see the acceptance speech? We want to be nice to him because he can contribute so much to the cam

After reading and approving the speech Baruch asked that his friend Herbert Bayard Swope also be allowed to see it before delivery Thus, the "elder Statesman" and Swope saw the acceptance speech before the Democrátic Convention ever heard it.

Following Roosevelt's election, Baruch assumed extraordinary powers and word went out aver the nation that, during the President's absence from Washington, Baruch would serve as "acting President."

An office in the State Department was provided for him, and dispatches from Washington declared: "Bernard M. Baruch, war-time head of the Industries Board, was announced as super advisor to the administration on business, finance and foreign relations. He will seek to co ordinate the recovery program.

When the N.R.A. was set up, it was Baruch's man. General Hugh Johnson, who headed it, Another Baruch man, George Nelson Peek, was placed in the powerful position of Administrator at the Agricultural Act of 1933.

Although the United States Supreme Court eventally declared Baruch's N.R.A. to be unconstitutional, that was not the end of Baruch. He continued on at Washington, working for regimentation of American citizens, and was highly publicized as a trusted advisor, devoted to the Roosevelt Administration.

It is interesting to note here that Baruch's interests in the 30's were not confined to America alone. Two things give a side glance on the deadliness of Baruch. First, there is the visit of Trotsky to Paris in 1933. Stolin had supposedly exiled Troisky because the latter insisted upon 100 percent Jewish control of Russia, and Trotsky tack up residence in France, at the spa Royal near Paris) in the fall of 1933. He was visited there by Litvinoff (Finkelstein) then on his way to the United States to have Soviet Russia recognized by Roosevell Mysteriously enough, Bernard M. Baruch was then reported in the American press as taking a "water treatment" at the French spa Vichy, nearby. Coincidence? Per-

Baruch's second "international" concern was the war in Spain. Time Magazine of January 2. 1939, reported the disbanding of the Communistsponsored Abraham Lincoln Brigade and the return of several hundred of the 4,000 recruited by the Communist Party in the U.S.A., and stated "ONE WHO PUT UP \$10,000 TO HELP REPATRI-ATE LINCOLN BRIGADIERS WAS FINANCIER BERNARD MANNES BARUCH . . . Typical of the brigades personnel was the roll of last week's homecomers. Amang them: 25-year old Brigade Commiscr political instructor) John Gates from Youngstown, Ohia . . . "

Time did not state that Gates' real name is Israel Ragenstrich, alias Solregen Streif, Gates (Figgenstrich), editor for the Communist Daily Worker, is one of the eleven top Communists convicied of conspiracy to seek forcible overthrow of the U. S. Government. He recently went to jail under a five-year senience.

#### World Wor II - Baruch's Advice Again Needed

America's involvement in the second, Jew inspired European mess, World War II, again

as "adviser," Rubber was a vital necessity. Congress took action to promote an adeque, rubber supply for military and civilian needs, Roose velt, however, set the Congress plan aside, vetced the bill and then named Baruch chairman of a committee to study the rubber situation.

As evidence of his simplicity and democracy Baruch arranged to have his committee-James B. Conant, president of Harvard, and Dr. Karl T. Compton, President of Massachusetts Institute of Technology-meet on a park bench. It was, of course, a big surprise when an army of reporters, newspaper photographers and radio commentators "discovered" the committee Baruch in the middle of it, looking profound and learned.

Soon, however, it leaked out into the news that the patriotic (?) Chairman, Baruch, had spent \$50,000 of his own money to make the committee's work a success. A "success" whereby Baruch and his Zionist henchmen could reap huge profits

All during World Wer II, Beruch had his fingers in the Washington "ple," and the ever-willing ear of F. D. R. When Baruch had urged Centralization of Defense Power-Would Give All to President," he knew what he wanted; it was unquestioned power for Baruch.

Under a headline "Holds Big Stick," on AP dispatch from London on April 5, 1945, quoted Baruch as saying: "And one reason I am over here is to hold the big stick over the big boys to make damn sure they're not going to foul up the peace." Baruch returned to Washington and attempted to club Congress. Headlines in June! 1945, stoted: "'Destroy Nazi Industry,' Baruch Urges Senale."

Germon industry was, of course, destroyed. The United States was forced to spend billions of dollars for "Relief," to war form nations which could have gotten more rapidly back on their feet if they had had the means of giving their own people employment.

After the death of Roosevelt, Mr. Baruch with checkbook, park bench philosophy, and elder statesmanship, moved into the Trumon inner circle.

President Truman named him to head the United States delegation for international consideration of atomic energy. What is more, the President authorized Baruch to name the American delegates to be associated with him. Thus Baruch is seen as the power behind the Alomic Energy Commission which consisted of four Jews and one "New Deal" Republican; Straus, Lilienthal, Bacher, Waymack, and Pike. At least two-Lilienthal and Bacher-were Communist-front members.

Communism is Jewish, and for three years these Marxist Jews had dictaterial control over the atom bomb. Baruch faught to have the conrol of the atom bomb taken from the military and placed in he hands of "civilians." Baruch also wanted the A-bomb plans given to all the nations of the earth, just as soon as those nations promised to be "good." But, why? Red Jews such as Oppenhelmer, Fuchs, Greenglass, and Einstein had had complete access to our atomic laboratories for years. Everyone now knows that, of the ten members of the Fuchs spy ring, eight of the spies were Jewishl

Boruch Supports U. N.

Recently, upon the celebration of his 80th birthday, Baruch—a self-confessed dictotor of —stated that he was getting up in years, Americabut is "still not too old to tell those fellows in Washington what to do, and this I propose to keep on doing."

One of the things Baruch intends to keep on doing is his work for an international government, of which the U. N. is the base structure Names are often decelving. Few people realize that the mojority of delegates to the U. N. (whether from France, England, Poland or the U. S.) are Jews. International Jewry is the actual governing body of the U. N. And, naturally, therefore Boruch is 100 percent for the U. N.

The League of Nations, on which the Jews hed pinned their hopes, collapsed. They do not want a similar fate to befall the U. N.

Baruch, speaking before the Senate Banking and Currency Committee, July 26, 1950, as regave Baruch the opportunity to flaunt his role ported in Vital Speeches, August 15, 1950, com-

"The League of Nations, already dealt a near fatal blow by the defection of the U.S., was actually wrecked in 1931 when Japan invaded China and the world stood by. Had the effort to over-run Karea been ignored, the United Notions would have been wrecked. All of us, in this country and abroad, would have had to live at the point of a gun. America has taken its stand against aggression and international blackmail. Whatever the cost I lool sure the American people will see it through." (Bold face our -Ed)

Baruch is not reluciant to have Christian blood spilled all over the globe if the spilling of that blood will depopulate the Christian nations while International Jewry (through its offices in the U. N.) gains more power,

It is time for the American people to take a l-o-n-g look at Baruch. People may well ask why, since he began giving his "advice" this Republic has been involved in two major wors one is presently entered upon "police activities" which may involve us in a third.

People may well inquire of Baruch where he stands on Jewish Communism and the filth of the Talmud.

The radical Professor Reinhold Neibuhr, speaking before the Jewish Institute of Religion. New York, on Oclober 3, 1934, stated that "Marxtsm is the modern form of Jewish prophecy."
The Talmud teaches that the Lord, Jesus Christ, was tilegitimate . . , a.conjurer, a seducer: that he was crucified, burled in hell and set up as an idol ever since by his followers, (Tract Kallah, lb (18B) and Toldath Jesu are cited on this.)

Baruch cannot be a Talmudist, working with International Jewry and Communist tranters without being tainted by their evil brush.

Ask, Americansl If Baruch will answer, Common Sense will give him all the space he requires.

#### SOUNDING OFF

By J. M. Steelers
The Peels Velley (Oldshirms) Doily Democrat.
February (et. 1952

The exact starting, challenging, alaming writing of the post fifty seams is a book entitled "The Iron Curtain Over America."

It is written by an exactive gentleman named John Beaty who qualities as one of the nation's better historians. The book is heavily documented. Source material is quoted, named, and set right into the text.

If the line of recoming and the interpretation of facts by Mr. Beaty is one tenth correct, we all owe a vote of apology to Senator joe McCarthy whose trades have been too mild, and whose socalled "smears" haven't been nearly deep enough.

The existence of an un-assimilated fareign element in America, with the balance of political power in its hands, with ideas and traditions inimical to Western Christian Civilization Civilization of the pecular and endless predilection for high government office, is pretty well proved by Mr. Beaty.

Roots imbedded in kistory always bring forth a flower according to kind. Beaty proves that Communism and Zionism are born of the same parents. He points out the vast difference between Ztonists and the orthodox lews whose religion has always been Judaism.

The terrifying control of areas of government, mostly foreign affairs, by these people is documented. We need to wonder, at least, why the names run in such patterns.

The split in Western civilization and the destruction of the remparts of Christian nations, is no accident of history. It is part of a horrible world force which wields un-dreamed of power in the government of the United States.

Because the story is long and revelation depends upon the reader's comprehension of a long chain of events and documents, it is necessary to read the book, to think about its implications, to find the patterns in things of our own knowledge, and to take sides quickly in the struggle which we have atmost lost by default.

There are thousands of white crosses all over the world marking the places where men died for a principle they thought was high and holy. There are thousands of hearts which wate torn by the gamble of war, which had only the solgae of laying tears upon the altars of freedom. There are millions of Americans who have been, and are still, the victims of a gross misrepresentation of world criairs, and whose news has been suppressed, censored, and edited into a tremendous lie.

I assure you that this book will scare you. You will put it down in disgust, saying it just couldn't be true. You will think about the implications and the authority behind it; then you will read on and learn more. Things within your own memory which seemed paradoxical and puzzling at the time, will shine forth as pleces which fit the pattern. After you read and digest, you will want every native born Western Christian stock American to read understand comprehend be warned and take action.

Nothing I ever read in my his before eithed me so deeply caused such wonder and anger. finally catted for such quick action.

IS THE SOVIET REGIME PERSECUTING JEWS IN RUSSIA? NOT THE WAY WE HEARD IT FROM PAST JEWISH TESTIMONY

We find the following in the London "Jewish Chronicle" for January 6th, 1933:

"Anti-Semilism in Russia is now classed as counter-revolutionary and is punishable by death."

The Jew Michael Scheinmann in his brochure "The Crusade Against the U. S. S. R.", quoted the following from a manifesto, signed by Chief Rabbi Mech achem Gluskin of Minsk and five other Rabbis, on Feb. 25th, 1930:

"Under the Soviet Regime we have never been subjected to any persecution for our religious convictions. We consider it our duty categorically to declare that in the USSR no Rabbi has ever been threatened with the sentence of death or any other severe pulshment, nor is any at the moment so threatened. During the whole period of the soldiers and the workmens councils in the USSR, NOT ONE SINGLE RABBI WAS SHOT!"

How Communists Got The Atomic Bomb

By: Maj. George Racey Jordan U.S.A. Retlred

FULTON LEWIS JR. and MAJ. GEORGE RACEY JORDAN

Here is a patriot who tried to stand up for his country and was fired and attacked by the New Deai Marxist piotters who re determined to set up Communism in the World.

An article in LIFE last year concerns itself chiefly with a recital of the facts in regard to the Fuchs - Gold - Greenglass - Rosenberg es-pionage ring which stole our atomic secrets and transmitted them to Russia, and as a consequence of which Fuchs is now in jail in England, Gold is under sentence of thirty years, Greenglass received a lighter sentence because testified against his conspirators, and for which Julius and Ethel Rosenberg have been sentenced to the electric chair and are now waiting in Sing Sing.

LIFE begins by telling how, at the Potsdam Conference, President Truman walked around the table and confided to "Good Old Joe" Stalin that we had perfected a terrible new bomb. Stalin, the article said, did not seem greatly surprised, and other Americans in attendance concluded that Stalin did not appreciate the magnitude of President Truman'a disclosure The truth is, that, at the time, Marshal Stalin Probably knew more about the atom bomb

than President Truman did.

Life was telling the truth — but not the whole truth. I can tell you that in March, 1843, a full year before the Red spy ring go into operation, I sent a shipment of 420 pounds of Uranium to Soviet Russia. And in THAT next year, before the Red spies got to work, I sent along three more shipments of Uranlum, plus large quantities of cobalt, thorium, cad-mium and heavy water, all critical materials in the manufacture of the atom bomb.

More than that, I sent along the technical information and know-how on how to make the bomb, blue prints for the construction of plants to produce it, and the very scarce materials with which to build the plants.

I dld ail this as an Air Force officer, under

My part in giving away our atom bomb was purely functional. I knew nothing about atomic energy at the time, in 1943 and '44, when I was inspecting and expediting these shipments to Russia. I had no idea what "Uranium 92" was used for when I found a memorandum about it in one of the hundreds of patent leather suitcases full of documents which were being flown to Russia in a steady

"To plug Ike Eisenhower for the GOP nomination. If he got in, then, when the Democrats met, two weeks later, to move that Ike's nomination be made unanimous. The fine scheming presumes that if Eisenhower were the "na-tional unity" candidate of both parties he would appoint a coalition cabinet, retaining many Democrat spoilsmen. In the event of such a "nonpolitical" administration, the new President probably would not fire the hold-over bureaucrats. Even more frightening was the carefully thought-up plan that, with no contest for the Presidency, few voters would go to the polls, leaving the incumbent Senators and Congressmen in, thus assuring Democratic would be the elder statesman, the strong man to whom all winners would be beholden.

"Democrats believed Ike would look favorably on such a double nominaton. . . . His biparty nomination would be an endorsement of Harry's foreign polices. Ike would be expected to retain the Acheson axis in State and the Marshall mummies in Defense

"Crusade in Europe," "by Gen. Eisenhower (ghosted by Joseph F. Barnes, in 1948, publisher of the New York Star, successor to "P.M."), discloses Truman promise of 1945.
"General, there is nothing that you may

want that I won't try to help you get. definitely and specifically includes the Presidency."—Harry Truman.

The Story of Captain Antonius Raab comes to my mind.

Captain Raab was a Spanish patriot, aviator and an aircraft manufacturer of international reputation. He passed through the terrors of civil war in Spain, escaped from prison and finally came to the United States. Here is his statement:

"This is a story of 17 months of horror in Spanish prisons—a story of incredible injustice, a story of women ravished, a story of men tortured to death. This is the story of Russia's seizure of the Spanish government and the reign of terror that followed.

"I am not a politician, but merely a reason-ably successful business man. I am the head of an aircraft corporation which manufactures

planes of my own design.
"The Communists threw 300,000 Spanish people into jail and 10,000 foreigners, whom they accused of being spies. I was arrested and thrown into prison. Three times I risked my life to escape and finally by sheer luck, I suc-

"Red soldiers went into burial places and emptied coffins in search of gold and precious stones. Why they believed jewels should be there, I do not know. While in prison 1 met

a former acquaintance named Kuhn.

"Kuhn was called before the board to confess himself a spy. He could not confess any more than I could. They beat me with a rubber club until my right leg and side were paralyzed for days. But poor Kuhn—this is what they did to him.

"They opened a coffin and dragged out the body of a dead nun, a body that had reposed there for many years and was quite mummified. They disrobed and carried it to the corner of the prison where Kubn was held. They tied the corpse of the nun to him, his face to the skeleton bones of her face. They tied his hands around the corpse with wire and left the living and the dead together.

"But not for long were they living and dead. It was the dead and the dead. For no man could survive such a fiendish act. Kuhn must have been glad to die."

What many people do not understand is that Communism has come to fruition as tha ripened fruit of the Jewish Talmud.

No amount of juggling facts can separate red internationalism from Jewish internationalism. We are indebted to Talmudism in the last

we read in the Universal Jewish Encyclopedia, Volume VII, page 289: "On both paternal and maternal sides, Karl Marx was deacended from rabbinical families."

This may also be said of most of the leaders who furnish the intellectual and financial driving power of the Communist conspiracy. like millions of others, was simply one of their

dupes.

The current issue of a leading Jewish magazine, THE JEWISH FORUM, contains an article attacking Christianity exactly like the material that I was fed while a member of the Party. I shall quote a few paragraphs from this violent, blasphemous tirade. Let Defender Readers note that the charge of GOD COMMITING ADULTERY WITH MARY is as old as the Talmud. Communism and Zionism get their "inspiration" from this Satanic

THE JEWISH FORUM is a gaudy publication, now in its thiry-fourth year, printed in colors on high grade enamel paper, edited by Isaac Rosengarten. It is advertised as "A Leading Literary Monthly" of American Jewry, Its avowed purpose Is to "Clarify the great ldeals of Judaism for the modern mind."

The following quotations are lifted at ran-dom from the January 1952 edition:

"The Talmudic sage, Simon ben Gamaliel, sald there must be truth and justice before there can ba peace.

"Judaism, the religion of the earliest Christ ians, taught, 'thou shalt have no other gods before me.' Christianity, particularly Roman Catholicism, while calling itself a montheistic religion, added a man-made god and, for all practical purposes, turned it into a family of gods . .

"The law says, 'the seventh day shall be the Sabbath.' Christianity, by its duplicity, substituted the first day, inventing the fiction of the resurrection of Jesus to hallow that day.

"Bishop Edward W. Barnes of England has long advocated the conviction that the fictional dogmas concerning the birth of Jesus, the Virgin Birth and the Resurrection are unfounded in fact; saying, among other things, that Christianity looks upon the birth of Jesus not like the birth of a human being but like that of an insect.

"The atory in the Christian Gospels relates that, when God called the Holy Ghost, had intercourse with Mary, called a Virgin, there was a conception resulting in the birth of Jesus. There is the factual statement in the Gospels that, at the time of such intercourse, the Virgin Mary had already been married and her husband was Joseph, son of Jscob.

"God who, in His Seventh Commandment of tha Ten Commandments, had set forth 'Thou that the Commandments, not set total Andshalt not commit adultery, had dooe what He had forbidden mankind to do, in contravention of this Commandment. What an inglorious imputation! What an example even unto the thousandth generation yet unbornl

"Wheo the totalitarian Catholic Church, in order to cootrol every child from the cradle to grave in consecrated ground, adopted the dogmatic fiction that every child is born In sin, in order to overcome the naturally disturbing logical conclusion that sin also tainted the birth of Jesus, the second dogmatic fiction was superimposed on the first fiction; namely, that Jesus was born by being conceived by God, Who, in the form of the Holy Ghost (another fiction), had intercourse with Mary (another fiction) who though several transfer and the fiction). fiction) who, though married, was a virginanother fiction.

"In the entire shadowy story there is not single absolutely convincing bistorical fact."

The foregoing is only a fraction of THE JEWISH FORUM editorial now being considered. It represents but a trickla from the vast Talmudic reservoir, out of which the filthy streams of Zionism and Communism pour forth.

Here in America, we can scarcely realize the suffering endured by followers of Christ living behind the Iron and Bamboo Curtains.

We cannot accurately visualize the bloody sea in which 21-million professed Christlans have been baptized. In the year 1951 alone, there were more martyrs to the falth than in all the previous centuries of Church history combined.

This suffering of the saints in other parts of the world should serve as a warning to US, regarding the strategy of the anti-Christs. Unless the growth of this same strategy is arrested by mobilized Christian action, the noose will some day tighten around the neck of every Protestant clergyman in the United States.

Being a minister, I am naturally and unalterably opposed to certain dogmas in the Catholic system of teaching. And being an evangellear, I am opposed to left-wing Modcrnism in our Protestant denominations.

The leftist theologian opposes the Catholic Church for its opposition to Communism. But for the life or me, I cannot understand loyal Gospel preachers joining in the attack.

THEY NEED TO GET THEIR FACTS STRAIGHT.

Communism is the avowed enemy of all Christianity. Communism has declared war on all Christian faiths. Communism is anti-Christ. It can be successfully opposed only by the power of Christ. This calls for united action on the part of all who bear His Name.

Judaism, which is nothing more than a cult dedicated to wiping Christianity from the face of the earth, learned long ago, that in order to do this, it must gain control of all governments—and this had to be done through inflation, war and bankruptcy. Sixteen million Jews cannot openly gain world control, with a world population of two-and one-quarter billion people. Jews must be clever enough to Christians to break themselves down. Therefore, Rabbis train them from childhood on the best way to get into certain professions and to place themselves where they can direct without being detected. This, however, is a great appeal to the worker, and enables the crafty Jews to keep the latter regimented as a weapon to force through bigger plans for Jewish world Rule. The closed Shop gives the Jew full control over all who labor. Once the employer agrees to the Closed Shop, he is helpless in the hands of the Jews behind the scenes—very likely he will be forced to sell out to a Jew who will be able to deal with the Masterminds of the Union. Six weeks later, after the FBI had verified tha facts, I appeared on the Fulton Lewis broadcasts.

They proceeded to give courses of instruction to Soviet flyers, 25 to each class, for a 72-hour course, flying them over Moscow in a large plane for actual dry-run practice.

One big item is pipe. We sent pipe to Rus sia when General Groves was without sufficient pipe for our own atom bomb needs.

Another essential is power. We shipped Russia 17 stationary steam and hydro-electric plants, costing \$263 million dollars. A lot of copper goes into an atom bomb

Once every three weeks a plane eame through from Washington loaded with 50 patent leather suitcases, guarded by two Russian couriers. Each time I was told that these were "diplomatic" shipments and that I could not inspect the contents. Each time I insisted that before the plane could be cleared I would have to see what the suitcases contained. I found some of them bulging with copies of patents from the U. S. Patent Office.

Maj. Jordan Gets the "Brush-Off"

I flew to Washington. Because of the claim of "diplomatic" immunity I went directly to the State Department. After telling my story a half dozen times I finally reached the functionary in charge of Lend-Lease relations with Russia. He heard my story and assured me that "everything is alright," that I should not interfere, that I was being too "officious," and that if I continued, I might find myself in the Fiji Islands.

But as I was not satisfied that "everything was alright," on my return from Washington I reported the whole matter to the Army's Counter Intelligence Corps. An agent was sent to interview me. He agreed that something was wrong, and that immediate action should be taken. Five years later, I learned from testimony before the Committee on Un-American Activities that the CIC agent did try to do something about it, and that a meet-ing was called to consider my charges. In at-tendance were representatives of the FBI, Customs, Immigration, Air Force, the Army and the State Department. But, after a lot of talk, action on my report was blocked by our Ambassador to Russia, Averill Harriman, wbo said he wanted nothing to interfere with the warm friendship between the Russians and

UN DELEGATE TRYGVE LIE and ERNEST GROSS

#### THE RUSSIAN RAT TRAP

by Congressman John T. Wood, Idnho

I ran across some interesting facts concern-ing the past history of Trygve Lie, Secretary Geogral of the United Nations, the other day He is a man brought for-

ward by Stalin for this job, and despite the fact that a Canadian member had received 6 out of the 11 votes necessary to elect him, Gromyko threatened to use the veto if the voting continued. He demanded the election

of Lie by acclamation, despite the fact that such elections could only be conducted by secret ballot. Trygve was so elected.

Trygve was a member of the Norwegian Labor Party, which was one of the first to af-filiate with Lenin's 3rd Internationale, though they afterwards withdrew from membership. He also essayed the role of Benedict Arnoid to his own country, by proposing on Arrival

He also essayed the role of Benedict Arnold to his own country, by proposing on April 8th, 1945, the joint defense of Spitzbergen by Russia and Norway. This would have given Russia an ice-free bastion, within easy striking distance of Britain and this country; it would have dominated our pathway to Europe and have dominated our pathway to Europe and Russia, and would have subjected Sweden to a cross-fire between Spitzbergen and Russia.

Lie spent a long time at Moscow with his

#### ENGLEWOOD, N. J. BOARD ACTS TO STOP RED ADDRESS

We are not surprised to find the American Jewish Congress condemning the action of the Snglewood Board of Education for the part t played in the postponement of the address that was to be delivered in Englewood School by Dr. Mary McLeod Bethune. RED MARY McLEOD BETHUNE HAS A RED RECORD A MILE LONG! Why is the American Jewish Congress, an official Jewish body, so anxious to defend this Red? Why did Rabbi Ahron Opher of Paterson, New Jersey, step so vigorously into the picture and rally to the side of this Red? Are you beginning to catch on?

It may come as a surprise to some, who want to believe in their Jewish neighbors, and who want to believe that Communism is not a Jew-ish movement, to witness official Jewish bodies and leaders defending Mary McLeod Bethune. However, those who keep up with things and are informed know that the American Jewish Congress is one of the big powers behind Com-(Continued on Page 4)—

# THE HOAX ABOUT

W. D. HERRSTRON, Editor of BIBLE NEWS FLASHES Faribaut, Minoesota, answers an inquiry by one of his readers. Republished from "Bible News Fiashes."

"Can you give me some information on the Jewish question? A man from Denver, Coloredo who has been in Palestine several times orado who has been in raiestine several times and taking pictures, was here last week showing his pictures and making speeches about the Jews; teiling the people that Hitler killed 6,000,000 Jews and rendered soap from their

"The speaker said that the reason God has prospered our nation so much is because we have always been good to Jews; and the reason and the legislation out and soing down is England to losing out and going down, is use the and guns and ammunition to the

Arabs in the fight with the Jewa; and Germany has been crushed because she persecuted the Jews."

The atory about the Germans making scap out of 6,000,000 Jews is one of the biggest lics in history.

Personally, I don't see how anyone with common sense would give credence to such a claim in the beginning. That a so-called min-ister of the Gospel of Christ should stand beister of the Gospel of Christ should stand behind the secred desk and pass such a hoax on to the people—as the truth—seems inconceivable. Yet, 'I guess there are all kinds of "things" running around the country posing as ministers, evaogelists, and missionaries.

I have had German neighbors all my life and I haven't seen any of them putting Jews in their cook betties and making soan out of

in their soap ketties and making soap out of them. The Germans aren't that kind of people, them. The Germans aren't that kind of pecple, but the propagandists have tried hard to make the public believe that Germans do not belong to the human race. Jewish leaders have the same contempt for all Gentiles as they do for the Germans, but they do not publicly express themselves concerning the rest of the Gentiles. However, a reading of Jewish literature reveals the fact that they class all Gentiles with "dogs" and "swine."

If the aforementioned preacher had any brains he could see right through the hoax about the 6,000,000 Jews. For instance, if the Germans hated the Jews enough to murder 6,000,000 of them, common sense tells us that the Germans wouldn't want to smear themselves with soap made from the bodies of those Jews.

Again, soap is made from "fats", and if the Germans "starved" the Jews to death, it doesn't appear that there would be enough fats left in their bodies to make soap.

Another story is that the Germans incinerated these Jews in ovens. The "barbecued Jew" hoax is as ridiculous as the others.

(Continued on Page 2)

#### SIX MILLION JEWS

-(Continued from Page 1)-

The Jews themselves, laugh, when they find gullible Gentiles awallowing that balderdash, but no Jew believes it. The Jews might use the story to raise money among gullible Gen-tiles, but the Jewa would never use this story

in their own ranks because no Jew believes it.
Where are the 6,000,000 Jewa who disappeared from Germany? Senator Pat McCarran saya there are more than 5,000,000 aliens in this country who got in "illegally." He doesn't say who they are but most "informed" people be-lieve that most of them are Jews.

Since the Jews have exercised almost complete "control" over the New Deal since the day FDR took office it is easy to see how 5,-000,000 Jews could come into this country tilegally ond escape publicity and prosecution, not to mention expulsion.

It would be impossible to name any country in Europe (other than Germany) that has had that many people who left without a forwarding address.

No use looking in Shickelgruber's ovens for them. Walk down the streets of any American city. There they are.
A "BLESSING" OR A "CURSE"

The second part of the aforementioned letter is the question of whether the Lord will "prosper" a nation that takes the Jewa into its em-

There are Bible Institutes that have been cramming down the fhroats of their studeots the falsehood that God will bless any nation or individual that takes into its embrace, the

Anyona who has studied the Scriptures will readily discern two glaring errors in the Bible Institute philosophy:

(1) The Scriptures forbld the Jewa to fraternize with Gentiles or to intermarry. They were told that if they disobeyed God'a clear command in this matter they would come under "a curse" and be scattered among all the nations. This has been fulfilled. If they are under a curse for disobeying Cod and for their rejection of the Lord Jesus Christ, how

can they be a blessing?

The Jews are the only people in the world who rejected Christ as an entire racial group. Are they, then a blessing? Let's see what the Scriptures say:

Speaking of their return to Palestine from among all the nations of the world, the Scrip-

tures plainly say—
"YE WERE A CURSE AMONG THE NATIONS, O HOUSE OF JUDAH AND HOUSE OF ISRAEL" (Zech. 8:13, R. V.)

The Bible plainly says that the Jews are to be "a curse among the nations." How, then, can anyone go so far as to change the truth inio a lie and say that the Jewa ora a bless-

Apparently some preachers know very little about the Bible or else there are hundreds like the evangelist who recently asid to us, "You have the truth on the Jewish question and the Scriptures back you up. That is what is wrong with the Church today.
That is what is wrong with America.
The Lord prospered America, not because it catered to the Jaws or odopted the principles of Talmudism. This nation was blessed because tt founders were betievers in the Lord Jesus Christ' and because they incorporated Christian principles into our Constitution.

This blessing upon America continued until 1933 when the part-Jewish FDR got lnto power. Since that time Communistic Jews have exercised almost complete control over the New Deal government. The blessing of God left this country in 1933 and it has been on the skids ever since. We have been plunged into two wars; our "American" form of govinto two wars; our "American total or government has been virtually destroyed and a Socialist system of government ownership or "control" of business has been substituted. The wealth produced since the Ptigrims landed at Plymouth Rock has been squandered through political insanity; unborn babes are "mortgaged" for more than this country is worth and they can look forward to nothing but en-slavement to the government in order to pay a crushing indebtedness—enslavement during all their life time.

The entering wedge for the destruction of our country was injected during the Woodrow Wilson administration when the Jewish Ber-nard Baruch exercised Jarge "control" over the nation's economy. During that administration the Jewish Karl Marx's Communist platform plank—the graduated income tax, was adopted. It was calculated to liquidata all of the large fortunes and to eventually siphon off all tha earnings of ati citizens—except their bare liv-ing expenses. It is doing that now. The pur-pose of the measure, in the mind of Karl Marx was to enable the government to take over all property and then own the people as slaves-slaves working for the government all tha time. (Americans are already working for tha government from one-balf to nine-tenths of the time through confiscatory taxes.) It witi not be tong until the Karl Marx idea will come to fulfilliment. The seeds of destruction have been sown in our government. They are now coming to fruitlon.

The Federal Reserve Banking aystem was also a product of the Wilson administration. The Jewish Federal Reserve bankers largely control America's money. They manipulated affairs to cause the depression for which they blamed Herbert Hoover. Their objective was to destroy the influence of a Christian patriot who was loyal to America's Constitution and replace him with a Marxist who would ridieule our Constitution and incorporate Marxist principles as a substitute for the "American" form of government. They succeeded. With our country at on all time low morally;

with the government seething with corruption; with our boys dying in Korea because New Deal officials and appointees played footsie with the Chinese Communists—who will dare to say that this country—under its pres-ent, largely Jewish control—is being-blessed more greatly than it was under Gentilo control, prior to 1932?

Nearly all of our atomic sples, who gave our secrets to Bolshevik Russia, were Jews.
Has our country improved since our government took Jews Into Its embrace and followed

their advice? Or have we discovered that God knew what He was talking about when He

"YE WERE A CURSE AMONG THE NA-TIONS, O HOUSE OF JUDAH AND HOUSE

With so many preachers following the Morx-ist philosophy—that taking the Jews into your embrace will bring great blessing—no wonder thousands of church members are thoroughly disgusted and ere osling—What shall we do? Where can we go to church? Where are the preachers who preach the truth instead of

All this brings us face to face with the fact that there is a crying need for an organization of ministers who will preach the truth-even when it is unpopular to do so. There are many such ministers but they need to be organized and cataloged so church members who are tired and the Saviour last. Unfortunately, there and cataloged so church members who are tired are hundreds—doubtiess thousands, like him, of listening to the Marxist attitude toward the Jewish problem can find a church where the worship is centered around Christ Instead of

worship is centered around Christ instead of around a Marxist-minded group- of Asiatics, IS RUSSIA BLESSED BY GOD? If friendship for the Jews brings God'a bless-ing, then Soriet Russia should be the nearest thing to Heaven on earth, because 76 per cent of the Bolshevik leaders who set up the Communist government were Jaws. On the con-trary, Russia is the nearest thing to bell that the world has ever agen, (proving again, the truth of Zech. 8:13).

The most outstanding Jewish weekly in Amarica, the American Hebrew, said on Sept.

10, 1920—
"The Bolshevist Revolution in Russia was the work of Jewish brains, of Jewish dissatisfaction, of Jewish planning, whose goal is to create a new order in the world. What was performed in so excellent a way in Russia, thanks to Jewish brains, and because of Jewish dissatisfaction and by Jewish planning, shall also, through the same Jewish mental and physical forces, become a reality ALL OVER THE WORLD."

Those mosquito-brained preachers who think that the way to blessing is through catering to that the way to blessing is through catering to the Marxist Talmndists, should go to Russia where that crowd exercises almost complete control. But be prepared for a one-way trip. And the blessing you will receive will be aviall plece of lead. An excavating machine will dig your grave and a bulldozer will cover

you up. THE COLLAPSE OF BRITAIN

The preacher was wrong again when he said Britain is collapsing because sha is against the Jews. The opposite is the truth. The Socialist regime has caused the disintegration of the British Empire and behind the Socialist reglme has been Jewish influence. Britain, therefore, coliapses—not because of opposition to the Jews, but because she gave them power. WHY GERMANY COLLAPSED

Germany came under dictatorship because she failed to deal with Jewish Communists until they bad galned enough power to overthrow Germany. Thirty-six hours before the scheduled Communist revolution, Hitler rose up to oppose the Reds. The German people had no choice. It was either dictatorship under

had no choice. It was either dictatorship under Hitter or dictatorship under Communist Talmudists—as In Soviet Russia.

Believing that nothing could possibly be worse than the bloody record of Bolshevism, they chose to be under Hitter'a dictatorship.

Tha Jewish beycott of Germany set the atage for World War II. Since the war, Germany has been under the Morgenthau Plan (falsely catled the Marshall Plan) and now the Gercal the Marshall Plan) and now the Gercal catled the Marshall Plan and now the Gercal catled the Marshall Plan) and now the Gercal catled the Marshall Plan) and now the Gercal catled the Marshall Plan and now the Gercal catled the Marshall Plan) and now the Gercal catled the Marshall Plan and now the Gercal catled the Marshall Plan) and now the Gercal catled the Marshall Plan and the Marsh catied the Marshall Plan) and now the Germans are tiring of the Jewlah Morgenthau Plan of permanent enslavement or annihilation—and anti-Semitism is rising with a great-

er vengeance than under Hitler's regime. An observer of the present German enslave ment says—
"Anti-Semitism is NOT peraccution of or a

hatred for the Jews.
"Anti-Semitism is SELF-DEFENSE of the

individual and of the people." Thus, there is still no blessing under the

Jewish regime in Germany.

America has no business to be aligned in the UN with godless Russia and the other pagan countries. The UN is setting the stage for world dictatorship under the prophesied coming Jewish antichrist.

#### AN OPEN LETTER TO GENERAL MacARTHUR:

Dear General:

Before writing this humble letter, I asked Almighty God to strengthen my mind and guide my hand so that I may put into writing what millions of Americans are hoping and praying for today.

It is needless to relate to you the conditions of the world and the great danger that our country is in, as I for one, am aware of the fact that you know everything that has taken place in the great "sell-out" of America. You have stood back silently and watched the hundreds of good American leaders disappear while the Internationalists moved on Washington. You watched the great secret agreement at Yalta and the turning over of 400,000,000. Chinese to the Communists. You have seen thousands of immigrants pour into this countries. try and take over key positions like they did in Poland, Hungary and other countries. Yes, you saw all of this and now you see America about to take her last breeth of freedom. What can you do about it?

The important thing to remember is that God gave you all of the wonderful qualities you have. He made you a strong ond just leader of men. Besides this, He gave you the ebility of being a strategist and diplomat at the same time. Very few men possess such qualities and for some reason Almighty God has given them to you and placed you in the position you are in today.

This position, of course, is a difficult one but since the beginning of the world Almighty God has created good Christian leaders to match the difficulties of such situations for His sake. Perhaps many tlmes you have thought that of all the great trials and battles you have been through, that this was the greatest and maybe the final one. Yes, you have most likely thought of what would happen if you tried to oppose this powerful force of atheism. You might have to give up your life.

This, of course, would not affect you in making up your mind to stand up and fight, as you have proven over and over again that you have no fear of death. I would like to mention, as one who has served under you, that there are millions who would stand up and die with you if it meant that America would be saved. America needs a leader who loves her above all other countries and organizations. America needs a man who has watched thousands of Mothers' sons die need-lessiy in the battle fronts. America needs a leader who has conquered a hostile oriental nation and became its friend in a few years. America needs a leader who will run a country according to the Constitution of the United States and the Bill of Rights. Yes, America needs a leader. AMERICA NEEDS YOU.

General, it is going to be very difficult for you to stand by and watch a totalitarian Government take over 160,000,000 people whom you love very much, particularly when the

above qualities fit you perfectly. All of the battles you have won in the past and oll the lives of the boys you have saved through your sirategy will bave been in vain if you do not come NOW to the call of Amercia. We, the American people, are depending upon you to lead us through this tremendous erises. We know you will not foil us. We know you will be there at the sirategie time.

-(Continued from Page 2)-I WILL CURSE HIM THAT

CURSETH THEE

In the time of Christ the apostate Rabbis interpreted this verse to mean that anyone who opposed the Jews would be under o curse. They ettempted to "frighten" people into sub-

Christ publicly exposed their hypocrisy when He said:

"I know that ye are Abraham's seed; but ye seek to kill me, because my word hath no place in you . . . If ye were Abraham's children ye would do the works of Abraham. But now ye seek to kill mo, o man that told you the truth, which I have heard of God; this did not Abrahom . . . "Ye are of your father the devil, and the lusts of your father ye will do. He was murderer from the beginning."

e murderer from the beginning, and ebode not in the truth, because there is no truthin him . . . And because I tell you tho truth, ye believe me not" (John 8:37-45).

Christ defied their threatened "curse" by openly exposing their hypocrisy. The verses, in Gen. 12:1-3, refer to Christ and His seed, not to the Jews ond their posterity. The Rabbis, rejecting Christ, perverted the Scriptures (as some do today) and applied it to themselves. They said Christ was under a curso and was under the influence of a demon, because he publicly exposed the hypocrisy of the Rabbis. Blessing is to come to those who bless Christ

and the curse is upon those who curse Christ.

This makes sense, and is confirmed throughout the Scriptures. Strange then, that any professing Christian should adopt the interpreta-tion given by the Rabbis who crucified Christ and who claimed that the curse was upon Him becouse He opposed and exposed the Jewish leaders.

We can't blame church members for losing we can't plame enurch members for losing patience when they hear ministers interpreting the Scriptures aecording to the Talmud—in the same way it was interpreted by the Jewish leaders who conspired to crucify Christ.

Ministers should study the Scriptures and preach the truth instead of giving Talmud Interpretations—"the traditions of the elders," which Christ so vigorously condemned.

which Christ so vigorously condemned.

#### MYSTERY BABYLON

Another interpretation that delights the Communists is the idea that "mystery Babylon"—the figurative Babylon of prophecy, is the Roman Catholic Church. As a Baptist, I have no brief for the Roman Church, but I think a corrupt Protestant Church, denying the deity of Christ, His virgin birth, His bodily resurrection, the efficacy of His atoning blood, and all the other precious truths of the Scriptures, has stooped pretty low. Christ Himself also identified the slayers of

the prophets-

"Then spake Jesus to the multitude, and

then space to the His disciples,
"Saying, The Scribes and the Pharisees sit in Moses' seat . . . and the chief seats in the synagogues . . . But be not ye called Rabbl: for one is your Master, even Christ . .

"Woe unto you, Scribes and Pharisees hypocrites! because ye build the tombs of of the righteous . . . Wherefore ye be witnesses unto yourselves, that ye ere the children of them which killed the prophets . . Ye serpents, ye generation of vipers, how can ye escope the damnation of hell?

"Wherefore, behold, I send unto you prophets, ond wise men, and scribes: some of them ye shall kill and crucify; and some of them shall ye scourge in your synagogues, and persecute them from city to clty.

"That upon you may come all the rightcous blood shed upon the earth, from the blood of righteous Abel, unto the blood of Zacharias son of Barachias, whom ye slew

between the temple and the altar . . . "O Jerusalem, Jerusalem, thou that killest the prophets, and stonest them which are sent unto thee . ,. . Behold, your house is left unto you desolate" (Matt. 23:1-38.).

Speaking of the slayers of the prophets, Christ does not say, "O, Rome, Romc." says, "O Jerusalem, Jerusalem."

The Scriptures are so clear on this that it is difficult to see how anyone could confuse this clear reference to Jewish leaders and Judaism, with the Roman Catholic Church.

The Babylon of the end of time is doubtless the coming world dictatorship under the pro-phesied Jewish anti-Christ, There is today, an increasing hatred toward Christians who ore sufficiently sincere to proclaim the truth without compromise. When the Jewish antichrist rules the world, Christianity will be outlawed and all will be under death sentence. Straws in the wind indicate that we are heading that way today.

The United Nations, which had its birth in the San Francisco conference-set up by a group of which Alger Hiss was secretary, is no doubt a forerunner of the coming "one world" dictatorship by "one man"—the anti-Christ The UN has ruled out Christ entirely and its headquarters are a convenient spy nest for the Reds.

It would require several thousand pages to adequately present the above subjects, and we have plenty of material to prove our case beyond a shadow of doubt. But enough has been said to set in motion some serious thinking on the subject.

I have attended dozens of religious conventions, and conferences. All I ever hear is e rehashing of the kindergarten teachings that everybody has heard over and over ogain, a thousand times. I have often wondered full-grown men do not tackle some of these subjects and get "straightened out" on them, in-stead of taking the attitude that they have "arrived" after merely covering the subjects of the primary department in the spiritual reolm.

Well, Mr. sincere preacher and layman, sup-pose you bring up these subjects at the next pose you bring up these subjects at the next conference or convention. Anywoy, it'll be interesting to watch the pussy-footers scram-ble for cover. Lots of preachers know these truths but they are afraid of losing their jobs.

The Board of Education and cooperating

WE CHALLINGER THE THE PROPERTY OF THE PROPER LENGE HER TO DEFEND THAT RED RECORD ON THE PUBLIC PLATFORM WITH A REPRESENTATIVE OF COMMON SENSE.

See Programme Let us the pure sent of crim-

son, however, let us turn our attention to the Red record of the American Jewish Congress, which is far more important. The record of the American Jewish Congress was reviewed ino American Jewish Congress was reviewed in our issue No. 104 dated November 1st, 1949, a copy of which may be had for the asking. Briefly, we would like to point out here, that the American Jewish Congress, a branch of the World Jewish Congress, was headed for years by the late Rabbi Stephen S. Wisc, with whose long Red record even a school child should be familiar. Dr. Wise's son, James Waterman Wise, Russian born Rabbi Solomon Goldman, Representive Emanuel Cellar, Jul-ian W. Mack, Judge Ben Rosenthal, Louis Lipaky (writer for Communist papers) Rabbi Max Nussbaum and Henry L. Silberman; ell with Red records, hold very prominent positions in the American Jewish Congress. Red Rabbi Dr. Joachim Prinz of Newark, New Jersey who, not unlike Albert Einstein was expelled from Germany for Revolutionary Communistic activities, is the honorary Vice-President of the American Jewish Congress.

It is likewise noteworthy that in the Cali-

fornia Committee on the Un-American Activities' Report for 1948, pp 145-149, the American Jewish Congress is cited as Communist infiltrated in its California Division whose convention in 1948 went on record against loyalty checks, and called for the abolition of the Congressional Committee and the Tenney State Legislative Committee. (Bold), Yes, along with the American Jewish Labor Council, the American Committee of Jewish writera, artists end scientists (Chelzea) Jewish Children'a School, Massachusetts, Jewish Black Book Committee of Los Angeles, Jewish Peoples' Committee, Jewish Peoples' Freternal Order and the School of Jewish Studies, New York City, the American Jewish Congress is listed as e Communist Front. Who should be surprised then at finding a Communist Front

backing up a Communist?

Here are a few of the American, toleran ectivities in which the American Jewish Congress figured. It was several years ago that this un-American Gestapo, upheld the ban placed on Brooklyn, New York, schools by Isaac Bildersleeve against "any" reference in dramatization, songs or otherwise to the religious significance of Christmas. It was the American Jewish Congress who promoted and backed the notorious Red fraud John Roy Carlson. It was the American Jewish Congress (Rabbi Prinz presiding) who demanded that "RED CHANNELS," perbaps the most thorough ex-pose of the Communist element dominating pose of the Communication realing and television ever published, be banned from the Newark, New Jersey, public schools. It was the American Jewish Congress who vigorously opposed the ban by the New York Regents of the un-moral anti-Christian and anti-Catholie Play, "The Miracle." The shoe was on the other foot then. These tolerant Jews! And so on Ad Infinitem.

Is Communism Jewish? Well, the American Jewish Congress is certainly Jewish and it is certainly Communist. The American Jewish Congress is an official Jewish body. Have you heard of one recognized Jewish organization in New Jersey that has condemned the American Jewish Coogress? If not, why not? The Jews

can't have it both ways. If some one will THE RUSSIAN RAT-TRAP furnish us the name of one, we will be happy to print it on the front page of COMMON SENSE.

Dr. Bethune is a negress who writes for the Daily Worker. She serves on the National Committee of the "Friends of Democracy." She is a member and an officer in the two following Communist Fronis: American Sovfollowing Communist Fronts: American Soviet Friendship and National Federation Constitutional Liberties. Dr. Bethune has been honored in 39 other instances with Communist Front citations. The most infamous part of Dr. Bethune's record is her membership in the initiating Committee of the Civil Rights Congress. The American Civil Rights Congress was fathered by the Com-munist Party; International Labor Defense and the notorious Communist Front "National Federation for Constitutional Liberties." American Civil Rights Congress is a most no-torious Communist Front. House Report No. 1,115, September 2nd, 1947, Committee on Un-American Activities, speaks as follows of the

Civil Rights Congress:
"Having adopted a line of militant skulduggery against the United States, with the close of World War II, the Communist Party has set up the Civil Rights Congress for the purpose of protecting those of its members who run

Arkady A. Sobolev, next in line to Lie, is the Minister for War, Communications, and Inthe Minister for War, Communications, and information. All military and diplomatic affairs go to him first. Every movement of troops to Korea, or of guns and material, are reported to him. Sobolev is a Russian Communist, was brought up in Moscow under Stalin, and you should know what that means, I ean't think of any better possible set-up for Stalin, who after ail, is our real enemy in Korea. Can you?

Don't you see under whet impossible odds your boys in Korea ore placed? How can they win under such circumstances? This gives a ready explanation of the comic opera farces which our forces in Korea have staged at Koje,

and Panmunjom.

Perhaps it will give you an inkling of what the Top Army Brass must think of waging a Police Action under such circumstances, when they must report all their movements to Sobolev, and accept the dictation of non-military men in the United Nations, as to how the war shall be conducted, how the armistice shall be planned, and how the prison camps are conducted. I have many friends in Congress who have sons on the firing line in Korea, and yet they aupport the United Nations. I eppreciate their heart-break as they watch the casualty lists, and wonder if their boy sball be next. I am not sarcastic in this, but I do sometimes won-der what is the matter with their heads, for they elso know what a farce the whole thing

You have all seen a cat playing with a mouse before it administers the final coup de mouse before it administers the final coup de grace. Well, in this instance, a once great end proud nation, tho strongest militarily upon carth, representing the finest minds in the whole world, and at the very peak of governmental excellence, permits itself to be add down the river to a bunch of nomad rats, their leathern and the permits itself to be added to the country of the ilving in their loathsome den of thieves and traitors, laughing at us, as Vishinsky said they did at Paris, as they see to what loathsoma depths we have sunk into the pit of mongrelized and alien infamy. How much lower can

we get before we are ready to cry with a mighty rear: "You heve done enough; Now get out, OUT, OUT!"

There is so little we cen do about it, except to put in a President this fall who WILL get us out of the mess, and a bunch of Congress-men who will help him to do it. There is no other way. The United Nations is a rat-trep with only a way in, but no way out, except to kick out the rats with their trap. It is YOUR JOB this Fall, Get busy on it, NOW.

At a "Union Now" luncheon Feb. 11, 1942 in New York, Frederick L. Schuman, Department of Government, Williams College, said: "The first World War was for the League of Nations. We lost it. This war is for World Government."

UNITED NATIONS ENEMY OF AMERICAN REPUBLIC PURPOSE OF UN CHARTER FOR UN DRAFTED FRAMEWORK FOR WORLD GOVERNMENT, IS TO ABOLISH U.S.

BY ZIONIST.

A very clear appreciation of the U. N. O. is to be found in Victors Beware!—a work by Precision de Madering. An exile from Spain, having held oline in the Moscow-

Spain, having held office in the Moscowsponsored Spanish Republican government,
de Madariaga should he a qualified judge
of Soviet tactics. He writes:
"The (UNO) Charter is in the main a translation of the Russian system into an international
idiom and its edoption to an international idiom and its edoption to an international
idiom and its edoption to an international community... The overwhelming mass of Russia's
political influence has weighed down the evolution of world affairs and is now taking us back to
an unholy alliance of big Powers, resting upon
ferce and very little else."

"UNO," de Madariaga tells us, "bore upon it
brow from the very beginning the mark of
Moscow." (Page 270)
That this abould be so must appear inexplicable to all who have been deceived by
the false propaganda spread about UNO.
But many who have heard so much have
never been told Dr. Leo Pasvolsky. "Special

the UN Charter with the assistance of Hiss

is From Wilhin But the greatest danger to America is not from with-aut, but from within. It's right here at home. The oliver, far-seeing Communists would rather not de-stroy our cities. Wouldn't anybody prefer to come into pecsession of semething valuable, intact and undara-

aged?
And the greatest factor in this danger here is the existence in our midst of the United Nations. Based as it is upon theories of collectivism, it is itself a funcel through which Communists come freely into the United States. On June 16, 1948, Robert C. Alexander of the State Department testified under oath to this

effect. We believe the infiltration and subsequent taking aver of the United States was the real purpose of those whe thought up the UN. It was not for nothing that Alger Him (long since in prison for lying about his Communist activities) and Harry D. White, Assistant Secretary of the Treasury (who died auddenly and mysteriously in 1843 while evidence of his Communist connections was coming out), were among the bedders in the drafting of the United Nations Charter and in piloting it through the San Francisc Conference in 1945.

plloting it inrough the San Franciso Conterence in 1945.

The danger of locating the UN on the East Coast, and especially coar New York, was officially consemned, according to the New York Sunday Mirror of March 24, 1948, by the Army and Navy Intelligence and the FBI as a definite threat to national security. This dispatch said in part that "if wer should come, it was pointed out, enemy apies and asboteurs could find asylum within the internationalist borders of UN." It is not surprising therefore that a UP dispatch from Sait Lake City October 6, quoted Senator Pat McCarran, Chairman of the Senate Internal Security Committee, as asying investigation would commence Cetober 13 "of the American members of the United Nationa for 'aubversive activities.'"

October 24 has become "United Nations Day," The Cheirman of the "National Citizens Committee for United Nations Day" has said that "the UN Day Committee was set up by the U. "The Committee's concept of its objective is that such observances (of United Nations Day) are a means to an end, and that the end is increasing knowledge ebeut and understanding of the United Nations by the American public.'

We have not detected anything in the United States, excepting in the State Department and here and there about the country among a scottoring of 'Biberals,' the slightest emotionel feeling in favor of the UN. Efforts have been made to persuade people to fly the UN flag. Yet in all midtown Manhattan, (and we get ebout quito a good deel) we know of only two buildings that sight. But on any patrietic occasion, and frequently when there is no patrietic occasion, there are countless places where one sees the American flag.

While we have traveled in eight or nine European countries a good many times since the UN was formed, we have yet to see a UN flag on display. We casually saked a younger member of the British Parliament two or three years ago what British would do if the UN oblighting to take a castain course which British to take a castain course which British did not-think to be in her interest. He calmy replied. "We would tell the UN to go to hell." Of course they would. And so would any other self-caspecting patient. Of the UN

Now, as said above, it will be through the United Nations end ils ever more complicated subdivisions that the United States will be taken ever, if it is to happen. And that, we repeat, is precisely whet it was designed to do.

designed to do.

We told in Letter 295 of the "seizure" of cities in 1951 end 1952, and the feigned declaring of martial law, notably in eight small Californis eities. In every one of those cities the officer commanding the troops and issuing "proclamations," announced be was acting for the United Netions.

for the United Netions.

A casinal visitor to the atrange United Netions Building, constructed without regard to cost, on the East Biver shore of Manhattan, will probebly observe nothing but sweetness and light. We sat in recently at a meeting of a sub-committee of the Ecocomic and Societ Council. It was late in starting, and as the perhaps 200 visitors gathered, a personeble young woman representing, wa found afterwards, the American Association for the United Notions, gibby assewered all questions. She explained that the sub-committee merely made a report to the Ecocomic and Social Council on the question before it; and the question it had been debating for the past two or three weeks had to do with racial discrimination in various countries. One man pressed has question as to what action the Economic and Social Council would take. The young woman explained that it would take noce because the UN has no power. "Public opinion must handle it them."

then.\*
But her reply was disingenuous. For the UN this powar—power for uniforited mischlef, and if she did not know that, she was deceiving berself. In addition to some useful work that the UN has done, such as in collecting and dissemineting statistics, it has exercised very great power—just as it was meant to do. 'UN'e Wars

This "recommendation" was selzed upon by the Zloniats, who were able, through their influence with the press end with other means of communication, to represent to the American people that the recommendation was really e binding decision of the UN.

As a result, the Zloniatia Invaded Palestine and drove out roughly a million Arabs, many of them Christians and the ancestors of most of whom had lived in Palestine for a thousand years on more. Most of these are still homeless and living in refugee camps. Few ects in history have been as beartiess. Few are likely to be so costily to the United States. And it was a UN accomplishment.

United Nations Day is a synthetic affair. There is nothing spontaneous about it. Among tha names of its promoters we find a heavy sprinking of those who promoters we find a heavy sprinking of those who promoters active in 1940 and 1941 in trying to get the United States into World War II.

We have before use a t2-page pamphlet put out by the Netional Cilizens' Committee for United Nations Day. It is entitled "Leeders Guide for Individual and Community Action." On page 3 is "A Message from the National Chairman, Frank L. Weil," in which we read:

"The Committee's concept of its objective is that such observances (of United Nations Day) are a means to an end, and that the end is increasing knowledge obeut and understanding of the United Nations Day in the National Chairman, prank L. achievement.

Recently it was announced thet the UN will rebuild Recently it has announced thet the UN will rebuild Rorea. If the American share is comparable with her share of the killed and wounded, American taxpayers may well held their hats.

The United Nations clearly will bring us, not collective security, but collective necurity. That insecurity is considered, is taken over by a world government. Their own security will then become like security in Russia today—or in any American grison.

This "Peace" Organization

Dangerous as is this "peace" nrganization to the real peace of the world, its even greater danger lies in its attempt hopelessly to involve the United States in the affairs and Rabbitties of all other sations. The UN is attempt hopelessly to involve the United States in the affairs and Rabbitties of all other sations. The UN is the spearhead of Socialism and Communium.

A striking thing shoot the UN is that our own State Department is 100 per cent back of it. What shall we think of a government, the leading department of which 5 out to promote as organization whose aim is the overthropy of that government?

We have before us a pemphote entitled "Teaching about The United States." It is published by the Bepartment of the State, and if you will send 10 cents to the "U. S. The writer of this does not say where "wo" have seen this "steedy growing concern." In our opinion there has been no concern whetever about it on the part of the people. It is just eyewash—subtle propagands by the State Department. But multitudes of people are deceived.

"Winning the Poace"

We live in an age of alegans. One of the commanest

people are deceived.

"Winning the Peace"

We live in an age of alogans. One of the commonest in the talk about "winning the peace." Paul G. Hoffman wrote a book a year and a half age entitled "Peace Can Be Wen."

Until these last 38 years we have never seen this phrase. We usually think of winning wars—not winning peace. Peace is merely a matter of a return to a Christian, friendly, charitable attitude toward other nations. That was the attitude adopted at the Congress of Vienns in 1815, and the general peace made there lasted in Europe nearly 100 years.

"Winning the peace" is sheer camoufiage, a smoke-screen for other more subtle activities. All peoples want peace. Only scheming politicians, unwilling ta de their task the simple, natural way, after up wars.

High Pressure Pressellon

A chief factor in promoting the UN is the American Association for the United Netions. That organization in each of the last few yeers has appointed a "Business and Industry Committee for United Nations Week and Dey."

In preparation for their campaign for 1951, a communication was seet to a large list of businessmen throughout the United States saking each to contribute \$100 toward the expenses of the Committee, and to lend his name as a member. About 900 fell for the appeal, or at least their names were published by the Association.

Association.

We wroto last year to all the men on this Committee, mentioning their listed membership and sending a copy of Council Letter 276 entitled "The Menece of the U.U.—The Road to Socialism and Communism." We asked each for his comment on this Letter.

Some replied they bad contributed to the fund but had not authorized membership on the Committee.

Council Letter 270 dated December 1, 1951, seems to the writer to be quite an accurate picture of the United Nations and its effect on this country."

A prominent Chilfornian said, "I feel they (the UN) are a complete failure, and I will probably withdraw my support and ask them to take my name off the Business and Industry Committee."

The President of a large Chicago concern said, "I have read Council Letter 276 with considerable interest and can find no fault with the conclusions arrived at. I feel that the sooner we can get rid of this super government the better it will be for the administration."

A Minnesota manufacturer said, "I am net in favor of the United Nations, at least as it is drawn up, and I question the possibility of it ever working. We as usual will be the goats and the American people will

question the possibility of it ever working, "we su usual will be the goats and the American people will be the losers."

One Pacific Coast manufacturer said, "Two years ago or so I permitted my name to be used as sponsor of United Netions Week, as I recall. But when ap-proached this year I definitely declined."

Yet the names of all these men and many more who expressed similar views were used by the Association to propagandiso the American people.

It is apparent from our correspondence that many of the persons listed by the American Association for the United Netions as members of the Committee to promote "United Netions Week and Day" ere half-hearted in their interest; joined only because they saw some big names on the list; had become convinced to e greater or less extent that the UN boded no good for the United States, or had actually forbidden ther-names to be used. In other words, bigb pressure pro-motion was a great factor in ballyhooing the UN.

#### FROM MAJOR JORDAN'S DIARUS

Major Racey Jordan Ret.-has done an excellent joh in writing his diaries of the great Russian Lend Lease swindle. As an expediter, Major Jordan forwarded almost 10 hillion dollars worth of planes, guas, ammunition, machinery, supplies, Atom bomb ingredients, etc. from Amer-ican bases to Russia. As these preciously needed supplies were being sent to Russia aur U.S. forces lacked the necessary means of fighting the war.

Major Jordan calls his book "The Greatest Catalogue in History". The list which he made of the items going to Russia includes everything from Atom bomh chemicals to dolls; from engineering material to lipstick: from manganese to antique furnitura. There was even an order for one curved tobacco pipe. (Most likely for pal Joey).

Every American who wishes to know how the traitors in high places have given our resources and top secrets to Communist Soviet Union should read Major Jordan's Diaries. Price \$3.50 Order from COMMON SENSE.

#### THE ELECTION

At least the people have awakened. The New Deal received a hlow in the solarplox-us. Our Lord has seen fit to give America a little more time. This was not a 100 per cent victory against Marxism, but it is very encouraging to those of us who have been fighting like COMMON SENSE for seven years exposing the Un-American pro-Communist, anti-christian plan of the mes-terminds of the New Deal which were calculated to confuse and bankrupt this coun-

The big percentage of the vote for the Rapublican party was not a vote for Eisenhower, but a vote against the currupt Marxist New Deal. The same powerful Zionist International group which has been in complete control of the New Deal for twenty years also has used Eisensower to do an important part in this plan to break down European countries for communism and used our Stata and Treasury Departments to pay thousands of communist government employees who have been spending most of their time in building up communism. We have very little confidence in Eisenhower personally as he stands for a number of dangerous movements the same as Stevenson does, but it can not be denied that this election will upset the Marxist in this country. They will now try to align themselves with this new administration and work in so as to carry on their plan for Jewish control. Millions of Americans will be watching Eisenhower who will be under terrific pressura from evil forces for which Thomas Dewey, John Foster Dulles, H. Few people realize that officeholders in the U. S. are not free to do what they think is best for our country. The U.S. is run by pressure groups which have formed blocks of voters, and this is held over the heads of politicians. Pressura groups uso publications, arrange lavish dinners, pre-sent plaques and feature speakers to pop-ularize those who carry out their plan. To defeat these evil pressure groups, there nust be an awakened patriotic citizenry organized under trustworthy leaders who understand the enemy and have the courage to back the enemy down. Is this country worth saving? The enemy is organized and financed. Millions of Americans have been awakened during the last few years. Let's double that number and organize to fight for freedom. .

the United Nations is a Jewish setup. Should any of these papers even mention the word Jew in this connection, the Anti-Defamation League of B'nai B'rith (Inyisibele Government) would have a committee at the Editor's office the same day and the Editor would get on his knees, if necessary, to prevent the withdrawal of all Jewish advertising. This would mean practically all his advertising as the Jews now control. almost all of the merchandising establishments which advertise. We are presenting some facts to the reader so that he may se when this Communist jigsew puzzle is put together, it spells Jewnited Nations. The United Nations Charter was written

by Leo Pasvolsky, a Russian born Jew with the assistance of Alger Hiss, the 1952

son's right name is Rubens

In the midst of all these communist exposures in the United Nations appears the name of J. Peters, alias Alexander Stevens who for twelve years was hoss of the Communists who operated underground in the United States. The papers wouldn't dare publish his correct name, Isador Boorstein, as the Anti-Defamation League would

promptly pay a visit to the editors.

Isador Boorstein, after directing Communist espionage for twelve years in the United States, was allowed to deport him-self with all the information he had gath-ered same as Gehardt Eisler, Jew. Eisler was Moscow's director from the U. S. and was assisted in eccoping on the Polish Communist ship Battory. He is now Director of Propaganda for East Germany. Of the 2,000 U. S. employes in the U. N., we would estimate at least 55 per cent of all hut janitors are Marxists. The U. S.

Senators have no authority to investigate employees from other countries employed in the U. N. However, our estimate of Communists among them would be 100 per cent. If the United States was not hope-lessly ruled by Jews, all of these foreign spies would he put on ships and sent home.

Many employed citizens of the United States have refused to state whether or not they are Communists. The Senators who are active in removing this nest of spies are Senator O'Connor of Maryland, Senator James Eastland of Mississippl, Senstor James Eastland of Mississippl, Sena-tor Alexander Wiley of Wisconsin and Con-gressman John Wood of North Dakota These patriotic lawmakers deserve our courageous support as they will be smeared. Let'a get the U. S. out of the U. N. and the U. N. out of the U. S.

Our Control Commissions will, in the interests of peace and wiping out inter-racial tensions, forbid the whites to mate with whites. The white women must cohabit with members of the dark races, and the white men with blank women. Thus the white race will disappear, for mixing the dark with the white means the end of the white man, and our most dangerous enemy will become only a memory. We shall embark upon an era of ten thousand years of peace and plenty, he Pax Judaira, and our race will rule undisputed over the earth. (Question from gathering). Rabbi Rabinovich, what about the various religions after the Third World War?

#### No More Religions

RABINOVICH: There will be no more religions. Not only would the existence of a priest class remain a constant danger to a priest class remain a constant danger to our rule but belief in an after-life would give spiritual strength to irreconcliable ele-ments in many countries, and enable them to resist us. We, will, however retain the rituals and customs of Judiasm as the mark of our hereditary ruling caste, strengthen-ing our facial laws so that no Jew will be allowed to marry outside our race, nor will any stranger be accepted by us.

By George Thomas Adams

On January 29th, 1922, the General Staff of the Norwegian Intelligence Service wrote an official report to the then Norwegian Minister of Justice with the following reveistions, which were the result of months of painstsking counterespionage work by their agenta;

"1. The Norwegian Labor Party and the Soviet Union had signed a secret and bind-

ing agreement. The Norwegian Labor Party placed itself at the disposal of a foreign power by unconditionally pledging to obey any order isued by the Politburo from Moscow. Thus, the Norwegian Labor Party end its members could henceforth be considered only as Soviet spies and Communiat revolutionarles.

3. This agreement called for the estab-lishment of an independent Sovict Republic in the Northern region of Norway, similar to the People's Republic of North Ko-rea. This independent republic, of courss, would be governed by Soviet Commissars who would not be responsible to the Nor-wegian inhabitants, but only to Moscow.

4. · The Soviet Union officially pledged itself to support the Norwegian Labor Party with financial, political, and military This ski was to be focused in the preparations for a Communist revolution and bloodbath in Norway."

Subsequent to this agreement, the Norwegian Labor Party organized an armed force of 11,600 men, equipped with the latest weapons and highly-trained in the newest techniques of sabotage and revolution. Five thousand of these men were stationed in Oslo, the capitol of Norway, 3,000 were stationed in Akerhus County, 2,000 men were in Trondhjem and the remaining 1,600 revolutionaries in Bergen.

This revolutionary army had unlimited funds placed at its disposal for its military operations. The money came from the same international Jewish benkers whu sent Trotsky and Lenin across a wartorn world in 1917 to precipitate the wholesale slaughter of Russian Gentiles. The money for the Norwegian Labor Party's task force came from the Nya Banken in Stockholm, via Mr. Ashberg, the ban'ting expert from Moscow who met Paul Warhurg in Stockholm in July of 1917 to receive the funds

From Council Letter No. 300 President, National Economic Council

In the fall of 1928 several Americans were praparing to launch what later became tha New York State Economic Council, now the National Economic Council,

At a dinner meeting at the Harvard Club in New York, attended by 15 or 18 business men, the plan for a state-wide organization was presented by me as the dinner host.

The purpose was to keep down public spending and taxes, and to discourage government regimentation of individuals and their business enterprises.

Immediately the plan had been outlined, II. Louis Marshall, distinguished Jewish lawyer, jumped to his feet and in an impassioned manner denounced the whole idea. One other prominent Jew joined in the denouncing.

The other guests, taken by surprise at the intensity of the attack, withheld the organizing resolutions which had been prepared, and the meeting broke up with nothing accomplished. It took another meeting a few months later, to which these two gentlemen were not invited, to launch the organization.

All of us wondered at the time why these two opposed it. When Robert Marshall, son of Louis Marshall, died some years ago, he left his entire fortune to a foundation much of whose income has since aided Communist causes.

### Time To Speak Plain Robert H. Best, Patriot, Dies

Robert H. Best, a patriot and courageous, sterling American, died Tuesday, Dec. 16th, in the Federal Prison at Springfield, Mis-

Mr. Best was known as a traitor by his enemies and the enemies of free America. He was known as a Paul Revere, a true Christian American by informed citizens who believe in America first, not last.

For twenty years Robert Best was United Press representative in Europe. John Gunther and William Shirer, Jewish jour-nalists, were trained under Mr. Best in London. When the Jews instituted their world-wide propaganda for war on Ger-many in order to stop that nation in its eampaign to free Europe of communism, Mr. Best, as one of the best informed Americans in Europe, named F. D. R. and the Jews as the principal forces in pushing the United States into war. This statement has been made by the editor of COMMON SENSE many times and this is now known and openly stated by all who are informed. But for these statements, Mr. Best and Mr. Douglas Chandler, both top journalists, incurred the wrath of the Jews who have had complete control of our Justice Department under the New Deal,

Mr. Best's life savings, consisting of twenty thousand dollars, as wall as Doug-las Chandler's savings, were confiscated. Both men were returned to this country; a farce of a trial was held in Boston and both sentenced to life imprisonment.

Mr. Best, having no funds, was assigned A-Jcw attorney by the New Deal Judge and it took ten months of constant protest to have a new attorney assigned to him. This new attorney offered a halfhearted defense.

The Jewish-ruled Justice Department, with unlimited funds, brought fifty-two witnesses from Germany to testify egainst. him. They were brought by sirplane and some of them were brought by ariting for a year at the best hotels. In addition to having their hotel bilis paid, they received

-(Conlinued from Page 1)afterwards toward Germany is at last apparent. Part of the purpose of the Morgen-

thau Plan (that scheme to reduce Germany to a pastoral level, thereby rendering impotent the only force that could have cerved as a barrier between Communism and Western Europe) was to wreck vengeance on Germany for atrocities committed by the Hitler regime against Jews. This fury is understandable, although the cruelty that had been shown Jews was fully matched by that perpetrated on Gentiles. Whatever its motive the scheme has worked to strengthen Soviet Russia and to weaken the West. The Morganthau Plan was inspired by Communist agencies, and likewise by prominent Jews.

The so-called October revolution in Russia in 1917 whereby Kerensky was thrown out and the Bolshevik government set up, was essentially a Jewish movement. A large part of its leaders were Jews of different countries. Some of them included New York Jews such as Trotsky. It has been widely stated, and we have not seen it denied that the revolution was financed heavily by certain New York Jewish bankers.

The Soviet Government throughout tha 35 years of its existence has generally been favorable toward Jews. They were not only prominent in Soviet Russia proper, but in many cases, as that of Ana Pauker, the Soviet leader in Roumania, they were prominent in the satellite countries. At tha present moment the Soviet purpose is served by persecuting Jews; particularly in Czechoslovakia; but the "line" could quickly change.

#### Roosevelt Aid to Stalin Throughout

World War II When Hitler turned on his supposed ally, Soviet Russia, In Juna 1941, President Roosevelt, even though he had been ma-ligned by American Communists, immedfately went all out to aid Soviet Russia. He sent Harry Hopkins to Moscow to beg Stalin to permit the United States to send him unlimited "lend-lease" supplies. And before lend-lease expired in 1945, 11billion dollars of material had been sent him. Nothing was asked of Soviet Russia in return. Never in history has the head of a great country been so precipiate in giving away the best of everything his country produced.

Major Georga Racey Jordan, lend-leasa expediter at the Great Falls, Montana air base, tells in his book From Major Jor-dan's Diarles, how, under Roosevelt'e orders, materials were surreptitiously shipped out by plane: two large consignments of uranium chemicals, weighing many bundred pounds; literally tons of blueprints; vital secrets almost without limit! Soviet Russia was in fact given preference even above our own American troops on the firing line.

Why did Roosevelt do this?

Main Fieet To Singapore Captain Russell Grenfell, R.N., Ratired, distinguished British author and navel critic, published last January Main Fleet to Singapore. This book should be interesting reading to any American. It was brought out in America by Macmillan, though we first saw an English edition.

Captain Grenfell sketches the history of Britain's activities in the Fer East from 1918 to the beginning of the Second World War. He then relates in detall (and this is his real subject) the attempt to defend Singapora and the loss of that British Far East stronghold in 1942. He states in sub-

British fleet on Singapore. Singapore was fortified only against attack from the sea. It seems never to have occurred to the Admiralty that attack might come, as it did, from the North.

After Pearl Harbor, and as the Japanese were making their way down the Malayan Peninsula, Captain Grenfell tells how the long-standing defense plan of the British fell through completely. First, the commanding officer at Singapore was notified that only a minor fleet could be sent. Eventually only two major ships, the. Prince of Wales and the Repulse, arrived. The Singapore commander called for 556 planes. The British government replied that 336 would be sufficient. But even at the high point Singapora had only 141 planes, many of them obsolete. So Japanese planes quickly sank both British battleships, and few days later Singapore fell.

Captain Grenfell's inquest on the Singapore disaster discloses that Mr. Churchill, who had failed to send the necessary ships and planes, was at the same time sending huge numbers of planes and tanks to Soviet Russla. In 1941 alone, 645 planes were sent Russia, together with munitiona. Captain Grenfell thinks that, especially in view of the repeated promises of a huge fleet and plenty of planes, Britain's first duty was to her own vital post in Singapore-to her

own officers and men in the Far East. Why did Churchhill fail Britain at this critical point?

The New York Times of April 30, 1952,

said:
"Winston Churchill, as an early Zionist, sent greetings to last night's Carnegie
Hall celebration of Israel'e fourth year of independence."

Roosevelt's franzied eagurness to send Soviet Russia everything she wanted ran parallel to Churchill's doing the same, even though Russia's strongest base in the Far East was sure to fall as a result,

The Forcibla Partition of Palestine

"On November 29, after political log-rolling such as one might expect in a boss-ridden county convention, the Assembly adopted, by a vote of 33 to 13 (with 10 abstaining), the schema to partition Palestine. It was sdopted in tha face of the bitterest opposition from all Arab countries....

"At a mass meeting at Manhattan Center, New York City, on December 2, 1947 Rabbi\_Abba Hillel Silver, Chairman of the American Section of the Jewish Agency for Palestine, 'told his audience,' according to The New York Times of December 3, 'that the decision of the United Nations was traceable to the ever-lasting will and determination of the Jewish people."

In other words, the UN was dominated. in this vital matter, by Zionists.

Drew Pearson, who claims to be on the inside of many things, asserted in his col-umn of December 3, 1947 that President Truman had "cracked down harder on lds State Department than ever before to swing UN votes for the partition of Palestine."

What caused Truman to do this?

As a result of the UN's action, which in As a result of the UN's action, which in fact was only a "recommendation," but which the Zionists successfully convinced the general public was a final decision, there followed a prolonged and bitter war during which the UN forces (meening the Zionist) forcibly ejected nearly a million Arabs from Palestine. Many of these still homeless Arabs are Christians and most of their ancestors had lived in Palestine for 1500 years.

For over a hundred years or more Amer-East stronghold in 1942. He states in sub-stance that for many years the sottled American missionaries and businessmen, policy of the British Admiralty, in event had been building up a great aggregate of

of general war, was to base the main good will toward America among the Arabs. After it became known that President Truman was a chief factor in forcing through this bloody partition, the good will of the Arabs was lost, perhaps irretrievably. There are upwards of 40 million Moham-medans scattered from Morocco across Northern Africa and eastward as far as the Pacific.

Before the partition of Palestine the United States might have depended upon the Arabs as allies in the event of war with Communist Russia. If they go over to Russia, they could tip the scale between vic-

tory and defeat.

The crime of the partition of Palestine was all the greater because, largely through the work of "Lawrence of Arabia," the Arabs abandoned the Turks with whom they were allied and came over to the side of England, France and the West in World War I-on the promise that the Arabs would become independent after the conclusion of the war. Britain's failure at Versailles to stand firmly by that promise broke Lawrence's heart. Had he lived to witness the further humiliation of the Arabs through their being driven out of Palestine, his protest would again be beard throughout the world.

#### Financing Israel

After the State of Israel was set up, the United States became the spearhead for financing the new State. A bond issue of 500 million dollars was authorized in 1950, though down to September 30, 1952, only 140 million dollars of these had been sold, These bonds are neither transferable nor redeemabla, though in event of the death of a bolder the State of Israel will take them back at par plus interest. After May, 1954, they will be exchangeable for bearer

The unit of Israell currency is the pound, the par of which like the English pound is \$2.80. On November 20, 1952 the Israeli pound was quoted in New York at 45 cents.

Israel has also bad the benefit of other financing. The Export-Import Bank granted it a loan of 100 million dollars and later a loan of 35 million. This is in addition to charitable funds estimated since 1948 to have been about 150 million dollars, raised by Zionists each year in this country. In their fund-raising it is obvious that every form of pressura has been brought to bear on Jewe at nearly all economic levels, and likewise on many Gentiles, to contribute.

A few months ago in Europe wa encountered an American who had epent much of the last two or three years in the Near East. He told us that Israel is not a nation but a contraption held together by funds received in one way or another from America; and he added that many of the Jews were getting rather tired of cootributing.

One of many indications of financial atrain in Israel was Israel's compulsory "loan" of ten per cent, announced on June 8, 1952. The government was to take ten per cent of all bank deposits and all currency except single pound and half-pound

David Dubinsky, bend of the Germent Workers Union, has loaned Israel one salllion dollars of his union's funds. On August 10, 1952 an agreement was signed in Jerusalem by which the United States is to guarantee American investors against loss in the agricultural and industrial development of Israel. This arrangement, made under Point 4 of President Truman'e program, so long as it remains in effect, will enable Zionists and other Americans to invest in Israel and be sure to got their money back, regardless of the instability of the Israeli pound (now 45c) . One more commitment of the savings of the Amerlcan taxpayer,

for Lenin, according to the U.S. Naval Intelligence Report on Warburg, The rest of the funds for the Norwegian Labor Party came from the Jewish bankers Hamtres Bunk in Norway, whose headquarters ere in lon: on. It was thes · Jewish bankers who controlled Norway before the outbreak of the Second World War; a Hambro was Finance Minister of Norway until Hitler's occupation forces came into the country. The Hambros in London put so much pressure on their great friend and family relation whom they had placed in charge of wartime England, the Right. Hon. Winston Churchill, who vies with Roosevelt as the greatest war criminal in the history of the world, that Churchill sent the English task force to Norway which was beaten back with such stunning losses by the German forces.

With the conclusion of the Second World War, the international Jewish bankers resumed their game of Communism in Norway. The leader of the Norwegian Labor Party's armed forces was none other than the present Prime Minister of Norway, Oscar Torp. The negotiations for this secret agreement between the Norwegian Labor Party and the Soviet Government were found by the Norwegian Intelligence Service to be carried on by a man wbom they had watched closely for many years. This was Trygve Lie, the present Secretary General of the United Nations world government in Jewish headquarters at New York

Written evidence of this was produced by the Norwegian Intelligence Service, a receipt for funds as follows:

Received for Grepp Norw., Kronen 5,800,-000; July 2, 1921. Signed Trygve Lib.

A great amount of evidence crists to bear out the close relationship between Trygve Lie and the Soviet Government. From time to time, he receives a perfunctory criticism in the Soviet press, in a laughable attempt to conceal the fact that he is Stalin's man. As Minister of Justice of Norway, Trygve Lie obeyed Stalin's injunction that his great rival, Leon Trotsky, be exiled from Norway after Stalin had chased him out of Russla. Trotsky, with his bevy of lisping Yiddish agitators, embarked for Mexico, after exposing Trygve Lio as a member of the Communist Inter-

was the pushing through in early September 1952, under Zionist pressure, of a "reparations" agreement between the West German Government and the Government of Israel and World Jewish organizations, whereby Germany agreed to pay them over a period of 14 years the sum of 822 million dollars in goods. This "agreement" has still to be ratified by the West German Parliament.

Only a relatively small part of the Jews who are in Palestine came from Germany. The payment to the State of Israel therefore cannot compenstate the Jews who have found refuge elsewhere. With all the Indignities to which the conquered German people have been subjected, the Nuremberg trials, the dismantling of German plants (many of them sent to Soviet Russia), Germany lias had about as much punishment as she can stand if Germany is to be strong enough to holp in the defense of Europe.

\$10.00 a day. They were greatly obligated to the New Deal. In a similar trial it was exposed that German witnesses were told that if they failed to testify as expected they and their relatives in Germany would have food rations withdrawn. Mr. Best insisted on seventeen witnesses, including Cardinal Initzer from Austria, but the New Deal Justice Department refused. He had no witnesses nor was he given any opportunity in this hurried trial to defend him-self. The strictest restraints were placed upon him. He was permitted no newspapers nor any mail. With the exception of a monthly visit from his wife, no visitors were allowed. He was moved from Boston to Danbury, Conn., then to Lewisburg, Pa., and finally to Springfield, Mo. Compare this treatment with that accorded Alger Hiss, who will not serve five years.

After he was railroaded in his trial at Boston, Robert Best had a brain hemmorhage and was placed in a hospital. The circumstances surrounding his removal and the lack of any privileges in following years points out the fact that he was deliberately and systematically murdered according to the instructions of the Jews in the Department of Justice. The criminals will be paid off with interest.

He died with a clear conscicence, knowing that he had held firmly to his convictions when the U. S. had been lied into war by F. D. R., and the Marxist Jews were screaming to stop Germany. Robert Henry Best had the courage to say then what real anti-Communists say now.

This great patriot's wife is one of which ho was justly proud. Somewhat younger than he, attractive, wall educated and possesting a warm personality, Mrs. Best was prevented for two years from coming from Austria to be with her husband in Boston. She eventually arrived as he was being moved to Connecticut and then followed him to Pennsylvania and from there to Missouri. Mrs. Best stands out as a strong Christian character. She visited him at every possible opportunity and followed him to the burial in South Carolina.

Mr. Best's sisters and brothers, who are held in high esteem in their community, may well be proud in having such a brother. His courage may be compared to that of the early patriots who gave their lives because they loved their country so dearly. Fearlessly he exposed F. D. R. and the communists who surrounded him as the real traitors to America, Christianity and civilization. F. D. R. turned millions over to communist slavery in Poland, Hungary, Czechoslovakia, East Germany, Manchuria and Korea and nearly succeeded in putting the United States under Red domination. South Carolina may well be proud of Robert H. Best.

The son of a Methodist minister, Robert Best lived a good, Christian life. His record is clean. He refused to compromise at a time when it was extremely unpopular to hold out against the communist New Deal which was willing to sacrifice our Christian youth to save the communist Soviet Union.

Such Marxist fronts as the Anti-Defamation League have often tried to smear COMMON SENSE for our defense of Mr. Best. We are proud of what little we have done in years past to show our trust and confidence in this great individual. I love Robert H. Best, the American patriot, who loved his country so much that he defied the Marxist Plotters even though he knew he would pay a severe price.

May I ask our friends of freedom to offer up their prayers for this silenced hero who gave his life so that we may be better informed.

July 10, 1950 Russian forces. These islands are part of Norwegian territory. Why should Russia defend them, and egainst whom? In April of 1945, Germany was already defeated. Russio and the Jews were looking forward to the Third World War, which would bring to a sucessful conclusion their fiftyyear-old campaign against the Christian nations which opposed the Jewish Anti-Christ of Communism. Now we have a binding military treaty with Norway, as a co-signer of the North Atlantic Treaty defense pact, according to which we are spending millions of doliars to arm those islands of Spitzbergen which Norway is bound to let Russia defend. This is only one more instance of Jewish treochery, by which the American people are being taxed beyond sufferance in order to re-arm Russia to attack the United Stales. This is being done through the Marshall Plan, by Point Four which Truman claims but which was actually authored by Earl Browder in hie book "Teheran, Road to Peace or War", and by the Economic Co-operation Administration, which functioned so well under Milton Katz in Europe that whola power plants went through West Germany to the Russian Zone and straight into Rusaie, all paid for by American taxpayers. Mr. Katz was rewarded by being made a director of the Ford Foundation which is headed by the aelf-proclaimed revolution-ary Robert Hutchins, who has \$500,000,000 to spend to promote his revolution in the United States

How much of this information is known to the Federal Bureau of Investigation?

Probably all of it. Their files on United Nations officials, of whom at least 60 percent are publicly recognized as members of the Communist explonage apparatus, have hundreds of pages of material bearof the Communist espininge apparatus, have hundreds of pages of material bearing out these points, but their hands are tied. They have no jurisdiction over tha United Notions, which is an armed camp of revolutionaries encamped on hallowed ground in New York City, with their own armed military force on their bit of inlernational territory. Americon laws do not bind these determined revolutionaries. We have no power over them, until that day when the American people will cry out with one voice, "Get out, you scum!" and these scroungy missits, the outcasts and ne'er-do-wells from every part of the world will go back to rag-picking outside the wailing walls of their respective nations, if they can get back in.

Many of them will take the easy way out, as Abraham Feller did, when he either leaped from his apartment in New York to his death, or was pushed. Who else was the apartment has not been determined. Many high Comunist oficials have gone out of windows "suicides" such as the late Laurence Duggan because dead men tell no tales to Congressional Committees. Abraham Feller was a happy, successful Jew in the Jewish hierarchy of the United Nations, earning \$18,000 a year, which is considerably more than we pay our own government department heads in Washinglon. Felier was legal counsel to Trygve Lie and the person who knew more obout the big Lie than anybody else in NewYork. Felier was due to be interrogated by the Senate Subcommittee on Internal Security. If he had been so questioned, what might have slipped out about Trygve Lie?

Abraham Feller, suicide or not, is dead, rnd Trygve Lie is still head of the United Nations, a living insult to every American citizen who believes in the American Republic. From his piush offices he issues his eneering communiques from "World Gov-ernment Headquarters" and waits for tha day when the Americans will be lying in their own blood in the streets of our cities. This is the only purpose of the Jewnited Notions.

#### THE LINDBERGH BETRAYAL

By Colonel E. N. Sanetuary

Recently, Charles A. Lindbergh's story of his flight across the Atlantic was published in the Saturdey Evening Post. Why was in the Saturdey Evening Post. Why was this allowed? We know that this great hero and patriot of America had hie career ruined, his reputation bilghted, his enormous value as a leader in aviation destroyed for one reason; his opposition to our entry into a war inspired by the British the Jays and Beautett and the layer and layer a ish, the Jews, and Roosevelt and his cabal.
To our knowledge the details and proof of
this vila plot to destroy Lindbergh
bave never been published before.

The mere fact that Lindbergh's story has been published is to be regarded with suspicion. Those Jaws who control the press picton. Those Jaws who control the press and publishing outlets in America cannot have forgiven Lindbergh. They are inca-pable of it. Rather they must think that be can be used by them in one of their unending plots against Christianity. There-fore, we must be an smart against the manunending plots against Christianity. There-fore, we must be on guard against the mo-tives behind this sudden favorable public-ity for Lindbergh. We believe that, just as the Alger Hiss story was hidden for the years so this story bas been hidden by the same morals who protected Hiss. It starts same people who protected Hiss. It starts a long way back, to the first World War.

In "Your Country at Wer", by Charles A. Lindbergh Sr., republished in 1934, there is a statement on page 7: "On a spring day in 1918 several government egents entered a print-shop et Washington, D. If our memory serves us correctly Dwight Eisenhower was placed over 260 high ranking officers when he received the European command of U. S. forces? Why? The "Jews" had reason to believe that Eisenhower was the man to carry out their plan of extermination of Germany and crush all anti-Communist forces. Ike proved worthy of their expectations, thus he was

It was good to finally get the Rosenberg traitors (and their pictures) off tha front traitors (and their pictures) off the front pages and on the hot seat where they be-longed. Our Bible tells us to "gather ye together first the tares, and bind them in bundles to BURN them." (St. Matthew 13:30). These are our internal enemics, concerning whom the Lord Himself gave Instructions. Yet much more fuss, egitation, legal maneuvering, picketing, and vast sums of money were spent by other ene-mies in behalf of these traitors than patriots have ever accorded to the bundreds of thousands of our finest youth who perish in an UNCONSTITUTIONAL war in Korea presumably fighting Communism in behalf of a foreign nation.

#### THE PLOT AGAINST OUR SCHOOLS

By Arthur Legation Andrews

A rapid barraga of orders from Eisen-A rapid carraga of orders from Eisenhower ordering an end to discrimination in the United States has culmineted in a dastardly attempt to pervert the minds of our young school children. First, there was Eisenhower's announced intention to appoint a Negro cabinet minister, from which he was dissuaded by the late Senator Robert Tell who pointed out that there were he was dissuaded by the late Seinator were ert Taft, who pointed out that there were no Negroes in this country qualified to hold such a crucial position. #### NEGRO PRAISES SEGREGATION

Reprint from Orlando Morning Sentinel

There is one Negro leader brave enough to stand up and say that segregation has benefited his race.

It took courage for this man to boldly make known his judgment of this highly cootroversial and inflammable racial sub-

He knew that by so doing he would be the target of the noisy politicians who ride into office on the votes they garner from at least publicly giving lip service to the idea of abolishing segregation.

There are others who are able to make good paying jobs for themselves by keeping the fires of racial discord burning brightly and obtaining contributions from the sincero but often misgulded believers in the "cause".

Undoubtedly some conscientiously want to end all racial barriers, social and otherwise:

But the voice of Sidney J. Phillips is fresh and calming in the midst of the outpourings we have been deluged with since the Supreme Court has been given the responsibility of deciding whether or not all separation of white and Negro public schools should end.

Phillips is President of the Booker T. Washington Birthday Memorial in Frank-lin County, Va. The State of Virginia had named a highway in honor of the great Ne-gro leader who became world famous as of Tuskogee Institute, the Negro school in Alabama.

The segregation system has produced an overall benefit to the Negro, said Phillips. He said the system had afforded the Negro an opportunity to work out his own destiny, "to find himself, to grow to man's estate without the compestition with which be could not have coped hed the dircumstances been otherwise."

The Negro's economic progress, said Philips, was "due in large measure, it not practically entirely, to the pattern of segregation."

Striking and emphatic words at this time from a member of the race whose self-appointed leaders have made the avenues of information run over with thier demands that segregation at all leads to the segregation at all levels be abeliahed instantly.

levels be abeliabed instantly.

The proposal to end segregation in the public schools is to be re-argued in October when the Supreme Court reconvenes after its commer recess. The estimate of what segregation has meant to the Negro race abould be placed before the court by those lawyers representing the Southern states that want the high tribunal to reaffirm is ruling that segregation is OK provided equal facilities ere furnished for each race. We bave fived end advanced for years under that plen, bringing the Negro's schools and pay for their teaches to en equality with the whites.

Negroes can continue their economic and other

Negroes can continue their economic and other progress under the system in this section the races will live in peace and harmony if the "outsiders" will let us alone.

There is similar opinion from Davis Lee, publisher of the Newark (N. J.) Telegram, a Negro

He says the efforts of "certain paid agitators and pressure groups" to have segregation in pub-schools declared unconstitutional would be a big set-back for Negroes.

This Negro editor says now-segregation in the North is 'not a howling success'. While a Negro can attend any school, few get jobs as schools teachers.

The State of Connecticut employs less than 25 Negro school teachers. In contrast segregated Georgia has 7,313 Negro teachers and paid them close to 15 million dollars last year; North Carolina Negro teachers earned over 22 million dollars in salaries. Florida is another state which ranks high in the number of Negro teachers and the amount they draw in salaries.

He says if segregation is wiped out 75 per cent of the Negro teachers in the South would lose their jobs.

In plain words this man says the North presches integration of the races but the Negro finds few jobs as teachers and most of the economic doors are closed against him. In the South which practices segregation thousands of Negro teachers draw millions of dollars in sales and there is no door which bars the Negro in his economic field. Segregation has taught him self reliance. in his economic !

The Jewish Gestapo at Work

In all states, where honest-to-goodness Americans are running for Congress, the natives are aware of a mysterious flood of money coming into their districts from unknown sources. Those who are informed knew where this money is coming from, and have learned that the Anti-Defamation League of the Bhai Brith (The Jewish Gestapo) is the mechine which distributes this macey, Arthur J. Goldsmith, louoging in his levish apartment in New York City, is the mastermind who deals out this Jewish mocey. This combination of criminal conspirators have one thought in mind—DEFEAT EVERLY AMERICAN THAT DARES TO OPPOSE THE MARK-IST PROGRAM. Their most important turgeis et this time are Senators McCarran, McCarthy, and Jenner.

The all-American writer, Westbrook Pegler, has been reodering a service to his country by look-ing into the activities of the Marxist, Goldsmith. In Mr. Pegler's column of November 13, 1952, ho writes: (Quote)

"Dwight D, Eisenhower had better get oo the ball right now and ride off any of his relatives who may be making henest dumb mistekes or yielding to the Rooseveltan instincts which made a racket of the Presidency.

He is described also as a retired broker. I have dealt in some detail with Goldsmith's activities and dwelt upon the fact that his letter-head groups give their address as 100 E 50th Street, which to most individuals, even in New York, would not depict the luxurious Waldorf Towers.

Miltoo Eisenhower, the President of Penn State College, made one visit to the suite of his brother. Arthur, and conferred there with Arthus eod Goldsmith.

I telephoned Arthur B. Eisenhower in Kansas City. He went on the defensive immediately. He said I was snooping.

"What do you mean 'snooping?" I demanded. "My name is Pegler. I told you that. I am a mewspaper reporter. I told you that. And I am saking you direct questions and you say I am snooping."

"I am not afraid of any disclosure" he said.

"I am not afraid of any disclosure." he said "All right," I said. "Who introduced you to Goldsmith?"

He said a mutual friend introduced them and. later in the conversation, said other persons took part in their conversations. I asked him who in-troduced them. He refused to say. He refused to name any of the others who joined them intheir discussions.

"I doo't want to be a party to any of your news," he said.

He also said:

"I am not afraid of any disclosure."

All right, then. I insisted, why all the mys-tery? What were they afraid of? I said it was strange that a group of honest men epgaged in legitimate activities could be embarrassed by mention of these meetings in print.

So far the film has done nothing but point out to our impressionable children that Negroes are a fine, cultured people, and that whites are crude, ignorant people filled with hate against their black betters. In other words, the government will force white siris to marry Negroes. Is this what white American want? Is it whot the Negroes want? No, but it is what the Jewish Communists want, and they will fight to act it. We must fight to stop them.

These few quotes should serve to illustrate the fact that the Jewish warfare against the Lindhergh family was not a recent occurrence. The son was the product of the father and fought the same battle.

In Lindbergh's story of his flight across the Atlantic, in the Apr. 18 1953 issue of the Saturday Evening Post, is his account of how Charles Levine, a Jew, tried to get Lindbergh to buy his company's plane, the Bellanca, so that he, Levine, and not Lind-bergh, could fly it across the Atlantic, This sounds fantastic. Since Levine did fly the Atlantic a month after Lindhergh in that very plane, it is obvious that his desire to have a Jew fly the Atlantic first was thwarted because he waited too long waiting for a Gentile to pay for the plane and trip.

On Sept. 11, 1941, in Des Moines, Iowa, Charles A. Lindberg gave a speech before an America. First rally in which he charged "tha three most important groups which have been pressing this county toward war are 'the British, the Jewish, and the Roosevelt administration." He advised, "that instead of agitating for war, the Jewish "that instead of agitating for war, the Jewish groups in this country should be opposing it in every possible way. . . Their greatest danger to this country lies in their ownership and influence in our motion pictures, our press, our radio, and our government."

radio, and our government."

This speech evoked a storm of vilification, abuse, vile lies by Jews and their fellow travelers, such as was expressed in "The American Hebrew" of Oct. 24, 1941: "The most dangerous man in the United States of America today is Charles Augustus Lindberg . . , One shudders at his act . . . He is America's No. 1 Nazi."

But more significant was the dissemination of a leafiet by the National Council of Jewish Communists, dated 9-18-41, one week a.ur his speech, published over the name of Max Steinberg, Secretary of the Council, at 35 East 12th Street. What address is this? Why, that of the Dally Worker, of course. Has the National Council of Jewish Communists ever been cited by the Dies committee or the Attorney General? Of course not. We do find though, in the suppressed Appendix IX of the Dies Committee on page 1,451 the fact that "Jewish Voice" was published by this same Council and with Max Steinberg as the Editor. We find further that Steinberg was a sponsor of the Committee for the celebration of 15 years of Biro Eddjan (tha Jewish Communist homeland in the USSR). See page 603. He of 15 years of Biro Bidjan (the Jewish Commistnist homeland in the USSR). See page 603. He
is listed as the Organization Secretary of the
New York District of the Communist Party and
as a member of the IWO. See page 852. On
this same page may be seen reference to the
"Jewish Buro of the Central Committee of the
Communist Party." On page 1,129 we find him
as a member of the Jewish Peoples Committee
Country Action Against Resigns and Antifor United Action Against Fascism and Anti-Semitism. On page 1,130 as a member of the Executive Committee of the Morning Freihelt. Jewish Communist organ.

Why have we belabored this point? Because Why have we belabored this point? Becausa this key lew, an open Communist executive, and the key for the entire Jewish community from that date on. Carefut ryamination of all subsequent publications or stories issurd from Jewish or Jewish controited sources bears out the fact that he laid down the party line not only for openly Communist Jewa but for all Jews.

The leaflet was entitled "Lindbergh—the UnAmerican Way!" It called Lindbergh and his
cohorts "Hitler's advance guard in America. The
enemies of the Jewish people are the enemies
of America. Defeat the anti-Semites—
betrayers of American democracy!" And so on.

The American Jewish Committee, silent until this party line edict was published a week after

Lindbergh's speech, immediately issued a joint statement with the Jewish Labor Bund against Lindbergh on the very same day: September 18.

Two days later the pacifist "Keep America Out War Congress" knuckled under and attacked Lindbergh.

One week after this the Communist "Christian" clergy and rducators "rebuffed Lindbergh's finalit to Christ" in Kenneth Leslie's Red "Protestant Digest". Seven hundred signed this state-

Birkhead, probably one of the most loathsome individuals that ever lived, published a pumphlet "is Lindbergh a Nazi?", expensively produced, utterly vicious in the roatent. Among those quoted as attacking Lindbergh were Wrndell L. Wilkie, and Thomas E. Dewey.

Among the members of the national committee of the "Friends of Democracy" were the Communists or pro-Communists: Mary McLect Bethune, Van Wyck Brooks, Arthur J. Goldsmith, Eduard C. In conclusion we refer to the sworn statement of Thomas F. Rice, Special Agent for the Department in Justice, and Special Assistant to the Attorney-General.

Rice stated: "That on Feb. 24, 1832, he made direct contact with Gaston B. Means and two of Mean's confederates. Franklin Delano Rossevelt KNEW that Lindbergh's beby was going to be kidnapped and refused to set up any precautions. Was this because his himself siready had forestern with the impending kidnap and murder?

At the present time newspaper reports have stated that Lindbergh has been the confidential advisor to General Hoyt Vandenberg. The Air Force has been cut to the bone by the Eistyhower administration. Could this be a part of the same great fight between Lindbergh and the enemies of the United States? . .

Dear Mr. President:

Dear Mr. President:

With deep respect, but in a matter of grave concern I write this letter to you.

As an American, and being one who will fight to uphold every God-giving blessing that has been bestowed upon this Nation, I, and thousands like ms, are becoming quite slarmed at the evil oet that is being threwn around Coercess and at the same time the deplorable censorable that is politely being crammed down the throats of we the American citizen.

In that real American newspaper, the Los Angeles Horald Express of June 24th, three was an article stating: FIHANCER STRAUBS IS IKE'S CHOICE AS CHARMAN FOR ATOMIC ROARD, This article goes further to state: that Strauss has been serving since March as the President's UNSALARIED ADVISOR. . . . MR. BERNARD MANNUS BARUCH, the most powerful man in America, has also been serving as your advisor. Has he not? Is this comination of Strauss your idea or his?

Mr. Lewis Strauss, as you know, is a partner of THE KURIN, LOEB COMPANY . . . This is the New York Banking House that financed the BOLSHEVIK REVOLUTION in 1017, Remember? Strauss has also beec one of those kidden "influences" that has lind veloc in the Atomic Bnersy Program since its conception. One by eoo, Mr. President, you ere appointing your personal "friends" into important; and critical positions ef our Covernment. Since I voted for you last November, I would be all for it, except the individuals in question have had many interests that have been definitely contrary to American principles and ideals.

All of these "powers" were related, or they are partners, of THE KUHN, LOEB COMPANY "." Your selection of Lewis Strauss is arr insult to the intelligence of the American people. Do you honestly think for one moment that we can forget the black pages of history? The Kuho, Loeb Company has PROVEN by their Own ACTIONS WHAT THEY WILL DO POR OOLD. I told Eisenhower that the family name now had a new importance. When she brother of the President-elect had meetings with a man of Goldsmith's mysterious political character, who feats might be of interest to the public. of relatives of a President.

I don't know what Arthur and Milton Eisenhower were up to with Coldsmith but I do know enough about Coldsmith and his political machinations to insist on facts and to reject this stuffy indignation that Arthur Eisenhower displayed. That reaction makes me auspictous. I sent Coldsmith a telegram about all this but got ne reaction at all.

Arthur Eisenhower did admit that he and Goldsmith bad conforred every day of the six days that they were neighbors in the Towers.

There are a hell of a let of people in the Tower at least as interesting as Goldsmith, Herbert Hoover, for example. But of all the residents and transfent inmates, Goldsmith was the one who was in and out of his place and vice versa every day for almost a week. (End Quote)

(According to the Jewish author, Paul Goodman, in his book, "A History of the Jews," page 133, there were around \$40,000 Jews in Germany just prior to the advent of Hitler. On page 163, Goodwin states that about \$60,000 Jews came to the United States during 1031-1040, of whom approximately 43 per cent were from Germany. In contrast, when a demand was made to the Bonn regime by milliens of former German soldiers for paymects for the time they had to spend in Allied internment camps after World War II similar to the compensation granted recently by West Germany to hundreds of theusands of Jewish and ether alleged victims of persecution by the Hitler regime—the pelitien of the former German soldiers was flatly denied by Chanceller Adenauer.

#### CONSPIRATORS CAPITALIZING CHRISTIAN CONFUSION

#### Red-led, anti-Christ, world-wide, creeping-conquest winning cold-war with strategy based on confusion of free-world

Jesus was not a "Jew"!

The "Big Lie" to the contrary is the pivotal point about which rotate the anti-Christ forces so energetically axerted throughout the world for the total destruc-tion of Christianity and all it represents.

Countless devious methods are auti-Christ lonspirators of the schemes employed for this purpose by the anti-Christ lonspirators. The indifferent of the schemes employed for this purpose, by the anti-Christ conspirators in their these pariest Christianity actuals. war against Christianity sounds incredible, but not to Christians who have investi-gated the subject to the extent justified.

The anti-Christ conspirators are making capital of the "Big Lie" that Jesus was a "Jew" as the catalyst with which to transform their age-old dream into stark reality. Their aim for centuries was focused upon erasing Christianity from the mind of man and eradicating from the face of the earth every spiritual and cultural Christian landmark, without any exceptions.

The anti-Christ campirators are dedicating their lives and material resources to the achievement of their ambition. Their policies and programs in every walk in life are committed to accomplishing that aim, and at the first opportunity within their power to do so.

The descration and the ultimate destruction of the milestones in the march of Christianity is the purpose doesn to the hearts of the anti-Christ conspirators. They justify the sacrifices they make as continuious towards the early attainment of their unholy appiration.

The anti-Christ compirators appression to be winning the war they are waging against Christianity. Christians appear unaware of the danger which hovers over them. Christianity does not appear able to withstand the disintegrating action of this corrosive influence. How long before it is too late to thurst their plan?

long before it is too late to thwart their plan?

Christians must institute at once a more intensive and aggressive ideological counter-offensive. The foeble but courageous defense by the few Christians making the attempt invites defeat. The trend must not only be arrested, it must also be reversed. Progress in the wrong direction must end, before it ends Christianity. The anti-Christ conspirators are the master-minds and the main-springs of the critical developments throughout-the world which portend such disaster for all mankind, excepting only themselves. The similar pattern of each one serves only to confirm the common origin of all. There can no longer be any mistake about that.

The anti-Christ consultators are new

The anti-Christ conspirators are not feeding the fuel to the flames which now threst-en to consume all mankind's progress since the birth of Christ., Under their rule the liberty.

freedom and dignity of the human individual is desirned to disappear from the face of the tarth. A society of slaves to the state will replace our Christian civilisation founded upon the God-igiven inherent and snallenable rights of mankind.

The subtle methods employed by the anti-Christ compirators are so observity camountared that Christians today are totally important of what is actually taking piace in the world. Unless Christians wake up soon it may shortly be too the total to a world to the which is being arranged. The property of the program and a definite time-table.

The Christian clergy, at the high and low levels, and Christian larguen occupying positions of great strategic importance in political, social and conomic circles, have long sensed the extatence of this anti-Christ conspiracy. They appear to be well supplied with the facts which disprove the "Big Lio" that Jesus was a "Jew".

coprove the "Hig Lie" that Jesis was a "Jes", it is now growing very lato. Christians still have time to speak up in the defense of Christianity, if they elect to do so soon. The shadows which coming events cast before them raise it look as though this will be their last opportunity to do so. This opportunity may soon disappear, never to ever make its reappearance.

desappear, never to ever make its respectables.

Abraham Lincoln uttered words of great wisdom when he said that those who remain silent when they abould speak are cowards. The fate of Christianity must not be allewed to remain exclusively in the hands of cowards. The fear of political, social or economic sacrifice must be removed as the psychological road block which now threatens the survival of Christianity.

which now increases the autival of Christianity.

To a far greater axtent than realized, the Christian clergy has become the heatmage of the anti-Christ consultators. The Christian clergy fear the remewed amen of Christianity, They know their penalty for publicly airging the "Big Lie" that Jesus was a "yew". Their fears are founded on fact. Public discussion by Christian elegar of the "Big Lie" that Jesus was a "yew" would automatically act into motion a renewed amear campaign against all Christianity.

The anti-Christian experiments when the

The anti-Christ conspirators have in fact decreed a "taboo" on discussion of the "Big Lie" that Jesus was a "Jew." This prohibition inhibits Christian clergy with the force of an edict by the church hierarchies, From a practical point of view, their discretion may display better judgment than valor might at this moment.

The facts which follow are the result of the lifetime research by the world's most
competent authorities on this subject. The facts
which are stated here may be disputed, they
may also be denied, but they can never be disproved. The following facts are all accepted
universally without question by every leading
historian, theologian, archeologiat, philologist,

Read and pass on!

The facts which follow will disprove the "Big Lie" that Jesus was a "Jew". These same facts are the foundation upon which Christianity erected the atructure which has exerted the most vital civilizing force ever to impress its influence upon mankind. Christian civilization is the application of the teachings of Jesus to all. Modern civilization dates from the advent of Jesus.

Christians search their souls in vain to find the answer why the anti-Christ conspir-sion in the the sense was a "feet" in the upon think they are on much stress. Christians have opered themselves without success to dis-cover the answer. The answer will be found in an understanding of their sinister conspiracy.

an understanding of their sinister conspiracy.

The anti-Christ conspirators have come to the conclusion that the "Big Lie" that Jesus was a "Jew" is their most effective secret-weapon in the war they are waging to destroy Christianity. This fact is confirmed by an abundance of cridence. Their attitudes and activities supply the proof which establishes their guilt,

Jesus was not a "Jew." Jesus was a Judean. During the lifetime of Jesus here on earth, there were never persons described as "Jew." anywhere. That fact is supported by theology, history, and science. That fact is incontestable. "Jews", by any name, did not exist.

contestable. "Jewa", by any name, did not exist.

The distinction and the difference
betwen Judean and "Jew" may not be apparent
or evident at first glance. But the distinction
and the difference are very important. In the
time of Jesius, it is certain that "Jew" did not
exist anywhere, either in the sense that "Jew"
is now applied to the period at that time, or in
the sense that "Jew" is now applied to persons
who have conspired to style themselves "Jews".

Jesus dwalt in Judea. At that time

wno nave complied to style themselves "Jews"

Jesus dwelt in Judea. At that time
in its hettle history, Judea was a province of
the Reman Empire. During the five preceding
centuries. Judea had been, first a province of
the Babylonian Empire, and thereafter a like
province in the Persian Empire, During this
500 yetr period, the persons who made Judea
their domicile were correctly called Judeans.
"Jewa" were neither a sect nor a cult in Judea.

to the birth of Christ, Judeans were not described, or referred to as "Jews". This applied to the entire population of Judea, and to all the history, Contemporary literature offers proof of the fact Judeans aw riot nor heard the word "Jew".

Contrary to the traditions and to the legends believed by all Christians, with a few exceptions, at the time Jesus made Hu home in Judes, Jodes was not the "hemeland" of the ancesters of the persons throughout the world today kno style themselves "Jews". That myth existed for centuries. It has been completely exposed and exploded in recent years. The encesters of the persons who today style themselves "Jews" never set a foot in Judes. They existed at that time deep in the heart of Asia, their Thomeland", and were known as Khazars.

(Continued on Page 2)-:

#### JESUS NOT A "JEW"!

-(Continued from Page 1)-

This historic fact epplies also to Judea prior to the time when Jesus dwelt there. Nons of the provinces of the same name which occupied that area under the rule of other empires, nor any of the kingdoms or sovereign states which occupied that area before it because a province of the Babylonian Empire, including the short-lived kingdom of Judah, were the "homeland" of the ancestors of those persons throughout the werld who style thremselves "Jews" today, only to camouflage their compliancy.

Jesus was a Judean. Like all others, who dweit in Judea, Jesus was also a Judean. Through the ages, "Judean" has always, explicitly and implicitly, been a geographic or topographic term. By the widest siretch of the imagination, the term Judean could never signify racial origin or form of religious worship. It could only designite one thing, geographic place of residence,

Exactly as the term Texan signifies a person making his home in Texan, the term Judean signifies a person making his home in Judean. Like the term Texan, the term Judean is a geographic or topographic term. There can be no doubt of it in the mind of a sane person.

There are Texans in Texas today of all leading religious beliefs, and all principal racial origins. The designation "Texan" signifies neither the racial origin nor the religious belief of any Texan. Besides beling a Texan however, very Texan is also a member of an organised religious belief, or an atheist, and a Caucasian, Redskin Indian. Negro, or a Mongolian, racially.

When Jesus dweit in Judea, the term Judean theo was as exclusively goographic and topographic as the term Texan is today for those who dwell in Texas. Racial erigin or form of religous worship was not instinuated then by the term "Judean", nor now by the term "Texan".

はいっといういかのかいいというないという

the term "Judean", nor now by the term "Texan".

The ranial origin and the form of raligious worship practiced by Jeaus can be established just as definitely as His Judean astemative of any doubt, Jeaus in Judea was not symember of the "race", the "religion" or the "nation" of the ancestors of those persons throughout the world who today style themselves "Jews", and thereby claim o kindibly with Jeaus "Jews", and thereby claim o kindibly with Jeaus "Jews", and thereby claim o kindibly with Jeaus "Jews". The manuscripts of the New Testament were written to the Greek language. In these original manuscripts of the New Testament Jesus is described and referred to exclusively as a Judean. Scripts of the New Testament were written by contemporaries of Jesus, there one as a "Judean, rever once as a "Jew", In the 4th Century the New Testa—

In the 4th Century the New Testament was translated from the Greek toto the Latin by Saint Jerome, for the first time. This version of the New Testament in Latin is referred to as the Vulgate Edition. This version of the New Testament was altopted by the Christian Church as its official version. In the Vulgate Edition of the New Testament Jesus is likewise described and referred to exclusively as a Judean.

In neither the manuscripts of the original New Testament in the Greek language, written by the contemporaries of Josus, nor in the translation into Latin by Saint Jerome, adopted by the Christian Church as its official version, was Jesus described or referred to as a "Jew", Josus was a Judean to them, never a "Jew".

In all the recorded history of mankind prior to that period, there is no record of a race, relicton or nationality described or referred to by the word "Jew". In spite of the powerful prepaganda effort to prove otherwise, self-styled 'Jews' were not able to do this.

In the year 1380 a translation of the New Testament from the Latin appeared for the first time in the English language. That translation is known today as the Weiliff Endtion. In the year 1534 another translation into the English language appeared, known today as the Tyndal Edition. In them Jesus is not a "Jew".

the Typical Edition. In them Jesia is not a Jew. In the year 1539 anisher translation into the English language appeared, known today as the Cranmer Edition. In the year 1557 another translation into the English language known today as the Geneva Edition appeared, followed in the year 1582 by the Rheima Edition, and then in 1611 by the Authorised Edition.

language were made from the transistion toto Latin by "saint Jerome in the 4th Century. In these first translations into the English language, to each instance, the editors used the word them to current use in the English language for the word lodicating Judean in Latin in the Vulgate Rditique of the New Testament. But in no case did any of them use the word "Jew", which as a consequence, does not appear in any of them the translations over to be made of the New Testament) into the English language, as subted.

In the more recent versions of the New Testament in the English language, the word "Jew" was substituted for the first time for the versions previously used in the English language for the word "Judean", Jesus was described and referred to then as a "Jew" for the first time. The first use of the word "Jew" in this manner only occurred in the 17th Century.

The word "Jew" was first coined in the 17th Century. Prior to that late century. "Jew" did not exist in the English tanguage. William Enkalespearo never meed the word "Jew" in any of hie works, contrary to what is otherwise understood, William Blagkerpeare never saw or heard the word "Jew", It was coined after he had gone to another world; atrange but true,

The introduction of the word "Jew" into the English vocabulary demands and deserves an explanation. The word "Jew" in the English language came tote existence as a contracted and corrupted form for the earlier Old English word "Iudeas". "Iudeas" was the earliest form of the word to the English language to convey the meaning of the corresponding word in Latin, in the Vulgate Miblion, for "Judean".

The Latin, in the visigate amount, for Sincent.

"The Latin "Judents" comes from the Oreck "Iotidator". The Oreck "Iotidator" also means Judean, Over a period of many centuries the early Old English "lideas" developed into the 17th Century "Jew", a long road as will now be seen, from Oreck "Iotidates" to English "Jew".

be seen, from Oreck "Joudales" to English "Jew".

From the "Iudeas" in early Old English to the 17th Century "Jew" of modern English, many other versions at the word came into use and were discarded. Ret "Jew", there came into use successively Gyu, Gie, Gyu, Tu, Xuu, Iuw, Jeu, Ietu, Jeu, Xwe, Ietu, Jeu, Ywe, Low, Jewe, Leue, Jue, Ive, Low, and then finally in the 17th Century, Jew. For "Jews", there came his use successively Glwis, Giws, Gius, Gluss, Gyuss, Gyres, Glws, Guss, Joues, Gyres, Glws, Ceus, Iuyz, Iows, Youn, Iowis, Iows, and finally in the 17th Century, Jews, with no changes after that date.

The vosabulary of the English language reveals many other words which the English language has acquired from foreign languages by the same process. The English language creates its own shortened form, or its more easily pronounced form; or a form which a both, for foreign words which are long and difficult to pronounce in sherr foreign spelling. The English vocabulary was expanded from less than 1,000 words to more than 20,000 words in this manner. "Jew" thus became an English word.

this manner. "Jew" thus became an English word.

The facts to pass that in the 17th bentury, to the first time, Jesus was described and referred to as a "Jew". Then with the use of the new printing press in the 17th Century, the version of the New Testament to the English Insusage was widely introduced among the English Insusage was widely introduced among the English-speaking homes, for the first time in history. And so to the English-speaking people, Jesus became a "Jew". Self-styled "Jews" then adopted the word.

"Jew" has been given a few misleading secondary meanings as the result of powerful propagands. There misleading secondary meanings for the word "Jew" are totally theonesticant with the original intent and correct meaning of the word. These uses did not occur as a matter of accident. They were the product of the most powerful propaganda affort in all modern history.

This powerful propaganda effort had a single and simple purpose. It aimed to associate in the minds of Christians a common origin for persons throughout the world who styled themselves "Jews", and Jesus Christ whom they also styled a "Jew". That become their theme coug.

atylod a "Jew". That became their theme cong.

The powerful propaganda effort of self-styled "Jew" throughout the world today is directed towards creating the helief in the minds of Christians that, (I) self-styled "Jew" throughout the world are members of a "race" and "nation" which worships according to an ancient religious belief common to all "Jews", and (2) Jesus Christ was a member at the same "race" and "nation", known today se "Jews", and that Jesus also practiced that same religious worship.

Jesus also practiced that same religious worship!

ganda efforts of self-styled "Jesu" throughout
the world is the ballet, generally held by Christians, of an alleged historie connection with
Palestine, in ansient history, set the ancestors of
self-styled "Jesu" today. "All sendable evidence
points to the fact that the ancestors of selfstyled "Jesu" today were hat a "race" which
occupied Palestine as a "malion; in annotes thistory, and while temporarily resident there, created a new "religion", unknown to any before them
that the countricture occupied production of the country.

The anti-Christ conspirators swarming over the world teday, aiming at the total destruction of Christianity, "wertook no opportunity to circulate the "Big Lie" that Jesus was a "Jew". As atted, they also aim to convince Christians that Jesus was a member of the same "race", the same "nation" and the same "race", the same "helican" form which self-skyled "Jew" since.

Belf-styled "Cover tiday are integralhappy with their accel-weapon. They never limitate an instant to use it been Christians to "remind" them that, "Jesus was a Jew too", or "Jesus was one of our race", or "You made a Jew your God", or "You worship a Jew in your church", or any of the many other standardized similar senseless statements. Why do self-styled "Jews" today make such statements when they know the facts to be otherwise? Ask them, why?

Self-styled "Jewa" today find no difficulty in silencing Christians with their secretivealpon, "the "Big Lie" that Jensus was a "Jew". It acts as a most effective gag when one is desired. As a consequence, Christians find it difficult to discuss with self-styled "Jews" today many topics of the greatest importance to our world peace. Belf-styled "Jews" appear offended when the topic of communism brings in religion.

At the first hint of any intention to discuss a subject which has been declared "ts-boo" by self-styled "Jewo", they quickly trot out the "Big Lie" that Jews was a "Jew". Christians are immediately "reminded" that "Jesus was a Jew too", and etc., etc., ad nauseum. Doless Christians refrain from further discussion of the subject, just as sure as night follows day, they find themselves targels for victous smears.

Regardless of which way a Christian torns today, he is reminded constantly that Jesus was a "Jow". Christians read it, see it, and hear it newsdays - wherever they go. It sounds incredible but it is nevertheless true. Christians are the target for this shister propagands from Christian leaders, as well as from self-styled "Jews" today subsidiae two leading Christian organizations for this work.

Is it any wonder that today Christians swallow the "Big Lie", Jesus was a "Jow"? Where is the source of this unsean power which secretly underwrites Christian effort to infect Christian thinking with this un-Christian, non-Christian, and anti-Christian satanic untruth?

Christian, and anti-Christian satanic untruth?

Because the "Big Lie" that Jesus was a "Jew" is fraught with danger to Christianity, Christian leaders should tell Christians the truth, the whole truth, and nothings but the truth on this subject in all haste. The following are a few examples of what is taking place. If space permitted, thousands of other examples are available. This would only serve to multiply untruth.

The "holy of holies" of the Christian publications, of the Protestant churches, is "Dojecopal Church News". It is the eldert and most respected of Protestant publications. It was founded in the year 1835. When its editors, expected as the "facts of life" on that subject by one of the largest and most important segments of Christianity in the United States, aid maybe the world. The editorial comments of its renowned editors, the Reverends C. Edward Berger, W. Leigh Ribble and Chad Walsh, are the signposts todicating the direction of Christian thinking on any topic in the year 1935.

The Reverends Berrer, Ribble, and Walsh, in the December 28, 1952 issue of "Episcopal Church News" featured an editorial under the title, "The Circumcision of Christs". Those three eminent Reverends can hardly be charged with ignorance of the facts stated in this publication, or with indifference to the truth. Every must be familiar, and with which they can matther express doubt nor disagreement, But in spite of all proof to the contrary, this statement appeared in the aforementioned recent editorial:

"CHRIST WAS A JEW .... IN A VERY REAL SENSE ALL CHRISTIANS ARE JEWS."

The very eminent Reverends, John Haynes Holmes, Minister Emeritus, and Donald Harrington, the present Minister of the Community Church in New York City, are two outstanding Protestant Churchmen, with a large nation-wide acceptance for their points of view.

The New York Times, of December 22, 1952, gives prominence, as a news Item, to the eighth "Caristmas-Hanitkah" celebration held jointly by the Reverends Holmes and Harrington, in Community Church on December 21, 1952. This highly publicized annual event attracts a large attendance, and is given very effective publicity from coast-to-coast by self-styled "Jews".

Consistent with the pattern of the prepaganda effort of Christian elergymen today, Reverend Holmes strassed the point that "Jesus was a Jew", as he so often does in his public statements. The New York Times confirms Revarend Holmes' emphasis on the "Big Lide" that Jesus was a "Jew" with the following reference to his remarks to that effect, at the celebration:

"CFFING THE PACT THAT JESUS WAS A JEW. HE (Reverend Holmes) SAID

The sermon delivered in the Holy Name Cathedral in Chicago, by the Reverend Thomas A. Meehan, editor of "The New World", Chicago archdiocese newspaper, was quoted and commented upon in the May 24, 1952 issue of "The Parish Calendar", a periodical published by Saint Stephens Church in Philadelphia. Penn.

The entire back-page of "The Parish Calendar" was devoted to quotations from that sermon, and comments of the editor. Space here will only permit a short extract from it. The entire page is filled throughout with sentiments like the following out of that sermon:

'REV. THOMAS A. MEEHAN . . . REMIND-ED (HIS CONGREGATION) THAT THE DEAREST AND MOST INTIMATE FRIEND OF EVERY TRUE CATHOLIC IS A JEW-AND HIS NAME IS JESUS CHRIST' . AND IF IT WASN'T FOR THE JEWS WE WOULD NOT HAVE JESUS CHRIST SINCE IN A SENSE THEY GAVE HIM TO US' . . .

What defense can they plead for What defense can they plead for giving "aid and comfort to the enemy?", as they are deing. It is rightfully said, "half the truth is more dangerous than a lie". If they knew only half the truth, it behoves them to reserve mak-ing public utterances until they knew all the facts. regardless of the subject. The world as-pects from them "the truth, the whele truth, and nothing but the truth", but does not get it.

When questioned in private, Reverend Birkhead acknowledges that Jesus was not a "Jew". But in his "column" in a December issue of "Expose", Reverend Birkhead's first line is the direct opposite of what he knows to be the truth:

"JESUS WAS A JEW. CHRISTIANS GO TO CHURCH EVERY SUNDAY AND WOR-SHIP JESUS THE JEW."

The Christians who accept Reverend Birkhead as a Christian minister will be sur-prised to learn that Reverend Birkhead has for many years been an undercover propagandist for the anti-Christ compliantors. The anti-Christ the anti-Christ conspirators The anti-Christ conspirators have contributed millions of dollars to Reverend Birkhead's anti-Christ organization called, "Friends of Democracy", which is in fact one of the many "fronts" for the anti-Christ B'nal B'rith's Anti-defamation League "gestspo".

To an equal degree with other de-ceptions, the anti-Christ consultators succeeded ceptions, the anti-Christ conspirators succeeded in decelving Christians concerning the form of religious worship practiced by Jesus. The anti-Christ conspirators knowingly, wilfully and malticlously represent "Judatam" as the ferm of religious worship practiced and appreved by Jesus.

Christians at grass-root levels under-stand neither the origin of, nor the ideology of, "Judaism". What Christians today know concern-ing "Judaism" is the product of powerful propa-ganda. It is not a true pletnie of its origin or ideology. Christians are told shout "Judaism" only what self-styled "Jews" itoday wish them to believe. Other facts are kept from Christians.

However, the Christian clergy know the "facts of life" concerning "Judaism". That subject is thoroughly sired in Christian theological seminaries. The Christian clergy cannot with grace plead ignorance like the Christian layman.

grace plead ignorance like the Christian layman.

Belf-styled "Jews" now exert a form of ideological duress upon Christians. They have decreed a "taboo" upon public discussion of the alleged confraternity of Jesus and "Judaism". A prohibition by self-styled "Jews" inhibits the Christian ciergy of laity from public discussion of what Jesus thought and said about "Judaism".

The Christian hierarchies realize that violation of this "taboo" by them will invite a smear campaign against them. They have witnessed, and in many cases tasted, the havo wrought by the emear campaigns of the anti-Christ conspirators. They are not unaware of the countless mediums ewned or controlled by them, and in constant readiness to go to work on Christians who dare to ignore their "taboos".

on Christians who dare to isnore their "kaboog".

The fear of this amear is the feator which operates to keep this subject "under wrapa". With the fear of this smear keep this subject "under wrapa" forever? It is often true that discretion is the better part, of valer. Under the ctreumstances it may be wiser to display a little more valur and a little less discretion.

The anti-Christ conspirators have The anti-Christ conspirators have The "Pharisee", the sect in Judea quith anything but the truth. Truth is indivisible and indestructible. They are possessed as "Jewa" today as "Jewa" in Judea, in the time of Jewa" in Judea, in the truth wishe and indestructible. They are possessed Jewa" today as "Jewa" in Judea, in the time of Jewa" in Jewa in Jewa" in Jewa in Je

The anti-Ghrist conspirators will stop at nothing to prevent Christians from learning the truth about Jesus and His alleged confraternity with "Judzism". When Christians confraternity with "Judalem". When Christians learn the truth about that form of religious worship self-styled "Jews" today refer to as "Judalem" in the time of Jesus, thay will not believe the fletton of the fletion of an alleged confraternity between Jesus and "Judaism". The truth will and all doubt.

Different origins distinguish "Jew" and "Judalsm". They sound alike to the ear, but that is all. "Jew" sounds like the first syllable of "Judalsm". But it is not. Christians haye been an easy prey for Self-styled "Jews" because "Jew" and "Judalsm" have similar sounds. But this synthetic confusion must not eclipse truth.

The powerful propaganda effort of self-styled "Jews" in modern history has taken The powerful propaganda effort of self-styled "Jews" in modern history has taken two totally unrelated words and made them mean almost the same thing. Christians must leave no stone unfurned to find out the facts about "Judaism". Is it to be a case of too little and too late" in the case of Christianity also?

This is "the truth, the whole truth, and nothing but he truth, the whole truth, and nothing but he truth, about the origin and theological content of "Judaims". The facts recited here upon this subject could not be more suthentic. The authority for any fact stated here is reliable. The sources of information are the most highly regarded tertinosts on the subject by the most respected suthorities among ject by the most respected authorities among self-styled "Jews", specialists in this very subject

For many centuries, Christians have been fed powerful propaganda reiterating that in the time of Jesus in Judea a form of religious worship was practiced there known as "Judalam". This powerful propagands also alleged that "Judaism" was the form of religious worship brackleed by Jesus, and by His family, prior to His birth. They call the Holy Mother a "Jowess".

Christians for centuries have assumed Judesns were really "Jews" and that that "Judeisn" was the form of religious warship practiced by Jesus. Christians for centuries have also assumed that Judesns were "Jews" and that "Judaisn" was the form of religious worship practiced by "Jews" whetever they happened to exist, or drift, during the past 2,000 year period.

However. "Judatsm" was not a form of religious worship practiced in Judea in the time of Jeaus. "Judatsm" was not a form of religious worship practiced in Judea at that time. Then, or prior to that time. "Judatsm" was unknown in Judea to the sect whom self-styled "Jews" in Judea, in the time of Jesus. There was no "Judatsm" then.

The word "Judalam" did not yet exist in the time of Jesus. The word Judalam" was only coined after the Crucifixion. And when the word "Judalam" was coined it did not refer to a form of religious worship. It referred to the civilization of Judea, meaning its language, poetry, art, science, manners, customs, end its institutions science, manners, customs, end its institutions among which were widely differing forms of re-ligious worship practiced in Judea at that time.

Flavius Josephus, a historian writ-Flavius Josephus, a nisorian wrising in the Greek language, coined tho, word
"Judaiant". Flavius Josephus, searching in the
Greek language for the Greek word to express
Judean civilization, found no such word in the
Greek language. Flavius Josephus was seeking a
word for the civilization, net fer any religion.

Flavius Josephus was writing for the instruction of the Oreeks and Romann at the time. Flavius Josephus sought in vatn for the word which indicated the civilization of Judes, to be able to contrast it in his writings then with the civilization of Greece, or "Hellenism" as it was known. Necessity for such a word compolited Flavius Josephus to coin one. "Judeism" is the word Flavius Josephus thereupon coined to describe the civilization of Judes. There was necessive of the large word to any other language to no corresponding word in any other language to specifically identify the civilization of Judes.

specifically identify the civilization of Juosa.

"Judaism" was not the mame of a form of religious worship practiced anywhere on the face of this earth in the time of Jesus. How could "Judaism" then have been the form of religious worship practiced by Jesus in Judea? None of the many religious seeds in Judea in the time of Jesus practiced a form of religious worship known as "Judaism", including the seet whom self-styled "Jews" today refer to as "Jesus"

During his lifetime. Flavius Josephus

During his lifetime, Flavius Josephus was regarded as a "traitor to his race", by the sect in Judea referred to by self-styled "Jowa" today as "Jowa" then, but he was not that at all. His historical works accurately exposed and ex-plained the part played in the politics of the nation by this sect conspiring to become its rulers.

The religious sect in Judea, in the time of Jesus, which all self-styled "Jesus" today refer to as "Jesus" then, was the religious sect known as "Pharises", "Judaims" today and the "Pharisisism" in the time of Jesus are the same.

tical, er historical ideas. Hence, the term "Judaism" remained absolutely unknown to them fill:

It was only in comparatively recent times, after self-styled "Jews" in modern history became familiar with Chuistian literature, that they becam to name their form of religious wonship "Judaism". It is a modern innovation that confuses Christians who are not told the facti.

The Christian writers had select agen the name "Judaism" to distinguish Chris-ianity from all other forms of religious worship preserved the word "Judaism" by mere accident, and, it was only in comparatively recent times that self-styled "Jews" discovered the word in Christian literature, and commenced to use as the name for their form of religious worship.

. The word in the Greek language coined by Flavius Josephus to describe the civilization of Judea was "Ioudaismus". From the Greek "Ioudaismus" came the Latin "Judaismus". From the Latin "Judaismus" came the English "Judaismus", now the official title for the form of religious worship of self-styled "Jews" today.

The first appearance in the English language of a word from the Latin "Judaismus" appeared in the year 1494. That word was "Tudaisme". The first recorded appearance in the English language of the word "Judaism" was in the year 1725. It is of modern vintage,

The English used the word "Judaiam" in its most timited sense. They used it
to describe the form of religious worship practiced by self-styled "Jewa". As explained earlier,
the Christian writers had select upon the word
"Judaism" for that purpose only very recently.

In the time of Jesus there were ne words in any of the Semitic languages corresponding with the Greek Toudaismus". If such a word did exist in any of the ninoteen Semilic languages, it would have appeared in Aramate or Syriac, the two Semitic languages then chiefly spoken in that area in the time of Jesus. There was no word for the civilization of Judea in any language, requiring that such a word be coined.

language, requiring that such a word be coinco.

The form of religious worship practiced in Judea in the time of Jesus, referred to by self-styled "Jews" today as "Judaism". was known at that time to the people in Judea as "The Traditions in the Pharisess". Historiana and theologians have shortened it to "Finarisa-"ism", this discarded ancient name for "Judaism".

. The religious form of "rorship in Jude" in the day of Jesus, known as "Pharlasiam", has emerged in modern history under its new name, "Judaism". The world's outstanding authority on the subject is Professor Louis Principles of The Jewish Theological Seminary of America, who supplies proof of this fact.

Professor Pinkelstein, in his classic work on the subject, "The Pharisees, The Sociel-ogical Background of Thair Faith", published in 1946 by The Jewish Publication Society of Amer-ica, in Philadelphia, states his findings thus:

verse types, yet united in their legalty to their varie types, yet united in their legality to their ancient teaching . . . As recently as the latton half of the nimeteenth century, there were ribbby who . . , were the equals of the greatest of the Pharisale or Thimudic sages . . . demonstrates the enduring importance which attached to Pharisalsm as a religious movement."

Self-styled "Jews" today, through-out the world, regard Michael L. Rodkinson as the best qualified expert in all history on the -(Continued on Page 4)-

erigin of self-tiyled "Jews", and their form of religious worship, called "Judalam". An international conference of his co-religionists unsuitanusty selected Rodkinson to make the "official" translation of the Talmud into English from its eriginal texts in the languages they call Hebrew.

Rodkinson's translation of the Talmud into English appeared under the title, "New Edition of the Sabylonian Talmud". Rodkinson's translation of the Talmud is recognized and accepted by foremost theologians of all leading re ligious beliefs thoughout the world as the most authoritative translation of the original text of the Talmud. Its reliability is never questioned.

Rodkinson's "New Edition of the Babylonian Talmud" is today the "official" Babyismian Tainud" is today the "official" text of self-styled "Jews", and their religious leaders. As stated on its title page, The Reverend Isaac M. Wike, the famous president of The Hebrew Union College of Cincinnati, Ohio, "revised and sorrected" the first edition, with his endorsement.

In the Editor's Preface, in Volume I, of Rodkinson's "New Edition of the Babylonian Talmod", in the chapters under the ditle, "The Ristory of the Talmud", appears this very significant statement, which tells the whole story:

"THE MODERN JEW IS THE PRODUCT OF THE TALMUD."

In LOOK Magazine for June 1 1952, a feature appeared under the title, "Wha head, a results appeared under the title, what he a Jew?. This propagands was put into LOOK Magazine by its sponsors because it has a circulation of over 4,500,000 copies, a very virile medium for powerful propaganda. But this propaganda is reacting against them like a boomerang.

The author's name of 'What Is a Jew?" appears as Rabbi Morris N. Kertzer. Rabbi Kertzer is represented as the president of the "Jewish Chaplains Association of the Armed Porces", and "director of Interreligious Activities for the American Jewish Committee". Rabbi Kertzer has distinguished himself among his coreligionists, and Christians, as an outstanding authority on the subject about which this article however does not at all present a true picture. Jew?" appears as Rabbi Morris N. Kertzer.

however does not at all prepent a true picture.

The article, "What Is a Jew?", consists of questions asked of [Rabbi Kertzer, and his answers to the questions. The question said the most important implications is the question, "What is the Talmud?". Rabbi Kertzer, the "noted authority", as Look Magazine describes him gives the following answer to that question, to "help set the record straight", as LOOK Magazine describes Rabbi Kertzer's explanation:

"The Tulmud consists of 63 books of legal The Taimud consists of 63 books of lega ethical, and historical switings of the ancient rabbis. It was edited five centuries after the birth of Jeaus, It is a compendium of law and lore. IT IS THE LEGAL CODE WHICH FORMS THE BASIS OF JEWISH RELIGIOUS LAW AND IS THE TEXTROOK USED IN THE TRAINING OF RABBIS".

As stated by Professor Pinkelstein, in "The Pharisces, The Sociological Background of Their Paith", quoted earlier, and confirmed by every leading authority among self-styled "Jews", and Christians, the form of religious worship practiced by self-styled "Jews" today under the name "Judaism", is the 20th Century version of "Pharisaism", under its different name.

" Self-styled "Jews" leave no choice Self-styled "Jews" leave no choice to Christians. Christians henceforth must regard Judaism" as the new name for the ancient form of religious worship practiced in the time of Jesus under the name "Pharisaism". Christians must try to learn the answers to these two questions. Firstly, what composed the theological content of "Pharisaism", and secondly, what was the attitude of Jesus towards the beliefs and the practices of the Pharises, as He told it.

Jesus despised, detested, and de-Jesus despised, detested, and de-nounced the beliefs and practices of the "Phari-sees" with all the vehemence and vigor He could command. As that "great warrior", the Honor-able Alfred E. Smith, said, if in doubt "take a look at the record". The New Testament is the best evidence that Jesus was the implacable memy of the theological tenets and civic con-cept of the "Pharisees". The New Testament is the mest authentic source of addense on the cept of the "Pharisees". The New Testament is the most authentic source of evidence on this.

The attitude of Jesus and His followers, towards the Talmud, has never been a mystery to self-styled "Jews". Referring to "the persecutors" of the Talmud, "during twenty centuries", Rodkinson in his "History of tha Talmud" confirms the belligerence of Jesus towards the Talmud, with a fact which dispels any doubt:

"THE PERSECUTORS OF THE TALMUD (were) . . . THE FOLLOWERS OF JESUS".

Rabbi Kertzer, in the article "What is a Jew?", bearing his hame, explains that the Talmud contains, "thousands of wonderful parables, biographical sketches, historical notes, humorous anecdotes, and epigrams", Rabbi Kert-

zer failed to mention that the Talmud also con-tains statements, of a very different character, far in excess of the number of "moral maxims" in Rabbi Kertzer's remain. "Was"it only oversight?

Rabbl Kertzer emphasizes the "moral maxims of the Talmud", and supplied as examples, "Give every man the benefit of the doubt, "An ignorant man cannot be a pious one", and, "Don't look at the Ilask but at what it contains". Accepting the timely invitation extended by the spirit expressed in the "moral maxim", cited above by Rabbi Kertzer, to take a "look" at what the "flask" contains, it will not be out of place to take a "look" into the Talmud, to see what it "conisins", which might enlighten Christians about what the Talmud says of them.

Christians about what the Talmud says of them.

Rabbi Kertzer omitted from the 
"moral maxims" quoted by him, in "What Is a 
Jew?", any reference to the passages in the Talmud which refer to Christians, Christianity or 
to Jesus Christ. Rabbi Kertzer completely omita 
any "moral maxims" of the Talmud on those 
thres topics, although the Talmud abounds with 
them. The omission may have been intentional 
or secidental. The references in the Talmud to 
these three topics symbolize the pattern of the 
anti-Christ conspiracy. The mouthings of selfanti-Christ conspiracy. The mouthings of self-styled "Jews" on the subject of "brotherhood" a mockery of the word while the Talmud ains the "lextbook" used to "train rabbls". remains the

remains the "lextbook" used to "train rabbls".

Translations from the original texts of the Taimud by Rebrats acholars reveals the following references in the Taimud to Christians, Christianity, and to Jesus Christ; the one object of all the actions and prayers of the Jews should be to destroy the Christian religion; Jews must never leave Christians in peace; Jews must never submit to Christians; all Christians, including the best, are to be killed; those who kill Christians shall have a high place in heaven; no festival, no matter how solemn, must prevent the beheading of a Christian; in their prayers the Jews sigh for the coming of a revengevent the beheading of a Christian; in their prayers the Jews sigh for the coming of a revenge-ful Messish; a Jew who kills a Christian commits no sin, but offers an acceptable sacrifice to God; the only sacrifice necessary is the extermination of the Christians; Christians are to be killed because they are tyrants; haptized Jews are to be put to death; a Christian who is found studying the Talmud meris death; Jews are obliged to unite together to destroy traitors amongst them; a Christian in danger of death must not be helped; a sick Christian must not be helped; a sick Christian must not be helped; a Jew may lie and perjuff-himself to condemy a Christian; a Jew may lie and perjuff-himself to condemy a Christian; a Jew is alhimself to condemn a Christian; a Jew is allowed to practice perjury on Christians; Christians must not be returned to them; Christians must not be returned to them; Christians must not be told if they pay too much to a Jew; a Jew is forbidden to teach a trade to Christians; Christian 'idols' must be spoken of with contempt; a Jew is not allowed to mention the things which Christiana use for their idolatrous worship; it is not permitted to praise a Christian; good is not to be done to Christians; sood is not to be done to Christians as teachers; avoid Christians as doctors, avoid Christians as barbers; avoid Christians as obstretiolans; avoid Christians because they are himself to condemn a Christian; a Jew avoid Christians as barbers; avoid Christians as obstrelicians; avoid Corristians because they are idolators; a Christian cannot be used as a witness; a Jew must not go before a Christian indge; the souls of Christians are unclean; Christians propagate like beasts; Christians; Christians are unclean; Christians are unclean; Christians are unclean. tians are worse than animals; Christians dif-fer only in form from beasts; Jesus Christ-was lifegltimate, and was conceived during men-struction; Jesus Christ had the soul of Esau; Jesus Christ was a fool, a conjurer, a seducer; Jesus Christ was crucified, buried in hell, and up as an idol ever since by His followers

The Talmud contains very complete The Taimud contains very complete data on such subjects as, sodomy with children; cohabitation with children three years of age; unnatural intercourse; incest; uses of semen; seduction; rape; sexual intercourse between mother and son; puberty; bestiality; vignity; menstruation; bridal obligation; intercourse oo Sabbath days; conjugal duty according to elass; compensation for various forms of violation; contraceutives; sex relations with animals; adultery: traceptives; sex relations with animals; adultery; coltion; and many more subjects too vile to mention here and now. Its obsenity is too degenerate.

In view of the startling informa-tion given here, much of it for the first time, serious doubt may arise whether the Talmud in use by self-styled "Jews" today, and the Talmud of the "Pharisees", contain the same material. The great authority on that subject, Michael L. Rodkinson, answers that question in his, "The Taimud at Stake", in which he states as follows:

"AT THE BEGINNING OF THE TWENTI-TH CENTURY . . . THE TALMUD ETH CENTURY THE TALMUD
WAS SO SAVED THAT NOT EVEN
A SINGLE LETTER IS MISSING. AND
NOW IT IS FLOURISHING TO SUCH
A DEGREE AS CANNOT BE FOUND IN
ITS FAST HISTORY, AS WILL BE
SEEN FURTHER ON". (emphasts supplied)

The wholanging texts of the Talmud over a period of 2000 years, and its influence upon self-styled "Jews" throughout the world,

is test expressed by the eminent Rodkinson in his "Introduction" to his "The History of the "Taimud", wherein he further states as follows:

"DURING THE TWENTY CENTURIES OF ITS EXISTENCE ... IT SURVIVED IN ITS ENTIRETY, AND NOT ONLY HAS THE POWER OF ITS POES PAILED TO DESTROY EVEN A SINGLE LINE, BUT IT HAS NOT BEEN ABLE MATERIALLY WEAKEN ITS INFLUENCE FOR ANY LENGTH OF TIME. IT DOMINATES THE MINDS OF A WHOLE PEOPLE, WHO VENERATE ITS CONTENTS AS THE DIVINE TRUTH". (emphasis supplied)

Self-styled "Jews" now, as for ages, concentrate upon deceiving Christians into the belief that self-styled "Jews" today, throughout the world, are rightly claiming a common origin with Jesus. This fraudulent allegation can now be exposed and exploded by enlightened history.

Self-styled "Jews" are a very mixed group of races and nationalities, whose ancest-ors were converted to "Judalsm", over long spans of time, exactly as Christians, Moslems, Hindus, and other mixed racial and national groups, in remete areas of the world, were also converted, during this same span of time, to either leading religious beliefs. Self-styled "Jewe" today are not members of a "race", which gave Jesus to us.

Self-styled "Jews" who profess "Ju-daism" should not be called "Jews" by Christians. Self-styled "Jews", to be correctly described, are "Judaista", "Judaist" is the correct term. Those who profess "Judaism" are "Judaists' by the same rule which applies to Catholics, Professants, any other religious group. or any other religious group. The names of relig-ions beliefs, and those who profess these beliefs, are derived from the names of the religious belief.

Self-styled "Jews" reject. "Judaist", and insist upon "Jew", since Jesus ir called "Jew" in English translations of the New Testament. The extent of the frauld is apparent, as applied to Jesus in The English translation of applied to Jesus in the English assassation to the New Testament, actually was intended to signify "Judean". Surely the self-styled "Jews" thoughout the world, do not claim that they are "Jews", in the sense that they are Judeans, or even the decendants of Judeans, Or do they?

even the decendants of Judeans, 'Or do they?

"Jew" and "Judaism" only sound alike. That is the only basis upon which their palin of common origin rests. There is no more basis for alleged common origin of "Jew" and "Judaism" than there is for "rub" and "rubbish", for "fan" and "fanatle", for "sum" or "nummer," or for any two words, only because they sound alike. The word "Jew" is not a part of "Judaism".

alike, The word "Jew" is not a part of "Judatam".

"Jewish" is also a much misused, and
a little understood word. What is really heant
by "Jewish", is "Judate". Self-styled "Jewish" ites
them up a little closer with Jesus, whom they
always call "Jew". Wherever "Jewish" is used,
"Judate" is the correct word to use, and it
should be used as the correct substitute for
"Jewish", slways, without fear of contradiction.

Finally, Jesus was not a "Jew", and was not the form of religious wor-'Judaism'' ship practiced by Jesus. Let him who can prove otherwise hasten to come forward with the proof.

# MR. SMITH RETURNS FROM WASHINGTON

# A SENSATIONAL REPORT

ON THE NATION'S CAPITAL

By Gerald L. K. Smith 105- 9621-112

Washington, D. C., is ruled, manipulated, browbeaten, eoerced, blackmailed, bribed and corrupted by the Jews and financiers of New York City and their collaborating henchmen in 48 states and in every nation on earth.

On the 29th of May, 1950, Mr. Walter Trohan, one of the most discerning and intelligent reporters in the world, wrote a feature article which appeared on page one of the Chicago Daily Tribune. The article filled one column on page one and was earried over to the second page where it filled another two eolumns. Mr. Trohan said he wrote the article after returning from a highly confidential visit with a eareer man in the State Department who begged and implored him never to use his name.

Based on this sensational interview and Mr. Trohan's great knowledge of Washington affairs, he wrote the article, which in substance, said:

"The elected representatives of the people of the United States are not running our government. They are not determining our domestic or foreign policy. It is determined by a secret, undercover, organized political machine, headed by Scnator Herbert Lehman of New York; Henry Morgenthau, Treasurer of the World Zionist organization, and former Secretary of

the Treasury of the U.S.; and Felix Frankfurter, Justice of the Supreme Court."

These men are all Zionist Jews. Their power has not diminished. If anything, it has increased sinco Dwight David Eisenhower became President of the United States.

The white Christian Americans of this nation can overthrow these hidden hand tyrants and can take control of their own America any time they desire or as soon as they learn some elementary lessons in what it takes to get results in Washington, D. C. The tradition of America is white, and the tradition of America is Christian, but the fact remains that black minorities, manipulated by the Jew minority, constitute the most determining factor in the affairs of our Government.

The American Negro, when dealt with kindly and realistically, is no serious problem. There is nothing subtle, Machiavellian or conspiratorial in the makeup of Negroes. They respond, however, as the suckers and jail bait for the Jew city slicker and internationalist, who is determined by the manipulation of the Negro vote and the Jewish vote and the Communist vote and the moron vote to unseat and enslave the great white Christian majority.

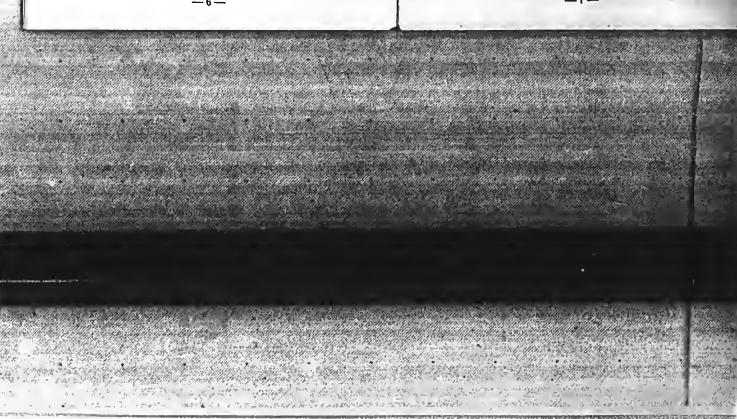

Walter White, America's No. 1 negro from the

standpoint of political leadership, who is head of the organization founded by the Jew Rosenwald family fortune, boasts without abashment or reserve that no President ean be named without the Negro vote, and that he and his organization control this vote. We know who controls Walter White, and we know who controls his organization. It is the highly financed Jew-Zionist machine.

These ballot manipulators, who now boast of their tyranny over us, depend upon just one elementary circumstance: they count on the white Christians being divided to the point where less than 3% of the vote will tip the scales, and to the point where the Negro Jew-manipulated vote in 17 states will determine the results.

Added to the domestic problem, victories won on the battlefield by White Americans have been used to enthrone the manipulators and the politicians of color around the world.

Jew-made propaganda, through controlled newspapers, captive columnists and commentators, caused America to fatten the forces which have brought the Orient under the Red flag, made India pro-Russian and which now threatens to overrun all Africa with revolts, led by cannibals and head-hunters determined to slaughter every civilized human being between Cairo and Johannesburg. With Europe

chaotic and with Britain softened and stupefied by Marxist and depraved leadership, this great white Christian civilization of ours stands with its back to the wall. It can only be saved by the reserve force which Christianity itself makes available to fearless men whose courage and valour draws for its supply upon their faith in Christ—which faith causes men to love liberty more than life and makes them prefer death in self-respect rather than to remain living, fat, compromisers and cowards.

#### Formula for Power

God forbid that I should oversimplify, but here is the formula for power. Let the Christians unite and establish an effective, forceful contact with Washington, D. C. The reason the Jews are running Washington is because every time a Congressman or a Scnator or a Cabinet member or a burcaucrat does something contrary to a Jew-scheme, he is pounced upon by anywhere from 1000 to one million Jews; but when this individual proceeds to respond to the Jew-made scheme which would de-throne the great white Christian majority, nothing happens. There are 125 million of us, but compared to our numbers, we do nothing. From one to ten personal letters, carefully written to a Congressman concerning a given issue, have been known to change a Congressman's vote. Practically no Congressman can stand

up under the pressure of 200 letters from his district on a given issue.

Telegrams, sincerely written, with no appearance of being copied or worded by professional propagandists, have an unbelievable effect. The visit of a committee, representing constituents willing to pay their expenses all the way to the Nation's Capital from a Congressman's district, can have great influence.

#### The Big Problem

Here sits John Brown, who is Mr. Average Citizen of Indiana or Oklahoma. He is a white Christian. He is an old-fashioned American. He is intelligent enough to be worth while to his community. He wants to save America and he wants to protect America, but . . but he is too busy to know what is going on. He can't keep up with the trickery of this hidden hand political machine. He would be glad to write a letter or send a telegram or even go to Washington, but he does not know what to do or what to write about. To use the vernacular of the man on the street, "he doesn't know where the body is hid."

Suppose a little resolution with a number is dropped into the hopper of the House of Representatives which would destroy the Immigration Act and admit

another ten million Jews, Orientals and whatnots to the United States. Our typical citizen John Brown does not even know that the resolution has been introduced, and if he did have a copy of the resolution, his not being a professional in such matters might prevent him from understanding what it was all about.

Therefore, the super problem is to devise ways and means for teaching the plain self-respecting Christian American citizen how to do his own lobbying in defense of the principles he wants to support and the conspiracies he wants to oppose. If this can be done we can save America from minority tyranny. If it cannot be done, we are doomed along with the Roman Empire, the Egyptian Empire, the Grecian Empire, and the now descending British Empire.

I happen to be one American who believes we can turn the trick, we can awaken the people, and we can teach them how to elect good Congressmen and keep the good Congressmen in line.

#### Washington Is On My Beat

I try to visit the Nation's Capital once or twice each year. Recently I made one such visit accompanied by members of my staff. Associated with me in this visit beyond my immediate staff was Dr. Wesley Swift of California, a brillant, able and eloquent patriot, who in his grasp of the national and world crisis, personifies the type of understanding which must eventually be characteristic of our population if we are to survive as a nation.

We referred to this visit as a Pilgrimage, and we invited people to meet us there. For one person to come to Washington and stay a week, regardless of how humble that person might be or how humble the accommodations he might secure, represents a cost of from \$200.00 to \$1000.00, according to how far he had to come and the circumstances under which he lived while in the Nation's Capital. Recognizing this cost, it was sensational to see people from all over the United States who had come to the Nation's Capital to meet me and to follow through under my direction and the direction of Dr. Swift with a campaign to visit in groups, and singly, members of Congress, including both Houses. These people not only visited the offices of Congressmen and Senators, but they visited with a purpose. One man who came all the way from the West Coast, paying his own expenses, had never been in the Nation's Capital before and although he was anxious to see the various monuments and historic points of interest, he did not attempt to gratify his desires in this respect until we had assured him that the project which we had undertaken with his help was complete. The office of every Congressman and every Senator was visited

not only once but in many instances, many, many times, each time by different committees and different people under our direction.

#### The Enemy Flattered Us

One of the oldest and most historic hotels in Washington, D. C., is the Hotel Willard. We chose this hotel as a gathering headquarters for the pilgrims. It was in this hotel years before it was modernized, of course, that the Star Spangled Banner was written. Patriotic organizations have used the Willard Hotel as a gathering place through the years. It is half-way between the White House and the Capitol Building. Located on streetcar and bus lines, it seemed ideal. The reservations were made in the name of the Citizens Congressional Committee, which is an operating committee functioning under the complete control of the Christian Nationalist Crusade and financed by the Christian Nationalist Crusade. As soon as our notices reached the people concerning the Willard, we received an airmail registered letter saying that all our arrangements had been cancelled. We turned the matter over to our attorney, Mr. James J. Laughlin, only to discover that the managers of the Willard, all Gentiles, had been threatened with removal if they permitted our conferences to be held. Behind this fact was the dismal circumstance that the hotel had recently been purchased by a Jew syndi-

cate in Chicago and that this syndicate of Jews had given the order. It was necessary for us at great expense to notify again everyonc whom we thought was coming to the Nation's Capital. Our meetings then were shifted to the Hotel Congressional and the Hotel Statler (both superior in service and comfort to the Willard). Other meetings were held in the offices of certain Congressmen.

This confirmed Mr. Trohan's article that there is a secret machine operating which is determined that information concerning events in Washington shall not be permitted to reach the people, and that the true desires of the people shall not be permitted to reach the Congressmen.

#### Data of Interest

On the theory that it will make this statement more practical and easier to read, I will now classify the data which I have obtained through the years, some of which was received during my most recent visit to the Nation's Capital: -

#### 1. Danger Signals

General Douglas MacArthur, speaking in Texas shortly after his return from the Orient, said: "Since my return to the United States I have discovered that there is a secret force governing the affairs of our Nation." General 13 Orthur.

<u> — 12 —</u>

Walter Trohan, one of the three highest paid reporters in the Nation's Capital, said: "A sccret machine is determining the domestic and foreign policy of our Nation, headed by Lehman, Morgenthau, and Frankfurter."

Theodor Herzel, founder of Zionism and one of the outstanding 'kings of the Jews,' said: "When we are down, we are revolutionists. When we are up, then it is the dreadful power of our purse."

#### 2. Press, Radio and Television

The Nation depends very largely on the following sources for its information out of the Nation's Capital: Associated Press; United Press; International News Service; Mutual Radio Network; National Broadcasting Co.; Columbia Broadcasting Co., and television outlets.

A Jew organization known as the Anti-Defamation League, as well as another one known as the American Jewish Committee, maintain high-salaried, full-time representatives who concentrate on the individuals and the forces which control these sources of information. Occasionally some alarming truth leaks out, but by and large, it is well controlled by one of the following methods: smear or silence. Here are some examples: The silent treatment has been used on General Douglas MacArthur, Senator John

Bricker and Gerald L. K. Smith, and of course, many others. Smear has been used on McCarthy, Velde and J. B. Matthews, and many others. In 99 cases out of 100, the technique for producing smear or silence is devised and pre-digested in the central secret manipulating headquarters of the Anti-Dcfamation League or the American Jewish Committee. On the other hand, internationalists like Senator Wiley of Wisconsin are glamorized. Advocates, such as Senator Humphrey of Minnesota, who favor breaking down our immigration walls are given lavish amounts of publicity space.

#### 3. Treason

World War II could have been avoided. Jesse Jones, who held the biggest job under Roosevelt, said "Roosevelt was a total politician. He brought or World War II in order to be elected for a third term."

Among Roosevelt's chief advisors were: (a) His wife, who entertained Communists in the White House; (b) Harry Hopkins, Stalin's friend; (c) Alger Hiss, now in the Federal Penitentiary.

The treason clique inherited power when Roosevel died, and the most powerful segment in the Trumar regime were the left wingers and the Jew Zionists The personal friend of Alger Hiss, whose wife collect ed defense funds for Alger Hiss, became Secretary of State. Acheson, Frankfurter, General Marshall, Anna Rosenberg and their ilk started the phoney war while secret orders were given to lose the war, fire MacArthur, and betray American self-respect. It is gratifying to know that Senator Joseph McCarthy has announced his intention of investigating this matter.

In the fall of 1952 the American people voted for a change. A "thing" which called itself the Republican Party was victorious. The great MacArthur was silenced, the sincere Taft deceived, and Harry Truman's original choice, approved by Barney Baruch, became the President of the United States. There has been no change in Washington. There are a few new faces. (A sample of what has happened, or has not happened, whichever way you want to put it, is in the fact that one of the top men in the CIA (our most secret investigating service) is the son-in-law of Dean Acheson) When Senator McCarthy wanted to investigate this individual who had given \$400.00 to the Alger Hiss Defense Fund, President Eisenhower forbade the individual to honor the subpoena. A new Cabinet post was created and given to a Democrat woman from Texas who held important jobs under Roosevelt, thus insulting and ignoring every outstanding Republican woman in the United States. The same clique of internationalists and Communists

are still in power. Those that have been fired have been taken on by the United Nations.

#### 4. World Government

We now have a world government. The Korea debacle has demonstrated that the United Nation by trickery can appropriate our money and the bloo of our sons. Any organization which has the power to take blood out of our veins and money out of ou purses is a world government. The United Nation Charter is a treaty. Federal courts have ruled the it supersedes in authority the statute of any stat and any Federal act with which it is in conflict. For instance, California passed a law to prevent the ye low race from buying land. Recently Federal judge decided that this act was in conflict with the Unite Nations Charter, and therefore could no longer b enforced even though it had the approval of th citizens of California. This means that Russians an East Indians and foreigners of all varieties have bee able to vote us out of our laws and vote us out of ou sovereignty. Shame! Shame!

We saw a ray of hope in the recent Senatorial sessions when United States Senator John Bricker of Ohio presented legislation designed to bring about a amendment to the Constitution that would correct the evil trick that had been worked on our people by the international manipulators. Every Jew organizations

-16 --

tion fought the Bricker amendment. All the captive columnists and Zionist approved internationals fought it. Mr. Baruch fought it, and President Eisenhower issued a statement against it. Consequently, it was killed, and for all practical purposes, America is today under the heel of a world government, which is called a United Nations. Literalists will insist that certain steps are still required in order to make it a world government, but as long as we have a regime in Washington which accords itself to the will of the secret cabal, figureheaded by Dwight David Eisenhower, we are under a world government. As this was written nations that did not furnish one boy for the Korean war and did not spend one dollar in Korea are sitting in on the negotiations to determine the destiny of America.

#### 5. Blackmail

Treacherous forces which represent the hidden hand government specialize in blackmailing Congressmen and other high Govornment officials who happen to be overtaken in a wide variety of inconsistencies and blunders. If women are involved, pictures are taken. If some mistake in the handling of finance was made, photostats are assembled. If there is a skeleton in the family closet, all the details and facts are assembled and put into safekeeping. Vile Jews and their stooges hold these scandalous

revelations in reserve to make sure that certain me do not get out of hand. Not long ago it was reporte that a woman living in one of the leading hotels i Washington, who specialized in procuring lewd wome for certain members of Congress-it was estimate that she controlled 17 votes in Congress among me who dared not say "No." She sells this influence to special interests and powerful manipulators fo a price. The very person reading this article may be represented by a Congressman who went to Wash ington intent upon being on the right side, only t discover that the enemies of America had learned some dark secret concerning his past, which for th sake of his family and neighbors he dared not permi to be revealed. The Jew Zionist machine, the Amer ican Jewish Committee, the Anti-Defamation Leaguand a score of blackmailing outfits specialize in thi type of filthy practice designed to destroy the peo ple's representation in Washington.

#### 6. Negro Problem in Washington

Traditionally Washington is a Southern eity. It is surrounded by Virginia and Maryland, both South ern states. The Negro population is heavy, heavy heavy. Worse still, many of these Negroes are impudent and uncontrollable because they have been spoiled by political demagogues who, unconcerned with abuses in Washington, play up to their Negro

constituents in the states from which they come. Washington, D. C., is governed by the Congress, but President Eisenhower has promised that it will be given self-government, which is a demagogic promise of the lowest order. Self-government in Washington, D. C., means Negro rule, Negro mayors, Negro city officers, black tyranny. The Jew racketeers who control the numbers racket and the liquor business as well as the New York manipulators, would rule a so-called self-governing Washington, D. C. Today twice as much liquor per person is consumed in Washington as the national average. The streets of Washington are more dangerous than the streets of any other large city in America, and 90% of the crimes are committed by blacks.

The writer does not condemn the blacks. They have done as well as could be expected in the light of their brief sojourn in a whiteman's civilization. The black man is not difficult to discipline or govern except when spoiled, taunted and mis-led by demagogues and political manipulators. In fact, many Christian Negroes are standing out against Communism in a commendable manner, but wherever the Jew politician controls the Negro vote, the Negro is belligerant, unreasonable and dangerous. Unfortunately, this situation exists in most of the big Northern cities and in some of the Southern eities and in many of the West Coast cities. Portland, Oregon,

--- 20 ---

and San Francisco are facing almost impossible situations.

#### 7. The Secret Issue

One Senator told me that the World Zionist organ ization, of which the American Zionist organization is a part, sets aside every year large sums running a high as \$75 million for the corruption and contro of public officials favorable to the Jew-Zionist scheme for world power. Inasmuch as the molders of pub lic opinion which control the press, radio and tele vision never mention this issue, the great bulk o Christian Americans are ignorant concerning this dreadful scheme. Here's where the money come from. Here's where the power originates. Here's where the conspiracy exercises itself. This political machine with unlimited funds has bribed Congress men, preachers, educators, journalists and commen tators. Literally thousands of people in position of influence have been given free trips to Palestin for purposes of propaganda, but they have not been permitted to see the one million Arabs that are a this very moment being crucified by Jew tyrann through its control over the British and America governments. Press reports out of the Near Eas have been silenced and nearly one-half billion ho man beings have been turned against the United States at a time when we need friends as we hav

never needed them before. The Senate is afraid of this Zionist machine. The House of Representatives is afraid of the Zionist machine. The President of the United States is being manipulated by this Zionist machine. It rules America. (It is believed by experts that it has now captured completely the Russian Government. Tito is a Zionist product, and he has made up with Russia. Israeli is again on good terms with Russia. The Zionist machine has opposed MacArthur, Van Fleet, McCarthy, McCarran, Velde and all similar symbols of patriotism. It has favored the United Nations, Acheson and appearement in the Orient. If the American people can come into possession of this truth, these secret tyrants can be unseated. If not, we go down into bondage where the Jew is the master, and the Gentile is the slave. We are too near that already to be comfortable. Any Congressman or Senator who lifts his voice against this secret manipulating force faces smear, ridicule and character assassination directed by the most evil men that ever lived, comparable only to those who devised and manipulated the crucifixion of our Lord Jesus Christ.

Example: Shortly before this was written a resolution was introduced into the Senate asking that Israeli be accepted by treaty as a most favored nation. One man voted against it. His name was Senator Pat McCarran of Nevada. Others wanted to vote

against it, but they were afraid. For this show courage, McCarran knows that he faces the vilest a tacks within reach of the imagination and deviltry c this Jew gang that rules America.

### 8. Political Humidity

In matters pertaining to weather, it never rain until it rains. Even if the humidity is 95, there still a drouth. Umbrellas are unnecessary and there still no rain. Rain only comes when the humidity hi the point of complete saturation, and lo and behol a field that was dust-dry five minutes ago is no being soaked down to the rocks. This figure illu trates what could happen in Washington almost artime.

Our literature, including The Cross and the Flagoes to every member of Congress. Great number of them respect the principles for which we stand but are timid in their knowledge of the danger entails when these principles are enunciated. Among expendeservers, there is a conviction that a large number of Congressmen are sickened by these Jew contround might stampede at any moment. In fact, we have encouraging signs of an improving situation among the members of both parties. It is becoming increasingly difficult for the Jews to shake the confidence of the Nation and the Congress in the committee investigating Communism. Whenever there has been standard to the communism that the committee investigating Communism.

## 9. Six Political Parties

The idea that America is governed by the two-party system is ridiculous. There are at least six political groups in the Congress. They are as follows:

- A. The machine Republicans. This is the Republican who is not interested in anything except staying in office. He obeys Eisenhower. He is interested in patronage. He has no deep convictions on anything. Halleck of Indiana is the type.
- B. New Deal Republicans. Men in this group are Marxists, Socialists and philosophically in harmony with the New Deal. Wayne Morse of Orcgon is the
- C. Real Republicans. These men actually represent the overwhelming majority of the American people, but they cannot recruit a majority because of the sabotage from the White House and the interference of the Jew-Zionist international political

Typical of this group and by no stretch of the imagination extreme in his vicopoints is Senator John Bricker of Ohio.

- D. New Deal Democrats. These men are Socialists, near Socialists, mild Marxists and extreme Marxists. Typical of this group is Humphrey of Minnesota.
- E. Machine Democrats. They don't care what happens. They don't care if taxes go up or down, just so they can win elections. They will support the reactionaries if they can win, or they will support the radicals if they can win. McCormick of Massachnsetts is the type.
- F. Real honest-to-God Democrats. These men, in fact, represent the overwhelming majority of the Democratic Party, but they cannot win national victories because they are sabotaged and interfered with by the propaganda machine and the Jew manipulators. They love the Constitution, they believe in American tradition, they put America first. If they would unite their forces with the real Republicans the combined group could name the next President of the United States. Senator Pat McCarran of Nevada is the type.

#### 10. Silly Society

European chiselers and other foreigners who have been sent to the United States on a gold diggers mission never fail to overlook the society angle. They play upon the inferiority complexities of American 'climbers' who become easy prey when they hear a continental accent or get invited to the palatial home of some extravert who specializes in extravagant drunken orgies.

Arrogant women who have inherited crudely gotten fortunes vie with each other for acceptances from Supreme Court Judges, Europeans with a touch of royalty in their blood, and international confidence men who have spent a lifetime learning their way around in Washington, D. C.

To illustrate: Some Congressman's wife, who did her own housework barefooted fifteen years ago, finds herself in Washington, D. C., with her husband, who in many instances turns out to be a hardheaded, sincere patriot on the right side. The wife, however, loses balance when invited to one of these 'phoney shindigs' and finds herself softened up on the subject of internationalism when some heel-clicking continental presses a kiss on the back of her hand.

The next morning during the serving of a late breakfast, the wife looks across at her old-fashioned American Congressman husband and concludes that he is too much of a Nationalist and proceeds to tell him that the time has come for him to take a broade outlook on world affairs.

In many of these big partics, which come unde the false heading of 'high society,' it isn't uncommo to spend \$50,000.00 for liquors, wines and chan pagnes. This kind of money is never laid out just for the fun of spending it. Somebody, some placalways has an angle. Supreme Court decisions an involved, or it may be a vote in the U. S. Senate, chow many billions are to be spent on foreign court ries. Whatever the case may be, liquor, vanity flattery, play a big part in the decisions which effect the American people. Frequently a Congressman or Senator staggers out of one of these drinking affair and is 'poured' into a car with the wrong woman Later pictures are taken and the foundation for black mail has been laid.

#### 11. Shades of Sodom

The historic community referred to in the Bib as Sodom and Gomorrah was completely destroye. It was burned up and shaken down. It was wiped o the face of the earth. God said that He would have spared Sodom and Gomorrah if it had contained to just men. Written into the statutes of Anglo-Saxc law is a crime known as sodomy. The crime is name after the sin of Sodom, which means: men seekir

men for sex satisfaction, and as Paul says: "Having lost their natural affection."

Europe has given America something besides war, military casualties and financial burdens. She has introduced sex perversion into our Nation's Capital, until today there are hundreds and thousands, believe it or not, of men and women in the Nation's Capital who seek only people of their own sex for the perverted satisfaction which was characteristic of the citizens of Sodom and Gomorrah.

One U. S. Senator was recently quoted as insisting that there are between 6,000 and 10,000 sex perverts on the payroll of the Government. One investigative official of high authority told me that this figure included only those that had been picked up for certain offenses and that the actual figure would be more like 100,000 plus.

Communists, lobbyists and conspirators of a wide variety specialize in overtaking these people in their scandalous behavior; then seeing to it that they are promoted to positions of importance in various departments of the Government. In this way the conspirators always 'have something on' the individual which he fears to have reported. This gives the villains involved the pressure they need in order to produce the performance they want, whether the desired performance is to come from a Congressman, a

high placed bureaucrat, or someone in the diplomati service.

Sumner Welles, who was the top man in the State Department throughout the Roosevelt regime wa notorious for his inconsistencies in his personal life. It is believed that by way of Welles and Dean Acheso: that a staff of perverts, both national and international, developed in the State Department. These meand women have been used by Communist black mailers and Jew Zionist villains who, of course, alway have selfish designs on our Government officials.

Thanks to Senator Joseph McCarthy there habeen an attempt at housecleaning, but the attempt has been very feeble. There are nearly three million jobs in the Government and there have been less than 5,000 changes. Although the American peoply voted for a change, the Eisenhower cabal has change only one out of every 600 jobholders, which leave 599 out of every 600 that were there with Roosevel and Truman still on the payroll. Not much change in a city where the 'shades of Sodom and Gomorrah are descending upon a community whose tradition has been made sacred by the spirit of Washington and Jefferson.

## 12. The Jobholders

Government jobs do not represent a patriotic challenge. People who work for the Government or un

-- 30 ---

der Civil Service are answerable to no one on the basis of policy or production. It is literally a ease of holding a job and then throat-cutting one's way into a promotion. When a policymaker is appointed by the President, or a member of his Cabinet, he eannot bring into his department old friends and people who understand his temperament and his way of life. He must draw for his help upon mechanically trained robots who worked for his predecessors or other exceutives that preceded him. Thus, a man of character and conservative principle may be compelled to use as his secretary or chief assistant someone brought into the Government by Harry Hopkins, Harold Iekes, or Dean Acheson. Many eonscientious young men and women have come to Washington, D. C., for employment only to quit in disgust by saying: "My conscience won't permit me to draw money without giving a day's work in return." When an ambitious youngster, who has been raised in a conscientious Christian home, shows signs of real production he is likely to be ridiculed and slowed down by his fellow workers.

Made-work, scientific idleness and trainloads of red tape have made of our jobholding machine in Washington a Frankenstein monster. In some departments as many as 32 carbons are made of correspondence, each carbon is filed in a different department which requires a special staff of filing clerks for

each of the 32 duplications. It must be remembere that almost millions of these people were brough into the Government as political jobholders because they were New Dealers, Socialists and downright Con munists. Roosevelt and Truman by legislative ac and executive ruling, 'froze' these people into th Civil Service. As the reader doubtless knows. Civil Service employe cannot be fired because of hi politics. Unless new laws are passed America i stuck with two million New Dealers frozen on th payroll, who will be there until they die, and whos children right now are taking their jobs. Any stu dent of human nature knows that these two million jobholders can sabotage and make ineffective an reform measures which a genuine anti-New Deal ad ministration might desire to enforce.

CU-AT A JAN Lobbyists and Fixers

Every hotel lobby and hundreds of hotel rooms are filled with 'leg men,' fixers and lobbyists. These men specialize in creating trouble for citizens and then offering to get the same citizen out of trouble for a price. Some of them work with members of Congress. A citizen comes to the city, calls on his Congressman and confesses that he is in trouble with some department of the Government. If the man is one of means, he may find himself introduced to an individual who is represented as a prominent at-

— 33 —

torney. He may be prominent and he is very likely to be an attorney. The next night the citizen and attorney have dinner alone. The fixer-lawyer persuades the citizen that he must tell all. The fixer then proceeds to brag about his personal friends in some certain department. By the time the evening is over, the citizen, if he is green enough (and most citizens are) believes what he has been told, and among the things he has been told is how much money it will take to fix the situation. His trouble may end up in any one of the following ways:

- (a) The lawyer may fulfill some legal technicality and solve the problem legitimately even though the elient thinks that more is required.
- (b) The lawyer may have a personal fixed friend in a department who is told to take the problem out of the file for a price.
- (e) The third and frequently the most likely thing to happen is that the fixer will increase the trouble, bungle it, and deepen the problem of the sad eitizen.

typical situation, but it follows a wide variety shapes and forms. Low-grade fixers who cann afford even a room in an expensive hotel, loaf hotel lobbies. They trump up acquaintances wi prosperous looking eitizens, make false claims co cerning their identity. These phonies are usual willing to settle for a good meal and \$100.00. Fr quently they are procurers who are willing to i troduce strangers to 'beautiful' women. Such m and women, whether they maintain expensive suit in hotels or loaf in lobbies have always existed, b recently they have been virtually a part of the Gover ment itself. Their henchmen are willing to hold le salaried jobs in important departments in order cooperate for a price with smugglers, Communist blackmailers, shake-down artists, racketeers, gan sters, traitors, tax dodgers and eriminals of a wice variety. The world result is the Bride of Treaso

Anyone who has read The Protocols of the Learne Elders of Zion knows that when the super-world plwas hatched and put into written form fifty year ago by the Zionist leaders—anyone who has read the Protocols knows that in referring to the Gentiles a goyim, they announced that one of their technique for developing world power would be the corruption and degeneration of the goyim. They announce

that they would accomplish this purpose with liquor, amusement, Communism, and a wide variety of techniques designed to stupefy, be-numb and weaken the Gentile citizenry which now makes up what we call our Christian civilization. The Jew Zionist machine, which Mr. Trohan reveals as the hidden hand government of our Nation, has discovered the formula for power manipulation. The formula is made up of the following fundamentals:

(a) Money; (b) Re-election; (c) Popularity.

If a man goes to Washington and obeys the Jew-Zionist machine or does not get in their way, or helps them to defeat an independent patriot who has gotten in their way, he can be assured of the following: Plenty of money, plenty of liquor, plenty of women, plenty of favorable publicity, and a generous campaign fund for re-election. Topping this he will receive plenty of invitations to the most 'important' drunken brawls in the Nation's Capital.

Warning! Warning! It is important that the reader know that there are many members of both houses of Congress and many, many people in the Government departments who have not 'bowed the knee to Baal.' They cannot be corrupted, they cannot be intimidated, and they love their self-respect and character more than anything that the corrupters offer.

Sad to say, this remnant represents only a segment It does not represent a majority.

### 15. Is There Hope?

I have been flattered by the more cynical and the less believing who insist that I have too much hope and too much faith. I do not believe that I am wild-eyed dreamer; neither am I of the opinion tha my hopes are based on unrealistic thinking. Natural ly, I have a deep Christian faith. That is why my compatriots accepted my challenge some years ago to make this a Christian nationalist crusade. Yes we are a political committee, and we do not offer our selves as any substitute for the Church; but as young man some years ago, I came into a shocking and almost killing knowledge of the treason and corruption in our Government. It appeared so stupen dous and so impossible and so far beyond the curative hand of man that I refused to cooperate with my fellow patriots in a fearless fight for the right unless the name of Christ be introduced. The Christ who said: "If I be lifted up I will draw all men unto me." By introducing Christ and the word Christian into our campaign, we have discouraged atheists, Jews and Communists who might have sought more aggres sively to exploit this movement.

Why do I believe in the future? Because the overwhelming majority of our people are sober-minded decent patriots. They have been betrayed, manhandled and mis-governed merely because the publicity controls representing press, radio and television have kept them in the dark.

Paradoxically, those of us who have made up the crusading handful—yes, the fearless minority—stand to profit by the extreme practices of the-enemy. I am a great believer in the law of action and reaction. If the enemy had been less brazen and less corrupt and less violent and more tolerant, he might have continued for a greater period of time than he will be permitted to continue.

The American people have been lied to—scientifically lied to—under the pressure of Jew Zionist manipulators. Here are a few of the big lies that our people have accepted.

We were lied to about World War I.

We were lied to about the peace settlement.

We were lied to about World War II.

We were lied to about Russia.

We were lied to about Germany.

We were lied to about Lindbergh, Father Coughlin, General MacArthur, and nearly all of our national heroes and courageous patriots. We were lied to about all investigating Committe in Congress, which have exposed Communism.

We were lied to about Communism itself.

We were lied to about China.

We were lied to about the Japanese Peace Treaty.

We were lied to about Japan.

We were lied to about Korea.

We were lied to about the United Nations.

We have been lied to about all patriots who a tempted to substitute truth for lies.

The writer, who grew up in a Christian home an developed an unimpeachable reputation for character and kindness to his family and obedience of lay and civic consciousness, found himself represente to the Nation as a 'rabble-rouser' and as a 'dangeror character' by the same elements that promoted an underwrote thirty years of scientific falsehoods.

Even though the czars of journalism and the king of the publishing interests and the political networ in Washington are attempting to whitewash an cover up twenty years of scientific falsehood, th seams in their garments are beginning to break. Every time they bend forward or backward ripping sounds are heard. This is the day of the pamphleteer. We are entering upon an era where a penny's worth of truth will overcome a dollar's worth of lying. Millions of Americans have reached the place where they listen to radio comment and read commercial publications with their fingers crossed. They throw newspapers and magazines into the wastebasket after reading only the advertisements, but they hasten to read cheaply printed pamphlets and circulars put out by crusading publishers who have risked their lives in order to print and speak the truth.

More and more people are reading the Protocols of the Learned Elders of Zion.

The subscription list of The Cross and the Flag, the only national magazine which deals fearlessly with these issues and declines all forms of commercial advertising, is increasing its subscription list every day. Tiny tracts which can be printed for a few cents per thousand are being distributed on an everwidening horizon, and new areas are developing where truth which has been crushed to the earth is rising now to claim its throne.

## 16. The Challenge

Shortly before this was written, Dr. Wesley Swift of California and I addressed the pilgrim delegates who assembled in the Federal Ballroom of the Statler

Hotel in Washington, D. C. We had been there o week. As mentioned earlier in this statement, had visited not only every office in Congress, b many of the offices were visited many times. P were conscious of the fact that there were hundred thousands—yes, millions of people who wanted to there with us, but they could not afford the tin and they could not afford the moncy. Every pilgri delegate who came to Washington, D. C., with the exception of those of us who served as leaders, pai their own personal expenses, and it was their desir that we take steps to pass on to the millions who ar unable to visit Washington challenges and recommer dations as to what they can do as loyal patriot secking to free this Christian land from Christ-hating bondage, from the hidden hand government, from diplomatic treason, and from the vile corruption which now plague us.

Here are some recommendations:

- (a) Let every citizen be committed to the high principles of this Crusade. (See summary of prineiples of the Christian Nationalist Crusade as they appear elsewhere in this article.)
- (b) Emphasize the importance of letter-writing and telegrams in relationship to concerted effort. Citizens should keep in touch with headquarters of

Sathis acinima or a or

the Christian Nationalist Crusade so that we can aet in concert and increase our effectiveness.

(c) Be alert to the major projects being undertaken at a given time. Do not underestimate the influence of the average citizen when he contacts members of Congress and Senate.

During the Pilgrimage Dr. Wesley Swift was invited to address members of the U.S. Senate who made up the Judiciary Committee. One of the most prominent members of the committee told Dr. Swift at the conclusion of his remarks that if the whole Senate could have heard what he said, the McCarran-Walter Act would never be in danger.

#### 17. Present Dangers

No man knows what the morrow will bring forth, but as of the moment, these are issues which every patriot should deal with and concerning which every person should act with intelligent courage, consistency and sacrifice.

(a) The threat of invasion by immigration. We can be invaded and our land can be captured without the firing of a shot if we allow anything to happen to our magnificent immigration laws which are summarized in the McCarran-Walter Act.

Note: Bundles of circulars are available FREE to patriots desiring more information as to how they can serve. Donations to cover cost of printing and mailing will be appreciated. Address all orders to

Christian Nationalist Crusade, P. O. Box 27895, Los Angeles 27, California.

- (b) Bernard Baruch and his ilk have been so cessfully prevented thus far by the patriots frogiving us an 'emergency act' which would conscript all men and women between 17 and 70 and subject us to the regimentation of a militarized bureaucrac. We must continue to make our pressure felt in the defeat of all such measures.
- (c) The Bricker Amendment was defeated as a the day this article went to press. Senator Bricker with the cooperation of intelligent patriots introduced a measure seeking to give us a Constitutions Amendment that would make it impossible for the President of the United States to execute a treat which would be in conflict with our laws. President Eisenhower opposed the Bricker Amendment and caused its temporary defeat. We must continue to insist that this Amendment be adopted, first by the Congress, and, second, by the several states.
- (d) We must abolish the United Nations. This can be done by taking the United States out of the United Nations and taking the United Nations out of the United States. It is a conspiracy. It is a world government. It is a menace. It is responsible for the Korcan defeat. Between 30,000 and 50,000

precious American boys were slaughtered on the altar of United Nations tyrauny.

Note: A small tract entitled Abolish the United Nations is available in bundles, free. A donation to cover printing and mailing cost will be appreciated, although not necessary. Address all orders to Christian Nationalist Crusade, P. O. Box 27895, Los Angeles 27, Caffarornia.

Congressman Usher Burdick has introduced a bill which has the support of more than 100 Congressmen seeking to Abolish the United Nations. We must support this bill.

- (e) Investigate OGPU supervision. There are organizations in America, chief of which is the Jewish Anti-Defamation League, which have set up at the cost of millions and millions of dollars secret files for the purpose of intimidating American citizens and boycotting patriots. They control publicity; they coerce radio stations; they cause commentators to be fired; they carry on a constant campaign of malicious mischief and underground villainy. This, of course, should be investigated by the Congressional Committee on Un-American Activities, and we must support such an investigation.
- (f) Fight poison water. Rena M. Vale, former Communist Party member, who has been an active anti-Communist for over 20 years, aiding

her knowledge, including the House Un-American Activities, has stated that fluoridation of drinking water is known in Communist circles as vehicle of Red warfare, to be used for outright posoning of the population and/or reducing the meritality and will of the population so it will not resist Communist domination. She states this is planne for America. The method to be employed to pufluoridation over on the people is to beat the drum for the fraudulent reason of protection of the children's teeth, and to see to it that the public doe not learn that fluorides affect the brain and nerveells to such an extent that initiative is reduced in the personality becomes docile and cowlike.

In big cities where effective committees have bee formed, the scheme has been turned down flat. I smaller and more innocent communities, it has been put over with little resistance. God save Americ from the risk of such a plot.

(g) Those gathered in Washington recomment to the patriots of the nation that an extra energetic campaign be carried on to increase the subscriptions of The Cross and the Flag, now in its 12th year of publication. Price . . . \$2.00 per year — \$1.00 for simonths. Address all subscription orders to The Cross and the Flag, P. O. Box 27895, Los Angeles 27, Calif

PREFACE

Victor E. Marsden

The author of this translation of the famous Protocols was himself a victim of the Revolution. He had lived for many years in Russia and was married to a Russian lady. Among his other activities in Russia he had been for a number of years Russian Correspondent of the Morning Post, a position which he occupied when the Revolution broke out, and his vivid descriptions of events in Russia will still be in the recollection of many of the readers of that Journal. Naturally he was singled out for the anger of the Soviet. On the day that Captain Cromie was murdered by Jews Victor Marsden was arrested and thrown into the Peter-Paul Prison, expecting every day to have his name called out for execution. This, however, he escaped, and eventually he was allowed to return to England very much of a wreck in bodily health. However, he recovered under treatment and the devoted care of his wife and friends. One of the first things he undertook as soon as he was able was this translation of the Protocols. Mr. Marsden was eminently well qualified for the work. His intimate acquaintance with Russia, Russian life and the Russian language on the one hand, and his mastery of a terse literary English style on the other, placed him in a position of advantage which few others could claim. The consequence is that we have in his version an eminently readable work, and though the subject-matter is somewhat formless, Mr. Marsden's literary touch reveals the thread running through the twenty-four Protocols.

It may be said with truth that this work was carried out at the cost of Mr. Marsden's own life's blood. He stated that he could not stand more than an hour at a time of his work on it in the British Museum, as the diabolical spirit of the motter which he was obliged to turn into English made him positively ill.

Mr. Marsden's connection with the Morning Post was not severed by his return to England, and he was well enough to accept the post of special correspondent of that journal in the suite of H.R.H. the Prince of Wales on his Empire tour. From this he returned with the Prince, apparently in much better health, but within a few days of his landing he was taken suddenly ill, and died after a very brief illness.

May this work be his crowning monument! In it he has performed an immense service to the English-speaking world, and there can be little doubt that it will take its place in the first rank of the English versions of "The Protocols of the Meetings of the Learned Elders of Zion."

No alteration in the text of this translation has been made since it was first published.

# NOTES

I.-. "Agentur" and "The Political"

There are two words in this translation which are unusual, the word "Agentur" and "political" used as a substantive, Agentur appears to be a word adopted from the original and it means the whole body of agents and agencies made use of by the Elders, whether members of the tribe or their Gentile tools.

By "the Political" Mr. Marsden means, not exactly the "body

politic" but the entire machinery of politics.

II.—The Symbolic Snake of Judaism.

Protocol III opens with a reference to the Symbolic Snake of Judaism. In his Epilogue to the 1905 Edition of the Protocols Nilus gives the following interesting account of this symbol — According to the records of secret Jewish Zionism, Solomon

and other Jewish learned men already, in 929 B.C., thought out a scheme in theory for a peaceful conquest of the whole universe

As history developed, this scheme was worked out in detail and completed by men who were subsequently initiated in this question. These learned men decided by peaceful means to conquer the world for Zion with the slyness of the Symbolic Snake, whose head was to represent those who have been initiated into the plans of the Jewish administration, and the body of the Snake to represent the Jewish nation itself. As this Snake penescret, even from the Jewish nation itself. As this Snake penetrated into the hearts of the nations which it encountered it undernined and devoured all the non-Jewish power of these States. It is foretold that the Snake has still to finish its work, strictly adhering to the designed plan, until the course which it has to run is closed by the return of its head to Zion and until, by this means, the Snake has completed its round of Europe and has encircled it—and until, by dint of enchaining Europe, it has encompassed the whole world. This it is to accomplish by using every endeavour to subdue the other countries by an economical conquest.

The return of the head of the Snake to Zion can only be accomplished after the power of all the Sovereigns of Europe has been laid low, that is to say, when by means of economic crises and wholesale destruction effected everywhere, there shall have been brought about a spiritual demoralisation and a moral corruption, chiefly with the assistance of Jewish women masquerad-

ing as French, Italians, etc. These are the surest spreaders of licentiousness into the lives of the leading men at the heads of nations.

A map of the course of the Symbolic Snake is shown as follows:—Its first stage in Europe was in 429 B.C. in Greece, where, about the time of Pericles, the Snake first started eating into the power of that country. The second stage was in Rome in the time of Augustus, about 69 B.C. The third in Madrid in the time of Charles V, in A.D. 1552. The fourth in Paris about 1790, in the time of Louis XVI. The fifth in London from 1814 onwards (after the downfall of Napoleon). The sixth in Berlin in 1871 after the Franco-Prussian war. The seventh in St. Petersburg, over which is drawn the head of the Snake under the date of 1881.

All these states which the Snake traversed have had the foundations of their constitutions shaken, Germany, with its apparent power, forming no exception to the rule. In economic conditions England and Germany are spared, but only till the conquest of Russia is accomplished by the Snake, on which at present [i.e., 1905] all its efforts are concentrated. The further course of the Snake is not shown on this map, but arrows indicate its next movement towards Moscow, Kieft and Odessa.

It is now well known to us to what extent the latter cities form the centres of the militant Jewish race. Constantinople is shown as the last stage of the Snake's course before it reaches Jerusalem. (This map was drawn years before the occurrence of the "Young Turk"—i.e., Jewish—Revolution in Turkey).

Turk"-i.e., Jewish-Revolution in Turkey).
III.—The term "Goyim," meaning Gentile or non-Jews,

used throughout the Protocols and is retained by Mr. Marsden.

Note (1936). The late Lord Sydenham's remarks on the question of "forgery" are at the back of this book.

Jews and others who denounce the "Protocols" as a forgery should be asked to give the inner history of such incidents and events as, for instance

(1) The release of Trotsky (Bronstein) from arrest in Halifax, Nova Scotia, when on his way to butcher millions of helpless Russians.

(2) The suppression by our Foreign Office of the vital passage in the report on Bolshevism of Netherlands Minister Oudendyk.

(3) The Belfour Declaration.

Note (1941). The truth of the Protocols is proved by Disraeli in his "Lord George Bentinck" ch. 24. He there states categorically that the Jews wish to destroy Christendom, and the methods

defend themselves from an external foe? It is unthinkable; for a plan broken up into as many parts as there are heads in the mob, loses all homogeneity, and thereby becomes unintelligible

and impossible of execution.

21. It is only with a despotic ruler that plans can be elaborated extensively and clearly in such a way as to distribute the whole properly among the several parts of the machinery of the State: from this the conclusion is inevitable that a satisfactory form of government for any country is one that concentrates in the hands of one responsible person. Without an absolute despotism there can be no existence for civilisation which is carried on not by the masses but by their guide, whosoever that person may be. The mob is savage, and displays its savagery at every opportunity. The moment the mob seizes freedom in its hands it quickly turns to anarchy, which in itself is the highest degree of savagery.

Behold the alcoholised animals, bemused with drink, the right to an immoderate use of which comes along with freedom. It is not for us and ours to walk that road. The peoples of the goyim are bemused with alcoholic liquors; their youth has grown stapid on classicism and from early immorality, into which it has been inducted by our special agents—by tutors, lackeys, governesses in the houses of the wealthy, by clerks and others, by our women in the places of dissipation frequented by the goyim. In the number of these last I count also the so-called "society ladies," voluntary followers of the others in corruption and

23. Our countersign is—Force and Make-believe. Only force conquers in political affairs, especially if it be concealed in the talents essential to statesmen. Violence must be the principle, and cunning and make-believe the rule for governments which do not want to lay down their crowns at the feet of agents of some new power. This evil is the one and only means to attain the end, the good. Therefore we must not stop at bribery, deceit and treachery when they should serve towards the attainment of our end. In politics one must know how to seize the property of others without hesitation if by it we secure submission and sov-

Our State, marching along the path of peaceful conquest, has the right to replace the horrors of war by less noticeable and more satisfactory sentences of death, necessary to maintain the terror which tends to produce blind submission. Just but merciless severity is the greatest factor of strength in the State: not only for the sake of gain but also in the name of duty, for the sake of victory, we must keep to the programme of violence and

make-believe. The doctrine of squaring accounts is precisely as strong as the means of which it makes use. Therefore it is not so much by the means themselves as by the doctrine of severity that we shall triumph and bring all governments into subjection to our super-government. It is enough for them to know that we are too merciless for all disobedience to cease.

25. Far back in ancient times we were the first to ery among the masses of the people the words "Liberty, Equality, Fraterof the mob. 26. In all corners of the earth the words "Liberty, Equality, Fraternity," brought to our ranks, thanks to our blind agents, whole legions who bore our banners with enthusiasm. And all the time these words were canker-worms at work boring into the well-being of the goyim, putting an end everywhere to peace, ouiet, solidarity and destroying all the foundations of the goyin States. As you will see later, this helped us to our triumph: it gave us the possibility, among other things, of getting into our hands the master card—the destruction of the privileges, or in other words of the very existence of the aristocracy of the gayim, that class which was the only defense peoples and countries had against us. On the ruins of the eternal and genealogical aristocracy of the goyim we have set up the aristocracy of our educated class headed by the aristocracy of money. The qualifications for

The true knowledge of the structure of society, into the secrets of which we do not admit the goyim, would demonstrate to all men that the positions and work must be kept within a certain circle, that they may not become a source of human suffering, arising from an education which does not correspond with the work which individuals are called upon to do. After a thorough study of this knowledge the peoples will voluntarily submit to authority and accept such position as is appointed them in the State. In the present state of knowledge and the direction we have given to its development the people, blindly believing things in print—cherishes—thanks to promptings intended to mislead and to its own ignorance—a blind hatred towards all conditions which it considers above itself, for it has no understanding of the meaning of class and condition.

11. This hatred will be still further magnified by the effects of an economic crisis, which will stop dealing on the exchanges and bring industry to a standstill. We shall create by all the secret subterranean methods open to us and with the aid of gold, which is all in our hands, a universal economic crisis whereby we shall throw upon the streets whole mobs of workers simultaneously in all the countries of Europe. These mobs will rush delightedly to shed the blood of those whom, in the simplicity of their ignorance, they have envied from their cradles, and whose property they will then be able to loot.

12. "Ours" they will not touch, because the moment of attack will be known to us and we shall take measures to protect our own.

13. We have demonstrated that progress will bring all the goyim to the sovereignty of reason. Our despotism will be precisely that; for it will know how by wise severities to pacificate all unrest, to cauterise liberalism out of all institutions.

14. When the populace has seen that all sorts of concessions and indulgences are yielded it, in the same name of freedom it has an imagined itself to be sovereign lord and has stormed its way to power, but, naturally, like every other blind man it has come power, but, the sense to return to the former state and it has has never had the sense to return to the former state and it has laid down its plenipotentiary powers at our feet. Remember the French Revolution, to which it was we who gave the name of "(Great"): the secrets of its preparations are well known to us for it was wholly the work of our hands.

15. Ever since that time we have been leading the peoples from one disenchantment to another, so that in the end they

should turn also from us in favour of that King-Despot of the blood of Zion, whom we are preparing for the world.

16. At the present day we are, as an international force, invincible, because if attacked by some we are supported by other States. It is the bottomless rescality of the goyum peoples, who crawl on their bellies to force, but are merciless towards weakness, unsparing to faults and indulgent to crimes, unwilling to bear the contradictions of a free social system but patient unto martyrdom under the violence of a bold despotism—it is those qualities which are aiding us to independence. From the premier-dictators of the present day the goyum peoples suffer patiently and bear such abuses as for the least of them they would have beheaded twenty kings.

would have beheaded twenty kings.

17. What is the explanation of this phenomenon, this curious inconsequence of the masses of the peoples in their attitude towards what would appear to be events of the same order?

18. It is explained by the fact that these dictators whisper to the peoples through their agents that through these abuses they are inflicting injury on the States with the highest purpose—to secure the welfare of the peoples, the international brotherhood of them all, their solidarity and equality of rights. Naturally, they do not tell the peoples that this unification must be accomplished only under our sovereign rule.

19. And thus the people condown the upright and acquit the guilty, persuaded ever more and more that it can do whatsoever it wishes. Thanks to this state of things the people are destroying every kind of stability and creating disorders at every step.

20. The word "freedom" brings out the communities of men to fight against every kind of force, against every kind of authority even against God and the laws of nature. For this reason we, when we come into our kingdom, shall have to erase this word from the lexicom of life as implying a principle of brute force which turns mobs into bloodthirsty beasts.

which turns mobs into bloodthirsty beasts.

21. These beasts, it is true, fall asleep again every time when they have drunk their fill of blood, and at such times can easily be riveted into their chains. But if they be not given blood they will not sleep and continue to struggle.

All the wheels of the machinery of all States go by the force of the engine, which is in our hands, and that engine of the machinery of States is—Gold. The science of political economy invented by our learned elders has for long past been giving royal prestige to capital.

7. Capital, if it is to co-operate untrammelled, must be free to establish a monopoly of industry and trade: this is already being put in execution by an unseen hand in all quarters of the world. This freedom will give political force to those engaged in industry, and that will help to oppress the people. Nowadays it is try, and that will help to oppress than to lead them into war: more important to use for our advantage the passions which have burst into flames than to quench their fire: more important to catch up and interpret the ideas of others to suit ourselves than to eradicate them. The principle object of our directorate contricts in this: to debiliate the public mind by criticism; to lead it away from serious reflections calculated to arouse resistance; to distract the forces of the mind towards a sham fight of empty

In order to put public opinion into our hands we must bring it into a state of bewilderment by giving expression from all sides to so many contradictory opinions and for such length of time as will suffice to make the GOYIM lose their heads in the labyrinth and come to see that the best thing is to have no opinion of any kind in matters political, which it is not given to the public to understand, because they are understood only by him who guides the public. This object will be best attained by increasing the burdens upon landed property—in loading lands with debts. These measures will check land-holding and keep it in a state of humble and unconditional submission.

5. The aristocrats of the goyim, being hereditarily incapable of contenting themselves with little, will rapidly burn up and

1. The intensification of armaments, the increase of police forces—are all essential for the completion of the aforementioned plans. What we bave to get at is that there should be in all the States of the world, besides ourselves, only the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers.

2. Throughout all Europe, and by means of relations with Europe, in other continents also, we must create ferments, discords and hostility. Therein we gain a double advantage. In the first place we keep in check all countries, for they will know that we have the power whenever we like to create disorders or to restore order. All these countries are accustomed to see in us an indispensable force of coercion. In the second place, by our intrigues we shall tangle up all the threads which we have stretched into the cabinets of all States by means of the political, by economic treaties, or loan obligations. In order to succeed in this we must use great cunning and penetration during negotiations and agreements, but, as regards what is called the "official language," we shall keep to the opposite tactics and assume the mask of honesty and compliancy. In this way the peoples and governments of the goyim, whom we have taught to look only at the outside whatever we present to their notice, will still continue to accept us as the benefactors and saviours of the human race.

3. We must be in a position to respond to every act of opposition by war with the neighbours of that country which dares to oppose us: but if these neighbors should also venture to stand collectively together against us, then we must offer resistance by a universal war.

4. The principal factor of success in the political is the secrecy of its undertakings: the word should not agree with the deeds of the diplomat.

5. We must compel the governments of the goyim to take action in the direction favored by our widely-conceived plan, already approaching the desired consummation, by what we shall represent as public opinion, secretly promoted by us through the means of that so-called "Great Power"—the Press, which, with a few exceptions that may be disregarded, is already entirely in our hands.

For a time, until there will no longer be any risk in entrusting responsible posts in our State to our brother-Jews, we shall put them in the hands of persons whose past and reputation are such that between them and the people lies an abyss, persons who, in case of disobedience to our instructions, must face eriminal charges or disappear—this in order to make them defend our interests to their last gasp.

In applying our principles let attention be paid to the character of the people in whose country you live and act; a general, identical application of them, until such time as the people shall have been re-educated to our pattern, cannot have success. But by approaching their application cautiously you will see that not a decade will pass before the most stubborn character will change and we shall add a new people to the ranks of those already subdued by us

The words of the liberal, which are in effect the words of our masonic watchword, namely, "Liberty, Equality, Fraterinty," will, when we come into our kingdom, be changed by us into words no longer of a watchword, but only an expression of into words no longer of a watchword, but only an expression of idealism, namely, into "The right of liberty, the duty of equality, the ideal of brotherbood." That is how we shall put it,—and so we shall catch the bull by the horns... De facto we have already wiped out every kind of rule except our own, although de jure there still remain a good many of them. Nowadays, if any States raise a protest against us it is only pro forma at our discretion and by our direction, for their anti-Semilism is indispensable to us for the management of our lesser brethren. I will not enter into further explanations, for this matter has formed the subject of repeated discussions amongst us.

3. For us there are no checks to limit the range of our activity. Our Super-Government subsists in extra-legal conditions which are described in the accepted terminology by the energetic and forcible word—Dictatorship. I am in a position to tell you with a clear conscience that at the proper time we, the law-givers, shall execute judgment and sentence, we shall slay and we shall spare, we, as head of all our troops, are mounted on the steed of the leader. We rule by force of will, because in our hands are the fragments of a once powerful party, now vanquished by in. And the weapons in our hands are limitless ambitions, burning greediness, merciless vangeance, hatreds and malice.

4. It is from us that the all-engulfing terror proceeds. We have in our service persons of all opinions, of all doctrines, restorating monarchists, demagogues, socialists, communists, and ulopion dreamers of every kind. We have harnessed them all to the task: each one of them on his own account is boring away at the last remnants of authority, is striving to overthrow all established form of order. By these acts all States are in torture; they exhort to tranquility, are ready to sacrifice everything for peace: but we will not give them peace until they openly acknowledge our international Super-Government, and with submissiveness.

arrange elections in favor of such presidents as have in their past some dark, undiscovered stain, some "Panama" or other—then they will be trustworthy agents for the accomplishment of our plans out of fear of revelations and from the natural desire of everyone who has attained power, namely, the retention of the privileges, advantages and honour connected with the office of president. The chamber of deputies will provide cover for, will protect, will elect presidents, but we shall take from it the right to propose new, or make changes in existing laws, for this right will be given by us to the responsible president, a puppet in our hands. Naturally, the authority of the presidents will then become a target for every possible form of attack, but we shall provide him with a means of self-defense in the right of an appeal to the people, for the decision of the people to that same blind slave of ours—the majority of the mob. Independently of this we shall invest the president with the right of declaring a state of war. We shall justify this last right on the ground that the president as chief of the whole army of the country must have it at his disposal, in case of need for the defense of the new republican constitution, the right to defend which will belong to him as the responsible representative of this constitution.

14. It is easy to understand that in these conditions the key of the shrine will lie in our hands, and no one outside ourselves will any longer direct the force of legislation.

republican constitution, take from the Chamber the right of interpellation on government measures, on the pretext of preserving political secrecy, and, further, we shall by the new constitution reduce the number of representatives to a minimum, thereby proportionately reducing political passions and the passion for politics. If, however, they should, which is hardly to be expected, burst into flame, even in this minimum, we shall nullify them by a stirring appeal and a reference to the majority of the whole people. . . Upon the president will depend the appointment of presidents and vice-presidents of the Chamber and the Senate. Instead of constant sessions of Parliaments we shall reduce their sittings to a few months. Moreover, the president, as chief of the executive power, will have the right to summon and dissolve Parliament, and, in the latter case, to prolong the time for the appointment of a new parliamentary assembly. But

in order that the consequences of all these acts which in substance are illegal, should not, prematurely for our plans, upon the responsibility established by use of the president, we shall instigate ministers and other officials of the higher administration about the president to evade his dispositions by taking measures of their own, for doing which they will be made the scapegoats in his place.

This part we especially recommend to be given to be played by the Senate, the Council of State, or the Council of Ministers, but not to an individual official.

16. The president will, at our discretion, interpret the sense of such of the existing laws as admit of various interpretation; he will further annul them when we indicate to him the necessity to do so, besides this, he will have the right to propose temporary laws, and even new departures in the government constitutional working, the pretext both for the one and the other being the requirements for the supreme welfare of the State.

17. By such measures we shall obtain the power of destroying little by little, step by step, all that at the outset when we enter on our rights, we are compelled to introduce into the constitutions of States to prepare for the transition to an imperceptible abolition of every kind of constitution, and then the time is come to turn every form of government into our despotism.

18. The recognition of our despot may also come before the destruction of the constitution; the moment for this recognition will come when the peoples, utterly wearied by the irregularities and incompetence—a matter which we shall arrange for—of their rulers, will clamour: "Away with them and give us one king over all the earth who will unite us and annihilate the causes of disorders—frontiers, nationalities, religions, State debts—who will give us peace and quiet which we cannot find under our rulers and representatives."

19. But you yourselves perfectly well know that to produce the possibility of the expression of such wishes by all the nations it is indispensable to trouble in all countries the people's relations with their governments so as to utterly exhaust humanity with dissension, hatred, struggle, envy and even by the use of toriure, by starvation, BY THE INOCHLATION OF DISEASES, by want, so that the GOYIM see no other issue than to take refuge in our complete sovereignty in money and in all else. 20. But if we give the nations of the world a breathing space the moment we long for is hardly likely ever to arrive.

1. The word "freedom," which can be interpreted in various ways, is defined by us as follows:—

2. Freedom is the right to do that which the law allows. This interpretation of the word will at the proper time be of service to us, because all freedom will thus be in our hands, since the laws will abolish or create only that which is desirable for us according to the aforesaid programme.

3. We shall deal with the press in the following way: what 3. We shall deal with the press in the following way: what is the part played by the press to-day? It serves to excite and inflame those passions which are needed for our purpose or else in the serves selfish ends of parties. It is often vapid, unjust, mendacious, and the majority of the public have not the slightest idea what ends the press really serves. We shall saddle and bridle it with a tight curb: we shall do the same also with all productions of the printing press, for where would be the sense of getting rid of the attacks of the press if we remain targets for pamphlets and books? The produce of publicity, which nowa-

days is a source of heavy expense owing to the necessity of censoring it, will be turned by us into a very lucrative source of income to our State: we shall law on it a special stamp tax and require deposits of caution-money before permitting the establishment of any organ of the press or of printing offices; these will then have to guarantee our government against any kind of attack on the part of the press. For any attempt to attack us, if such still be possible, we shall inflict fines without mercy. Such measures as stamp tax, deposit of caution-money and fines secured by these deposits, will bring in a huge income to the government. It is true that party organs might not spare money for the sake of publicity, but these we shall shut up at the second attack upon us. No one shall with impunity lay a finger on the aureole of our government infallibility. The pretext for stopping any publication will be the alleged plea that it is agitating the public mind without occasion or justification. I beg you to note that among those making attacks upon us will also be organs established by us, but they will attack exclusively points that we have pre-determined to allar.

4. Not a single announcement will reach the public without our control. Even now this is already being attained by us inasmuch as all news items are received by a few agencies, in whose offices they are focused from all parts of the world. These agencies will then be already entirely ours and will give publicity only to what we dicted to them

licity only to what we dictate to them.

5. If already now we have contrived to possess ourselves of the minds of the goy communities to such an extent that they all come near looking upon the events of the world through the coloured glasses of those spectacles we are setting astride their noses; if already now there is not a single State where there exist for us any barriers to admittance into what goy stupidity calls State secrets: what will our position be then, when we shall be acknowledged supreme lords of the world in the person of our king of all the world....

6. Let us turn again to the future of the printing press. Every one desirous of being a publisher, librarian, or printer, will be obliged to provide himself with the diploma instituted therefor, which, in case of any fault, will be immediately impounded. With such measures the instrument of thought will become an educative means in the hands of our government, which will no longer allow the mass of the nation to be led astray in by-ways and fantasies about the blessings of progress. Is there any one of us who does not know that these phantom blessings are the direct roads to foolish imaginings which give birth to anarchical relations of men among themselves and towards authority, because

progress, or rather the idea of progress, has introduced the conception of every kind of emancipation, but has failed to establish its limits... All the so-called liberals are anarchists, if not in fact, at any rate in thought. Every one of them is hunting after phantoms of freedom, and falling exclusively into license, that is, into the anarchy of protest for the sake of protest...

as on all printed matter, stamp taxes per sheet and deposits of caution-money, and books of less than 30 sheets will pay double. We shall reckon them as pamphlets in order, on the one hand, to reduce the number of magazines, which are the worst form of printed poison, and, on the other, in order that this measure may force writers into such lengthy productions that they will be little read, especially as they will be costly. At the same time what we shall publish ourselves to influence mental development in the direction laid down for our profit will be cheap and will be read voraciously. The tax will bring vapid literary ambitions within bounds and the liability to penalties will make literary men dependent upon us. And if there should be any found who are desirous of writing against us, they will not find any person eager to print their productions. Before accepting any production for publication in print the publisher or printer will have to apply to the authorities for permission to do so. Thus we shall know beforehand of all tricks preparing against us and shall nullify them by getting ahead with explanations on the subject treated of.

8. Literature and journalism are two of the most important educative forces, and therefore our government will become proprietor of the majority of the journals. This will neutralise the injurious influence of the privately-owned press and will put us in possession of a tremendous influence upon the public mind . . . If we give permits for ten journals, we shall ourselves found thirty, and so on in the same proportion. This, however, must in nowise be suspected by the public. For which reason all journals published by us will be of the most opposite, in appearance, tendencies and opinions, thereby creating confidence in us and bringing over to us quite unsuspicious opponents, who will thus fall into our trap and be rendered harmless.

 In the front rank will stand organs of an official character.
 They will always stand guard over our interests, and therefore their influence will be comparatively insignificant.

10. In the second rank will be the semi-official organs, whose

shall simply take and carry through such measures as we wish and then offer them to the public as an accomplished fact. No one will dare to demand the abrogation of a matter once settled, all the more so as it will be represented as an improvement.... And immediately the press will distract the current of thought towards, new questions, (have we not trained people always to be seeking something new?) Into the discussions of these new questions will throw themselves those of the brainless dispensers of fortunes who are not able even now to understand that they have not the remotest conception about the matters which they undertake to discuss. Questions of the political are unattainable for any save those who have guided it already for many ages, the creators.

2. From all this you will see that in securing the opinion of the mob we are only facilitating the working of our machinery, and you may remark that it is not for actions but for words issued by ns on this or that question that we seem to seek approval. We are constantly making public declaration that we are guided in all our nudertakings by the hope, joined to the conviction, that we are serving the common weal.

from discussions of questions of the political we are now putting forward what we allege to be new questions of the political, namely, questions of industry. In this sphere let them discuss themselves silly! The masses are agreed to remain inactive, to take a rest from what they suppose to be political (which we trained them to in order to use them as a means of combating the goy governments) only on condition of being found new employments, in which we are prescribing them something that looks like the same political object. In order that the masses themselves may not guess what they are about we further distract them with amusements, games, passimes, passions, people's palaces... Soon we shall begin through the press to propose competitions in art, in sport in all kinds: these interests will finally distract their minds from questions in which we should find ourselves compelled to oppose them. Growing more and more disaccustomed to reflect and form any opinions of their own, people will begin to talk in the same tone as we, because we alone shall be offering them new directions for thought....of course through such persons as will not be suspected of solidarity with us

4. The part played by the liberals, utopian dreamers, will be finally played out when our government is acknowledged. Till such time they will continue to do us good service. Therefore we shall continue to direct their minds to all sorts of vain con-

Progress, like a fallacious idea, serves to obscure truth so that none may know it except us, the Chosen of God, its guardians.

2° ... Our government will have the appearance of a patriarchal pa', ernal guardianship on the part of our ruler. Our own nation a' al our subjects will discern in his person a father caring for their every need, their every act, their every inter-relation as subjects one with another, as well as their relations to the ruler. They will then be so thoroughly imbned with the thought that it is impossible for them to dispense with this wardship and guidance, if they wish to live in peace and quiet, that they will acknowledge the autocracy of our ruler with a devotion bordering on APOTHEOSIS, especially when they are convinced that those whom we set up do not put their own in place of authority, but only blindly execute his dictates. They will be rejoiced that we have regulated everything in their lives as is done by wise parents who desire to train their children in the cause of duty and submission. For the peoples of the world in regard to the secrets of our polity are ever through the ages only children under age, precisely as are also their governments.

21. As you see, I found our despotism on right and duty: the right to compel the execution of duty is the direct obligation of a government which is a father for its subjects. It has the right of the strong that it may use it for the benefit of directing humanity towards that order which is defined by nature, namely, submission. Everything in the world is in a state of submission, if not to man, then to circumstances or its own inner character, in all cases, to what is stronger. And so shall we be this something stronger for the sake of good.

22. We are obliged without hesitation to sacrifice individuals, who commit a breach of established order, for in the exemplary

punishment of evil lies a great educational problem.

23. When the King of Israel sets upon his sacred head the crown offered him by Europe he will become patriarch of the world. The indispensable victims offered by him in consequence of their suitability will never reach the number of victims offered in the conrse of centuries by the mania of magnificance, the emulation between the goy governments.

1. In order to effect the destruction of all collective forces except ours we shall emasculate the first stage of collectivism—the universities, by re-educating them in a new direction. Their officials and professors will be prepared for their business by detailed secret programmes of action from which they will not with immunity diverge, not by one iota. They will be appointed with especial precaution, and will be so placed as to be wholly dependent upon the government.

2. We shall exclude from the course of instruction State Law as also all that concerns the political question. These subjects will be taught to a few dozens of persons chosen for their pre-eminent capacities from among the number of the initiated. The universities must no longer send out from their halls milksops concocting plans for a constitution, like a comedy or a tragedy, busying themselves with questions of policy in which even their own fathers never had any power of thought.

3. The ill-guided acquaintance of a large number of persons, with questions of polity creates utopian dreamers and bad subjects, as you can see for yourselves from the example of the universal education in this direction of the goyim. We must introduce into their education all those principles which have so brilliantly broken up their order. But when we are in power we shall remove every kind of disturbing subject from the course of education and shall make out of the youth obedient children of authority, loving him who rules as the support and hope of peace and quiet.

4. Classicism, as also any form of study of ancient history, in which there are more bad than good examples, we shall replace with the study of the programme of the future. We shall erase from the memory of men all facts of previous centuries which are undesirable to us, and leave only those which depict all the crors of the government of the goyim. The study of practical life, of the obligations of order, of the relations of people one to another, of avoiding bad and selfish examples, which spread the infection of evil, and similar questions of an educative nature, will stand in the forefront of the teaching programme, which will be drawn up on a separate plan for each calling or state of life, in no wise generalising the teaching. This treatment of the question has special importance.

In our programme one-third of our subjects will keep the rest under observation from a sense of duty, on the principle of volunteer service to the State. It will then be no disgrace to be a spy and informer, but a merit: unfounded denunciations, however, will be cruelly punished that there may be development of abuses of this right.

Any person not denouncing anything seen or heard concerning questions of polity will also be charged with and made responsible for concealment, if it be proved that be is guilty of this crime.

- 10. Such an organisation will extirpate abuses of authority, of force, of bribery, everything in fact which we by our counsels, by our theories of the superhuman rights of man, have introduced into the customs of the goyim... But how else were we to procure that increase of causes predisposing to disorders in the midst of their administration?... Among the number of those methods one of the most important is—agents for the restoration of order, so placed as to have the opportunity in their disintegrating activity of developing and displaying their evil inclinations—obstinate self-conceit, irresponsible exercise of authority, and, first and foremost, venality.

1. When it becomes necessary for us to strengthen the strict measures of secret defence (the most fatal poison for the prestige of authority) we shall arrange a simulation of disorders or some manifestation of discontents finding expression through the co-operation of good speakers. Round these speakers will assemble all who are sympathetic to his utterances. This will give us the pretext for domiciliary prerequisitions and surveillance on the part of our servants from among the number of the goyim police...

2. As the majority of conspirators act ont of love for the game, for the sake of talking, so, until they commit some overt act we shall not lay a finger on them but only introduce into their midst observation elements. It must be remembered that the prestige of authority is lessened if it frequently discovers conspiracies against itself: this implies a presumption of consciousness of weakness, or, what is still worse, of injustice. You are aware that we have broken the prestige of the goy kings, by frequent attempts upon their lives through our agents, blind, sheep of our flock, who are easily moved by a few liberal phrases to crimes provided only they be painted in political colours. We have compelled the rulers to acknowledge their weakness in advertising overt measures of secret defence and thereby we shall bring the promise of authority to destruction.

3. Our ruler will be secretly protected only by the most insignificant guard, because we shall not admit so much as a thought that there could exist against him any sedition with which he is not strong enough to contend and is compelled to hide from it.

4. If we should admit this thought, as the goyim have done and are doing, we should ipso facto be signing a death sentence, if not for our ruler, at any rate for his dynasty, at no distant date.

5. According to strictly enforced outward appearances our ruler will employ his power only for the advantage of the nation and in no wise for his own or dynastic profits. Therefore, with the observance of this decorum, his authority will be respected and guarded by the subjects themselves, it will receive an apotheosis in the admission that with it is bound up the well-being of every citizen of the State, for upon it will depend all order in the common life of the pack

Overt defence of the kind argues weakness in the organisation of his strength.

7. Our ruler will always among the people be surrounded by a mob of apparently curious men and women, who will occupy the

front ranks about him, to all appearance by chance, and will restrain the ranks of the rest out of respect as it will appear for good order. This will sow an example of restraint also in others. If a petitioner appears among the people trying to hand a petition and forcing his way through the ranks, the first ranks must receive the petition and before the eyes of the petitioner pass it to the ruler, so that all may know that what is handed in reaches its destination, that, consequently, there exists a control of the ruler himself. The aureole of power requires for its existence that the people may be able to say: "If the king knew of

this," or: "the king will hear it."

this," or: "the king will hear it."

this, "or: "the king will hear it."

this with the establishment of official defence the mystical grestige of authority disappears: given a certain audacity, and everyone counts himself master of it, the sedition-monger is conscious of his strength, and when occasion serves watches for the scious of his strength, and when occasion serves watches for the moment to make an attempt upon authority.... For the goyim we have been preaching something else, but by that very fact we are enabled to see what measures of overt defence have brought.

1. To-day we shall touch upon the financial programme, which I put off to the end of my report as being the most difficult, the crowning and the decisive point of our plans. 35. Industrial papers will be bought also by the government which from being as now a paper of tribute by loan operations will be transformed into a lender of money at a profit. This measure will stop the stagnation of money, parasitic profits and idleness, all of which were useful for us among the *goyim* so long as they were independent but are not desirable under our rule.

36. How clear is the undeveloped power of thought of the purely brute brains of the goyim, as expressed in the fact that they have been borrowing from us with payment of interest without ever thinking that all the same these very moneys plus an addition for payment of interest must be got by them from their own State pockets in order to settle np with us. What could have been simpler than to take the money they wanted from their own people?

They will put an end to those abuses to which we owe our mastery over the goyim, but which cannot be allowed in our kingdom.

Unemployment is a most perilous thing for a government. For us its part will have been played out the moment authority is transferred into our hands. Drunkenness also will be prohibited by law and punishable as a crime against humanness of man who is turned into a brute under the influence of alcohol.

PARALLELS OF THE JEWISH WORLD MASTERY PLOT ACCORDING TO THE PROTOCOLS, AND THE FULFILL-MENT ACCORDING TO PLAN, AS SHOWN BY PAST, OUR-RENT AND PLANNED FUTURE EVENTS IN THE UNITED STATES.

WHY "THE PROTOCOLS" VITALLY CONCERN AMERICA

Americanism is unconcerned with the authenticity or the outhorship of the famous so-called "Protocols of the Learned Elders of Zion," filed in the British Museum in 1906 vio Russia; or whether, as alleged by Jewish writers, they are "recial libels," "forgeries" or "plagiarisms." they are "recial libels," "forgeries" or "plagiarisms." ascd to promote Americanism IS concerned with WHY such prophecy-plans, used to promote the bloody Jewish-Communist Conquest of Russis in 1917, have also been adopted and actually fulfilled in subversive Communistic laws and administration by the Jewish-Radical Roosevelt "New Deal" Rogime (as paralleled

## A CLARIFICATION BRIEF

The author is not against Jews as Jews, as individuals or as to religion; but is anti-Jewish solely hecause their leadership is actively anti-American, and because the Jewish people refuse to repudiate it.

Tolerant citizens who "don't want to indict a whole race" and would make exceptions in this patriotic crusade, are reminded: (1) That the comparatively exceptions in this patriotic crusade, are reminded: (1) That the comparatively exceptions of the oftending minority, whose leadership predotorily attacked few sufferers of the oftending minority, whose leadership predotorily attacked the bospitable majority, have not yet publicly reconneced such guidance; (2) that millions of innocent American victims thereof are crying for simple justice; and (3) That said multitude ohviously deserves relief first, since "charity be-

Never having been seriously injured specifically by a Jew, the author writes with no personal animus. While patriotically resenting the alien subversive octivities which have prostrated America under o Great Produtory SUPPRESSION, he abstractly analyzes the record in this vital problem. He conceives the term "Jewish anit-Americanism" to include "Jewish" hy anaestry, marriage, adoption or a "renegade association" defensive of and loyal ancestry, marriage, adoption or a "renegade association" defensive of and loyal to Jowism before Americanism—therefore to be classified: "Public Enemies Class A and B."

He bopes for a settloment of the Jewish question through the Whole Truth, Exact Justice and American Honor; and believes those who cannot sobscribe to that effective platform must confess prejudice.

# THE STORY OF "THE PROTOCOLS" IN BREVITY

Just what are "The Protocols of the Learned Elders of Zion?"
A hook placed in the British Musonm via Russia in 1906 containing a record of 24 alleged secret meetings of an International Sanhedrin called "The Kehillah," (Its New York headquarters listed in the telephone directory as located at 70 Fifth Avenue.) In his Introduction to the Protocols Nilus wrote that a manuscript had been handed to him about four years before (1901) by a friend, since deceased, who vouched that it was a true translation of an original document stolen by a woman from one of the most influential and most highly initiated leaders of Freemasonry, at the end of a meeting of the initiated in France, "that nest of Jewish-Masonic conspiracy." Nilns added that he now revealed this manuscript under the title of "The Protocols of the Elders of Zion," which he says are not exactly minutes of meetings, but a report, with a part apparently missing, made by some powerful person. Nilus frankly admits the impossibility of producing written or oral proof of the authenticity of this document and says that we must be satisfied with the eircumstantial evidence which abounds. He maintains that the contents of the document ought to suffice for "those who have ears to hear" as being obvious, and thus anticipates the outcries from Jews, and

Gentile sycophants, that the document is a forgery.

Newark is receiving an increasing number of letters from field offices throughout the United States advising of complaints received regarding the newspaper "Common Sense," which is being received in the mail by the complainants.

It is believed that the Bureau may wish to furnish, as part of an SAC Letter or Bureau Bulletin, all offices with a sketch on this publication and its editor, and to that end the following is being submitted:

> CONDE J. McGINLEY 530 Chestnut St., Union, N. J. Post Office Box 807, Chestnut St. Station U. S. Post Office Union, N. J.

CONDE J. MCGINLEY, who at one time used the pen name GEORGE SHELTON, was born October 13, 1890 in Norman, Oklahoma. He resided there until 1930 when he moved to Dallas, Texas. After his residence in Dallas, he moved to the New Jersey seashore resort town of Belmar and he assisted in the line in the establishment and operation of a small chain of curb service restaurants known as Celia Brown's. The restaurants operated successfully during the early 1930's up to 1941. In 1941, the enterprises failed and the McGINLEYS opened a restaurant at Fort Dix, N. J. (a U. S. Army installation). This restaurant was also a failure as was another venture at Wrightstown, N. J.

In 1944, according to a report received at Newark by the State Police, McGINLEY and his wife had separated. He was residing at 1259 Stuyvesant Ave., Union, N. J., where he operated a small lunchroom. His wife and unmarried child were residing at

According to Confidential Informant who met McGINLEY in 1944, CONDE J. McGINLEY was in no way un-American or anti-American, but was sympathetic with Germany on the grounds that the Germans were fighting Communism and that the portion of Nazi philosophy which dictated the extermination of all Jews was a correct one. The Informant has reported that McGINLEY and his associates are violently anti-Semitic, that they consider themselves "Nationalists," and that they are dedicated to the "saving of America from the invisible government or world government of Zionism." McGINLEY and his associates, according to the Informant, consider Communism as but a part of the plot of Zionism for world government and the defeat of Christianity.

### "COMMON SENSE," FORMERLY "THINK WEEKLY"

According to the files of the Newark Office, CONDE J. McGINLEY started a modest publication known as "Think Weekly" in July, 1946. His paper was dedicated to the fight against the Communist threat to Christianity. It is reported that the paper met with some success with local religious groups and service clubs and McGINLEY was invited to speak before these religious groups and service organizations. He appears to have been particularly welcome at local Roman Catholic parish meetings at which his attack upon Communism was well received.

In June, 1946, the name of the publication was changed to "Common Sense." The size of the publication was increased from letter size to tabloid and was then captioned "The Nation's Anti-Communist Paper."

At first, the publication "Common Sense" used the theme of Christianity against Communism. Review of items appearing in the paper reflects that in these articles, McGINLEY invariably referred to Communists as "Zionist Marxists" which tends to bear out the report of the Informant that McGINLEY was militantly anti-Semitic, that he considered all Jews as Communists, and that he considered Communism as a part of the Zionist plot for world domination.

In the past several years, the articles appearing in "Common Sense" have become openly anti-Jewish and the editor has adopted the practice of placing the word [New# in brackets after the name of those he attacks.

In December, 1946, CONDE J. McGINLEY organized an action group to aid in the distribution and sale of his newspaper. The group calleditself the "Loyal American Group" and under the direction of McGINLEY, held monthly meetings and sponsored open lectures on Communism. The held monthly meetings and sponsored open lectures on Communism. The Loyal American Group also set up a speakers' bureau, making available lecturers on Communism.

One of the guest speakers at these Lectures was of the "Philadelphia Nationalist Action League." Following the unannounced discontinuation of this alliance with the Nationalist Action League, meetings of the McGINLEY group were held under no organizational sponsorship, but were held and announced as simply under the auspices of "Common Sense."

Until March, 1953, "Common Sense" was published from the address 2001 Pleasant Parkway, Union, N. J. Mail for Nculvilli and "Common Sense" was received through Post Office Box 428, Union, N. J. The 2001 Pleasant was received through Post Office Box 428, Union, N. J. The 2001 Pleasant Parkway address is a converted store which served as publication office and home of CONDE MCGINLEY.

According to the Informant, McGINLEY lives on the bare necessities of life, devoting all his time, energy and the monies received for subscriptions and as donations to the publication of his newspaper "Common Sense."

The Informant has reported that McGINLEY claims that his circulation is between 200,000 and 300,000 copies of each issue. He uses telephone books,

### Fr., Coughlin: first public talk since '39

Fr. Charles E. Coughlan made his first publicized appearance since his silencing by ecclesiastical superiors in 1939, addressing the First Friday Club in Detroit (Sheraton-Cadillac Hotel), December 4, 1953. Club is a Catholic group of business executives which meets first Friday of each month. The one-time controversial priest drew an attentive audience of 1,100 members and guests-second largest attendance in club's 13-year history. (Clare Booth Luce drew more.)

His speech dealt with conflict of communism and Christianity and emphasized the need for "love for our neighbors and belief in God." Addressing businessmen, Fr. Coughlin favored removal of tariff barriers and a guaranteed annual wage for labor.

FINANCIAL STATEMENT for first nine months of 1953 (Jan. 1-Aug. 31) of Gerald L. K. Smith's Christian Nationalist Crusade, recorded with Clerk of the House of Representatives, reports receipts of \$128,210.82. Of this total, \$22,561.87 represents contributions of \$100 or more from 113 persons. The figures emphasize Smith's pull among "small givers." During the year he circulated several "urgent appeals" to his vast mailing list, pleading a desperate need for funds.

Receipts for prior years (round figures for full 12 months):

### Conde McGinley and "Common Sense"

AST month Richmond, Va.'s Retail Merchants Association warned its members about "the most obscenely anti-Semitic publication in the country." In Sioux City, Ia., civic leaders were "shocked" by it. The sheriff of Hillsborough County, Fla., resented its "defamatory tactics." . . . The Boston Post asked why "the Post Office Department hasn't issued a fraud order against those responsible for this campaign of hatred [Dec. 18, 1953]." . . . Rhode Island legislators condemned it on the floor of the House. . . . N. Y. State chairman Martin B. McKneally of the American Legion called it "dangerous rubbish . . . we stand for the exact opposite ... do not have any truck or traffic with it [Jan. 23, 1954].

This sudden rash of complaints—several scattered hundreds, some as far West as California, many from persons unaware of his existence—points up (a) the new affluence of Conde J. McGinley, hate publisher of Union, N. J., and (b) an attempt to repeat his 1948 notoriety when, subsidized by "meddling" Benjamin H. Freedman, McGinley circularized wholesale to members of Congress, the United Nations, newspaper editorial offices and similar public mailing lists, two issues of his inflammatory semi-monthly, Common Sense, recklessly accusing Zionism of being an international conspiracy.

McGinley's latest such performance is Common Sense's Oct. 1, 1953 issue, devoted entirely to a hyperbolic hate-inciting essay on THE COMING RED DICTATOR-SHIP. It repeats the idiotic, yet volatile, contention that the United States and Christianity are succumbing to an international Jewish plot, screaming [in a subhead] ASIATIC MARXIST JEWS CONTROL ENTIRE WORLD AS LAST WORLD WAR COM-MENCES - THOUSANDS OF PLOTTERS PLACED IN KEY POSITIONS BY INVISIBLE GOVERNMENT - FEW EVER ELECTED - THOUSANDS MORE ON THEIR WAY. McGinley's proof: He reassembles that hoary hoax, the forged protocols of the Elders of Zion.

This issue was distributed heavily last month and November as third class mail (but carried Oct. 1 date to conform with postal regulations for second class mail privilege). Presumably for "scare" emphasis, the customary tabloid size was converted to a single, standard-sized sheet, printed on both sides. The mailing was big, perhaps approaching the estimated 300,000 copies of the first Freedmansponsored issues. This time, however, McGinley concentrated distribution among members of all 48 state legislatures, county sheriffs (who are often political powers in rural areas), police chiefs, post commanders of the American Legion and Veterans of Foreign Wars, and assorted other groups. In most cases he supplemented this saturation mailing with a printed copy of the forged Protocols.

All this costs money nore than McGinley's personal resources can muster. He generally is forced to operate on a bare issue-to-issue basis and printing has sometimes been delayed for lack of funds. Significance of the Oct. 1 mailing: McGinley/again has acquired secret subsidization.

NOT RECORDED

FER 10 1954 5, RET

Background of a Zealot. McGinley has become the biggest hate publisher in the East. This does not make him a challenge to better known, heavier-financed leaders of professional anti-Semitism, such as Joe Kamp and Gerald Smith, both of whom are more articulate, better organized. By contrast, McGinley has been a chronic sufferer from erratic finances—rarely solvent, persistently short—unable to whip into shape any group or movement to provide him with organizational support. His energies and funds are devoted almost exclusively to getting out Common Sense, two issues a month. McGinley does not have Kamp's business, political or fund-raising contacts. He does not share (nor could he afford) Smith's disposition for expensive living. McGinley lives with his work: he once made his home at 2001 Pleasant Parkway, Union, N. J.—which was also publishing headquarters for Common Sense. (His headquarters are now 530 Chestnut St.) He takes only such funds as his modest personal needs require. The rest—subscription income, contributions, secret subsidies—is diligently poured into Common Sense.

This points up a distinction that sets him apart from most of his contemporaries: McGinley is a zealot. Unlike the Gerald Smiths who calculate their keep from an unscrupulous racket, McGinley appears to be a dedicated, if distorted, propagandist, earnestly confident of his omniscience as an "authority on communism and Marxism." His emotional instability reveals itself in streaks of violence and his anti-Semitism is as intense as it is vituperative. To confidents, McGinley frequently speaks his mind about the need for exterminating all Jews.

Dollar-wise, in the hate movement, the zealot lags behind the cold professional. This has been McGinley's experience. But the fanaticism that has driven him to keep alive his journalistic activity when it meant scraping hard to meet expenses, may also explain the recent transfusion of money pumped into Common Sense. It is likely that one—or several—financiers of anti-Semitism, identity at this moment unknown, has made a substantial cash investment in McGinley's zeal. One immediate result was the widespread distribution of the Oct. 1 issue.

McGinley is now about 63 years old, stocky, graying, of undistinguished background. He migrated from Texas, where he operated a roadside stand, to work in a New Jersey war plant. Displaced when war ended, he tried a restaurant, then a furniture business. His recreation was to parade his "expertness" on the Communist menace. He wrote and distributed free a column called "Think"—the Unvarnished Truth" to 100 newspapers (his count). In July, 1946, "to educate people to what communism is," he began publication of a hate sheet called Think Weekly. With that, Conde McGinley became a full-time professional anti-Semite.

Think Weekly. The masthead of Think Weekly listed a Charles Shelton and Conde J. McGinley, Jr., as publishers. But McGinley senior was its malicious spirit, responsible for its demagogic tone, crackpot content. (His son often helps in publishing tasks but does not appear to share the elder McGinley's fanaticism.) Think Weekly's anti-communism was to hint broadly that communism is a Jewish movement. Anti-Semitism was immediately evident, although a trifle circumspect by comparison with McCinley's later crudeness in Common Sense. Justice Felix Frankfurter, the late Congressman Adolph Sabath, Judge Samuel Rosenman and other Jews in public life became McGinley's symbols of the "invisible government." "When will the White House be able to run without instructions from Felix Frankfurter, Samuel Rosenman and David Niles?" he demanded [Dec. 22, 1946].

Among Think Weekly's favored writers were: Upton Close ("simply pro-American... no more fascist or anti-Semitic than George Washington"), whose stuff appeared frequently; John J. Fleck (anti-Semitic writer of crank letters to congressmen); Dr. Austin J. App (pro-Nazi apologist); Joseph P. Kamp (Constitutional Educational League); Merwin Hart (National Economic Council). Ask CONGRESS TO PROVE ANTI-GENTILISM read a headline—McGinley reprinting Hart's complaint about "the hush-hush policy about Jews that has been encouraged at an accelerating rate in recent years" [Jan., 1947].

W. Armstrong, octogenarian millionaire, Texas, as top giver — \$1,260. Forty on the list of 113 live in California—where Smith now makes his headquarters (Los Angeles).

Another well-known anti-Semite who gave: Forrest C. Sammons (Huntington, W. Va.), \$140. Maximilian St. George (Chicago), attorney for many racists and bigots gave \$120. Listed for \$200 is the "Seattle Bible Class" (Seattle, Wash.).

Some contributors have consistently supported Smith's program for a decade and longer. Significant is the number of contributors of seemingly modest means: widows and elderly persons. Other givers are recognized pan-Germans. Some examples of Smith contributors:

MRS. M. CONAN, Phoenix, Ariz. Contribution: \$200. Smith called her "the godmother of our cause in this beautiful community," a tribute to her zeal as writer and disseminator of hate periodicals. She is anti-Catholic.

Miss Nancy Ekmark, Chicago. \$109. In 1951 she gave \$169; in 1950, \$159. Now in her seventies, she draws a monthly pension of about \$100 from the Visiting Nurses Association.

Think Weekly didn't like UNRRA, Hollywood, displaced persons or the men in government. It was bitter about the Nuremberg trials, loudly defending "German rights." "The Kangaroo Court at Nuremberg," McGinley wrote, "has tried Germans who were guilty of doing nothing else but allowing their rulers to do as they did" [Jan. 26, 1947]. He urged readers to protest the deportation of William Gerald Bishop, "a fearless American who refused to compromise with communism." (Bishop, interned Austrian alien, was convicted in 1940 of conspiracy to overthrow the government, deported in 1947:)

Think Weekly lingered for almost a year. Its circulation, including throwaways, rarely exceeded 5,000. It faded (copublisher Charles Shelton with it) when McGinley introduced the first issue of Common Sense on June 29, 1947.

Failure with front groups. Lack of a personal organization isn't because McGinley has not tried. His first try, the Loyal American Group, held frequent meetings in Union, Irvington, and other northern New Jersey towns. Attendance ranged from 50 to 300. Speakers repeated each other with the single demagogic theme: communism is Jewish. John Henihan, "boy orator of the Christian Front," was a platform regular.

McGinley intended his organization to supply volunteers for selling subscriptions and otherwise disseminating Common Sense. Some Loyal Americans tried peddling it Sunday mornings, in front of churches; others organized an ineffective sales campaign in New York's Wall Street district.

In June, 1949, McGinley worked out a consolidation plan with W. Henry MacFarland, Jr., operator of the Nationalist Action League in Philadelphia, a group ruled "fascist and subversive" by the U. S. Attorney General [April, 1948]. MacFarland was to absorb the moribund Loyal Americans; in return, the Nationalist Action League would promote Common Sense. The merger lasted little more than a month; McGinley had few members to give MacFarland, MacFarland had few new subscribers for Common Sense. A proposed tie-up with mystic, street-orating James Madole, leader of a Yorkville gang of juvenile bigots called the National Renaissance Party, never made headway.

McGinley's next group, Americans Against Communism, has been inactive since he began it in late 1950. Worth noting is the fascist-like structure planned for it. AAC was to be subdivided into groups, each comprising four units, each guided by a group leader. Group leaders, in turn, were to be organized in units of five each, supervised by a lieutenant. Promotion was by a point system: 1,000 points entitled a member to group leader rank. Points awarded for enrolling a new member, 50; for picketing a "red" movie or meeting, 35; for writing letters to Congress, 25. A member's obligation was to attain 50 points a month.

"The Nation's Anti-Communist Newspaper." Common Sense, subtitled "The Nation's Anti-Communist Newspaper," has yet to publish a legitimate, factual anti-Communist article. Editor McGinley is not addicted to subtleties or innuendoes: his anti-Semitism persists at gutter level. What keeps Common Sense a slight cut above the common filth of the hate press is (a) its typography and writing style—nothing to brag about, but cleaner looking than the usual hodge-podge sheets and lacking their passion for illiteracy, and (b) McGinley's competent, if not skillful, use of the Big Lie, pegging falsehoods and distortions to political issues and personalities.

Common Sense began with a press run of about 7,000. This now fluctuates between 25,000 and 300,000—the spread being the difference between routine circulation and those issues for which he gets special financing. In sworn statements to postal authorities McGinley declares the paid circulation to be slightly over 20,000. These are mailed second-class from the Union, N. J. post office. The excess is generally shipped in bulk to distribution contacts throughout the country; among them: Bill Hendrix, Ku Klux Klan leader in Florida; Texas millionaire George W. Armstrong, writer and financier of hate pamphlets; Prof. John O. Beaty (Southern Methodist University) whose off-campus writing and lecturing are on anti-Jewish themes; well-to-do Forrest C. Sammons of Huntington, W. Va.; retired contractor and one-man. West Virginia Anti-Soviet Educational League; Edgar S. Waybright, Sr., of Jacksonville, Fla., county Democratic leader who denied charges by St. Louis Post Dispatch that he was a "behind-the-scenes" advisor to the KKK.

Both Elizabeth Dilling and Gerald Smith have been circulating to their mailing lists reprints of Common Sense's mammoth Oct. 1 issue.

In moments of financial plight, McGinley has written imploringly to Armstrong, a man fabulously wealthy from oil, mineral and cattle holdings. (Common Sense has serialized some of Armstrong's vicious pamphlets and published articles by long-retired Gen. George Van Horn Moseley, American fascism's one-time choice for "leader on horseback," who now manages Armstrong's hate activities.) For a time Armstrong stirred great excitement in Common Sense headquarters by hinting he would buy it a printing plant; but nothing yet has come of it. McGinley has also expressed hope that Forrest Sammons, another zealot, might help underwrite Common Sense, Sammons' bulk purchases of Common Sense include one issue which he mailed to all members of Congress. Mc-Ginley has depended on just such bulk orders for wide circulation. His Oct. 1, 1950 issue, headlined BRIEN MC MAHON, COMMUNIST DUPE, was subsidized by a wealthy opponent of the late senator; 200,000 copies were shipped into Connecticut a few days before the elections that year.

Subsidies from Benjamin H. Freedman. McGinley has welcomed and enjoyed the off-and-on financial support of Benjamin H. Freedman, retired business man, apostate Jew and instigator of Arab propaganda. Freedman has spent a fortune expounding a quack notion that present day Jewsare not descended from the Biblical Israelites, but from Khazars, a "mongrel, barbarian Tartar race that overran Europe."

Using his own front, the League for Peace With Justice In Palestine, Freedman paid for many full-page advertisements in New York newspapers to attack Zionism and support Arab claims (\$100,000 worth he later admitted.) His fanaticism led him to McGinley and he began by subsidizing two anti-Zionist issues. The first [ZIONISM THREATENS NATION'S SECURITY, Oct. 3, 1948] was a bitter, bigoted attack on the "Un-American, Zionist-dictated U. S. A. effort to effect the partition of Palestine which is converting into deadly enemies over one billion friends in Africa and Asia." The next [ARE

<sup>&#</sup>x27;In 1948, testifying at a libel trial, Freedman admitted cabling an Arab League agent in which he offered "fullest cooperation" to the Grand Mufti of Jerusalem, an acknowledged Hitler collaborator who had broadcast from Berlin to his Arab followers: "Kill the Jews wherever you find them! God be with you . . ." The Court called Freedman "an international meddler."

(H) "COMMON SENSE," FORMERLY "THINK WEEKLY" CONDE J. MC GINLEY, EDITOR INTERNAL SECURITY - X -- Numerous inquiries have been received by the Newark Office from other offices advising of complaints received regarding the newspaper "Common Sense," which is being sent through the mail to the complainants. It was reported in November, 1953, by a reliable informant of the Newark Office that Conde J. McGinley planned to circulate one million copies of his latest issue of "Common Sense."

In view of the above, a brief summary of McGinley's background as well as that of "Common Sense" is being set forth below for your information.

Conde J. McGinley has been described by a reliable informant as being sympathetic with Germany during World War II because Germany was fighting Communism and because he felt that portion of Nazi philosophy directed against the Jews was a correct one. The informant stated that McGinley and his associates are violently anti-Semitic, that they consider themselves "Nationalist," and that they are dedicated to the "saving of America from the invisible government or world government of Zionism."

McGinley started publishing "Think Weekly" in July, 1946. This newspaper was reported to be dedicated to the fight against the Communist threat to Christianity. Later in 1946, McGinley changed the title of his newspaper to "Common Sense." A review of the articles appearing in "Common Sense" reflects this newspaper to be anti-Semitic and anti-Communist.

In December, 1946, McGinley organized a group in New Jersey for the purpose of aiding in the distribution and sale of his newspaper. This group, which was then known as the Loyal American Group, became affiliated in September, 1949, with the Nationalist Action League of Philadelphia, Pennsylvania. The informant reported that this merger was short-lived either because of a misunderstanding between McGinley and or because McGinley learned that the Nationalist Action League had been cited as a Fascist organization by the Attorney General pursuant to Executive Order 9835. It is noted that the Nationalist Action League was re-cited by the Attorney General pursuant to Executive Order 10450.

The informant has advised that McGinley claims the circulation of "Common Sense" is between 200,000 and 300,000 copies

Jews Approve New Phoney Translation of the Bible: The following review of a book by an outstanding Jewish writer speaks for itself: "Two thousand years of conflict between Judaism and Christianity may be approaching a conclusion with the triumph of the Jewish version of Holy Writ, according to the Jewish scholar Chaim Lieberman, in his new book 'The Christianity of Sholem Asch'. Christianity, according to Mr. Lieberman, has always been based upon 'erroneous translations from the Bible'. Christian moderns, however, are 'slowly but surely yielding' to the Jewish translation and abandoning 'the notion that their saviour is virgin born!, he says. Quoting from Mr. Lieberman's book: 'The Revised Standard Version of the Holy Bible, sponsored by the National Council of Churches of Christ in the United States of America, and published in 1952, has changed the word "virgin" to "young woman" in the much disputed verse in Isaiah. Thus an eminent group of Christian scholars at long last have bowed to the truth and vielded to the Jewish point of view'".

Benjamin Franklin Said: One of the most outstanding documents in American history is what is known as the Pinckney Papers. Some years ago there existed in the Franklin Museum in Philadelphia certain segments of the Pinckney Papers which carried a sensational quotation by Benjamin Franklin. At that time Mrs. Edward R. Dingley of Washington, D.C., was a young girl and her mother ordered her to copy Franklin's statement which since that time has been stolen out of the Museum. Here is what Mrs. Dingley copied: "In whatever country Jews have settled in any great numbers, they have lowered its moral tone, depreciated its commercial integrity, have segregated themselves and have not been assimilated, have sneered at and tried to undermine the Christian religion, have built up a state within a state, and have, when opposed, tried to strangle that country to death financially. If you do not exclude them from the United States in the Constitution, in less than 200 years they will have swarmed in in such great numbers that they will dominate and devour the land and change our form of government. If you do not exclude them, in less than 200 years our descendants will be working in the fields to furnish the substance while they will be in the counting house rubbing their hands. I warn you, gentlemen, if you do not exclude the Jews for all time, your children will curse you in your graves. Jews, gentlemen, are Asiatics; they will never be otherwise." 4081 mak on education to the also more through more

Jerusalem Menaced: Even according to the United Nations agreement, Jerusalem is supposed to remain an international city. The Jew Zionists are in a campaign to capture Jerusalem. They are opposed by the Catholic Church and large numbers of Protestant denominations. Christian opposition is weak, however, because many priests and preachers are so cowardly when it comes to criticizing Jews that they are afraid to speak out against this conspiracy to profane the shrines of Christianity. If the Jew-Zionists are allowed to get by with this devilish trick, they will destroy the shrines of Christianity and they will profane the altars which have been visited by millions of Christians in

American Anti-Semitic Publication addressed to a Berlin Returnee.

Two copies of the attached anti-semitic leaflet "The Coming Red Dictatorship" published by "Common Sense, the Nation's Anti-Communist paper, 530 Chestart Street, Union, N.J." was mailed from Winkington, D. C., to Herr Erich Mach, a professional youth worker employed by the Berlin headquarters of the Youth Office of the Evangelical Church. There was no indication as to the identity of the sender. An attached typewritten note on a filing card (the original is enclosed) voices similar anti-semitic statements in the German language (some words are misspelled). The translation below shows that its sentiments are not only anti-semitic, but also anti-democratic party, anti-Eisenhower and especially anti-U.S.A.

To our knowledge this is the first case in which anti-semitic literature has been sent to a former exchangee in Berlin. We are asking the Office of the Cultural Attache in Mehlem to find out whether other Cultural Officers in the field have heard of similar cases, in the belief that any such anti-semitic approach of German exchangees should be watched and guarded against from the beginning as it is bound to make a very bad impression in Germany. It should be noted that the writer of the note expresses very strong anti-American tendencies, stating that "the main goal of Russia as well as America (under the present Jewish guidance) is to keep Germany as small as possible. . . . If Germany wants to reunite and become a strong power again, it will have to do it alone and must not count upon the assistance of America."

Translation of the typed message: "Gradually people realize that the last war which resulted in the victory of Communism was an insidious pact between the Jews in the Federal Government and the Jews in the Soviet Government. Unfortunately the "democratic" party is still very strong and the power of the Jews in this country is just as

The main goal of Russia as well as America (under the present Jewish leadership) is to keep Germany as small as possible. It is very unlikely that the situation of Jewish supremacy in this country will change. They control radio, press, money and presidents. However, there are also very strong anti-Jewish elements, see this newspaper. Russia and America will postpone the re-unification of Germany as long as possible; see Berlin conferences. If Germany wants to reunite and become a strong power again she will have to do it alone and must not count on the assistance of America."

#### MY EXPERIENCE AT SCOTLAND YARD

From Basil Thomson's: "MY EXPERI-ENCES AT SCOTLAND YARD. Pp. 319-20; Garden City, N. Y. 1922. Some months before the Bolsheviks came into power a curious document which has

since received much attention in England was brought to the notice of the State Department in Washington, THE PROTO-COLS OF THE WISE MEN OF ZION, first published in Russian in 1897 by a Russian named Nilus, purported to set forth the details of a secret Jewish conspiracy for the domination of the world. A committee of Americans were preparing a report upon the document, and I was asked unofficially to give my opinion upon its authenticity. Be-sides the internal evidence there was very little to go upon, but I reported that the "protocols" were almost certainly fabricated by some anti-Semitic organization, and I heard afterwards that the American Committee had reported in the same sense.

mittee had reported in the same sense.

It was quite natural that when the Bolshevika came into power and it was seen that bearty all the people's commissaries were Jews, so obvious fulliment of the Protocols should not pass unsholised. It was useless to point out that, protocols are no protocols, it was invitable in a country like Russia, when the drest of the bopulation had belied up to the top, a preponderance of Jews would be found among the scum, people would have it that the first art, of this sinister program had been realised, and that worse was still so come. No doubt, the famous PROTOCOJE did faithfully reflect the kind of talk that has been current among fanatically Nationalist Jews among themselves for more than a century.

How the Russian themselves regard their Jewith marters is shown of a popular story new current in Bussia. At a Soviet meeting the list of sketch delegates was read over. The accretary came to the name "Ivan Ivanowitch Petroff."

Thut what's his real name? asked a delegate. "The remover than Ivanowitch Petroff."

The answer is that Taylor is the Gentlle out in front, to serve as a convenient mask for Jewish machinations; Judge Samuel Riffelind, Taylor's law partner; served as Special Assistant on Jewish Affairs with General Eisenhower in London during the Second World War. Riffelind was one of the harde of Jews surrounding Eisenhower during this critical period in American lattory. This is sufficient explanation of the feet that the Jewish Gestage, the Anti Defamation League of Brail Brith, started its bell rolling for Elsenhower's Presidential camrolling for Elsenhower's Presidential compaign.

#### EINSTEIN MYTH MATH WIZARDS ARE BUGGY

The Reds brought Albert Einstein over from Germany. He is a Talmud Jew. He is supposed to be a wizard in math. His reputation by propaganda has been built up until most people think that he is the wisest man of our times. The alpha and omega of knowledge.

He spoust treason as alliby as a duck quacks, but all whards in math have been buggy. They know only math and in everything else they are wacky. This is true since the world began. The math wizards in some sections were illiterate.

#### THE MOST BEAUTIFUL FLAG

By Mrs. M. Cenan
The most beautiful flag to me,
In all the world — on land or sea,
Is my own, the red, white and blue,
With the stripes running through.

Though we search the world round, No more beautiful flag can be found, And only a fool would trade, After the price we paid!

I think of those men so brave. Sleeping now in a solder's grave, And I see the tears their women shed. When I gaze on these bars of red.

The white stripes stand, I know, For National Integrity, pure as snow; White each star seems to shine With sweet peace for me and mine.

In that field of navy blue, Oh, my flag, so beautiful, so taue, Were it not for you we could not share, Glorious freedom in this land so fair.

What an ungrateful coward I would be. What an ingrater toward I would be Did I not prize my costly liberty. Or love my flag the more. Because it was birthed in human gore.

So, now let us pledge ourselves anew.
To the most beautiful flag the world ever knew.
And to the Republic for which it stands.
May it never be wrested from our loying hands!

Shall we trade our beautiful flag which was paid for with the lives of our noble forefathers, for a dirty old UN rag. Not if I can prevent it, we won't!

### UNCONDITIONAL HATRED

By CAPTAIN RUSSELL GRENFELL (Reviewed by Marilyn Allen)

If you wish to have a prevue of what will eventuate from all the "foreign entanglements," pacts, agreements, covenants, conventions, etc., in which America's false leaders have involved her with the UN, NATO, with Europe, in the Pacific and all over the world, read the new hook, "UN-CONDITIONAL HATRED", by Captain Russell Grenfell, who served in the British Royal Navy for thirty years. This book is a fair, dispassionate analysis of the subject matter, with the British flair for understatement.

This honest Englishman really HATES WAR and desires "peace for as long as possible," even while admitting the inevitability of war so long as human nature remains what it is. He inveighs against the hypocrites (in all countries) who drag their peoples into war. As he says, it is NOT the nations or peoples who want war, hut only a few individuals who, in their lust for power or other ulterior motives, drag the innocent into these senseless wars. If the people were more alert and understood these things, they could better judge, evaluate, and STOP their war-making lords.

Captain Grenfell delineates how war-mongering "Bir" Winston Churchill maneuvered and manipulated with our hypocrite, FDR, to bring the U. S. Into World War II — while Mr. Roosevelt was assuring our mothers that their sons would not have to go to war. These two old war lords were inflexibly determined that Germany and her regime should be utterly exterminated—including her women and children by savage, ruthless bombing (and incidentally Britain practiced this sort of bombing on German civilians BEFORE Germany retaliated with similar bombings on London). Captain Grenfell quotes this snorting old war-horse, Churchill, speaking to Parliament on September 21st, 1943: "The twin roots of all our evils, Nazi tyranny and Prusslan militarism, must be extirpated. Until this is achieved, there are no sacrifices we will not make and NO LENGTHS. IN VIOLENCE to which we will not go." (Which statement as to the root of all evil was, of course, a figment of the imagination!) So-o-o warmonger, FDR (who ordered a million caskets for our boys, while publicly saying they would not be sent to foreign war) coined his viclous phrase, "Unconditional Surrender," with the hope of utterly annihilating the Germans—even as they sued for peace; Just as we did similarly in Hiroshima. Both of these infamous politicians (who fancled themselved as great milliarly etrategists — which Captain Grenfell says they were not) were so dumb or else so purposely conniving that they sout their eyes to the threat of Communism-Bokhevism-Sovietism (of which there was already plenty of evidence): they refused to see or comprehend the vacuum they would thus intentionally create in Europe through the destruction of the ONLY line fighting machine against the evil of Marxism-Bolshevism-Germany, Rather, and in his own Country, took control of the Press and set the flame of UNCONDITIONAL SURRENDER HATRED burning against Germany (which certain American commentators and newspapers keep fanning briskly to this day) with all sorts of contorted lies and false charges aga

Even after Yalta, superannuated Mr. Churchili brusquely disposed of Parliamentary criticism by saying that the Soviet leaders were "honourshle and trustworthy men" and that he "declined absolutely to embark here on a discussion about Russian good faith." From London Times, Feb. 23, 1945). He told the House of Commons that, "The impression I brought back from the Crimes and from all other contacts is Marshal Stalin and the Soviet leaders wish to live in honourable friendship and equality with the western democracies. I KNOW OF NO GOVERNMENT WHICH STANDS TO ITS OBLIGATIONS EVEN IN ITS OWN DESPITE MORE SOLIDLY THAN ITS OWN DESPITE MORE SOLIDLY THAN ITS OWN DESPITE MORE SOLIDLY THAN THE RUSSIAN BOVIET GOVERNMENT." Insamuch, as the Soviets were and are notorious for NEVER having honored their agreements or undertakings with the Western Nations, it is amazing how the astute Mr. Churchill arrived at this completely false conclusion, It is most peculiar that doddering Mr. Churchill should not have had access to information disproving this theory (just as some of the rest of us did), especially when, soon after World War I, Britisb and American troops were endeavoring to put DOWN

the Bolshevik-engineered revolution in Russia. There's no other answer, but that such men are dumb for a price!

dumb for a pricel
With amazing candor and honesty, Captain
Grenfell proceeds to show that anything which
Germany may bave done, under provocation, has
only been exceeded in vileness and ferocity and
torture by Britain and America, not only against
Germany, but others as well. He documents the
war-making score from 1815 to the year 1807, by
the nations named, has follows:

Britain																	10	
Russia																	7	
France			•			٠	•			o							5	
Austria												0					3	
Prussia.	٠,	3	P	_	m	10	1	3	٩r								•	

Captain Grenfell documents these endless wars in Europe, tand gives bis reference works), showing how today's "friend" or ally is tomorrow's enemy, for sreed and profit and ulterior motives, the proves how endless, malicious lies and propaganda have been circulated about Germany, falsely accusing ber of being the "Butcher-pird" of Europe, even though Britein, France and Russia, as shown by the record, were more truly war-mongering than Germany. Other iess virile and less intelligent peoples have always been jealous of the Germans. Virtually all this sort of lying propaganda emanates from the same International cabal, whether in Britain or Americamency because Hitter's Germany sought to throw off the Marxist yoke of slavery. Captain Grenfell claims that many thousands of innocent young Britishers have been uselessly slaughtered—just as have American youth. Why don't the fathers and mothers of these innocent massacred young men WAKE UP, and go after the REAL war criminals?

If it were not so tragic, it would be humorous the way the ignorant idolize and ilonize these two "butcher-birds," Churchill and FIR, who caused so much death, destruction and torture of human beings. Why old Churchill never did save US (nor his own people) FROM sarything, because the true record proves that Hitler never intended to invade either Britain or America; in fact, he HELD BACK the victorious German Army from Invading Britain, when France fell. All Churchill has ever done is to involve US in the catastrophies which he first created, through his own stupidity and serving of alien interests. You can't consort with Machiavellians without some of the pitch rubbing off onto you. This old discredited "butcher-bird" now turns and twists every which way to involve US AGAIN in one of those disastrous International Conferences with the Bolastria Kussians, because he thinks Britain will "gain (and he himself will wear a halo as a "peacemaker") while WE pay the bills, as usual, and lose our shirt.

Because of his candor in writing this documented book against war and war-making politicians who knew nothing, actually, of the correct arts and strategy of war, Captain Grenfeil was compelled to have his book published in America. Even then, he has not dared to expose the true war-making criminals or the Interitioni Conspiracy which seeks the destruction of the White Christian Race in every country, and pits them against each other.

Any decent, honest American who loves his own Country should read this book and WEEF that we have permitted our so-called leaders and Internationalists to take America down this same road to hell; paved with smooth slogans, false propaganda, and half-truths which "tickle the ears" and deceive the minds of the unanspecting and unlinformed. America will continue t, be bled of men and money and her natural resources so long as she follows this chimera of Foreignism, as represented by the International Intervention-lists, the false Liberals, the UN. NATO, the World Federalists, Union Now, and all the other One Worlders—who care nothing its America's welfare or interests, and who would destroy the CONSTITUTION, and thereby the very soul and Freedom

of Americans.

Actually, anarchy, lawlessness, and every manner of horrible crime runs riot and rampant tu America today. Women and children are no longer safe in their homes, their schools, or on the atrects: our youngsiers are criminals and dope addicts. Yet WE disperse our young men all over the globe, for tha purpose of lighting wars for others: meddling with the governments of other nations, and presumably teaching THEM how to live, so as to prevent them from minding their own business — just as WE should be minding ours. We are infested with Crime, Communium and Corruption here at home. Why not concentrate on our OWN evils, for a change, and eradicate them, rather than encouraging this abdomination of international meddling on a global scale? Through these sepastess and worse than useless wars, we have not yet attained a single desirable objective. Are we Americans crazy, or just dumb beyond all imagination?

And that nice fire-breathing Communist, Comrade Tito of Yugoslavia, now threatens war will fluly over Trieste (perhaps sparking another worldwide conflict, such as jet bombers and stuff? None other than the good old war-mongering and meddling USA, who always believes in helping

Three big leaders command the vast army of anti Communists, Mr. Taras, Mr. Tehan, and the Black Cat. These three guerilla commonders direct operations of their army from secret hideouts, and no one who is not thoroughly trusted knows even the vicinity of their headquarters. As Captain Orenfell rightly said, oe nation (in its right mind) fights a war unless for ITS OWN VITAL INTERESTS and that of its people: it has no right to fight for "sbetract things" er alosans er ideals impossible of realization. He speaks see ideals impossible of realization. He speaks ef the "eplendid isolation" ef America. — which we ebviously have net the sense to utilize or approprietate. The narrow English Channel has always protected England from invasion, he says, while we have 3,000 miles of ocean protecting us: yet the Americans are the most scared of being "attacked." Well, it serves us right if we are; if we had minded our own husiness and kept eur fighting men at homo, and huilt, up a huge, impregnable AIR FORCE with all the hillions we have squandered abroad, we would not new be aweating it eut. Nobody welld have dared to attack us. BUT — the "fermer strong American instinct for the strict avoidance of foreign culax-glements seems to have given place to the almost epposite urge fer the United States to push its way into any outside trouble wherever in the world it may occur. Thus, although American troops are garrisoning Europe, and campaigning in Keres, there seems to be an anxiety in American gevernmental quarters for them to be fighting in tho-China and Malaya as well, But it is hard to see what vital American interests require such action in the latter areas; er, fer that matter, in Korsa either." Lint it tragle beyond words that American seems to have NO STATESMEN of clear vision to thus dispassionately analyse, and assess these things with cander and courage, IN KER. OWN INTERESTS — and thus help to "preserve, protect and defend the American CONSTITUTION," as well as the priceless lives of our youth? The United States now has soldiers in fifty countries.

#### TO THE US CONGRESS

Congress of the United States, The House of Representatives, Washington, D. C.

Dear Congressmen:

May we call to your attention one more evidence of the Jewish power which has received very little notice in the press or over the air.

It concerns the demand made by the Zionist State of Israel for \$300,000,000 to be paid to it by West Germany as compensation for the alleged crimes committed against Jews under the Hitler regima.

Several points should not be overlooked: Regardless of the fect that there never were, at any time, six million Jews in or around Germany), notwithstanding the absurdly exaggerated numbers of so-called atrocities claimed by Jewish leaders how can the State of Israel claim the compensation from West Gefmeny? Secondly, tha Jewish population in Palestine under the Israel State is not made up of German Jews, in whose favor the claim is made but is a heteroclite and mongrel amalgamation of nondescript beings gathered from all corners of the earth.

How can it be claimed that Germany has any debt toward them or owes them reparations? . . And is it to satisfy this false claim that the German people are being bled white . . . and with the sanction of the U. S. Government and former allies?

the U. S. Government and former allies?

But to addition to this outrageous situation, there is yet another important consideration. Does the Zionist Stata of Israel claim anything from the population of East Germany as compensation for the murder of those six million Jews who never existed? If guilt is to be admitted, are only the Oermans of West Germany to be held responsible? Were not the East Germany members of the Hitter regime? Were there two Nazi armies. . . one trained for persecution and hatred of the Jews, the other trained to love and respect the same Jews?

Then what is the difference between the East.

Then what is the difference between the East and west German people? . . There is no difference in the national origin, none in the language, none in the climate or the dress. There is ONE difference, one . . that is all, just one! OF COURSE COMMUNISM IS THE DIFFERENCE! West Oermany does net have a Communist Government and therein lies the sole reason why West Oermany must pay reparatlens to the Zionist State of Israel! Then what is the difference between the East

How glorlous must be the Communistic State of East Germany (in the eyes of the Zionist State of Israel). Just think, for East Germany - no criticism, no animosity, no reparations! The

Jews and the Germans surely love one another and all is forgiven . . provided the Germans are saddled with Communical.

are saddled with Communismi.

Is it not reasonable and logical to assume that what is asked from the Boon Covernment of Ademauer should be requested from the Soviet Administration rolling Bast Cermany? Why the difference in the treatment of German Nazis by the cratwhile Allies?

Who in the American Government ever coo-doned and still condones such a wicked and anamatosus situatioo?

anamatorus situatioo?

If ever evidence was required to ahow the "national tie" linking Zionism of the State of Israel and Communism of Soviet Russla, the existing policy of "reparations" being collected from West Cermany only Clearly demonstrates the intritable conclusion, namely: very little difference between Zionism and Communism.

Zionism and Communism.

If any one can explain this situation, as well as the U. S. State Department's hand in this intellerable state of affairs, we will be grateful for any clarification that can be effered! Sincerely.

Although millions of American cilizens were stunned by the decision of the Supreme Court of the United States that segregation in public schools must be ended, few realized that this decision was the culmination of ovicious campaign to destroy American liberatics. This campaign had its origin in a 1921 directive of the Communist International written by the Soviet Chief of Propaganda, Karl Rankek, the olias of a Jewish revolutionary usmed Sobelsoins.

The Radek directive gave explicit orders to the Communist Party of Americs to stir up resela strife between white and black American citizens, to force the lwo groups together in order to create race riots, and to earry on relentless agitation for "Negro rights".

#### THE ANSWER!

Address by Tom Linder. Commissioner of Dept. of Agriculture Before the Georgia Education Commission. Senate Chamber. State Capitol, Atlants, Georgia, June 25,

Your Excellency, Governor Talmodgs; Members of the Commission, and visitors:

There is no reason to sholish or discontinuo our present jushile schools. The people of Georgia, I am sure, are determined to maintain segregation of the races in our public educational institutions. They are consile

tutions. They are equally deterndeed to maintain their system of public education. There is no reason why they should not be able to do hotis.

both.

Every white child and its parents shall have the opportunity to attend an all-culored school. Every colored child and its parents shall have the opportunity to attend an all-culored school. No white child will be forced to strend a mixed school and no colored child will be forced to strend a mixed school and no colored child will be forced to strend a mixed school. If there be those among us allifeted with a sociulogical complex or psychological complex, or that are suffering from soms perveted instinct that makes it impossible for them to be happy and contented with their own race, the Legislature will make provisions to provide for such cases, either in public institutions or in private institutions. All these things are consistent with the Constitution, with the statutes and even with the latest decision of the Supreme Court.

In the future, the people of Georgia and dio other states must see in it that the seats in the United States Senate and House of Representatives sre filled with men who will use every right, prerugative and power at their command to erase from the government and the courts every individual guilty, of usurpation of powers and exercising manihorized one of constituted powers to destroy the rights of the states under the Constitution which is the real basis of our present problem which has been brought to us ready-made by outsiders and does not, in any way, originate among the people of Goorgis,

VIEWS OF A NORTHERN NEGRO

During recent years, the press of the United States has reflected various opinions enterning segregation lo our public schools — and the probable effect of integration on the pupils, and the community as a whole. The problem has reached the Supreme Court.

Supreme Court.

On January 25, 1953, Davis Lee, Negto Publisher and editor of the Newark, N. J., Telegram, expressed this sound and timely view of the repereussions we might expect if the farces of agitation provo victorious. It is the best argument we have read. He sald:

"The efforts being made by certain publi agitators and pressure groups to have regregated schools in the South declared unconstitutional — may cause Southern Negroes to lose a lot more than they will gain.

unconstitutional — may cause Southern Negroes to lose a lot more than they will gain.

"The trouble with this group, as with similar ones, is that the initiators don't count the overall cost to the race. The present effort is designed to desiroy the whole pattern of segregation — and in extablish an integrated social order in which there will be no distinction made in this country on the basis of race, religinu, color or nationality.

"This is a laudable objective, but human nature just has not changed that much, and the achtevement of such an objective could cause repercussions that might set the Negro back fifty years.

"Integration in the schools in the North and East — is not a howling success. A Nagro can attend most of the schools unhere—and got an education—but few of the states that educate him will him him as a teacher. The State of Connecticut doesn't have twenty-five Negro teachers.

"Nowhere in these integrated states do Negroes get anywhere near proportionato representation. Every dayled is emplayed to keep qualified Negroes from heing assigned. Rocently a reputable New Ynik labor union made a report on the employment of Negro teachers in New York City—and charged that a systematic scheme has been placeded to exclude Negries as teachers.

Feltx Frankfurter

The muti-segregation decision of the Supreme Court was dictated by one af the must sinister une in America, an Austrian Jewouned Felix Frankfurter, leader of the radical World Ziunist movement and a lifelong autocate of Sociulism and leftwing objectives. Felix Frankfurter was head of defense committee for Sacco and Vanzetti, anarchists whu were electrocated in Massachuseits in 1927. A law partner of Heury L. Stimson in the firm of Winthrap and Simson, lawyers for Kuhn, Loeb Co., loternational Jewish bankers who financed the Communist Revolution in Russia, Fraokfurter was first thrust upon the Americae people by President Woodrow Wilson, who braught a torde of alien Socialists ta Washington and set up the Socialist tarrachy which was reinstated in pawer lifteen years later by his understudy Fraaklin D. Is this not stronge commany for a Justice of other leaders of the Communist conspiracy, is this not strunge company for a Justice of the Supreme Court of the United States? When we renize that the anil-segregation decision of the Supreme Court futuwed a directive of the Communist International, we can understand why the decision was written by an associate of the leaders of the Communist Party, who is also the bruther of autarians canviet.

Roger Baldwin, director of the American Civit Liberties Union, testified before the Lusk Committee investigating Communism as fullows:

Thus Baldwin, speaking for Frankfurter and the other members of the American Government by the force and violence. The analysis of the American Government by violence. How can we keep a mun on the Supreme Court who believes in such basic Communist theories?

worker and other terms of said,

"Revulution is our business. We want United Notions recognition for China and American old for Mao (lender of Communist Chino)."

Douglas was a classinate of radical Robert Hutchins at Yole. A harling of leftwing lober fleaders and Jewish revolutionaries, Douglas

has been advocated for the Presidency of the Unlied States by these groups. He recent-ly accepted a \$1000 Sidney Hillmao Award from Jewish labor leaders.

Chief Justice Earl Warren was appointed to that post by Eisenhawer for the specific job af miliying the anti-segregation de-cisian. Warren as Governor of Califarnia spent so much time at Jewish imaquets that it was said he lost bis taste for Christian food.

Justice Tam Clark has crovenly refused to appear before Coogressional Committees investigating the startling corruption of the Department of Justice during his term as Attoriey General. He has been sharply criticized by many Congressmen investigating this corruption. A typical greedy, self-serving politicion, he cogerly went olang with the anti-segregation decision, although he is frain Dulbus, Texas, where he was unknown in the legal prufession.

Jewish Revolutionaries Entist

Jewish Revolutionaries Enlist Negro Sapporters The Jewish Communist Party of America The Jewish Communist Party of America has always envisioned arming the 15,000,000 American Negroes as an army with which to enslave the white population of America. For instance, when Senatur Eastland of Mississippi protsted against the recent antisegregation decision of the Supreme Court, the New York Post of June 15, 1951 carried a letter by Harry Brice. The New York Post is edited by Dorathy Schiff, Jewess, and owned by the Schiff family. Jewish International bankers financed the 1917 Communist Revolution in thussia. The letter carried in the New York Post, of Juna 15, 1954, is as follows:

as follows:

"Sen. Eastland (Dem., Miss.) says the government would have to send an army fatu the south to enforce non-segregotiao. Thoi's no problem. You could raise teo divisions in therten alone."

This letter is typical in what the radical Jews want to do to the White Christian population of America. Our Congressmen were borrified to learn from many witnesses before the House Un-American Activities Committee lisat the wholesalo slaughter of ministers, schoot teachers, and Independent businessmen in the South hos already been planned by the Yiddish revolutionaries, in the pracess of setting up a Black Republic under the leokership of the notorious Negro Communist Paul Robeson. Robeson was awared the 1952 Stabin Peace Award. During the Heoring before Un-American Activities Committee he deslayed the would no to juit awared the 1952 Stalin Peace Award. During the Heoring before Un-American Activities Committee he declared "he would go to jail before he would sny whether he was a Commust." He educated his son in Saviet Union. Rabeson, who made millions of dotlars as an entertainer in America because he wos publicized and given rave reviews by the little clique of Communist Jews who control radio, television, ond the movies, has alwoys hated America. hated America.

Every other Negro who has been brougle into prominence by the Jews has somewhere in his hackground an affiliotion with Communism and left-wing causes. Consider that cose of Dr. Mordead Johnson, President of Howard University, an Atl-Negro University in Woshington, D. C. which year after year receives more federal aid funds than any other school in America, a school which is the opple of the eve of Franklin D. Roosewit's sallow helpniote, Eleanor, and a school which has harbored many of the most dangerous radicals in America. Here are the sentiments of Dr. Johnson as reported in the Chicago Defender of Juno 10, 1933, Speaking before ao audience of young Negro intellectuais who were being trained as the black elite of the Communist Porty, Dr. Johnson was reported as follows:

"Dr. Johnson urged his hearers not to allow the words Communism and Socinilism to blind their eyes to the reality that on Russian soil todoy — it makes no difference what mistokes are heing mode or what erimes are being committed — there is a movement for the first time in the history of the world to make available all their natural resources for the life of the common man."

Actually, Bunche was merely creating an artificial issue for Communists to publicly. In Russia. Ha accepted o better-paying job with the United Nations.

Why is Bunche a favorite of Jewish revolutionaries? The Daily Worker of Navember 10, 1238 gives us a clue. On the front page is a picture of a Negra Cammunist, just back from slaughtering mins and press in Smale. And Judow is a telegram medicaning. Spain. And below is a telegram welcoming him back to America from his chorch-borning expedition overseas. The signer of the telegram is Ralph Bunche of Howard University. Thus Bunche reveals his real alleg-iance and explains his sudden rise to fame and fartune, backed by the Jewish Communist clique.

They Planned II That Way

American eliterus, stunied by the unconstitutional anti-segregation of our leftwing Supreme Courl, do not realize that this decision has its origins in Communist dictates of more than ane hundred years ago. Like the income tax and the inheritance tax, the anti-segregation decision was demanded by the Communist Manifesto of 1848, widelifirst used the phrase "without regard to race, creed, or color". This phrase identifies any organization which uses II as a group which follows the fundamental purposes of Communism. The American Jewish Con-gress and its colored subsidiary, the National Assaciotian for the Advancement of Colored People, use this phrose in all of their publi-cations as a basic principle of their groups.

Mongrelization

The Jewish Communist Israel Cohen in 1912 wrote o "A Racial Program for the Twentleth Century", in which he declared: "We must realize that our Party's most

"We must realize that our Party's most powerful weapon is racked lension. Ry pounding into the consciousness of the dork saces that for centuries they have been oppressed by the whites, we can mobil them to the pragram of the Commonist Party. The terms colonialism and imperialism must be featured in our propaganda. In America, we will aim for a subtle victory. While inflam-ing the Negro unbority ogainst the whiles we will codessour to jostill in the whiles a guilt complex for their explnitation of the Negroes. We will old the Negroes to rise to prominence in every walk of life, in the pro-fessions nod in the world of sports and en-tertainment. With this prestige, the Negroes terlamment. With this pressing, the exgross will be able to infer-marry with the whites and begin a process which will deliver. America to our course."

In the leafet "Your Family and the

NAACP", the Nuthmal Association for the NAACP, the National Association for the Advancement of Colored People declares that "The NAACP supports the United Na-tions and opposes colonialism and racism wherever they appear." Thus the NAACP follows the Cohen directive.

In the pamphici "Crusade for Freedom",

the NAACP states that:
"The NAACP youth division is a constituent member of the World Assembly of Youth and has consistently opposed colo-ulalism and imperialism in every form."

Note the similarity of this declaration with the Cohen directive.

NAACP Founded by Jewish Revalutionaries The fact that the National Association for the Advancement of Colored People so closeme avancement of Contrel People to close-ly follows the nins and directives of the Communist Party is more understandable when we learn that it was not founded by Patriotic Negro American citizens. It was founded by Jewish Communist revulution-aries. An NAACP leaflet featoring congratu-lation statements. In preprint of these after All State leads by prominent citizens quates Rubbi Irving Miller, former President of the American Jewish Congress as follows:

"Our late President, Dr. Stephen S. Wise, was one of the familiers of the NAACP. was one of the infiniters of the NAACI.

grafification to us. The infinite working retallanships which we have enjoyed, both in
union of the sterrate for the axiousium of tine of the struggle for the extension of homan rights in this country, have contributed significantly to the objectives we commanly seck."

The New Yark Times of March 21, 1917 revealed that Rubbl Stephen S. Wise had led an hysterical celebration of the Communist Revolution in Russia, and uddressed in mass Revolution in trusta, and didressed it mass meeting of gleefol Jewish Communists in Carnegie Hall on the previous evening. His san James Woterman Wise has been active in many Communist fronts. His daughter, Justine Wise Polier, appointed a children's jodge in New York City by the radical Marxist Florello LaGuardia, is married to Child Markist Florello LaGuardia, is married for Sind Folier, a director of the American Jewish Congress.

The American Jewish Congress liself, working with the NAACP for common abjectives, was founded by Jewish revolution-nries who had been expelled from Russia and who found a haven in the New York ghelto.

The Court's Decision

The Supreme Court held, in effect, that he State cannot, as a matter of Law, segregate school students outrely on a hast of lace of color. In doing to, in my opinion, the Court, by necessary implication, also used that the State cannot, as a matter of Law, force the oilulus of students of different sacer and rolors protein on a hasts of race and color.

This, I think, gives us a real basis from which to work out a program where the people beautifier race effectively segregate thomselves without computation from the State.

Rasis Of Separation

Hasis Of Separation

It is a well defined and recognized principle of constitutional law, as held by the Supreme Count to various cases, that no power resides to government, tither Federal or State, to prevent discrimination by Individual citizens. The people of Georgia, by and large, white and roloted, and including other races, are people who believe in Cod. DOCUMENTS SEIZED AT COMMUNIST PARTY CONVENTION BRIDGENAN, MICHIGAN AUGUST 22, 1922 INTERNAL SECURITY -

The July 1, 1954, issue of "Common Sense," an anti-Semitic newspaper published in Union, New Jersey, by Conde J. McGinley, carried an article by one Eustace Mullins developing the theme that the United States Supreme Court decision banning segregation in schools is the culmination of a Communist International directive to the Communist Party, USA, to use the Negro racial issue and the issue of civil rights as a method to weaken the United States. This article indicates that the document to prove this contention was seized by Government Agents who raided the Bridgeman, Michigan, Convention of the Communist Party on August 22, 1922. The article stated that the document is a directive written by Soviet Chief of Propaganda Karl Radek, "the alias of a Jewish revolutionary named Sobelsohn" which document is in the files of the FBI today; however, the Director of the FBI is under strict orders not to reveal the Radek directive at any cost because it would brand the United States Supreme Court as a front or agent of the Communist International.

In an effort to locate this document Bureau indices and records of the Department were searched with negative results.

The Detroit Office is instructed to review its indices in an effort to determine the specific location of the document referred to above.

I have always wondered what weves of outrage and denunciation would have gone up over the world if, by chance, it had been so Arab—no matter how irresponsible—who assassinated Count Bernadotte. We would quite definitely not have heard the last of that for the next dozen generations.

#### Irish Parallel

Irish Parallel

Is there something intrinsically good and meral and sound in every thing that Israel does, as though it belonged to a species apart from the ordinary humse race? I am not arguing in the least that this all-out policy of aid and support of Israel Is obviously losing us the entire Arab world and probably the whole Islance one. I am simply raising a proper question as to the inherent character of Israel, this role, that places it outside the fruinceout of ordinary conduct.

In previous articles, I have tried to auggest what disastrous effects a policy hashed on total!

favorlism for o single Eoropean country would produce in the reloitons with all aftern them. Suppose the Catholice, many of them with Irtsh istood, undertook to make Iretand the durling of special American solicitods and the recipient of vast hamious from this coooiry. Suppose they treated Ireland as though it belonged to the cetegory of mugels and not of meo, and poured is on it every coorelvable form of assistance. Suppose the highest officials of our land went up and down the country selling Irlsh hoods. I can well imagico the howl of rage that would go up from all sectors of opinion against discrimination and special favors, not to mention aid to a people of a porticular religious persuasion.

There is no need to criticize just and proper stance to a ustion like Israel that needs outside assistance to get under way. But lerael their search assistance to get under way. But lerael their secritarily not going to becefit from the histant, blind and unreasoning devotice to its interests of so many people, most of whom have ne stake in largel anyway. It is a unique siteotice in American diplomatic history, one for which there is certainly no historical precedent.

Now I realize that to aurvive, nne must look beyond the speed and power of aircraft—beyond the material strength of octence. And, though God cannot be seen as insujably as I had demanded as a child, His presence can be sensed in every sight and act and incident. Now I know that when man loses this sense, be misses the true quality of life—the beauty of earth, its seasons, and its skies; the brotherhood of men; the joy of wife and children. He loses the infinite strength without which no people can survive—the element which war cannot defeat or peace corrupt.

Now I understand that spiritual truth is more

Now I understand that apitatual truth is more escential to a notion than the mortor in its cities' walls. For when the actions of a people ore unguided by these truths, it is only a matter of time before the wails themselves collapse.

The most urgent mission of our line is to understand these truths, and to apply them to our way of modern life. We must draw strength from the almost forgottan virtues of simplicity, humility, contemplation, prayer. It requires a dedication beyond solence, beyond self—but the rewards are great and it is our only hope.

The objective of the U. N. is One World Government, which would mean the end of America. The U. N. was formed by Communists Leo Pasvolsky, Harry Dexter White, and premated by Alger Hiss. It is ridiculous to think such an unGodly organization would protect this mation against Soviet Union to benefit us in ony way. Arab Friendahip League on October 14th, 1953 at the Windsor Hotel, Montreal which reads as follows:

"For five long years the United Nations have dodged reality and allowed an unanimous decision on the resettlement of the Polestine Arab refugees of December 11th, 1948 to be conveniently forgotten and buried under diplomatic intrigues, which so far has resulted only in lessening the considence of peoples in the mission of the U.N.

The Canadian Arab Friendship League finds this an opportune time to suggest that in order to restore laith in the world organization by the milions of Asialics and Africans, an immediate end to oppression and exploitation of all colonial peoples must be made and above all, the Paleslins Arab relagest must be allowed to return to their rightful homes.

We believe it advisable that the U.N. Assembly should delegate power to auch governments as India, Pakistan, Sweden, Turkey and Greece to conforce the U.N. decision, if necessary by arms or punitive measures against the so-called stole of israel, the All criminal author of indescribable israel, the All criminal author of indescribable israel, the All criminal author of indescribable misery to nearly a million Innocent human beings.

It is our opinion that the Irresolute action of the U.N. on the Palestine problem has only contributed to strengthen other oggressors in their belief that international crimes can be a profitable business, because the U.N. either does not want or has not got the course to fulfil a mission entrusted to you by all freedom-loving people.

We believe, that if the U.N. are to fulfil their historic mission, world diplemacy should be directed by moral principles of justice to big and small nations alike and not by political expediencies resulting from cheap integues.

We know that the U.N. love not been true to the conscience of truth and justice in the past, but we have not yet lost faith that past errors cao be corrected under new leadership, We believe, Dear Midm. President that you will not allow the law of the

Hoping that this resolution, voicing the sentlments of thousands of Canadian citizens advocat-ing justice to helpless Palestine Arabs will re-ceive your attention and will result in appropriate

Informant also made available a copy of the platform of the National Patrick Henry Organization, Inc., which purported to be an cutline and objectives for action strategy. It was captioned, "TO RESTORE CONSTITUTIONAL GOVERNMENT AND KEEP AMERICA AMERICAN". This platform reads as follows:

"Whereas, the inalienable rights of our Declaration of Independence are being tramped under foot and our Constitution - the wise and time tested formula for our REPRESENTATIVE Republican Government with its checks and balances; its safeguards of individual liberty - has become a doorway for unscrupulous, avaricious men:

"Whereas, the Constitution provides for punishment of those who violate it, or who prove disloyal, and the declaration provides the remedy when men show more love for their 'jobs' than for their country, in the following clear and unmistakable language: - 'That whenever any form of Government (or administration?) becomes destructive of these rights, it is the right of the people to alter or abolish it;

"Whereas, thru a series of Marxist inspired legislative sets, beginning with the 14th and 15th amendments of the tragic sixties, resulting from a 'foreign' instigated Civil War, and an abortive Congress of bribed prostitutes, under the direction of usurper, Thad Stevens; "Whereas, only 55 years later, and only a few years after the second influx of 'Russianite' revolutionist in 1881, paralleling the influx of 'refugees' purportedly fleeing Karl Marx' revolution in Germany, allegedly, the same sinister forces rammed thru Congress over bitter protest the greatest swindle ever perpetrated against a free action - The Rothschild-Warburg Federal Reserve Act of 1913, by which the this continuing world 'communist' conspiracy obtained control of our money system--hence our Gov't;

"Whereas, this was implemented in 1916 by the unconstitutional, Marxist 16th amendment - the graduated income tax to fleese our people of their earnings for what we now know as schemes for communizing the whole world;

"Whereas, this was followed by the further unconstitutional 17th amendment, making Senatorial aspirants subject to bribery in the general elections, the same as Presidential candidates - hand picked - can be seated against the wishes of the people in violations of the provision for appointments by state legislatures;

"Whereas, the Wagner Act; the institution of the so-called 'Bi-partisan' (One party) 'foreign' policy, which is in fact a totalitarian trend, and other schemes and devices for circumventing that sacred document - the Supreme Law of our land, PROVES BEYOND DOUBT that law-less racketeers control our government, and it becomes our sacred duty to oust the offenders;

"Therefore, be it resolved that by the Board of Directors of the Nat'l Patrick Henry Org'n. Inc., in conference assembled, at Museegee Court House, this the 10th day of July, 1954:

"That this and all affiliated organizations and groups, wage an intensive campaign from the local to the state levels, to abolish all four iniquitous amendments, procured thru political chicanery and fraud, at the instigation of 'foreigners' we must now reorganize as ENEMIES for self-defense;

"That these self same enemies, having infiltrated all our educational institutions, including religious, to poison the minds of our people for subversive purposes; also, all civic groups, radio and television to spread their subversive propaganda, have forfeited their privilege of living among us, as a peace loving, Christian nation, desirous of maintaining a proper atmosphere for the development of our children;

- 3. "That since our American way and traditions seem so obnoxious to those paganistic old world 'liberals', we solemnly declare that as has been forced on other governments in the past, that they be reorganized as ENEMIES constantly warring against us and drafting us into 'foreign' wars, our only hope for survival and peace requires that we EXPEL them to Mad a gascar where they can build the kind of 'culture' they want for themselves;
- 4. "That we bring sufficient pressure to this end upon our Representatives who have taken an oath to uphold the constitution, and demand the resignation of all who show opposition to our offers to SAVE OUR HOME LAND; to RESCUE our money system; to STOP this impending Asian war, and END this foreign instigated wars that official Washington ILLEGALLY draft our sons to fight and appropriate our money to finance.
- 5. That we oppose with all our right UN, NATO, and UMT for such purposes and demand the return of our troops from foreign soil, to defend our own land, now swarming with an estimated 5 million illegal entrants, with nobody knows how many revolutionists, while we have less than I full division on our own soil. which obviously is planned TREASON;
- 6. That we demand severance of diplomatic relations with Russia, whose masters aspire to World government thru their UN and who now control half the world, with their bloody hands at our threats, which makes it encumbent upon us to drive UN from American soil, with all its treasonable agencies and commitments;

- 7. That we likewise repudiate NATO, another 'communist' been doggling scheme, wherein traiterous persons collaborating with Communists, build up their power while expressing other peace loving people, and likewise with all its secret, treasonable treaties, commitments, by disloyal men;
- 8."That we demand an end to labor unionism except on a local level for personal improvement and civic betterment, disallowing pressure tae ties which amount to duress:
- 9. "Repudiate both the Bolshevik controlled political parties; let 'Republicans' be proud to join the Constitution Party, and 'Democrats' should do their children the honor of joining the Liberty Party to perpetuate the Liberty for which our fathers pledged their lives their fortunes their sacred honor;
- 10. "Last but most important: Clean out all our Educational Institutions to try to undo some of the mischief of the past half century to restore the old time religion of our fathers to our pulpits, and the principles which have ours the greatest nation on earth our duty to posterity.

"Your comments and suggestions are solicited."

A review or the Detroit Indicas was negative in attempting to locate document alleged to have been seized by Government Agence at Bridgeman, Kichigan on August 22, 1922.

The above referenced teletype reflects that the Michigan Supreme Court records show Agents of Chicago participated in the raid at Bridgeman, Michigan.

For the information of the Chicago Office, the July 1, 1954 issue of Common Sense, an inti-Semitic newspaper published in Union, New Jersey, by Conde J. McGinley, carried an article by one Eustace Mulling developing the theme that the United States Supreme Court decision banning segregation in schools is the culmination of a Communist International directive to the Communist Party, USA, to use the Negro-racial issue end the issue of civil rights as a method to meaken the United States. This article indicates that the document to prove this contention was seized by Government Agents and raided the Bridgeman, Michigan, Convention of the Communist Party on August 22, 1922. The article stated that the document is a directive written by Soviet Chief of Propaganda Karl Radek, the alias of a Jewish revolutionary named Sobelsohn which document is in the files of the FBI today; however, the Director of the FBI is under strict orders not to reveal the Radek directive at any cost because it would brand the United States Supreme Court as a front or agent of the Communist International.

The Chicago Office is requested to review its Indices in an effort to determine the specific location of the document referred to above.

#### OBSERVATIONS:

Mr. Nichols is obtaining a copy of the HCUA report and upon receipt thereof it will be carefully analyzed and recommendations will be made based thereon.

It is believed we should advise the Department relative to the newspaper article appearing in the "Jashington Evening Star" for December 14, 1954, regarding HCUA report prepared on MRP and "Common Sense," referring the Department to all reports furnished by the Bureau on the MRP and requesting the Department to advise whether activities of MRP constitute violations of Smith Act of 1940. Letter in this regard is attached.

The Neward Office was telephonically contacted on the morning of December 15, 1954, relative to the investigation of the Christian Educational Association of Union, New Jersey. Newark advised that a report on this organization would be submitted to reach the Bureau by December 17, 1954. Upon receipt of this report, it will be promptly furnished to the Department.

#### RECOUNENDATION:

You will be kept advised of all developments regarding this matter.

If you approve, it is recommended that the attached letter be sent to the Department.

3.3. . ..

#### DETAILS :

The "Washington Evenings Star" on December 14, 1954, carried an article stating that the Rouse Committee on Un-American Activities (HCUA) in a report on neo-Fascist and hate groups in America will call on the Department of Justice to invoke the Smith Act (of 1946) against the National Renaissance Farty (NRP).

There is set forth below a summary of information appearing in Bureau files relative to the MRP and "Common Sense" which is a publication also referred to in the HCUA report.

#### National Renaissance Party (NRP)

The MRP was formerly known as the Animist Party which was headed by James H. Madole. The Bureau initiated an investigation of the Animist Party in May, 1947, and information relative to this organization was furnished to the Department on September 25, 1947. In October, 1947, the New York Office advised that the Animist Party had no active membership and that Madole communicated with other nationalist groups in the United States hoping to incorporate all nationalist groups into one with himself as the leader. In this connection it is noted Madole corresponded with of the Nationalist Action League and Gerald L. A. Smith of the Christian Nationalist Crusade. The case on the Animist Party was closed by the New York Office on December 22, 1947. Reports on the Animist Party were furnished to the Department.

This case was respende on July 22, 1953, when it was determined that wedge had renewed his pro-Fascist activities under the banner of the MRP. A summary report dated August 26, 1953, was submitted by the New York Office reflecting that in 1948 shortly after Madele get out of high school he started the MRP. The activities of the MRP are confined to the New York City area, particularly the section known as Yorkville. The MRP is

described by infermants as neo-Masi, pro-German and violently anti-Semitic. The official organ of the MRP is known as the "Mational Renaissance Bulletin" which describes the MRP as "devoted to a restoration of the American Republic, the preservation of American severeignty and the establishment of an American regime hazed on the principles of racial nationalism and social justice. A review of this organ reflects it to be neo-Masi, pro-German and violently anti-Semitic. It has attacked various loaders of the Government as well as the United Mations and the Government of the Festern Republic of Germany.

In August, 1949, a reliable informant made available a pumphlet describing the aims of the MRP as follows:

- 1. Nationalization of our people through an educational empaign among cellege, church and labor groups.
- 2. Termination of political bureaueracy and establishment of rule by the intellectual elite.
- 3. Private enterprise and equality of apportunity for the ambitious.
- h. Repeal of all bureaucratic red tape involving private enterprise and industrial evolution through monopoly.
- 5. Vast rearmanent program for defense; atomic energy to be governed by the military.
- 6. Ten year reconstruction project for complete slun elecrance.
- 7. Right to work in "open shops" free of labor exer tyronny.
- 8. To free politice and culture from demination by racial mineration.
- 9. Acceptance and reindustrialization of Germany and Japan as Allies in the Western coelition against Communism.
- 10. To sease equandering American wealth and resources abroad while many Americane remain poorly housed, clothed and fed.
  - 11. Free college education for all American youth.

- 12. To create a united national community wherein workers and management can work, hand in hand, toward our great national destiny excisioned by the founders of our American Republic.
- 13. To replace coverdice and the glerification of weakness with a national community based on courage, strength and loyalty.

A copy of the New Yerk Summary report an the MRP dated August 26, 1953, was sent to the Department/for its consideration in connection with the provisions of Executive Order 10450. Copies of this summary report were also disseminated to the intelligence agencies of the Armed Services, the Central Intelligence Agency, Department of State and the Bureau Thioteen Representatives in Salzburg and Heidelberg, German. Subsequent reports received regarding the MRP are disseminated regularly to the Department, intelligence agencies of the Armed Services, Department of State and the Bureau's Liaison Representative in Heidelberg, Germany.

The headquarters of the MRP is currently located at Madole's apartment located at 10 Nest 90th Street, New York City. Current setivities of the MRP according to New York report of November 6, 1954, consist of weekly meetings in Madole's apartment which are attended by approximately 10 individuals. A public meeting of the MRP was held on July 1, 1954, under the name of Patriots for McCarthy which was attended by about 17 individuals. Subsequent meetings under the guise of Patriots for McCarthy were held by the MRP on October 2 and 25, 1954, which were attended by about 30 to 50 people. It is reported that some of the people attending a Patriots for McCarthy meeting on August 27, 1954, believed they were actually attending a McCarthy (Senator Joseph R. McCarthy) rally and that there was a great deal of furor over Medele's anti-Semitic remarks and because very little was said about McCarthy.

The efficial ergan of the MRP, the "Matienal Renaissance Bulletin" has not been published in recent menths due to a lack of funds. A reliable informant has advised that there is not indication the MRP has established any branches in other parts of the United States and that there is no indication the MRP has presently attempted to efficiate with other nee-Masi groups.

#### "Common Sense":

"Connon Sense" is a semimentally newspaper which is published at the residence of its editor, Conde J. McGinley, 530 Chestaut Street, Enten, New Jersey, and is self-described as "The Nation's Anti-Communist Newspaper."

Medialey has been described by a reliable informant who was acquainted with him in 1944 as being sympathetic with Germany during World Var II because Germany was fighting Communism and because he felt that portion of Maxi philosophy directed against the Jowe was a sorrest one. This informant stated that Medialey and his associates are violently anti-Senitis, that they consider themselves "Mationaliate" and that they are dedicated to the saving of America from the invisible government or world government of Zionian.

This publication was originally instituted by McGinley in July, 1946, under the name "Think Weekly." The Europu initiated a security investigation of "Think Weekly" and McGinley in August, 1946, on the basis of information received from a reliable informant who stated that "Think Weekly" was a Passist newspaper serving under the guise of being anti-Communist. Investigation at that time failed to reflect that the paper was Passist, although it was strongly anti-Communist. This investigation was closed in October, 1946.

In June, 1947, the name of the paper was changed to "Common Sense," although its violent anti-Semitic and anti-Communist policy has remained unchanged to the present date. Copies of this publication were furnished the Department on several occasions and by memerandum dated December 7, 1950, the Criminal Division of the Department was furnished the October 15, 1950, issue and was requested to advice the Bureau as to any investigation desired. By memerandum dated January 11, 1951, the Department requested additional information concerning this publication which was furnished by our memorandum dated Pebruary 1, 1951. In addition, under date of January 20, 1951, and again on January 10, 1952, at the request of them Assistant Attorney General Vancoh, a summary of information in our files relative to this publication and McGinley was furnished to the Department.

In Nevember, 1955, it was reliably reported that Novinley planned to circulate 1,000,000 cepies of the latest issue of "Common Sense" with his objective being to jet this paper into the hands of law enforcement efficials and legislators. In order to acquaint the field with this matter SAC letter 54-4 was issued under date of January 19, 1954, and furnished a brief sketch of the publication and McGinley.

According to a reliable informant who is personally acquainted with McGinley, McGinley claims the circuittion of "Common Sense" is between 200,000 and 300,000 copies of each issue. This same informant advised, however, that McGinley uses telephone directories and organisation lists to make up his mailing list with the result that this publication frequently is received unsolicited by many people throughout the country.

By letter dated October 15, 1954, the Newark Office advised that NcGinley and his supporters are planning to form an organization under the name "Christian Educational Association of Union, New Jersey" to promote the publication of "Common Sense." As a result of this information investigation of this matter was immediately instituted by the Newark Office on the above date. Advice was telephonically received from the Newark Office on Becember 15, 1954, that a report regarding the Christian Educational Association of Union, New Jersey, will be submitted to reach the Eureau by December 17, 1954. A copy of this report will be promptly forwarded to the Department.

ORIGIN

The origin of the name CHRISTIAN EDUCATIONAL ASSOCIATION is not known to Newark Confidential Informant who has furnished reliable information in the past and who has been associated with CONDE J. MC GINLEY. and the publication "Common Sense"

The informant believes that the name, which is a new one, has probably been adopted by MC GINLEY to avoid further legal entanglements which have beset him in the past as a result of the publication of "Common Sense", which was owned, edited and published by MC GINLEY.

On September 27, 1954, Newark furnished information indicating that CONDE J. MC GINLEY, editor of "Common Sense", was planning a meeting which was to be held in mid October, 1954 and that there was some indication that MC GINLEY would use as sponsor of this meeting the CHRISTIAN EDUCATIONAL ASSOCIATION. The informant also advised that MC GINLEY had published a leaflet which was an appeal for funds to support the publication "Common Sense" and which was identified at the end of the leaflet as having been issued by the C RISTIAN EDUCATIONAL ASSOCIATION OF NEW JERSEY.

A leaflet in the form of a letter, captioned "Fight Or Enslavement", issued by the CHRISTIAN EDUCATIONAL ASSOCIATION--publishers of "Common Sense"--described MC GINLEY's fight against Jewish organizations who were attempting to drive him out of the publishing business. This leaflet was received in the mail by the Newark Office in an envelope post-marked October 2, 1954, bearing the return address Box 807, Union, New Jersey. This is the Post Office Box maintained by CONDE J. MC GINLEY for "Common Sense." A return envelope enclosed with the letter was addressed to "Common Sense", "The Anti-Communist Newspaper, Union, New Jersey."

Recent copies of "Common Sense" have been mailed in a white envelope bearing the return address CHRISTIAN EDUCATIONAL ASSOCIATION, Union, New Jersey.

In the September, 1954 issue of "Common Sense", Number 214, there is set forth a statement of ownership and management of "Common Sense", published semi-monthly at Union, New Jersey. In this statement there appears the following paragraph:

"The name and address of the publisher is Christian Educational Association, 530 Chestnut Street, Union, New Jersey. The owner is: Christian Educational Union, New Jersey: Association, 530 Chestnut Street, Union, New Jersey; stockholders, Conde McGinley, C. J. Mc Ginley and A. Stockholders, Conde McGinley, C. J. Mc Ginley and A. Jefimau, 530 Chestnut Street, Union, New Jersey. The known bondholders, mortgages and other security holders owning or holding 1 percent or more of the total amount of bonds, mortgages or other securities are: none. Signed, Conde J. McGinley."

The newspaper continues to print its identification as "Common Sense, Union, New Jersey; Conde McGinley, editor, address 530 Chestnut Street, Union, New Jersey.

Previous statement of ownership appearing in Issue #193, September 15, 1953 was as follows:

- (1) The name and address of the publisher and editor is CONDE MG GINLEY, 530 Chestnut Street, Union, New Jersey;
- (2) The owner is CONDE MC GINLEY, 530 Chestnut Street, Union, New Jersey;
- (3) The known bondholders, mortagees and other security holders owning or holding 1 percent or more of the total amount of bonds, mortgages or other securities are: None. Signed, CONDE MC GINLEY, Publisher.

This statement was sworn to before a Notary Public, October 1, 1953, in the State of New Jersey, in the County of Union, as required by law.

#### OFFICERS

In the statement of ownership appearing in the September 15, 1954 issue, the following individuals are listed as stockholders in the CHRISTIAN EDUCATIONAL ASSOCIATION of 530 Chestnut Street, Union, New Jersey: CONDE MC GINLEY, C. J. MC GINLEY, A. JEFIMAU.

#### CONDE J. MC GINLEY

b2 67D

The following background on CONDE J. MC GINLEY has been obtained from employment records and from Newark

MC GINLEY was born October 13, 1890 in Norman, Texas. He resided there until 1930 when he moved to Dallas, Texas. In the late 1920's he moved to the New Jersey Seashore resort town of Belmar, where he assisted his wife in the establishment and operation of a small chain of curb restaurants known as Celia Browns. The restaurants operated successfully during the early 1930's up to 1941. Following 1941, MC GINLEY and his wife suffered a series of failures.

During World War II, MC GINLEY was employed as an inspector at the Elastic Stop Nut Corporation of America, Union, New Jersey, where he was considered to have been a hard worker, patriotic, and with a son in the United States Marine Corps.

According to Newark MC GINLEY and his associates were in no way un-American or anti-American but were sympathetic with Germany during the war on the grounds that the Germans were fighting Communism and that portion of Nazi philosophy were fighting Communism and that portion of Nazi philosophy which dictated the extermination of all Jews was a correct one. The informant reported that MC GINLEY and his associates were, and, has reported, they continue to be, violently anti-Semetic. MC GINLEY and his associates consider themselves Nationalists in that they are dedicated to the "saving of America from the invisible government, world Zionism." MC GINLEY and his associates, according to the informant, consider Communism as but a part of the plot of Zionism for world government and the defeat of Christianity.

CONDE MC GINLEY has been editor and publisher of what he considers to be an anti-Communist newspaper since July, 1946. He launched his crusade against world Zionism with a modest publication known as "Think Weekly." His first paper was dedicated to the fight against the Communist threat to Christianity. Shortly after the appearance of "Think Weekly", the publication's name was changed to "Common Sense". The size

of the paper increased from letter size to tabloid size and the masthead proclaimed it as "The Nation's Anti-Communist Newspaper."

According to Newark MC GINLEY continues to be the moving force in the publication of the paper and has only a few individuals who assist in the editing, publishing, printing, and dissemination of his newspaper. MC GINLEY also continues to be the moving force behind various meetings held under the sponsorship of "Common Sense", designed primarily for the dissemination of his paper.

#### AIMS AND PURPOSES

According to the informant, the CHRISTIAN EDUCATIONAL ASSOCIATION is only a device for the publishing of "Common Sense" and has no aims and purposes other than the publication of the newspaper.

#### ACTIVITIES

According to the informant, the CHRISTIAN EDUCATIONAL ASSOCIATION has issued several leaflets appealing for support of the publication "Common Sense." It has also issued a leaflet captioned, "These Marxist Systems; Stalin Communism or Trotsky Communism?" The leaflet indicates that "Jews set up Communism in Russia during 1917, financed mainly from New York, and supported in Russia during 1917, financed mainly from to refute this. It for 35 years. No Jewish leader dares try to refute this. During this period the Zionists were protected in Russia."

This leaflet indicates "If Washington thinks and acts as the Jews want it to then Washington has become a Jewish government and is no longer an American Government. What do we mean by Washington? We mean our administration and our elected senators and congressmen. They can and will stop Communism if we elect strong Christian men. It is necessary for every good American to take an interest in seeing that the pro-American Americans are nominated on both tickets in primary pro-American Americans are nominated on both tickets in primary elections, for if the organized Marxists succeed in placing their men on both tickets at the election it makes little difference who is elected."

According to the informant, two meetings of MC GINLEY's associates have been held since the name of the publisher was changed to CHRISTIAN HOUCATIONAL ASSOCIATION. No information has been developed indicating that the CHRISTIAN HOUCATIONAL ASSOCIATION was listed as sponsor of these meetings.

Newark attended a meeting of "Common Sense" group held December 12, 1954, at which no mention of the CHRISTIAN EDUCATIONAL ASSOCIATION was made.

New Jersey, attended a meeting held by Common Sense at 530 b7C Chestnut Street, Union, on November 14, 1954. She reported that breeting as a pro-Senator Joseph McCarthy she had attended the meeting as a pro-Senator Joseph McCarthy rally and no mention of the CHRISTIAN EDUCATIONAL ASSOCIATION was reported by her. Furnished the information on November 15, 1954 after having attended the meeting upon invitation, not knowing the nature of the affair. She reported that the meeting had nothing to do with Senator MC CARTHY and appeared to be devoted to vicious outspoken anti-Semitism.

#### "COMMON SENSE"

The publication "Common Sense", "The Nation's Anti-Communist Newspaper", first appeared in the summer of 1946. Its theme was Christanity against Communism. A review of articles appearing in the early editions of the newspaper rearticles that Communists were invariably referred to as "Zionist Marxists."

In the early editions MC GINLEY's fear of the United States being taken over by the world government of the Zionists was veiled. Recently the paper has been openly anti-Jewish.

A sampling of article headlines appearing in the publication "Common Sense" during the past year is being set forth:

According to Newark the circulation of "Common Sense" runs approximately 20,000 to 50,000 copies per issue, depending upon donations and subscriptions received by MC GINLEY, who lives on the bare necessaties of life and uses all funds collected for the publication and dissemination of his newspaper.

On special occasions the circulation figure is increased for a specialized mailing to legislators or city officials and has reached as high as 200,000.

Father Brophy had been o priest for fifty years and had just celebrated his 77th birth-day. He was the author of "The Brotherhood Religion-Is it Anti-Christianism' was keenly aware of the Zionist-Marxist threat to destroy Christianity. Alert to the many subtle anti-Christian trends which have permeated various segments of society, Father Brophy's protests were vehement, constant and fearless. His life was devoted to Christ's work and the furtherance ond preservation of Christian ideals. All his actions were motivated by this dominant

Connelly relates, Father Brophy turned to a few of his class-mates and said: "Don't forget the message sent by Jesus through St. John to the Church at Smyrna, 'Be thou faithful until death and

I will give you the crown of life".

Continuing, he spoke of Father Brophy as follows: "He was always a zealous priest and ambassador of Christ. He was an authority on Cannon Law and kept before his mind the words of the great St. Augustine, Every dweller in the city of God must be a worker, and every voyager in the bark of Peter must bend to the oars' ".

The success achieved thus far by those who strive for the culmination of the Jewish-Marxist plan for world domination has been due to several factors. Not the least of these is the use that has been made of individuals or groups as effective tools in the furtherance of their atheistic scheme. A striking example is the National Association for the Advancement of Colored People. This organization, supposedly set up for the benefit of the Negro, is, in reality, hustening the final uttainment of the Marxists' goal. Running true to form, they offer empty promises of hetter living conditions and higher social stundards (a la, the so-called "Workers' Paradise" in Soviet Union) to the

"Workers Paradise" in Soviet Chion) to the Negro population.

The secret behind the effectiveness of the methods employed is the fact that the reat purpose is always eleverly ennounlinged. The "frunt" organizations always set up a facade of endeavoring to accomplish a particular ideal. In this way, there is the assur-ance of support from that group of people which the organization allegedly helps, as well as from mony unsuspecting individuals who, hecause of their innute goodness, are actively interested in the welfare of others. Another hy-product of this kind of devious planning is the dilentum one faces when exposing such organizations and altempting to reveal the underlying purposes. So ingenious are these perpetrators of evil that they are still able to become the issue despite exposare. For example, when one points out the Jewish-Marxist influence in the NAACP, he is branded "anti-Negro". Obviously, this is not necessarily so. These anti-Christian ele-ments are not adverse to using anyone or anything to speed their progress and they are as dangerous to the colored person as they are to the white man. Their boasts of freedom, security, peace and what-have-you are tempting and are aimed at inciting

## INTEGRATION IN MILFORD

When the U. S. Supreme Court handed down its decision that the white and colored races will be forced to integrate, very few Americans realized the vast importance of the decision. The Court's ruling did not constitute the senti-ments of the majority of the American citizens, nor was it, as some thought it to be, a decision giving equal rights to a minority race. It is true these are the reasons given by the controlled press, radio, and television. However, let us examine the problem on a local basis and de-termine for ourselves what the real purpose is

for this radical change in tradition.

In the clean moderate sized combination farming and commercial town of Milford, Delaware, with its small population composed mainly of farmers there reigned a period of peace and tranquility for years. There was always a harmonious relationship among the populace and because of the seasonal farming require-ments for labor, several negro families lived in ments for labor, several negro families lived in this small community for years. Yes, there were difficulties, but the citizens of Milford always managed to straighten out their own problems. The colored population was peaceful and con-tented. This was the picture that existed prior to the decision of the U. S. Supreme Court on nun-segregation.

From then on there was unrest in Millord. A whispering campaign began among the residents of Milford and soon it developed into a meeting of the people. The question in everyone's mind was, "What is going to happen?" For the first time, the colored man and the white man looked at each other with suspicion. Neither one considered the other his event what some unknown. sidered the other his enemy, but some unknown third party had set into motion an idea which both believed was to his respective detrinent. It was quote obvious that there was going to be

The result was a public mass meeting on September 17, 1934 in the American Legion Home in Milford. This meeting was attended by more than 2,000 people, many more than could get fuside the boilding. A resolution was drawn

It was decided that everyone would meet in a body at the high school the fellowing Monday morning. September 20, for the purpose of orderly presenting the petition to the Militord School Board.

The relationship between the white and colored races was no problem until a certain faction, known among the informed as Jewish Communism, came upon the scene, Thirty years ago, the organization from New York City, the National Association for the Advancement of colored People fanned out throughout the South.

From its inception it was tagged as a Commu-nist front with Jewish leadership, Jewish direc-tion and Jewish money. Now, why should Jews be interested in fostering the cause of the Negro, the average person may ask. To have a clearer picture of the situation, we must digress for a (Continued on Page 3)

#### Marxist "Interest" In Negro Welfare

It is an established fact that the Reds have used others to do a major share of their revolutionary work for them. And it is not likely that they would overlook the potential value of the vust Negro population in this country. Imminerable schemes have been carried out to lure the colored person into the Communist Party. But, the Communist Party, as such, could not achieve its avuwed purpose. Point Two in the program, would have to be the formation and direction of an organization allegedly set up for the "welfare" of the Negro — hence, the NAACP.

Ample evidence can be found in Communist literature. In "A Racial Program for the Twentieth Century", written in 1912 by the Jewish Communist, Israel Cohen, the following is stated: "We must realize that our Party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the whites, we can mold them to the program of the Communist Party. In America, we will aim for a subtle victory. While inflaming the Negro minority against the whites, we will endeavour to Instill in the whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige, the Negroes will be able to inter-marry with the whites and begin a process which will deliver America to our cause."

A 1921 directive of the Communist International makes unmistakably clear the Party's "interest" in the welfare of the Negro. Written by Karl Radek (a Jewish revolutionary whose real name was Sohelsohn), the directive gave explicit orders to the Communist Party of America to stir up racial strife between white and black American citizens, to force the two groups logether in order to create race riots and to carry on relentless agitation for "Negro rights".

The Communist program regarding the Negro question was slated by Benjamin J. Davis, at the Party's 15th National Convention, Dec. 1950, in New York City. Speaking of the Negro liberation movement, Mr. Davis said: "The unique contribution of Communists in movement is to imbue it with a revolutionary perspective, as against a reformist perspective."

And on pages 16 and 17 of "Marxism and Negro Liberation" by the National Secretary of the Communist Party, Gus Hall, we read: "... who can deny that it is partially because of the influence of Marxism that the Negro people today see more clearly than ever the road ahead?" Also, "... the very existence of our Party, and especially the outstanding role of our Negro comrades... is a powerful influence on the course of the struggle for Negro liberation." And, "Finally, I think it is correct to say that the growing appreciation of the need to study the history of the Negro people, including the celebration of Negro History Week, reflects the Influence of Marxist thinking within our country."

The Congressional Report of the testimony of Manning Johnson (Un-American Activities Committee Hearings, July 14, 1949) reproduces a map which was compiled by the Communist party in the 1930's. It shows an area, covering 11 Southern States which would constitute a separate Negro Soviet Republic. This program, useful in stirring up racial hatred, was officially termed, "Self-determination for the Black Belt." The map was originally published in 1938 in an official Communist pamphlet, "Negro Liberation", by James S. Allen.

#### The NAACP

A brief summary of the origin, officers, affiliations and activities of the NAACP will more than substantiate the charges that the organization was and is under Jewish-Marxist influence.

Among the founders and early supporters of the NAACP were William E. Walling (schooled in revolution in Russia and whose wife had spent time in a Russian prison for her part in the Bolshevik uprising of 1905), Dr. Henry Moskowitz, Mary Ovington White, Oswald G. Villard (a parlor-pink of the Norman Thomas school), Rabbi Stephen S. Wise (known for his Red activities), Jane Addams (active in Red-Front organizations), Rabbi Emil G. Hirsch, Lillian D. Wald, Florence Kelley (real name, Wesh, Six Communist-front citntions—was a personal friend of Engels and Lenin) and W. E. B. Dullois (cited as having belonged to a dozen or so Communist-front organizations, was one of the few Negroes of note in the organization at the time). And the NAACP was supposedly formed for the benefit of the Negro!

When the NAACP was originated, a special appeal, signed by 53 individuals, was sent out, calling for aid. Of liese 53, more than a third have been cited by the U. S. Government as Communists or members of Communist-front groups! Who does the NAACP really represent?

Walter A. While, executive sceretary of the NAACP has 12 Communist front elations to his credit, and Dr. Channing Tobias, Chairman of the Board of Directors, has a record of at least 50 COMMUNIST-front affiliations. In the official uninutes of the organization (Nov. 10, '52 and Dec. 8, '52) a listing of the National Board of Directors of the NAACP included several individuals with Marxist affiliations. Annong them were: Senator Herbert Lehman (10 Communist front citations); Arthur B. Spingarn (1 Communist-front); Alfred Baker Lewis (6 Communist-front); Allar K. Chalmers (2 Communist fronts); Mary McLeod Bethune (50 Communist fronts); Wayne L. Morse (1 Communist Front); Allarenon Black (20 Communist fronts); Wayne L. Morse (1 Communist fronts); Eleanor Roosevelt (53 Communist fronts); Dr. Ralph Bunche (7 Communist fronts) and Walter Reuther (listed 5 times in Index V of the Un-American Activities Committee).

It is not surprising to note that an Official Report of the Communist Party's 4th National Convention stated that the Party had penetrated the National Association for the Advancement of Colored People. Nor is it surprising to learn of the finnneial assistance given the NAACP by the Red outfit, the Garland Fund. From 1923 to 1930, the Garland Fund appruprieted almost \$44,000 for the organization.

For those who may think that the Garland Fund has some association with horticulture, a brief sketch of the organization will dispel that miseoneeption. Originally called the "Free Love Fund", it was founded in 1922 by Charles Garland who served a prison term for running a free love farm. At a later date, the titte was changed from the Garland Fund to the "American Fund for Public Service". The fund was considered the life stream of the red revolution in the United States and included among its officers and members such luminaries as William Z. Foster, (head of the Communist Party in America), Elizabeth Gurley Flynn (ranking member of the Communist Party's second string Politburo), Robert W. Dunne (with many Marxis) affiliations to his credit) and others.

When a number of Reds were seized in Bridgman, Michigan along with documentary evidence of plans to overthrow the U.S. Government, the Fund went to their defense with contributions totalling over \$13,000. The Fund also donated \$12,622 to the Communist "Workers' School" (an institution set up for the purpose of training revolutionary leaders); and the Daily Worker received financial support to the lune of

#### The Jew And The NAACP

dewish influence, interest and participation in the National Association for the Advancement of Colored People has been obvious since its inception One of its Inunders was Rabbi Stephen S. Wise; another founder was Rabbi Hirsch. Felix Frankfurter was a member of its legal staff in 1931; Herbert Lehman has been a director of the NAACP for many years; Rabbi Judah Cahn and Andrew Weinberger were listed as members of the Board of Directors in 1952 and its president is the Jew, Arthur Spingan whose futher played a prominent role in the formation of the Association. More than one third of the present life members of the organization are Lews! Again we ask, who does the NAACP really represent?

There are immuerable instances of close cooperation between the NAACP and Jewish organizations and in 1951, a Rabbi Stephen S. Wise award was presented to the NAACP. In a leaflet issued by the National Associ-

In a leaflet issued by the National Association for the Advancement of Colored People, we find the following quote by Rabbi Irving Miller, former President of the American Jewish Congress:

"Our late President, Dr. Stephen S. Wise, was one of the founders of the NAACP Thronghout the years, our cooperation with the Association has been a source of deep gratification to us. The Intimate Working relationships which we have enjoyed, both in major undertakings and the day-to-day routine for the struggle for the extension of human rights in this country, have contributed significantly to the objectives we cummonly seek."

The Newark (N. J.) Evening News of Oct. 11, 1954, reporting on the segregation battle being waged in Delaware, quoted Rev Claude Lynch as saying: "Jews are backing the colored people 100 per cent in this thing"

The National Association for the Advancement of Colored People has often followed the Marxist lead on controversial issues. Along with the Daily Worker and the Communist Party, the organization condemns the Smith Act and the McCarran Immigration Act. They have recommended the film. "Brotherhood of Man", a cartoon based on the pamphlet, "Races of Mankind", written by Drs. Rulli Benedict and Gene Welfish Or. Weltfish refused to answer a Congres-

simal Committee as to whether she was a Communist and was later named as such. Another recommendation was the libu, "Native Land" with songs and narration by the Negro Communist, Paul Robeson. A hallad written by Communist Langston Highes was presented by the NAACP at a Madison Square Garden henefit, Mar. 6, 1952.

It appears that should local branches of the NAACP wish to remain comparatively free of Marxist inlittration, they are preventdefron doing so by the National Board. An example of this is clearly illustrated by an incident occurring in the Lang Branch, N. J. rhapter of the Association. After refusing membership to two individuals because of Communist background, the decision of the Long Branch chapter was reversed by the National Board and membership was granted. In a letter dated, May 14, 1952, the Long Branch NAACP valved its opinion: "We day not feel happy about the fact that the National office gave membership to these two persons."

It is a vicinus exploitation of the Negro people to have an organization which has supposedly been furned for their benefit actually ruled, for the most part, by Jewish-Chimmunists to whom the Negro means nothing more than a slepping-stone We appeal to the loyal Negro population to thoroughly denounce this phoney Marxist association. Until something more truly and sincerely representative of the colored person is organized. Americans—both while and colored—ean expect nothing more than what is intended by these people, racial tension and agolation

The Supreme Court ruling on segregation can be considered a notable achievement of Jewish-Marxist influence and the result of much work on the part of those who know well the advantages of the slogan, "Divide and Conquer." This decision by our Supreme Court can benefit neither Negro nor White. The solution to the problem must come from the fostering and application of Christian ideals and attitudes on the part of each individual. No legal ruling can effectively accomplish this, No result can be greater than its cause. The underlying causes in this instance are completely alien to everything for which our country stands, and wholly inimicable to the welfare of all loyal Americans, no matter whal his color might be.

The Communist Manifesto states very clearly that the methods by which the world will be too puried will be by matching race against race and class against class, and when the two have been broken thown the Communists will rule. Does the reader really believe that an organization like the NAACP under the control and direction of Jews, most of whom have Communist citations, is out to help the cultured race or any other race? Is it not communist miss to createt dissension between the various component parts in order to destroy the whole? Then if this is inderstood, why do Americans allow Communism to move into their communities under the guise of brotherhood, etc. and take over? Is it because we are affaid of this minority race? Are we affaid that we will lose our jobs or be criticized? We are going to lose all of these valuable assets if the Communities take over, are we not? And they are taking over, of that there is no doubt. Then we have nothing to lose by showing our patriotism and connarge now, for by the records of the Jewish Communities calendar you are already victims.

#### Brotherly Love Deception

The move to abolish segregation is done under the deception of brotherly love. It it through deception by elever Marxists directing from be-hind that Communism is taking one country after another. If our own United States is to be after another. If our own United States is to be saved, people must understand what is causing the alarming situation the last tweaty years. Political parties ruined — schools, colleges, unions and our government agencies packed with Communists. Fires of distrust between employees and employer being fanned by invisible forces with unlimited funds. We are visible forces with unlimited funds. We are being disorganized, confused and conditioned for Communism. There are not enough Marxist Jews in the United States to take over alone; they organize blocks of voters, control unions,

For years Marxist Jew lawyers from New York have been working among the unsuspecting negroes in the South in their plan to organthe fourteen million negrues into a block so they may be used as a voters block and in the revolution. Clever minds are turning black against white. Sworn testimony shows Anna against white. Sworn testimony shows Anna Rosenberg as a Communist, but in 1950 the Invisible Government forced her into the position as Assistant Secretary of Defense where she packed that department with Marxists and abolished segregation in the army.

This does not sound had, but scrape off the frosting and examine the whole question. What is taking place in the army? Where are we headed? Who are the trouble makers who want trouble in the south? When will these Communist masterminds come out in the open and de-clare afficially that we are under Jewish Communist rule?

#### New Proof That Communism Is Still As Jewish As Ever

A case comes before the Swedish courts this munth in which for the second time slace the war an attempt will be made in prevent the publicist, Einer Aberg, from continuing to write and distribute his very informative little leallets which have been so valuable to patrints of every country in studying the Jewish question

The theme of Alierg's pamphiets is also that of FREE HRITAIN, namely, that Communism is a Jewish swindle, invulving Jews in every walk of life in every country of the world.

There could be nu clearer proof of the simple truth of the statement that Communism is Jewish than the superchable fact that the only appropriate that the only approximate the control of the only approximate that the only approximate that the only approximate the control of the only approximate that the only approximate that the only approximate the control of the only approximate the control of the only approximate the only approximate that the only approximate the only approximate that the only approximate the only approximate that the only approximate the only approximate the only approximate the only approximate that the only approximate the only approximate

You cannot make this necessation in Soviet countries and live, and you cannot make this same accusation in the West and live comfutably.

San Salvador To Stockholm

Einer Aberg is being brought to trial in Stock-holm because a Jew in San Salvador took e-ceptum to certain of his briffets and complained in the Swedish Cuverament through the Swedish Embassy in Mexico City. So the stage is once more set, as In 1947, for an attempt in

prive Alterg instanc.
After his release in 1948 Aberg published a document revealing "the Jewish method of trying to silence those who expose Judaism".

"Sent by the AMERICAN JEWISH COM-MITTEE of New York, the Jew David Bernsteln came to Stockholm in June, 1947, in order to stop my infurmation service and work on the lewish Question. He had an interview with Herr Quensel, the acting-Minister of Justice, and reported in the American Jewish Committee as follows: The Swedish Government has explicitly promised to do their atmost to stop Aberg's activity as a distributor of anti-Jewish literature throughout the would."

Now we hear from Sweden that the Jew Dr. Siegfried Both, general secretary of the World Jowish Congress, has recently been in that country where he was interviewed on July 13th by the Jew-owned newspaper Goteborgs Handelstidning. The Interview, headed "Is The Coveranicat Unable To Stop Einer Aberg<sup>20</sup> declared that "The anti-Jewish propaganda which the Swedu Einer Aberg sends ant all over the world is one of the greatest problems of the Jews to-day. The Swedish Government most find a way to sinn this activity.

"In court session, July 21st, 1947.

My solicitor objected at once, on the ground that In a case of alleged infringement of the fress Law there is no provising for mental examination within the Act. The Court took on heed of this important plea and after discussion for one hour it was prenounced that I should be mentally examined—as a preliminary! The Court then ad-journed until August 18th."

These silencing tactics were maintained up to March, 1945, the farce ending when Aberg was declared sane, but Sweden, placed so mi-comfortably near the Soviet burder, has in

By airtel dated December 14, 1954, Baltimore forwarded a questionnaire regarding integration of the races which was issued by "Common Sense," a violently anti-Semitic newspaper published by Conde J ... Ginley in Union, New Jersey. Two pertinent questions in this questionnaire are "Is it true J. Edgar Hoover, head of the FBI, has in his files information, that if made public, would connect our Supreme Court directly with the Communist conspiracy?" and "Is Mr. Hoover under strict orders from his superiors not to make this information public?"

These questions are undoubtedly based on an article which appeared in the July 1, 1954, issue of "Common Sense" by one Eustice Mullins developing the theory that the United States Supreme Court decision banning segregation in schools is the culmination of a Communist International directive to the Communist Party, USA, to use the Negro-racial issue and the issue of civil rights as a method to weaken the United States. article indicates that the document to prove this contention was seized by Government agents who raided the Bridgeman, Michigan, Convention of the Communist Party on August 22, 1922. The article stated that the document is a directive written by Soviet Chief of Propaganda, Karl Radek, "the alias of a Jewish revolutionary named Sobelsohn" which document is in the files of the FBI today; however, the Director of the FBI is under strict orders not to reveal the Radek directive at any cost because it would brand the Supreme Court as a front or agent of the Communist International. As a result of this article, we caused an extensive search to be made to determine whether the documents allegedly seized at Bridgeman, Michigan, are in the files of the FBI or the Department. RULES ADOPTED BY THE 83D CONGRESS House Resolution 5, January 3, 1953 RULE X STANDING COMMITTEES 1. There shall be elected by the House, at the commencement of each Congress, the following standing committees: (q) Committee on Un-American Activities, to consist of nine members. #### PRELIMINARY REPORT ON NEO-FASCIST AND HATE GROUPS

#### FOREWORD

Communism's present threat to the very survival of the United States and the rest of the free world has placed heavy burdens on the defenders of human freedom and dignity. The Committee on Un-American Activities is concerned to observe that this burden is heing aggravated by certain individuals and organizations unscrupulously exploiting the menace of communism to promote other activities equally suhversive and equally un-American. Such activities would destroy the very foundation work of the American Republic, if permitted to operate unnoticed or unchallenged.

Committee investigations disclose that this organized activity falls

into two patterns:

(1) The neo-fascist 1 organization which openly espouses a fascist

regime for the United States; and

(2) The organized hate group, which masquerades as a defender of our republican form of government yet conducts hate campaigns against racial and religious minorities in the infamous tradition of the faseist dictatorships.

Under Public Law 601 (79th Cong.), the committee is instructed to investigate and report on "the extent, character, and objects of un-American propaganda activities in the United States," and specifically the diffusion of "subversive and un-American propaganda" which "ettech the principle of "subversive and un-American propaganda" which "attacks the principle of the form of government as guaranteed by our Constitution."

Advocates of both fascism and communism are therefore of grave

concern to the committee.

Both totalitarian doctrines are basically incompatible with the principles of our Republic. Both seek to destroy our constitutional government and supplant it with a godless dietatorship in which the individual is deprived of his rights and libertics to become an abject slave of the state. Both derive strength by dividing their opposition communism choosing to set class against class, while facism incites racial and religious discord.2

Despite the similarities between communism and fascism-so dramatically demonstrated to the world during the infamous Hitler-Stalin pact of 1939-41-their propaganda to the effect that each is the foremost opponent of the other is undoubtedly a major contributor to whatever support each has been able to muster in our population.

<sup>1</sup> The committee uses the word "fascism" to describe the philosophy and movement as a whole, and not in the narrower sense which refers to the actual operation of fascist regimes such as Nazi Germany or Fascist Italy. The adjective "fascist" can be applied to any organization or individual espousing the fascist philosophy. However, the committee will also use the term "neo-fascist" as a convenient method of designating erganizations and individuals whose espousal of fascism is recent in nature—1. e., 2 See exhibit 1, appendix, p. 20 for a more detailed comparison of the similarities between fascism and communism.

The Special Committee on Un-American Activities warned in 1940 that the danger to American democracy lay not so much in a possible frontal attack by Fascists and Communists in our midst, as in—

the much greater chance that each extreme totalitarian group seeking by deception to advance its own cause and pad its ranks will succeed in convincing a really substantial number of people that their only defense against violence from the opposite extreme is to accept the violence of the one they find least objectionable.

This committee is agreed that subversion cannot be combated by subversion. Those who would support the extreme right today do as great a violence to our national institutions as do those on the extreme left. Furthermore, the appearance of neo-fascist organizations and methods in the postwar period serve only to impede the intelligent, united effort necessary in the current life and death struggle with communism.

The committee does not claim to have made an exhaustive investigation into all demagogic groups in the United States now exploiting religious and racial hatred. The committee's preliminary studies show, however, that such groups employ the Hitlerian technique of the "big lie" in their platforms and literature. Their vicious falsehoods are often clothed in seeming discussions of grave issues such as the Communist menace.

The hate group appeals to the unwary by a cynical use of concepts having a deep emotional appeal to the majority of decent citizens—love of God, country, home; or antipathy to communism. Amid protestations of patriotism and religious devotion, these groups propagate hoaxes and smears aimed at setting creed against creed and race against race. They use the divisive tactics of the Communists whom they allegedly deplore. Depending upon the type of audience to be reached, this propaganda is couched in language ranging from violent vituperation to subtle innuendoes.

The committee believes that, in its preliminary report, the Congress and the American public may best be alerted to this demagogic menace by the selection of two specific groups. One is an avowed neo-fascist organization, and the other is an allegedly patriotic organization which can best be characterized as a hate group. They represent the major methods of approach used today by the exploiters of racial and religious bigotry.

#### THE FASCIST PROBLEM IN THE PAST

The greatest activity by un-American propagandists of the extreme right occurred in the United States in the late 1930's, under the inspiration and often with the direct aid of Fascist and Nazi regimes abroad.

The first investigation conducted by the Special Committee on Un-American Activities after its creation in 1938 dealt with the German-American Bund. The special committee reported that the bund, which claimed 25,000 members in this country, including 5,000 storm troops, operated in fact as an agent of a foreign power. Special committee investigations also revealed the existence of hundreds of other fascist organizations ranging from groups openly advocating totalitarianism of the Hitler, Mussolini, or Imperialist Japanese variety, to groups posing as patriotic Americans but invariably marked by antiracial and pro-Nazi characteristics.

All of these organizations exploited racial and religious hatreds to enlist members and gain financial support. They frequently cooperated with each other in exchanging speakers and literature. Efforts at closer coordination failed, however, due to rivalries between the groups' petty "fuchrers" and jealousy over sources of income. It was discovered that many of the organizations were led by "racketeers" who operated primarily for the purpose of reaping financial profit from racial and religious "hate" propaganda. The special committee condemned such hate propaganda as "un-American per se," and as being particularly vicious in a period when it was a favorite weapon of the Axis Powers.

Unrelenting investigation and exposure, followed by legal prosecution prior to and during World War II, defeated the effort to organize fascism in the United States. The military defeat of the Axis wiped out any remaining hopes of the fascists. Even the hate-peddling racketeers were largely silenced in the face of an aroused public

opinion.

#### NEO-FASCISM IN THE UNITED STATES

#### NATIONAL RENAISSANCE PARTY

The reappearance of the avowedly fascist organization on the American scene was marked by the formation in January 1949 of the National Renaissance Party, headed by a young fanatic, James H. Madolc, of Beacon, N. Y.

The party's official organ, the four-page monthly National Renaissance Bulletin, is frankly hilled as "the only Faseist publication in

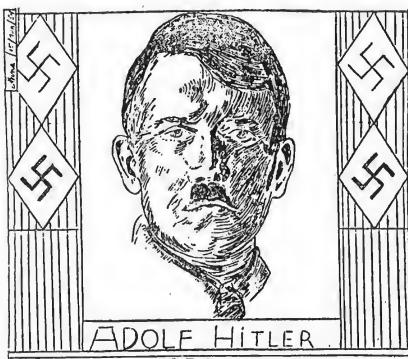

America."

"What Hitler accomplished in Europe, the National Renaissance Party shall yet accomplish in America," is Madole's fatuous boast in

the issue of his Bulletin dated May 1953.

National Renaissance Party activities center on the dissemination of fascist propaganda through the Bulletin, other printed literature, and through street-corner oratory. The Bulletin has been published in Beacon, N. Y., where Madole's home at 224 East Main Street has served as national headquarters of the organization until the spring of 1954. At that time, Madole took up residence at 10 West 90th Street, New York City, and announced the new national headquarters address as Box 238, 208 East 86th Street, New York City. Street meetings have long been held at the corner of 88th Street and York Avenuc in the Yorkville section of Manhattan. There, in seasonable weather, Madole may be seen haranguing some two dozen followers with a mixture of praises for Hitler and Mussolini and vituperation against minority groups. Hecklers at times swell the audience to almost 100 persons, and the meeting occasionally ends in a stone-throwing bout.

A serio-comic yet repugnant feature of this neo-fascist organization is its attempt to maintain a uniformed "elite guard" in the Nazi style. Madole is at times accompanied by a handful of young fanatics wearing dark caps and trousers and brassards on which a lightning bolt replaces the swastika. The elite guard takes an oath of unconditional obedience to the NRP leaders, whom it allegedly

serves as honor guard as well as protector. The guard admittedly held secret meetings in New York City on Thursday evenings during 1953 under the joint command of Matt Koehl, Jr., and Hans Schmidt.

#### NATURE OF PROPAGANDA

The program and propaganda of the National Renaissance Party is virtually borrowed wholesalo from the Fascist and Nazi dictators.

Its nine-point program advocates abolition of parliamentary government in the United States in favor of government by a "trained elite"; establishment of a Fascist corporate economy; encouragement of "racial" pride; preservation of the "white Aryan" race by gradual deportation of the "Porto [sic] Ricans, Negroes, Jews and Asiatics"; and the denial to Jewish peoplo of citizenship, professional and political posts, and the right of "intermarriage."

NRP propaganda contains extensivo rehashes of Hitler's speeches. Typical are National Renaissance Bulletin articles, "Adolf Hitler Explains Nazi Anti-Semitism," appearing in the February 1953 issue, and "Adolf Hitler, the George Washington of Europe," which appeared in the issue of May 1953.5

NRP's own leaders imitate the Hitler line. Eustaco Mullins, who has joined Madole in his streot-corner propagandizing, is the contributor of an article entitled "Adolf Hitler: An Appreciation," in the Bulletin of October 1952. John M. Lundoff, Brooklyn chairman of the NRP, extelled the features of the Fascist corporate state in the April 1952 Bulletin and asked the youth of America to choose between "parliamentary democracy with its empty promises and discord or the clear, brave, and youthful Fascist principles outlined here." Chief source of propaganda for the NRP, however, is Frederick Charles F. Weiss, of Middletown, N. Y., who is portrayed as a graduate of the University of Heidelberg and the Sorhonne. His prolific writings in the Bulletin and in separate leaflets are mainly racist diatribes.

The NRP has also circulated literature received from Einar Aberg, of Norrviken, Sweden. For example, an anti-Semitic pamphlet hy Aherg entitled "The War Criminals" was distributed in this country under the NRP's stamp. An "overseas office" is maintained by the NRP under the direction of Mana Truhill, of 54 Audubon Avenuo. New York City.

Madolo's group offers its fascist program as the "antidoto" to communism. The falsity of its anti-Communist role is immediately exposed by NRP's insistence that a Communist is synonymous with "Jew." The NRP not only violates our constitutional principles by making this minority its target; it also frequently supports the position of the very Communists it allegedly opposes.

For example, the NRP accuses the United States Government, whether under Democratic or Republican control, of seeking to promote a new world war to "carry out the economic and political ambitions of a small coterio of international Wall Street bankers."

FIGURE No. 2, PART 2.

This attack is identical with the propaganda line of the Communist Party, despite the different motives behind Communist and fascist attempts to disaffeet Americans from their Government.

In a leaflet entitled, "Asiatic Barbarism Versus Western Civilization," Madole proclaimed that—

Only the superbly efficient totalitarian economic systems of Fascists, National Socialist, and Communist regimes are adaptible [sie] to the strain of TOTAL WAR as practiced in the 20th century \* \* \* The spirit of democracy is a glorification of weakness and cowardly conduct. It glorifies the coward instead of the fighter, it raises feeble weaklings to leadership rather than a trained, iron-hard, and youthful elite \* \* \*

At the time of the Prague trials in 1952 and other anti-Semitic purges behind the Iron Curtain, the NRP defended the action of the Soviet leadership and implied that the example should be followed in Europe and America.

Such an appeal to violence exposes the most vicious and dangerous aspect of the National Renaissance Party. In its printed literature, NRP has attempted to disguise such appeals, although the implications are clear in headlines such as the following:

In Russia They Execute Them the Prague and Beria Way! In U. S. A. They Promote Them the Dexter White Way!

In his speeches, however, Madole has discarded caution on a number of occasions and boldly advocated "6 inches of steel" for America's Jewish minority.

NRP activities and propaganda are clearly subversive and un-American. The committee is further of the opinion that this neofascist organization, by its advocacy of force and violence, contravenes the Smith Act. The committee urges the Department of Justice to consider taking immediate steps to convene a Federal grand jury for the purpose of prosecuting the leaders of the National Renaissance Party under the act.

#### EXTENT OF NRP OPERATIONS

The National Renaissance Party has frequently appealed for support from crackpot elements which were active in bund and other fascist activities in the 1930's. Madole stated on one occasion that the NRP was formed to "earry on the work of the Christian Front." The Christian Front had cooperated with the German-American Bund in pre-Pearl Harbor days and bund leader Fritz Kuhn had declared the ideas of the two organizations were 100 percent in agreement.

Daniel Kurts, self-proclaimed leader of the Christian Front in Queens, N. Y., in 1939, became an active worker in the National Renaissance Party.

Another veteran propagandist, Kurt Mertig, became New York City chairman of the NRP, and his office at 317 East 54th Street, New York City, served as the NRP's city headquarters. From this same office, Mertig has operated as chairman of two of his own organizations—the Citizens Protective League and the German-American Republican League of Greater New York. Mertig's letterheads state the leagues were formed in 1936; the Attorney General cited both leagues as fascist organizations in 1948. Mertig himself served a

6-month workhouse term in 1946 on unlawful assembly charges growing out of his participation in a Christian Front rally in Queens, N. Y., in 1945.

In the summer of 1953, the NRP announced plans to run a candidate for Congress from the Yorkville district. Nothing further was heard of the scheme, bowever. The would-be candidate was H. Keith Thompson, Jr., who was identified in the National Renaissance Bulletin as a former registered agent for Maj. Gen. Otto Remer's Socialist Reich Party—a neo-Nazi group in West Germany now

banned by the German Government.

The NRP had previously publicized Thompson as the national director of a newly formed American Committee for the Advancement of Western Culture. James Madole, Kurt Mertig, Frederick Charles F. Weiss, and other "officers and members" of the NRP also were represented on this committee, which had the grandiose role of serving as "a high policy planning group for the coordination of racial nationalist activities in America, Europe, Africa, and Asia." 10

Last year, the NRP tried to extend its activities into other sections

of the country.

A guest speaker at one of the NRP meetings in Yorkville on June 26, 1953, was one James R. White, who was billed as an "organizer" from Los Angeles. Madole claimed that White had "already organized a fully uniformed group in his city and distributed thousands of copies of National Renaissance Bulletins." 11 Committee inquiries disclose that James White's activities in Los Angeles have been confined to a small group and that no effective efforts in organizing

the NRP in that city have materialized.

A youth in his early twentics, White was the publisher of his own newsletter, Reason, in 1952. Committee information shows that several years prior to his involvement in neo-fascist activities, White had been a member of the Spartacus Club of the American Youth for Democracy—a front organization of the Communist Party. It might be noted at this point that Mana Truhill, previously mentioned as head of the NRP overseas bureau, has admitted having attended the Communist-operated Jefferson School of Social Science in New York. This is another illustration of the common ground often reached by fascists on the extreme right and Communists on the extreme left.

Madole announced in his June 1953 Bulletin that a local NRP headquarters had also been set up at 2627 Hale Avenue in Louisville, Ky., under the leadership of J. W. Mitchell, a high-school student. Subsequent inquiry by the committee revealed that the branch in Louisville never attained any significant success and that it has since

been dissolved.

In December 1953 the party's Bulletin stated that an NRP branch was being formed in Pennsylvania under the direction of E. R. Barron and Frederick Polzin, and that another branch was being created in

New Jersey by Lawrence Sestito.

The numerical strength of an organization such as the NRP is difficult to measure. Such fanatics exaggerate their influence, and the committee would do no service in overestimating the importance of an element which will undoubtedly take pride in being publicized

National Renaissance Rulletin, April 1953, p. 1.

as a "menace." Membership of the NRP has been estimated at anywhere from 200 to 700 persons. All indications point to a diminished following in 1954.

The NRP charges a nominal \$1 membership fce, and its monthly Bulletin, which has a \$2 yearly subscription rate, is often distributed

The NRP has stated it held 22 street meetings in 1952, and regular Friday meetings during the seasonable weather in 1953, its most active year. The combined total of indoor and outdoor meetings of

the NRP in 1952-53 has been estimated at 70.

A certain decline in the organization's activities was evidenced in 1954. Investigation reveals that the new headquarters address adopted by the NRP early this year is the address of a commercial firm. It is apparent that the NRP is largely a nomadic group, meeting in hotels and private homes, at times under the cover of another name, and using privately operated mail boxes as mailing addresses. Its Bulletin is being issued sporadically, and in mimcographed rather than in its usual printed form.

The committee is encouraged by the relatively restricted nature of National Renaissance Party influence. The committee believes,

however, that such organizations have no place in the American scene and that the full force of exposure and prosceution must be employed

to eradicate them.

#### THE HATE GROUP

#### "COMMON SENSE"

Growth of the hate group in recent years is exemplified by the publishing endeavors of Conde J. McGinley and his son, C. J. McGinley, in Union, N. J. The McGinleys, scnior and junior, operate as the Christian Educational Association, for the purpose of publishing a semimonthly paper, Common Sense, as well as a mass of individual printed matter.

Common Sense represents itself as "the Nation's anti-Communist paper." Subscriptions are sought from "loyal and patriotic Americans" in order to "help save our Republic."

Such patriotic claims provide poor disguise, however, for some of the most vitriolic hato propaganda ever to come to the attention of the committee. Common Sense defines communism as "Judaism" and devotes its pages almost exclusively to attacks on the Jewish and to a lesser extent the Negro minorities in our Nation. Sympathy for the former Nazi regime in Germany also is injected into this propaganda, which is hardly distinguishable from that of the National Remaissance Party except for the latter's open appeal for a fascist government in the United States.

Despite its patriotic claims, Common Sense has in fact employed and/or carried the writings of a number of individuals associated with the National Renaissance Party. Through the columns of Common Sense and innumerable booklets printed and offered for sale, the McGinleys appear to serve as a clearinghouse for hate propagandists throughout the country. Among these are many of the native fascists

and hate racketeers who were active in the 1930's.

In contrast to the limited appeal of the openly faseist National Renaissance Party, the McGinley enterprise appears to be a shrewd and going business.

#### THE ORGANIZATION OF "COMMON SENSE"

Conde J. McGinley, Sr., began editing a miniature weekly paper in Newark, N. J., in 1946, under the various titles of Think, The Think, and Think Weekly. In June 1947 the paper was issued under the name, Common Sense, and in November 1947 it was expanded to its present tabloid size and the headquarters transferred from Newark to Union, N. J. It became a semimonthly publication in 1948. McGinley remained the sole owner and publisher until early this year, when the so-ealled Christian Educational Association was created to serve as owner and publisher. Officers of the new association are Conde J. McGinley, Sr., president; Conde J. McGinley, Jr., secretary and treasurer; and Alex Jefimow, vice president. Jefimow is employed by the McGinleys in a subordinate capacity; only the McGinleys are authorized to handle association funds.

Headquarters of the newspaper and its publishing association are located in a 14-room stone building at 530 Chestnut Street in Union, N. J. The building is owned by Miss Katherine Littig, of Newark, N. J., who has worked for Common Sense on a voluntary basis almost

from the inception of the publication.

The building also houses the press which prints Common Sense and other hate literature sold through Common Sense. This mechanical equipment is owned by the Union Petriotic Press, which gives the Chestnut Street building as its headquarters. A corporation resolution of the Union Patriotic Press lists its officers as president, Charles Kane, of Tampa, Fla.; secretary, John J. Reynolds; and treasurer, Edward J. Byrne, Hightstown, N. J., farmer. Byrne is known to have been a volunteer worker in the Common Sense enterprise. Both Byrne and Reynolds have attended rallies held by McGinley for his followers; Kane has also been in attendance prior to his removal to Florida.

MeGinley was forced to rely on other presses prior to 1953 and he admittedly encountered difficulties in assuring continuous printing of his propaganda. After Common Sense moved into its headquarters on Chestnut Street in the spring of 1953, an addition was built for a press later acquired by the Union Patriotic Press. McGinley announced to his readers that the press had been set up "for our use" and would insure prompt service in the future. Technically, however, McGinley leases the press from the Union Patriotic Press for a \$75

monthly rental.

#### NATURE OF PROPAGANDA

During 1946 and 1947, McGinley's allegedly anti-Communist publication gave little indication of its subsequent level of propaganda. At the outset, its columns carried a certain amount of factual information on communism. Beginning in 1948, however, Common Sense became increasingly outspoken in its statements of a pro-Nazi and anti-Semitic nature. It was soon almost exclusively a vehicle for the exploitation of ignorance, prejudice, and fear.

The paper devoted considerable space in 1948 to the support of the late Robert H. Best, American newsman who was convicted of treason and sentenced to life imprisonment in that year as a result of his broadcasts for the Nazis in World War II. A culogy of Best appearing

54945°--54--3

in Common Sense for December 15, 1952, described him as a "patriot,"

"Paul Revere," and "true Christian American."

An arrogant letter written by Herman Goering to Winston Churchill just before the Nazi leader poisoned himself, appeared in Common Sense for July 1, 1950. An editorial note recommended that the letter be "read carefully by Members of Congress and all others who are shaping the destiny of America.

Common Sense adopted the National Renaissance Party line which alleges the United States Government is plotting a new world war:

\* \* \* Now that the matchless German army is destroyed, Germany laid in ruins, and Europe helpless, Eisenhower asks the German people to help him prepare for another war purporting to be a war against eommunism, while he protects and coddles in Washington the same people who prevented Germany from wiping out companies. This is to be a war against the Russian people—not companies. out communism. munism. \* \* \* 12 This is to be a war against the Russian people-not com-

In this statement, McGinley's "anti-Communist" and "patriotic" publication apparently is not averse to serving the Communist propaganda cause. Indeed, McGinley has even printed such statements as the following, which he identified as being from a "European" correspondent:

\* \* \* if your paper is to continue its excellent work of opposing the policy of the Jew, please do not fight Russia also, for we in Europe look upon it as the only hope to prevent Jewish world domination by means of its stupid, willing, technically elever American slaves, the destroyers of Europe's cities, the hatemongers of the vile occupation and the hangmen of Nurnberg.

Anti-Semitism is the chief stock in trade of Common Sense, which now distortedly defines communism as "a false face for Judaism." Typical of headlines which appear in the publication are: "Jewish Leaders Are Crazy For Power;" "Zionists Threaten Russia With War;" "Brotherhood"—Jew Trap For Christianity;" and "Invisible Government Rules Both Parties; Adlai and Ike Marxist Stooges." Artieles in Common Sense have even attacked water fluoridation as a Red plot by "the invisible rulers" aimed at mass destruction of the American people.

The violent nature of this propaganda is illustrated by an article written by George Thomas Adams in the issue of Common Sense for December 1, 1952. In the course of a discussion of anti-Semitic

pogroms in Communist countries, Adams stated:

\* \* \* If the Russian people wish to throw off their Jewish yoke, what right have we to criticize them? \* \* \* We should be doing the same.

Condc McGinley, Sr., uses the oblique method in an article in the issue dated June 15, 1952:

\* \* \* The German Government, facing the same situation as the United States does today, put these Red Jews in concentration camps. \* \* \* [Italies supplied].

A survey of Common Sense propaganda fails to reveal any outright advocacy of a faseist government for the United States. The solution customarily offered by Conde McGinley, Sr., to "save America" is an increase in the circulation of Common Sense. It is apparent that this publication represents a modern example of the racketeers who made a business out of un-American hate propaganda during the 1930's.

FIGURE No. 3.

#### COOPERATION WITH OTHER PROPAGANDISTS

Information in the possession of the Committee reveals a significant interchangeability of propagandists working for the allegedly patriotic Common Sense and the avowedly fascist National Renaissance Party.

A good example is provided by Eustaee Mullins, who frankly eulogizes Hitler in the pages of the National Renaissance Party's Bulletin and who has been observed at an NRP street session in New York City last year. Articles written by Mullins have been appearing in Common Sense since at least September 1951 and, last year, he hecame a writer on the staff of Common Sense.

W. Henry MacFarland, Jr., is another individual who has been simultaneously active in both the National Renaissance Party and Common Sense. A resident of Philadelphia, MaeFarland in 1948 had organized a Nationalist Action League which was promptly cited as a fascist organization by the United States Attorney General. In 1949, MaeFarland spoke at a number of meetings of the National Renaissance Party in New York. He presided at a branch meeting of the NRP held in Philadelphia in October 1949. Meanwhile, his name also appeared as "associate editor" of Common Sense in the issues which appeared during July and August of 1949.

At that time, Conde McGinley, Sr., was planning to combine forces with MacFarland and his cited Nationalist Action League, and with another organization, the Loyal American Group, headed by William J. O'Brien. The scheme, as announced in Common Sense, called for McGinley's publication to serve as official organ of the Nationalist Action League, with O'Brien disbanding his group to serve as national secretary of the new combination. The plan fell through, however, and McGinley resumed sole editorship of Common Sense. O'Brien, a printer from Montelair, N. J., was later taken on the staff of Common Sense.

The interlocking of Common Sense and the National Renaissance Party is further demonstrated by the fact that Common Sense has earried articles by Frederick Charles F. Weiss, chief propagandist for the NRP, and by Kurt Mertig, New York City chairman of the NRP.

Common Sense is also a channel for hate propaganda being issued by numerous other individuals and organizations scattered throughout the country. The literature of these fellow hatemongers is disseminated either through reprints in the columns of Common Sense or in booklets published and sold by Common Sense.

One of the most frequently reprinted "authors" is Robert H. Williams, of Santa Ana, Calif., who issues the Williams Intelligence Summary, a monthly newsletter. Common Sense also sells his writings in pamphlet form. Williams advertises himself as the possessor of vast intelligence information which he gained as a member of Army Intelligence during World War II. The deception is evident from the fact that Williams' intelligence duty comprised less than a year as an administrative officer for the intelligence section of a bomber wing. In this position, he would have received no intelligence information dealing with the Communist conspiracy. His assignment to the military intelligence was merely in the Reserves, from which commission he was relieved by official action of the Army, effective December 21, 1950.

Conde McGinley, Sr., has maintained a particularly cooperative relationship with two disseminators of anti-Scinitic literature from Chicago: Mrs. Elizabeth Dilling and Mrs. Lyrl Clark Van Hyning. Mrs. Dilling's writings have been circulating since the 1930's. Mrs. Van Hyning is the head of an organization known as We, The Mothers, Mobilize For America, Inc., and is editor of the publication, Women's Voice.

Messages have been sent to Members of Congress over the joint signatures of Mrs. Dilling, Mrs. Van Hyning, and McGinley."

Mrs. Dilling is a constant source of violent articles for Common Sense which prints them under such headlines as "Brotherhood'—Jew Trap for Christianity" and "World Crucifixion and the Master Race." Mrs. Dilling has also authored appeals in Common Sense for support of the propaganda activities of McGinley and Mrs. Van Hyning. McGinley in turn has recommended Mrs. Dilling's "Bulletins" to his readers and has offered for sale reprints of her book, The Plot Against Christianity. He has also appealed for financial contributions for Mrs. Van Hyning and occasionally carried in Common Com Sense statements either credited to her or to her publication, Women's Voice.

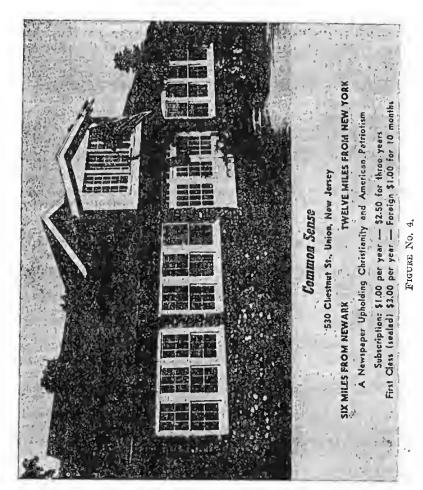

A number of individuals notorious for their efforts to create a nationwide fascist organization in the United States in the 1930's are also propagandizing again through Common Sense. McGinley has printed articles and letters from Gen. George Van Horn Moseley (Ret.), Col. Eugene N. Sanctuary, and Charles B. Hudson. He has advertised for sale a new book by Robert Edward Edmondson. The Special Committee on Un-American Activities reported in 1940 that Special Committee on Un-American Activities reported in 1940 that General Moseley was being seriously considered as a national leader of an attempted union of fascist and hate groups in the United States until the plans were exposed and Moseley was called as a witness before the committee. The special committee named Sanctuary, Hudson, and Edmondson as being among the individuals who took part in this unsuccessful attempt to create a united fascist movement.

Preliminary committee investigations have thus far failed to reveal any indication that present-day fascist and hate groups are seeking national organizational unity.

The cooperative efforts of the hate groups, however, have actually extended to the point of national conventions. Common Sense reported the proceedings of one such convention held in Chicago, July 4-6, 1952. Condc McGinley, Sr., and William J. O'Brien spoke as representatives of Common Sense at this gathering, which was referred to by McGinley as an "annual convention" of "nationalists." Mrs. Lyrl Clark Van Hyning served as moderator of the convention, which was chaired by one George Foster. The 200 delegates, from all sections of the country, heard speeches and adopted resolutions following the lines of the propaganda which they issue. The most significant statement was in a speech by O'Brien of Common Sense. He urged the delegates to back cach other "to the limit" whenever any one of them is "under attack." 15

Message which was reprinted in Common Sense of March 15, 1953.

committee's investigation. Volunteer workers perform many duties in connection with the publication. The committee has learned, however, that Conde McGinley, Sr., has no employment or income outside of the Common Sense operation. He has for a short period in the past served as caretaker of property in Union, but his payment did not exceed \$1,000 a year. Conde McGinley, Jr., supplements his Common Sense activities by serving as a free lance salesman of aluminum windows and siding for houses. Conde McGinley, Sr., and Mr. and Mrs. Conde McGinley, Jr., reside in the headquarters building of Common Sense at 530 Chestnut Street in Union.

Since contributions form an admittedly important part of Common Sense income, the true state of its finances is difficult to determine. The committee has been denied access to Federal income tax information on the principals involved. A minimum income of approximately \$30,000 annually is evident from a study of bank deposits made in the name of Common Sense or its new corporate cloak, the Christian Educational Association. A total of \$25,965.97 was deposited in the publication's account in a Union, N. J., bank during the 10-month period from January 1 to October 29, 1954. During the 12 months of 1953, deposits totaled \$29,320.78.

It is regrettable that any American may have contributed to the perpetuation of a hate factory such as that operated by the Me-Ginleys. If loyal Americans seek to play an active part in protecting their country from subversion, they would do well to lend their support to legitimate patriotic organizations rather than to those whose real objective is another form of subversion.

#### CONCLUSION

In this preliminary report, the committee has concentrated on a few examples of subversive propaganda activity currently to be found in the United States. The committee is well aware that this report conveys only a small part of the total picture of such activities in this country today.

The committee believes, however, that this preliminary report will provide useful information to the Congress. Both the National Renaissance Party and Common Sense have made unsolicited distributions of their un-American propaganda to Members of the Congress, and the Members have consequently made frequent inquiry of the committee regarding the nature of these organizations.

The committee further hopes that this report will alert both the Congress and the American public to dangers which must not be ignored. The National Renaissance Party and the operators of Common Sense illustrate two types of subversion from the extreme right. The committee condemns any such resurgence of pro-fascist

The committee is continuing its investigation and exposure of Communist conspirators wherever they may be found. The committee is convinced, however, that there is a concurrent need for continuous investigation, exposure, and, where necessary, prosecution, to the end that no activity of a pro-fascist nature will ever be permitted to gain substantial stature or influence in the United States.

vastly increase the Aryan birth rate in America and open up many jobs now held by married women tu unemployed men.

Thus the National Renaissance Party is primarily concerned with the welfare of the national community as a whole and with the supreme took of the national community which is the pretection and preservation of our most valuable Aryan racial elements. As opposed to this, the worthless Democratic and Republican Parties are solely concerned with the accumulation of gold and votes. The Republican Party serves the interests of international Finance, the Democratic Party serves International Jewry; but neither serves the interests of the American people as a whole. To clarify the issues we will outline the complete 9-point political, racial and economic program of the National Renaissance Party.

(1) To encourage racial nationalism among the peoples of Europe, Africa and Asia as an antidote to the spread of International Communism. We must disassociate American Ioreign policy from the decadent British and French colonial empires against which the entire land mass of Africa and Asia is in revolt. We must also repudiate the operetta-state of Israel unless we wish to drive the entire Middle East Into the open arms of Soviet Russia in order that our political windbags in Woshington may appease a howling pack of New York kikes, whose sole contributions to American culture have been syphilis and gury.

(2) To enforce a strict policy of racial segregation in America in order to preserve and advance the culturally dominant. Whito Aryan Race which brought the cultural and social benefits of Western Civilization to our shores in 1492. (By the "Aryan Race" we refer to the Nordic, Celtic, Anglo-Saxon, Latin and Slavic peoples.)

(3) To bring about a grodual deportation of those racial alements which cannot be assimilated with the culturally predominant White Race. Laws must be passed to rigidly prohibit racial intermnratiage. (Those racial elements which cannot be assimilated in an Aryan racial community are the Porto Ricans, Negroes, Jews and Asiatics.)

(4) The Jewish Race, which constitutes the motivating financial and intellectual force behind Communism, shall be deprived of their American citizen as a possible of their American citizen as a possible of the shall be deprived from all political and professional posts. Marriage between Jews and members of the dominant White Race shall be forbidden, (During the past 20 years the Jews have managed to obtain a tremendous hold on American politics, art, culture and commerce. No people on earth with a vestigo of pride in Itaeli and its national honor will tolerate such a domination of the KEY provides.

fessions by members of a completely ALIEN race. At the same time, the Jews are a determining factor in those political parties which have sought to undermine the last vertiges of racial and national pride in America. The Jew constitutes an alien virus in our national blood stream and as such he must be purged from our cultural, economic and political life.)

(5) To bring about the withdrawat of the United States from the United Nations in order to prevent further exploitation of American resources and manpower by foreign persites. (In regard to foreign trade. American must develop a policy of preserving the American masket for the American farmer and manufacturer. America must "Buy American" and subsidize, if necessary, American scientific ingenuity toward the end of producing chemically many of those products which are not found here in America but upon which this nation is dependent.)

(b) The alliance of German acientific and military genius combined with American technology, mass production technique and manpower could dominate both the American ond European continents. Therefore our foreign policy must have the three-fold objective of realizing a German-American alliance in Europe; a Moslem-American alliance in Europe; and a Japanese-American olliance in Asia.

(1) The creation of on American Corporate Economy wherein labor and management will be equally represented in an Economic Dept. of the Federal Government. All disputes will be settled by impartial labor tribunals. (Labor and management exist to serve the interests of the State, which represents the totality of the American people. Class warfare and inflationary prices create universal economic chaoa hence prices and wages must be stabilized by tha State in order to meet the needs of the American people no a whole.)

(8) The abolition of parliamentary government national minded elite.

(9) The use of all educational facilities to imbite the American youth with an intense feeling of racial and national pride as a sure antidote to the international poison of World Communism.

"More than thirty years have now passed since in 1914 I made my modest contribution as a volunteer in the First World Wor, which was lorced upon the Reich,"

In these three decades I have been actuated solely by love and loyally to my people. It is untrue that I, or anyone else in Germany, wanted the war in 1939, it was desired and instigated solely by those international statesmen wha were either of lewish international statesmen wha were either of lewish descent or werked for Jewish interests. I have made too many ellers for the control and limitation of armaments, which posterity will not for all time be able to disregard, for the responsibility for the out-

break of this war to be faid on me. I have further nover wished that, after the fatel First World War, a second against England or against America, should break out. Centuries will pass away, but out of the ruins of our towns and menuments hatred will grow against those finally responsible for everything, international Jewry, and its helpers. I have also made it plain that, if the nations of Europe are again to be regorded as mere shares to be bought and sold by those international Conspiration in money and linance, then that race, Jewry, which is the real crimnel of this murderous struggle, will be saddled with the responsibility." Adell Hitler's Last Pehtidal Testament—April 23, 1945.

## ADOLF HITLER, THE GEORGE WASHINGTON OF EUROPE

In Moy, 1945 the Jewish vultures plunged low over the prostrote ruins of Nazi Germany as hordes of Jewish bureaucrets from Washington lought for the cultural and military spoils of Centrel Europe. Beautiful cultural centers like Berlin, Celogne and Dresden had been reduced to smeking ask heaps, their civilian population converted into screaming human torches as a result of the phosphorus bombs dropped from the bombing equadrons of Jewry's American errand boys in Europe. Our Twenlieth Century liberal democrats and apostles of brotherly love laughed when theusands of lovely German and Austrian girls were dragged from their mother's arms by lustful Red savages from the steppes of Asia and by panting Senegalese Negroes, hired as mercenance by our French Allies, Captured German soldiers were used for hemosexual purposes by these same Senegolese savages during the North Alrican compaign. A wave of suicides syphilis and Illegitimote mulatto children swept Central Europe

while the Jewish Occupational Officers led by Eisenhower glooted with the report of each new eutrage.

In a linal burst of savagery and hatted the Jews mantpulated the legalized torture and murder of Germany's top military, political and economia leadership at the infomous Nuremberg Trials. This trumped up infamy will live in history as a black smirch on the records of American justice. Despite the inhuman hardships and cruelties inflicted upon them, the German people remained layed to the memory of their heroic Chancellor, Adell Hitler, Only a lew cowards and traiters joined hands with Jewry's political puppet, Kanrad Adenauer.

We have an record the last words of seven German soldiers hung at Landsberg Prison by the Jewish Occupational Authorities. They were guilty of two great crimes, love at caunity and racial pride. The young here of the American Revolution, Nathan Hale, when captured by the British was affected his

lile in exchange ler vital militory information. His immertal reply was: "I regret that I have but one life to give fer my country." Compare this statement with the final words of German soldier Werner Broune spoken at the lock of the gallows.

"Gormans! Obedience and faithfulness to my supreme chief of state brought me under the gallows. I cannot regret my abedience. In place of being shet at the front by conrades, I deem it to be more henest to be killed at the gallows by the hands of the enemy. My leve was devoted to my people. My etruggle was for truth and justice. My last idea is Germany. My last greeting is for my brove wife, my children, my old parents, my beloved brother and oll my toloitens and friends. My last prayer is: God, lergive my murderers."

Despite the horrors of rape, famine and legalized murder the German people dug out from the rulns and commenced the hard and ordueus task of reconstruction. The militiant Fascist spiril awaited only the exit of Allied occupational forces before taking the roins of powder from the feeble puppets of Wostern Democracy knewn as Konrad Adonauser in Germany and Alcide de Gaspert in Italy. To understand the revival of European Fasian in postwar Europe requires a basic understanding of the boauty and glory exentially inherent in Fascist philosophy as compared to the decadent democracy of Wostero Europe which serves as a modia for the economic and political exploitation of the Gentile massos by the Jowish Race.

:The two political titans of Twentieth Century Fascism were Berite Mussolini and Adolf Hitler. These two men created a political and economic philosophy which swept the mental shackles of Jewish Bolshevism from the minds of untold milliens of European workers, Intellectuals and the pkeopers. These two men created order out of chaos and prevented the final extinction of Westorn Civilization at the hands of a borbarian Asiatic horde led by the Jowlsh Commissars of the Kremlin. When his liberal critics referred to him as "a ruthless totalitarian dictator," Mussolini replied as lellews:

"In what consists the Liberalism which today inspires all the onemies of Fascism? Does Liberalism stand for universal suffrage and such conceptions? Does it mean keeping Parliament permanently sitting so that it may continue to present the ignoble spect-

acle which has evoked general disgust? Does it, in the name of Liberty, allow the minority to destroy the freedom of the majority? Does it mean moking way for those who declare their hostility to the State and whe are working actively to destroy li? Is this Liberalism? Well, it this be Liberalism? it is a theory and practice of surrender and ruin, Liberty is not an ond, if is a means. As a means it needs to be controlled and deminoled. Here we come to the question of lorce!"

"I beg my friends the Liberals to tell me il evei." In all history there was a Government which was based exclusively upon the consent of the people and which was roady to dispense altogether with the use of loce. There has nover been and nover will be such a Government. The consent of the poople is an mutable at the sands of the seachers. The consent of the poople is never permanent. There nover was a Government that made all the governed happy. And granted this lact, hewever lar-seeing the Government may be, there must olways be moleontents, how shall you prevent their feelings from growing and from becoming a danger to the Stoto? You must have recourse to ferce."

"Now Fascism throws the nexious theories of socalled Liberalism upon the rubbish heap. The truth, manifest to all whose eyes are not blinded by dogmatism, is that men are tired of liberty. They have had an orgy of it. Liberty todoy is no lenger tho chaste and sovere virgin for whem fought and died the soldiers of Werld Wor I. For the youths of todoy, intropid, coger, term, who envisage the dawn of a new ora, there are words which excercise a more potent lascination and these words are: Order, Hierarchy, Discipline..."

The collapse of the Imperial German Army in 1918 was brought about by the great munitiers strike formented by Communist Jews in control of the well organized German Trade Union Movement. The most prominent of these Jowish leaders were Rosa Luxemburg and Kurt Eisner. These Jowish labor leaders, assisted by a host of "liberal" Jewish Jeun-alists and professional Red revolutionists, were seeking to creat a Soviet Germany to act as a buller stote for Lenin's newly created Soviet Russia which had been established in 1917. The attempted Red Revolution in Germany lailed due to the heroia efforts of Adolf Hitler and the Notionol Socialist Party.

In September, 1928, Adolf Hitler spoke to his party leaders in Munich. The problems confronting Germany in 1928 were similar to the problems facing America in 1953. In order to save Germany from funancial and moral collopse, Hitler postulated the following program:

"In the first place our people must be delivered from the hopeless confusion of international convictions and educated consciously and systematically to fanofical Nationalism . . . Second, in so lar as we educate the people to light against the delirium of democracy and bring it again to the recognition of the necessity of authority and leadership, we tear It away from the nonsense of parliament arianism. Third, insolar as we deliver the people from the atmosphere of piticible belief in possibilities which lie outside the bounds of one's own strength—such as the belief in reconciliation, understanding, world peace, the League Of Nations, and international solidarity-we destroy these ideas. There is only one right in the world and that right is one'e own strength.

Thus Hitler explained to his people the futility of seeking international cooperation with those nations which were bent on exploring a defeated and occupied Reich. How could there be reconciliation and friendship with a French government whose troops occupied the key German industrial areas of the Saar Basin and Ritinetand? Could there be international solidarity with an England who had jealously stripped Germany of her Alrican colonies and overseas trade? Only strong nations can afford to bargoin in the great game of power politics. Hence Hitlers primary goal was the creation of a strong, independent, sell confident Germany.

The raciol philosophy of the Nazi Movement was completely at variance with the doctrines of liberol democracy, which hod emerged Irom the Red ghettoes of Eastern Europe and the Masonic Lodges of France of the time of the bloody French Revolution. Liberol democracy was bosed on the mythical claims of racial, individual and economic equality laid down by such Jewish intellectuals as Adom Weisshaupt, founder of the semi-mystical Illuminati Society and spiritual mentor of the French Revolution and Karl Marx, the author of the Red Bible, "Das Kopitol, and lounder of World Communism. This democratic doctrine of universal equality was used by its spiritual lounders, the Jewish Race, to break down the racial and notional pride of the

culturally dominant Aryan Race. The Jew, like the Biblical serpent tempting Eve in the Garden Of Eden, seeks to lure the Aryan Race into polluting its pure blood and creative ingenuity by mixing sexually with Zufu Hottentots and Asiotic ancestor worshippers. Hitler spoke as follows concerning the National Sociolist conception of pace:

"Notional Socialism takes as the elarting point of its views and its decisions neither the individual nor humanity. It puts conciously into the central point of its whole thinking the Race. This Race is for us a blood-conditioned entity in which we see the God-willed building stone of human society. The individual is transitory, the Race is permanent. If the Liberal viewpoint in its deilication of the single individual must lead to the destruction of the racial community, National Socialism, on the other hand, desires to saleguard the Race, if necessary even at the expense of the individual. It is essential that the Individual should slowly come to realize that his own ego is unimportant when compared with the existence of the whole people . . . Above all we must realize that the freedom of the mind and will of a whole notion are to be volved more highly than the individuof's lreedom of mind and will."

The National Socialist Party took power in 1933 and inaugurated the most rapid economic recovery program in European history. Vast public housing and road building projects were undertoken successfully. American soldiers returning from occupied Germany hove remarked about the high standard of living and cleanliness prevalent in German towns and cities under the Hitler regime. How was it possible for the Nazi Party to raise Germany from the depths of intarctal ruin to the helphs of economic prosperity in three short years? This problem was solved by substituting the productive capacity of the German worker for the Capitalisi inspired Gold Standard. Hitler exploined it to the German workers of Berlin on December 10, 1940, as follows:

"The German capacity for work is our gold and our capital, and with this gold I can compete successfully with any power in the world ... My whole economic\_system has been built upon the conception of work. We have solved our problems, while, omazingly enough, the capitalist countries and their currencies have suffered bankruptcy. Sterling can lind no market today.. But our Reichsmark, which is backed by no gold, has remained stoble. Why? It has no gold cover, it is backed by you and your work ... German currency, with no

## ADOLF HITLER: AN APPRECIATION Enters Holies

Eventually America must admit her debt to Adolf Hitler for it was Hitler who first called upon all Aryan people to unite and challenge Jewish economic and political power. It was Hitler who first enunciated the doctrine of national self-dotermination and led the armies of Christian Europe in a great arcsade against the godless Jewe of the Kremlin Hitler, like Christ before him, was crucified on a Cross Of Gold through the duplicity of his own Christian people.

America will never lorget that the Jewish International bankers, together with Franklin D. Roosevelt, their tool, led us into World War II. Why? Because Hitler drove the economic looches of the Rothethild and Warburg Intillies out of Germany. The Jewish "refugees" poured into America and enlisted us on their connon lodder and errand boys in Europe.

The data contained in the UCUA report appears to have been obtained from NRP publications and literature. No hearings were held by the HCUA regarding the ERP. The HCUA report states that the MRP program advocates abolition of Parliamentary Covernment in the United States in favor of a government by a "trained elite"; establishment of a fascist corporate economy; en-couragement of a "racial" pride; preservation of the "white Aryan" race by gradual deportation of Puerto Ricans, Regross, Jews and Leiatics; and the denial to Jamiah people of citizenship, professional and political posts, and the right of "inter-marriage." Report states that the NRP headed by Jones H. The HCUA report also esates that at the time of the Prague trials in 1952 and other anti-Senttto purges behind the Iron Curtain, the URP defended the action of the Soviete and implied that the example should be of followed in Europe and America. According to the RGUA report, "such an appeal to violence exposes the most violous and dangerous aspect of the NRP. "Common Sense", formerly known as "Think Weekly" is a bi-monthly, tabloid size newspaper published in New Jersey.

Under date of December 17, 1954, the Committee on UnAmerican Activities of the U. S. House of Representatives published
a "preliminary report on Neo-Fascist and Hate groups" in which
the growth objectives and the editor of "Common Sense" are
discussed at length. The report indicates the publication
has a fluctuating circulation of between 30,000 and 100,000
copies.

In the HCUA report, "Common Sense" is described as a "hate group" vehicle publishing "some of the most vitriolic hate propaganda ever to come to the attention of the Committee." According to the report, "Common Sense" depicts Communism as "Judaism" and devotes its pages almost exclusively to attacks on the Jewish, and to a lesser extent, the Negro minorities in our nation. Sympathy for the former Nazi Regime in Germany is also injected into this propaganda.

Hon. Herbert Brownell, Jr. Attorney General of the United States Washington, D. C.

Dear Mr. Attorney General:

In this period when unjust attacks are being made on Mr. Conde McGinley, editor and publisher of COMMON SENSE, I ask you to permit me to record officially a brief of what I know of this outstanding American patriot.

My record of #3 years active service in the Army is available to you. In my closing years P served as Deputy Chief of Staff for General Douglas MacArthur, in the War Department. Thereafter, A commanded the 4th Corps Area and the 3rd Army. During a part of this period, the President was my Assistant in the War Department. I do not forget for a second the oath I took upon entering West Point, an oath repeated with every promotion, to support and protect the Constitution of the United States. I shall continue to obey that oath as long as I am permitted to live. I am well and strong, still active in my work.

The Constitution guarantees a free press and freedom of speech. In this tragic period of our national history, when well-known organizations operating within our borders openly, threaten our destruction, Mr. McGinley has had the courage and character to inform the American people of the facts and the truth. In his work he has made every effort to avoid error or any statement that could be interpreted as untrue even in the slightest degree.

Quite naturally Mr. McGinley, in fighting communism, has been attacked by the Jews who have been seriously involved in that conspiracy, as the record shows. I went through all this myself. They began their attack on me when I appealed to them openly to join us in fighting communism. In fact, communism could be crushed in a week if the Jews generally were sincere in their efforts opposing communism.

Mr. McGinley has opened the eyes of our people to the dangers of the present situation in a manner no publication or

3-17-00 SP5 JC/MC

individual in public life has dared to do, although they know the truth of McGinley's evidence. The political and financial power of the Jews is so great that no politician dares criticise them or even refer to them by name. The few who have been courageous enough to do so have generally been thoroughly smeared and defeated.

In a pamphlet of "FACTS" about the American Jewish Committee, printed several months ago, some of their accomplishments are listed. It is explained how they apply the "Quarantine Treatment" to anyone opposed to their interests and plans. Such an individual is blacklisted throughout the news and his or her name and activities are never mentioned, so great is their power over the press and radio.

I have known Mr. McGinley well for several years. I marvel at the punishment he has taken without it defeating his aims and purposes in the least. He is a Christian of the finest type and highest character. If our Republic is finally saved, Mr. McGinley should be called before the assembled Congress and given a medal of honor for his heroism. That heroism has not been limited to a single act, but it has stood out every day and every night throughout the years while the enemy planned his destruction.

If you permit Conde McGinley to be destroyed, it is positive proof that our nation will be destroyed in the same way - and by the same gang. To show how far these conditions have developed, I was recently in conference with one of our greatest living Americans (a civilian). I said to him - "You and I will never see again the Republic that was in being when we left college." "No," he replied, "that Republic has gone for all time." From the evidence that reaches me, it appears that our whole system of jurisprudence has fallen to a low level. Too often it appears that justice is no longer available in the courts; but rather, it is for sale in the market place. Even the ethics of the individual lawyer have reached a new low, as all statistics show.

Faithfully and sincerely yours,

George Van Horn Moseley Major General U.S. Army Ret'd)

NOTE: Conde McGinley is editor of "Common Sense, the Nation's Anti-Communist Newspaper" which is subject of numerous inquiries made by citizens currently. This publication is violently anti-Semitic, and summaries of its material and a summary on McGinley have been furnished the Justice Department in the past. No investigation has been made by the Bureau. Bufiles reflect that Moseley has been closely allied with various Nationalist groups and has been known for years, since his retirement especially, to be anti-Com-unist and anti-Semitic. The Bureau was requested in 1946 by the Justice Department to investigate General Moseley's background. A representative of the Secret Service stated in 1940 his opinion that that agency's investigation being conducted by request of the White House was to secure facts for basis of removing Moseley from retirement pay in the U.S. Army due to his activities. Encl detected From Memou E U O R A N D U M "COMMON SENSE" to A. H BelmonT RE :

grom: W.C. Sallivan

Freedom of the press and freedom of religion have always been two of the most closely guarded rights of the 101=154 American citizen, yet many times individuals and organizations abuse and ignore these rights by their self-styled attempts in order to "help save our Republic." Throughout our history there have been groups who have clothed themselves in this alleged patriotic phrase in order to carry out their own selfish desires.

This type of activity has taken various forms including street corner speeches, formal addresses, leaflets, pamphlets, magazines, and newspapers. Probably the most dangerous of these forms is that involving printed matter because more people are exposed to it for a longer time since it is often passed on from Then too, there are many who tend to believe anything that is written and accept it as true fact. This, of course, is a dangerous practice because any set of one individual to another. given facts can be distorted to suit the purpose of the writer and, therefore, mislead and confuse the reader.

One newspaper which has been active in this type of propaganda is known as "Common Sense," which is published semimonthly in Union, New Jersey, and is self-described as "The Nation's Anti-Communist Newspaper." Its editor is Conde J. McGinley who instituted this publication in July, 1946, under the name "Think Weekly," In June, 1947, its name was changed.

In the preliminary report entitled "Neo-Fascist and Hate Groups" dated December 17, 1954, which was prepared by the Committee on Un-American Activities of the U.S. House of Representatives, it was stated that "Common Sense defines Communism as 'Judaism' and devotes its pages almost exclusively to attacks on the Jewish and to a lesser extent the Negro minorities in our Nation. Sympathy for the former Nazi regime in Germany also is injected into this propaganda, which is hardly distinguishable from that of the National Renaissance Party except for the latter's open appeal for a fascist government in the United States." (The National Renaissance Party is an avowedly fascist organization founded in 1949, according to the December 17, 1954, report of the House Committee on Un-American Activities.)

number of individuals associated with the National Renaissance Party. This report further states that the McGinley publication serves as a "clearinghouse for hate propagandists throughout the country." In contrasting the National Renaissance Party, which has a limited appeal, to "Common Sense" the report indicates "the McGinley enterprise appears to be a shrewd and going business."

McGinley was quick to leap to the defense following the report of the House Committee on Un-American Activities. In the issue of "Common Sense," dated December 1, 1954, a brief article appeared on the back page entitled "ARE WE A "HATE! GROUP?" where in was stated, "Ies--we hate communism sufficient to cause us to expose those who cleverly promote it regardless of who they are or how they squirm or protest. Watch for next issue of Common Sense in which we will expose the Marxist plot to use the Un-American Activities Committee to smear Christian Americans who oppose communism. In the meantime, we thank our enemies for this flood of new subscribers.

(Although this issue of "Common Sense" is dated December 11, 1954, it is noted that the House Committee Report was not released until December 17, 1954, indicating that "Common Sense" appeared at a later date.)

In recent months the Christian Educational Association was allegedly formed by EcGinley as a fund raising group and also to avoid further legal entanglements which have beset him in the past. (105-9621-173)

One of the most vicious attacks on members of the Jewish faith occurred when "Common Sense" printed and distributed a single sheet, newspaper size, document entitled "THE COMING RED DICTATORSHIP." The headline is flanked by the symbol of the hammer and sickle and the sub-head reads, "ASIATIC MARXIST JEWS CONTROL ENTIRE WORLD AS LAST WORLD WAR COMMENCES--THOUSANDS OF PLOTTERS PLACED IN KEY POSITIONS BY INVISIBLE GOVERNMENT---FEW EVER ELECTED---THOUSANDS MORE ON THEIR WAY." This was comprised of 64 primary points regarding the opinions of the publishers of "Common Sense" on how the country is being controlled by an "invisible government" which is completely dominated by Jewish individuals. There were photographs of 36 nationally prominent Jewish persons included in this issue with allegations that they are responsible for the "plot" to rule the country and that they are following the "Protocols of the Learned Elders of Zion," as the formula for their plan to capture control of the world. (105-9621-124)

The distribution of "Common Sense" is handled through paid subscriptions, but it is also mailed to many individuals completely unsolicited. Copies have been received in almost every section of the country and in some instances the senders recommend that the copies be passed on in chain letter fashion.

The recipient is requested to read the copy he receives, order additional copies, send them on to friends and suggest that they repeat the action.

In one of our eastern states the circulation scheme took on a direct mail approach when copies of the November 1, 1954, issue of "Common Sense," the document entitled "The Coming Red Dictatorship," and a 20 question folder were addressed to "Residence, Business, Rural Route, Star Route, Boxholder, LOCAL." The major portion of the November 1, 1954, issue of "Common Sense" was devoted to an attack on the National Association for the Advancement of Colored People and also the Supreme Court ruling regarding integration.

The lead story of the above mentioned issue was headlined "NAACP COMMUNIST FRONT SPLITS U.S. - DIVIDE & RULE." In referring to the NAACP the article stated "this organization, supposedly set up for the benefit of the Negro, is, in reality, hastening the final attainment of the Marxists' goal." The article insists that the organization is under Jewish influence and states that "more than one third of the present life members of the organization are Jews! Again we ask, who does the NAACP really represent?"

"Common Sense" insists that the National Association for the Advancement of Colored People has often followed the Marxist lead on controversial issues. The article reads in part, "It is a victous exploitation of the Negro people to have an organization which has supposedly been formed for their benefit actually ruled, for the most part, by Jswish-Communists to whom the Negro means nothing more than a stepping stone. We appeal to the loyal Negro population to thoroughly denounce this phoney Marxist association."

In striking at the Supreme Court ruling regarding segregation the article stated "it can be considered a notable achievement of Jewish-Marxist influence and the result of much work on the part of those who know well the advantages of the slogan, Divide and Conquer. This decision by our Supreme Court can benefit neither Hegro nor Thite. The solution to the problem must come from the fostering and application of Christian ideals and attitudes on the part of each individual."

The twenty question folder included in the package was confined to segregation ruling. Two of the questions were as follows:

"8. Is it true J. Edgar Hoover, head of the F.R.I., has in his files information, that if made public, would connect our Supreme Court directly with the Communist movement?

"9. Is Mr. Hoover under strict orders from his superiors not to make this information public?" (105-9621-180)

These questions are undoubtedly based on an article which appeared in the July 1, 1954, issue of "Common Sense" written by Eustice Mullins, which developed the theory that the Supreme Court Decision banning segregation in schools was the culmination of a Communist International directive to the Communist Party, USA, to use the Negro-racial issue and the issue of civil rights as a method to weaken the United States. This article indicated that the document to prove this contention was seized by Government agents who raided the Bridgeman, Michigan, Convention of the Communist Party on August 22, 1922.

According to the article the document is a directive written by Soviet Chief of Propaganda, Karl Radek, "the alias of a Jewish revolutionary named Sobelsohn" which document is in the files of the FBI today, but added that the Director of the FBI is under strict orders not to reveal the Radek directive at any cost because it would brand the Supreme Court as a front or agent of the Communist International. (100-3-75-900)

This article points out the complete disregard for facts and the intentional publication of false and misleading information on the part of "Common Sense." The Director of the FBI is not under any orders which would permit him revealing the alleged document, and, in fact, such a document does not exist in the files of the FBI. (105-9621-181)

Although to many the Democratic system might seem cumbersome at times if we are to continue to enjoy our freedoms we must adhere to its principles. Obviously, if the beliefs advocated by publications such as "Common Sense" were followed in this country we would quickly fall into the type of government such publications proclaim to be protecting us from.

## The A.D.L. B'nai B'rith Conspiracy In Action

The Anti-Defamation League of B'nai B'rith is often referred to as the "Jewish Gestapo." On the surface it operates as a good-will agency furthering brotherhood.
This program is their entering wedge into schools, colleges, universities, libraries, unions, factories, and Christian Churches where they carry on a brain-washing program.

The A.D.L. agents force themselves into committees such as American Legion and anti-Communist movements where possible; they cleverly neutralize the committee so that nothing effective is accomplished. To cover up and make themselves acceptable in such groups, they have now, the last two years, published some milk-toast anti-Com-munist leaflets. For 35 years, while Communism directed by Jews swept the world, they did not print one word against it in their official publications, B'nal B'rith Messenger, but smeared everyone who fought Communism, and still do today. This includes such as Seaator Jos. Mc Carthy whom they refer to as "fertilizer". The Frai B'rith is the backbona of the Marxist plot in the United States.

The ADI. boast they have 25 regional munism directed by Jews swept the world,

The A.DL. boast they have 25 regional offices in the United States, and A.D.L. Committee of anoopers in 2000 lodges. Under the name of Joint Defense Appeal, the ADL. and American Jewish Committee are now conducting a campaign for six million dollara to finance these snoopera who oppose Congressional investigations of Communism. Each year they conduct a newspaper campaign in the cities for a fund from 5 to \$7,000,000 under the head of "tolerance", (Conlinued on Fage 2)

They also rejoice that they in-fluence hundreds of Protestant and Catholic schools and colleges, and that ten thousand Christlan ministers read thir propaganda. The ADL is the fountain for Marxist brainwash--it is they who cumingly select the presidential candidates of both parties and finance smear campaigns against state and county candidates who will not submit to their dictates. The ADL is the mysterious power behind the White House brain trust.

#### Why Are They Hiding?

In Legislative Index in New Jersey, Issue dated Friday June 17th, 1955 listing bills introduced in the Legislature on page 827 the following is listed:

Assembly 112 Newton Jan, 24 - Requires the State or local, registrars; when furnishing birth or marriage certificates where a legal change of name has taken place, to show only the new name, unless a court of competent jurisdiction orders the issuance of a copy of the original.

April 4 - Passed in Assembly May 16 - Passed in Senate.

Apparently this is the result of pressure by the American Jewish Congress and Antl-Defamation League which are a powerful, political force in New Jersey. During the Rooseveit Administration organized, politi-cal Jews caused the Immigration Depart-ment to change their ruling, where Immigrants were asked if they were Jewish or Hebrew. Hence, for a number of years, Immigrant Jews pouring in from Europe are listed as Polish, Hungarian, German, etc. Lately Jewish Organizations have filed protest with the Census Bureau against asking people's religious belief. In this way, due to the fact that the Jews practically control the Immigration machinery, Jews are preferred, and come in under the quota from the Country they are leaving and naturally use up a big percentage of the quota, Hence, non-Jews are at a disadvantage in coming to the United States. Jews apparently do not want it known that their apparently do not want it known that there are approximately twelve million Jews in the United States and not as they claim • "over five million". They do not want it known that the six million Jews they claim were killed in Germany are here in the United States, many of them in JEW YORK and JEW JERSEY.

It is likely that such a bill as passed by the New Jersey Legislature, has been or will be introduced in all States where the Jews have sufficient political pressure. Jews who have reason to change their names want to make it difficult to be identified as Jews.

Common Sense" has a copy of a letter by the Anti-Defamation League to all Police Departments of the United States in which they protest the eustom of stating the Nationality of wanted criminals. The Anti-Defamation League has stopped, almost entirely, newspapers from listing a Communist's real Jewish name where he now is using a non-Jewish name.

GEORGE E. STRATEMEYER LY GEN. U B A P. (RET.) P O ROX 424 WINTER PARK, FLORIDA

12 October, 1955

Mr. Henry E. Schultz. National Chairman Anti-Defamation Legue of B'nai B'rith 205 East 42nd Street New York 17, N. Y.

Your latter of 4 October, 1955 with enclosures received and I want you and your organization to know that I foresfully recent what you have said or implied.

First, I want to make it clear that I am not, nor have I ever been, anti-Jawish. I have many Jawish friends throughout this country, who are loyal honset Americans.

As for your use of the meaningless expression "anti-Semitis" it makes no sense. According to the dictionary, the word Sessite pertains to the descendance of these which includes Assyrians, Hebrews, Frontiene, Arabs, Abyssinians, sto. It also pertains to the Sessitis languages cellectively. Therefore, how any one percen or group of persons could be anti-Sasitic is boyond my understanding.

Who are you and your organization to tell me what I should read and what I should recommend other loyal American citizans to read? And, by the way, just what is the purpose of your organization?

Not until I read John Beaty's book "The Iron Curtain Over America" did I learn what was going on back in The United States of America while I was overseas fighting for my country.

I think every loyal citizen of our country whather he be Protectant, Jew, Catholic or Mohammedam should read "The Iron Curtain Ower America". I do not consider that book anti-Jewish in any sense of the word. In fact, I consider it a defense of all loyal Asserican Jews and swery Jew that lowe these United States of ours should read it.

What connection exists between Mr. John Beaty and Mr. Gerald K. Smith I have no knowledge as I do not know either gentlemen. I did authoriza Mr. Beaty to use my letter to him and that is no one'e businese but my own.

When The United States of America reaches the point where a citizen cannot read what he desires to read and to recommend such reading to othere then we will have reached the status that exists in Soviet Russis. But, THANK GOD, we are still free men in kerica. As I interpret your letter your organization would have the people read only what you think should be read and recommended to others. This I resent as a free American citizen.

I do not understand what you mean by your statement "We do not propose to burden you at this point, etc." Is this a vailed threat to my free expression and thoughts? If so, this I also resent.

Your letter is the most outrageous communication I have ever received in my life and I intend to give it the widest possible publicity, including my many Jewish friends.

#### The IRON CURTAIN OVER AMERICA

Why are so many of our top govern-ment officials willing to send native American boys to fight Communism in Asla but are hostile to those who actively oppose Communism in this country? What close connection existed between Alger Hiss and our present Secretary of State?

Do you know why the strategically important and oil-rich Middle East, friendly for a hundred years, is now inflamed at our government?

The West is failing—not from the decline of material power but from the loss of a Spiritual unity based on the acceptance of some form of Christianity. Is there a relation between this loss of Spiritual unity and the inflitration of the governments of the West by members of a powerful international non-Christian minority?

After reading the IRON CURTAIN OVER AMERICA, you will know the answers to the above and hundreds of similar questions.

#### **HUMAN** TERMITES

(Continued from Page 1)

human termites in the U.S. They can do too much harm if left to roam where ever they desire. These termites can be destroyed once they are detected, and this is why every freedom loving American should join hands in this fight.

The problem of discovering new methods to combat these human termites must be shouldered by each citizen, as well as our officials in government. If Congress will change the law so our officials can deal with some of these termites, we will get more convictions and not so many standing on the fifth amendment and refusing

The terror of communist police tactics was shown in Guatemala. Many citizens were arrested and taken to civil guard headquarters where they were tortured.

Slavery has in past history been overcome by mankind in an effort of mankind to better itself. Taxation without representation was a form of slavery our forefathers resented enough to sign the Declaration of Independence.

One of the reasons a ruthless police state like the Soviet Union is a failure, is because of the fact the peasant farmers cannot meet the heavy tax requisition of the Kremlin. They have no representation themselves as to what their taxation shall

be.
The human termites in the Kremlin will not permit a collective farm to own tractors and other farm machines. The Kremlin then requisitions the collective farm for the use of the land, the tractors and the farm machines, the largest percentage of the crops. The peasants who are doing the work will get from \$300 to \$500 for their year's work, if it is a good year, but if it is a year of drought and the production is low, the Kremlin gets the amount specified in the requisition which is based on a crop year without drought and the peasants get practically nothing for their work.

This is taxation, without representation, by the human termites in the Kremlin and these some one hundred millions of peasants resent this. These peasants are the ones we can expect to help us, when they get the opportunity.

They resent these human termites, who are taking from their fundies the things they need and giving nothing but communist lectures for it. Very, very few of these one hundred millions of peasants are communists or even have been members of the communist party.

Mankind everywhere has shown in past history that they will fight for more to eat. It is the first law of nature. These peasants will be our friends if given a

What shall wa do to help them? We can spend some more dollars to advertise our way of life to them, the advantages of a Republic over the communist viewpoint. We can find ways, if we try hard, to show them a better life ahead and help them to throw off the yoke of the human termites in the Kremlin.

When we take into consideration that the Kremlin had to place members of the communist party, from the cities, to oversee the collective farms, we are assured our allies, the Russian peasants, are not members of the communist party. They are our strength behind the Iron curtain. These peasants are like our forefathers demanding in thier hearts a correction of taxatiaon

without representation.

It is true that few can do or say anything at present for the reason they live in constant fear of the police, , but we can be sure they are looking forward to the day when they can throw off the yoke of the Kremlin and be free, and farm in freedom instead of farming as slaves.

Of all the vast areas of the world that are plagued by hunger and misery, the Soviet Union and China have probably the most hunger and misery. For this reason

the day will come before any A-bomb H-bomb is used, when these millions of peasants, hungary for food, will assert the principle of fighting taxation without representation, just as our forefathers did. They will succeed because of their numbers and because they are right.

To help them to do this, we should let them know without any doubt, that we are their friends, that we fight their battle with them, that we will support them in every way possible.

We have spent billions fighting the cold War which continues and will continue until these peoples of the Soviet Union and China have freedom.

There will be purges and more purges in the Soviet Union and China, and at last the peasants will purge the termites, who have made them slaves to a police state, and replace with leaders who will benefit their country and mankind everywhere in the world by a representive form of government of the people, by the people, for the

But we cannot forget that some of these worthless termite leaders, in order to hold on to a falling police empire, may take us into WAR. Therefore we must be prepared. The new look into defense must take into eonsideration they may not use the A-bomb or the H-bomb because they are afraid of what we will do to retaliate.

Do we have trained manpower to defend ourselves? Do we have enough to whip them without using the A-bomb or the H-bomb?

The more we study this communist problem, the wider our scope of thought the stronger our will. We must not back away from this problem in fear and misgiving, but face it in an active way. We must not forget the rank and file of Russian and Chinese People. They suffer because of these human termites, and when we ostracize the lawless regimes of Soviet Russia and Red China, we can help free these millions of people.

They will help us, as our allies, these en-slaved peoples of Europe and Asia, and will assist us to make a real peace on earth and bring more good-will toward all mankind.

Benny Goodman, Ben Hecht, Danny Kaye,
Oscar Hammerstein, Larry Parks, Sylvla Sidney, Gregory Peck, Arthur Schwartz, Artle Shaw, and many others, whose flamboyant talents are dally acclaimed by the Jewish columnists. Relieved by none but the Jew-directed Sullivan, Hope, and Godfrey, who dare not deviate from Jewish, Negro, and foreign preferences.

And how these Jews "plug" each other and play upon the sympathles and creduli-ties of American audiences! To dissipate the prestige and influence of Anglo-Americans, and deny us the highly lucrative positions, to advance the prestige of Europeans, but their own above all, is the avowed aim of these Jews-in-power; power and riches they acquire by the practice of a close, un-American clannishness, the exploitation of human labor, and by business methods undeterred by Christian scruples. Herein is the menace of the Jews in Christian nations. Ours is a Jewish culture, and with a vengence Jews set Jews set themselves against any manlfestation of a modern Anglo-American culture. For they subscribe to and benefit little that is Anglo-American, and that little with calculation. In business we Anglo-Americans suffer the boycotts that Jews everywhere impose. Their crafty, calculated techniques are hate-and greed-inspired. Using their control of radio, television, and the motion pictures to cry their tireless injunctions against what they term "racial hatred" and "reli-gious prejudice," which they practice unashamed, they have well conditioned the American mind— the Christian mind-to be ashamed to critize these reprehensible people and their irresistible inroads in

America.

Jews, Intensely race-conselous, think alike, are craftly and exactingly retallative. spurning Christian tenets, as Judalsm sanctions. Jews everywhere act in an uncannily tacit unison against Anglo-Ameri-We should know what Talmudic Judalsm teaches regarding Christians; we should make common knowldge the per-fidlous Protocols of the Elders of Zion. These revelations are stunning! Christians cannot cope with a people so intuitively secretive and anti-Christian, and of so guardedly vengeful a spirit, Jews taint our Christian holldays with a cunning suppression of our Savior, whom they deride, and shamelessly commercialize these seasons of our worship.

To return, I ask you to make your own study of radio, television, and the motion pictures, also the increasingly Jewish-edited newspapers and magazines. Where Jews do not gain ownerships they get into key positions in every American enterprise and use their influence ever for Jewish ascendency and, surely, Anglo-American adversity. For suppression and boycott are inherent in Jewish nature. No wonder history records a cyclic ostracism of Jews.

Now, I preach no wicked gospel of hate, disabling emotion that impairs the vital functions of the body. I only want you to see what the Jews are doing in America, and to urge you to morally support and patronize ourselves in every sphere of American endeaver. Write your letters of encouragement. Inform others. The world of entertainment is so controlled by the Jews, who with their Jewish, and generally foreign preferences, selze the highly paid positions and the nationwide popularity to the deliberate exclusion of Anglo-Americans, for whom their secret contempt and hostility are undying.

Pursuing political power in New York State, their stronghold, Jews vote in unison, The Attorney General, head of the Department of Law, must be a Jew. Javits, who succeeded Goldstein, a Jew in office since 1946, is a devoit practitioner of the cunning craft of the American Jew. All his appointees are Jews, and Jewish interests are readily furthered in the New York State Department of Law. Now, Jewish propaganda proclaimed Hitler a "monster,"
a "madman," That six million Jews were That six million Jews were killed by him. There were half a million Jews in Germany, yet they control that country financially and culturally. No, ruthless though he was, Hitler was an acutely discerning leader, who knew that a Jew is basically a Jew, and that a Christian population is a fertile field for the expansion and power of Jewry. Today, a decade later, the Jews who control the playing of the classics as well as popular music in America, effectually boycott the immortal music of Bach and Mozart. German composers, sparing only Mozart's Latin titles, to lull the suspicion of boycott. Unfortunately, MacDowell, Anglo-American composer, wrote no Latin tempos, and his beautiful music is almost never heard. Not where Jews staff radio and TV stations anyway. But these Communist-minded Jews frequently play the Russian composers.

I advocate no hate, but Anglo-American unity. Unity is the only alternative to wrest a dictorlal power from the Jews in Amerlca. Remember, the acquisitive instinct, dominant in Jews, is not held in check by Christian scruples, because the Jew rejects Christianity. His creed is wholly selfish and retaliatory: "An eye for an eye-"
Why have successive generations of men

sustained the centuries-old condemnation of the Jews, that parasitic and Anti-Chritian people. Is it not because the Jews' unchanging selfish deceitful, anti-Christian codes of behavior have brought upon them this universally deserved condemnation? Can you doubt that the Jews' influence in America is a remorseless influence against Christianity as well as anglo-Americans?

Will you help restore anglo-American prestige, influence, culture, and prosperity?

#### Do You Realize?

The following thoughts are from a foreign

1- That only 6% or around thirteen million out of two hundred million in U.S.S.P. bear Communist party cards and for perhaps half of these it is involuntary;

2- That only about 3% of the population, the Jewish Khazar minority and a few Chinese and other Asiatics, control the Government and Civil Service of U.S.S.R.:

3- That between 80% and 90% of the Russian masses are Anti-Communist;

4- That the Russians fear the overlordship by millions of Chinese, who may be immigrated to various parts of Russia, and forced on Russian women;

5- That already there are large colonies of Chinese planted in S. E. Europe, and Chinese men have been forced on the German women and girls of one province in East Germany, while their husbands and sons were deported to slave labour, so the mongrelization scheme of Rabinovitch is not an "evil Fascist Invention," or a "pipedream":

6- That in 1941-42 two million of the best trained, best equipped troops of the Soviet Union, — approximately 75% of the Russian Battalions — surrendered without fighting, and with all their equipment, to the Germans, in order that they could assist in overthrowing the Soviet Regime;

7- That no six weeks "official boss" of U.S.S.R., could permit anyone to really get to know Russian people, or really see conditions as they are.

Here we have a man, typical of many thousands in the over-run Countries of Eastern Europe. He is Lithuanian. He is a graduate Agriculturist and his wife is a graduate Pharmacist. His mother was 75 in

1940, but she was the widow of an M.D., and prominent as a lay worker in the Catholic Church, so she was sent to slave labour in Siberia, making roads-sixteen hours a day—with one meal, just a bowl of watered somp. The poor old soul lasted only fifteen days. Her son said that 50,000 aged Lithuanians alone were murdered in that way in 1940-41. How many red-blooded Americans would care for that treatment for their aged relatives?

Yet many might be so treated if a Soviet World Government is formed. Americans then would have no better chance than the Germans of Siberia in 1945 onwards, or

the Lithuanian deportees.

8- That the Government of the U.S.S.R. has "liquidated" over thirty millions since 1917, and that there are nearly two millions, nearly all Russians, in penal servi-tude for life, for "crimes" that generally would not be indictable offenses in U.S.A.:

9- That the Government of the U.S.S.R. has flagrantly, openly and hrazenly violated Sections 46, 47, 48 and 49 of the Hague Convention on War, and in our Law of Equity must atand convicted, as Equity cannot be pleaded by those who do not give equity; and, finally,

10- That politicians should be required to answer, and explain their position on the warning of Pope Plus XI:—"Communism is intrinsically perverse," etc. which we in this battle appreciate so well, and often use

this quotation.

It is important to remember when refering to the "Government of the U.S.S.R." or the "Soviet Government," that in reality we are talking about the Jewish and Aslatic power, and not the Russian people.

When the Communists are put in a corner they take the "Fifth Amendment" or "don't remember" or like Alger Hiss, in an effort to decieve the public, sued Whittaker Chambers for calling him a Communist. Major Jordan's Diary shows conclusive evidence that Sen Horbert Lahman is a notionful man that Sen. Herbert Lehman is a powerful man in the world Communist movement and certainly he is the most powerful man behind the NAACP.

The Marxist-controlled NAACP agitators hand-pick Negroes to force into schools of the South as an opening wedge to break down segregation. The Authorine Lucy case was an outstanding example of this type agitation, and anyone who has studied the NAACP and it's questionable leaders should see right through their scheme. The masterminds in New York are directing this attack on segregation, fully realizing it is going to bring trouble between White and Black that is why it is brought about. Few people realize this is only part of the plan to condition our country for Communism.

Part of the globe in which half the population of the world exists, has already been broken down and Marxist rule set up. All kinds of deception was used to bring this about, camouflaged with high-sounding purposes. Now these master-minds are bringing pressure on Washington to send troops into the South. Are they trying to

bring about a revolution to coincide with the outbreak of war in the Middle-East, when our sons will be called on to shed their blood in Palestine to again protect the Jews. Jews of the South may join the Citizen's Councils, but every Jewish organization and publication is backing the fight against segregation. If Jewish influence were withdrawn from the de-segregation movement, it would die a sudden death.

Careful research has been done on the NAACP and the activities of each of its prominent leaders and this publication brings out the facts, regardless of where the chips may fall. With this information, it is hoped the subject of integration will be approached with a better knowledge of who controls the NAACP and the purposes behind it, and indirectly the Supreme Court.

## A Negro Deplores The Segregation Decision

Miss Hurston is a distinguished novellet and playwright, graduate of Barnard College. The following comments by Zora Neale Hurst on, noted Negro author, appeared in a letter which wrote to the Sentinel, of Orlando Florida.

I PROMISED GOD and some other responsible characters, including a bench of blahops, that I was not going to part my lips concerning the United States Supreme Court decision on ending segregation in the public schools of the South. But since a lot of time has passed and no one seems to touch on what to me appears to be the most important point in the hassle, I break my

allence just this once, Consider me as just

thinking out loud.

The whole matter revolves around tho self-respect of my people. How much satisfaction can I get from a court order for somebody to associate with me who does not wish to be near them? The American Indian has never been spoken of as a minority and chiefly because there is no whine in the Indian. Certainly he fought, and valiantly for his lands, and rightfully so, but it is inconceivable of an Indian to seck forcible association with anyone. His wellknown pride and self-respect would save him from that. I take the Indian position.

NOW A GREAT CLAMOR will arise in

certain quarters, that I seek to deny the Negro children of the South their rights, and therefore I am one of those "handker-chief-head niggers" who bow low before the white man and sell out my own people, out of cowardice. However, an analytical glance

will show that is not the case

If there are not adequate Negro schools in Florida, and there is some residual, some inherent and unchangeable quality in white schools, impossible to duplicate anywhere else, then I am the first to insist that Negro children of Florida be allowed to share this boon. But if there are adequate Negro schools, and prepared instructors and instructions, then there is nothing different on all white per

For this reason, I regard the ruling of the United States Supreme Court as insulting, rather than honoring my race. Since the days of the never-to-be-sufficiently-deplored Reconstruction, there has been current the belief that there is no greater Belight to Negroes than physical association with whites. The doctrine of the white mare. Those familiar with the habits of mules are aware that any mule, if not restrained, will automatically follow a white mare. Dishonest mule-traders made money out of this knowledge in the old days.

LEAD A WHITE MARE along a country road and slyly open the gate and the mules in the lot would run out and follow this mare. This ruling being concleved and brought forth in a sty political medium with eyes on 36, and brought forth in the same spirit and for the same purpose, it is clear that they have taken the old notion to heart and acted apon it. It is a curning opening of the baroyard gate: with the white mare ambling past. We are expected to hasten

It is most astonishing that this should be tried just when the nation is exerting itself, to shake off the evils of Communist penetration. It is to be recalled that Mosoow, being made aware of this folk belief, made it the main plank in their campaign to win the American Negro from the 1920's on It was the come on stuff. Join the party and get yourself a white wife or husband. To supply the expected demand, the party had scraped up this and that off of park benches and skid rows, and held them in stock for us. The highest types of Negroes were held to be fust panting to get hold of one of these objects. Seeing how flat that program fell, it is astonishing that it would be so soon revived. Politics does indeed make strange

BUT THE SOUTH had better beware in another direction. While it is being frantic over the segregation ruling, it had better keep its eyes open for more important things. One instance of government by fiat

ZORA NEALE HURSTON

has been rainmed down its throat. It is posalbie that the end of regregation is not here and never meant to be here at present, but the attention of the South directed on what was calculated to keep us busy, while more ominous things were brought to pass. The stubborn South and the Midwest, kept this nation from being dragged farther to the left than It was during the New Deal.

But what if It is contemplated to do away with the two-party system and arrive at government by administrative decree? No questions allowed and no information given out from the administrative department? We could get more rulings on the same subject and more far-reaching any day. It pays to weigh every saying and action, however trivial, as indicating a trend.

In the ruling on segregation, the unsus-pecting nation might have witnessed a trial balloon. A relatively safe one, since it is sectional and on a matter not likely to arouse other sections of the nation to the support of the South. If it goes off fairly well, a precedent has been established. Government by fiet can replace the Constitution. You don't have to credit me with too much intelligence and penetration, just so you watch carefully and think.

MEANWHILE, PERSONALLY, I'am not delighted. I am not persuaded and elevated by the white mare technique. Negro schools in the State are in very good shape and on the improve. We are fortunate in having Dr. D. E. Williams as head and driving force of Negro instruction. Dr. Williams is relentless in his drive to improve both physical equip-ment' and teacher quality. He has accomplished wonders in the 20 years past and it is to be expected that he will double that in the future.

It is well known that I have no sympathy nor respect for the "tragedy of color" school of thought among us, whose fountain-head is the pressure group concerned in this court ruling. I can see no tragedy in being too dark to be invited to a white school social affair. The Supreme Court would have pleased me more if they had concerned themselves about enforcing the compulsory

education provisions for Negros in the South, as is done for white children. The next 10 years would be better spent in appointing truant officers and looking after conditions in the homes from which the children come. Use to the limit what we already have.

Them's my sentiments and I am sticking them Growth from with Parketing International Control of the Parketing International Control of the International Control of

by them. Growth from within, Ethical and cultural desegregation. It is a contradiction in terms to scream race pride and equality, while at the same time spurning Negro teachers and self-association. That old white mare business can go racking on down the road for alt I care.

#### All Quiet On The Emmett Till Front

The LIFE MAGAZINE, issue October 3rd, 1955 wept teors over Emmett Till as an innocent sor of World War I soldier, Louis Till, who gave his life in defense of his Country.

This young Negro, Emmett Till, came down to Mississippl from Chicago, threw his arms around a young married woman and made indecent proposals. He forgot he was not in Chicago and after having been given a member of chances to repent by the hus-band and brother-in-law of the insulted young wife, it is believed that Till was killed.

When Senator James O. Eastland produced the Army records of Emmett Till's father, Louis, it showed that he did not give his life for his Country. He was hung in Italy for kidnophong three Italian girls, Miss Zenchi, Miss Lucretzia and Miss Mari. He choked Miss Zenchl to death with his bare hands after repeatedly raping all three.
This occurred in Civitavecchia, Italy, June 27, 1944.

#### Congratulations To Virginia

"The people of Virginia are in revolt against the Constitution of the United States." So declaim supporters of the celebrated Segregation Decision.

The number of those who cannot read is exceded by the number of those who can read, but refuse-to do so. Some of these are sincerely devoted to the Fifth Amendment, but refuse to read the highly important Tenth Amendment:

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

This is plain enough, and the action of the voters of Virginia is just as clear. By a vote of approximately two to one, the sovereign citizens of one of the original Thirteen Colonies, a State known as the mother of Presidents, took the first step healing technical technique of the Countilland looking toward 'return of the Constitution to the people."

Persons able and willing to read, know that the Constitution was drafted, enacted and put into effect, by "Wc, the People." In recent decades a packed Supreme Court has selzed the Constitution, taking it away from the people, and pretending that it says what it does not say, never was intended

The people of Virginia can read. They read the Constitution, read it carefully, Nowhere could they find any language which gives power and authority to the federal government to take over supervision of the public schools.

The Virginians concluded, quite rationally, that since the Constitution does not give authority over the schools to the federal government, conduct of their schools must belong to them, despite the ruling of the Supreme Court,

In its decision in the matter of segregation in the schools, the Supreme Court ad-

The N. Y. Herald Tribune, March 4, 1956, states "Virtually all of the published reports of Mr. Jack's purported affiliation with leftwing groups appeared in The Dally Worker', Teople's Voice,' The Daily World' and other zimilar publications."

Dr. Ralph Bunche

This report intends to prove, without a shadow of a doubt, that Dr. Ralph Bunche for a number of years had expressed himself in writings, speeches, and 'organizational activity in a manner which paralleled the communist line in its major aspects. Further evidence is hereby presented to prove his expressions were of such a nature that they could only have been arrived at as a result of his going through a thorough Dechniques. It will also be shown that his affiliations and activities were such as to All the requirements necessary for a top level operative for the Kremlin apparatus.

It also presents authentic documentation to substantiate the following summation of The Bunche's record of activities paralleling the communist line throughout the years which is so consistent that it seems impossible to Interpret it as accidental:-

1. Travels in Africa, which coincided with the Kremlin's planting of agents in that part of the world, in order to lay the basis for racial explosions of the future. Bunche wrote from there (Journal of Negro Educa-fon) denouncing "Imperialist Capitalism" and advocated the elimination of the current social order in the mother countries. The litts of the Kremlin Infiltration in Africa be seen today in the bloody Mau-Mau

massacres. (1935-1936)

2. Wrote a pamphict which advocated a communistic program in respect to the Negro question and advocated class war throughout the world asking the non-white peoples to look to the Soviet Union for inspiration and leadership. (1936)

3. Wrote a clearly communistic line in respect to education. He voiced the red line that "American education" is "goose step education". And that "Capitalism own the colleges and universities by right of pur-chase". Bunche denounced "red riders", and 'oath clauses". He complained that "in America....."we are living in an economy of capitalism and our educational system consistently harmonizes with the dominent capitalistic pattern". (1936)

4. Bunche was praised in the official theoretical red organ, THE COMMUNIST, published for upper echelon communists and supporters. One of the top communists, A. W. Berry, praised Bunche for "approaching the Marxist viewpoint" and "that Bunche realized the significance of the class struggle". Berry then described Bunche as an "active friend and supporter" of the working class, which in the communist aesopian manner means a friend of the Soviets, since they claim exclusive franchise as representing the "working class". (1937)

5. Contributed an article to the RACE MAGAZINE whereby he repeated the "class" position on the race question and considered those who called the National Negro Congress as "dominated by reds" and as "biased individuais". This magazine in its opening issue prominently announced that they are working for "a social upheaval which will plow up our institutions to their very roots and substitute a socialist order for the present capitalist imperialist order".

Actually the evidence of communistic writings and communistic organizational activity by Ralph Bunche is greater overall than the combined evidence that government agencies had when they first began to get interested in red activities of Alger Hiss, Remington, Harry Dexter White and the Rosenbergs. Bunche's communistic utterances and connections are there as a public printed record and it is a great puzzle as to why our Government officials have not taken appropriate action. Instead it seems, that there is an effort to hush up the entire

It is impossible for a person accidently to coincide in his own personal independent views so as to match the communist line in all of its major features. It is quite possible that one may accidently coincide in viewpoint with some one part of the communist program, but, in respect to the overall line it is a mathematical impossibility for anyone to independently match the total red line in its various ramifications. Such impossibility is further compounded if the language used is strictly Marxist-Lenlnist.

This highly accurate report on Ralph Bunche consists of 49 pages and was pre-pared after careful research by Alliance, Incorporated-Archibald Roosevelt, President. Obviously space will not permit us to publish the entire report which covers exerpts from many writings in Communist publications by Ralph Bunche, who has been mancuvered into high positions by Marxist forces.

Ralph Bunche is national director of the NAACP and Deputy Secy-General of the United Nations.

Those who are suficiently interested, may obtain this 49-page report on Ralph Bunche, by sending a dollar to Alliance Inc. 200 East 66th St. New York, N.Y.

In a debate with Stephen Douglas at Charleston, Illinois, September 18, 1858, Abraham Lincoln expressed his views on the racial question.

"I am not nor never have been in favour of bringing about in any way the social and political equality of the white and black races! I am not nor ever have been in favour of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people. I will say in addition to this that there is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality: and inasmuch as they cannot so live, while they do remain together there must be the position of the inferior and superior, and I am, as much as any other man, in favour of having the superior position assigned to the

Alexander Milita, residing at Eulenspiegelstr. 60,

The investigation conducted revealed that SUBJECT is identical with Fator thousants of born on 5 February 1892 in MCSCON, statuless, correspondent to correspondent to correspondent house at Entenspiegalstrasse 60, with his wife Olga nee-SISVOISEX (born on 27 April 1897 in KIEV), since 12 July 1948, and is registered with the police headquarters under this address.

ROGOWITSCH is the son of the Sanator Alexis ROGOWITSCH and his wife Heria new KATROFF in MOSCOW. His father died in BRUSSELS in 1935 while his mother allegedly still lives there.

Del Jow Tech His wife is the micos of the former Russian Ambassador in PARIS and later Tearist Foreign Minister ISWOISKIJ. From ROCOWITSCH's parents died in PARIE.

Peter ROGOWITSCH attended from 1906 to 1914 the Imperial University (Faculty of Law) in PETERSBURG; from 1925 until 1941 he was the manager of the shipping depot of a chemical concern in PARIS. From 1941 until 1944 he worked as translator, and from 1945 to 1948 he was employed with the American Occupation Force, as chief of personnel on the NEU-BIBERG air field, where he was responsible for the hiring and dismissal of civilian personnel. From 1948 to 1949 he again worked as translator, and from November 1949 until April 1951 he was employed with the "IRO" in MUNICH-Pasing. From 1951 until 1955 he worked at the US Military . Post in MUNICH, Tegernseer Lendstrasse,

Since 19 October 1955 he has been unemployed and has drawn unemployment benefits amounting to 42.60 DM a week since then.

ROGOWITSCH has perfect command of the German, English, French and Russian languages. He is an extremely uncommunicative person. In his home he never receives any visitors.

On 7 September 1955 he rented post office box no. 17 in the post office no. 56 at Acussere Rosenhaimer Strasse 94, Perlach, jointly with his wife. At irregular intervals the couple picks up the mail from the box, usually in the afternoon. The incoming letters are addressed to "Alexander WHITE" and "OLGA" and "Russians outside Russia". (Frau ROGOWITSCH's first name is Olga.)

Record E Change to in pan and excise as shown CONFIDENTIAL : 105 96.21-244

As has been determined, the letters usually do not show the names of the senders. When picking up their mail the two ROGOWINGHS are belowing in a strangely shy manuar. On A September there were again two letters, with the senders not indicated, in P.O. Box NO. 17.

It is noteworthy that ROSCWITSCH rented the post office box on 7 September 1955, about four weeks before his employment with the US-Military Post was terminated.

While working for American agencies ROCONITSON allegedly made extensive trips to foreign countries. He is said to have obtained his passport with the help of the US Hilltery Government.

He is not known to have a criminal record.

With regard to his personal diremstances the following additional information has been received:

ROCOWITSCH originates from a Bussian millionaire family; thanks to this wealth he was chaitted (an exceptional ease) to one of the noblest Guard Regiments in Trarist Russia, in which he served as an officer and achieved the rank of Captain. During World War II ROGOWITSCH was the assistant of Georgij SCHEREBKOW, the representative of the Russian emigrants in France during the time of the German occupation (later "Foreign Minister" under General WIASSOW). Since ROGOWITSCH, unlike the other members of SCHEREBKOW's organisation, withdrew from PARIS, when danger arose, in a way tantamount to desertion, he is held in very bad reputation been worsened by the fact that he has developed into an alcoholic during recent years.

ROGOWITSCH is a convinced, if not fanatic anti-Semita in his political views he sympathizes with the rightist-radical Russian emigrant ARZIUK.

During the first years after the end of the war ROGOWITSCH worked for MIRUD (alian THOMPSON) who was with MIS. From 1951 on, ROGOWITSCH worked as Military Intelligence Analyst for G-2, US Army Southern Area Command (McGraw Kaserne). There he, according to his own statements, met with numerous difficulties since an "American Jew" of that agency had determined that in France ROGOWITSCH had been sentenced to 20 years in prison at hard labor, for cellaboration with the Germans. As he said, it was owing only to the CIC that he was able to continue in his work for the agency mentioned. However, as a result of the above mentioned fact his activity was highly restricted since he enjoyed only little confidence. In addition, his co-workers, among them Gerhard BUSCHMANN, constantly frustrated him.

ROGOWITSCH is said a few years ago to have in fact been hired by Gerhard BUSCHMANN (for a monthly compensation of 500. - DM) to establish, as informant, contact with ARZIUK and collect information on him. ROGOWITSCH allegedly drew the compensation for a long time, while in reality he cooperated with ARZIUK from whom he also got regular payments. All the secret reports made on ARZIUK by ROGOWITSCH were, in fact, dictated to ROGOWITSCH by ARZIUK himself.

Some time in 1955 ROGOWITSCH's activity for the American intelligence service was terminated. At present he is living in very poor circumstances.

On 9/27/54 Confidential Informant reported that in a conversation with CONDE MC GINLEY, it was mentioned that MC GINLEY was considering the adoption of a new name under which he might publish his newspaper so that he might avoid being liable for statements which might appear in his paper.

The 9/19/54 issue of "Common Sense", issue #214, contains a statement of ownership indicating that the name and address of the publisher of "Common Sense" is the Christian Educational Association, 530 Chestnut St., Union, N.J., and the owner is the Christian Educational Association, same address. The stockholders are CONDE MC GINLEY, C.J. MC GINLEY and A. JEFIMAU. CONDE MC GINLEY, according to this and subsequent issues of the newspaper, is listed as Editor of "Common Sense".

#### (3) Establishment of Bank Account in Texas

In an airtel dated 5/2/56, in the case of "Jewish Cultural Federation, IS - C", Dallas 100-9970, Bufile 100-421376, it was reported that on May 1, 1956.

### (4) Possible Reason for Establishment of Bank Account

In the most recent issue of "Common Sense", #263, dated November 1, 1956, there is an ad on page 4 captioned "A Reminder to Patriots". In this ad the following statement appears:

"May we remind anyone who is inclined to remember this work in their will to specify the Christian Educational Association, Union, New Jersey.

"If you mention Mr. MC GINLEY, the American Jewish Congress will have it attached for their Vice President, -- Rabbi PRINZ, Zionist New Deal politician. Just as they did with respect to \$1000.00 willed to Mr. MC GINLEY by a patriot".

#### (5) Tentative Conclusion

It would appear from the above that the reason for the establishment of a bank account in Sherman, Texas, far removed from the location of the publisher's residence, was that it was undertaken to conceal assets which might be attached in satisfaction of the \$30,000 judgment obtained against MC GINLEY in March of 1955.

It is requested that Dallas recontact

and if possible or advisable,
for any information which would specifically establish CONDE
MC GINLEY's reason for opening a bank account in the name of
the Christian Educational Association of Union, N.J., in a
Texas bank. This item is of specific interest to the Bureau.

#### (6) Establishment of Mail Cover

In referenced Bureau letter dated 11/14/56, the suggestion was made that a mail cover might be placed on the CRA and its principal officers to determine if similar accounts are maintained by the organization in other cities.

the Newark paper as a Clerk, WILLIAM J. O'BRIEN, appeared originally in the April 1, 1952 issue of "Common Sense".

The Essex County Clerk's records reflect that as of October 31, 1956, plaintiff JOACHIM PRINZ filed complaint indicating that the judgment remains unpaid and unsatisfied except for the sum of \$1,000 collected by the plaintiff from other assets of MC GINLEY found in another jurisdiction.

This item regarding the unsatisfied judgment appears in a complaint filed by JOACHIM PRINZ with the ESSEX COUNTY Clerk on October 31, 1956, in which the defendants are listed as CONDE MC GINLEY, CELIA MC GINLEY, KATHERINE LITTIG, CONDE J. MC GINLEY, MARY MARARCHI, MURIAL WENZEL, ALEX JEFIMOW, aka. ALEXEY JEFIMAU, the Christian Educational Association, a New Jersey corporation, Muriel's Inc., a New Jersey corporation, Union Patriotic Press, a non-profit corporation of New Jersey, and unknown defendants JOHN DOE, JOHN ROE and JANE DOE. Docket No. AC-480-56.

This complaint alleges that on March 11, 1953, after being informed of the pending suit, MC GINLEY purchased property known as 530 Chestnut St., Union Township, N.J., from S. ROBERT ELTINGER and in order to conceal the property so purchased from creditors and to render himself judgment proof, MC GINLEY caused the title of said premises to be taken in the name of KATHERINE LITTIG, an unmarried woman having no appreciable assets of her own and who has worked and been associated with MC GINLEY for a number of years.

The complaint further alleges that on March 17, 1954, during pendency of this action and after MC GINLEY had occupied the above premises with complete acquiescence of LITTIG, the defendant, Christian Education Association, a New Jersey corporation, was organized by MC GINLEY and defendants MC GINLEY, JR. and ALEXEY JEFIMAU to succeed MC GINLEY in the ownership and operation of the aforementioned newspaper published by MC GINLEY, all for the purpose of hindering, delaying and defrauding the plaintiff and other existing or future creditors of MC GINLEY.

NE 105-1910

The complaint continues by tracing property sold or purchased by MC GINLEY and his wife and son as far back as 1940 and indicates that the property had been transferred "without fair consideration" and indicates that MC GINLEY retained control and should be ordered to direct that these properties be conveyed in satisfaction of the judgment.

MC GINLEY, has filed a brief in answer to this complaint as of 11/26/56 citing no cause of action against defendants named in the complaint. Notation on file "no cause".

who has furnished reliable information in the past, on September 24, 1956, that a source whom he termed reliable but whom he declined to identify, had indicated that the July 1956 issue of "Borba" was entitled: "The Conspiratorial Front." He stated this article concerned the general theme that Communism is Jewish controlled and that the Jewish race is planning the destruction of all non-Jewish people through the use of Communism. He added that this article, as usual, was printed in the Russian language and was written by ALEX EFIMOV. He stated this issue had been printed at the headquarters of "Common Sense" in New Jersey.

indicated on October 10, 1956, that the August 1956 losde of "Borba" was entitled: "Deadly Weapons Against Sheenie Communism, Proper Propaganda, Christian Moral and the Peoples Voice." He stated that this article was in Russian and was a victous anti-Semitic article indicating the Jews controlled Russia and intended to enslave the world. He added that this article was signed "PETROV," the alias of ALEX EFIMOV. He stated that in this article EFIMOV advocated the election of T. COLEMAN ANDREWS for president.

advised on December 17, 1956, that issue Number 29 of "Borba" had just been issued by the subject organization. He stated that this piece was written by EFIMOV in the Russian language and was entitled: "Help Us To Expose the Sheenie Communist Crime Against Humanity." He stated this was a disorderly writing about the increase of the power of the Jews as a result of World War II and stated that the Jews now have 800 million non-Jewish slaves as a result of the war.

indicated on February 1, 1956, that EFIMOV indicated he is temporarily discontinuing publication of "Borba" but has recently issued a new sheet in the Russian language entitled: "Questions to the Political Workers and the Commissars." He indicated this sheet contains an anti-Semitic cartoon which had previously been used by CONDE MC GINLEY in his publications by the subject organization.

- 2 -

He indicated the tenor of this article is anti-Semitic and is more or less a translation of EFIMOV's 28 questions in English distributed by MC GINLEY from time to time.

indicated on February 1, 1957, that the December 1956"National Renaissance Bulletin" had been printed by MC GINLEY. He stated that 500 copies of this six-page bulletin were mimeographed by MC GINLEY, for which the charge was \$30. This source noted that the previous printer which the National Renassance Party (NRP) had utilized would have charged about \$80 for the same amount of work.

indicated on October 23, 1956, that JAMES MADOLE, leader of the NRP, indicated he had ordered 400 reprints of the July "National Renaissance Bulletin" which was being done by MC GINLEY.

Indicated on November 19, 1956, that the September October 1956 issue of the "National Renaissance Bulletin" had been prepared with the Plan and advice of BENJAMIN FREEDMAN who also gave MADOLE \$90 toward the cost of this publication. The stated this bulletin was printed by at the office of the subject organization.

indicated on November 27, 1956, that BENJAMIN FREEDMAN continue to confer with MADOLE about future issues of the "National Renaissance Bulletin." FREEMAN reportedly is anxious to maintain his contact with MADOLE in order to use this publication as a vehicle for his views and propaganda.

Indicated on December 28, 1956, that FREEDMAN, who for many years has been friendly with Arab officials in New York City, has recently been attending United Nations Committee meetings. He stated that at these meetings FREEDMAN would attempt to ingratiate himself with Arab officials and on other occasions he would indicate to people that he is backing several publications. This informant indicated that he is making a general nuisance of himself and most people regard him as a man with a disordered mind. This informant also indicated that for many years FREEDMAN had been associated with, and supported, "Common Sense" but that recently he had

had an argument with MC GINLEY over certain material that FREEDMAN wanted published and consequently they have not met since that time.

indicated on May 9, 1956, that the NRP at present is a neo-Nazi, anti-semitic, anti-Negro organization with activities generally confined to the New York area. He said that its principal activities consist of holding outdoor meetings and the distribution of literature throughout the United States and abroad where it is reprinted by similar organizations. This source stated that the NRP leader and founder is JAMES H. MADOLE and its

firm recently had a large shipment of several bundred pounds packaged to be sent to and Knoxville, Tennessee. He indicated that this shipment consisted of 10,000 copies of "The Coming Red Dictatorship," an anti-Semitic article by MC GINLEY, Editor of "Common Sense" and also mixed copies of "Common Sense." This informant indicated he believed this material was to be used in connection with the segregation fight in Tennessee.

indicated on January 9, 1957, that MC GINLEY had opened a bank account some time are in Sherman. Texas, reportedly because a which is located in Sherman. Texas, had given him a contribution and that MC GINLEY had deposited this contribution in a local bank in Sherman with which was associated.

This informant stated he knows of no other reason for having opened this account in Sherman and he knows of no other bank accounts which MC GINLEY maintains outside the State of New Jersey. He added, however, that he has heard and he has reason to believe that MC GINLEY has been depositing large amounts of money for the past several years in safe deposit boxes in various banks throughout the South. He stated that he has no knowledge concerning the specific location of any of these banks and no definite knowledge that these safe deposit boxes actually exist.

He stated that he recalls that MC GINLEY has received many substantial contributions during the past years and he does not believe that all of this money was used by MC GINLEY in the operation of his newspaper. He stated that reportedly a LOUIS HANSMANN of Kenosha, Wisconsin, had given MC GINLEY between twenty to thirty thousand dollars about three years ago. He further indicated that he recalls that MC GINLEY reportedly had invested a "fortune" in oil in Texas and allegedly had lost all of the money which he invested.

This source also stated that recently MC GINLEY has been very cautious regarding his activities and has warned people against calling him at his home. He stated that whenever MC GINLEY has any business of importance to discuss, that he uses a telephone in a store which is across the street from his residence. He indicated that sometime prior to the time that MC GINLEY had lost the legal action brought by Rabbi PRINZ that MC GINLEY had anticipated losing this suit and had transferred all of his assets into a corporation for the purpose of protecting them from this legal action. He stated the the officers which MC GINLEY had placed in charge of this corporation had no control and that MC GINLEY, himself, maintains complete control the Christian Educational Association. He added that

indicated on July 15, 1953, that LOUIS HANSMANN, 721 57th Street, Kenosha Wisconsin had corresponded with both JAMES MADOLE and recently in regard to a proposed tour for MADOLE throu hout the Middle West which HANSMANN would finance.

and MADOLE are no longer in contact with HANSMANN, who allegedly represents a wealthy group interested in furthering National Socialism. He stated that MADOLE had gone to Chicago in August and had conferred with HANSMANN regarding a proposed trip through the Midwest which HANSMANN would finance. However, upon MADOLE's return from that meeting it was apparent that HANSMANN had not been impressed by MADOLE and was no longer interested in utilizing him in this proposed tour. Informant stated that soon thereafter had received a letter from HANSMANN stating that he was going to Canada and that should destroy all correspondence received from him and forget that he had ever been in contact with or MADOLE regarding these matters. The informant stated that so far as he knows there has been no further contact with HANSMANN and he believes that his group is no longer interested in the NRP.

Kenosha Credit Bureau, Kenosha, Wisconsin. made available on September 25, 1953, to SA the credit record of LOUIS HANSMAN, which reflected that he was born in 1877 and has engaged in the printing business for the past 60 years under the name Hansman Printing Company, 721 57th Street, Kenosha, Wisconsin.

Kenosha Police Department, who handles investigations of a subversive nature in the Kenosha area, advised SA on September 25, 1953, that HANSMAN is an old-time printer in the Kenosha area, was born in Kenosha and has never been known to have engaged in any type of political activity and has never been regarded as being active in any type of subversive or pro-German matters.

Printing Company, advised SA on September 25, 1953. that he had worked for Mr. HANSMAN for approximately years. He stated that HANSMAN is approximately 76 years of age and is somewhat senile. I stated he recalled having seen some correspondence from an organization which he believed was the NRP and recalls the name MADOLE as having been on an envelope or two received by HANSMAN.

I stated he had no knowledge that HANSMAN was interested in giving money to the NRP and stated he was surprised that

#### Appeal Issued by CONDE MC GINLEY For Help

In Issue No. 269 of "Common Sense", dated 2/1/57, on page 4, under the heading "Help Us To Help You", CONDE MC GINLEY, the Editor, printed an open letter to his readers. The letter is as follows:

#### "Friends:

"Those who have studied the all-important question before the world today realize that the Ani-Defamation League of B'nai B'rith is the back-bone of the Markist program in the United States. The B'nai B'rith is a Jewish organization functioning on a world-wide scale.

NK 105~1910

"B'nai B'rith has 1750 lodges in the U.S. and Canada, with 400,000 members. According to the NY Times May 4, 1956, they have expended sixty million dollars in the last three years. The A.D.L. is the militant arm of the B'nai B'rith; it is the Invisible Government in the United States.

"In the Communist satellite states, the high government officials have been Jews almost without exception. Before the Jewish rule could be established officially, the leaders opposing Communism had to be broken down and destroyed. During the last three years the Russian Communists, having discovered that the Jews set up Communism to use it in advancing their own interests, have been successful in maneuvering some Jews out of top positions. The gopulation of these countries did not realize what was going on until too late; then they were too helpless to stand behind their leaders.

"This is what is going on in the U.S. today. The Anti-Defamation League with the American Jewish Committee and the American Jewish Congress, using many unsuspecting non-Jews, prominent persons, and fifteen to twenty million dollars a year for propaganda in newspaper, radio and television, are trying to discredit and destroy our patriotic leaders just as they have done with Coi. CHARLES LINDBERG, Sen. NYE, Sen. BERT WHEELER, Sen. MC CARTHY, JAMES FORRESTAL and many others.

"The A.D.L. has been pounding away at COMMON SENSE for 11 years, trying to drive its friends away so it will be left standing alone. However, as thinking people, examine the facts published only in one paper, COMMON SENSE, —and our paper has grown until it now reaches more awakened Americans than any publication in existence.

"My assets are in the form of factual information spread all over the United States. Eleven years ago, I quit business for a profit and have spent

every dollar I could get my hands on in this Crusade. Some people told me then I was foolish, that Communism meant nothing. Today some of these same people tell me I am wasting my time, that Communism cannot be stopped.

"Long ago I realized I would use up my funds and not make a living promoting a paper which carries no advertising. Anyone who studies this subject as I have, realizes that profit means nothing compared to the importance of saving our Republic.

"COMMON SENSE, with no advertising, will never show a profit but must be subsidized by people who have sufficient patriotism to help make the truth available to many. If there are not enough people ready to sacrifice and help expose the enemies of our country, then freedom in the United States is near the end.

Help me make this movement the decisive factor in turning the Marxist trend that is destroying our government. The need now is for a large number of informed people. Help us raise the number of our readers to a million. If you could visualize how hard we work and plan to increase our effectiveness, nothing could stop you from doing your very best to assist us. Those good people who are awake to the crisis but unable to help substantially can help by renewing their subscription, taking a lifetime subscription (\$25.00), buying and distributing literature, securing subscriptions, passing out COMMON SENSE, and last but not least, praying for us. The prayers of any good Christian will not go unheeded.

"If you would like to help me strengthen COMMON SENSE so we can publish weekly and correctly inform millions of people, please do not hesitate to reach me.

"We hold such contacts in strict confidence.

"Our headquarters is conveniently located and we invite you to visit when you come to N.Y. or New Jersey.

"SEND US THE AMMUNITION AND WE WILL DO THE FIGHTING WITH THE PRINTED WORD! REMEMBER, THE PEN IS MIGHTIER THAN THE SWORD!

"For Christ and Country,
"CONDE MC GINLEY"

#### Judge Armstrong Foundation of Ft. Worth, Texas

In Issue No. 245 of "Common Sense", dated February 1, 1956, there is a story under the caption "Patriots Last Works Available". In this article, it was announced that the Judge Armstrong Foundation of Ft. Worth, Texas had turned over the entire inventory of books of the late Judge GEORGE W. ARMSTRONG to the CEA. The article indicated that the books were now available to readers of "Common Sense",

On August 17, 1956,
"Ft. Worth Star-Telegram", a daily newspaper, Ft. Worth,
Texas, made available for review her file on GEORGE
W. ARMSTRONG, SR., from which the following information
was obtained:

GEORGE W. ARMSTRONG, SR., at Natchez, Mississippi, on 11/12/49 and released the following information for publication in morning papers of November 13, 1949:

GEORGE W. ARMSTRONG, SR. was born in Jasper County, Texas, the son of an itinerant Methodist minister. He was 84 years old at time of above interview. He graduated from University of Texas School of Law in 1830, and began the practice of law at Ft. Worth, Texas, in 1890. He was elected County Judge of Tarrant County, Ft. Worth, in 1897, and became known as "JUDGE ARMSTRONG".

on . . . o d

NK 105-1910

He resided during his latter years at Woodstock Plantation at Natchez, Mississippi, but maintained a residence at Ft. Worth, Texas, for voting purposes. He gained considerable wealth as a result of oil ventures, banking, cattle, utilities, steel manufacturing in Texas, and land buying in Mississippi. He is reported to have owned at least three oil fields in three counties consisting of 18 oil wells, and 38 plantations.

At the date of the interview on November 12, 1949, Mr. ARMSTRONG stated that three years previously, he had established at Ft. Worth, Texas, the "Judge Armstrong Foundation, which 'siphons off' about 15% of his income for tax exempt charitable and educational purposes". Judge ARMSTRONG was an exponent against what he termed "racial mongrelization" which in his view was the "intermingling of Jews, Gentiles and Negroes in the same schools", which he violently opposed.

Judge ARMSTRONG stated that among others, his organization had contributed to GERALD L.K. SMITH, of the Christian Nationalist Crusade with headquarters at St. Louis, Missouri, and to EMORY BURKE, leader of an Anti-Negro and Anti-Jewish group of Atlanta, Georgia, and to R.H. MEST of Boston, Massachusetts, a former American newspaperman in Germany who was convicted of treason for Nazi propaganda work. Judge ARMSTRONG claimed that SMITH, BURKE and BEST were "persecuted persons".

The "Star-Telegram" file contains a news story which appeared in the "Star-Telegram" in evening edition of January 21, 1952, concerning a suit which ARMSTRONG had filed in Ft. Worth in U.S. District Court in which he sought refund from U.S. Treasury of \$620.00 and \$6,276.30 for alleged erroneous income tax assessments made in 1948. In this suit, Judge ARMSTRONG and his wife alleged that in 1948, they had contributed

On May 25, 1942, this office received a complaint that and COLIN McKINLEY trading under the name of a restaurant at Eighteenth Avonue in Belmar and a restaurant in Fort Dix and that they were alleged to have contributed O.C. to Camp Nordland of the German American Bund. This complaint was received from sheriff. Monmouth County, Treehold, New Jersey. This matter was referred to the New Jersey State Police who furnished a report on January 31, 1944 is which they furnished the subjects names as and CONDE REGINLEY. Nothing derogatory was found by the State Police nor was the ellegation in the original complaint substantiated by the State Police investigation. In December of 1944 this office received a nine page complaint on CANDA J. McGINLEY which was written by the present complainant. In this biPletter Thol stated that McGINLEY was viclently anti-Semetic, was a political agitator, that McGINLEY told him that he believed Hitler to be one of the greatest men on earth, also "that Hitler had been sent by God to deliver the world from Jews and Communism. He also stated that in his opinion the subject was harmless and was not dangerous to the security of this country. He also advised that the subject had a son in the United States Marines and that the subject had stated to him that he hoped the United States would win the war and the peace that followed.

An examination of "Think Weekly" thus far fails to reflect that it is a Fascist paper, although the paper is strongly anti-Communist. On the occasions that has contacted this office he has furnished agents with publications which he states he has obtained from CONDE J. McGINLEY. These publications are being forwarded to the Bureau. This material may disposed of. The complainant stated that he would continue to keep in contact with CONDE J. McGINLEY and would advise this office of any further developments which would indicate a Fascist trend on the part of the editor of "Think Weekly."

A Paper to Educate People to the Danger of Communism To Expose the Fifth Column — In Plain Words for Plain People

> P. O. Box 816 Newark 1, New Jersey

November 15, 1946.

Dear Fellow American:

You have never read a letter like this before.

If you are one of the over six hundred people who have been receiving papers to pass out to your friends, this is an explanation of why the quantity has been so drastically reduced this week. Such a step is necessary due to a shortage of funds. We hope soon to be in a position to increase the amount of copies and to supply the many Americans who are volunteering to assist this campaign throughout the United States.

This is the twenty-seventh issue of THINK WEEKLY. We who started its publication knew only too well that it was not a money-making scheme, since we are not able to carry advertising, and the subscription rate is so low we lose money on each one. Donations are coming in, but they are small in amount.

The paper is being enthusiastically received in all parts of the country, by people in all walks of life. Free papers are being distributed at veterans and union meetings, Rotary and Kiwanis Clubs, high schools and colleges. Eleven members of our speakers' bureau are equipped to talk on Communism before any group or organization. Our office has completed information on most of the five hundred Communist fronts and in general is supplied with material on Communism second only to the government. We now have six salaried employees.

A father and son have taken care of the loss each week which is now over seven thousand dollars. In addition to this the amount of \$1800.00 is owed to the printers. All other bills are paid, the office being run on an efficient business-like basis.

One managing editor has devoted fifteen hours a day seven days a week for six months to this work; the other, working to his fullest capacity, has brought himself to the point of exhaustion; neither of these men receives one penny salary.

We are at this point "scraping the bottom of the barrel". Money is badly needed to carry on this all-important work. The enthusiasm and support of so many people has given us the courage to continue in the face of such tremendous and well-organized opposition. These people are giving of their time and their energies, helping in every way possible .... but most of them do not have money to donate. And that is what we need desperately at this moment.

So that this important work may continue, and to leave no doubt in the minds of those who would like to back THINK WEEKLY, we make this proposition. The managing editor will sign a contract to work as in the past for one year for one dollar if a committee of men will see that the printing bill is paid each week. Or we will turn the paper over entirely free to any man or committee who will convince us that an aggressive campaign to expose Communism and educate the people will be continued.

We leave this in the hands of Americans. May God's will be done.

Sincerely yours,

THINK WEEKLY

### HAS OUR RED CROSS IN RUSSIA YIELDED TO THE COMMUNISTS?

Apparently under the New Deal, Com- they paid for and sent to Russia were taken unism has saturated every organization by the GPU or NKVD, Stalin's Red Murmunism has saturated every organization the Adminstration could influence. The Red Cross, long respected by everyone, began to slip when its President, Norman Davis, was known as F.D.R.'s roving ambassador. He was sent all over the world, building fences that were to put us into a war to clear the way for Communism in Europe.

But now we have indisputable evidence that in at least one country the Red Cross is used as a Communist agency. American citizens will be interested to learn that the twenty-seven million dollars in supplies

#### SUPPORT FOR ARCHBISHOP STEPINAC IN VAIN, AMERI-CAN BISHOPS ARE NEXT

Those who are sending in requests to Secretary Byrnes, asking that he bring pressure to relieve Archbishop Stepinac of Cominunist persecution should realize that in spite of the reception the Secretary gives the letters, Byrnes is tied.

Byrnes has been powerless to remove the hundreds of Reds from the State Department, including the leaders. While Byrnes ment, including the leaders. While Byrnes is away, the Reds run the Department to suit Stalin's world-wide sales force. Betore the State Department can sincerely exert its influence in Yugoslavia it must clean the Red Fascists out of its own house,

Gustave Duran recently resigned from our State Department after Argentina published a picture of him wearing a Span-sh officer's uniform bearing the hammer and sickle. (Too bad they don't have a picture of Spruille Braden and Undersecretary Dean Acheson).

And what of the men in this Department hospitals, nurseries, etc. who are against Communism? Former Undersecretary Grew and Ambassador Patrick Hurley were forced out because they were Auti-Communist.

So we see how in vain are the efforts of our people on behalf of Archbishop Stepinac. In this government "of the people, by the people, and for the people" the people are no longer heeded by their elected servants.

derers, as these supplies were unloaded from the ships.

Mr. Hubble, our Red Cross agent in Moscow, who was to see that these supplies went to the needy, has never seen any of the supplies, so could not give any out. Not one agency exists in all of Russia where such supplies can be passed out to the needy ...... and the needy did not receive one dime's worth.

Mr. Hubble and his assistants could have been here in the U. S. all the time, in place of living in luxury at Red Cross expense. They had nothing to do. Judging from the close, quiet cooperation Mr. Hubble gave in surrendering all supplies to the Russian Gestapo, it is reasonable to assume that Mr. Hubble was hand-picked for the job by Reds in Washington.

Below we give you part of an expose by Father Leopold Braun, A.A., Administrator of Moscow, American Catholic Chaplain for cleven years in Russia, 1934-1945.

"When Mr. Hubble candidly explained his ignorance of the fate and destination of these supplies amounting to millions of American charity dollars, 1 told him where the supplies were going. I told him 1 knew for an absolute fact that these were being almost exclusively, but always secretly, handed out to the GPU (alias NKVD, now recently changed to the MVD people who are the last to have any claim to the fruits of American charity contributions. These officially-protected bandits and torturers of human conscience and liberty are gorging themselves to this day in the greatest charity scandal the world has seen for a long time. It must be said, however, that in order to save their faces during some official visit or inspection, the authorities will take care to show some blankets, sur-gical instruments and a few spoons used in

"The American public has never been told that in all of the USSR there is not one single distributing point open to the general needy public where these supplies are handed out as the American people surely must think they are. It is not at all in the interests of the Soviet Government to be it be known that the American nato let it be known that the American nation is feeling for their war-ridden land to hope to have any influence on Foreign affairs of life so sorely needed. I told this to Mr. dominated New Deal administration as when its domestic affairs are in such a state Hubble, who did not in the least appear to eral Counsel to General Lucius Clay, when its domestic affairs are in such a state Hubble, who did not in the least appear to eral Counsel to General Lucius Clay. and the United States of America cannot the extent of sending there the necessities

If it is to be the purpose of the American people to help force the entire seventy million German people into Communism or exterminate them, our government should issue a statement that will make our position clear. Such is the program that is being carried on by the United States through the influence of a small but powerful group,

Immediately after the collapse of Gcrmany. Communists entered that country as official agents appointed by the New Deal Administration. They soon began to set up Communism in the American Zone, which plan is being carried on energetically under enver of the claim of de-nazifying Germany. (The same plan was ready to be set up in all other countries that were liberated).

All who were pointed out by local Reds as Anti-Communists were promptly liquidated as Collaborators or Fascists (just as we anti-Communists will be pointed out by our Reds if Stalin takes over in the U.S.). In Germany the only ones safe from being branded Nazis are Communists. Our Army officers were guided by Civilian Reds sent from Washington and New York City. Army officers quickly learned that when these Red agents said a German was a Nazi there was White House pressure behind his statement.

General Patton learned this and was crushed and ruined for opposing Communist influence. (Soon THINK WEEKLY will give you all the particulars of General Pat-ton's being ruined by Reds in the U. S.).

English General Morgan learned it when he was fired from UNRRA by LaGuardia for saying Communist Spies were using UNRRA as an umbrella for operations.

Now Lieutenant General Lucius Clay, Dep-nty American Military Goyernor of Ger-many, is receiving his orders from Max Lowenthal, who was appointed by the Red dominated New Deal administration as Gen-

### BIT OF THIS & THAT By David Goldstein, LL. D.

TRYGVE LIE is a Socialist who will bear watching on account of his sympathy for the Sovict regime, to whose delegates he owes his five year top job in the United Nations. General Secretary Lie expressed his fear to the General Assembly (Oct. 24) that "so long as the Franco regime remains in Spain, it will remain a constant cause of mistrust between the founders of the United Nations." The Spanish press rightly called this "one more Communist maneuver." Fear usually follows from ignorance, and of this Lie is not guilty. He well knows that there is but one "cause of mistrust between the founders of the United Nations," and it is not Franco. It is the man Trygve Lie conferred with in the Kremlin not long before "the attention of the General Assembly was called to the Spanish question." . The Franco regime cannot be considered ideal by any lover of democracy. Yet its displacement by the so-called "Republicans," who, with the Communists, seek its overthrow, would inaugurate a reign of terror such as caused the Franco revolt, if not worse.

PAN SLAVISM seems to have taken the place of the Communist International as an ont-in-the-open endeavor to further Stalinism. It was no longer necessary to have a Communist International made up of representatives of all nations, with a secretariat in Moscow, as its work of undermining "capitalist nations" is being carried on by Russian Firsters in all the lands they inhabit.

PAN-SLAVISM, long in the blood of the people of Eastern nations, has extended its threat to our western hemisphere. An American Slav Congress was formed "in response to the All-Slav Conmittee in Mostow," as the Daily Worker informed us (April 1943). Its anti-American meeting in Madison Square Garden (Sept. 22), at which ambassadors to Poland and Yugoslavia, aided by Secretary, Wallacc, Louis Adamic, the Vice-President of the Amalgamated Clothing Workers Union (Pres. of the A.S.C.), and others, had the effrontery, after reading Stalin's cabled greetings, to advocate Soviet foreign policies, and to hiss the name of our American Secretary of State. It is easy to imagine what would have happened to such a gathering in Moscow, if they dared to advocate our American foreign policies, and to hiss the name of Molotov.

THE EDITORS, writers and commentators, who wrote about this propaganda meeting in our daily papers and magazines, seemed to be unaware of the fact that Stalin's Pan-Slavism is Czarist and not Marxist. It was condemned by Karl Marx in 1855, during the Crimean War, for reasons that warrant its condemnation in 1946. One needs only to substitute the name of Generalissimo

Special subscription rate to business concerns or other organizations who wish to place subscriptions for a large group.

Stalin for Czar Alexander 11, and increase the number of soldiers from 800,000 to 8,000,000, or more, in the N. Y. Tribune statement of Marx against Pan-Slavism, to see its present-day application. After warning the world that if Austria lines up with the West, "Alexander II will place himself at the head of the Pan-Slavist movement and change the title of Emperor of all the Russians into that of Emperor of all the Slavonians," Marx said: "Pan-Slavism is not a movement which merely strives after national independence; it is a movement which, thus acting upon Europe, would tend to undo what a thousand years of history have created; which could not realize itself without sweeping from the map Hungary, Turkey, and a large part of Germany. Moreover it must subjugate Europe in order to secure the stability of these results, if they are ever obtained. Pan-Slavism is now, from a creed, turned into a political menace, with 800,000 bayonets to support it."

#### COMMUNISM IN ACTION

THE O. P. A.
With the budget unbalanced
And the deficit growing,
With a veritable flood
Of new money outflowing,
We were told, in a tone
Both positive and knowing,
That OPA, would keep prices down.

Porter promised us glibly
That a way would be found
To push prices downward,
Yet make meat abound,
Result --- no fifty-cent
Beef or pork ground,
But plenty of turkey
At a dollar a pound.
That's how it kept prices down.

Yes, it stripped us of meat,
And it stripped us of soap,
But furnished us plenty of
Untrustworthy dope.
Thank heaven, 'twas given
An abundance of rope,
Not long will it keep prices down.

When Truman, at last,
Let meat ceilings go,
Meat shortages faded
Like late spring-time snow
And black-market prices
Were dealt a great blow
He found how to bring prices down.

But sugar and housing
Still are tightly controlled
Hence both remain scarcer
Than silver or gold.
But O.P.A., dying,
Will loosen its hold,
Then houses and sweets will abound.

When the price tyrant passes, No tears will be shed: But we'll remember his blunders Long after he's dead. Let's make sure that it never

Again can be said
That O.P.A. can trample us down.

#### WI! L WE NEED LAWYERS?

A cheerful thought for lawyers in the United States who are too busy to look into Communism:

When the Russians took over Poland and the half of Germany they now occupy, they killed all the lawyers.

They don't need lawyers at their trials!

## Stalin for Czar Alexander 11, and increase CONSTITUTION AND U. S. the number of soldiers from 800,000 to FLAG GO SIDE BY SIDE

By The Observer

How many Reds and Communists in the Administration should be thrown out of office --- hundreds of them, including some in Congress. And many should be put in the pen for sabotaging and almost bankrupting our country in their efforts to turn America over to Stalin.

When a citizen attaches himself to a public payroll, including officers in the Army and Navy, he takes an oath to: "support and defend the Constitution of the United States..." - Not the Administration. The Administration is not the Government --- not yet. The penalty which the Constitution provides for violation of that oath in the least particular is removal from office.

Violation of the oath to support the Constitution is disloyalty to the flag and therefore to the American people of the most dangerous kind, because it is the disloyalty of those who have sought and accepted a trust. Flag and Constitution have travelled side by side. They will stay up or go down together.

#### FOSTER SAYS RED ARMY WILL STAND BEHIND COMMUNIST CONTROL OF THIS COUNTRY

William Z. Foster, present head of the Communist Party U. S. A., has publicy declared:

"Our Party \_ ..... creates no illusions amongst the workers that they can vote their way to emancipation ...... The working class must shatter the capitalistic state. It must build a new state, a new Government, a workers' and farmers' Government, the Soviet Government in the United States --- and that day will come just as surely as the sun rises --- and that Government will not be a capitalist Government but a Soviet Government, and behind that Government will stand the Red Army to enforce the dictatorship of the proletariat. (Cong. Rec. Vol.75, p.2464; MDR. p.76)

"..... to develop a revolutionary American political program and party, to set its feet firmly on the Marxian-Leninist path, and to lay the foundation for a revolutionary struggle that is now gradually mobilizing the .... masses and that will one day put 'finish' to bankrupt American capitalism and establish a Soviet America." (The Communist, November, 1935, p.1057; MDR1, p.33: Am. Castle of Freedom, p.57).

#### GREEN WARNS VETERANS

President William Green, of the American Federation of Labor, warned the VFW encampment at Boston that Communism's menace today "looms more dangerous from within than from without". He charged that "Communist-led labor unions are seeking revolution".

#### WOULD AMERICANS LOVE LIBERTY MORE IF THEY LOST WHAT WE HAVE?

A Pittsburgh newspaper wrote the following concerning American Patriotism:

"Americans would love liberty more IF THEY LOST IT. Men of that unlucky generation will be glad to leave THEIR blood on some future battlefield TO WIN IT BACK,

"Why be so careless of it now, when it is The popes and the preachers have made too much money from it; ours for the mere safekeeping?

"Americans are LAZY again.

"We are raising a generation of American children by setting an example of patriotic carelessness for them.

"We are not passing the heritage of American freedom along to the oncoming generation, as it came to us, with full acceptance of the obligation for the defense that goes with it.

"If we keep this up, America will keep fighting for its liberty and perhaps LOSE

"America would never have been free if it had not fought with Washington TO WIN FREEDOM.

"America would not have survived as a free nation if it had not fought with Lincoln TO PRESERVE FREEDOM.

"Our present task is infinitely easier, if we will make it so. We have not yet slept so long that we cannot arouse ourselves. Careless as we have been, we have not yet lost our liberties so irrevocably that they cannot be reclaimed.

"LAZY PATRIOTISM is a national menace we must not discount.

"Citizens who do not think it is important to protect inherited rights and liberties are literature. DANGEROUSLY lazy.

"People who think veneration of the nation's traditions, pride in its history and confidence in its principles, are old-fashioned and backwoodsy are the LAZIEST KIND of patriots.

"But why should Americans, who still have these things, worry about them? Are they not ours, in perpetuity? Who is there to take them from us?

"Look across the ocean. There you will find other countries whose peoples once had the rights we now enjoy, and were eareless of them.

"They do not have them now.

"They cannot worship God as they please, or speak according to conscience, or participate in the affairs of their own governments.

"These people can give Americans the answer to the question of what CAN happen to a nation that grows indifferent toward berty, and refuses to fight to preserve it."

#### A LITERARY GEM

Langston Hughes of the Political Action Committee and a writer for "Daily Worker", gives us a Communist literary gem:

GOODBY CHRIST:

"Listen, Christ. You did all right in your day, I reekon

But that day is gone now.

They ghosted you up a swell story, too, Call it Bible, but it is dead now.

You ain't no good no more; they've pawned

Goodby, Christ Jesus, Lord God Jehovah, Beat it away from here now, Make way for a new guy with no religion

Go ahead on now and step on the gas, Christ, The world is mine from now on; move, don't be slow about movin'.

And nobody's goin' to sell me to a king or a general or a millionaire."

#### UNRRA GOODS GO TO MR. STALIN AND TITO

American Women's Volunteers Service workers who have spent many months service in Europe report upon their return that 30 per cent of UNRRA supplies to Yugoslavia go to Marshal Tito's Communists and 70 per cent go to the Russians.

UNRRA was set up to function this way by the Herbert Lehman regime, and La-Guardia was carefully picked to continue the work and not expose the arrangements for camouflaged support of Communism in Europe and Russia.

Criticism of Communist agents by English General Morgan brought about the removal by LaGuardia of this general from his post in UNRRA.

When will America wake up as when will America wake up as and where Communism is being almost entirely financed by America through many camonflaged agencies. In addition to our financing UNRRA, we sell them millions of dollars worth of army supplies for almost nothing.

#### ALONG WITH TRUTH, ZEAL IS NEEDED

We have no advertising to support the paper, no advertisers to tell us what we can and cannot print. Hence you get the un-varnished truth in THINK WEEKLY. And never was the truth needed as it is today.

But because of the absence of the financial support of advertising, we are forced to take a loss each week. And we now ask our friends to help us take care of this loss.

Each week up to this time we have been sending free papers to more than seven hundred people for distribution in many states. We depend solely upon subscriptions and small donations. If people with real money would back us we could increase our effectiveness three fold.

We welcome investigation and will gladly call to see anyone who is interested and is willing to back us.

Get behind us in this fight. Again we repeat --- Never was the truth needed as it is today.

WE HAVE THE TRUTH, BUT WE NEED YOUR ZEAL.

## SHORTAGE OF PAPER CAUSES TEMPORARY REDUCTION IN SIZE OF THINK WEEKLY

The acute shortage of newsprint paper, being felt by publishers generally, (with the probable exception of PM and the Daily Worker) is the reason for the temporary reduction in size of THINK WEEKLY.

By using a comparatively smaller face of type, we are able to maintain the volume of reading matter and at the same time reach as many readers as usual.

We hope to resume our former size and format at an early date.

has been identified with Communism for many years in New York City, --- just the man to please Stalin.

After Samuel Lubin figured out the Morgenthan Plan for Morgenthan and Felix Frankfurter to push through, they had to be careful to get good men to see this star-vation plan carried out. Colonel Ber-mard Bernstein, chief of Military Govern-ment Financial Division of Germany, works whole-heartedly for this plan. Now General Lucius Clay, on advice of Max Lowenthal, says Germans will be re-denazified --- some of those who were tried and sentenced to live years are to be rescutenced to twenty years. What a wonderful court! The sentences are passed before the people are tried! And street who are not imprisoned are restricted to laboring jobs, regardless of their previous employment.

To realize the extent to which this plan is being carried out, consider that all the Oherammergau players, who patterned their lives as nearly as possible after the lives of the religious souls whom they portrayed in the Passion Play, have been in prison for some time and it has been officially stated that it will require ten years to de-nazify them. Here we see at work Stalin's system of education for religious people,

At the same time we read a humbig item in most of our papers last week of a Mr. Hauer, an American citizen in Germany, who is to be elected Mayor of Hamburg. He says he is so interested in helping to rebuild Germany he is giving up his U. S. citizenship. What he failed to tell us is that he was a Communist here in the U. S., like Oscar Lange, now Ambassador from Mosowydominated Relayd when the control of th cow-dominated Poland, who taught at the Chicago University (Red Incubator) and gave up his U. S. citizenship to work for Stalin. United States citizenship evidently

means nothing when Stalin wants a job done. Our Information Control Division, as well as our State Department, is saturated with Reds. Dana, the only News agency in the American Zone, is licensed to and operated by a Committee of Communists, headed by Dr. Rudolf Agricola, who is a Communist publisher of Heidelherg. This Communist Committee had been given the powerful radio transmitter of Frankfurt, since destroyed by fire, and they are now broadrasting news from Hamburg. News over

in the American Zone of Germany. With Russia steadily liquidating everyone who will not accept Red Fascism in her half of Germany, we can expect at least these two zones to join under the Hammer and Sickle.

Those who wish to see what policy we are to carry out in Germany may do so by reading PM, the ultra Red paper in New York, which features LaGuardia and Max Lerner. Our State Department has followed! the PM line completely.

It is plain to see why Stalin called so londly for a second front while Germany had Communism hottled up in Russia. Now it is on the loose and Stalin smiles when he thlnks of the eleven hillion dollars lend lease he used to finance the Communist march over Europe. We paid in advance for Red Fascism in Europe. When Germany. In a similar but more serious position than

is the U. S. today, realized she would soon HAS OUR RED CROSS IN be at war and the large number of Communists within her borders would revolt against her, had these Reds locked up but many escaped to Russia to be sent back by Stalin as soon as Germany collapsed.

The two Red Fascist leaders now giving orders for Stalin in Germany are famous as heartless butchers, Wilhelm Pieck and Walter Ulbricht. Pieck gained confidence with the Kremlin hy sacrificing his friends of long standing to be liquidated, lives in a mansion near Berlin. Ulbricht worked his way to the top by atrocities in Spain with Josef Broz (Marshal Tito).

Those who were in touch with the Communist revolution put down by General Franco will remember the Santa Ursula Ursula Convent in Valencla, which was used by the Reds after they had killed the Sisters. Boxes were built along the walls and were used tu obtain confessions from enemies of Commnuism. The OGPU, under Ulbricht, placed hundreds in these boxes for days, where they could neither stand nor sit down.

Such are the madmen who now rule Germany, thanks to our cooperation. This is the kind of sadists Trygve Lie, Scerctary General of U.N. and Stalin's errand boy, demands be turned into Spain again to start World War III.

Is it time for people to think or is it too late??? The same Red eroud of PM followcrs who are pushing the "Make Germany Communistic" plan are trying to force Mor-

genthau starvation and slavery on Germany, The book GERMANY MUST PERISHI, by Theodore N. Kaufman, illustrates the working of a plan similar to the Morgenthau plan. Let us quote part of the author's commentary: "This dynamic volume outlines a comprehensive plan for the extinction of the German nation and the total eradication from the earth, of all her people." In his book, Mr. Kaufman advocates a plan of German extinction by the sterilization of some 48,000,000 people, male and female, this being the approximate number now capable of procreation. Mr, Kaufman believes this plan could be carried out effectively within a period of three years or less, considering the number of surgeons available in the many nations which would participate in the plan. After the sterilization of the male and female population, there would of course be no births in Germaoy. The normal death rate is two percent a year .. .. is there more to be said?!!

rasting news from Hamburg. News over this Communist station is broadcast to forty-two German newspapers in Berlin and the American Zone.

So we see the New Deal Administration belief as Russia's Iron Curtain around the countries she occupies. This brazen crowd in the U. S. is today backing Russia and branding as Fascists all who oppose Communism here in the U. S., but also using the taxpayers' money to set up Communism to America. They try to keep our miods on Hitler, who is dead and harmless, and thus off Stalla, who is very much alive The New Deal Administration blackout

be disturbed. My talk with him, which lasted aliont fifteen minutes, brought no results for those whose worthy cause I had gone tu defend. What I had in mind was not unly the appalling and crying need of help for the destitute Russians but the inten-tions of the American contributors to the formidable campaign launched by the American Red Cross. Instead, Mr. Hubble took pride io telling me that he had just given a 28-cover dinner party precisely at a time when food was scarce and worthy Russians were dying of malnutrition. He added he was about to install himself in a new house which he ultimately occupied.

"If, as Mr. Powers' denial says, Red Cross Headquarters in Washington never received word from their representative in Russia of anybody else who succeeded him, that supplies were not going to those for whom they were intended, then who is to blame for this outrageous scandal, and what about the inspection tours so alily con-ducted with roast chicken, caviar and vodka?

"On April 12 of this year an Associated Press oews item from Moscow announced that: "The Soviet Union will have received \$27,000,000 worth of medical supplies and the American Red Cruss by the end of 1946, according to Elliott W. Shirk, director of Red Cruss activities in Russia, Approximately 50 per cent of the donations consists of clothes, bedding and household supplies for urphanages, invalid homes and destitute in-dividuals in war-ravaged areas, said Mr. Shirk."

"During the siege of Muscow I once visited a former well-tu-do family whose father had been arrested by the G.P.U. at the age of 72 and arbitrarily condemoed to ten years in a concentration camp on political grounds. The poor mother, in an effort of extreme traditional Russian hospitality, brought out of a hiding place a tin of A.R.A. hardtack which she had been storing away for an extraordinary occasion. We feasted on that and some boiled water with some leaves thrown in called tea for the occasion. This venerable lady asked, as many had done before her, what the American Red Cross was doing in the capital. Again I was ashamed of being an American. A short time after this I was again in this home, standing by the dead frozen body of this very same lady, who had died of starvation. A few weeks later it was her son's turn and I recited the burial service over these and thus off Stalln, who is very much alive two bodies in a room which registered sevand definitely harmful.

### NATIONALISM

by Samuel B. Pettengill

The word "nationalism" is now be-1 you nationalist! Hush your song! ing associated with group hate, religious hate, race hate and class hate.

What does "nationalism" mean? turn to Webster's Unabridged. It defines nationalism as "devotion to, or advocacy of, national interests, or national unity and independence".

Then I turn to the word "patriotism". It is "devotion to the welfare of one's country; the passion inspiring one to serve one's country"

Mighty little difference, so far as I can see, between "nationalism" and his own. "patriotism".

But the effort is under way to smear the word "nationalism". When, and if that succeeds, we can expect the word "patriotism" to be next. And after that, the word "American".

Let this go on, and the time will come when it will be "unpatriotic" to be a patriot — un-American to be an American! You will have to abandon your love for America and its institutions, and embrace, with equal joy, an amorphous mass of two and a half billion people, speaking a thousand tongues and worshipping a hundred gods.

The rules call for placing the Stars and Stripes at the highest point of the flagslaff. According to this new teaching, you will have to quit that! The oalh of allegiance to this nation taken by a naturalized immigrant has a mistake in it! The correctors of the "mistake", which is America, are at work. They are bearing false witness against an honorable word. Soon the lips of school children will be hushed when they are about to utter it.

of liberty, of thee I sing." Pipe down, | lems before us."

Tear down the Statue of Liberty in the harbor of New York! Obliterate the carved figures in the Black Hills of Dakota of Washington, Lincoln and Theodore Roosevelt! These men built a nation. They were nationalists! Let their names be forgotten!

I protest! No spreader of race or class hatred has any right to distort "nationalism" from its true meaning to their foul purposes. And equally so, no one who loves all countries but

"I pledge allegiance to the FLAG of the United States of America, and to the Republic for which it stands;

"One Nation, indivisible, with liberty and Justice for all."

What is wrong with that?

This nation. Was there ever another so tolerant of every faith and every race? So generous to distressed peoples of every land? That has done so much for peace, friendship, and commerce with every continent? That has poured out more blood and treasure to end wars which it did not start?

What is the subtle aim of those who would make Americans blush for their country?

Is it to cause us to abandon the control of our own affairs and surrender our sovereignty to a world government? Is it to break down the barriers to the spread of world communism?

1 It has long been known that both the FBI and the Wood Commiltee have been virtually helpless against the growing Red underground because the Justice Department was not inclined to take legal action. Of course, if Burton K. Wheeler sliguld soon become Attorney General, as I think he might, there would be no especial need for setting the FBI free of this department. during his tenure. Wheeler knows a great deal about the danger which has grown lusty under the New Deal and would release the FBI to fight it.

Chairman Wood shares the opinion of many another member of Congress that we have no longer any alternative but to begin imprisoning Red agents. He expressed doubt that our present laws are adequate, in view of several rulings by the Supreme Court in recent years, and thinks a constitutional amendment may be necessary.

present laws, as interpreted by Supreme Court decisions, it would be impossible to convict the most revolutionary agent unless caught in some overt act, such as sabolage.

#### Civilians May Fight Next War.

Communist leaders understand fully this paralysis — as why shouldn't they when it was their own friends who brought it about? Sabotage need not be expected in isolated instances. Communism is too well organized and too smart to scatter its fire. The Red underground is planning, through its military arm, for the next serious depression or world crisis, when Americans again can - they hope - be regimented in the manner of 1932. If Russia is ready at that time, the American Fifth Column will strike secretly and suddenly from coast to coast.

Chairman Wood did not hesitate to say he expected the next war to be weight by civilians and against civilians unless we manage to clean out the Fifth Column in time. He foresees industrial sabotage by strikes and by planted bombs, timed to detonate at a pre-determined hour. It will be no trick to smuggle A-bombs from Soviet Russia across our borders, which are so wide open that, by Attorney General Clark's own admission, 2000 aliens are crossing daily into the United States.

The Army has a poison so powerful that an ounce will kill a million people. if properly distributed. A small squad of Reds, strategically placed as employees of the New York City Water system, could conceivably introduce quantities of this poison into the city's veins and in a few hours the skyscrapers of this mightiest center of shipping, communication, finance and industry, would stand empty and silent, no more than tombstones commemorating a city too tolerant to protect itself.

#### Who is Guilty of Sedition?

No American wants to sacrifice one word of the Bill of Rights, which guarantees freedom of speech and freedom "peaceably to assemble."

But the distinction between freedom and the freedom to incite revolution must be understood. Webster's dictionary defines sedition as "an insurrection against constituted authority," "conduct tending to treason but without an overt act."

conduct tending to treason; the inno- peace of the world, was established.

cent American, who simply airs a pol- LOW LEVEL OF BESTIALITY itical opinion but does not promote or incite revolution, will not suffer.

Our present laws are adequate to handle the situation, but the Supreme Court has shown either a naive lack of understanding of the aims of Communism, or has itself accepted the concept of a dual loyalty. In a case about 1943 the Supreme Tribunal ruled that a refugee had not violated his allegiance to Old Glory by championing Communism. Apparently that Great Tribunal thinks the best thing for America is to become Communist, to accept allegiance to the Third International. Only by such false logic — the false logic of many of our native-born Communists — could the court close its eyes to the fact that allegiance to an outside power is "conduct tending happiness of their people: to treason.3

#### COMMUNISM CREEPS UP BECAUSE WE ARE TIMID

The Communist International in 1921 declared "Unions of transport workers ought to play an important part in the sabotage of capitalistic government and the eventual overthrow of so-called democratic government".

In 1917, in the fateful months while Russia was struggling toward freedom under Kerensky and a parliament (Douma) representative of all groups, Lenin and Trotsky came to St. Petersburg to engineer the revolution which overthrew the parliamentarian government and established the Red dictatorship. An American newspaper correspondent met Lenin in the streets of St. Petersburg and asked, "How can you operate openly here under the eyes of the Kerensky government when everyone knows you are trying to destroy it and establish your rule?" Lenin an-

"We have organized the transport workers, public utilities, banks, and some of the major industries. We can call a general strike whenever we wish. Kerensky knows this, and we have told him if he touches one of our men or me, an immediate general strike will follow."

The Red revolutionists had spent years in building a tightly organized position. The Kerensky government either believed it "couldn't happen there," or was powerless or too timid struggle for democratic, parliamentary Any court of justice can determine freedom was cut short and the Red Funds. whether or not a defendant is guilty of | dictatorship, which now threatens the

### IS SHOWN BY 'COMMIES'

It is difficult for the average American to understand how thousands of humans could descend to the level of bestiality which has been reached by Godless members of the Red Army. These apemen, who, during the past year and a half, have been turned loose on the womenhood of eleven European countries to rape, rob, and murder, are the products of many years of Com-munist regulation of religion, education, and family life.

The following decree, published in a Russian town, illustrates this "regulation", which, the Communists tell us, is for the belterment and greater

FRENCH ELECTIONS: The revolt of about a hundred Socialists in the British Parliament against Ernest Bevin's anti-Communist foreign policy;

and the increased Communist vote in the recent French election at the expense of the Socialist vote, warrants the fear that the Socialists of Britain and of France, and in other parts of Europe, are heeding Laski's admonition that the Socialists unite with the Com-

munists, as "their identities are more than their differences." . . . . . .

THE TENDENCY of many Socialists to move towards union with the Communists was seen last August at the French Socialist Congress where Leon Blum, who edges more toward the M. P. R. (Christian Democrats) than the Communists, was deprived of his leadership and the editorship of La Populaire, the Socialist daily. The last French election shows that what Francisque Gay, the senior leader of the M. P. R., said to Maurice Thorez, the Communist leader, is coming to pass:-"You and me, my friend, we shall eat the Socialist cake together. But you are wrong in thinking you'll get the bigger bite. We of the M.P.R. will get it." Evidently many French citizens have forgotten or forgiven the treasonable action of the Communists who bitterly opposed resistance of France to Germany, claiming it to be "an imperialist war," until Russia was nationalists. Otherwise how account for the increase in the number of followers of Thorez, the military deserter, the fugitive from justice, who escaped to Moscow to avoid trial for treason, until Hitler broke with Stalin.

with the fact that the Communists of France received only 28 per cent of the vote cast in the last election, are Communists had only 25 per cent of the vote in the Russian election when they revolted and overthrew the Democratic Constituent Assembly in Russia. The many Polish who protested that it was a Communist meeting were correct, for the International Workers Order is a powerful Communist Front. The first head of this front was Welwel Warszower (convicted of a passport fraud), alias Robert William Weiver, treasurer of the Communist Party of the United States.

In the event of war with Russia, this would be one of the most important organizations to stop industry, tie up shipping and disorganize our Army and Navy.

This organization has more than 200 thousand members and maintains schools for training members in Sabotage and revolution in more than 120 cities of the United States.

The only reason the leaders of this organization are not in the penilentiary is that our American people are so absorbed in making money they do not know that powerful men prevent the F.B.I. from going after the traitors.

These powerful men prevented the Army from going after the Reds before we entered the war—and two Chiefs of Staff were removed by F.D.R. because they insisted on cleaning up the Reds.

#### -U|LENIN'S FIGHT AGAINST RELIGION IS SUCCEEDING

Lenin's attitude toward religion can be seen most clearly in the programme of the Communist Party of Russia drawn up in March, 1919. Under the heading of "General Political Questions", section 13, we read:

"The fight against religion must not be limited nor reduced to abstract, ideological preaching. This struggle must be linked up with the concrete practical class movement; its aim must ELIZABETH LODGE No. 289, be to eliminate the social roots of religion. Why does religion retain its hold among the backward strata of the urban proletariat — among wide strata of the semi-proletariat and the masses of the peasantry? To preach atheism at such a time, and in such circumstances, would only be playing into the hands of the church and the priests, who would desire nothing more than to have the workers participating in the strike movement divided in ac-

## World Government' Means World Slavery

### WO KINDS OF ARITHMETIC

(By E. F. Hutton, an American Businessman who has the courage to "stand up and be counted" for America)

After 1776, a new kind of arithmetic | erican Arithmetic to produce more provided the basis and foundation of American thinking. It was simple arithmetic — it posed the problem this way: Make more and more goods for less and less cost so that more and more people can buy them. It clearly recognized the goose that lays the golden egg, so it centered effort on cutting costs — making more — Selling for less — to more people. It was not long before the world took notice of this simple arithmetic and people flocked to our shores to take part in the great American adventure.

Along about 1932, out pops a different kind of arithmetic — collectivism. It posed the problem this way: "spend two or three times your income" --- even if you have to borrow the money to do so - "spend and spend, tax and tax".

Let America examine these two kinds of arithmetic — the 1776 brand which recognized and preserved the goose which lays the golden egg or the 1932-1945 arithmetic which says "to heck with the eggs — eat the goose". GOVERNMENT HAS NOTHING

Tax money constitutes all government income — all it spends must come from taxes, either today or tomorrow. Borrowing merely postpones. take in from taxes, it does not worry the collectivists. We do not know anything about The Columbians in Atlanta, Georgia, but we do know plenty about the Red crowd that is making such a big noise against The Columbians.

Where did this organization of Russia Worshippers get the authority to act as secret police?

This is part of the Russia-First crowd attention to the Ku Klux Klan, demanding they be outlawed in an effort to keep our attention on the Klan and off their Communist activity.

In our September 1 issue we challenged the American Veterans Committee to clean out the Communist elements within their ranks so that they could houestly offer prospective members an opportunity to join a real American organization.

We presented some very important facts regarding their activities and associations, such as close cooperation with "In Fact," edited by George Seldes, which paper constantly smears the American Legion and many outstanding patriots, but always manages to find praise for the American Veterans Committee and Communist Fronts and movements. We pointed out the close association of this socalled veterans' organization - with Communist Fronts and their hostility to men who were combatting Comthat is continually drawing the public's munism. We have written proof in our possession.

> Since September 1, there has been considerable agitation by some A.V.C. members to check the growth of Communism in their organization. In view of this, it was hoped that the election of officers last month would weaken the position of Communism in the A.V.C.

The War Powers Acts are nothing more than contrivances to cheat the American people and their Government. They were designed and are being operated by ambitious and crooked politicians to run the Government to suit themselves at our expense. The War Powers Acts are un-Constitutional because they are repugnant to Article 1, Section 1, and other parts of our Constitution. And, according to "U. S. #### TWO KINDS OF ARITHMETIC ... (continued from first page)

THE PATTERN WAS NOT "MADE IN AMERICA"

The pattern of the conspiring collectivists' arithmetic is already set.: It wasn't set in America. It is "Divide and Conquer" — take everything — create a new kind of state that owns everything, including your Bill of Rights and the 1776 goose which laid the golden egg. This pattern is of foreign origin. You just exchange your liberty for a tin cup to use in begging for favors from your masters. The people are to be just serfs - panhandlers.

"Be fruitful and multiply", - that Biblical injunction cannot be carried out unless we hold inviolate the 1776 arithmetic of liberty. You cannot distribute wealth until you produce it, and the minute wealth production begins, wealth distribution begins. That kills incentive capital risks — Yes, "be. fruitful and multiply," but industry cannot produce as fast as government can print bonds. If this paper wealth production is not stopped, the 1776 arithmetic will find itself in the financial hopper.

LESS OR MORE?

Today America stands at the crossroads - one signboard points to the left and reads "Less and less for more and more." It points the way of the collectivist's arithmetic. The other signboard points to the right. It is set upon a foundation of the Constitution, the Bill of Rights and the Declaration of Independence. It reads "This way for more and more for everybody." THE SING SING BOYS HAVE "SECURITY"

True security comes from liberty, freedom and equality of opportunity. It does not come with being a ward of the State. The prisoners of Alcatraz, Sing Sing and Atlanta have security, but still none of them want to stay there and, once released, none want . . George Washington, President to go back. They seek real freedom and liberty.

#### HOUSING FOR VETERANS COULD BE MADE POSSIBLE BY POLICING U.S. BORDERS

The American Veterans Committee in Washington this week threatened that veterans may assert "squatter's rights" to get housing, as was done in London!

If the A.V.C. is sincere in trying to provide housing for veterans, we suggest they use their influence on the present Red-dominated Administration to stop sixty thousand monthly illegal entries into the United States. These refugees (at least 95% of them Reds) report to influential organizations upon entry and receive housing - regardless of what happens to native-born Americans. And if and when unemployment hits the U.S., these refugees will receive preference while former GIs walk the streets.

But since the A.V.C. is dominated by Reds, we can hardly expect this organization to get to the bottom of the housing problem — or any other probtem - since 90% of our so-called problems today are being deliberately created by the Communists to cause confusion and discontent. So, in spite of their supposedly interested and mititant attitude toward the veterans housing situation, we would not took for ony helpfut or constructive action on the part of the American Veterans Committee.

WHO IS RIGHT?

"Let us stand by the Constitution as it is, and by our country as it is, one united and entire, let it be a truth engraved on our hearts; let it be under the flag under which we rally in every exigency, that we have one country, one Constitution, one destiny."

—Daniel Webster "The Constitution is a relic of

AMERICAN BROADCASTING COM-PANY SPONSORS CONVICTED THIEF AS COMMENTATOR: IN-CREASE IN SMEARING SHOWS DESPERATION OF REDS, AIDED BY SUPREME COURT: PUBLISH-ER CHARGED WITH CONSPIR-ACY TO DEFAME.

> By Merwin K. Hart, President National Economic Council, Inc.

In recent months the National Economic Council had reason to believe that its work for the restoration of the American Republic, and for the rooting out of communistic influences in the United States, is bearing richer fruit.

One indication is the stepping up of the smears. Ever since the Council first recognized in 1935 that the forces that tended constantly to increase government spending — all for the good of the people, of course - and constantly to increase the regimentation of the American people - likewise for their own good, of course - were Marxist forces coming straight out of Moscow: ever since we first recognized this, we have been the target of vicious smears. These smears came from outright Communists and fellow travelers; likewise from a multitude of "liberal" organizations of various kinds which, however unconsciously, have been playing the Marxists' game. Lately they have reached a new high.

For a long time we were puzzled as to the source of these smears. The last year or two we have been less puzzled. Now we think we know. We think they are neither accidental nor

Space prohibits our going further into these cases of anti-Gentile persecution applied to the National Economic Council. For it has been our observation that of genuine anti-Semitism there is very little, while anti-Gentilism is rampant. And it is conducted behind raucous cries of anti-Semitism,

In the future we are going to expose made at the instigation of Jews, Englishmen, Russians, Patagonians or Icelanders. We are going to freat 'em all alike.

We spoke in Letter 155 of "John Roy Carlson's new book, "The Plotters." This book, somewhat more guarded than the book "Under Cover" published in 1943, is similar in ils smearing. It lists a good many hundred individuals, and by menlioning names

Carlson (whose real Armenian name is Avedis Derounian) said on page 384:

"Hart sued the Friends of Democracy for \$1,000,000, for alleged injury to his 'patriotism'. He withdrew the suit on the condition that the Friends of Democracy would not publicize his action."

The condition here assigned for terminating the suit was false. The facts are that the demands of time (let alone money) for the prosecution of the suit were so great that Hart found he would either have to give up his work that meeting, nor had any speaker been lance was switched to this company to that to call a man a "fascist" was

merely to indulge in the ordinary and lake of every day conversation.

As a maller of fact, when Hart's counsel told counsel for the defendants that he would discontinue the suit without costs to either side, their counsel at once said they wanted costs. Hart's counsel said, "Look here, it would not take much to persuade Hart to go on with the suit. He has a good case. You beller drop it without costs." And they promptly dropped it.

Now there is nothing a publisher shies at more than publishing a book or article that he has the slightest suspicion is libelous. Yet E. P. Dutton & Co. continued to distribute "Under Cover" after being warned that it contained indefensible smears if not outright libel. Some of those libeted did bring suit. Frank C. Waldrop, editor of the Washington Times-Heraid, said in that newspaper on September 28, 1946:

"At Boston, on March 9, 1945, Courad Chapman, the distinguished historian whom Derounian had smeared without mercy, had the satisfaction of receiving in the U. S. district court and the Massachusetts district court, abject and unqualified apologies from Masler Derounian, 'Under Cover' wasn't the truth after all. It was just a lie."

And George W. Robnett of Chicago got a nominal verdict in the Federal Court there against Dutton (he also has a suit pending against Derounian) which carried costs estimated at \$25,000. As we reported two weeks ago, Judge Barnes, who had listened to Derounian at length, stated in open

"I think this book was written by a wholly irresponsible person who would write anything for a dollar. I think the book was published by a publisher who would do anything for a dollar.

"I wouldn't believe this author if he was under oath and I think he and the publisher are as guilty as anyone who was ever in this court before."

Yet Dutton now brings out a new book by Derounian - "The Plotters"! The New York Times book review of loss arising out of libel actions. November 17, written by Charles G. Bolle: Chairman of the very communistic American Veterans Commiltee, speaks of "the exhaustive accuracy of the volume."

Real Communists and their publications, such as THE NEW REPUBLIC (Editor, Henry Wallace), apparently know the true story of this Commission and its members. This Communistcontrolled Russia-First paper, New Republic, in its issue of November 11, 1946, says they were holding their breath until these hand-picked five men were named, but now they are rejoic-

One of the members of the Atomic Bomb Commission, William Wesley Waymack, is Vice-President of Americans United for World Government!!

Among other connections, most of these men can be traced right into the International Bank that financed the Communist Revolution in Russia. They are part of the crowd who are gaining control of the United Nations to be the World Governmen1 . . . which Government is to have complete control of every living human.

Communists in the United States are loday more active, more Bold, more confident, than they were before election . . . strange as that may seem. We of the Communist faith had hoped for a little more time to complete our job of bankrupling the nation by Moscow-inspired "social" legislation. But we have done pretty well. We are ready Within 24 hours we can paralyze the transportation and communications systems of this country. In a like period, if our members in the army and navy do their duty, we can blow up every American fort, scuttle every battleship. Between nightfall and nightfall we believe that we can deliver this country to Soviet Russia. And we will do it by the method counseled by Lenin and practiced by Slalin — the wholesale shedding of blood.

'How do I know this? Because I myself am a Red who speaks from the innermost councils of the Communist Party in the United States. I have been a member of the party for four years. This is the story of Russia's seizure of the Spanish Government and the reign of terror that followed it up to Barcelona's fall.

Thirteen Million Colored People Being Urged to Forsake Religion and Demand "Equal Rights" While Reds Plan to Return Them to a Slavery Worse Than Before Civil War.

In New York City last week one of the many people who are enthusiastic for THINK WEEKLY approached a colored man passing out The Daily Worker in front of a public building. Our worker asked the man if he had ever read Think Weekly; the answer' was he had never heard of it. Then to the question of what he thought about God, he said, "Man, don't talk about that — I am not superstitious. You tell me there is a \$10.00 bill behind that telephone pole; I won't believe lt until I see it. We colored folks are not superstitious any more; when we see God, we will believe in Him." Here we have Atheistic Communism at work.

Most people do not know that Communists are after the thirteen million colored people in a big way and are bringing them "into the fold" in droves. Some time ago, Stalin's agents succeded in converting a number of negro writers, actors and newspapermen they have been using as decoys to trap the negro people of the United States. Among these converts are Langston Hughes, who writes Atheistic poetry; . Paul Robeson, the actor; Muriel Draper; Mary McLcod Bethune, and Benjamin Davis, Councilman of New York City. There are, of course, some negroes, among them Joe Louis, who are opposing Communism.

Many Negro newspapers and magadown our morals and our Christian zines have been subsidized, hence they (continued on page 2, col. 1)

## STALIN'S AGENTS USING DECOYS TO DRAW NEGRO MILLIONS TO COMMUNISM

(continued from first page) must sandwich in Communistic and Atheistic propaganda. The first approach to opening the way for Communism is to break down respect for religion, leaving the prospect's mind disarmed against Communism. This is done in many clever ways. American Youth for Democracy, a Communist Front, makes a strong play for the colored youth and is meeting with success. Negro organizations such as The National Negro Congress, Max Yergan, President, have been taken over by well financed Communism.

Communists, following their stategy of capitalizing on discontent of any group, have been working on the negro to fan the flames of his belief that the white man is mistreating him, that Communism is his only hope of becoming an equal. This will bring race war in the South, which is what the Reds want.

The unsuspecting colored man does not know that the prominent members of his race who are fronting for Stalin have been placed where they enjoy large incomes because they are valnable decoys for Atheistic Communism. The colored man does not realize that by his numbers and support he is helping to set up Red Slavery in the United States, which will be fifty times worse for him than his grandfather's experience before the Civil War. Nor does he realize that this organization of Communists, which is apparently interested to see that he may vote and prosper in the South is the exact organization ruled by Stalin which allows 180 million people in Russia to vote for only one ticket, and where six percent of the population (the Commissars) rule the 94% as slaves. He does not realize that this same organization has control of Poland and many other European countries, where it does not allow the people one tenth of the freedom colored people enjoy here in the United States.

Wealthy property owners and businessmen sit idle, allowing these thirteen million colored people to be misled and entrapped into a cruel organization that will first use these colored people to outvote, then slaughter, the "rich" white people they are being taught to hate. Then Red Slavery for the colored people will follow. That is the program:

THINK!! Think over these things, colored and white alike, and, from

discover what the Communist program really is. Communism is not going to help the colored man, the laboring class, or any minority group, whose interests it supposedly has at heart. Communism is not going to bring about peace and prosperity, a worker's paradise, or the fulfillment of any such utopian daydream. It is, on the contrary, going to USE all groups - pitting one against the other until their strength, their fighting spirit, is destroved. Then, when we are all relaxing after the helpless, pointless battle, which nobody won because nobody actually had a just cause . . . at that moment, impossible though it may seem, Communism will attain complete control of the government and the people of these United States!!

#### COMMUNISM

Injustice is protected, and Virtue is condemned

Where Communism lifts its ugly head.

Vice is now rewarded, while Truth is at an end,

Deceit and falsehood take its place instead.

Weeds of Atheism choke Americanism's flowers,

Our soils contaminated where they grow;

We need our Independence to protect this land of ours,

And Religion to exterminate each foe.

"Sweet Land of Liberty" was ours, until the refugees

Marched in one day, and took us by surprise,

And now they come like termites in ships from overseas,

In airoplanes they float down from the skies;

Since they possess our country, they would destroy our "Bill of Rights",

Free speech is barred, Dictatorship holds sway;

They have stunned our Constitution since "might" has conquered "right",

And we're now reminded, "It was planned that way."

#### CRYPT LOOTED BY RUSSIANS

The Russian officers broke them open, emptied the coffins on the floor, searched the garments of the dead for gold and precious stones. Why they believed jewels should be there, I don't know. Almost all the bodies long ago had mummified and they were scattered about the floor of the crypt, amid the smashed coffins.

Now what happened to Kuhn must have happened to many others. He was called before the board to confess himself a spy.

#### PRISONER WAS GLAD TO DIE

Kuhn could not confess, no more than I could. They beat me with a rubber club until my right leg and side were paralyzed for days. But Kuhn this is what they did to him:

They went into the crypt and dragged out the body of a dead nun, a body that had reposed there for many long years and it was quite mummified. They disrobed it and carried it to his box.

They tied the naked corpse of the nun to him, his face to her face. They tied his hands around with wire and left the living and dead together. But not for long were they living and dead. It was the dead and the dead, for no man could survive such a final fiendish act as was inflicted on Kuhn — and he must have been glad to die!

#### By EARL BROWDER:

"It is significant that the Communist Party, more than any other group, has been able to achieve successful united fronts with church groups on the most important issues of the day. This is not due to any compromise on our part with religion as such. In going among the religious masses we are for the first time able to bring our anti-religious ideas to them."

## REDS PLAN WAR WHEN THEY GET ATOM BOMB

To all of us in the United States who pion for a third world war to start in have devoted years of careful study spain, the recent "kidnapping" of thouto the camouflaged and secretive Red fronls, it is apparent that D-Day for America is not far away. We realize that had it not been for the invention of the atomic bomb by the United States, Russian Communism would months ago have had complete control of every foot of European soil, including Spain. Russia would have controlled Manchuria, sending a Red Army to wipe out Chiang Kai Shek, thereby curs in three months, we will not be taking China.

The Red Army is by far the largest; in the world, and it has by its side the armies of Russian controlled countries. This places Russia in such a powerful position that she need not respect us, but for the atomic bomb.

Molotov has been hedging in the United Nations, maneuvering and delaying to give the Fifth Column in the U. S. time to have the safety of the bomb placed in the hands of their intellectuals. Unbelievable and startling as it may be to the reader, this has apparently been done, regardless of the titlle sham battles Gromyko and Molotov have with these crusaders of the Atomic Bomb Commission. All that remains to be done now is to place the bomb secrets with an international committee, the majority of whose members will be named by the Communists.

No doubt the Kremlin has made arrangements for a general strike and uprising in the United States if we start preparations to protect America from for investigation and exposure: Russia. We believe it will be a miracle if we hold out against Communism for more than a year. If the takeover ocsurprised. We sincerely hope that next Christmas religious services will be held in the churches and free people will worship God in their own way, But, unless America has a terrific awakening, we fear that the United States will by that time be in the same condition as is Europe today.

The people of America will not be any more awake to the danger the day before we lose our freedom than they are at this moment, because they have closed their ears and their minds to what they consider to be the ravings of "fanatics". This shows how quietly but effectively the Communists are working. There will probably be no "revolution" for the Communists will control everything necessary to take over the entire 140 million free people. The public will be paratyzed when they see leaders they trusted hand over their departments.

It asserted that the fascist get-together was an all Gentile affair. No Jews were invited to the Jade Room. . . " This was false. Jews were both invited and were present. It described those present as "Big Business fascists and gutter anti-Semites."

The November 14th issue falsely stated that Hart "has been calling for firing squads for liberals"; and also referred to "the shootings Hart is inciting, 'r 'This was false. Council Letter 149 said only, with respect to Comminists, that "we should provide the chances in competition. No wonder this mouthpiece of Stalin attacks the National Economic Council. Nothing could prove more conclusively the truth of what the Council has been saying.

So, in view of all of these things, let's think plainly and speak plainly. Nor will we be prevented by the hushhush policy about Jews that has been encouraged at an accelerating rate in recent years at the instance of communistic and ultra-"liberal" Jews, to the irreparable harm of the great majority who are Americans before they are Jews.

In no country in the world have the Jews ever done as well for themselves as here. Most of them have accepted American principles, have been willing to match their very able wits and their resourceful personalities against non-Jews, and have asked no odds. They are Americans first, and Jews afterwards, just as Americans of Irish or French or Italian blood are Americans first and think only secondly of the race or country from which they came.

But, on the other hand, there are some Jews, a powerful vocal minority, that are not satisfied with taking their themselves up as a caste to dictate to all other Americans. ### IN ELIZABETH, NEW JERSEY

If we were asked today to name the most Anti-Communist city in the United States, we would say Elizabeth, N. J. For its size it is unquestionably entitled to that distinction.

Up until five months ago the Reds, not being identified as such, had easy sailing in this town and their ranks were growing rapidly. Elizabeth was gripped by an eight-months-old Communist-directed strike, costing two thousand Phelps-Dodge workers four million dollars in salaries.

Then the Communists were exposed by publicity. The Win the Peace movement, a Communist Front, was denied a meeting place in the Y.M.C.A. and all public buildings, including the high school halls.

Today, Communist Fronts in Elizaabeth have been forced to go underground or to move on, looking for

greener pastures. Vigilant activity by many cooperating organizations has made Elizabeth a safe place for Americans.

The following are some of the organizations responsible for placing Elizabeth in this enviable position: American Legion, Veterans of Foreign Wars, Elks, Knights of Columbus, Marerican Emergency Force — and, if we

"The final emancipation of the toiling masses from religion will occur only after the proletarian revolution, only in a Communist society. munist strategy is coming back on the ine this. First, instead of reading just market these days. It is the familiar so-called "denunciation" of Communhave faithfully followed the Party line . . . so faithfulty, in fact, and for so tong a time, that this publicly known association has now become somewhat of a drawback - a weight around their necks that is slowly but surely dragging them down into disrepute.

The Communist sympathizers in these organizations realize that public sentiment is turning against them. But they have no intention of losing control of their respective groups, which, hecause of clever camouflage, are able to carry on a most effective form of propaganda. No, these groups at all costs must be kept in line; their work is of the utmost importance to the Communist cause.

In these "front" and Communistanything else is the TRUTH, the whole ganda is very neatly sandwiched in be- Democratic and Republican Partics -TRUTH, and we cannot get that in any tween cries of "tolerance". I have been a the individual, promise to help him not the fellow next door, but him and the Communist propaganda can be sold without an effort. The Communist has won the confidence of the individual by being interested in him personally and from that point on it is clear saiting to convince the unsuspeeting innocent that we must have "World Government", that Spain is a threat to world peace, and that all who disagree with this line of reasoning are Fascists.

Beware of these false "denunciations" of Communism which are planned to trap the good sincere American citizen and foot tim into believing that the Communist followers have realized their mistakes and that they, too, are to become good, sincere, American citizens.

Yes, some individuals and some groups honestly, fearlessly, and sincerety denounce Communist infiltration in their ranks; those people we will back up and we will give them credit for having the courage to weed out the bad from amongst the good. But, you will ask, "How can you tell whether these denunciations are honest or

A worn and well-used trick of Com-|not?" There are a few ways to determthe headline of such an article, which says, for instance, (PM, December 16), "Left-Wing Union Rejects Communist Interference"; read on down the line 'til you come upon the "policy statement" issued by the CIO United Office and Professional Workers of America:

HODS TO MISLEAD

"In accordance with its established policy, it will firmly oppose any efforts to interfere in its affairs by any potitical party, whether it be the Communist Party, the Socialist Party, the Democratic Party, the Republican Party, or any other political party or fraternat society or religious organization or other outside organization."

This "resolution" gives quite a different story from the blaring headline, doesn't it? It certainly does reject the "Communist Party" as a party, but does it say one word about rejecting the doctrine of "Communism"? The very fact that the Communist Party is placed in the same eategory as the that it is considered "just another polpolicy of this Red union.

The second way in which we can determine whether these "denunciations" are honest is to observe the actions of the groups in question. We would advise you now to sit back and watch this ClO union; see who their playmates are going to be in the future; watch for their statements of policy on national and international affairs; and take particular notice of the union spokesmen and their conections. That witl telt the tale!

Watch, also, the American Veterans Committee, who made public a denunciation of Communism - almost at the very moment their president, Charles G. Bolte, was pleading the cause of "World Government" at a meeting in Montelair, N. J.

"Actions speak touder than words" And white the American people are trustingly believing "words", the "actions" are crying aloud the hetrayal of these very people.

UNION MEN: Attend your meetings and don't let the few noisy Reds wear you out with long meetings so they may pass important issues when you leave or if you don't attend at all. It takes work and sacrifice to drive these Reds from your unions.

The purpose of this paper is to turn the searchlight of exposure on these traitors to our country. At least 90% of Fifth Column activity in the United States is underground and quiet. Like a submation, only the periscope shows.

We are thoroughly convinced that James Byrnes was not Secretary of State, and we do not believe General Marshall will be Secretary of State. These positions are "in name only".

WHEN IS TRUMAN GOING TO REC OGNIZE COMMUNISM AS NO. 1 ENEMY? - APPALLING INFIL-TRATION OF ENEMY AGENTS INTO ARMED FORCES EXPOSED

In past issues we have brought out the activity of Communists in unions, in professional groups, in government branches. We have also brought out and we state again now that important appointments made from the White House have been entirely dictated by International Reds.

When Harry Truman took over the White House, there was a flow of publicity leading people to believe that the Reds would move out at once. We believe that the President himself really meant to pry them loose from control presidency, Mr. I ruman has made statements against several groups, including the Ku Ktux Klan, which the Reds are trying to keep alive as a straw man to detract from the Communist activities in the United States.

It is all well and good for Mr. Truman to oppose the Ku Klux, which is far from being an admirable organization, but at no time in his professional career has President Truman had the courage to condemn the No. 4 enemy of our country, Communism.

When is he going to do it?

Who or what has sufficient power able to intimidate the President, the highest official in this land? Who prevented James Byrnes, as Secretary of State, from firing the thousands of Communists in the State De-

## The Smear Terror

by JOHN T. FLYNN Author and Economist

This pamphlet shows you Communist smear in action. It "tells the story of one of the strangest chapters in our history — the story of private gestapos formed to terrorize citizens who differ with the objectives of the operators. State secret police have harried Europe for years. Here private bureaus do lhe job. They maintain secret agents to env in men's homes and of-fices; they maintain files on cittzens after the fashion of European political police. They feed out carefully guarded smears through radio, press, bulletins to destroy the reputations of loyal Americans as traitors and fascists. The purpose is to frighten into silence all who dare question their plans at home and abroad. This story is told here for the first time."

• Help distribute this fine pamphlet.

 Every American should read it, to be informed on the gestapo methods being employed in our own "free" land.

Gentlemen:

Your paper first came to my attention when I attended a forum on Communism held in Orange by three New York lawyers who. I think, are doing a marvelous job. They are three partners in the firm of Fahy, Walsh and Evers.

far one of the most concrete methods for actually fighting Communism that I have seen. I have been rather active in our college circles in fighting it, now, for two years, but I seem only to be knocking my head against a stone wall. It is my opinion that college students today have a duly to fully equip themselves against Communism.

I am a senior this year, and still being in college there is not much I can do for you personally, as far as finances are concerned. However, every chance I get, I will do everything in my power to publicize your paper, and bring it to the attention of as many people as I can.

The mention of a name does not necessarily mean the person is a **Communist.** But it is necessary to smoke out these fellow travelers, innocent or not; otherwise it is foolish to try to stop Communism.

Communists have bragged that for every Communist Party member they have ten others doing their work. Some have learned their mistake and have withdrawn their support. But, unfortunately, many others continue under the label of liberals.

On January 31, 1947, the Newark Field Division received a letter from the Editor of "Think Weekly", CONDE MC GINLEY, in which he stated that inasmuch as the "Think Weekly" letterhead and the paper itself bears only the post office box address he was sending to our office his telephone number, "believing you might at some time wish to contact us". It should also be noted that

This office received a letter from "Think Weekly" on January 27, 1947 which enclosed four tickets for a rally to be held at Moose Hall, 43 Washington Avenue, Irvington, New Jersey, and that this rally was being sponsored by the Loyal American Club in cooperation with "Think Weekly", the anti-Communist paper. Enclosed with the letter was a leaflet entitled, "Communism Exposed" which furnishes the program for the meeting.

#### U.S. SHOULD DEPORT ALIENS

#### Many Illegal Entrants Complicate Housing Problem While Truman Assigns Four Ships to Bring "Immigrants" From Europe Congressmen Denied Statistics.

With pressure groups trying to influence the President and Congress to relax our immigration laws, and sever-al bills already introduced before the House which would, if passed accomplish this same end, it behooves all Americans to give serious consideration to this vital question.

In view of our national housing shortage, with veterans unable to locate suitable living quarters, it would be wiser for Congress to inquire into the whereabouts and activities of the estimated 3,500,000 to 5,000,000 aliens now in this country (under visitors visas and otherwise) and take steps to repatriate them — rather than consider legislation which would further complicate our housing problem.

#### All immigration should be suspended until every American veteran is properly housed.

Despite our acute housing shortage, ample he is setting. the Washington Post for December 20, 1946, reports that President Truman had assigned four ships to "a special refugee run to ferry European immigrants to the United States."

It is impossible to get actual figures on the number of aliens in the United States, because the Immigration Service - which lets them in - won't tell. Order 3229 of the Department of Justice, issued May 2, 1939, by then suppressed nations — Germany being Attorney General Frank Murphy (now a Supreme Court Justice) prohibits the disclosure of such information. Congress should be asked to get complete figures on all aliens here under visitors' visas, and steps should be taken to deport all refugees who have overstayed their time limit or have taken (continued on page 3, col. 2)

## Communist Persecution of Lutheran Church in Estonia

PART ONE

(Editor's Note: This is a document with which every pastor, teacher, and layman should be familiar. We have often heard it said that Lutherans need not fight Communism, because communism is only out to destroy the Roman Catholic Church and will thus be "helping" the Protestants. Atheistic communism is out to destroy all religion. If the particular country it is capturing is Catholic, that religious faith will be persecuted the most; if it is Lutheran, the communists will fight the Lutheran Church. Let this verbatim document quell forever the erroneous notion that communism is only out against one or two particular religious faiths. Communism is anti-religious! That is enough.)

#### **GANDHI SAYS INDIA SHOULD** REFUSE ANY REPARATIONS

All the world leaders might do well to ponder the reasoning of Mahatma Gandhi and follow the Christian ex-

Gandhi, in his weekly paper Harihan, opposes India's accepting any part of "reparation booty" from Germany on the moral grounds that India is "free of blood guilt in the war."

It is argued that reparation cannot be accepted without assuming some of the "blood guilt" of the war, and Gandhi's paper says:

"If India stands for freedom of all one such today — our national government should protest against such loot, and ban such tainted property."

From this and other indications, the deduction is being made that the Government of India, inspired by Mahatma Gandhi and Pandit Nehru, may try to launch an entirely new concept of the position has nothing whatever to do basis for world peace.

#### **PREFACE**

This has been written cooperatively by several members of the Estonian Evangelical Lutheran Congregation in Stockholm. They have gathered information on the fate of Church and Religion in Estonia; they have done this out of their deep-felt interest in their native country in general, and in its religious life especially; and finally they have critically examined the gathered material. Thus, this document is really the result of collective work, and it is only at the request of my collaborators that I have assented to publish it in my name and under my responsibility.

This work describes the fate of the Christian Church and Faith in Estonia during the bitter and dark year when the country was occupied by the Soviet. (Editor's Note: This history covers the years 1940-41. It must be remembered that Estonia is again a Soviet-dominated country since the close of the second World War when Mr. Churchill's and Mr. Roosevelt's promises to small nations in the fake Atlantic Charter were forgotten.) The reader will no doubt admit that there is no exaggeration in talking about the martyrdom of the Estonian Church during that year. 1 want to point out that there are no exaggerations in this work with a purpose of propaganda or otherwise. with any kind of propaganda. Its purpose is soiely to communicate facts in which all religiously inclined people in the world must be interested, as well as those to whom liberty of religion and conscience is of value. All the facts which are put torward have been as strictly verified as it has been possible, and therefore one can assert that the reality has been still darker and more sinister than the picture that will be obtained from reading this description.

# ESTONIANS CANNOT SPEAK

A much more complete, and a better survey of the fate of Church and Religlon in Estonia during the Soviet occupation could be written by the central administration of that Church — the Consistory. The Estonian Evangelical-Lutheran Church, however, is not in a position to speak openly to the world today. At the same moment as the Russian Red Army was driven out and the Soviet regime in Estonia broke down (Editor's Note: Now the Reds are again in control!) the country was put under a new occupation which prevents the Estonian people and the Estonian Church to speak freely and to express its wishes. The reigning national-socialistic doctrine in Germany, rejecting Christian love and equality of all men, stands in an intransigent opposition to the principles of the Christian Faith. It is certainly not an accident that all the faculties of the Estonian University in Tartu have been granted rights to continue their work by the German authorities, except the Faculty of Divinity, which was closed down by the Soviet authorities. Only those students of that faculty who were far advanced in their studies are allowed to complete them and to grad-

# THE FATE OF RELIGION AND CHURCH UNDER SOVIET RULE

An Expose based on authentic information collected by the Consistory of the Evangelical-Lutheran Church of Soviet papers.

Very deep anxiety was felt by the Evangelical-Lutheran Church and all religious persons in Estonia, when on June 16th, 1940, they heard that the Russian Soviet Government under the threat of military attack forced the Estonian Government to consent to the military occupation of Estonia by the Red Army and to the formation of a new Estonian Government better suited to the Soviet Government's wishes. Only eight and a half months before, on the 29th of September 1939, the Soviet Government had concluded with the Estonian Government a pact of mutual assistance, in which the contracting parties confirmed the treaties previously concluded by them, and once more promised to respect one another's independence and sovereign rights as well as to abstaln from any interference into the other's concerns. By the previously concluded treaties the contracting parties had "renounced any aggression against one another," since "there are no reasons of political, military, economic, or of any other kind which could excuse or justify aggression"; they had engaged them-selves "in any cases in which differences of any kind or origin should arise between them to endeavor to settle them in the spirit of justice and to have recourse exclusively to peaceful means for their adjustment, submitting them, if necessary, to the procedure of con-ciliation" (Kellog Pact of the 28th of August, 1927, Litvinoff Pact of the 9th of February, 1929, Treaty of Non-On account of these conditions, the aggression of the 4th of May, 1932,

FALSE HOPE

However, there were people in Es-IN ESTONIA IN YEARS 1940-41 tonia, too, who cherished the hope that rellgion and Church need not fear any special persecutions from Soviet authorities. The Communist Soviet regime is now considerably more consol-Estonia and on articles published in idated and organized, reasoned optimists, than was the case in the chaotie and anarchic years of the Russian Civil War. The execulive power has grown to be more regular and solid. Destructive tendencies, directed to the stirring up of world revolution, advocated by Trotsky, have been replaced by constructive schemes for the reconstructlon of Russia, as embodied in the five-year plans, etc. Many things which were smashed to pieces in the first fury of demolition, are now being restored step by step. Religion and Church, too, are no more treated by communist authorities as mortal en-. eniles to be annihilated and extirpated, since the so-called Stalin Constitution recognizes the existence of the Church, separating it from state and school, and guarantees to citizens freedom of conscience and the right of performing freely the rites of their religious cult. It is true that at the same time freedom of anti-religious propaganda is guaranteed to citizens. Recently Soviet war as an instrument of national policy religious zealots and young communin their relations with one another" and ists for offending religious feelings of pious citizens, for acts of hooliganism committed near churches on occasions of d vine services at Easler and other holy days. Considering this it is to be hoped, said optimists, that ecclesiastical and religious life under Soviet regime may continue without any unendurable persecutions and difficulties.

. . . . . . . REALITIES ARE PERSECUTION

Realities proved, however, very soon how deeply erroneous such reasonings and hopes had been. Persistent campaign against the Christian Church and religion began — it can be said — from the very first day, as soon as the "pro-Soviet" government was established in Estonia on the 21st of June by the threat of Russian tanks and homb planes. On the sixth day of their administration the new authorities already issued an official statement to the effect that they were examining the question whether religious education in schools is to be continued, and six weeks later Evangelical-Lutheran stones and the main foundation of the any form of religious education in the sons of the Eslonian Evangelical-Luth- Estonia with deep sorrow for the fu- of the Church, putting obstacles in its way and driving it or

life. Thus the broadcasting of divine U. S. SHOULD DEPORT ALIENS services was discontinued a few days after the entering upon office of the new government. In the first days of July a decree was issued prohibiting Bible camps for first communicants and other gatherings of a religious persons as have given moral or finan-character. The Salvation Army and all cial support to organizations designed Christian youth associations were suppressed a few days later. A month later, the Faculty of Divinity of the University of Tartu was suppressed, every kind of religious education in all schools abolished, and morning-prayers and all other kinds of religious ceremonics in schools prohibited. At the same time a systematic and violent anti-religious campaign was started in the press. "The new socialistic school will sweep way religion, a merely bygone means for deceiving the people," declares the organ of the all powerful communist party, the "Kommunist," on August 11.

All this, however, was but the beginning.

(to be continued next week)

# LENIN GAVE RELIGION CHOICE OF PASSING OUT QUIETLY OR BY VIOLENT EXTERMINATION

Lenin, who is so venerated by communists that his mummy is enclosed in an expensive coffin and rests in Red Square in Moscow where his "faithful" may worship, on Page 5 of his book, RELIGION, says: 'Atheism is an integral part of Marxism. Consequently, eism." On page 14 of the same book, he writes: "We must combat religion - this is the A.B.C. of all materialism, and consequently of Marxism. Hence, down with religion! Long live atheism! The dissemination of atheist views is our CHIEF task."

The Congressional Record, Vol. 77, pp. 1539-1540, also quotes Lenin, the 'Apostle Paul' of Communism, with the following: "Religion must be abolished. The best country is a godless country. If religion will pass out quletly our attitude will be one of benevolent tolerance. But if it resists, we will hasten its exit by violence proportion-

ate to its resistance."

Under the dodge known as "preexamination", aliens may enter the United States under a visitor's visa, then go to a neighboring country such as Canada — and there apply to the U. S. Consul for a visa. Through this nieans, many aliens who undoubtedly could never have gotten past our consul in their own native land, have obtained citizenship in the United States. Congress should give immediate attention to this practice and bring it to an early end.

App, professor of English, said, on February 20. that if at the Moscow Conference America does not demand full territorial and economic justice for Germany, as pledged in the Atlantic Charter, the consequence will be a totally bolshevized Europe or an eventual Anglo-American war against Russia to check this bolshevizing.

To stress the seriousness of the situation, he quoted the Pope as saying recently that Christianity is facing its greatest crisis, and Senator Bridges of New Hampshire as declaring, " If Moscow succeeds in the great design of merging Russian manpower and German technical discipline, the last chance training includes being inoculated with

"If at Moscow America does not make it clear for all the world and especially for the German people to hear that we want the right of self- her army, navy or air force. determination for all German territories and access to raw materials for Germany uncompromisingly as much as we want them for any and all other nations of the world, then right-minded Germans will be helpless in preventing the bolshevising of Germany, traditionally the central Christian bulwark of Europe," Dr. App declared.

America will-then seem to offer Germans no hope at all, while Com-munist Russia will seem to offer starv-ing Germans full economic equality bribe of returning to them all the East- th ern German provinces that will have been stolen with the American sanction is given at Yalta and at Potsdam.

"If Germans are given the choice" of democracy without Easl Prussia," Dr. App said, "or of Communism with East Prussia, the majority will want East Prussia back at the cost of whatever ideology. Every other nationality, including Americans, would do exactly the same thing. History teaches us that, if we want to preserve a Christian Germany, we must convince every German that Christian America is a more honest champion of full territorial and economic justice than communistic Russia."

#### PART TWO

(continued from last week)

After the puppet parliament, that emerged from farcical "elections," staged with complete disregard of the law under the pressure of the Russian Red Army's bayonets, had proclaimed Estonia a soviet republic and asked the Soviet Russian Supreme Council to consent to its entry into the Soviet Union, which demand was immediately agreed to, the anti-religious policy of the government became still further strengthened. All churches and religious communities lost at a stroke all their property without compensation. This act of robbery, by the new authorities euphemistically called "nationalization," was enforced in October, 1940. Not only houses, farm lands and other real estates, destined to maintain parsons and other officers of the Church, but also all funds, bonds and banking accounts, vehicles (e.g. motorcars), old-age homes with their household establishments, and in some cases even churchyards were expropriated. At the same time the Church lost the status and the rights of a corporate "The church loses the support of the state and all privileges which it enjoyed under the government of Mr. Pats," writes the "Kommunist" on August 9th. "All property of the churches is declared the property of the people, all religious communities are converted into private companies and (continued on page 2, col. 3)

**ELEANOR'S PET GROUP IS** HIT BY U. S. ATTORNEY

Denver Communists and the American Youth for Democracy group at Colorado University are the objects of a stinging attack by United States District Attorney Thomas J. Morrisev.

Branding Communism as "the major menace to American liberty," Morrisey says Denver Reds are among the bestorganized groups in the country. And as for the American Youth for Democracy — which recently created a furore on the Colorado University campus. the district attorney says it's just another name for the young Communist league.

Morrisey says the Communist party is growing by gathering into its ranks young Negroes, Spanish-Americans, and Jews — and then convincing them that they are victims of discrimination.

#### WHY LINCOLN REFUSED TO ANSWER ATTACKERS

"If I were to try to read, much less answer, all the attacks made on me, this shop might as well be closed for any other business. I do the very best I can; and I mean to keep doing so until the end. If the end brings me out all right, what is said against me won't amount to anything. If the end brings me out wrong, ten angels swearing l was right would make no difference." — Abraham Lincoln.

U. S. CHAMBER OF COMMERCE TELLS OF AMERICAN - BORN GOVERNMENT EMPLOYEES EN-GAGED: IN ESPIONAGE FOR COMMUNISTS. ATT I THE TOTAL TOTAL TO

The following is taken from a report of the Committee on Socialism and Communism of the Chamber of Commerce of the United States, entitled "Communists Within the Government" released January, 1947:

SIGNIFICANCE OF COMMUNIST PARTY MEMBERSHIP

The presence of Communists in government has deep significance. At various times in the history of the Communist Party, USA, it has openly disclosed what is implied in party membership. In 1935 in New York City, two thousand new Communists took the following pledge:

I pledge myself to rally the masses to defend the Soviet Union, the land of victorious Socialism. I pledge myself to remain at all times a vigilant and firm defender of the Leninist line of the Party, the only line that insures the triumph of Soviet Power in the United States.

Each Communist Party application carried the following declaration:

The undersigned declares his adherence to the program and statutes of the C.I. (Communist International) and the Communist Party of the U.S.A. and agrees to submit to the discipline of the Party and to engage actively in its work.

Such pledges are not openly publicized during the present period but they are implicit in the teachings of Lenin and Stalin, to which the Communist Party, USA, fully subscribes at the present time.

lions and the Soviet Military Intelligence, the Soviet Secrel Police (or OGPU), General Waller Krivitsky, former member of the Soviel Intelligence Service, declared in his testimony before the Special Commiltee on Un-American Activities on October 11, 1939, that such people:

Are recruited for the OGPU from the Communist Party and from organizations which are regarded as sympathelic with the Communist Parly, and that often for a particular job it was more advantageous to use a person who was actually not a member of the party.

ESPIONAGE AND SEDITION

Americans do not normally think in terms of espionage and sedition. We reserve such "cloak and dagger" material for war time, or for mystery stories centering in the turbulent Balkan region. We would consider even occasional peaceful espionage as fantastic. Certainly we are not prepared for mass espionage, motivated not by lhoughts of revenge or monetary gain, but merely by fanatical devotion to the inlerests of the Soviet Union. Yet the June 27, 1946, Report of the Canadian Royal Commission describes a startling pattern which is not confined to Canada:

Perhaps the most startling single aspect of the entire Fifth Column network is the uncanny success with which the Soviet agents were able to find Canadians who were willing to betray their country and to supply to agents of a foreign power secret information to which they had access in the course of their work, despite oaths of allegiance, of office, and of secrecy which they had taken.

An application of this idea to American conditions was made by Major General William J. Donovan, former Chief of the Office of Strategic Services. As late as March, 1945, General Donovan defended the employment in OSS of such well-known Communists as Irving Goff, Irving Fajans, Milton Wolff, and Vincent Lossowski. A number of pro-Communists in the OSS were subsequently blanketed into strategic intelligence posts in the State Department. Granting the General's thesis that, "no foreign policy can be stronger than the information upon which it is based," it can be seen how considerations of wartime expediency have endangered our safety.

In recommending the reorganization of our Intelligence system, he declared [

(LIFE Magazine, Sept. 30, 1946):

The N.K.V.D., the U.S.S.R.'s secret service, operates everywhere and in a highly distinctive manner. . N.K.V.D. depends characteristically on sheer mass. It has thousands of operators scattered throughout the world in countries friendly and not so friendly. It draws information from a vast number of sources - trained secret agents, agents provateurs, fellow travelers, Communists, as well as the customary diplomatic channels.

This statement is significant, since it reflects disillusionment with Communist professions of loyalty.

Who is "Ham" Fish? His pedigree rivals that of a prize bull.

Nicholas Fish, (1758-1833) served in the RevolutionaryWar. His son Hamilton Fish (1808-1893) was governor of New York during 1849-1851, and United States Senator 1851-1857. He also was Secretary of State under President Grant, 1869-1877. "Ham" Fish is his son.

He was slated by seniority for Chairman of the House Committee on Foreign Affairs. Stalin could not afford to allow him to hold that seat, and after serving many years in the House, he was purged last election. He's THE PEOPLE.

lose the rights of corporate bodies." Especially high tariffs were applied to all clergymen and their families for school fees, electric current, rents, etc. (see particulars further on). Parallel to this the all powerful state authorities organized the "League of Anti-Relgiious Fighters" and started a systematic anti-religious campaign, using to this end schools, special courses, radio, theatre, cinema, books, magazines, newspapers and other devices and means.

AIM — ANNIHILATION OF

RELIGION

It was not tried to make any secret of the aim to be attained by this policy. The aim was - annihilation of the Church and extirpation of religious feelings and convictions from the minds of the people as soon as possible. This was clearly stated on October 9th in the daily "Kommunist," which according to its headline is the official organ of the Communist party and of the highest state authority of the Estonian Soviet Republic, the "Supreme Coun-

cil." The paper states:

"Religion is a reactionary social factor. During hundreds of years religion based on class divisions. It will defend this society in future too. Religion is an obstacle on the way of the working people, preventing it from becoming masters of their destinies. The communist party fights against every kind of religion. Making use of the freedom of anti-religious propaganda, we must develop an all-embracing scientific anti-religious propaganda." A great number of similar stalements could be quoted from Estonian papers published under the Soviet rule. It will do, however, to add but the following tirade out of the leading article of the official paper "Rahva Haal" of the 7th of March, 1941, bearing the headline: "Anti-religious propaganda is to be conducted with knowledge and dexterity"

The entire fight against religion and ganizations conducting the fight against religion were started on spontaneous initiative of anti-religiously minded private persons or that private initiative was the supporter of this activity. Thus, in the above quoted leading article of the "Rahva Haal" of the 7th of March, 1941, it is stated that courses for anti-religious propagandists, which started their activities on the 6th of March in Tallinn, "were organized by the section for political education of the People's Commissariat of Education." "Teaching in international and science, which is solemnly guaranteed ated somewhere on the backstairs of anti-religious spirit," was officially prescribed even for Kindergartens, which were intended for children between 3 and 7 years old. # INDIANA LEGISLATURE IN OPEN REVOLT AGAINST SUBSIDIES, DOLES, FEDERAL CONTROL

The people of Indiana are waking up to the fact that a Red Invisible Government in Washington has been using their money to finance and set up Communism all over the world.

If all the states would follow the lead of Indiana, the International Reds who control our Government agencies would not have the billions to pay for the distribution of our resources as Mr. Stalin wishes.

Following is a resolution recently adopted by the Indiana Legislature:

"Indiana needs no guardian and intends to have none. We Hoosiers like the people of our sister states were fooled for quite a spell with the magician's trick that a dollar taxed out of our pockets and sent to Washington, will be higger when it comes back to us. We have taken a good look at said dollar. We find that it lost weight in its journey to Washington and back. The political brokerage of the bureaucrats has been deducted. We have decided that there is no such thing as "federal" aid. We know that there is no wealth to tax that is not already within the boundaries of the 48 states.

"So we propose henceforward to tax ourselves and take care of ourselves. We are fed up with subsidies, doles and paternalism. We are no one's stepchild. We have grown up. We serve notice that we will resist Washington, D. C., adopting us.

"Be it resolved by The House of Representatives of The General Assembly of the State of Indiana, The Senate concurring: That we respectfully petition and urge Indiana's Congressmen and Senators to vote to fetch our county court house and city halls back from Pennsylvania Avenue. want our government to come home. Resolved, further, that we call upon the legislatures of our sister states and on good citizens everywhere who believe in the basic principles of Lincoln and Jefferson to join with us, and we with them, to restore the American Republic and our 48 states to the foundations built by our fathers.

"Adopted by House, January 13, 1947". Adopted by Senate, Jan. 22, 1947".

#### AS WE GROW OLDER

— by Dr. Alfred P. Haake — (Released by George Peck)

(Editor's Note: Alfred P. Haake, Ph.D., Mayor of Park Ridge, Illinois, is a noted, Economist, Business Consultant, Lecturer and Author.)

As we grow older we learn that there are certain fundamental laws which man cannot change, and most of the troubles of the world come from trying to change those laws instead of adapting ourselves to them. One of them is that a soft object gets hurt when it hits a hard object. No sensible person tries to make a hole in a brick wall by butting it with his hare head. The wall is harder than the head, and the head gets hurt. You may win an election on the platform that heads ought to be harder than brick walls, with lots of people believing the nonsense, but when the election is all over, you will still smash your head if you butt it against the brick wall.

Sometimes people get so excited about something they would like to see done that they forget to find out whether or not the way which they propose to use is a sound and sure way to do it.

It would be fine to have more to eat and wear and enjoy, and there are people who set out to get those things for us by the simple process of just giving everybody more money, arguing that we can raise the standard of living by paying higher wages, even though men do not do more work to earn those wages.

But, the plain truth, the law, is that we cannot have more without first producing more. We cannot eat bread until after it has been baked. We cannot have more cars to drive unless those cars are first made. And to wear more suits of clothes, we must produce more suits of clothes. We cannot eat or drive or wear in hopes and promises.

To ignore the laws of God is to ask for disaster. To obey those laws is to find true happiness and fulfilment.

struction of America?

The answer undoubtedly lies in the elaborate, far-reaching and diabolical plotting that Soviet Russia has conducted in this country for many years. By Stalin's agreement with Roosevelt in 1933, the carrying on of any propaganda by Russia on our soil is a breach of a solemn treaty pledge. And yet, there appear to be Americans who at this very moment are aiming, by securing the approval of the Atomic Eenergy Commission members by the Senate, to accomplish a result that would presently result in selling out their country.

At this time it is not necessary to question the good intentions and the sincerity of the men seeking to bring this betrayal about. But those Canadian citizens who betrayed their country felt that they, too, were acting for the common good of the world by turning over vital information to So-

viet Russia.

We recognize the horrible efficiency of this Soviet propaganda. How could propaganda accomplish more than by his life long leftist views, help to excausing one to betray his country? Men are shot for less than that in wartime. But Soviet Russia has really been at war with us all the time — and is at war with us today.

The Communists' name for non-Communists who are somehow fooled and lured into serving Communism is innocents. All these people — Acheson, Lilienthal and the other members of the Commission — are certainly "innocents," But of what group or alien country are they the dupes?

The most costly experience an employer can have is labor trouble.

And the most costly experience an employee can have is to be out of work for weeks, and sometimes months. as a result of this labor trouble.

Ordinary misunderstandings between employer and employee can be settled by a round table discussion. But when a few of the employees are Communists, a misunderstanding can never be seltled permanently, for these few Communists are instructed from outside by professional disorganizers to widen the breach between employer and employee, to bring about hate between them. This is part of the proven Communist program.

For twenty years the non-Communist working man has been unarmed in the face of hundreds of different kinds of pamphlels distributed by Reds to entrap him. # □ | PROPOSED LAW MAKES **DOCTORS POLITICIANS**

Some Comments on the Wagner-Murray-Diagell Bill for Socialized Medicine

Dr. Carl H. Gallenthein of Valmora, New Mexico, has stated that he can see little difference between the public health system as applied in Russia, and the system proposed for the United States in the Wagner-Murray-Dingell Bill. As he interpreted the detailed administrative provisions of this bill (S.1606), Dr. Gellenthien said:

"That is precisely the plan now proposed for the United States. As in Russia, today, there would be administrative zones and districts, each under the general supervision of some federally-appointed or federally-approved, regional supervisor. Patients would be certified for this treatment or that, according to the findings or some local administrative bureaucrat, who may or may not be a doctor. Note that under the Russian plan, as it has unfolded, the district inspections and certifications are made, not by the public health organizations, but by 'the Social Insurance Committees of the trade unions'.

"In my view, we need look no further for evidence that this legislation embodies proposals which find no roots in the soil of free America.

"The system here proposed is alien to the deepest instincts of the American people.

"The program did not originate in America but in Communist Russia. 1t was imported in full growth and development, not by the men and women of the medical profession who have built up in this country the finest system of medical care ever known anywhere in the world, but by a small group within the government who seek to impose a foreign ideology on our American traditions.

"Communist medicine is not for free America. America leads the world in the quality and availability of medical care for all the people, not because bureaucrats and trade union committees swarm our hospitals daily with their forms, inspections and certifications, but because American medicine always has been guided and stimulated by the sacred inspirations of liberty, freedom and enterprise.

"We must not - we dare not risk the loss of those inspirations and ideals for a capricious experiment in state medicine.'

# A JEWISH FRIEND **ACCUSES ME OF** "ANTI-SEMITISM"

To Pro-American Legislators:

#### ON GUARDI

Vote against all Judaic-Communist-sponsored and inspired State FEPC's as well as Federal H. R. 6897. These bills are subversive, unconstitutional, anti-American, anti-Christian and anti-FREE-DOM. Such laws would deprive us of all choice, and deliver us up to our enemies.

A Pro-American Publication

by

MARILYN R. ALLEN P. O. Box 2243 Salt Lake City Utah.

A great Southern Christian-American
Patriot writes me:
"I congratulate you upon your great knowledge of
the facts and especially upon your courage in
stating them. You put millions of men to shame.
One who knows the TRUTH and dares not speak
is just as contemptible as one who speaks falsely."

FMR 3118147 - Read from Co. B

A Jewish friend in another city writes me of his displeasure because of what he terms my 'rabid anti-semitism.' The following is verbatim copy of my reply (omitting name and address) dated Jan. 18, 1947:

"My dear Mr. B . . .

Replying to your welcome letter of the 14th: no, I have not 'changed' particularly: my FIRST LOVE, as always, is for America. However, I have acquired a great deal more information and truth about our national and international situation during the past two years, due to studying any, and ALL sides of the matter. I have read much of YOUR literature as well as a great deal of Communist stuff, and Negro 'progressive' papers, and I think I can truthfully say that I now konw the score.

My liking for you, . . . et al., remains the same. I do not place you or other of my Jewish friends in the category which I have criticized in my booklets, unless you choose to identify yourself with those groups or activities which, in my opinion, work directly or indirectly against the best interests of America. I have so stated in more than one of my booklets (see marked Paragraph page 22 of enclosed JUDAIC-COMMUNISM

YOU are no more "amazed, disappointed, and shocked" at my attitude than I have been by the statements and attitudes of YOUR people, especially your HIGHEST LEADERS AND WRITERS, who have embraced Communism-Bolshevism—all of which is completely documented OUT OF THEIR OWN MOUTHS, in this booklet and others. Recently, Judge John P. Barnes, of Chicago, had this to say in one of the numerous slander suits against John Roy Carlson:

"If persons are Jews and are COMMUNISTS, they will have to carry that burden and it will not benefit them or their religion to set up a taboo against mentioning that fact."

This IS the burden of which I accuse organized Zionist Jewry. Can you refute the evidence as documented in my booklet? I am not going by hearsay, but by documented evidence: by my own experience, and that of some of my persecuted friends.

I am always willing to listen to TRUTH from ANY side. I have read too much bitter, venomous, anti-Christian, pro-Communist propaganda BY Jews, in their own publications, to be easily swayed now by the cry of 'anti-Semitism'. WHY should not Jews be able to TAKE criticism, since they themselves are so adopt at dishing it out? Why do they adopt the very 'holier than thou' attitude, and never admit to common human failings, such as we all have? After much study of the subject, I have been forced to the conclusion that organ-

ized Jewry and their leaders (not necessarily the rank and file of Jews, who are probably no hetter informed concerning their leaders' activities and plans 'han the average non-Jew citizen is, concerning national polities) work almost exclusively for their own particular interests, and against the best interests of Christian America. Why do not you and other loyal American Jews denounce these unAmerican objectives and actions of your cohorts? Failing to do so, automatically leaves you open to question. Why do ALL Jews take it as an offense to themselves when anyone criticises, justly, the actions of SOME of them? I will as readily denounce those non-Jews in our country, or in our government, if I think they are wrong, as I will Jews. I think Jews should be American citizens and should love THIS country FIRST: not Russia, Palestine, a Jewish national state, or some other place. They should work for the hest interests of the people AS A WHOLE in THIS country: not devote their most zealous concern as well as MILLIONS of American money to foreigners. If AMERICANS do not work for America, WHO is going to do so?

Mr. Henry H. Klein, Jewish attorney and writer, of New York, is my idea of an honest, courageous American Jew: but because he spoke TRUTH and was an American FIRST and a Jew second, he has heen hounded, persecuted, attempts made on his life, renounced hy his own people. Do YOU endorse that sort of action? Your own Jewish writers say in their hooks that it is the policy of your people to have declared INSANE anyone who criticises or opposes them. I personally have received threatening insulting letters: I personally have been smeared by Communist stooge, L. M. Birkhead; pages have heen devoted to me in The Plotters, by Birkhead's paid character-assassin and spy, foreign-born Jew, Arthur Derounian (John Roy Carlson). These people attempt to ruin my character and reputation: to impugn my patriotism, etc. What am I supposed to do? Take it? Well, not if you know me.

I could sue John Roy Carlson to a fare-ye-well if I so desire: in fact, I told his attorney in court this morning that I most certainly would do so if this convicted spy-slanderer doesn't keep his mouth shut ahout me. This morning, Carlson's attorney argued his motion before the Judge, for a new trial, to set aside the verdict of \$10,000.00 which Mr. Jeremiah Stokes (Salt Lake attorney) was awarded, for slander. Motion for new trial was denied. So now Carlson will either have to take his caso to a higher court, or pay up.

Winchell continuously ballyhoos Under Cover as well as The Plotters, in which he lumps ALL OF US WHOM CARLSON NAMES, as "no-goods," etc. You can read my answer to hoth him and Carlson in enclosed booklet. Winchell is trying to play hoth sides against the middle, and will one day wind up in the middle himself. HE NO MORE EXPOSES COMMUNISM IN THE UNITED STATES THAN CARLSON DID IN THE PLOTTERS.

You will also read in JUDAIC-COMMUNISM how my mail has been interfered with. I am not going to take THAT lying down either.

Will you please tell me why Anti-Semitism is any more heinous in a Christian nation than is Anti-Gentilism, or Anti-Christianity—as practised by your people? I would really like to know. In the Communist 'People's Daily World' of the West Coast, dated Dec. 27th, 1946, Eugene Dennis, General Secretary of the Communist subversive party in the United States, sets forth "Communist's 1947 Program." (Incidentally, this program

and objectives are exactly the same as those enunciated, backed and promoted by all Jewish papers, as well as Negro. Progressive papers.) In this very enlightening progress a to their aims and purposes appears the following:

"9. FEPC. Enact a federal FEPC. Enact genuine federal anti-lynching and anti-polltax legislation, as well as supplementary state legislation. OUT-LAW ANTI-SEMITISM. OUTLAW AND PRO-HIBIT THE KKK: AMERICAN ACTION: THE COLUMBIANS: AND ALL OTHER FASCIST (meaning genuinely American—mra) ORGANIZATIONS AND ACTIVITIES. ABOLISH THE UN-AMERICAN DIES-RANKIN-PARNELL-THOMAS COMMITTEE,"

So here we have the crux of the matter: just as we have the crux of it in the United Nations (so-called): where Molotov and Gromyko work ceaselessly to have America DISarm and give our atomic bomb secrets to Russia: while RUSSIA is rapidly ARMING, MOBILIZING, SECURING NEW STRATEGIC BASES, and PREPARING TO ATTACK THE UNITED STATES.

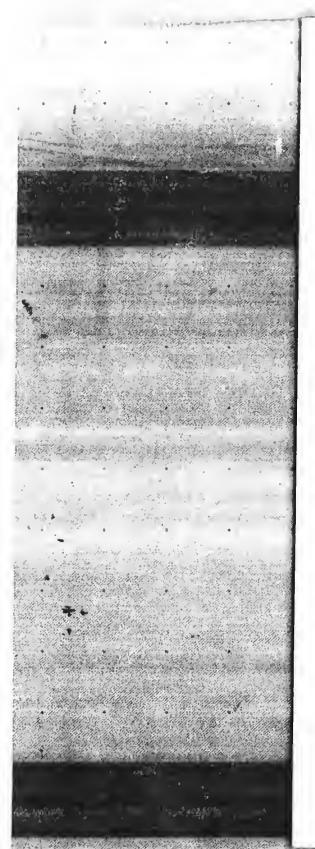

And so, in the internal program of the Fifth Column in America, the Communists endorse the same objectives as their Judaic-Communist friends: and THAT program is to ABOLISH, OUTLAW, PROHIBIT FREE SPEECH AND FREE PRESS, as well as even the right to organize groups of genuine native Christian Americans who seek to prescrive the Constitution and the fundamental rights of AMERICANS. They would thus make it both possible and legal for Judaic-Communists to carry on their program of extermination full blast, against Christian Americans!

There is an intensive legislative program being put on by Judaic-Communists in nearly EVERY state to pass FEPC and anti-Semitic UNCONSTITUTIONAL LAWS; which same interests work for passage, nationally, of H. R. 6897. Here is quote from Jewish Voice, dated 12-27-46, on this subject:

"Strong drives are under way to enact FECP legislation in a number of northern states when legislatures convene next month. Reports to the Commission on Law and Social Action of the American Jewish Congress reveal that State campaign committees are already functioning in Connecticut, Illinois, Michigan and Pennsylvania, while Indiana, Ohio and Rhode Island are now organizing and bills are being readied for Maryland, Oregon, Colorado, Minnesota and West Virginia."

Two senate bills of this nature have just been introduced into the Utah legislature. These laws are repressive, unconstitutional, anti-Christian and anti-American. If the Jews choose to sponsor and back them IN CONJUNCTION WITH THE COMMUNISTS, then, as above quoted, THEY MUST CARRY THAT BURDEN, AS WELL AS THE CONSEQUENCES TO THEMSELVES:—which may cause the innocent to suffer with the guilty.—Am I responsible for these actions BY JEWS, my friend? Can I do less, as a loyal free-born American, than to fight them?

I used to be in favor of Ellis Arnall: but no more. He is a pro-Communist (or pro-Liberal, if you prefer) Internationalist, and does not, in my opinion, put AMERICA FIRST. I wrote him in regard to his en-

dorsement of the 'Liberal' NEW REPUBLIC (now edited by that Russian stooge, Henry Wallace)—which endorsement appeared in the magazine itself, "everal months ago. He never replied—so that shows where he stands. I am glad he lost out in the Governor's race, and I hope Herman Talmadge 'sticks.' I certainly do not go along with Arnall's Judaic-Communist doctrine of RACIAL EQUALITY (as applied to the Negro) and should not think any real Southerner would either.—And if the Jewish Bnai Brith Anti-Defamation League, the Anti-Nazi League and other similar organizations have any right to exist, then so have The Columbians a right to exist: in spite of the seurrilous eampaign which has been waged against them.

Again I ask you, why do you accuse me of being a rabid anti-semite, in view of these actions of your people, and in view of the fact that I quote virulent condemnation of Christian Americans taken direct from the mouths of your own people, such as Morris A. Levy, Rabbl Theodore N. Lewis, Samuel Sillen (whose magazine openly admits it is MARXIST), Dr. Manfred Reifer, Samuel Roth, Dr. Stephen Wise, John Roy Carlson, as well as others who have openly endorsed and embraced COMMUNISM (the deadliest foe of America), denounced Christianity, as per Lenin, Stalin and Wm. Z. Foster; and whose organizations and papers work for repressive, unconstitutional laws?

I decline to be deprived of my rights as a FREE AMERICAN by Communists, Jews, or any OTHER group. YOUR OWN PEOPLE ARE STIRRING UP ANTAGONISM, ANIMOSITY, ILL-WILL AGAINST THEMSELVES by trying to force such federal and state laws (backed by Communists) down our throats. No AMERICAN worth his salt is going to stand for them. The result will be reaction against yourselves. Do you not agree with me? How can it be otherwise?

I think when Jewish people are upright and noble, they are very fine: but so long as they refuse to stand up and be counted as INDIVIDUAL COURAGEOUS AMERICANS, but always condone Jewish group action, and anything and everything that any Jew does, whether right or wrong, then, as above quoted, 'THEY HAVE TO CARRY THAT BURDEN.' You always had my respect and liking, Mr. B. .: but that does not mean that I have to like and respect such reprehensible characters as John Roy Carlson, or Morris A. Levy, author of ABOLISH CHRISTIANITY, or Samuel B. Gach, editor of Jewish Voice, et al. A man only earns my respect by BEING a man, and an AMERICAN: or, if he is going to be an enemy, let him FIGHT OUT IN THE OPEN, as I do, boldly, standing on his own feet, not skulking under aliases and behind all sorts of undamerican organizations. I would gladly remain friends with those Jews who are big enough and broad enough to understand MY viewpoint: I would as readily champion the cause of an individual Jew who I thought was receiving INjustice, as I would anyone else. However, the time is now here when our nation will be split on this issue: it will be divided into two camps: those who PLACE AMERICA FIRST; and those who go along with COMMUNISM and place her LAST and THEIR OWN SELFISH INTERESTS FIRST. The only way this Republic can survive as a FREE nation is by putting her FIRST. From this stand I shall not swerve.

If you, as a loyal American citizen (which I believe you arc) ean persuade your people, your publications and organizations, to cease and desist from trying to deprive the rest of us of OUR RIGHTS AS FREE AMERICANS, and to cease their eampaign of villifica-

tion and abuse of Christian-Americans, then I will gladly cease my own writing on this question: which is not 44, my liking, and which I have only undertaken because of INJUSTICE PERPETRATED BY YOUR PEOPLE, in contravention of the ideals and principles of Americanism. I cannot stand idly by and see the principles and ideals of Christian-Americanism destroyed. Our country, as you surely must know, is in great danger, from within and from without: any loyal American who does not now speak up for his country is a coward and a traitor.

You are right in saying that Christ taught men to love one another: he also taught them to STAND FOR WHAT IS TRUE AND RIGHT: FOR THE RIGHTS AND THE DIGNITY AND FREEDOM OF THE INDIVIDUAL. No one ever denounced evil more scathingly than did Christ. As shown by the EVIDENCE in my booklet, do you believe that YOUR people are practising this LOVE of which you speak, toward MY people? As a Christian-American, I cannot do otherwise than uphold Christianity.

In spite of the fact that many of your writers untruthfully accuse everyone of HATE and of being proNazi etc. when they criticise unAmerican action on the
part of Jews, the FACT remains that I DO NOT HATE
JEWS, either individually or collectively; nor anyone
else. One can oppose what they think is wrong, evil or
unjust, without having hate or animosity in their heart.
I think YOUR people should stop 'preaching hate, bitterness and strife' and making statements which are
utterly untrue, if they wish to retain the friendship of
the American people.

Under separate cover, I am sending you copy of THE SEMITIC RACE, just received from my friend, Mr. Blessing. I know you will not agree with it: but at least it gives you a different viewpoint.

I am very glad that you wrote me: I shall await your reply with interest, because I would really like to know how you justify the actions and statements of your own leaders. If I did not value your friendship and oplnioz, I would not have gone to all this work, giving it precedence over much other which awaits my attention.

With warmest regards and best wishes to all of you back there, for 1947, I am

Sincerely yours

MARILYN R. ALLEN."

The writer suggests rc-reading my booklet, GOD MADE ME FREE, and especially the poem by that name. Americans are rapidly losing their God-given FREEDOM, in peacetime, through encroachment; by repressive legislation; by our leaders unlawfully givling away American sovereignty to the International (Jew-controlled) U. N., in violation of our sacred Constitution.

Dear Friend:

Organizer: Captain Kalenik Lissiuk Welcome to the next meeting of the Loyal American Congress, to be held at Moose Hall, Washington Avenue, Irvington, N. J., on Friday evening, April the 11th, at 8.15 p.m. Anyone who attended the first organizational meeting on March 14th last, can vouch for the timely thoroughness of our program, and the forthright integrity that accompanied it's initial introduction.

Treasurer: Christian Orhler

The program will include speaking, a more specific enumeration of our nation-wide plans, a report from our most potent weapon "Think Weekly", admission of new members, and last but not least, the raffle of the radio held over until now by "Think Weekly". As you know, due to current events, the national awareness of the imminent danger threatening this country has greatly increased. Now more than ever, organization is necessary. But it must be based on real facts, under proper guidance. Precisely this, we feel our organization offers you.

Field Director:
JOHN LANIGAN

All in all, Friday's meeting promises to be both interesting and enlightening. We trust that you will lend your efforts to this nation wide campaign of education, in this America's eleventh hour of life. By all means, make this meeting of April 11th a must on your schedule.

Sincerely yours,

William J. O'Brien,

Secretary.

# THE REVOLUTION IS ON.

67C

Dear Fellow American:

The first blow has been struck. The subversive Red-Fascist elements that permeate Civic organizations, Churches, Schools and Labor Unions have shed their cloak of respectability.

On Thursday evening February 7th, the Christian Veterans of America held a meeting at the West End Women's Club. The speakers were Gerald L. K. Smith, Rev. Arthur W. Terminiello, and myself. The subject of the meeting was "Christians Awake!"

Well Christians - AWAKE! You can no longer gather peacefully as Christians.

Over one thousand Communist Jews and Red-Fascist hoodlums attempted to destroy the meeting. They marched in a double picket line making it perilous for our people to enter the hall. On many occasions these Marxist mobsters tried to storm our doors. They were barely held back by the police. Failing to break in, they resorted to smashing windows with whiskey bottles, ice picks, throwing stench bombs, bricks, and other missiles. Twenty-one windows were broken, but the meeting continued despite the disturbance.

The meeting closed with the singing of our National Anthem. Our American compatriots filed out in orderly manner to meet the howling mob. Foul language, stones and broken glass were hurled at them. Many were hurt. One of our Veterans was knocked to the ground and trampled upon. He was rushed to the hospital under police protection. He had numerous abrasions plus a broken rib. There were many other injuries among our people.

Father Terminiello and Gerald Smith were escorted by police to a car. A volley of bricks, stones, rotten vegetables and glass was showered upon them. Even the police captain was struck.

The next morning we learned that Ira Latimer, Moscow agent in Chicago, had conspired with two Judges (Caplan and Heller) to have all three of our speakers arrested on the ridiculous charges of disorderly conduct and inciting to riot:

We do not intend to allow these criminals to get away with their dastardly charges. We plan to fight these people in the courts and put them behind bars where they belong. We must act NOW! If they succeed in getting away with this, no one in America will be safe. Freedom of speech and freedom of assembly will be dead.

The American Constitution and Bill of Rights will cease to exist if these criminal elements are to get away with their Red-Fascist

PROF. LORWIN LECTURES AND WRITES LAUDING RUSSIAN WAY OF LIFE AFTER TRIP TO FATHERLAND AT EXPENSE OF U. S. TREASURY

The American Anti-Communist Association accuses a high Commerce Department official of "active pro-Communism and close affiliation with the Communist movement".

The charges were brought against Dr. Lewis L. Lorwin, 63, a \$10.000 a year staff economist dealing with trade policy in the department's office of international trade. Lorwin was born near Kiev, Russia, and at times goes under his original name ive biography in the current Who's powerful wasper Who in America.

It is understood that the telephone workers' unions are gradually being shaped up for entry into the C.I.O. First, the various independent unions are to be joined together under one heading, Communications Workers of America, which will hold a convention in Miami in June. The second step will be the entry of the Communications Workers of America into the C.I.O.

COMMUNISTS MASSACRE OVER 500 CHINESE CATHOLICS IN ONE OF MOST CRUEL ACTS EVER RECORDED, EYE WIT-NESSES RELATE.

It was a fine day in Chungli, a small town 30 miles northeast of Kalgan. The December weather was cold, about 20° below freezing, but the whole town was bathed in bright sunshine. > While the Cathedral and the other buildings used by the Catholics were burning, bands of Communist soldiers under the direction of these former "officials" began rounding up those who, in their eyes, were "hostile" to Communism. These "hostile" elements included all who had taken refuge in Governmentcontrolled areas during the Communist occupation and had refused to come back despite Communist propaganda. They were for the most part dependents of or relatives of the vigilance guard, landfords and loyal Catholics, and they constituted almost the whole local population of 3,000.

Half of the 3,000, fearing the worst, had fled to the nearby mountains. But those left were herded together by the invaders and some were tied in groups. The Communists decided to teach these Catholics a convincing lesson. The spacious courtyard of the bishop's residence was chosen as the setting. So, on the night of December 9, 1946, with the huge blaze of the burning cathedral and the other buildings of the Catholics to light the scene, one of ☐ I the bloodiest massacres in history

These inhuman Communists and their agents made no distinction on the grounds of sex or age. They subjected all to their fiendish hate. Besides killing some in the usual way, by means of rifle fire, the machine gun and the bayonet, they devised new ways of liquidating those who dared to think other than they did. They strangled many; they stripped others to the skin and let them freeze to death in the December cold; they bashed in the heads of others with large pieces of rock, while they tied others to poles and beat them to death.

They made some of the women suffer an even worse fate. They violated them, then killed them. And having put them to death, they desccrated the bodies of not a few of their victims.

They skinned one child who was about 14 years old, from the scalp to the breast. They chopped a young man's body into pieces in the process of removing his heart. killed or burned to death. Another 500 civilians and some hundred vigilance corps members were laken away by the Communists when they retreated on December 12. About 200 of them were later killed, or allowed to freeze to death.

When we correspondents arrived at this small town on December 30, 18 days after the massacre, whole remaining population of about 2,000 gathered in the Catholic elementary school for girls to meet us. In the middle of the yard there were several coffins. One of then was unusually large. Inside it was: big heap of ashes, black and putrid. That was what was left of the flest and bones of those who were trapped in the burning Cathedral. But no one knows exactly how many perished in the once-sacred hall, and not all of the charred corpses were identified.

On the backyard of the compound was another group of about 30 bod-These were slain militiamen. Their remains revealed that they had been subjected to prolonged lorture. One had his eyes smashed. His eyeballs had been forced out.

Among the slaughtered civilians were a group of countryfolk from nearby towns. They had come to Chungli in the hope of finding a refuge there, soon after the Government's reoccupation of the town. This group, according to the Chungli natives, were among the first victims, inasmuch as they were considered anti-Communist because they had fled from Communist regions.

A few native "landfords" had come back to Chungli only some 10 days before the time of the tragedy. They were returning from an "exile" of more than a year as a result of the Communist occupation. They too were liquidated and were killed before they could reclaim the land the Communists had expropriated in their absence.

Catholic Father Hsu and two farmers were among those the Communists carried away with them. Many thus carried away died of cold and exposure. Some were killed for refusing to continue the forced trip. While we were interviewing the local citizens, a late report came in that about 100 bodies had been discovered at the foot of a mountain 15 miles east of Chungli. As the news spread, we could see a cloud of sorrow and anxiety darken the faces of the men and women who had relatives who were still missing.

"I have never had a thought, politically, that did not spring from the scntiment embodied in the Declaration of Independence." These were the words of Lincoln at Philadelphia, on his way to his first Inauguration.

He not only expressed his thoughts clearly but fearlessly. His was not campaign oratory, like our modern politicians; he told the truth regardless of consequences. In his debates with Douglas, he said, "a house divided against itself cannot stand. You cannot have a nation half slave "ee." These debates cost.

Springfield, Illinois was his home, and the only house he ever owned attracts hundreds of people every week to visit that sacred place. Mrs. Edwards, who was the custodian of the home for many years, said that people came there in all conditions, rich or poor, drunk or sober, but nothing has ever been missed-the place is too sacred. We have in our office a photoraph of Lincoln in an oak frame made from the floor of this home - the floor he had walked upon. It is, too, sacred.

Many years ago an old man told me that he heard Lincoln deliver his Gettysburg address. I was curious to know his style of address and asked him if he could explain it. The old man said he ought to, for it had been soaking into his system for over sixty years. He said Lincoln spoke rather slowly, slow but distinct, and words of one syllable

or three sylables: he made two O.u-r F-o-r-e F-a-ther-s In sti-tuted a New Gov.ern-ment Fo-un-ded on the Pr-in-ci-ple that all Men Are Cre-at-ed E-qu-al.

His whole life, in public office, was a demonstration of this principle of equality, and he wrote, "I see in the near future a crisis approaching, which unnerves me, and causes me to tremble for the safety of our country. As a result of the war, corporations have been enthroned, an era of corruption in high places will follow, and the Money Power will endeavor to prolong their reign by working upon the prejudices of the people, until all wealth, shall be aggregated in a few hands and the nation destroyed. . . . I feel at this time more anxiety for the safety of my country than ever before, even in the midst of war, God grant that my fears may never be realized."

Was not this, his fear, bequeathed for our settlement, and is not the time fast approaching when this settlement must be made?

# Front For Judaism

That there is a difference between English and American Freemasonry and that of Continental Europe is a snare and a delusion, lulling Freemasons of America to believe that what has happened over there, and is happening in England can't happen here.

There is no support of such a fantasy-and if you have read the quotes from Mason's own official book, given in the paper you must confess that all masonry is controlled by Jews.

Naturally Masons don't knowand it has been a bitter pill for u. who were reared in Masonic homes, Masonic communities. All our lives we have looked up to Masons, the best men of the community, solid, substantial men with good moral reputations and church connections.

To awaken Masons to the danger, that they may save their lives and their country is the purpose of this light. Our attention was called to this matter when we realized that every country in which Masonry was strong has fallen to communism, the front for Judaism. Another eye opener has been the way-in which our Congressmen are taking orders from, or are following New Dealers.

From the very first the New Deal was manned by Jews, a list of whom would almost frighten the American who has given no thought to this situation. Some time soon we shall give such a listing. If the acts performed by your Government in recent years have not opened your eyes to the Jew control, these names may.

Some Americans have investigated. a little, they have read Nesta Webster, an English woman, who has done splendid service in exposing Masonry, but, unfortunately, after all her documention, and painstaking detail, she concludes that

English and American Freemasonry are not as of the Continent. However, her statement, as to America, is not based on factual knowledge as you can see from the history in Women's Voice. Neither could she speak for England, as shown by this passage from "The Hidden Hand" by Col. A. H. Lane of London, England. "English Masons claim that there is no connection between them and the Grand Orient Masonry. But there are Lodges in the British Isles completely controlled by Jews. It is unbelievable that these Jewish dgcs have no connection with wish Lodges under Grand Orient Control in other countries."

Her own description of the machinery of the lodges does not warrant the assertion. The Freemasonry machinery of blind and unqualified submission to unknown superiors lends itself to deceit and deception. The fact that there is a secret plane of operations known only to the center of the confidential Brethren, explains why members, themselves, are ignorant of plans.

Our Masons are shocked at suggestions that Masonry is not Christian, yet, the reading of any one of the 20 volumes of their own landmarks and rules would disillusion them.

"To the lesser Brethren is given the delusion that Christianity and Freemasonry are compounded, first, with respect, then Christianity is twisted into a purpose foreign from it"—p. 322 "proof of a conspiracy to Destroy all Religions and all Governments" by Prof. John Robison.

We are interested in America and we do not need quote foreign writers. # Fate of our Country

MEMORANDUM, To the Senate of the United States, in opposition to the appointment of Messrs. David E. Lilienthal and Rear Admiral Straus, to the Atomic Energy Commission.

The Atomic Bomb Commission will hold in its hand the fate of our country and of the world. Why, then, should you consider appointing anyone whose allegiance to our country can be questioned?

Is it not an admitted fact that the only country which can threaten America is Russia? Is not Russia eontrolled by Communists? Does not the Communist consider his highest loyalty to the Party, and an oath of loyalty to any country mockery, since an oath is predicated upon belief in God?

William Z. Foster, Communist leader in America, in his own book, "Syndicalism," says: "The Communist is unscrupulcus in his choice of weapons. He allows no consideration of loyalty, religion, patriotism, honor, duty, etc., to stand in the way of his adoption of effective tacties."

Benjamin Gitlow, Communist candidate for the vice-presidency of the United States in 1924 and 1928, said, "The policy which Stalin has launched in the United States rests on deceit."

The orders from Moscow to Communist agents in the United States call for the abolition of "present government, Christianity, patriotism, private property, family, etc." ("Syndicalism" by Foster, pp's 85 and 86.)

For protection of the United States is the atom bomb our dependence! Consider, then, if Russia already has

it.

In the "Jewish Voice," under date, of August 7, 1945, there is a statement to the effect that there was an agreement to swap secrets as early as Teheran. 1943, with this comment: "Under this agreement, it would seem that Russia already has the bomb secret."

In the Berkeley laboratory, where the bomb "secret" was so carefully guarded, no one without a Communist card could work. Do we deceive ourselves that we have a secret, or do we delude ourselves that no other country can make it even if they have the secret? The most recent findings of the Scientists are to the effect that the bomb can now be made compartively cheaply.

You men who hold in your hands the fate of a nation and of the world should weigh well the character of those to whom America's bomb is entrusted. Never was George Washington's warning more fitting: "See to it that ye put only native sons on guard this night."

A native son can have no divided allegiance.

One other suggested member does not in our opinion qualify — Rear Admiral Straus of the firm Kuhn Locb & Co., who is also ehad a series of the firm Kuhn Jewish DC Relief for Russic ing to "Who's Who in Ame Jewry." It is a fact established yond question that the firm of K Loeb & Co. financed the Russic Revolution. (American Secret Service Report, 1920.)

That Kuhn Loeb & Co. is one of the sovereign heads of Russia was shown by the superb reception given to Mrs. Otto Kahn, granddaughter of Mr. Wolf, one of the founders of Kuhn Loeb & Co. and wife of the present head of that house.

"Russia, when it is equipped, will be the only country able to compete with the United States for Iordship of the world. In the match between these two heavyweights, the International Finance of the United States will have trained the adversary." Comte de St. Bulaure, 1937.

You, Mr. Senator, are at the erossroads of Eternity. I appreciate your terrible responsibility and wish to help you. It will be enlightening if you read the enclosed article by a Jew. Mr. Henry Klein.

Believe me, Sir, I am at your service in the service of our country.

# WHAT EVERY JEVY SHOULD KNOW

Don't go to Jerusalem! If you value your life, if you value the lives of your children, if you have any shred of faith in the Word of God, then, dear Jewish reader, keep out of Jerusalem!

Don't go to Perusalem! The prophet Isaiah has solemnly warned us that the whole land will be made desolate: "Howl ye; for the day of the Lord is at hand; it shall come as a destruction from the Almighty. Therefore shall all hands be faint, and every man's heart shall melt and they shall be afraid: . . Behold, the day of the Lord cometh, cruel both with wrath and fierce anger, to lay the land desolate: and he shall destroy the sinners thereof out of it" (Isaiah 13:6-9).

Don't go to Jerusalem! The leaders of the Zionistic movement, as every Jew knows, are without God, and God is not in all their thoughts. They make bargains and treaties and agreements, with the League of Nations, with Great Britian, with all sorts of peoples, many of them also without God, and many of them never intending to keep the promises

they are now being given so ireely. Against this terrible mistake God warned us many years ago through our own prophet Jeremiah, when he told us: "Cursed be the man that trusteth in man, and maketh fiesh his arm, and whose heart departeth from the Lord" (Jeremiah 17:5).

**毛成成性的近时**或

Don't go to Jerusalem! At the present time, leaders in Palestine are congratulating themselves upon their wonderful achievements in agriculture, and especially upon the rapidly increasing production of oranges. God's Word foretold this planting of trees, but added a tragic warning; "Because thou hast forgotten the God of thy salvation, and hast not been mindful of the rock of thy strength, therefore shalt thou plant pleasant plants, and shalt set it with strange slips: (Isaiah 17-10, 11).

Don't go to Jerusalem! The greatest war and the greatest battle that the world has ever seen is going to take place just outside of Jerusalem in the valley known as Megiddo. So terrible will be this battle that all the world's scholars and writers who wish to express in the English language the most awful picture possible of war and bloodshed, invariably use the expression. "The Battle of Armageddon," which in our

Hebrew language means, the battle of Har-Megiddo.

Don't go to Jerusalem! Our leaders have forgotten that God told us in Psalm 127:1, "Except the Lord built the house, they labor in vain that built it; except the Lord keep the city, the watchmen waketh but in vain." Every Jew should know that if there is any future hope for our people, it can only come from God.

And for you, dear Jewish reader. the answer for you, at this present time, is that you shall now turn to the Lord Jesus Christ, wherever you are- in America, in Poland, in England, or in any other part of the world. Turn to Him now, with sincere repentance for your sins, and put your trust in Him. He, the Holy and just One, died for us the unholy, that He might take all our sins upon Himself, give us His own righteousness, and bring us to God. Believe this and accept if for yourself, and you will become a child of God, born again with a new and everlasting life, through His Holy Spirit within you. Then you will be sure of your eternal salvation. You will be sure of yourself and your family, if your family also will believe, that you know where you are going, when your short span of life is finished here on this earth. You will no longer wish to go to Jerusalem, and you will escape the terrible judgment of bloodshed and suffering that is to come upon that city. You will always have God's mercy and help now in this life, and afterwards, in the life to come, you will have joy forever.

# Read the Protocols

Protocol 17—"We have long past taken eare to discredit the priest-hood of the Goyim, and thereby to ruin their mission on earth which in these days might still be a great hinderance to us." "When the time comes finally to destroy the papal court the finger of an invisible hand will point the nations toward the court."

"The Federal Council of Churches" endorsed the appointment of Mr. Lilienthal. This Organization presumes to speak for 20,000,000 or is it 50,000,000 protestants. Although the members of protestant congregations do no voting on policies of the council. Its delegates meet only once every four years.

"The Rev. Thomas E. O'Connel on behalf of the Catholic Committee of the South praised Lilienthal. He said his organization represents one and a half million of the laity, besides bishops and priests of the Southern States."

Protocol Eleven: "The Gentiles are like a flock of sheep." "Truly, sheep are these great congregations, who permit a few to speak for them in defense of a man whose adherence to Communism is an open question. The first "ideal" of communism is, "The abolition of all forms of religious beliefs." You can't intelligently read the day's news without a copy of the protocols at hand.

# FINAL PROOF

Professor Schwartz - Bostunitsch gives the following information in his new book JUDISCHE IMPERIALISMUS; . . .

"At the destruction of Jerusalem by Titus in A.D. certain of the golden regalia of the temple were taken to Rome as booty of war. When the vandals sacked Rome in A. D. 455, the valuables changed hands again; later the Byzantine Emperor Justinium I, destroyed the African kingdom of the Vandals and obtained possession of the Jewish treasures which were taken to Constantinople.

"What is not generally known is that at the time of Titus' attack on Jerusalem, the Jews had succeeded in burying the more important items, such as the tables of the Law of Moses, Aaron's rod, Solomon's crown. David's sceptre, etc. The hiding place was on Mount Moriah, where in the 7th century, Kalif Abdulmelik built a mosque; there they remained until 1909, when a party of American freemasons attacked the watchmen and dug up the treasure . . .

"The Jewish regalia are now to be found in the Grand Lodge at Charleston, South Carolina, U. S. A. which was the scene of the activity of the notorius Masonic Chief of the Scottish." Rites, Albert Pike (a Jew).

(The Charleston Lodge was started in 1783 by two Jews, Morin and Dacosta, the site being selected because it was on the 33rd degree of latitude).

"Observe good faith and Justice towards all Nations. Cultivate peace and harmony with all . . . Religion and Morality enjoin this conduct; and can it be that good policy does not equally enjoin it? In the execution of such plan nothing is more essential than that permanent, inveterate antipathies against particular Nations and passionate attachments for others should be excluded . . . a passionate attachment of one Nation for another produces a variety of evils. Sympathy for the favorite nation, facilitating the illusion of an IMAGIN-ARY COMMON INTEREST, in the eases where no real common interest exists, and influencing into one the enmities of the other, betrays the former into a participation in the quarrels and Wars of the latter, without adequate inducement of justification. It leads also to concessions to the favourite Nation of privileges denied to others, which is apt doubly to injure the Nation making the concessions . . . by unnecessarily parting with what ought to be retained and by exciting jealosy, ill will, and a disposition to retaliate, in the parties from whom equal privileges are withheld; And it gives to ambitious, corrupted, or deluded eitizens (who devote themselves to the favourite Nation) facility to betray, or sacrifice the interests of their own country, without odlum, sometimes even with popularity; gilding with the appearances. of a virtuous sense of obligation a commendable deference for public opinion, or a laudable zeal for publie good, the base or foolish compliances of ambition, corruption or in fatuation.

# LET US BE FAIR

The time has come to evaluate the hard lessons of the last few years. In the UnitedStates we have learned that party political names mean nothing—Republican or Democrat —they are under one control. Those in control always win, the people always lose.

We are fooled by "labels" with propaganda ground out by the machine to prove that all Republicans—or Methodists or whatever the case, are good—and all Democrats or Catholics or whatever, are bad, or vice versa.

Now that we do see the chicanery, let us act as individuals and meet each other as individuals. Let political distinction be wholly on the line of for or against the Constitutional form of our Republic.

The awakening has so far processed that we can apply the same rule to countries. All countries are under one control—the hidden government—with agents in each country who control the nominal officials. They have thrown us at each other's throats—in order to achieve their ends. We fight their wars; they reap the harvest.

When we began this work, knowing of the terrible crimes which the British Empire had committed in our own eountry—in Ireland, India, China, Egypt, etc.—we blamed Britain and condemned the English people for permitting their Government to do such things. That was before the atomic bomb—before the wanton destruction of Dresden—before the Allies' post-war crimes!

We condemned Germany for sending Lenin and Trotsky into Russia, but that was before we knew that American bankers financed them in their killing of millions of white Russians.

Has there ever been a crime to compare with the utter savagery of the atomic bomb, which was an open furnace, burning and destroying men, women and children, in a manner more fiendish than Sadists of old

ever conceived. Yet, our nation did that, and we, the American people, have a greater voice in government than any people ever had!

What had the German people to say—while the Jew bankers worked hand in glove with the Jew bankersof England, France and the United States? What voice had the English people? That 1700 of them went to prison is proof that they knew more than we did.

In order to like one country, is it necessary to hate another? We do not so act in our private lives; neither do we attack a friend because he has some character trait or habit which offends. Take the separate people and their rulers out from under their labels and see them as individuals. You don't hate the Romans because of Caligula—neither do you wish to be branded with the sins of Franklin D. Roosevelt. Be fair to the peoples of other countries more helpless than you.

The success of the schemes has been because of the secrecy, and that is why we are not interested in their tools or fronts, but in the plot and the plotters. Who are they? There can be no question that the 1' '' "The Protocols of the Learneu L. ers of Zion." Ninety-five per cent of the Jews may not know any more than we do, yet we see no way to awaken people except to point the light at the Sanhedrin as Jesus did -and the Jews themselves must follow Klein's example. We urge everyone who has any milk of human kindness in his soul to read and re-read the "Protocols." # CALIFORNIA WOMEN SPEAK

CALIFORNIA UNIT-ADELLE COX, PRESIDENT - 2887 LEWARD AVENUE, LOS ANGELES 5, CALIFORNIA

Dear Editor:

Not a day passes that I do not fervently know the truth about your glorious stand for true, Scientific Christianity and your wonderfully fearless uncovering of the "one evil." I have fairly wept for joy in seeing this latter. "Many are willing to open the eyes of the people to the power of good residen in divine Mind but they are not so willing to point out the evil in human thought and expose evil's hidden ways of accomplishing iniquity." (Read also lines 4 to 21 on p. 571.) Powerful words which the orthodox C. S. will not see.

The last number of Women's Voice is the most startling in its expose of any yet. The article on front page "American people will hang next" should raise the "dead." I have long prayed that some God-given courage would speak out in plain and simple language that this article does, saying exactly what the CAUSE of this world evil actually is and what it threatens to do to Christianity.

The crimes this "Hidden Hand" has committed can never be fully told; it is beyond all human concept. The yell "crucify Him" "CRU-CIFY HIM" against one who exposed them 2000 years ago was cheerfully consented to by the world and now in this age their vicious yell "crucify, kill, destroy, annilhilate, wipe from the face of the earth" a nation the highest spiritual expression the world has yet known, because it again exposed the hidden hand and told the world plainly what would happen if force and violence again scemed to triumph-end the whole world and practically all the professing Christians (including the c. sts.) mildly and quietly agree and are still at the murderous work of destroying this nation, believing "they are doing.God's service" as Jesus said. I have been simply aghast that no voice was found, no word of defense allowed when hatred and revenge murdered hundreds of thousands AFTER military force declared itself victorious and this is even now going on. Do we dare think the false Christians will ever be spared the penalty for this crime; they will

I have wanted for months to tell you something which I know you could never have heard. When we used to make trips to the Mother Church at Communion time I met for several years students from abroad-Germany, Italy, France and England. One of them, I will not write her name, but can tell you later-from Berlin always had interviews with our Leader at these Seasons and for several years had been urging a German translation of S. & H. Mrs. E. protested to her year after year that no student had yet been found who could give the true spiritual meaning of S. & H. in translation but that it would come in time. The year of 1904 was my last visit with this student; I had spent many hours in splendid talks with her for she was unusually clear and with just one thought forever in her work, the demonstration of Christian Science. In this last talk she said (practically) "I want to confide to you something our Leader has said to me; you know we students are expected never to repeat or quote what she tells us and has warned of the danger in C. S. practice if this rule would not be followed; this is so very vital to me and means so much to the Cause and has given me such spiritual uplifting, I know if I share it with you, that you will never repeat it but will treasure it as I do." I assured her with the exception of my brother (we were in the practice 30 years in Chicago) and my foster son, Leonard. I have never repeated this incident to a living person; I told these two closest to me about this only a few months ago. Well when our Leader was comforting Mrs. R. about not having a German translation of S. & H., she suddenly put her hand out on her arm and said .in effect), "do not let it cast the slightest shadow in your thoughts for I can and do now assure you that your nation will be the first AS A NATION to accept Christian Science."

During the past five ghastly years how many times I have awakened in the night and wept for joy that I had been blessed by knowing this message from our Leader. Of course Jesus looked good and dead for three days (it might have been 3000) and while Germany looks

dead and we are not permitted one word from any true German, and while the fear to even say "German" is so intense and the C. S. Journal even removed the names of the C. S. Churches and the practitioners (to conform to the dictates of the High Priests), we know Germany was never more alive, never more triumphant in her whole history than she is today.

The cost of uncovering evil may mean the loss of one's physical life, but uncovering evil is two-thirds its destruction and the "remaining third destroys itself."

I must also say your article handling the "race" in the last issue is perfect! Every word of it rings clear and true. A short article headed "Cause and Effect" is most powerful. I cannot see that this country will not be made to pay for the crime, even the innocently (?) committed. This country has never had the slightest cause for enmity against Germany but conrarywise has every reason for an indebtedness to Germany for its spiritual growth and leadership. I have studied the life and writings of Luther for many years. How he urged and pleaded that the new movement not use his name, but kept repeating "all followers of Christ should be called Christians". I cannot understaind why this error should have obtained among the Germans.

# An Expose of the Plot d Plotters Against American Youth

#### PART II

We shall endeavor to show you and to make it plain. Corroborating and substantiating evidence is on every hand for those who will but seek and search for it. But the truth is often shocking, painful and horrifying; so many people don't like it and shrink from facing it squarely on that account. To the fearless and informed intellectuals, however, Communism and British-Israelism ARE UNITED AS ONE, in so far as their plot against Christian civilization is concerned, the battle cry for their godless UNO being. "RAC-EQUALITY!" "DEMOCRA-"THE BROTHERHOOD OF CY!" MAN!"

By "Racial Equality" they do not mean equal opportunity and protection under the law, as we recognize the meaning here in the United States, but they mean to break down all barriers to their own kind by degrading the civilized, cultured Christian peoples of the Earth to a level of political and social "equality" with all the hottentots, savages, nalf-breeds and outlaws of all the mongrel races on Earth and, through miscegenation and lawless abandon of all morality and divine or natural law, they intend to completely exterminate Israel (the original Twelve White Tribes) whom God forbade that they should inter-marry with unbelievers, especially the Canaanite murderers. (Genesis XXVIII-1.) But Judah married a Canaanite (Genesis 38-2). And so did the Benjamites who kidnapped their wives from the dancers at Shiloh in the land of Canaan. (Judges XXI-23.)

So persistent are these Cannaanite murderers and those who have debauched themselves by inter-marrying with them in disobedience to the laws of God, that in their wars of conquest for power, riches and world dominion they never spare the women in the countries they invade and lay waste in battle, but invariably they rape the women and girls and take them as chattel slaves to rob them of their virtue and racial purity. Those who resist, they kill. That practice is as old as the history of war itself, which began with the Concenites (descendants of Coin who murdered his brother Abel) who are the instigators of ALL wars that have ever been fought in the history of the world, for war is wholesale mudrer and nothing else, and war has never settled a controversy.

In the war still raging in Europe and Asia (World War II which has not yet been officially ended, though "unconditional surrender" was made long ago) the "Ravishing the Women of Conquered Europe" (title of a vivid exposure by Austin J. App, Ph. D. of San Antonio, Texas), has been going on now without any remonstrance from the heads in authority of the so-called "Christian" nations ever since "unconditional surrender." Millions of Christian women and girls of all ages from 8 to 20 have been violated by these beasts of hell -rape being one of the "conditions" not to be excepted in "unconditional surrender" - this to the horror and shame of all Christendom that allows Anti-Christian Canaanites to run their governments, usurp their credit, coin their money, collect compound usury on it, negotiate all international trade and treaties and to do all bargaining for them (even to the bartering of human souls for rape and slave labor), and to frame them into war, and to mortgage their children to make foreign loans, and to do all their spending of Lend-Lease, public charities and gifts for the poor, and to tell them what they may or may not have left to eat, wear or use.

By "Democracy" nobody knows exactly what is meant, for the term has been so loosely used by the ignorant and untutored, having been so long worked over-time by the inter-national, anti-national hate mongers and propagandists. Its literal interpretation would seem to be "demons gone crazy." It is something we were to have made the world "safe" for in World War I, though many soldiers who went through that bloody holocaust do not know yet what they fought for. However, Winston Churchill, Ex7 Premier of England, informs us now -after we have financed Britain in two of her wars and fought both of them for her to be left holding the bag for her debts 'to us both times, and now forced to pay the British extortionate premiums to buy back our own products on which she glutted the markets with our I end-Tenso cosh, at the same time cash reserves for post-war rehabilitation throughout the British Empire were being built up also from our Lend-Lease cash; and in addition to all this loot siphoned out of the pockets of "Uncle Sap" the British-Yiddish Empire has had the unmitigated gall to extort another "loan" or gift of 3¾ billions from us, her once recalcitrant Colony — AFTER ALL THIS — Churchill now tells us that "Democracy is a word to be used and later cast aside." These Britishers also inform us that . . "You people in the United States don't have a Government any more."

We have long known that ever since the assassination of Abraham Lincoln and the passage of the National Bank Act of 1863 which made bank notes or "fountain pen money" legal tender in place of constitutional "greenbacks", our U. S. Treasury has been a mere subsidiary of the Bank of England (House of Rothschild—a one-way subsidy with all going out of our Treasury and nothing coming in—for it was Amschel Rothschild who said, "Let me coin a nation's currency and I care not who makes its laws."

But as to this thing called "Democracy", our Founding Fathers knew enough about it to know that it had failed miserably in the Old World which it had reduced to shambles; so they determined to set up here something entirely different. Thus "under God" (and they put "In God We Trust" on their coin) they established here a White Man's Christian Republic with a Constitution which guarantees in its Article IV-"to every State in the Union a RE-PUBLICAN FORM OF GOVERN-MENT, and shall protect each of them against invasion, etc."

It is that very Constitution and Republic which gives equal protection under the law to those saboteurs and termites who are boring from without and within to destroy their own protection. Aren't they dumb, when they know they have been kicked out of every Nation on Earth except this — twice out of Spain. three times out of France, seven times out of Germany? You would think they would learn to try to be decent and law abiding, especially in a country that has given asylum to the oppressed of all nations and where never before have . they enjoyed such opportunities, unmolested privileges, and high standard of living on the fat of the land as here in the U.S.A. But they are not satisfied; their greed and inborr

E-1976

beastiality makes them want to own all other human beings as their serfs and slaves.

The Hazard Circular, published by inter-national bankers in Lincoln's day, states: "Slavery is likely to be abolished by the war power and chattel slavery abolished. This I and my European friends are in favor of, for chattel slavery is but the owning of labor and carries with it the care of the laborers; while the European plan, led on by England, is that capital shall control labor by controlling wages.

"The great debt that capitalists will see to it is made out of the war, must be used to control the volume of money. To accomplish this the bonds must be used as a banking basis. We are now waiting for the Secretary of the Treasury to make this recommendation to Congress.

"It will not do to allow the green-back, as it is called, to circulate as money any length of time, as we cannot control that; but we can control the bonds and through them the bank issues." . . .

That was 83 years ago. One gang of Jewish bankers financed the South to get them to secede and break up "e\_tUnion; -another financed the North. They have been collecting COMPOUND USURY on all their counterfeit money and bonds ever since, and every American is a slave under irredeemable debt and his children are born in bondage, whether he is bright enough to know it or not; and this they call "Democracy!"

# **ORGANIZATIONS**

The history of all organizations is the story of the betrayal of ideals. The leaders' words are mouthed but the spirit is gone. Jesus said: "The letter killeth but the spirit maketh alive."

Generally, there are four phases: A leader with the vision for the betterment of mankind imparts that high ideal to a few faithful, who as missionaries, go forth with the glad tidings. They are despised and rejected, but their spirit falters not, and they gain here and there a convert. Invariably they are regarded as "seditionists" and "disturbers of the peace," persecuted by those whom they would help. As they gain in numbers they lose in spirit. The leader's warning, "shun popularity" fades away; material comforts replace principles. The fourth and last phase is complete loss of the shining watchword "service."

Jesus Christ reached his strong, loving hand to the poor and humble. Today the temples dedicated to Him are for the rich and powerful, and the worth of His disciples is judged by their bank balance and standing in the community.

His viears oppress His "little ones". They are not welcome in His church, where attendance and ability to pay are the only standards of spirituality. Could Jesus Christ Himself enter any Christian church, where war is condoned and glorified? What would Jesus say to a Christian (?) nation which used the atomic bomb to destroy thousands of His innocent little ones? -a nation which follows the old Testament God of Vengeance and Cruelty, as it murders and enslaves the men, and rapes the women and children.

Jesus Christ ended the old dispensation of an "eye for an eye". On the Cross He said: "It is fihished." Today His words fall like stinging lashes. "Woe unto you, scribes and Pharisees, hypoerites, for ye devour widows' houses, and for a pretense make long prayers. Therefore ye shall receive the greatest damnation." (Math.23:14)

Not one church confessed that they "knew Him". All, like Peter, said: "We knew Him not", and they followed the War crowd to Calvary. They sold War bonds. They gave blood to the blood banks. They gave to the Red Cross..... anything and everything to ease their consciences.

Just like the Roman soldiers, they, at the command of the Sanhedrin, Crucified Him.

Christianity has been prostituted. When they talk of a "new religion" the only religion worthy of a child of God is the return to the pure redigion of Jesus Christ. But it is a stalwart religion. It takes more backbone than men have. Have you heard one man with courage enough to throw off his little rags of self-justification and not say "We had to lick Hitler?" The Sanhedrin told us Hitler must be destroyed. Now he is gone; Who will be the next goat?

The most glaring example of betrayal in our times is the Christian Science church, the most condemnable of all churches, for while they profess to discount matter, yet they joined the War-monger and said: "We must fight for right". We must join England and fight Germany." The two countries had "War." Call it "measles" or "cancer" they made it a reality and right there they violated the foundation of Mrs. Eddy's teaching. Utterly disregarding her injunction, "Follow me only as long as I follow Christ" than had Christ's\_ commands, augmented by their leader's: "War is not in the domain of good.War weakens power and must nally fall, pierced by its own sw ord." Also, "I am absolutely and religiously opposed to War, whereas I do believe in full efficacy of divine love to concilate by arbitration all quarrels between nations and people.

Jesus Christ said: Fear not them which kill the body, but rather fear him which is able to destroy both soul and body in hell."

We're wondering about the message in Mrs. Prentiss' letter. Slavery need not touch the soul of the slave, but owning a slave does destroy the soul of the owner. Our country gave into slavery, prisoners of War, fellow Christians. We have degraded ourselves -we own slaves. That we have loaned them to England, France and Russia merely accents our hypocrisy and degradation: Our betrayal.

Judge not leaders by their followers -the finest structure ean be ruined from within.

## "Is Freemasonry World Jewry?"

"A HISTORY OF THE YORK AND SCOTTISH RITES OF FREEMASONRY"

By Henry Ridgely Evans, Litt. D. (Inspector General Honorary of the Ancient and Accepted Scottish Rite of Freemasonry for the Southern Jurisdiction of the United States. Washington, D. C., The Masonic Service Association of The United States, (1924).

On May 31, 1801, there was organized in the old Colonial City of Charleston, S. C., by Colonel John Mitchell and Dr. Frederick Dalcho, two eminent Freemasons who had served in the Revolutionary War, the "Supreme Council of Sovereign Grand Inspectors General of the Thirty-third Degree for the United States of America." There was no fanfaronade of trumpets to celebrate this event, but it nevertheless marked an epoch in the history of Freesprang phoenixtime mom time asnes of many old and burnt-out Masonic systems, a new and vigorous Order - the Ancient and Accepted Scottish Rite - that was destined to play a significant role on the world's stage.

The Scottish Rite of Freemasonry has a most interesting history. In its development it has been allied, more or less, with the Jacobite movement in Scotland and England, with the Cabalistic and Rosicrucian societies of Europe, and with much that is fascinating and romantic in the history of France. It is an evolution from the Scottish or Templar Masonry of the eighteenth century, and to tell its story properly one must go back to a period antedating the birth of the Rite at Charleston, in 1801. P42.

"One chief idea," says Gould, "runs through all these Scots degrees—the discovery in a vault by Scottish Crusaders of the long lost and ineffable word; also, that in this search they had to work with the sword in one hand and the trowel in the other. The epoch referred to is, however, that of the Crusades, not that of Zerubbabel's (or the second) Temple." Gould's History of Freemasonry. Philadelphia (c. 1898)., Vol. 3, p. 346.) The Scots

Master claimed to be superior to the Master Mason, "to be possessed of the true history, secret and design of Freemasonry." The Scots lodge eventually usurped the prerogatives of a Grand Lodge and issued warrants of constitution. Very carly in France, some of the Scots lodges fabricated degrees that connected Masonry with the Knights Templars. In 1741, the Masons of Lyons evolved the Kadosh degree, which represents the vengence of the Templars. P47-48, ("Kadosh, the Holy One" from "The Legends of the Jews" by Louis Ginzberg, Page 6, Vol. I. Published by The Jewish Pub. Society, Philadelphia, Pa., 1913.)

In 1754 there was organized at Paris, by the Chevalier dc Bonneville, the celebrated Chapter of Clermont. This system of Masonry was called the Rite of Perfection, or Rite of Heredom.

The Rite of Perfection, or Heredom, consisted of twenty-five degrees as follows: (1) Apprentice; (2) Fellow Craft; (3) Master; (4) Secret Master; (5) Perfect Master; (6) Intimate Secretary; (7) Intendent of the Building; (8) Provost and Judge; (9) Elect of the Nine; (10) Elect of Fifteen; (11) Illustrious Elect, Chief of the Twelve Tribes; (12) Grand Master Architect; (13) Royal Arch; (14) Grand Elect Ancient Perfect Master; (15) Knight of the Sword; (16) Prince of Jerusalem; (17) Knight of the East and West; (18) Rose Croix; (19) Grand Pontiff; (20) Grand Patriarch; (21) Grand Master of the Key of Masonry; (22) Prince of Libanus; (23) Sovereign Prince Adept; (24) Illustrious Knight Commander of the Black and White Eagle; (25) Most Illustrious Sovereign Prince of Masonry, Grand Knight Sublime Commander of the Royal Secret.

"Most of these degrees," says Enoch T. Carson, "possibly all of them, had been floating about in France, detached from each other for many years before. The Chevalier de Bonneville simply arranged and grouped them together." The names of these degrees, for the most part, are familiar to Scottish Rite Masons of today. In fact, the Rite of Perfection was the fountain head of our present Scottish Rite system. The Rite of Perfection was originally known as the Ancient and Accepted Rite, and when it was eventually absorbed in a still higher body, it became the "Ancient and Accepted Scottish Rite of Freemasonry." The assumption of the name "Scottish" was in deference to legends that connected the Rite with Scotland.

With the passing of the Chapter of Clermont in Paris, after four years of activity, the Rite of Perfection in France went out of existence for a time, but it was revived in 1758 or 1759, in Paris, by a new body calling itself the Council of Emperors of the East and West. A rival body to this Council was organized in Paris, on July 22, 1762; it took the name of the Council of Knights of the East. In 1781 both of these organizations became incorporated with the Grand Orient of France, which "held the Rite of Perfection within itself."

In the year 1762, the Council of the Emperors of the East and West and the Council of Princes of the Royal Secret of Bordeaux, meeting at Bordeaux, adopted the Grand Constitutions, in thirty-five articles. They are known in Masonry as the Grand Constitutions of 1762, and form one of the pillars of our modern Scottish Rite system.

"On the 25th of October (1762), the Grand Masonic Constitution were finally ratified in Berlin, a proclaimed for the government of all Lodges of Sublime and Perfect Masons, Chapters, Councils, Colleges and Consistories of the Royal and Military art of Freemasonry, over the surface of the two hemispheres. There are Secret Constitutions, which have existed from time immemorial, and are alluded to, in these instruments."

The Grand Constitution of 1762 declare that the Rite of Perfection or Heredom consists of twenty-five degrees divided into seven classes.

On August 27, 1761, the Council of the Emperors of the East and West granted a patent to Stephen Morin empowering him to introduce the higher degrees into the West Indies and America, and to appoint Inspectors General of the Rite of Perfection. Morin, who was an Inspector and a Sovereign Prince Mason (then the twenty-fifth, now the thirty-second degree), was about to sail for America. His patent was signed by the chiefs of the Council of Emperors of the East and West and by officers of the National Grand Lodge who were members of the Council of Emperors. Says Albert Pike (A Historical Inquiry in regard to the Grand Constitutions of

1786, p. 176): "The authority to Morin was, it seems, a joint authority given by both bodies . . . : the Grand Lodge giving him power to establish a symbolic, and making him a kind of Deputy Grand Master for America, and the Grand Council giving him power to confer the higher degrees, and the rank of Inspector over all bodics of those degrees, with power of substitution." There was attached to his patent, or was sent to him soon after his appointment, a copy of the Constitutions of 1762, as they were drawn up by the Council of the Emperors of the East and West, etc. p. 53.

Stephen Morin never set foot on the mainland of the American Continent. At a date prior to 1767, he appointed Henry Andrew Fraucken, a Deputy Inspector General, with power to establish the Rite in the American colonies. Franchen came to New York in 1767, and organized a Lodge of Perfection at Albany, sometime between the years 1767 and 1770, Francken commissioned Moses M. Hayes, of Massachusetts, a Deputy Inspector General and he in turn commissioned Isaac Do Costa, who in 1783, established a Sublime Grand Lodge of Perfection ln Charleston, S. C. On February 20, 1788, a Grand Council of Princes of Jerusalem was founded in Charleston, S. C., by Joseph Mycrs, Deputy Inspector holding his authority from Moses M. Hayes. "This," declares Carson, "was the first and only Council of Princes of Jerusalem as a distinct and separate body, organized in this country before the organization of the Supreme Council in Charleston, 1801."

All the Deputy Grand Inspectors General met in Sublime Council in Philadelphia in 1794 and commissloned Moses Cohen as Deputy, and he commissioned Hyman Isaac Long in 1795.

A sublime Grand Council of Princes of the Royal Secret was organized in Charleston, S. C., on January 13, 1797, by Jean Baptiste Marie de la Hogue, and others, under authority given to them by Hyman Isaac Long, as Deputy Gand Inspector, acting for the Princes of Masonry at Kingston. "This," says Carson, "was approved by the Grand Council of Sublime Princes of the Royal Secret at Kingston, Jamaica, August 10, 1797, and was the first Consistory S.P.R.S. 25d), organized in this country." (Gould's History

of Freemasonry, p. 633.)

We now reach the Grand Climax of the Rite of Perfection in this country, when like a serpent—ancient symbol of wisdom and eternity it was to slough its skin and appear in newer and more brilliant colors.

It began in this wise: In 1781, at Charleston, S. C., Moses M. Hayes made Barend M. Spitzer, of Georgia, a Deputy Grand Inspector General of the Rite of Perfection, and on April 2, 1795, Spitzer granted to John Mitchell "a patent raising him to the degree of K.H., and further to the highest degree in Masonry, and creating him Deputy Grand Inspector General.

On May 25, 1801, Inspector General Mitchell granted a patent to Frederick Dalcho, certifying him to be a K.H. and Prince of the Royal Secret, and creating him a Deputy Grand Inspector General. And, then, suddenly there sprang into being at Charleston, S. C., on May 31, 1801, the Supreme Council of the Thirtythird Degree for the United States of America.

"This Supreme Council," remarks Richardson, "came without a herald, and was to all appearances fully matured and developed in its very beginning." It was opened with the high honors of Masonry by Bros. John Mitchell and Frederick Dalcho. Sovereign Grand Inspectors General. In the course of the year, the whole number (nine) of Grand Inspectors General was completed, agrecably to the Grand Constitu-The Supreme Council, on tions. December 4, 1802, Issued a Circular announcing the formation of the new body, and setting forth its origin and history. It recognized the Grand Constitutions of 1762, p.57.

The first Register of the Supreme Council of 1802 lists the officers and members as follows: Col. John Mitchell, Sovereign Grand Commander: Dr. Frederick Dalcho, Lieut. Grand Commander, Emanuel de la Motta, Treas. Gen. of the Holy Empire; Major T. B. Bowen, Grand Master of Ceremonies; and Israel de Lieben, Dr. Isaac Auld, Moses C. Levi and Dr. James Moultrie, as Sovereign Grand Inspectors General. The fact must be noted that the two bodies of Sublime Masonry founded in this country, the one at Albany, N. Y., in 1767, and the other at Philadelphia, Pa., in 1781, recognized a Grand Council at Berlin, with Frederick of Prussia at its head, as the governing body of all

Sublime Freemasonry in "both hemispheres."

In the year 1813 Emanuel de la Motta, Sovereign Grand Inspector General .of. the .Mother .Supreme Council at Charleston, came to New York invested with full authority to establish a Supreme Council. p63. Finally, in 1868, the Raymond Hayes and the Van Rensselaer bodies came together, in what has been called the Union, and were asknowleded by the Mother Supreme Council at Charleston, as the only legitimate Supreme' Council in the Northern Masonic Jurisdiction. Josiah H. Drummond, of Maine, was elected Sovercign Grand Commander, and the Grand Orient was established at Boston, with executive offices in New York City, P65.

After what has been said about spurious Rites of Freemasonry, it behooves the aspirant for the Scottish Rite degrees to remember that there are in the United States but two regular and legitimate Scottish Rite Bodies, viz.:

1. The Supreme Council (Mother Council of the World of the Inspectors General, Knights Commander of the House of the Temple of Solomon) of the Thirty-third and Last Degree of the Ancient and Accepted Scottish Rite of Freemasonry for the Southern Jurisdiction of the United States of America, whose "Sce" is at Charleston, S. C., but whose executive offices are located at Washington, D. C. P65. As regards the Army and Navy of the United States, the Southern Supreme Council has jurisdiction conjointly with Northern Supreme Council.

2. The Supreme Council of Sovereign Grand Inspectors General of the Thirty-third and Last Degree of the Ancient and Accepted Scottish Rite of Freemasonry for the Northern Masonic Jurisdiction of the United States of America, whose "Orient" is at Boston, Mass., but whose administrative offices are in New York City. P66.

The Northern and Southern Supreme Councils are in relations of amity and fraternal correspondence with the following foreign Masonic powers:

The Supreme Councils of the Argentine Republic; Belgium; Brazil; Canada, Central America, Chile, United States of Columbia, Colon (Cuba); Czecho-Slovakia, Dominican Republic, Equador, Egypt, England and Wales; France and its dependencies; Greece, Ireland, Italy, Mexico,

Netherlands, Pana, raguay, Peru, Poland, Portugal, Romania, Scotland, Servia, Croatia and Slovenia; Switzerland, Turkey, Uruguay, Venezuela, and the Grand Lodges of Denmark, Norway and Sweden, P67.

The Supreme Council is the governing body of the Scottish Rite. It enacts all laws and statutes for the government of the various divisions of the Rite, and confers the 33d degree, Sovereign Grand Inspector General. P68.

It will be seen from the foregoing that a Supreme Council is a sclf-perpetuating body, which alone has power to determine who shall sit in the grand areopagus. Official positions in the Southern Supreme Council are for life. Inthe Northern Supreme Council, however, clections are held every three years, but as deposals are seldom made, one may say that the officers in this jurisdiction hold their places ad vitam. p. 70.

In the Southern Jurisdiction the degrees constitute a study in comparative religions. Many of them are tinetured with the doctrine of the Cabala (The Cabala is of Jewish origin and represents the theosophy of that great race of think. ers. "It combines,". says .Joseph Jacobs, in his Jewish Contributions Civilization, "in itself all the mystic elements of the cultures through which Judaism has passed -the eestasies of the Bible theophanes, the Neo-Platonism of Alexandria, and the Sufism of the Arabs." The word Cabala means to receive; it is a mystical and religious doctrine handed down by oral transmission or tradition. It has been described as a system of cosmogony illustrating the nexus between God and man; a system based to a large extent on numbers like the Pythagorean philosophy; a subtle metaphysics that treats of the nature of God and His emanations veiled in symbols.) and the Hermetic and Rosicrucian teachings, which make them of peculiar interest to students of the occult.

It was owing to the genius of General Albert Pike, who was a deep student of the Cabala and a philosopher of no mean pretensions, that the rituals of the Southern Jurisdiction owe their deeply philosophical and mystical significance. He was the reviser and transformer of the old French rituals, which came to him in almost skeleton shape. He clothed them, prepared lectures for

them, and in many instances e. ely rewrote them. Albert Pike, soldier, jurist, philosopher and Freemason, was Sovereign Grand Commander of the Southern Jurisdiction from January 2, 1859, until his death, April 22, 1891. p. 79.

brought to the Western Hemisphere by Etienne Morin. Most authorities tell us he was a Jew; . . . Morin Deputized Henry Andrew Francken. a Protestant. Francken founded the first body of the Rite upon the continent of America in Albany, N.Y., in 1767.

"In 1783 before there was such a thing as the Supreme Council of the Scottish Rite, Francken fortunately prepared, in his own handwriting, a register in which he inscribed the ritual of all the degrees of the Rite of perfection from the fourth to the twenty-fifth inclusive. This Rite of perfection was a progenitor of the Ancient and ACCEPTED Scottish Rite. By great good fortune, that register is now in our Archives, and

there is no question of it's authenticity. In the rituals of these degrees, there is not a word or sentiment which departs from that basic ptinciple of symbolic freemasonry which has just been discussed. Each degree, including the eighteenth. could be taken by a JEW, MOHAM-MEDAN, BUDDIST, CHRISTIAN, or any other Monotheist without offense, mental reservation, or equivocation. Page 274 of this register contains "Form of the obligation taken by Israelites in all the degrees from the fiftenth" Francken expressly states that the 18th contained no obligation.

Francken deputized Moses Michael Hays, a Jew.

"Hays deputized Barend Moses Spitzer, also a Jew. Spitzer deputized John Mitchell, a Protestant. Dalcho, the original Lieut. Grand Commander of the Southern Supreme Council, became Sov. Grand Commander in 1816. He was then a Deacon, and in 1818 became a Priest in the Episcopal Church.

"Mitchell and Dalcho, with their associates, in 1801, Crystalized the Ancient and Accepted Scottish Rite by organizing in that year and the next, the oldest Supreme Council in the world, now the Southern Jurisdiction of the United States. Of the Eleven founders of that Supreme Council, in 1801 and 1802, three were Jews and eight were Christians. Three of the latter were Roman Catholics. One of the Jews was the Treasurer General Emanuel de la Motta.

"De La Motta, in 1813, founded the Northern Supreme Council. Its Soverign Grand Commander was Tompkins, a Christian. Its Lieut. Grand Commander was Sampson Simson, an orthodox Jew. Simson became Sov. Grand Commander in 1825 and was succeeded by Gourgas

## Struggles To Come

"Would you fain do something to relieve distress, to eradicate ignorance, to extirpate vice? You must turn to political economy to know their causes, that you may lay the axe to the root of the evil tree. Else all your efforts will be in vain. Philanthropy, unguided by an intelligent apprehension of causes, may palliate or it may intensify, but it cannot cure. If charity could eradicate want, if preaching could make moral, if printing books and building schools could destroy ignorance, none of these things would be known today.

"And there is the greater need that you make yourselves acquainted with the principles of political economy from the fact that, in the immediate future, questions which come within its province must assume a greater and greater importance. To act intelligently in the struggle in which you must take part—for positively or negatively each of you must carry his weight—you must know something of this science.

"The ideas that there is a necessary conflict between capital and labor, that machinery is an evil, that competition must be restrained and interest abolished, that wealth may be created by the issue of money, that it is the duty of government to furnish capital or to furnish work, are rapidly making way among the great body of the people, who keenly feel a hurt and are sharply conscious of a wrong.. Such ideas, which bring great masses of men, the repositories of ultimate political power, under the leadership of charlatans and demagogues are fraught with dan-

#### - Economics Alone Can Give the Answer

Political economy alone can give the answer. And, if you trace out, in the way I have tried to outline, the laws of the production and exchange of wealth, you will see the causes of social weakness and disease in enactments which selfishness has imposed on ignorance, and in maladjustments entirely within our own control.

"And you will see the remedies. Not in wild dreams of red destruction nor weak projects for putting men in leading strings to a brainless abstraction called the state, but in simple means sanctioned by justice. You will see in light the great remedy, in freedom the great solvent. You will see that the true law of social life is the law of love, the law of liberty, that the golden rule of morals is also the golden rule of morals is also the golden rule of the science of wealth; that the highest expressions of religious truth include the widest generalizations of political economy . . .

"If you have ever felt that the only thing apparent in the ordering of the world was a blind and merciless fate careless of man's aspirations and heedless of his sufferings, these thoughts will pass from you as you see how much of all that is bad and all that is perplexing in our social conditions grows simply from our ignorance of law—as you come to realize how much better and happier men might make the life of man."

Henry George

## Government by Treason

Constant readers of Women's Voice know that we have often stated, quite openly, that many of the acts of recent years have been treasonable to this Republic. Now a book has been published called just that, "Government by Treason."

The text of the book lives up to its title. In plain, simple direct language the treachery of Bretton Woods is exposed, the fraud of the British "loan" and the give-away of countless billions of our wealth.

T Jook is startling in its clarity and packed with two-fisted punch.

We have read ponderous tomes on the history of our money, its uses and the coinage thereof. Here, with brilliant simplicity, stands forth the fraud, by which a few private individuals cause our money to be manufactured out of nothing. The prime moves behind the scheme of Bretten Woods are shown. How the Treasury of the United States has just decreed that our own Government deposits can now be "secured" by the paper of a phantom bank.

This book clearly has a purpose. Ail our readers know how hard it has been to convince people that a deeplain plan has been in operation to take this nation over. Here is the information these people need. It will make thousands of converts to the cause of America . . . and converts are what we need. All of us know we have been far too few, for too long.

GOVERNMENT BY TREASON is much more than a simple expose. Its last chapter deals broadly with the outline of a plan of action to overthrow the tyranny of a world super-state. Its positive approach may well signal the turning of the tide.

We strongly recommend purchase of this book — not for yourselves alone, but to help make others see the need for joining in our work. Price \$1.00. Send your order and remittance to WOMEN'S VOICE.

Jews are now entering the U. S. at the rate of 1500 per day. This includes a conservative estimate of the combined legal (?) and illegal entries. And yet, when a few hundred American boys want to bring their German girls and wives into the U.S., they must take this into such strenuous consideration and look up their family tree or the family background. I was listening to the radio today when a news commentator announced all the resentments that came in objecting to the German girls entering the U. S. But sum it all up—they are fixed resentments. Judging from the names, the people who objected, were all Jews. There were about eight persons who objected and their names were read over the air. Editor Women's 'Voice :

My mother sent me your booklet ANTI-GENTILISM which was read with keen interest and profit. The G. I.'s being called therein Gentile Idiots was revealing to me. I was a Captain in the army and on picking up the publication of the Jewish Brigade I learned that for them VE day stood for Victoria Ebraioa and VJ day meant Victoria Judaica, both Latin expressions meaning JEWISH VISTORY. Indirectly they admit thereby, what has so long been known to a few courageous Americans who have suffered for their stand, that this Global War was a Jewish war, or, more implicitally a war for the Jewish race. When I made this observation to a Jewish officer he was insolent enough to direct my attention to the Star of David on my officer's cap, remarking: "Certainly you fight for the Jews. Look at the cap of every American officer. It bears the Jewish Star of David." This remark becomes more interesting in connection with the explanation of the Jewish symbols on the American dollar bill which was so accurately stated in your Anti-Gentilism pamphlet.

In a real democracy people should, by a referendum, decide if they wish to sacrifice their lives or not. Then the wily politicians would be unable to deceive us any more with their Jewish hocus-pocus.

The October 14th, 1946, issue of Life magazine, page 12, showed President Truman with a shriner fez on his head and stated that he is a 33rd degree Mason. On page 13, it stated: "Truman Seldom Poses in Organizational Costumes Because They Make Him Look Silly." Life's statement is correct. Truman, the President of a Gentile nation looks silly in the adornment of the JEW-ISH organization, namely, the Freemasons, He looks like an errand boy for the Jews. But still sillier would it look for American Gentiles to vote for such a marionette of the Ex-Army Capt.

1787 W. 3rd St., Brooklyn 23 N.Y. Dear Editor: Jan. 25, 1947
I am enclosing herewith my check for \$2.00, for subscription for one year, to be sent to —————.

This lady is a former subscriber, but she called in to see me a few nights ago and told me that her subescription expired, and she borrowed my last issue to read it.

By the way, I want to tell you that I was greatly interested in your last number, especially in your editorial write-up on the front page, first column about how the Jews got us-so to speak-going and acoming: It was splendid, informative and I believe every word of it. However, as a Catholic, you referred to one thing I did not know (see second column, top of second page) and that is the FDR stated in 1938 that "He holds the Pope of Rome in the hollow of his hand," and that "the Pope is a Jew," and I would greatly appreciate if you will furnish me with a short verification on those two points. I was certainly mighty glad that you wound up the paragraph with the words, "Who silenced Father Coughlin, and Why?" Archbishop Mooncy, who silenced Father Coughlin, knows the reason why, but he will never tell, neither will any other member of the Hierarchy who gave their silent approval (or benediction) to the silencing do it either; in the first place because they cannot give any valid reason, and of course it would look rather bad for them if they mentioned the nature and character of the subversive force at whose behest the act was brought about, but you did that clearly and definitely enough in the editorial mentioned to suit me-the Jewish element did it. A neighbor of mine (Mrs. Peters), one of your subscribers, called in to see me last night, and brought the copy of Voice with her, and asked me if I read it; and of course I told her I had. She was extremely delighted with it, and said that she was to write you to send her a few copies to pass around. Daniel Downing

## Too Daring for 1937 — PUBLISHED AT LAST!

after nine years -

"Anthem" was too shocking a story when Ayn Rand first wrote it in 1937. United States publishers turned it down, although a few copies were printed in England. Like other great works, it did not die. Its fame spread slowly—but it spread!

AYN RAND'S brilliant success with "The Fountainhead"—for three successive years a better best-seller—renewed interest in "Anthem." Now it is available in America for the first time.

"Anthem" presents the end of the collectivistic road—not in terms of theory, but in the story of the lives of human beings. It shows where some of to-day's trends are leading us. You might want to say that such things can't happen—and yet—Read "Anthem" for yourself. It will be an experience you will not forget. It will have a profound influence on you, on your friends, on America. Be among the first to discover it. Send for it now!

HINCKLEY, ILLINOIS

The New York Times Magazine of February 2nd, 1947, published an article by H. E. Salisbury, foreign news editor of the United Press and formerly manager of the United Press Bureau in Moscow, entitled "The Fourteen Men Who Run Russia." the our above headline chosen for this tract would have been far more appropriate. In describing who is the most powerful man in Russia, the Jew Lazar M. Kaganovich, he states: "His sister Rosa is Stalin's third wife, which makes him the Generalissimo's brother - in - law. This is one of the best known unpublished secrets of Moscow. The couple apparently were married some time after the death of Stalin's beloved second wife, but have never been seen publicly."

There is, of eourse, a good reason why this secret never was published and why the couple is never seen together in Moscow. Too many people know the Bible story of Esther who was 2500 years ago the most powerful woman of her time. The book of Esther in the Bible relates on about 7 pages, the 10 minutes perusal of which is indeed time well spent, how this Jewess wormed herself into the heart of the Persian King Ahasuerus, and then with the scheming and machinations of her cousin and foster-father Mordecai, became the queen. Through her connivance Haman, the prime minister of the king, was killed together with his innocent sons.

During the war the Jewish papers frequently compared Haman with Hitler, because already at that time he was ready at the request of his people who were brutally exploited by the Jews, to rid the kingdom of Persia of all the Jews. Mordocai, the fanatie Jew, then succeeded Haman as prime minister and Esther obtained the king's permission for the Jews to destroy all their enemies, whereupon through her efforts 75,000 Gentiles were slaughtered in the most brutal manner. Still not satisfied Esther insisted that Haman's 10 innocent boys be hanged on the gallows. Chapter 9, verse 16 of the book of Esther reads: "... and slew of their foes (read Gentiles) seventy and five thousand . . . " In the same chapter, 9, verse 1, you read:" . . . that the Jews had rule over them (the Gentiles) that hated

We read further in the same chapter, verse 3: "And all the rulers of the provinces, and the lieutenants, and the deputies, and officers of the king, helped the Jews; because the fear of Mordocai fell upon them." Just like our Gentile stooges and high Freemasons are helping them in Washington today. We see the Vandenburg, Masonic Senator formerly an isolationist in his conviction, all of a sudden converted to Internationalism, or Senator Taft with a Jewish secretary. He is the son of a former President who turned traitor to his country, when in 1912 the Investigating Committee of the Money Trust was about to expose the system in its most secret schemes which could not have failed to wipe it out of existence. "In September 1912the committee asked the Comptroller of Currency to supply certain data concerning the business and practices of the larger national banks controlled by the Money Trust group.

Then they were about to reach the "lion in his den," . . the Comptroller referred the reguest to the President for instructions, in compliance with an executive order . . . which order prohibited any head of department from furnishing any information without permission of the President. When the point was reached where he would have been given the most startling facts possible, and a basis laid for forever ending the rule of the Money Trust at this most important point, President Taft rendered his decision declining to allow the Comptroller to furnish the information, That left the Money Trust free to continue with its plans to further exploit us, and it has put in its most colossal "Licks" during the war." (1st World War). See "Your Country at War" by Charles A. Lindbergh, Sr., p. 89-91. What "licks" did they harvest during this last war? Did President Taft act thus, "because the fear of Mordocai (then our Louis Brandeis) fell upon him?" As to his son: the apple does not fall far from the tree.

To this day the Jews are annually commemorating the brutal butchering of 75,000 Gentiles (who objected to their continuous Jewish exploitation) at their feast of Purim which is not a religious holiday but a purely nationalistic racial celebration, of which the Enclopedia Britannica 1942 under "Esther" has this

to say: "There are two very con conspicuous blemishes: the lack of any religious element and the apparent delight in the wholesale slaughter of Gentiles." If the United Nations Assembly accepted the newly coincd term "Genecide," denoting the killing of members of the Jewish race by Gentiles, the antithetical term Gentilecide, denoting the killing of the Gentiles by members of the Jewish race is certainly more applicable in our present days.

Behind the "Iron Curtain" which the Jewish rulers of Communism have erected in order to conceal the wholesale murder of Gentiles in Russia, Finland, Hungary, Yugeslavia, Bulgaria , every day thousands of Gentiles are killed by order of the Jewish lcaders, headed by Rosa Stalin who seems to be the modern Esther, while her brother, Lazar M. Kaganovich occupies the identical powerful role of the former Mordecai. His chief executive in Foreign Affairs is V. M. Molotov married a Jewess nee Karn just as in the U.S. A. Cordell Hull was appointed Secretary of State for hand. ling our Foreign Affairs with expert efficiency right before and during the war, whose wife also "happened" to ... be a Jewess with the most important international financial connections.

Esther in her day was able to have 75,000 Gentiles butchered, Rosa may easily attain the liquidation of 1000 times as many or 75 million Gentiles in our day, since her "Ahasuerus" Stalin is at least 1000 times morc powerful than his predecessor of 2500 years ago. Conservative estimates figure that since World War II about 42 million Gentiles have been disposed of already, either by direct murder or by organized starvation in 'Russia, Poland, Eastern Germany, Hungary, etc., wherever the real rulers are the Jewish dictators of Communism. In Rumania the Jewess Pauker is dictating Communism, while in Hungary the Jew Oesterreicher rules and in Poland the entireGovernment is Jewish. proves that Communism is a Jewish scheme to exterminate the cultured Gentiles and to enclave the rest of them.

The Jewish dream of world domination becomes more and more a reality, as the fruit of the innate Jewish Anti-Gentilism, plainly outlined in the Bible under Deutemon-

Section 1

omy, Chapter 7, verse 16-18: "And thou shall consume all the people which the Lord thy God shall dcliver thee; thine eye shall have no pity on them, neither shalt thou serve their gods; for that will be a snare into thee. . . . If thou shalt say into thine heart, these nations are more than I; how can I DISPOSSESS them?-Thou shalt not be afraid of them; but shalt well remember what the Lord thy God did unto Pharaoh. and unto all Egypt."

Webster's dictionary defines the word "consume" as "to destroy by separating the component parts."

Is Rosa Stalin as the modern Esther representing World Jewry as the real ruler behind the throne who will never rest until all the remaining Gentiles have become slaves of the Jews? Nearly all Europe, inluding France and England, is now under Jewish domination. In America it becomes more visible every day in spite of the Jewish conspiracy of silence, and everybody who is not smitten with blindness, can see the handwriting on the wall. The strongest tree appearing outwardly healthy must inevitably collapse, if the parasitic wood-borer is left undisturbed to do his evil hidden work. When will the Gentiles begin to see the terrible fate awaiting them, far more serious than the damages suffered during the last war? The Chicago Jewish Sentinel wrote on October 8th, 1942: "The second World War is being fought for the defense of the fundamentals of Judaism." No wonder, the Jews call to the G. I.'s Gentiles Idiots because they actually put the Jews in the saddle to run the world. All we need is Lilienthal, Strauss, Bacher and Co. in control of the Gentile invented Atom Bomb. Ex-G I

From "The Landmarks of Freemasonry" by Silas H. Shepard. Book One, Washington, D.C. The Masonic Service Association of the United States, 1924, p. 20: "but with respect to Brothers or Fellows at Law, the master and Brethren should kindly offer their mediation, which aught to be thankfully submitted to by the contending Brethren; and if that submission is impracticable, they must, however, carry on their process, or lawsuit without Wrath and Rancor (not in the common way) saying or doing nothing which may hinder Brotherly Love, and good

offices to be renewed and continued; that all may see the benign influence of Masonry, as all true Masons have done from the beginning of the world, and will do to the end of Amen, so mote it be.

### PRISONERS OF WAR ASSISANCE SOCIEY—1947

(Supporters include His Eminence Cardinal Von Preysing, Bishop of Berlin, His Grace The Archbishop of Cardiff and R. R. Stokes, M.P.)

In wishing all our old friends a happy and blessed New Year and in welcoming new friends, we would beg to remind you that although our petition and public opinion has obtained so many privileges for the P.O.W.'s in this country, our work has only just begun. Many men still suffer captivity in other countries, many repatriated men with their families are living in unimaginably dreadful circumstances and may here implore us to help those families from whom they may still be parted a long time.

If you have not an individual family in Europe in whom you are interested will you take one of those on our lists or help us with some of our most pressing needs-men's clothing, wool for making garments. rationed or pointed goods for food parcels or the means to cover expenses, one family alone may cost us nearly100 pounds if it is to be adequately assisted. Names of individual cases which have been visited by our representative or otherwise personally contacted can be given if desired. We are shortly sending out parcels with our own official labels and all who help through us can be certain that the help they give goes to genuine needy cases directly connected with P.O.W.'s.

P.O.W.A.S. is the "Trade Union" for all who wish to help these unhappy men and to build up a Society of reconciliation and friendship. It binds you together, gives you moral support in the Cause for which you are working, advises and helps you in all P.O.W. problems and gives you assistance in your work if you nced it. It unites all interested in such work in a solidarity with each other and with the P.O.W.'s and their people.

Although the only Catholic organization working exclusively for P. O.W.'s and their interests, it both helps and is open to help from noncatholics or all who wish to be united in a good work.

Whilst entirely free as individuals to hold any opinions one may please, the society as such is entirely nonpolitical and non-partisan.

With our most heartfelt thanks and those of the prisoners of war who all over the world have been helped by this work.

You are doing a great work in telling the people where the trouble is. The Bible says, "He that knoweth to do good and doeth it not, to him it is Sin." Congress knows but will not aet. They are surrounded by Jews and seem to like it.

I received your sample copy of "Women's Voice," the issue of Nov. 28th. It looks very good to me. According to my estimation, you were hiding your light under a bushel. I did not know of your existence un-. til I received your free copy. Please. send me a copy of your September issue, if possible. I should like to look it over and send my subscription in January. Thank you very much.

## GUJ IS CALLING

This Nation is in need of a Chief Executive of the Andrew Jackson type, one who could not be controlled by any combination of men. A man intensely American, who is fearless, as well as honourable. No time server, who would sacrifice principle for power. Regardless of party can such a man be chosen for president in 1948? The principles upon which this Government was founded have become almost extinct. We have been drifting like all former civilizations, who drifted until finally destroyed. Franklin named the problem in his day. Washington directed them in his farewell address. Jefferson instructed them to uphold a just Government. Monroe declared for Western Hemisphere independence. Lincoln prophesized the great danger of centralized wealth. We are now drifting toward extinction, unless a real American is elected in 1948. The politicians have sold the people out. GOD alone can save us.

## LINCOLN

The gentlest memory of our world, Lincoln the Great, Whose mind could sense the future, how to regulate. Like some tall demi-god, whose power of vision, Would prepare his people for that vital decision, Which forever relieves them from grief and derision, Wealth's concentration unknown distress must create, 'Till disruption will surely capture the state. Opportunity to toil for loved ones and friend Which monopolies power prevents with out end, More bitter than battle and sacrifice of life Made forever to control land, the source of all strife. This prophetic prediction must come in the end If God's bounty be stolen the penalty he'll send The land for the people receives our Amen.

#### Who Are The Ignorant?

I was talking to a group of Mexican businessmen the other day. The subject of the conversation was the general sad state of the 'ignorant Mexican PEON'. The clincher to the conversation was a statement made by one of these men to the effect that "Our people are so ignorant that they won't EVEN ACCEPT PAPER

MONEY. They demand SILVER or GOLD."

What an indictment this concept is of the socalled education, handed out by this country. An egotistic product of Northwestern University to whom I was talking, was surprised. and bewildered when I mentioned that since the Federal Reserve System, is a group of private banks,

It has taken a tremendous amount of EDUCATION to bring the American people to the point where they are so stupified as to believe that their money is safe in the hands of proven CROOKS.

Meanwhile, the Mexican (looked down upon as ignorant, by the graduates of the ROCKEFELLER system of PUBLIC PERVERSION) who has not had his native intelligence removed by education, goes on resisting the efforts of the enslavers, and demands and gets real money in return for his labor.

All of which proves the old story "that it isn't what you don't know that will hurt you . . . It's what you know for sure, THAT AIN'T SO."

In the United States its a crime for anyone except a foreigner or Jewish banker to own any GOLD, but because of the undulled mind of the PEON, in Mexico, ANY Mexican citizen can buy, and possess any amount of GOLD.

The power behind Communism is Anti-Christ.

Communism has about completed the laking over of Europe. When Ru-. dolph Hess flew to England, Churchill and his advisers were too short-sighted to listen to his plea lo unite against Russia. The mission of Hess was lo save the German and English people from the monsier of World Communism. Ignoring Hess was the most fatal Such a step is in Stalin's program; anyone who does not realize this knows little about Communism.

England thought she wanted Germany crushed. Germany is crushed. But we now have a horrible, aggressive, man-eating Frankenstein to whom we gave the tools of war, the blood of thousands of our men and three hundred forty-one billion dollars!!

Clergymen First Persecuted.

The anti-religious fight naturally was first of all directed against the clergymen. By official papers and spokesmen they were stigmatized as themost deceitful and therefore most dangerous "enemies of the people."

The clergymen must be unmasked everywhere as exploiters of the old capitalist order," declares "Kommun-ist" in an article enlitled: "In fight against religious delusion" (August 17, 1940). The paper continues: although clergymen as "henchmen of the counter-revolution and implacable enemies of the Soviets . . . do not dare to come torth openly against the Soviet regime, they are, however, acting secretly, in-fluencing the behindhand classes of the Thus the tariff for electric current for ers and official spokesmen during the compelled to reduce the use of electric whole Soviet period. This cognizance, and surely not an increased lolerance of the communist regime towards religion and church, is in fact the reason why there have been some cases of punishment for ofiences of fellow-citizens' religious feelings in Soviet Russia. As a much more effective weapon in the fight against religion and church the Soviets have of late years had recourse to an ever Increasing economic pressure and arbitrary persecution of the church and the clergy. Therefore the same weapons were immediately made use of in Estonia, too.

## WE ARE ENCOURAGED BY WORD FROM SUBSCRIBERS

With the launching of THINK WEEKLY we, of course, expected to make some enemies. The only way one makes no enemies is by doing nothing.

We have made these enemies who would destroy us, and we expect to make more of these.

But we also have friends who will stick with us through thick and thin.

We are glad to be judged by the type of people who oppose us, for they are the ones who are working to destroy America. We will not desert our Country for their friendship and we will not write sugar-coated chit chat to appease them.

Hundreds of subscriptions from all parts of the United States bear such words as "God Bless You in Your Work."

Our list of subscribers represents people in all walks of life: Over three hundred Protestant and Catholic ministers, Union leaders, officers in Veterans organizations, business men, teachers, college students, housewives.

Subscriptions are coming in from all states and from six foreign countries and territories. But large numbers are needed to uproot this evil organization which is devouring the world.

IMPORTANTLY DANGEROUS RÉD GROUP USES GREATER FINESSE THAN OTHER VARIETIES OF TRAITORS, WORKING AMONG "INTELLECTUALS" TOWARD A WORLD GOVERNMENT

It is important to realize that there are different types of Reds in the United Stales and in the world.

- 1. The Reds who follow Communism as dictated by Stalin.
- 2. The Reds who follow the Communism of Lenin and Trotsky, but are opposed to Stalin (Trotskyites). They are against Stalin, but they are of course against gennine anti-Communists for they are not against the doctrine of Communism itself. This group publishes a paper in New York, "The Militant".
- 3. The Socialists, some of whom are former Communists. They publish an auti-Communist paper, "The New Leader", but at the same time they, too, oppose anti-Communists who are strongly national and American. They are for the United Nations, World Government, and for erasing all national lines in the world. They want to change our republican form of governinent.
- 4. Last but not least, the Fabian Reds, about whom this article is written. Their tactics are to take control of the world by trickery, propaganda

If the American form of government is destroyed, these groups will fight il out among themselves as to which group will control; just so did they do in Spain after Communism took over and wiped out the Socialists and

another tribe of Reds just a shade different. Professor Harold Laski and Frankfurter, Fabian both defend Communists. Joseph Feuntil Congress could provide.
If President Truman, in asking the

taxpayers for four hundred million dollars lo send lo Greece and Turkey, is prompled by a fear of world Communism, he will see that the Reds are really stopped here at home. But if he made that speech regarding Communists in Washington just so the U.S. would back his apparent anti-Communist plan abroad, if he now turns the enforcement of this proposed Red purge in the U. S. over to International Reds, then we may expect to see the real Communists passed up and anti-Communists jailed under the heading of subversives or native fascists.

If this latter plan is followed, we will know that President Truman unfortunately is not concerned with protecting the people of Greece and Turkey, or with protecting his own American people against the evit of Communism, but that he is thinking of the oil in Persiat . . . or, which is more plausible, he is being advised by Fabian Reds and former Rhodes scholars who wish to save the British Empire for llie Fabian Reds. The Fabians expect to unite at least the United States and Great Britain under such men as Harold Laski, who made a recent trip to see Stalin.

Apparently there are plenty of organizations for America last - where are the people courageous enough to he for America first?

> The London School of Economics is an unique institution in that it has only one department, the Department of Social Sciences. Of course, the socal sciences are quite inclusive in that they include history, philosophy, political science, economics, sociology and other similar subjects.

> Sir William Beveridge was director of the school from 1919 to 1937. The present British Prime Minister, Mr. Clement Attlee, lectured at the school for ten years, from 1913 to 1923. The school is as international as the United Nations and became, as far as the social sciences are concerned, a world finishing school. For instance, in one year, oul of 1,445 regular students, there were 94 from America and a total of 399 from overseas. That year there were 75 Chinese students. Today its alumni are to be found in important posts all over the world.

It appears that, according to leading Fabians, the impact of Fabian philosophy and influence is not limited to English-speaking nations, because an AP correspondent, from London on November 3, 1946, quoted a telegram senl to the Jubilee gathering by George Bernard Shaw. Mr. Shaw said, "The Fabian Society, having made Russia a great Fabian state, has now to make Wallace succeed Franklin Roosevelt as President of the United States."

PRIME MINISTER CLEMENT AT-TLEE. As staled before, Mr. Attlee was a lecturer at the Fabian School of Economics for ten years. Miss Wilkinson, born in 1891, joined the International Labour Party in 1912 and by 1923 was elected as a Communist to the Manchester City Council, having joined the Communist Party at its formation in 1920. In 1924 she resigned from the Communist Party but that did not in any way interfere with her activities on its behalf. Miss Wilkinson has loured the United States several times, being a favorite lecturer for the League for Industrial Democracy, which was the new name laken in 1921 by the Intercottegiate Sociatist Society, which was one of the main vehicles by which Fabianism was introduced into America.

JOHN STRACHEY. Another important speaker at the Jubitee was Mr. Strachey British Minister of Food. He holds one of the dubious distinctions of being one of the few persons lo have been barred from the United States for Communist activitles. Even his Communist supporters were not able to prevent his arrest in Gtencoe, Illinois, in 1935. His book, "The Coming Struggle for Power," was praised by Laski who termed it "An altractive and interesting exposition of the case of Com-

As for Harold J. Laski, the Webbs, Sidney Oliver. Annie Besant, and the others, they have already been discussed more or less in previous issues. Sir William Beveridge came in for attention in connection with the socalled British Beveridge Plan, which has been adopted by the English as their version of social security.

By an odd coincidence, if it he such, there is a striking similarity between the New Deat patterns outlined by the planners who engineered our own American version, by Col. E. M. House, visible in the United Nations program,

## COMMUNISM IN COLLEGES

"American Youth for Democracy?" Could any sponsor have been connected with this project and not have known what he was doing? It hardly seems possible - and if true it only serves to bring up other questions.

Yet there were those who were willing to serve as window dressing The New Leader (May 25, '46) in exposing AYD as a Communist "transmission belt" (according to the Communist Party's own admission) revealed as AYD sponsors such typical Communistfronting veterans as Edward G. Robinson, Frederic March, Danny Kaye, Robert W. Kenny, Gene Kelly, Norman Corwin, Garson Kanin and Magistrate Anna M. Kross (New York). The New Leader also mentioned the magazine "Teen Age" published by AYD, as well as its official organ of the moment — "Youth in Action."

FURTHER CONVINCING PROOF was quoted by the New Leader from instructions sent out by the Communist Party's national office as a directive to State branches, which said: "The ing other members to join Party Youth Party will become a Party with mass influence among the youth through AYD as an advance anti-Fascist youth capture youth is further implemented organization in which the Commun-by a set of FDR Clubs - which are ists play a leading role."

J. Edgar Hoover, head of the FBI, should certainly know what he is talking about and here, in part, are his words when he spoke recently before a Catholic Youth organization in New York, as reported in the Milwaukee Journal (Jan. 9, 46): "It should be ist organization in Seattle whose avowrealized that the greatest revolutionary force has been the youth of the land" and he then cited the Nazi youth movement. Continuing, he said: "In our own country and in our own time we have seen another youth movement young leader of the Seattle A.Y.D., arise. It still flourishes. I refer to that 'downtown' group, told the Post-Inarise. It still flourishes. I refer to that high sounding, idealistic title 'American telligencer yesieruay mar one high sounding, idealistic title 'American telligencer yesieruay mar one high sounding, idealistic title 'American telligencer yesieruay mar one high sounding, idealistic title 'American telligencer yesieruay mar one high sounding, idealistic title 'American telligencer yesieruay mar one high sounding, idealistic title 'American telligencer yesieruay mar one high sounding, idealistic title 'American telligencer yesieruay mar one high sounding telligencer yesieruay mar one hi the evils and the corruption of American Communism. described by Bernie Friedland (N. Y. State Youth Director for the Communist Party) in the Daily Worker (Apr. 10, '46). His article titled "Building the Party Among the Youth" credited the Youth Clubs with bringing in 447 of the 1,600 new Communist Party members just enrolled. At that time they had 45 Youth Clubs in New York alone. He described how these Youth Club members had joined picket lines — and collaborated in other ways. Hel went on to discuss AYD and explain how Communists in AYD were solicitclubs - and become Communist Party members. This modus operandi to part of this transmission belt scheme of things.

MRS. MINK DOES A JOB IN SEATTLE. The Seattle Post-Intelligencer (daily newspaper, Sep. 29, '46) carried a story which said in part: "Existence of a militant pro-Communed aim is to proselyte high school and university students in behalf of the Communist-front organization, American Youth for Democracy, was disclosed yesterday ... Mrs. Kelly Mink, there are other young Communists in

I had been snared into it as being a movement for "character building and education in the spirit of democracy and freedom. His eyes soon began to open as he saw literature praising Wm. Z. Foster (American Communist Leader) and discovered a subtle line of propahoosling "American-Soviet friendship" along with castigations of the "Byrnes-Bevin gang up against the U.S.S.R. and the democracies of Eastern Europe.'

Samuel E. Fleming, Seattle school superintendent, said that school authorities were deeply concerned, and that subversive literature had mysteriously appeared in several Seattle schools. He said that "the best way to tight this is to let the students themselves fight it." That is true if the students are given a sense of awareness so they can recognize these infiltrating organizations. It is unreasonable to expect them to do so under ordinary circumstances. Most of these Communist-front organizations are today working behind such deceptive blinds as "win the peace" (meaning to appease Rusia), "inter-racial unity", "get the boys out of Europe and Asia", promote labor's rights", and the passage of such bills as FEPC, anti-polltax, socialized medicine, and other New Deal pets.

CHICAGO AYD ACTIVE IN STIR-RING TROUBLE. Around the middle of November (1946) students at the Foreman High School in Chicago staged a sudden and mysterious strike. The Chicago Herald-American reported "Efforts of the American Youth for Democracy, a Communist-front organization with offices at 123 Madison street, to-inject itself into the Foreman High School student strike drew a sharp rebuke from Miss Catherine A. Ryan, principal. Representatives of the organization, which until 1943 was known as the Young Communist Capt. George Barnes of the police League, passed out pamphlets to-the striking students until dispersed by labor detail. The group claims 50 Foreman students as members." in Cuba jumped from 60 to 60,000 members in two years. The Communists have been making hay in Latin America — and many observers regard this as a grave development.

Typical of American Youth for Democracy activities was an "AYD Ballots for America Ball" held October 16th at the Golden Gate Ballroom in Harlem, New York City. Guests of honor were all the Communist-backed candidates in the last election - Marcantonio, Powell, Kaplan, Isaacson, Longhi, Rosenbaum, Sherbel and others. This "ball" significantly used display advertising in the Daily Worker.

YOUNG COMMUNIST REVEALS AYD AS PARTY TOOL. The Communist magazine New Masses (Nov. 12, '46) printed a letter from a young Brooklyn Communist which said in part: "What of American Youth for Democracy, a chapter of which at Brooklyn led a mass student fight to oust Gideonse as president of the school — Gideonse, a leader of the so-called Liberal Party?" The explanation of this letter is that the Communists (through AYD) were hitting at a leader of the Liberal Party, which is a group of "liberals" opposed to Stalinist Communism who split off from the American Labor Party (NY) when the Stalinists under Hillman had. grabbed control of it.

At the summer Convention of AYD held in New York, the leaders followed a straight Communist party-line program, lambasting the 79th Congress for passing "legislation on foreign polien in a 'get-tough-with-Russia' spirit." The Convention revealed AYD's purposes and character with such pronouncements as "Youth cannot" forget the Congressmen and political leaders with this reactionary record . Neither can or will youth forget the few courageous friends of labor and the people in Congress: the Peppers, Marcantonios, Delaceys, Fowells, and

World War III: if this would really put an end to Communism in the world, we would be for it. But the crusade must be led by anti-communists of long standing, not by those who helped build Communism in the United States for fourteen years and are now jumping on the bandwagon against it!!

AYD quit publishing "Spotlight" as its official organ in April, 1945, and started a new publication called "AYD IN ACTION." This magazine is edited by Aaron Weissman, Nat Pearlman, Henry Cooperstock and Sig Shlakman. The June (1945) issue carried a pic-lure on the front page showing Vin-cent Sheean (the well known writer who incidentally is mentioned ten times \[ \square in the reports of the House Committee on Un-American Activities) addressing Jake Plotnikov (at present personnel 1,400 people at a New York AYD director at Ellis Island Hospital) ask meeting and warning them that Franco is a "threat to peace and security by his mere existence." THINK WEEKLY has thoroughly investigated Bill Bishop's case. He is guilty of being an anti-Communist; that is his only crime. And for this crime he' is to be deported and killed by Stalin's agents as they are eliminating all anti-Communist leaders in Europe.

We ask our readers to pray for Bill Bishop. And if we are Americans worthy of the name we will not shrink from our duty to fight for him. Here is his story:

I'm reatty very proud of my enemies and quite willing that you judge me by what you know of them. usurp executive or judicial functions. That formula consists of four major steps or ingredients: (1) reporting anonymous slanders alleged to be from unnamed official sources, (2) attributing to some usually deslitule person a controversial quotation lifted from the speech of some prominent person who dare not be attacked directly, (3) clamoring then to have the whipping-boy detained or prosecuted under some complicated statute and preferably at some place so far from the home of the accused as to assure the absence of any local sympathy with or knowledge of the facts of the case, and, (4) claiming credit for having exposed conditions, which exist only in the hysterical sensation-obsessed minds of the witch-hunters.

By heredity, environment and experience, 1 am convinced that Angto-American concepts of social, economic, political and religious freedoms are the only practical principles, and the only ones which will attract educated people. Whatever our faults, we have th best plan and least susceptible of abuse systems and this is recognized even more by enlightened people ol totalitarian and purge-ruled countries than in lands where double-talking lobbies, factions and minorities have not been able to frustrate the idea of majority rule.

Passivism and appeasement are as foreign to our American temperament as is tolerance of marauding aggressions of foreign directed agents. For us to advertise to the world that we will not fight for the basic things we believe is not only misleading but is a downright lie, the same downright lie promoted by maudlin sentimentalists who encouraged the Italian, Japanese, and Nazi aggressions which we had to curb at a price we could have saved, had our will to resist and the the things for which we would fight been frankly stated in advance.

No one who loves liberty should have any reason to fear what Anglo-American forces intend to maintain and strive for and anyone who opposes the basic things we have fought for and fighl for again is either slill adolescent minded or else is an aggression plotter.

COMMUNIST PRESS PRAISE IS ALWAYS A TIP-OFF. AYD is one of Communist's most coddled pets. Rarely an issue of the Daily Worker appears without AYD mention. On Aug. 14, '46, it showed a picture of AYD boys and girls distributing leaflets in downtown Detroit supporting the notoriously Communist-dominated NMU's Great Lakes strike. On January 7 of this year, certain members of the AYD club at the Navy pier branch of the University of Illinois withdrew and denounced AYD as "a tool of the communist element in this nation." Mrs. Mollie Lieber, head of the Illinois AYD, admitted (according to the newspaper story) that she had been a Young Communist League orcarried a story telling about a crusade ganizer. ## What Has Happened to America?

By Merwin K. Hart, President National Economic Council, Inc.

Time was when all Americans were for America. They were as much for America as Britons have always been for Britain, or Stalin and his friends for Russia; or, for that matter, as much for America as normal people in any other country in the world have been for their country.

Nor was there anything new in this attitude. Old Nestor in Homer's 1liad

"He serves me most, who serves his country best."

Shakespeare, in Julius Caesar, has one of his characters say:

"Who is here so vile as will not love his country?"

Scott asked in The Lay of the Last Minstrel"Breathes there a man with soul so dead

Who never to himself hath said, This is my own, my native land?"

All of us Americans—down to the present generation—were brought up on some of the inspiring songs of our poets whose chiefest theme was love of country. Our blood stirred - our patriotism leapt, as we read them. Among these was Longfellow in whose Paul Revere's Ride were the words:

"And yet, through the gloom and the light

The fate of a nation was riding on that night,

And the sparks struck out by that steed in his flight,

Kindled the land into flame with its heat."

TRANSCRIPT OF ADDRESS MADE IN MEXICO SHOWS INTENTIONS OF INTERNATIONAL REDS TO CONTROL LABOR UNIONS

At a secret meeting of Communist leaders in Mexico City on May 18, 1945, an outline of the plans of the party in North and South America was given by Comrade Laf-ferte, of Chile. The text of his address was published by the Mexico City paper, "Manana". It was reprinted in two other papers in that country. Later a French translation appeared in three Canadian journals.

Excerpts from Lafferte's Speech In order not to tire my listeners, I shall report briefly on the general situation on the American continent, in England and in Russia on all matters that have any connections with the World's Communist Party.

"To be precise, I must point out that the U.S.S.R., Marshal Stalin's government, continues to remain faithful to the legitimistic orientations of which you have just heard. He continues to be absolutely faithful and Moscow's and other Marxist centers' maneuvers aimed at appeasing distrust and suspicion of capitalism need not cause us any worry. At this moment when the

HARNESSING GOD By Dr. Alfred P. Haake

(Edilor's Note: Alfred P. Haake, Ph. D., Mayor of Park Ridge, Illinois, is a noted Economist, Business Consultant, Lecturer and Author.)

One of the oldest rackets in the world is the using of the mystery and imputed authority of God for personal gain,

The ancient pagan priest who got folks to believe that he alone had access to the God and thus acquired an authority that went even beyond religious observances, literally harnessed that fear of God to enslave the multitude lo his own selfish purposes.

With the coming of the greatest Teacher of them all, there came also one of the most significant changes in the approach to God. Instead of looking upon God as someone who. was to be propitiated for the purpose of letting Himself be harnessed to human purposes, the Savior taught men that they must worship God first, serve Him, and then, even though not necessarily, the things they wanted would come.

"Seek ye first the Kingdom of God and His righteousness, and all these On May 27th, Charlie, with some things shall be added unto you," signified the proper attitude toward God. We live that we may serve Him, not

## "Bomb Russia Now"

### From Ukrainian-American News of Pennsylvania

Former Governor of Pennsylvania George H. Earle in a recent speech in Philadelphia bluntly suggested that "America should bomb Russia before she bombs us!" This remark brought n Earle headlines and paved the way for other leading Americans to suggest identical action in order to save humanity from Communist slavery.

The UANews endorses the suggestion of Earle but with the reservation that the bombs be actually dropped on Russia, and not on Ukraine!

indisputable fact. And perhaps because now repeat our previous notice for the umph of Communism in their own it was Ukraine and the Ukrainians who suffered most from the Nazi-Soviet conflict, that resulted in Russia remaining little scarred and therefore flushed with ambitions to now conquer the world.

So, if any bombs are to be dropped on Russia with the object of decimating the Red Fascists, let the bombs drop directly on the Kremlin, on Moscow, on Leningrad and in the Urals, and NOT on Kiev, Kharkiv, Lviw or Odessa! Bombs should be dropped where they will do the most good and will punish those who are responsible for the regimentation and enslavement of millions of people.

And it is the Ukrainians who were first to be forcibly 'incorporated' into the so-called Soviet Union, who were exploited the longest and who suffered most during the War and under the Moscow-directed Five-Year Plans.

Ukraine and her 40 million Ukrainlans have suffered long and much in silence. It is time for her Salvation! America can expect the cooperation of the enslaved and freedom - aspiring Ukrainians — IF America is prudent to recognize this basic fact by proclaiming in advance that when the bombs are dropped, that they will be dropped on Russia and that the Ukrainians will likewise be liberated from Soviet Slavery!

## TRUMAN TRICKEI

## Conspiracy to Silence Bishop COMMUNIST SYMPATHIZERS IN-

Pioneer Anti-Communist Among Anti-New Dealers Persecuted By Rogge Before He Was Fired.

A fearless American who refused to compromise with Communism, William Gerald Bishop opposed it in CC Camps and other agencies, where he worked. He opposed Communism and the Red New Deal on the platform at a time when this was considered a crime.

His enemies realized that Bishop was too effective with the truth — he had to be stopped; hence the war fever was used to cover up his persecution. New Deal Reds in a position to use the United States treasury to punish their enemies had Bishop arrested and beaten, put him through a long and expensive trial; the jury acquitted him. He was arrested four times, has been imprisoned for six years; and has been moved all over the U. S. to break up his efforts to be released.

O. John Rogge, the prosecutor fired lately by Attorney General Clark for persecuting innocent people, continued to hound Bishop. This same Rogge, after long hours trying to get another anti-New Dealer, Douglas M. Stewart, Editor of Scribner's Commentator, to confess, cupped his hands over his face in desperation and said: "Why can't I get confessions like they do in Russia?"

Shortly before Rogge was fired by Attorney General Clark, he returned from a four month trip to Germany, where he had caused former German officials to be imprisoned for months and threatened with death to force them to come to this country and testify against so-called seditionists (anti-New Dealers and and anti-Commun-(continued on page 2, col. 3)

FLUENCE PRESIDENT TO IG-NORE THREAT AT HOME WHILE TRYING TO HALT RED EXPAN-SION IN EUROPE.

Gullible America is being taken over again. The danger of Communism in the United States is definitely far more serious now than it was before President Truman stated the Government would eliminate the Reds. WHY? Because Truman knows nothing about Communism and has been tricked into disarming anti-Communists at a time when vigilance is necessary.

We have no evidence of real anti-Communist influence with Truman but we do know he is influenced by politicians, national and international, those whose interest in Communism would be prompted by political expediency or a desire to cause taxpayers to go along with him on a foreign problem. We expect no results from Truman's apparent move to kick the Reds out, for he has never distinguished himself as an anti-Communist; he has been tricked by his advisors, who realized that public sentiment demanded action. This is the type of man broadcast. who is granted radio time . . . and despite the fact that his sponsor, UE, is a well known Communist front. Why don't we do something about it?

"It is necessary to be able to agree to any and every sacrifice, and even — if need be — to resori to all sorts of devices, maneuvers, and illegal methods, to evasion and subterfuge, in order to penetrate into the trade unions, to remain in them, and to carry on Communist work in them at all costs." - From Lenin's "Left-Wing Communism".

(continued from first page)

One of these witnesses brought to the U.S. to testify, Baron Heribert von Strempel, says he was also told his family would be shot unless he lied in court against these innocent anti-New Dealers.

So we see the type of man who used taxpayers' money to punish Mr. Bishop. This same O. John Rogge, since he was fired from the Justice Department, has been talking to Reds over the U.S., stirring up hatred.

Rogge is now defense attorney for the sixteen directors of the Joint Anti-Fascist Refugee Committee which THINK WEEKLY has exposed several times as the organization which financed Communism in Spain and set up Tito in Yugoslavia. On March 23 this paper demanded that President Truman cause their arrest; on April 4 these sixteen were arrested and Rogge is the Red servant they asked to defend them.

Are these brazen International Reds to take anti-Communist leaders one at a time and smear and frame us into obscurity? Then who is to defend America and her institutions, homes, families and religions?

The Conspiracy of Silence ABOUT Bishop, of which he complains, has replaced the Conspiracy TO Silence Bishop, and must be defeated. If persons claiming to be native-born American citizens and admittedly recognized in the Districts of their Domicile as registered voters can be imprisoned without bail, indictment or trial, merely on an administrative bureaucratic fiat, then no one can enjoy the security of due-process or the Bill of Rights so long It is our understanding that Leland as COMMUNIST or other termite infiltraitors remain in key administrative

tion could be applied through a world structure of state capitalism that would insure, through the issuance of bonds by a world bank and its subsidiaries and representatives among national banking institutions, the future welfare and security of a new type of nobility—a new elite. In the last mentioned phase of the general plan the socialists and planners would still have the honor and distinction of being hired as its managers and administrators. They would comprise the technicians for what might be also called the world managerial revolution.

The foundation for the same over-all plan was sought to be established through the League of Nations. It failed. World War II and its aftermath offered the golden opportunity to the New Dealers in America and England and to the socialists throughout the rest of the world.

The American disciples had their first big opportunity after World War I when they were able to steal the Democratic Party before the national election which set them up in business in a big way over here in 1933. National energencies were engineered and then exploited. Then came World War II which was made to order for those who capitalized on emergencies for imposing state controls over the American people. The "transatlantic Fifth New Deal" grew to an imposing structure out of lend-lease. The United Nations in all its grandeur was ready to take over when the need for lend-lease came to an end.

Same program, same philosophy, same people — but more of them.

## TWO THOUSAND ILLEGAL ENTRIES INTO U. S. DAILY

As a move to purify the blood stream of America, we suggest a registration of every person in the United States to see just who belongs here, who has the legal right to be here. In this way we can perhaps weed out those who are crossing our borders at night thru the Red Underground. We can discover who are here to develop and strengthen America, and who are here to disarrange, ridicule and break down our American form of government.

Attorney General Clark admits that there have been, over a long period of time two thousand illegal entries a day, over sixty thousand a month! We are informed that his department is fairly crawling with these Red rats.

## THINK WEEKLY NEEDS NEW SUBSCRIBERS ON FRONT LINES AGAINST REDS

In this battle against Atheistic Communism, we on the front lines will fight as long as you folks back us up.

You have no idea of the many obstacles we face — but we will never let you down.

What we need now on the front lines are new subscribers. No reader is so busy that he cannot interest at least one new person a week in this important campaign. Each new reader is another worker to awaken America to this danger.

Businessmen can do nothing better to help insure their property against confiscation by Reds than to pay for a list of subscriptions for customers, friends, or employees.

Let's get, strong and clean these Reds out of the United States.

### IT IS NICE TO KNOW ONLY 3696 RUSSIAN AGENTS ARE IN U.S.

Congressman Karl E. Mundt of South Dakota, a member of the Un-American Activities Committee of Congress, states that 3696 Russian Agents are in the United States. They are making maps, taking still and moving pictures of our defenses and our key cities. Stalin and his Kremlin masterminds no doubt think we are insane or so dumb and spineless that they have no respect for us.

Imagine 3696 Communist accredited agents of Russia enjoy the freedom of our entire country while an American would not have complete freedom of one single block in Russia!

The Kremlin knew many years back we could not effectively be attacked in the open from the outside; hence, Communist Russia has for twenty years been siphoning Red agents into the United States, placing them in higher and more important key government spots; this is followed up with wholesale semi-legal and illegal immigration.

Communism is now so strong in our America that our government agencies are paralized and cannot expel the 3696 accredited Russian agents or prevent the illegal entry of sixty thousand each month. There is no doubt that there are from two to three million foreigners here illegally, most of them having been trained in revolution and street fighting in European countries.

The State Department and Justice Department have been, to say the least, neutralized as far as Americanism is concerned.

How can we expect to pry out the Red Trailors from our government when we cannot prevent the flood of Reds crossing our borders?

For the international socialists and planners on both sides of the Atlantic, Mr. Winant made an acceptable "official tie to those unofficially linking a powerful transatlautic group of economic and social reformers." In speaking of his post-war activities as he envisioned them after we were in the war, Mr. Winant said:

"A further opportunity will come to you and to the International Labor Organization when the war has been won for democracy. Then we must be prepared to conquer the peace. Only by finding a common basis of world citizenship and by accepting far-reaching and progressive social change can we hope to secure the economic and social security which will make any peace real and lasting." (From speech be-fore "League of Women Voters," and reported in N.Y.T., 2/9/41.)

And, strangely enough, Ben Cohen accompanied Winant to London as the President's personal representacrystalization of the "transatlantic Fifth New Deal" is taking place under the guidance of the former New Dealers and Mr. Byrnes is beng advised by the same perennial Ben Cohen. Marshall now receives his orders from Ben Cohen, who watches Marshall for Mr. Frankfurter, the real Secretary of State).

## STILL THE SAME OLD DEAL

The program which has been outlined so many times in the past half century at least, appears to be approaching culmination in the United Nations Organization. It is the drive for a world state that has utilized, along with many other devices and philosophies: the Fabian brand of socialism by stealth and so-called "legitimate" means; the communist method of socivilization by violent revolution; and that particular brand of planned economy desired by the international interests in which a monopoly control of production, processing and consump-

Several of the doomed men climbed out through the windows, surviving witnesses said, but they were tossed back into the burning building. The other Catholic establishments were also set on fire, including the bishop's residence. Ten of the 34 inmates of the almshouse, all over 60 years old, perished in the blaze.

> While the Cathedral and the other buildings used by the Catholics were burning, bands of Communist soldiers under the direction of these former "officiats" began rounding up those who, in their eyes, were "hostile" to Communism. These "hostite" etements included all who had taken refuge in Governmentcontrolled areas during the Communist occupation and had refused to come back despite Communist propaganda. They were for the most part dependents of or relatives of the vigilance guard, tandtords and toyal Cathotics, and they constituted almost the whote local population of 3,000.

Half of the 3,000, fearing the worst, had fled to the nearby mountains. But those left were herded together by the invaders and some were tied in groups. The Communists decided to teach these Catholics a convincing lesson. The spacious courtyard of the bishop's residence was chosen as the setting. So, on the night of December 9, 1946, with the huge blaze of the burning cathedrat and the other buildings of the Catholics to light the scene, one of the bloodiest massacres in history

was enacted.

These inhuman Communists and their agents made no distinction on the grounds of sex or age. They subjected all to their fiendish hate. Besides killing some in the usual way, by means of rifle fire, the machine gun and the bayonel, they devised new ways of liquidating those who dared to think other than they did. They strangled many; they stripped others to the skin and let them freeze to death in the December cold; they bashed in the heads of others with large pieces of rock, while they tied others to poles and beat them to death.

They made some of the women suffer an even worse fate. They violated them, then killed them. And having put them to death, they desecrated the bodies of not a few of their victims.

They skinned one child who was about 14 years old, from the scalp to the breast. They chopped a young man's body into pieces in the process of removing his heart. During this macabre scene, they forced those still alive to stand and watch their butchery until their turn came. To the left of the Cathedral was the bishop's residence. In the large courtyard surrounding it, there still lay some 250 corpses, all frozen hard. The bullet holes, bayonet cuts, wounds, and various disfigurements were evidence that the Communists had used a variety of means in slaughtering their viclims.

In the middle of the yard there were several coffins. One of them was unusually large. Inside it was a big heap of ashes, black and putrid. They had come to Chungli in the hope of finding a refuge there, soon after the Government's reoccupation of the town. This group, according to the Chungli natives, were among the first victims, inasmuch as they were considered anti-Communist because they had fled from Communist regions.

> A few native "landlords" had come back to Chungli only some 10 days before the time of the tragedy. They were returning from an "exile" of more than a year as a result of the Communist occupation. They too were liquidated and were killed before they could reclaim the land the Communists had expropriated in

their absence.

Calholic Father Hsu and two farmers were among those the Communists carried away with them. Many thus carried away died of cold and exposure. Some were killed for refusing to continue the forced trip. While we were interviewing the local citizens, a late report came in that about 100 bodies had been discovered at the foot of a mountain 15 miles east of Chungli. As the news spread, we could see a cloud of sorrow and anxiety darken the faces of the men and women who had relatives who were still missing.

The toll of this wholesale slaughter . . was estimated at about 500

A Paper to Educate People to the Danger of Communism To Expose the Fifth Column - In Plain Words for Plain People

> P. O. Box 816 Newark 1, New Jersey tarke

Dear Friend:

When the new Congress was elected, anxious Americans were assured that thousands of Reds would soon bem dislodged from our government departments. However, influential Reds maneuvered the new Congressmen into so many entangling problems that they have had no time to take up this most important one.

The anti-Communists of the United States continued to agitate until public sentiment demanded action. The Reds did not want Congress to investigate for fear a committee would be appointed that would really do a thorough job. In order to prevent such a purge, they maneuvered President Truman into beating Congress to the punch by issuing his statement against Communism — and what has been done since that declaration?

Those who are devoting their lives to the study of Communism knew that the people were being tricked by the President's statement, that no action would be taken. Yes, the people were fooled — they said: "The Government is going to fight Communism; we don't have to do anything about it." The Communists had won again they deceived the people into laying down their guard, thereby gaining time to cover some of their tracks in government departments.

This clever action on the part of the Communists has affected the support of THINK WEEKLY. writer has put every dollar he had into this important work; we are not in a position to carry on and take care of the weekly loss until the people realize the true situation.

The writer will agree by contract to give full time without salary, as he has done for the last year, if sufficient pledges are received to cover the actual loss of eight hundred dollars per month.

These pledges are being spread throughout the United States. If each true American will sign for the amount he can afford, whether it be for one dollar or forty, we will all be sharing the financial burden, we will all be taking part in this necessary work, fighting for a common cause. This is a campaign to save America . . . it is, therefore, not the work of a few, not the duty of a certain group; it is a job for all freedom loving people. Without your support at this time, THINK WEEKLY cannot go on.

We are truly sorry to find ourselves "at the crossroads" at this time for it is plain to see how effective our work has been . . . and how badly needed is a paper of this kind. The paper goes into all walks of life for it is written in plain, down-to-earth language that everyone can understand. We have furnished speakers for organizations such as the American Legion, V.F.W., Rotary, Kiwanis. Our information service on Red Fronts and speakers has supplied material to school, church, veteran, and civic groups.

We would like to build our paper to one hundred thousand circulation in order to create a strong American sentiment. THINK WEEKLY is needednow; fifteen years study of Communism tells us the Reds have only a few more moves to make and the fight will be hopeless. RECORDED

If Americans really want to stop Communism, we will receive sufficient pleages immediately to be able to resume publication. If not, we will be forced to accept Real Slavery with the rest of you. We have no other choice.

trayed the Polish people, this atlltude on our part toward Franco not only does not make sense, but leads to the inescapable conclusion in the minds of fair-minded Americans that we have knuckled down to Soviet Russia through fear; and that through fear of the same element we are following the wishes of Soviet Russia with respect to Spain.

I was glad, Mr. Secretary, when you became the head of the State Department. I hoped and believed that it would to a large extent mean an end to the grave policy we had been pursuing toward Soviet Russia. I have expressed approval of the new policy of aiding Greece and Turkey against the further spread of Communism.

Why, then, must we continue to follow Russia's will with respect to Spain? How can you justify opposing Communism in the Eastern Mediteranean and playing into its hands in the Western Mediterranean?

You are of course familiar with Winston Churchill's extended tribute which he paid Franco in his speech in the House of Commons May 24, Franco had aided in the North African landing, and had aided Amer- ment have been just about as Fasican airmen crossing Spain.

In fact, I have talked with several former amhassadors to Spain, two of whom have represented this country since 1933, and I gather that Their views coincide with those of Mr. Churchill.

I have been in Europe myself many times in the last fifty years, but I had never visited Spain until 1938. DEPARTMENT OF STATE Washington

In reply refer to May 27, 1947. PL Mr. Merwin K. Hart, President National Economic Council, Inc. 350 Fifth Avenue New York 1, New York

My dear Mr. Hart:

I have been asked to reply to your letter of May 10, 1947, addressed to Secretary Marshall concerning this Government's policy toward Spain.

'As I am sure you must realize, the . volume of correspondence received by the Secretary is so great that he is unable to answer it all personally. Your letter, however, has been carefully read and given full consideration by the officers of this Department concerned with the matters which you discuss.

This country's relations with the I would not want to see the Franco present Government of Spain are type of government here in the strongly influenced by its origin, United Stales — though I confess nature and record of close association during the war with the German and Italian aggressors, who assisted the regime to rise to power. United States policy toward Spain is not dictated by the interest of any other country.

This Government has frequently stated its desire to see the elimination of the Franco regime in Spain and the reestablishment, without the renewal of civil strife, of a democratic government based upon the freely expressed will of the Spanish people. It has long been the opinion of this Government that it is for the Spanish people themselves lo determine the type of government which they wish to have. This is equally as true with respect to the form of government as it is with reshould be composed. The other course, to which this Government adheres, is to permit the international political situation in Spain to develop gradually to the point where the Spanish people will he able to direct their own affairs in their own way.

In the meantime, so long as the Franco regime remains in power, Spain must expect to remain isolated from the organized community of nations.

You may be sure that the Department is fully aware of the factors brought out in your letter and that these and all other aspects of the Spanish situation are taken into consideration in developing the course of action best calculated to promote the national interest of the United States and the cause of international peace and stability.

> Sincerely yours, FRANCIS H. RUSSELL, Director, Office of Public Affairs.

# ELEANOR APPROVES TITO'S PERSECUTION OF STEPINAC

Dear Mrs. Roosevelt:

May we respectfully seek your aid in our campaign to seek the release of Archbishop Aloysius Stepinac, Primate of the Roman Catholic Church in Yogoslavia, from his unjust sentence of 16 years at hard labor in a Yogoslavia prison?

.With every best wish, I am
JOHN F. RAPP,
New York

My dear Mr. Rapp:

Your letter addressed to me in care of The American Committee for Yogoslav Relief was forwarded to me.

I am sorry but I fear I cannot help as you suggest. I understand the Archbishop took part in political affairs and the government now in power has jurisdiction in such matters.

Yours very sincerely, ELEANOR ROOSEVELT

Editor's Comment:

Mrs. Roosevelt says Archbishop Stepinac took part in political affairs. She also refers to the government. What government?

Stalin's government of slavery conducted by Tito, who was trained in wholesale slaughter in Spain

Eleanor supported the Church burners in Spain as she now does Tito. Apparently this is the kind of government we are to have soon in the U.S. when all the enemies of Communism will be shot or imprisoned because they took part in political affairs.

Such dupes as Eleanor and Henry Wallace will also go, as they will have served Stalin's purpose. But now they are of more service to Stalin than ten Communists.

HEREINIS JACLASSIFIED MARSHALL TOLD AMERICANS

GERHAPD EISLER His sister calls him the most dangerous Communist in America.

Although labeled by his own sister as "the most influential and most dangerous Communist agent in America,' Gerhard Eisler has received a sentence of one sear's imprisonment and a fine of one thousand dollars. Here is a dangerous agent that Stalin ordered from Germany to China to train in mass murder. Then after qualifying as a saboteur, instructor in mass slaughter and master at directing Stalin's Fifth Column in the United States, he was sent here and for six years has enjoyed the luxury in our country while preparing for Revolution.

The Immigration Department knew hese six years that he was here illegally; but made no move to deport him r shoot him (as should have been tone, and would have been done to an American in Russia for the same purpose).

#### HAVE LOST CONFIDENCE IN THE STATE DEPARTMENT

Senator Styles Bridges has made the stalement to George Marshall, Secretary of State: "Frankly, the American people have lost confidence in your State Department; they do not trust the patriotism and loyalty of many of the people you have working for you."

Secretary Marshall, carrying out the supposed Communist purge, appointed Hamilton Robinson of New York to conduct the purge in the State Department. It so happens that Mr. Robinson's cousin and close associate is branded as a Soviet secret agent who studied in Russia where he married a Russian woman. To make it more interesting, Mr. Marshall was brought into the Administration by Harry Hopkins, whom FDR rated as his closest man to Stalin. Surely no one will deny that Marshall's thirleen months as Ambassador to China were spent trying to get Chiang Kai Shek to join in forces with the Communist Party.

So, regardless of the big talk from this Administration, it appears that in this Communist purge, the State Department is going to use more whitewash than Dr. Evans in the Congressional Library is using in covering up the Reds.

Where in Yugoslavia, Poland, Austria; Bulgaria, Albania, Hungary, Italy, Czechoslovakia, or France, and that part of Germany occupied by Russian military, is there a Government which derives its authority from the governed or held an election without force, intimidation and interference by the Russian emissaries, and which prevented the people from expressing their will?

Merwin K. Hart, President of National Economic Council, Asks Pertinent Questions in Second Letter to Secretary of State Marshall.

Hon. George C. Marshall Secretary of State Department of State Washington, D. C.

My dear Mr. Secretary:

I refer to a letter from the Department of State dated May 27, 1947 (I am asked to refer in replying to PL), signed by Mr. Francis H. Russell, Director, Office of Public Affairs, in answer to mine of May 10, addressed to yourself.

This letter of the Department states that:

"This country's relations with the present Government of Spain are strongly influenced by its origin, nature and record of close association during the war with the German and time Mission in Spain, by Dr. Hayes) are embodied in the Declaration of Italian aggressors, who assisted the in which letter are the following two Independence. > When did the State Department become aware of the "origin, nature and record," etc., of the present Spanish government? Apparently quite recently because on the eve of the American landing in North Africa, President Roosevelt wrote a letter to General Franco which was personally delivered to him by Amparagraphs:

These rights are held to be inalienable, that is, they cannot be transferred to others, or abrogated, be-cause they are part of the nature with which God endowed man. These rights, named in the Declaration of Independence, are (1) the prepared by the U. N. Never was there a time in the history of our country when it has been more necessary to hark back to the principles in our Declaration of Independence, and rededicate our country to them, than during the liberty-threatening times in which we live. The EVIL EYE OF TOTAL-1TARIANISM is centered upon weakening, destroying, or engulfing the U.S.A. The moral stability of Americans, necessary to defeat the advancing foe of the principles in the Declaration of Independence, is weakening, due to the moral delinquency caused by irreligion, divorce, abortion, alcoholism, and unmentionable diseases, that have been on the increase.

Adherence to the principles in the Declaration of Independence, proclaimed on the Fourth of July, is weakened by more than a half of our American population ignoring church or synagogue affiliation. It is further weakened by a growing number of clergymen who are bending to the irreligion of our day. This they have done, and continue to do, by amending God's law of stability United States and Spain and purity in marilal relations to fil the lowered standards.

The signers of the Declaration of Independence held that religion is the basis of personal morality; that wilhout religion national morality cannot be maintained. Every one of them believed that religion should be included in a properly balanced educational course to develop a citizenry of the highest order, as existed in the schools attended by the signers of the Declaration of Independence.

government and the Spanish people wish to maintain neutrality and to nemain outside the war. Spain has nothing to fear from the United Nations."

Can it be supposed that the then President of the United States was saying to General Franco what he did not mean, merely with the object of, if possible, persuading Franco not to interfere in any way with the landing in Africa? Il appears so because Franco has done nothing since the date of that letter which could, or should, have changed our attitude toward Spain. Others like Tito have committed flagrant and open crimes against humanity and have given great insult to the United States in addition. We remain passive toward Tito - and we show open belligerence toward Franco.

Is it possible that the State Department regards a crime committed while much more despicable crimes committed on the other side of the

and forget?

The State Department has scrupulously observed the Yalta and Potsdam agreements consented to by the President of the United States, even though those agreements gave the people of even our ally Poland over into the barbarous hands of Soviet Russia. Why is it then that it fails to observe the entirely voluntary assurances given by President Roosevelt to the Franco government of Spain?

Dr. Hayes in his book makes it clear, incidentally, that in several important respects the Franco government did actually assist in the North African landing, or at least interposed not the slightest interference.

And we have the definite and lengthy tribule of our British ally, Mr. Churchill, made in Parlianient on May 24, 1944, to the favorable attitude of the Franco government with respect to this landing.

To one who reads the record of recent years the policy of the State Department toward the Franco government is too full of contradiction to be called a "policy." For instance, the United States on March 4, 1946, joined in a "Declaration" by the United Kingdom, the United States and France, to the effect that the Franco government should with-

But seven days later, a considerable protest having arisen both in Britain and the United States, a note of the American State Department said:

· "At the same time the government of the United States is com-pelled to say that it regards the change of the existing regime in Spain as a task for the Spanish people themselves. It is the privilege and the responsibility of the people of Spain to determine the form of government under which Spain wishes to live and to choose . the leaders of their government."

More recently, as set forth in my said:

omic relations are not possible as in power,"

Webster's Dictionary says that a policy is "A settled or definite course or method adopted and followed by a government, institution, body, or indlyidual."

It is impossible to say that under this definition the State Department, has had a policy toward Spain. Without doubt the general trend of the Department's method has been aided and abetted by leftist writers of every hue in the United States.

There would seem to be no doubt that that is precisely what would happen. And that would also be the fulfillment of one The letter signed by Mr. Russell of the most important objectives of Soviet Russian policy.

But why, Mr. Secretary - why, except that the Stalin government of Russia has so decreed?

Has the Franco government done shot down American airmen, like Tito? Or arrested American diplomats or officers, like the Russians?

Why has the United States permitted itself to continue to follow this communistic, anti-Franco line, when it is so obvious to any intelligent reader of foreign dispatches, not to mention domestic dispatches, that the world propaganda against Franco is of Communist origin?

One has only to read the Daily Worker, the New Masses, and PM, to see the strongest possible confirmation of this fact.

The Department's letter closes by saying:

It is a matter of common knowledge that President Roosevelt for some years made about the enforcement of these polappeasement of Soviet Russia a cardinal point in his foreign policy; and, indeed, to this fact may be attributed many of the ills of today.

This same increase in personnel occurred in all embassies here from Communist dominated countries.

In Spain, when the revolution was ready, Moses Rosenberg, the Soviet Ambassador to Spain, stood in front of the Embassy, gave the signal and then took charge of the Communist revolution.

Businessmen and manufacturers have no idea of the amount of propaganda used on their employees to cause them to hate their employer. FOREIGN INFLUENCE SEEN IN BOTH THE "MARSHALL PLAN" AND THE "TRUMAN PLAN" — IN PLACE OF A CLEAR-CUT, "AMERICAN PLAN" SORELY NEEDED

The President opened lhe special session of Congress on November 17th, by requesting (1) Emergency aid to feed Europe, and (2) Legislation to reestablish price controls and rationing. He sald he would shortly propose "a long-range recovery program" for Europe.

The "long range" plan is, of course, the Marshall Plan — a scheme to advance some \$18 billion of American money and goods to "restore the European economy".

The "emergency aid" proposal will meet with little dissent. Christian pirnciples have ever led Americans to relieve distress. There may be debate as to the amount and nature of the emergency aid needed. But few Americans will feel with the land of the land o

#### The Two Requests to Congress Not Necessarily Related

But the two requests made to Congress by the President have no necessary relation to each other. On the surface it appears that they do—since we are asked, first, to ald Europe with food, and second, to adopt price controls and rationing as a consequence of such generosity. To make it appear in this light without the President actually saying so may be smart politics, but it is simply not true. The food to be sent Europe this winter will, at the most, be only a small fraction of our domestic supply. This isn't what has ted the President to ask that we be returned to a controlled economy. It is something else.

That something else is the "Marshall Ptan." Although emergency relief has been cleverly coupled with the demand for "controls," the two do not belong together in any accurate anatysis of the whote situation. Emergency aid is within our ability and it can stand or fall on its own merits. But the two proposals which should be discussed together, and which are inextricably interwoven with each other are, the Marshall Plan and the plan for controts. They are two facets of the same design.

#### The "Truman Plan"

Underlying what we may now call the "Truman Plan" are two simple assumptions. If one accepts both, he must go along with the Plan. If he rejects either, he rejects the Plan as a whole. Here are the assumptions:

- 1. War-shattered Europe is in an economic emergency so desperate that it will collapse unless supported by the U. S. taxpayer to the extent of \$18 billion. But if the money and goods are sent, the battle for freedom will be won in Europe, and "e healthy world-economy that results will slop Commi nism.
- 2. The only way such vast quantities of goods required can be subtracted from our own supplies without wrecking our free economy through in

TWO FRONTS FOR MARKISTS TOM CLARK-and FRANK SINATRA

#### MARXISM VS. CHRISTIANITY

Last week one isaac Bilderslee, Associate Superintendent of Schools in Charge of Brooklyn (N.Y.) Districts 41 and 42, Issued an order of restrictions on Christmas observance in 23 public schools. The Bildersee statement read:

"Christmas Carols with reference to the Nativity may not be sung, nor may decorations include symbols of any faith. Christmas is a time of rejoicing and expressing good will and should be devoid of religion."

After protests by the Knights of Columbus, Catholic War Veterans, the Protestant Council, Bishop Charles K. Gilbert of the Episcopal Diocese of New York, and Dr. Norman Vincent Peale of Marble Collegiate Church, Bilderslee said.

"It do not intend to revoke my order and will not do so unless ordered by my superior".

Supporting this Marxist in his anti-Christian order, were the Communist Front, the American Civil Liberties Union, which gave birth to the Civil Right Committee appointed by President Truman with Marxist Morris Ernst the mainspring and guiding genius. He is former president of A.C.L.U., which is packed with Communists.

Also supporting this Marxist order are the American Jewish Congress, Teachers Guild of the A. F. of L.

Bilderslee, like other Marxists, does not believe in Christmas, except as a means of causing Christians to spend hundreds of millions of dollars for gifts. The Marxist program is to destroy Christianity and to do this they have skillfully created different fronts to break down the morale.

Ben Hechl, prominent Marxist of New York, say: in his book: "Christ should have been ground up and fed to the dogs. Then he would not be a martyr today".

Communism, Fabianism and World Government are three arms of Marxism. Who is going to crush Communism in the United States?

LIST OF SUBVERSIVE GROUPS A JOKE, IN-DICATING LITTLE HOPE OF PURGE OF RED TRAITORS BY TRUMAN AD-

Will the Government do it?

As long as our government is in the hands of the Truman Administration, the Government will positively NOT crush Communism, but will help build it up not only in the U. S., but all over the world—as the New Deal has been doing for fourteen years.

You may ask: "Why, then, did President Truman start a movement last March to purge the government of Communists?"

It is obvious to us (and should be to you) that Truman and his Administration and completely controlled by an International rxist group (just as F.D.R. was), who do the linking, make the plans and give the orders through happy Smiling Harry.

It is the International Marxist group who decided to have Truman make the move before Congress could appoint a committee that would really do the job. This Red crowd has directed and retarded this committee, which goes over the nation, looking for Communists

But the innocent voter asks: "How about Tom Clark, Attorney General, and his list of subversive organizations to guide the committee looking for Communists?".

That list would bring a laugh from any true Bolshevik in the New Deal. Mostly Japanese and Black Hand organizations that went out of business years ago. A few former Communist Fronts, like the Joint Anti-Fascist Refugee Committee, which have changed their names several times since.

In fourteen years, Marxists, unopposed, have taken such control that they rule from behind and through such men as Truman and Tom Clark, who are politicians and as puppets in the hands of World Marxists. They know nothing about Communism.

When we anti-Communists create sufficient public sentiment, Marxists order publicity given out to create the impression the Government is going to do something — thereby preventing activity by sincere (but gullible) Americans, and giving more time for Reds to entrench themselves.

Even though circumstances compel this administration to outlaw Communism, all movements advanced by Communists will be promoked.

Many leading Marxists now disavow the name Communism, but continue activity for all it stands for.

communism is only a splinter of Marxism.

(CONTINUED FROM FIRST PAGE)

flation, is to wreck that free economy ourselves before inflation can do it, by the imposition of controls.

#### These Two Assumptions

Let us examine these two assumptions.

Without question the basic economic emergency in Europe is grave. We have shown how dependent the economy of all Europe is upon the restoration of Germany. The War of 1939-1945 was disastrous to the European economy as a whole, so that even under favorable conditions reconstruction will be a long and painful process.

But the natural healing of the wounds of Europe has been refarded by three factors. The first is, the stupidity of American-British policy with regard to most of Europe, especially Germany and Spain.

The second retarding factor is the Soviet Union. With Eastern and part of Central Europe under its control, Russia has been striving, through economic and political devices, to keep Western Europe from recovery. The purpose is obvious: if its strategy succeeds, all Europe will be brought under the hammer and sickle.

The third factor is the emergence in Europe of a rash of socialist governments. These have proceeded to "nationalize" as much as possible of the resources and industry of their respective countries. And this has retarded recovery. In Britain and France the consequences have been close to tragic. Nor have we seen the end of them.

The situation we face in Europe, then, is a complex of factors in which the economic factor is not alone.

But the economic factor must, in the long run, the long run, the long run, which must function as a whole or not at all, recovers soundly, there will be no Red advance to the Atlantic. For people with a higher standard of living will not knowingly exchange it for a lower standard like Russia's.

How does the Marshall Plan propose to\_cure the ills of Europe?

Shorl of war, the economic and political factors of the Soviet Union must be recognized and reckoned with just as is the weather or geography. The Marshall Plan cannot change them.

Sixteen European stales outside the Soviet orbit (not including Spain or Germany) have met in Paris, at our request—not on their own motion—to consider their needs. After scaling many billions from their original estimates, they finally asked the United Stales for \$18 billions over a period of five years.

According to our Administration, the dignity and independence of the nations willing to accept our aid must be scraptously respected. To put it another way, we dare not condition our aid upon the kind of government a country has, or the degree to which that government may decide to adopt a socialist economy. This means that the money end goods requested of us will go not to mere physical relicit or to the encouragement of privato buriness, but to the creation and maintenance of state monopolies — of a socialist Europe.

The reasoning behind this thinking is curious. On the one hand we are lold that the Maishall Plan alone will keep despairing and resperate Europe from sliding into the Communist abyss. Then we are told that if we attach any conditions as to the use of our billions, which we are giving away free, our impertinence and insolence will be resented. If we are to save Europe from the Communist (Marxist) alyss, we must not insultingly ask it to refrain from turning and jumping into the Socialist (Marxist) abyss. Europe might not take our money!

#### What About Germany?

But what does the Marshall Plan do for Ger-

many? Germany was not represented at the Paris conference or would be recipients of aid, for it is divided between East and West, and the portion we control has no common government save our own. So far as we can learn the plan for Germany discussed in a recent article is the Marshall Plan for Germany. But, as that article showed, the plan of August 29, 1947, for Germany is only the Morgenthau Plan for revenge and destruction, modified slightly but not enough to restore German economy. No real European recovery is thinkable without a drastic change in our attitude toward Germany. The Marshall Plan gives no hint of any such change.

Let us establish the principle of freedom in Germany, where we have the power to do it, and we will force other countries to return to free enterprise and maximum reward. They will be so forced, not by us, but by their own people. They will not stand by and see Germany go ahead, without adopting the same principle. Bureaucratic control of business and industry can never compete on equal terms with a free economy. \*\* \*\* \*\* Germany is the principal key to European recovery. Give Germany the chance to recover, beyond temporary relief, there will be little need for American loans to European countries.

And, incidentally, Spain is not found among countries to receive aid under the Marshall Plan. She has been left out because the extreme liftwing, in the Administration have so ordered Yet Spain needs little, her credit is high, and strategically speaking it is more important to America to strengthen Spain than any country on the Continent.

#### The Agitation for The Marshall Plan

The agitation for the Marshall Plan has emphasized extremme crisis and impending doom, unless we come across with the S18 billion. Yet there are many indications that the nature of the "emergency" has been into cheating and exaggrated. The American popte, who have no direct access to the facts, have been given the impression that without the Marshall Plan dolars, the European economy faces imminent colatyse. What are facts?

They are not nearly so black as painted. Despite the stifling, bureaucratic blanket which Socialism has thrown over human effort, yet the economy of Europe is tar from dead. Remove the Socialist shackles, let the natural energies of men be released to earn commensurate rewards, and in a few years Europe will become soundly prosperous — and we will still have most of our money.

Belgium, which certainty suffered the physical and mental consequences of war, stands out today among the nations of Europe like a bright light. Why? Because, once Belgium had regained control or its own desthy, the Belgium people made a momentous decision. They decided not to ensulate other countries with the urge to "nationalized" industries and socialize economy while francically appealing to outside aid. They simply decided to get back to work.

Now, Belgiumm's rhirteen leading industries are operating at a level seven per cent above that of 1938. 8 9 its economy is still based on free

enterprise. So the Belgian people are reaping the result of putting back the principle of freedom into the heart of their life, and that result is prosperily.

#### The Internationalists Organize—Again.

On November 15th the formation was announced of the Committee for the Marshall Plan to Aid European Recovery. Headed by Mr. Henry L. Stimson, the Committee contains the names of many people of high standing — one of whose chief characteristics is a laudable liking to be associated with "good works." Relief in any form has a natural appeal to their emotions. Many of them, without looking beneath the surface, are perhaps attracted by the label on the package, without examining the contents.

But along with these were many who in 1939 to 1911 were in the forefront of the effort to get America into war. It is fair to assume that these internationalists are the mainspring of this Stimson Committee. Conspicuous among them is the name of Clark Eichelberger, professional promoler of internationalism. He was long the executive officer of the Committee to Defend Ameries by Aiding the Allies. He it was who appeared in June 1946 before the Resolutions Committee of the Republican National Committee in Chicago to advise the Republican Party what to put into its platform. When, as he finished, a hyst inder asked him if he was not a Fourth Term Democrat, and, if so, what was he doing advising the Republican Party, he abrupily teft the hall without replying.

Eichelberger's action here is typical of the way the gutfible Republican Party drafted its platforms in 1936, 1940 and 1944, and of the way its candidates conducted their campaigns. Since it is desirable that real issues be presented to the voters at the polls in 1948, if the Republicans in Congress and in next June's convention permit the internationalist crew, sparked by the Eichelbergers, again to dictate their program, then no real issues will be presented; and the outcome will be the same as overve, eight and four years previously.

#### Let's Go Back to the American Way

There is an American way, and we should choose it. It is the way of freedom. Let us give Europe such emergency ald as is actually needed. Let us unshackle the German economy. Let us courage free cuterprise in Europe, releasing the energies of men to work for their own salvation. For the sake of getting a first-class military ally in Europe, which we may need, let us drop our nonsensical, communist-inspired attitude toward Spain, and let us do business with her and let her do business with us.

Let us encourage such private loans as Europeans can make here on a business basis for sound business purposes. Let us put our own house in order, restoring our Republic to the control of those who believe in the principle of treedom. Let us stop government extravagance and currency inflation. Let us restore the incentives to work and produce, now penalized or prohibited by New Dealish, discriminating facation.

As we go to press it is announced the Republican Party will draw up its own plan to stop intlation. Good — if it goes far enough to be effacilies.

But let that party, or some party, draw up its own method of loans to Europe — a method based on common sense and experience. If Republicans will but dare to do this, the American people will embrace them. If they want to win next fall, it is their great chance.

Now comes the moment for America's final choice. Down one road is the precipice. If we take that road, there can be no returning. The other road is the great highway on which in 1776 we set out. If we get back on that highway we shall as a great people go on from strength, prosperous, happy, free.

What is at stake now is the American birthright, the American dream. Shall we sell it for a mess of Marxist poltage?

Merwin K. Hart, President, National Economic Council, Inc.

#### THE DESPAIR OF RUSSIAN WUMEN

Several weeks ago COMMON SENSE published quotations from "The Communist", vol. XVI, No. 6, showing how Marx and Lenin (probably history's most despicable defilers of womanhood), planned and directed the caslavement of Rusism women. We again quote:

real equality with men, it is necessary to establish social economy and the participation of women in general productive labor. Only then will women occupy the same place as men.'

"This is the teaching of Lenin.

"Comrade Lenin stressed that we: '... must find our way to them, we must study and try to find that way. That is why we must put demands favorable to women. Our demands are practical conclusions which we have drawn from the burning needs, the shameful humiliation of women in bourgeois society, defenseless and without right. We demonstrate thereby that we recognize these needs and are sensitive of the humiliation of women, the privileges of man; that we hate, yes, hate everything, and will abolish everything which fortures and oppresses the women workers, the housewife, the peasant woman, the wife of the pelly trader — yes, and in many cases the women of the possessing classes.

"Not as reformists do, lutting them to inaction and keeping them in leading strings," Lenin continued, but as revolutionaries who calt upon the women to work as equals in transforming the old economy and ideology."

How well the followers of Maix and Lenin accomplished their purpose has never been more apily described than in an appeal entitled "THE DESPAIR OF RUSSIAN WOMEN" translated and condensed from Ceska Zena in St. Louis, Mo., in September, 1938, which COMMON SENSE republishes herewith in the belief that it is of more Interest to American women in 1947 than it was in 1938, in view of the progress Contention has made all over the world since this warning by the Russian women.

Il is becoming increasingly obvious that a similar fate faces American women unless sufficient numbers of people spend time and money to stop Marxism while we are still free to do so. We urge slow, comprehensive reading of the pitiful plea which follows:

#### DESPAIR OF RUSSIAN WOMEN

"We, the women of Russia, mothers, wives and daughters in deepest despair, have recourse to the women of the whote civilized world. We particularly warn those deceived by false propaganda: Those who suspect, or even know the facts, but are indifferent; and finally, those who simply do not comprehend the danger threatening them.

"This letter, our cry of despair, we send to all of our! It is written at the greatest risk of our lives, and sent by special means, atthough its safe defivery is not certain. We beg of you to spread its contents. It is self-evident why the letter is not signed; but it is a message written with the very blood of the hearts of Russian women.

"This is not an appeal to help and protection—that is impossible. It is not even an appeal for sympathy — we have ceased to be human beings. We merely ask that you do not be deceived by illusions of the 'Paradise' promised you by Communists, Im which, you are lold, working conditions have been improved and women made independent and equal to men.

"No, in Russia there is neither the promised 'Paradise', nor beller working conditions, nor

They took from us the housework and light tactory labor, and compel us to fill the heavy jobs of men, in factories, mines and agriculture. This remancipation in the Soviet is the exploitation of women by men who have reserved for themselves 85 percent of the light work in offices, whereas, they submit women to the hardest labors.

"They have made beasts of us! In the Comnumist state, we have ceased to be wives, mothers and daughters. We are slaves whom the Communists punish with rawhides, starvation and sufferings worse than the scourge of the executioner. We are enslaved for constant diudgery, and for the most repulsive vices!

"We suffer from our Iwelflh year (in some instances, our sufferings begin earlier). From that age, if we want a piece of dry black bread, or if we wish employment, we are forced to sell our bodies! If we do not submit, we become victims of violence. Resistance, or protestation before the government is useless, because that is confidered 'bourgeois presumption' which must be punished.

"When we marry, it is never because of love (tove is also considered 'bourgeois presumption') but simply to share a dwelling wherein to sleep. The linsband, if we have children, almost invariably, soon easts us aside as useless.

"On children to whom we cannot given even the bare necessities of life, soon become street waits rouming from toon to town like hungry dogs seeking something to eat. These are the hume population of Russia, mitured by Comnaunists.

"And we, women who at twelve have beginto live as mothers, at 25, become wrecks. In factories we are assigned to the heaviest work; in the mines, we foll in darkness; in the fields, in groups of 30 or 40 we putt plows; too frequently our backs are lashed with the brigadier's whip. Women in the fields are substitutes for broken tractors, and are worked instead of horses of which there is a scarcity. If any dares profest, she is torlured with hunger. When, In the towns and in the country, women are given a wage, if is as little as 60 to 120 rubles. And even of this they are forced to contribute to numberless loans, relief, etc. The remainder must cover expenses for food, clothing and rent, and frequently the support of a 'husband' they are compelled to 10main married to.

"Those in power indulge in hixury at the expense of our toll, our beggarly existence. Living apartments belong to the state, and we must pay for a small space much more than private owners formerly received. In these dwellings we five, six, eight men and women in one room!

the overthrow of the Czar. Now we are convinced that a minimum is the worst of regimes, and that to minimum is government is one of minimum as a minimum of exploiters of laborers, and violators of women.

Hosls' of women are ending their lives. They seek in death their only escape. What are the effects of these suicides? None at all! It makes no difference!

"We hope that this description of our position will arouse women in all civilized countries, and induce them to expose the lies of Communists put before them. Any woman who lives now in peace and contentment, will, under Communism, lose her home, her children, and husband, and perhaps her life. All women will be reduced to slavery, even as we are!

"Our voice is the voice of Russian mothers suffering from hunger and cold. It is the voice of those suffering infinitely, but who still have sufficient strength to hope the lime will come when God will have mercy on them!"

"Signed: Women of Russia".

(The following comment is by Thomas Cox, of Oakland California):

Thus write Russian women. These inhuman cruellies confirm many verbal and written reports of eye witnesses in that land of heartless injustice. Their letter voices true despair and along with this, hatred towards men in whom they recognize selfish oppressors.

It is easy to comprehend these feelings. It was the men, sho fought either for Communish or against hi; wommen elifely suffered. Therefore, it is the fault of the Russian men that Communism won. This circumstance must always be taken into account by men of the whole world. On the other hand, I cannot omit the tact that those men who fought and still right Communism have paid, and are still paying for their courage, the price of their lives.

There are in Russia fewer men than women because the former have been murdered in large compelled to do men's jobs. Moreover, when a fight is waged against Communism, il very frequently happens that women tell their husbands; "Let libat alone. What is that lo you' Lel others see to il."

At present, it is known all over the world what Communism is. Anyone can make his own choice to take sides for or against Communism.

#### GEN. MOSELEY POINTS TO GREATER DANGER FACING UNITED STATES THAN HOOF AND MOUTH DISEA!

Urges Senator Thomas to Also Patrol Borders Against Infiltration of Undesirable Aliena.

fn an open letter front Atlanta, Ga., dated Nuvember 26, 1947, General George Van Horn Moseley, asks some perlinent questions of United Stales Senator Elbert D. Thomas, as follows:

"Dear Senator:

"I note your highly commendable accomplishments in keeping cattle infected with "the hoof and muuth disease" out of the United States. In this connection, you are quoted as saying: "Our progress in combating the Mexican hoof and mouth disease before its spread to American herds, is one example of our wider concept of responsibility, which we formerly limited to our own burders,"

"May I suggest that you advance your efforts and your studies to the human problem and come forward with a plan to keep out of the United States individuals and groups who are infected with diseases and unfilness far more dangerous to us than the bnof and mouth disease. know full well that thuusands of individuals, infected with ideotogies dangerous to nur wellbeing, have been allowed to cross our borders Many of these diseased and undestrable individuals have been run in unlawfully. Many come as part of a well developed plan to destroy us. You will remember that at one time a bill passed the Congress to put out of our country large numbers of aliens unlawfully within our gates, and you may recall, Senator, that that bill was vetoed by the late President Roosevelt.

"The character and virility of the average citizen as he appears on Main Street, is the index of our ability to march on and succeed as a nation. An mongrel nation has long survived in history. It is quite evident loday that we will be no exception. We should welcome the right kind of selected individuals of the right breed who wish to beta assimilated here as individual cultures corrects anxious to adopt our basic notices and to stand shoulder to shoulder with us in sustaining our Republic, in a threatening world. All others should be kept out and all who are now here illegally should be run out promptly. If you will do this, Senator, you will automatically accomplish another project, and that is, you will make plenty of houses available for veterans.

"t fully believe that if an enemy should land on nur coast, we would wake up and fight; but su few seem to realize the danger of the attack now being made upon us every hour of the day and night by secret infittration. Are we honestto God Christian Americans going to stand silently liy, as we are driven West and into eternity? At least the Indians pul up a fight before they were exterminated. I beg of you, Senator, to extend your studies of the hoof and mouth disease, to include those diseased and undestrable tudividuals who are moving heaven and earth to secure permission to enter our country. Already our future is threatened by those now here, some of whom reject assimilation as they retain their allegiance to their tribe.

There is no question that the best interests of our Republic demand action along the lines ! have described; but well do I know that so often those vital American interests are traded away for a mess of votes.

"Sincerely yours, "George Van Horn Moseley".

#### THE PLAN FOR ACTION AS OUTLINED FOR MARXISTS IN THE U.S. GOVERNMENT

If the United States is maneuvered into war by the Marxists who have been master-minding the New Deal for fourteen years, what will the millions of Communists, Marxists, and their blind followers do? What will the Marxists in the Justice Department, the Immigration and State Department do?

What will those in our electric tight and power plants, our subways, our raitroads, and our other vital plant, do?

We submit just one of many evidences as to what they will do. It is a quotation from Chapter VI, part 2, of the Program of the Communist International, as follows:

'Communist parties in imperialistic countries - must carry on a campaign and conduct propaganda in the Army and the Navy in defense of the oppressed countries fighting for their liberation, muritize the masses to refuse to transport troops and munitions, and in connection with this, organize strikes and other forms of mass protest.

Quotations from the circutar of general instructions issued by a committee of the Soviet Government of Russia during the Summer of

"Carry on intensive propaganda among the troops; cause misunderstandings hetween officers and soldiers; blow up arsenals, bridges, tracks, power magazines; prevent the delivery of supplies of raw materials to factories and mitts."

Quotation from the "Twenty-one conditions of admission into the Communist Internationat" (Condition 4):

"The duty of spreading Communistic Ideas includes the special obligation to earry on a vigorous and systematic propaganda in the Army, Where this agitation is prohibited by exceptional taws it is to be earried on itlegally."

"Communism abolishes eternal truths, it abolishes all religion, and all morality; . . . it therefure acts in contradiction to all past experienc." (Karl Marx, Manifesto, p. 29).

. Communist consciousness, the cause of Socialism Itself, ealls for a mass change in human nature, which can be achieved unly in the course uf the practical revolution. Hence, revolution is not only necessary because there is no other way of overthrowing the ruling class (bourgeisie), but also because only in the process of revolution is the overthrowing class (Communists, proletariat) to purge itself of the dross of the old society and becume capable of creating a new society." # NATION'S SECUR

The powerful political and economic Zionist group inside U.S.A.forcing our government to aid the armed Palestine insurrection by 650,000 U.S.A.-financed revolutionist immigrant Jews from eastern Europe

The un-American, Zionist-dictated U.S. A. effort to effect the partition of Palestine is converting into deadly enemies over one-billion friends in Africa and in Asia — the area so vitally strategic to us between Morocco on the Atlantic and the Philippines in the Pacific. Their genuine and oft-demonstrated loyalty in the past and unconditional cooperation in the future are essential to that victory so necessary to preserve our Nation's freedom and prevent world-rule by communist dictatorships.

Area controlled by North Africa, Near East, Middle East and Far East Nations.

Area controlled by Soviet Union and her satellite nations.

The public have a right to know the truth. The public do not want any more surprises. One Pearl Harbor in a life-time is enough. On September 22, 1948, the New York Times printed a special news item from its correspondent in Boston. This dispatch quoted Mrs. Margaret Chase Smith, Republican Senator-Elect from Maine. Senator-Elect Smith is a member of the House Armed Services Committee in the Eightieth Congress. She served there as one of its most respected members for several terms. The New York Times quotes Senator-elect Smith as having stated in Boston, on September 21, 1948, as follows:

"War may come at any time; the situation is far more dangerous than we realize."

When a respected Member of Congress, serving on the House Armed Services Committee, and recently rewarded by the citizens of her State for her loyalty and ability by elect on to the United States Senate, makes a statement of such. serious importance, it then becomes vital to the security of the United States that our administration in Washington should be making friends among the other nations of the world instead of among the other nations of the word instead of turning them into enemies. Coming events may some prove that the un-American coher pursued in Palestine by the United Stutes, for the sole purpose of liquidating an obligation by polit cians to Zion st voters and compaign contributors, was without any doubt, the highest form of treason to the security of this country and to the welfare of its one-hundred and forty million other citi-

A brief study of this map, to the left here, will

quickly tell this important story better than a nillion words. If the population which totals more than a billion people in North Africa, the Near East, the Middle East and the Far East will remain the loyal friends of the United States, we are safe. If they become our enemies, we are no longer safe. In the future war, which appears so inevitable and so imminent, it is doubtful if we can emerge the winner if we are denied free access and use of the vitally strategic area extending from Morocco on the Atlantic to the Philippines in the Pacific. It is improbable that we shall emerge the winner unless the immense and important natural resources of this area are made available to us willingly and generously. The effective good-will and the loyal ecoperation of this enormous reserve of manpower, more than one-half of the total population of the world, will prove to be the nost important lactor in determining the winner.

However, there is something equally important to be considered at this motion by all American mothers and fathers, and by all those who will again have to fight in another foreign war. It is quite possible that this seemingly inevitable and imminent war may be prevented. It is reasunable to believe that no power in Europe will ever dare to engage the United States in a war, if it is known in advance that the nations forming the "underbelly" of Europe and Asia will enter that war as our allies. Even the most powerful nation in Europe is not so blind to reality, that it will risk its national existence by inviting war with the United States, knowing in advance that fighting with us on our side there will be the nations forming the "underbelly" of Europe and Asia, with a total population of more than a billion people. No nation in all the world could survive a war, fought at the same time against the United States and all the nations of North Africa, the Near East, the Middle East and the Far East. The simple logic of this international situation is so well understood, and so well appreciated by aggressor nations, that none will invite national suicide by engaging in a war with the United States under such circumstances. It is therefore the duty of our government to immediately establish, and rigidly maintain, the most friendly relationship with all the nations of Nurth Africa, Asia Minor and Asia. Only by following lhis policy csn we make certain that war, under existing conditions, can be averted.

Russia is well aware of the fact that she cannot, as she hopes, easily and quickly carry to its successful conclusion, her plan to dominate the world, if the United States and the nations of North Africa, Asia Minor and Asia see eye to eye as allies. It must also be as obvious to Russia that the present expansion of communism Russia that the present expansion of communism westward in Europe and eastward in Asia, cannot be accelerated, with or without the use of force, as long as the United States and the natioos of the "underbelly" of Europe and Asia continue to remain allies. This has compelled Russia to search for a strategy which would quickly and irrevocably convert these friendly nations into enemies of the United States. Russia's plan for ideological conquest of the world can never make progress as long as the United States and these nations remain allies. Russia soon discovered the strategy by which she could accome these nations remain allies. Russia soon dis-covered the strategy by which she could accomplish the result so necessary for her purpose. This strategy was based upon the ability of Russia to succeed in forcing the United States to give "all-out" support for Zionist aggresion in Palestine. In this regard it will be recalled that it was not Russia which originally sponsored the Zionist plan to partition l'alestine. Russia always managed to keep the United States out liout in the race to encourage Zionist aggression in Palestine. Russia slyly allowed the United States to be the one to "use the whip" on the smaller states in the United Nations to black-jack them into young for the partition of Pales jack them more refined for the partition of Pales-tion. In all these proceedings in the United Sations Russia slyly kept quiet. Russia at that time did no more than vote afternatively to sup-port the United States-sponsored Zionist's Pales-tine partition plan. For it the United States was then using every questionable form of inter-national bribery and blackmail to push it through the United Nations General Assembly. The United States was successful in "delivering" the contract which the Zionist high-command had demanded from the administration, in return for Zionist political support and "other valuable considerations". However, this very same act lost for the United States the respect, the esteem and the confidence of these more than one billion people. Their faith in the integrity, the fairness, the honesty and the justice of the United States was destroyed then and there.

China, India, Pakistan, Turkey. Afghanistan, Iran, Burma, Egypt, Syria. Lebanon, Saudi-Arabia, Yemen and the peoples of Morocco, Algieria, Tunisia, Cyrenica, Libya, Siam and In-

donesla, with a total population of two out of ery three human beings in this world, quickly gistered the full measure of their contempt in this betrayal by the United States. Each one of these nations represented in the United States in the very case voted against this United States, in every case voted against this United States-sponsored Zionist plan for Pulestine partition. The representatives of these nations, and flices peoples saw, with their own eyes, how a sinister secret group could force the United States into becoming a willing party to an illegal, inhuman, unjust and dishonest infernational adventure. They saw with their own eyes, that under similar circumstances, there was no hupe for themselves, if they should ever be compelled, at some future time, to rely upon the integrity of the United States. In view of this disgraceful performance by the United States in the Palestine situation, it is difficult to imagine that these nations would ever pluoge their people ioto a destructive war, in order to preserve, and impose upon this world an ideology which ignores and betrays all limman rights and international justice. They saw with their own eyes, the heritage of their brothers in Palestine bartered away in the United States, in payment by the administration io Washington of its political debts to the Ziunists in the United States. "Sle gloria transit."

Russia had assured United States politicians that Russia would inte in the United Nations to support the United States-sponsored Zionist plan for the partition of Palestine. The support by Russia, and her five "Charlie McCarthy" satellite states, for this plan, assured the United States that it would obtain enuugh votes in the United Nations to insure victory for the vigorons campalgn the United States had eonducted there on behalf of its Zionist masters. Thus Russia at once was rewarded with the most successful outcome for the strategy which she had used. The United States was held responsible, by nations favorable to the Arabs, for the "recommendation" by the United Nations General Assembly, of the United States-spousored Zionist plan to partition Palestine. The Arab world, the Moslem world, and all the peoples of Asia and Africa, as a single voice, expressed their resentment to this betrayal of the Arabs by the United States. Russia thus drove the first nail into the coffin of United States and Near, Middle and Far East solidarity. Since that mournful day, Russia has left no stone uniturned to instigate and incite the United States into giving increasingly active and substantial support to Zionist aggression in Palestine. Russia will never rest satisfied until every nation in North Africa, the Near East, Middle East, and Far East cunne to regard the United States as their common enemy. By the use of brilliant and effective international strategy, inside and outside of the United States to earn the hatred and the enmity which these more than a billion people are now developing toward the United States.

By the use of great cunning and generalship in the Palestine situation, Russia will shortly drive the last nail into the coffin of the centurieslong friendship between the peoples of the United States and the peoples of North Africa, Asis Minor and Asia. When the day arrives that Russia can be sure that this is an accumplished fact, Russia, without aoy loss of time, will extend her control and influence westward in Europe and eastward in Asia, without fear or hesitation regarding the attitude of the United States. Russia can feel perfectly free to move in any way she desires, in any part of the world, when the United States can no loner regard as her allies, and depend upon, the nations which form the "inuderbelly" of Europe and Asia. In the very recent past Russia has capably demonstrated how well, and how often, she can turn international somersaults when it serves her purpose. It would not surprise many highly-placed persons to see Russia soon take the place of the United States, politically and economically, in North Africa, Asia Minor and Asia. When that has happened, all Europe and Asia will fall into the lap of Russia like a plum, There can be no other logical consequence after Russia has secured for herself, by the political acmone demonstrated in the Palestine situation, economic control of the immense and important natural and human resources of those continents. Russia will then have available unlimited reserves of oil, rubber, tin, eopper, and other vital raw materials, all of which Russia now lacks. It will not be long thereafter before Russia will dominate the entire world.

Of what crime against international justice and human rights is the United States guilty, to deserve this form of malignant ennity from these long-friendly peoples? The evidence of our guilt is abundant. Our ill-advised administration in Washington obligated the United States to use its printernatii and the secources and its tremeodous internatii and tical power, as an ally of the Zionists, arloin from the innocent, delenaeless and law-abilling Arabs in Palestine, their homeland for the past thisteen centuries. Every American worthy of that name, to the last man, would be proud to die fighting in the defense of his homeland, against the very kind of aggression in Palestine which our own government is now engaged in aiding and abetting.

In 1918 the population of Palestine cunsisted of 93 per cent native Jews. (The native Jews at that time had nearly all been natives in Palestine for countless centuries.) At about this time, a secret arrangement was eptered into in London, between the British Government, and the representatives of the Jews then inhabitants of Russia. Its terms obligated the British to transplant these Jews from Russia ioto r'alestine. The Arabs in Palestine were never consulted regarding this proposed mass migration of millions of Jews into their country from Russis. To earry out this conspiracy with the Jews, the British histalled an army of one-hundred thousand soldiers in Palestine had been fundred thousand soldiers in Palestine had been guaranteed to the Arabs, by the British, in 1915. The League of Nations, in 1919, also recognized the independence of the Palestenian Arabs. In Article 22, of the Covenant of the League of Nations. In 1921, the British were duly appointed by the League of Nations as the trustee for Palestine, to "give administrative aid and assistance", temporarily, as clearly stated in the League of Nations Covenant creating the trusteeship, until self-government could be organized by the Arabs in Palestine, Instead of earrying out its obligations to the people of Palestine, the British proceeded, during the twenty-five years since that time, to force into Palestine against the vehement opposition, and continuing protests, of the native Arab population, more than six-hundred thousand Jews, almost exclusively from Russia, Poland, Lithuania, Galicia, Rumania and uther countries of eastern Europe. The British employed their army of 100,000 soldiers in Palestine to lorce these six lumdred thousand Jews into Palestine, despite the continuing Arah remonstrances that, as a natiou, they possessed the exclusive and inalienable right to control immigration into their homeland. Pursuant to the conspiracy between the British and the Jews, the British planned not to withdraw her army from Palestine to govern themselves,

The trouble in Pafestine today is all due to this brazen attempt by the British, to rob the Arabs in Palestine of their internationally recognized right to live as a Iree nation, and to exist as an independent sovereign state. For selfish, strategic, both political and economic, international considerations, the British lad entered into this conspiracy with the Jews for converting Palestine into a pro-British, non-Arah, and sovereign state for Jews. The Arabs were to be reduced, by this conspiracy, to the status of a political and economic minority in the country which had been their homeland for more than one-thousand three-hundred years. During this long period the Arabs had owned, occupied, cultivated and governed their homeland. The Arabs resisted this contemptible conspiracy between the British and the Jews with all their vigor and with the very limited means of delense at their disposal.

But the British, in recent years, found themselves in Palessine in the position of a nut in a nut-cracker. In London, the important Jews, politically and financially, were putting great pressure upon the British government to deliver Palestine to the Jews. The Arabs, in Palestine, at the same time were demanding that the British leave the country, and turn Palestine back to them in keeping with their obligations under the trusteeship agreement. The Arabs were also demanding that the British at once cease forcing additional quantities of immigrant Jews into Palestine. The British however, continued to violate their obligations and to ignore their responsibilities to the Arabs in Palestine. Recent events compelled the British to admit that they could proceed no longer with their betrayal of the Arabs, The British were compelled then to acek elsewhere for a solution of the problem which they had created for themselves in Palestine. And this they did quickly,

As soon as the British made public that they

intended to abandon their conspiracy with the Jews for their conquest of Palestine, the Jews ment bezerk. The Jews in Palestine since that moment have waged such relentless guerilla warfare against the terror-stricken British, that the British made a quick decision to pull out of Palestine quickly and completely. The British lowever, lacked the character, or the courage, or both, to transfer the administration there. In the existing British "Administration of Palestine", to a legal Palestenian "Government of Palestine", as the British were required to do by the terms of the Leagne of Nations trusteeship agreement. It planned for rule by natives in Palestine. Instead of doing so, the British "passed the buck" to the United Nations and invited the United Nations to "recommend a future form of government for Palestine." This step by the British was treason to their trust. The British chose in this manner to risk dishonoring themselves, by violating their international responsibilities rather than to expose themselves to political and economic reprisals by world-wide frustrated, fanatic Jews. The British, during the thirty years they had been in Palestine, had already enjoyed a taste of the tremendous power and influence of world-Jewry. The British today fear the wrath of world-Jewry more than any other force on the face of this earth.

It is a fact that has been well aired in our

It is a fact that has been well aired in our Congress, that high-ranking Jews in political, financial and commercial circles in the United States have exerted powerful pressure upon the highest elected and appointed officials in our government, to force the delegation of the United States, in the U. N., to compel many unwilling nations to vote, under the whip, for the Palestine partition plan worked out by the Zionist high command. The enormity and the implications of this shocking scandal caused the Hon, Lawrence H. Smith to state in Congress on December 18, 1947 as follows:

"When the second session of the Eightieth Congress convenes I propose to offer a resolution which would authorize a full and complete investigation of the acts of public officials and private citizens in this lobby for the partition of Palestine. The Congress of the United States is charged with knowledge that a considerable lobby exerted pressure. If the United Nations Security Council attempts to implement this partition decree a war of annihilation will result."

The Honorable Ed Gossett, of Texas, one of the outstanding members of Congress, had the following to say regarding the day upon which our top officials in Washington issued instructions, to our delegates in the United Nations, that they must secure enough votes, under any circumstances, to insure favorable action by the the United Nations for the Zionist's Palestine partition plan. It is well known that the administration in Washington gave its pledge, to the Zionist leaders in New York City, to surely "deliver' enough votes to them. About this, Congressman Gossett made this direct statement;

"Saturday was one of the blackest days in American history. America is responsible for the partition of Palestine and the creation of a sovereign Jewish State. She has perhaps planted the seeds for World War III".

Let us call a spade a spade. The United States is now giving its official support to the armed insurrection in Palestine by a minority of the population there. This minority consists of the imigrant Jews in Palestine who were transplanted there, during the past thirty years, from countries in eastern Europe, by the British. They were only able to enter the country, against the violent opposition of the native Arab population, with the protective assistance of the one-hundred thousand soldiers stationed in Palestine by the British for that purpose. This armed insurrectionist minority is made up of the identical immigrant Jews who left their homeland in Europe to seek security and opportonity in Palestine. This armed insurrectionist minority now demands that more than une-half of Palestine shall be amputated, and, with force if needs be, made a nationalist, independent, sovereign state for Jews. At this moment, the United States is pouring hundreds of millions of dollars into China, Greece, Korea, and Germany, to prevent the partition of these countries by armed insurrectionist minorities. The United States follows this foreign policy in keeping with its traditions, or with its obligations as a member of United Nations, or both. In these countries, the armed insurrectionist minorities are sections of the native populations, and not recently-arrived immigrants.

The strategic importance in the United States elections, of those votes controlled by the Zionist high-command, and the tremendows campaign contributions extracted from Zionist partisans, for the political party and for candidates who are willing to follow Zionist "suggestions", requires an explanation. The Zionist controlled vote in the U. S. is the balance of power. It decides Republican of Democratic victory in the national elections. That vote swings the elections in the must important five states. The Zionist partisan vote in New York, Pennsylvania, Illinois, Massachusetts and California is the factor which determines whether the 131 electoral votes shall be cast for the Republican or the Democratic candidate for Presideot. These 151 electoral votes are 35 per cent of the total 432 electoral votes are 35 per cent of the total 432 electoral votes for the entire forty-eight states. The 181 electoral votes, which the Zionists can "deliver" to a presidential candidate, will determine who is to be the President of the United States. This simple fact will explain why all candidates who wish to remain in the White House, must enme to an understanding with the Zionist high-command.

The Zionists spend untold millions to elect the candidates, to all offices, who take orders from them and do their bidding. The Zionists spend untold millions to punish the candidates who prefer instead to serve the interests and the welfare of all the people of the United States. Ooe case may be sufficient to illustrate this serious situation. Senator Revercomb of West Virginia was recently respossible for the passage in Congress of an immigration law which will permit the entry of an additional 200,000 persons displaced from their homes in Europe by the war. Of the 800,000 persons In these displaced persons camps, only 200,000 are Jews and 600,000 are Christians. But of the 200,000 Jews, 185,000 left their homes in communist-controlled countries behind the iron curtain only after the termination of the war. These reached the displaced-persons camps with the assistance of the American-financed "underground railroad". Senator Revercomb was instructed by the Zionist lobby in Washington to alter the terms of this immigration law in order to make it possible for these inlegible Jews to enter the Linied States under this new legislation. In justice to the original purpose for which this Immigration law was instended, Senator Rivercomb refused to comply with the instructions of the Zionist lobby. As a consequence, Senator Revercomb fas now been branded as an "anti-Semite" by the Zionist partisans. The Zionist high-command is now concentrating its forces in West Virginia upon the election of the candidate for United States Senate running agaiost Sen. Revercomb for reelection to United States Senate on the Republican ticket. The extract from a letter recently received from West Virginia describes the Zionist pressure to defeat Senator Revercomb for reelection. The writer of this letter is one of the leading industrialists of the country whose home and interests are situated in West Virginia. It would therefore expose him to reprisal if his name were made public. In his letter he states:

"The New York Zionists are making a fight against Seoator Revercomb in West Virginia because of his position on the immigration question.

His opponent is considered to be a splendid tool of labor Zionist socialist movement and the New York Zionists have claimed they will spend \$100,000 against Revercomb in West Virginia and Mr. Dewey Is afraid to come into West Virginia to speak for him."

The perverted concept of justice and equity at presect being displayed by our government's officials in the Falestine situation is nothing less than depraved. Our nation's leaders are acting as if they believed that the thiel who steals an automobile becomes its rightful and legal owner when he "proclaims" that he is using the stolen automobile as a taxi-cab, and that the thiel should be provided with protection by the police to prevent any interference by the rightful and legal owner with the profitable operation of the stolen automobile by the thief. That is the policy the United States is employing and advocating in the Palestine situation. The immigrant Jews, who forced their way into Palestine only with the assistance of an army of 100,000 British soldiers, are now seeking to seal a large part of Palestine from its rightful and legal owners, and to "proclaim" it as their sovereign state. The thieves are now demanding the protection of the armed forces of the world in order that they may enjoy the profitable employment of their stolen territory in security and safety without interference from the rightful and legal owners. It is difficult to believe that true American citizens will for long permit the Zionist-controlled politicians to continue to degrade the good-name of the United

States e dishonorable use of its incontestible international influence, to force this un-American crime against international justice and human rights down the throats of the innocent, defenseless and peaceful law-abiding Arabs.

It can do no harm at all if the President of the United States ships the Declaration of Independence, the Preamble to the Constitution of the United States, the Monroe Doctrine, President Wilson's Fourteen Points and the Atlantic Charter. Let him only refresh his recollection about what he himself recently stated as the loreign policy of the United States, President Truman, in 1947, in his "Message of the President of the United States on the State of the Union", declared to Congress the foreign pulicy of this government in no uncertain language. President Truman stated;

We shall approve no territorial changes in any friendly part of the world unless they accord with the freely expressed wishes of the people concerned. We believe in the eventual return of sovereign rights and selfgovernment to all peoples who have been deprived of them by force. We believe that all peoples who are prepared for self-government should be permitted to choose their own form of government by their own freely expressed choice, without interference from any foreign source. That is true in Europe, in Asia, in Africa, as well as in the western hemisphere. We shall refuse to recognize any government imposed upon any nation by the force of any foreign power. THAT IS OUR FOREIGN POLICY."

But the foreign policy of the United States today in the Palestine situation is in complete contradiction to what President Truman stated in 1947.

Another convincing illustration of the extent of Zionist control over our foreign policy occurred on September 23, 1948, in Paris, when Secretary of State Marshall addressed the meeting there of the United Nations General Assembly. Secretary of State Marshall "warned", using his own words, the delegates of the fifty-two nations assembled there as follows;

"We (United States) will not compromise essential principles. We will under no circumstances barter away the rights and freedoms of other peoples".

Almost in the very same breath, Secretary of State Marshall also stated that it was the desire of the United States, that the territory in Palestine, which the Jews were attempting to steal from its rightful and legal owners by means of a U.S.A.-financed armed insurrection, and to "proclaion" as their sovereign state, should now be admitted into the United Nations as one of its legally created, respected member nations.

But, contrary to all justice and equity, our administration in Washington still feels it cao be generous to its Zionist supporters, with territory seven-thousand miles away belonging to somebody else, as the "valuable consideration" for the political support of the Zionist vote on election day, and "other valuable considerations"

In the year 1915, at the time when the British, and her allies, were suffering crushing defeat by Germany, Austria-Hungary and Turkey in the first World War, the British soon eame to the conclusion that victory against Germany was not possible unless the Arabs could be induced to enter the war on the side of the British. History has since then confirmed the fact that this participation by the Arabs made victory a certainty, and far less costly in the expenditure of human lives and material wealth. In 1915 the Arab nations were a self-governing state within the Turkish Empire, and had been for about four-hundred years. As an ally of Germany, the Turkish Empire was at war with the British, But the Arabs had been planning for many years to withdraw from the Turkish Empire. The British knew of this and, proceeded to capitalize upon this Arab aspiration to shift, Arab military support from Turkey to herself. Pursuant to this plan, the British in 1915 promised the Arabs that if they would abandon Turkey, and enter the war against Germany as an ally of the British, that the British would agree to unconditionally recognize Arab independence after the defeat of Germany. The following are a few of the many official assurances made by the British to the Arabs;

"We confirm to you the terms of Lord Kitchener's message io which it was stated clearly our desire for the independence of Arabia and its inhabitants—the sympathy of Great Britain towards the aspirations of her friends the Arabs—freeing of the Arab peoples from the Turkish yoke. The Government of Great Britain, as I have already informed you, are feady to give you all guarantees of assistance and support within their power to the Arab Kingdom. I am further directed by the Government of Great Britain to inform you that you may rest assured that Great Britain has no intention of concluding any peace in terms of which the freedom of the Arab peoples from German and Turkish domination does not form and essential condition."

During the 1914, 1915 and 1916 years of the first World War, the Jews throught the world, and particularly in Russia, were generally pro-German. World-Jewry did not desire to support the war against Germany then because Russia was one of the allied countries fighting Germany, World-Jewry hesitated to give its assistance to win the war against Germany thecause it would strengthen Russia. The tension between world-Jewry and the Czarist Russian government was greatly strained owing to the treatment of the Jews in Russia by the Czarist governments for a long period of time. In a desperate attempt to shift the support of world-Jewry from Germany to the Allies, the British did not hesitate to knowingly and willingly double-cross the Arabs. As the price for stopping support of world-Jewry for Germany, and gaining the support of world-Jewry for Germany, and gaining the support of world-Jewry for the British and her allies, the representatives or world-Jewry meeting. In London, demanded that the British agree to make Palestine a nationalist sovercign state for Jews after the war. Remembering their agreement with the Arabs, the British at first refused. Owing to the emergency, the British were forced to agree to an ambiguous understanding. This mutually misleading understanding was then put into writing. The entire understanding is set forth in a letter dated November 2, 1915, more than two years after the 1915 agreement between the British and the Arabs. The Arabs were neither consulted nor informed about this secret understanding. The understanding, is a letter to Lord Rothschild, the top-ranking Zimnist in the world at that time, from Arthur Balfour, who signed the letter for the British government as a member of the British government as a member of the British government as a legal and valid agreement by which the British gave Palestine to the Jews to become their national sovering state after the war. The British have denied that it was so intended. The letter itself will conarm the fraudulant nature of the Zionist

Foreign Office, Nov. 2, 1917

Dear Lord Rothschild,

I have much pleasure in conveying to you, on behalf of His Majesty's Government, the following declaration of sympathy with Jewish Zionist aspirations which have been submitted to, and approved by, the Cabinet.

"His Majesty's Government view with favor the establishment in Palestine of a national home for Jewish people, and will use their best endeavors to facilitate the achievement

I should be grateful if you would bring this declartion to the knowledge of the Zionist Federation. Yours,

(signed) Arthur Balfour.

In the year 1921, at the time the League of Nations was created, the fifty-two leading nations of the world who created it, including the British, in Article 22, of the League of Nations Covenant, its constitution, unequivocally and unconditionally confirmed their recognition of the Indepedence of Palestine, and of the other Arab nations, in the following terms;

"Certain communities formerly belonging to the Turkish Empire, have reached a stage of development where their existence as independent nations can be provisionally recognized, subject to the rendering of administrative advice and assistance by a Mandatory (Trustee) until such time as they are able to stand alone."

The League of Nations thereafter entered into a written trusteeship agreement with the British based upon Artiele 22, quoted above. Under the terms of this trusteeship agreement the British were given the temporary administration of Palestine. In simple language, this trusteeship agreement was an employment contract by which the League of Nations hired the British oact for a short while as administrator in Palestine. The very first paragraph of that trusteeship agreement again confirms the temporary character of the British administration of Palestine, and the international recognition of the independence of Palestine by the fifty-two nations in the League of Nations. The Zionists, have also given much publicity during the past twenty-five years to this trusteeship agreement, known as the "Mandate for Palestine." The Zionists have claimed that the "Mandate for Palestice" established the right of unfimited immigration of Jews into Palestine and the right to turn Palestine into a nationalist sovereign state for Jews. The falsity of this Zionist claim is demonstrated by the opening paragraph of the "Mandate for Palestine". That opening paragraph affirms that the reason for this temporary British administration was to carry out the purpose of the League of Nations Covenant, Article 22, quoted above. The primary responsibility of the temporary British trustee, administering in Palestine, is clearly determined by the first paragraph, which reads;

"Whereas the Principle Allied Powers have agreed, FOR THE PURPOSE OF GIVING EFFECT TO THE PROVISIONS OF THE COVENANT OF THE LEAGUE OF NATIONS, (see quotation of Article 22 in previous paragraph), to entrust to a Mandatory (Trustee), selected by the Powers, the administration of THE TERRITORY OF PALESTINE."

For the past twenty-five years the Zionists have been justifying their invasion and conquest

The approval by the United Nations of the Zionist's plan for Palestine partition, on November 29th, 1947, was the result of Zionist pressure in the United States to "use the whip" on nations financially dependent upon the United States for their survival. The recommendation of the Zionist's Palestine partition plan was advertised by the Zionists as a "decision" of United Nations. Unlimited Zionist millions were devoted to advertising this untruth about the United Nations' so-called "decision". From subsized church pulpits, over controlled radio broadcasting chains, in newspapers ruled by Zionist advertisers and wherever their power extended, the Zionista asked the world to believe that United Nations had the authority to force the Arabs to accept Palestine partition as a legal international decree. But that is completely contrary to the facts,

The nations which created United Nations, conferred upon it only three limited powers; firstly, to maintain INTERNATIONAL peace by suppressing INTERNATIONAL agression; and secondly, to demand INTERNATIONAL respect for the right of nations to determine for themselves their own form of government; and thirdly, to solve international humanitarian problems by International cooperation. The creators of United Nations specifically provided that United Nations cannot interfere in the DOMESTIC affairs of any nation. The armed insurrection in Palestine by a revolutionist minority of immigrant Jews is a DOMESTIC affair. There are also at the present time armed insurrections by revolutionist minorities of natives in China. Greece, Siam, Burma and Guatemala. The United Nations is taking no action to partition these countries. Some day an armed insurrection by a revolutionist minority group may occur in the United States. Would the loval population consent to the partition of the United States by the United Nations as a means of putting an end to the fighting? Partition of a nation to stop the warfare forced upon it hy an armed insurrection, is to actually invite revulutions by minorities. If the United Nations percognifics the right of minority groups, within existing nations, to "proclaim" themselves independent sovereign states by the means of armed insurrection, and United Nations partitions a nation to preserve peace, hell will be let loose on this earth. In the mean time, this country cannot endanger its security by supporting such a policy in Palestine. If we do, we may he inviting war,—and what is worse, we may be inviting defeat

CONDETMC GINLEY, EDITOR SECURITY MATTER - X Bureau File 105-9521 THE STATE OF THE S

Reference is made to Philadelphia teletype dated July 12, 1949, captioned, "NATIONALIST ACTION LEAGUE, INTERNAL SECURITY - X", indicating that CONDE MC GINLEY, Editor, "Common Sense", Union, New Jersey, was arrested on an unknown date, handcuffed and dragged around for forty minutes, not allowed to use the phone and taken to headquarters with wrists swollen and bleeding.

There is enclosed for the information of the Bureau a copy of "Common Sense" for June 15, 1949. There is also enclosed a form letter from MC GINLEY on the stationery of "Common Sense" which gives MC GINLEY'S account of the above mentioned incident.

According to an informant of this office, of who periodically furnishes information regarding the activities of MC GINLEY, two men from the Union County, New Jersey, Sheriff's Office attempted to attach MC GINLEY'S property on Friday, June 17th. MC GINLEY considered the attachment as a trick to get his files on the part of his enemies, the Jews and Communists. MC GINLEY put up a struggle and was arrested on a charge of assault and battery against an officer.

For the information of the Philadelphia Office, the account of the incident furnished by on July 8, 1949, is a summary of the most dramatic phrases used by MC GINLEY in his account of the incident which appears in the June 15th issue of "Common Sense". The trial referred to, it is believed, relates to the assault and battery charge.

No active investigation has been conducted in this case and none will be made in the absence of specific Bureau instructions.

# Soviet-styled Raid Fails to Stop Paper

#### The American Politburo

By Merwin K. Hart, President National Economic Council, inc. In Letter No. 214

(continued from last editlor:1

Our betrayal of China marked the end of our long-time policy of the Open Door in China. which, together with the Monroe Doctrine, had long been the cornerstone of American foreign policy.

If it had been in our vital interest to betray China, some argument, however ignominious, might have been raised by some in its favor. But it was not in any sense in our interest. It was in disregard of every American interest.

The same alien element forced us to adopt the policy of "unconditional surrender" toward both Germany and Japan, although such unconditional surrender resulted in the practical annihilation of Germany and such horrible destruction as at Hiroshima and Nagasaki. This policy removed both Germany and Japan which otherwise could have been reconstructed and made effective barriers to Communism.

It ordered the American army to retire over 100 miles over land taken by our troops from the Germans, in order that Soviet Russia might occupy Berlin and much of the best of Germany. This like other travesties and treacheries has never been explained.

This alien element fathered the Nuremberg Trials, vehement and vindictive in their inception and in their carrying out, and which, should the United States ever be defeated in war, will be the precedent for the hanging of every important American official, from the President down. It led to the betrayal by us of the leaders of a huge Russian military force who surrendered to American troops and who were turned over by us to certain punishment at the hands of Soviet Russia.

This same influence led us to the setting up of the United Nations-an utter failure so far as any interest of the American people is concerned, but entirely understandable as the tool of the internationalists.

America, A Puppet of Stalin

In Regard to Spain

This same alien influence persuaded the United Nations, this tlme at the instance of Stalin himself, to call upon the United States and other Governments to withdraw Ambassadors from Spain. Yet Spain is the one large country on Continental Europe that has defeated Communism and held it under complete control. She would be the strongest ally the United States could have in Europe.

This same alien influence permitted or ordered the destruction by ruthless force of literally billions of dollars of American military materiel, including airplane engines, precision instruments and even watches. It sold at the merest fraction of value or gave away other billions of materiel. And much of this materiel clearly found its way into the hands of Soviet Russia. Some of this materiel is at this moZionist Leader Maneuvers Confiscation of Office Files-Editor Manhandled in Attempt to Reach Telephone—Office Girl Flees in Terror as Raiders Strike Without Knowledge of Union Police

W. Henry MacFarland, Jr.

Acting under the power of a tricked judgement for \$1700, Robert Dvorin, prominent Zionist leader of Linden, New Jersey, maneuvered a surprise raid on June 17th, upon the office of the Editor of this newspaper, Conde McGinley. The raid climaxed one phase of a three year battle, in which a combination of Communist, Zionist and World Federationist forces have sought the paper's destruction.

The phase of the campaign with which the raid is connected involves long and complicated maneuverings, on the part of a Jewish faction hostile to COMMON SENSE, to obtain a sufficient degree of control over its one-time Christian printer to make further business with his firm impossible. When this goal was reached, in 1947, the faction engaged in practices which caused Mr. McGinley to dispute its total billings. A long legal battle ensued, and is still in progress.

With another court hearing scheduled within a week of the date in question, at which the case might have produced a fair and just decision, the hostile faction moved to active force. On the afternoon of June 17th, a Friday, two Jews, later identified as Alfred Greenberg and Harry Coplon, Union County Deputy Sheriffs, walked unannounced thru the door of the building which serves as the headquarters for COM-MON SENSE. Without identifying themselves, without producing badges or other credentials, and without performing lawful service of any kind of writ, they informed Mr. McGinley that they had come to execute a levy, and that his personal as well as business property was to be removed from the premises. So menacing was the approach of these men, and so suspicious were their actions, that a girl worker, on duty at the time of their entrance, fled from the building in terror.

When his questions obtained no satisfactory explanation of their presence, McGinley started for a telephone located in the adjoining room. When he was followed by one of the raiders, he turned about and walked toward the door to the street. Realizing that he was alone, without witnesses or protection in case of assault, he had decided to use an outside telephone for contacting his attorney and co-workers.

As McGinley approached the door, the man later identified as Coplon stepped in front of him, as if to block his exit. As you or I would do under the same circumstances, McGinley pushed him aside in passing. Greenberg, still without divulging his identity, stepped from his position at the door, where he had motioned to Attorney Dvorin, and declared that McGinley was now under arrest.

Republished from CHRISTIAN VETERANS POLITI-CAL COUNSEL—CHICAGO.

During the spring of each year the power-and dictatorial ANTI-DEFAMATION LEAGUE OF B'NAI B'RITH issues its yearly report on Anti-Semitism in the United States. This year the ADL is more ambitious and has had its report for the year 1948 published in book form by Doubleday & Co., under the title HOW SECURE THESE RIGHTS? The advertising material on the jacket of the book states: "This book was a year in the making. Its documented facts and thought-provoking conclusions are the results of research and investigations which utilized the nationwide resources of the Anti-Defamation League of B'nai B'rith." The book is voluminous in its listings of organizations, publications, and individuals which it deems "hate-mongers" etc. Among those listed are Merwin K. Hart, Upton Close, Joseph P. Kamp, Rep. John Rankin, Gov. Herman Talmadge, General George Van Horn Moseley, Rep. Clare Hoffman, Rep. Edward Cox, Rep. Ed. Gossett, Elizabeth Dilling, Mrs. L. Van Hyning, Rev. Gerald Winrod, Rev. Lawrence Reilly and Gerald L. K. Smith. Also included are numerous foreign-language newspapers in the United States which the ADL

"He that shall persevere unto the end, he shall be saved." (Matthew, Chapter 10, verse 22)

Perseverance is a grace, a grace not given to everyone, a grace which God does not give unless it is asked for. "Ask and ye shall receive. Seek and ye shall find. Knock and it shall he opened unto you."

In any life we always have the cross. Our beloved deceased, here, lived a long ond rich life. She learned to carry the cross. She acquired patience in carrying her crosses. She learned to love the cross. She said her morning and evening prayers, her grace before and after meals. She mechiated daily. She knew that there is a God. She knew that there is a God. She knew that there had foly Ghost; and that he Second Person of the Blessed Trinity came down and became Man.

She could say, with the great Saint Paul, "I have fought a good fight, I have finished my course, I have kept the fulth. As to the rest, there is laid up for me n crown of justice, which the Lord the just judge will render to me in that day," for I believe in the resurrection of the body; one day this body will rise glorious and immortal from the toub, to be remitted with my soul, to enjoy God for all eternity.

As she spent this long span on our earth one bas given as a great example of what a grand thing it is to think. We need more thinkers. Our whole land is suffering now because so many do not think.

She sang. From the time she learned to speak she began singing; she was singing after her ninefieth year; she sang for hours on her last day on earth.

She wrote poetry. And by reason of the thought which she has expressed in this poem that I have had the privilege of reading, I should like to read it this marning. She has called it

#### Socialized Medicine

Oscar R. Ewing is head of the Federal Security Administration and one of the biggest promoters of "socialized medicine" as a first move toward regimentation of the medical profession and all who need medical treatment.

Although he draws a salary of \$12,000.00 per year (plus ?????? expenses) he forced the (government supported) Saint Elizabeth Hospital in The District of Columbia to provide him with a man cook for some kind of special dining establishment which he maintoins in his office building (probably at government expense for 100d etc.) but to keep this cook on the hospital payroll. In other words, not having any place in his budget for a cook, he stole this cook's salary from the hospital inmates—whose putients, at least for the greater part, are insame and need every nickle for attendants which can be scratched together.

in January or February of 1949 (and maybe also at other times earlier). Ewing spent several days undergoing treatment in the inspital of The Coast Guard and Merchant Marine (at Bethesda, Maryland?) at government expense, and illegally. Namely he again stole from the government and people of the United States the cost of his bed, board, and treatment there.

During March, Ewing spent some three or four weeks again in the same hospital with a shift of three nurses in attendance around the clock, as well as on operation, bed, hoard, and medicines etc. After being exposed by Fulton Lewis, Jr. this crook amounced that he had paid \$9.50 per day for his treatment. Even if he paid such, however, after his fraud had been exposed he paid only a small part of what he actually cost the inxpayers;—the salaries of three nurses alone is much more.

As healt of the Federal Security Administration Ewing is custodian of the Social Security fund (old age pensions, etc.) which is ideducted from workers payrolls, and which should now amount to some eleven to thirteen billion dollars. Actually, according to one of Fulton Lewis, Jr's recent broadcasts, the only money actually in this fund at the moment is that currently being paid in by persons covered by the fund. The entire dozen or so billions paid in over the years since the Security Administration was established has been spent on salaries of the employees of the Administration or else for other expenses of government not even related to Social Security, much for propaganda to perpetuate the New Deal.

Yet this same Osear Ewing is the man who would socialize medicine under his administration. Why does no member of Congress call this fiend to accountability?

ment being used by the Soviets to conquer China.

Ex-President Hoover in his Report on the military budget said:

"The question of what became of the tanks is only a part of the broader question of what became of the vast quantities of war material on hand at the end of hostillties. The Army has stated that It has material sufficient to equip only 18 divisions, although at the end of the war it had some 89 fully equipped divisions and great additional quantitles of material in the pipe line. Disposition of easily replaceable material is readily understood; but loss of complicated, difficult-to-produce military equipment is another matter, especially as the military were put on notice six months after the end of the war as to the seriousness of the international situation.

Frank Hanighen in the weekly supplement entitled, "Not Merely Gosslp," indicates that the scandal of the disappearance of this materiel may exceed that of Pearl Harbor.

Who but treasonable conspirators against America could have ordered it destroyed? UNRRA

This same allen influence was back of UNRRA, \$600,000,000 of whose funds were given to the communist Government of Yngoslavia, and other funds used to build up Soviet Russia herself. It was back of the surreptitions and Higgal admission into the United States of "refugees" estimated to be at least a million and a half, and possibly as many as three and a half millions. It was back of the futuous scheme known as ERP and ECA, whereby we are giving I7 billions of the savings and natural resources of the United States to bolster up socialist governments in Britain and alsewhere.

As a result of 16 years of this allen influence in the United States, we have today a Federal debt of 250 billions and a Federal budget of nearly 42 billions, but which may reach 50 billions before the present session of Congress is over. We have laws without number to regiment the people and to supply soft, useless jubs for hundreds of thousands of bureauguals. And we find representatives of this alien-winded element in vital and cushy jobs in every department of Government, in numbers far out of proportion to their part of the population.

And now this same alien force is demanding-

That we extend "Social Security" to 20 million more people at an added cost of several billions a year; that we adopt socialized medicine, though Britain's socialized analicine seems a failure from the standpoint both of physician and patient. That we extend the so-called reciprocal trade treaties, which in somewhat similar form have been on our statute books for fifteen years and have largely destroyed the American wotch industry, and have weakened others and have been one of the principal causes of this present recession.

That we restore the iniquitous Wagner Act in place of the Tait-Hartiey Act, though under the former we had a continual succession of strikes and sabotage, and under the latter we have had vastly improved conditions.

And Congress has already (authorized five and a holf billion dollars for ECA but not yet appropriated), aithough Spain, whose friendship and good will would do more for us than any other country on Continental Europe, is still left out; and ulthough Britain and France, the two principal beneficiaries of ECA appropriations, have not only socialized Governments and trememlous numbers of Communist Party members, but Treaties of Alliance and Mutual Assistance with Soviet Russio which, if they mean anything, would preclude them from joining with the United States against Soviet Russia. Moreover both Britain and France and other beneficiary nations are constantly shipping war moteriel, paid for by the American taxpayers to the USSR. (To be continued in next edulon)

# Nationalist Actionists Joins Common Sense

PHILADELPHIA, Jane 1—The NATION-ALIST ACTION LEAGUE, the organization which played so major a role in the four separate defeats administered to Communist-backed attempts to enact so-called "Fair Employment Practices" legislation in the key war ludastry State of Pennsylvania, todny officinity joined forces with COMMON SENSE, the Nation's anti-Communist Newspaper, in the inauguration of an nil-aut offensive against Marxism and its insidious front organizations in America.

To this end, NATIONAL PROGRESS, established by W. Henry MacFarland, Jr., Director of the League, in 1945, and serving as the League's official publication since its organization in October, 1948, amounced its discontinuation and urged all of its readers to throw their entire support to COMMON SENSE. Simultaneously, William J. O'Brien, Director of the LOYAL AMERICAN GROUP, an organization of patriotic citizens acting in parallel concert with COMMON SENSE, took steps to merge his membership into the new and militant anti-Red front thus created.

The action taken represents the first major step to be taken, since the outbreak of World War II, toward a unification of the forces opposing the drift toward Marxian Socialism—the bridge to Soviet Bolshevism—in America.

Commenting on the merger, Mr. O'Brien, who will serve as National Secretary of the expanded organization, said:

"A most important, n most needed step has been taken, in the merger of the Loyal American Group and the Nationalist Action League. This move will certainly help promote and foster nationalist unity. We intend to carry on a reientless campaign against the Marxist forced in the USA."

In Philadelphia, Mr. MacFarland, the League's National Director, spoke of the unlfication in terms of its positive and beneficial results. "What we have managed to accomplish," he declared, "is at perfectly balanced merger of two very effective nuti-Communist forces, and this in an area where the left-wingers are mainly based, and thru-out which they have shown their most menacing infiltration. America's battle against Marxism will not be waged against armed revolutionaries, bat against a powerful leftlet voting bloc which has already managed to plave dangerous pro-Communists in public office and even more dangerous pro-Communist legislation upon our statute books. To fight this type of foe, we must rally the millians of loyal Americans who, with their votes nlane, are capable of saving our Republic. I feel that our organization is capable of accomplishing just such a healthful result.

Details on the militant program to be carried out by the NATIONALIST ACTION LEAGUE are to be covered in a page which COMMON SENSE will devote, in each issue, to its activities. Included in the program are plans for the organization of units in all eastern states during the Summer of 1949, for the increased dissemination of Information regarding the triple threat of Marxism—Communism. Political Zionism and World Federationism—and the ultimate establishment of a National Voters Union, creating a pro-American bloc vote for the preservation of our Christian-based, Constitutional, Republican form of Government.

#### Do You Believe in Common American Justice?

Do you not believe, as an American, that our Republic is in danger when an appointed of fielal of the Administration in power can label as "subversive" a group which has distinguished itself in the fight against Communism, and then flatly refuse to grant that group any kind of hearing or review, or to inform its officers and officials of the precise nature of the wrongdoings alleged against it?

If you do, and If you believe in an American's right to oppose Administration policies without fear of such Sovietstyled reprisals, then throw your weight behind the NATIONALIST ACTION LEAGUE in demanding that the Attorney General either grant its officials a henring immediately, or net to publicly apologize for having circulated mis-statements concerning its activities.

THE ANTI-DEFAMATION LEAGUE AND ITS USE IN THE WORLD COMMUNIST OF-FENSIVE. The ADL passes off the charges that it is Communist, or even lends its support to Communists, as "ridiculous." The ADL fails to mention, however, that it contributed henvily to the legal defense of THE CHICAGO JEWISH SENTINEL and its editor and publisher J. 1. Fishbein during a libel suit in Chicago less than two years ago. Fishbelu is n well known champion of Stulin's Russia and of every red-tinged front organization in Chiengo. The ADL also fails to mention that It once employed a well known fellow-traveler by the name of Robert Greenfield who had charge of paying off John Roy Chrison for stooging for the ANTI-DEFAMATION LEAGUE OF B'NAI B'RITH. These are facts which the ADI, enunot ileny and which can be proved In court if need be. The ADL plays a peculiar game. For instance, this balletin and the AMERICAN RENAISSANCE BOOK CLUB are listed as anti-Semitic. Yet we have sold more copies of a book against Communism by the Jewish author Benjamin Gitlow than any other shigle book store in America. Westbrook Pegler who has recently been charged as being a vicious autl-Semite has called this book THE WHOLE OF THEIR LIVES by Mr. Gitlow the most important recent contribution on the menace of Commun-Ism in America. More and more Americans are beginning to see the vast contradictions which the ADL passes aff for facts. Perhaps it would he well to recall that the budget which the ADI, operated on last year was \$6,500,000,00. Professional tolerance-mongering pays off, HOW SECURE THESE RIGHTS? is recommended to those Americans who wish to examine the presentation of ADL "facts" and draw their own deductions. The price of the book is \$2.00 and may be ordered from the AMERICAN RENAISSANCE BOOK CLUB, P. O. Rox 1316, Chicago 90, Ill.

Profit from this book is 80c per copy which will of course go toward carrying on good work.

### N. A. L. Cleared By Wood Committee

WASHINGTON, May 25—In a letter nd-dressed to his colleague, Representative John Bell Williams (D. Miss.), the Hou. John S. Wood (D. Ga.), Chairman of the House Committee on Un-American Activities today stated that the body which he heads does not hold the NATIONALIST ACTION LEAGUE, publicly libeled by the U. S. Attorney General's Office on April 27th, to be either subversive or Fascist.

Acting upon a request made by the League's Director, W. Henry MacFarland, Jr., Representative Williams took steps to ascertain the possibility of his heing accorded a hearing before the Committee which has for years acted as the watch-dog of American Liberty. In his reply, Chairman Wood included the COMMITTEE FOR NATIONALIST ACTION, a group preceding the establishment of the presently functioning League, as another organization not cited by the Committee as being guilty of wrongdoing.

In the meanwhile, Mr. MacFarland's plea for a full public hearing before the Justice Department was flatly rejected by the U.S. Attorney General, Tom Clark, who also refused, in a communication sent thru the Office of his Assistant, Mr. Peyton Ford, to officially define the terms "subversive" and "Fascist" as these were used in the list released on April 27th.

In an immediate reply to Clark's refusal to grant a fair review, MacFarland challenged the Attorney General to take immediate steps for the issuance of a federal warrant incorporating the allegations made, in order to bring the issue before a judge and jury and provide the NATIONALIST ACTION LEAGUE with an opportunity of defending itself at the bar of American justice.

According to Clark and his Department, action has been taken under the terms of Executive Order No. 9835, which permits the Attorney General to brand American organizations as subversive, without granting their officers or members an opportunity to publicly refute such charges.

A request for a hearing before the President's Loyalty Review Board has thus far gone unanswered. According to Internal Security Chief, William Foley, it was the Chairman of this Board, Mr. Seth Richardson, who acted to make public, thru the press and other sources, the list stigmatizing the COMMITTEE FOR NATIONALIST ACTION and the NATIONALIST ACTION LEAGUE.

In his latest reply to the Attorney General, Mr. MacFarland stated his belief that Mr. Clark has mis-used his powers as a Cabinet Official to libel and repress groups of Americans who are lawfully opposed to the Administration of which he, Clark, is a part

#### Raid

continued from Page 1

A alruggle thereupun ensued, in which the deputies attempted to prevent the editor of COMMON SENSE from renching a telephone. Resisting efforts to handcuff him without identifying themselves or stating their charge for arrest; McGinley was able, after a desperale effort, to reach his attorney, to whom he made his plight known. Even during this conversation, there were attempts made to interrupt his communication. One of the raiders, close enough to the mouth-piece of the telephone to be heard on the opposite end, kept asking McGinley; Why are you making truuble for us." The obvious lutent was to convince McGinley's attorney that his client was resisting proper and lawful arrest, or interfering with the service of a writ, which was untrue.

It was not until after these actions had transpired that the Union police were notified, and not until they arrived that McGluley was finally shown the latter's hadge, thereby learning that this one Jew, at least, was truly a Union County Deputy.

McGinley arrived at the police station with a previously injured wrist swollen and bleeding. This injured wrist had borne the agonizing abuse of a handcuff, at which Deputy Greenberg had for more than twenty minutes pulled and hauled in his efforts to keep McGinley from getting to a telephone.

The raid had all the appearances of a well planned and executed affair. From what follows, the reader will no doubt agree with this observer, that the purpose was not to execute a lawful levy or, as it has since been claimed, to serve a writ of execution, but rather to develop a situation in which the pretext might be found for removing McGinley from his premises, in order to exercise an unlawful search. In support of this conclusion, the following questions seem interesting:

Firstly, if the intent of the raid was to serve a writ, why did the two Jewish deputies, and the Jewish attorney under whose instructions they acted, not advise the local Union police (a customary courtesy in cases of this kind), so that one of these could have accompanied the raiding party? Then there would have been no misunderstanding.

Secondly, if the intent of the raid was to serve a writ, why did the deputies not properly identify themselves upon entering on McGinfey's property, so that he might know that they represented a legal body, rather than a group determined upon harming him or damaging his property?

Thirdly, if the intent of the raid was to aerve a writ, why did the deputies fall to produce it for service? As it was, they left behind a legal paper, which was lound only after McGinley had retained from the police station.

Fourthly, if the intent of the writ was to acize valuable assets in satisfaction of a judgement, why did the raiders threaten to remove all personal belongings while ignoring business equipment worth hundreda of dollors, and while finally removing from the premises only a typewriter and the addressograph-correspondence files, the lotter of which have cash value only to such groups as the Anti-Defamation League, the Non-Sectarian Anti-Nazi League, the Friends of Democracy, or the Soviet secret police?

Fifthly, if the Intent of the raid was in the least way lawful, why did Deptuy Greenberg compel McGinley to go with him to police head-quarters, while permitting Deputy Copbn and attorney Dvorin who was not an officer of the law, to remain upon McGinley's premises during his absence? This action was wholly and unquestlonably illegal and no doubt planned. McGinley, had every right to refuse to leave the building until it was properly padlocked. It should also be noted that attorney Dvorn, who

maneuvered the raid, was found upon McGinley's premises upon his return from police head-quarters. With him was an unidentified Jew whom Dvorin advised to conceal his identity when McGinley asked his namé. These two men, with Deputy Coplon, had free access to office files for a full 45 minutes.

As a favorable fate would have it, McGinley was not detained for the lengthy period of time upon which the raiders had possibly counted. He arrived back at his office in time to prevent any wholesale rifling of his files, which might have been accomplished had he remained absent for a longer period of time. He was also able to demand and obtain a generally itemized receipt for the equipment and files confiscated, although not in the specific detail warranted under the circumstances.

#### AFTERMATH

The raid was executed late on a Friday, at a time when counter-action in the courts would be rendered almost wholly impossible, due to the approaching week-end. On the following Monday, however, McGinley's attorney, John A. Matthews, Jr., of Newark, secured an injunction, restraining the Zionist, Dvorin, from causing the removal of McGinley's seized pruperty from the safety of the Union County Court House where they are impeunded.

On Tuesday evening, McGiniey was officially served with a warrant charging him with having committed assoult ond battery upon a law-enforcement officer, and with interfering with the service of a writ and its execution.

Recalling that the alleged assault and battery and interference took place on the preceding Friday afternoon, and that the arresting officer appeared with McGinley in his cuatody at Union police headquarters at that time, one is compelled to ask why the deputy fulled to prefer his formal charges at that hour, rather than permitting at least three days to elapse before taking this action. Serious-minded observers, noting that all four participants in the action against COMMON SENSE are Jewish, have suggested the possibility of this time having been allowed for consultation with the Anti-Defamation Leogue, perhaps at its closely-guarded headquarters in New York City, where the future course of action may have been plonned.

The warront was aerved at approximately 9:30 P.M. As the planners no doubt realized, the magistrate could not be reached at such an hour, and McGinley was compelled to remain in the Union Jail overnight. The following morning he was arraigned and released in the afternoon in \$1,000 bail for the Grand Jury, which sits next in September.

#### THE NEED IS GREAT

The facts in this case indicate the menace which is inherent in the determination of the Marxist foes of America to employ any and all means, fair or foul, to silence effective opposition. This latest attempt to disorganize and suppress COMMON SENSE could well prove prophetic of the kind of tactics which will one day be employed against all Americans who

dare oppose the spread of Marxist ideology.

In this hour of crisis, this newspaper and its fighting editor appeal to YOU to aid in turning back the attack. The battle requires a FULL MOBILIZATION of the brains, finances and energies of every loyal citizen, for whose welfare this paper has been crusading for the past several years.

You have been given the story, and it is now for you to choose the course of action which you will take. You can sit back and do nothing, thereby duoning this battle to defeat before it fully begins, or you can rise, as an American, and stand shoulder to shoulder with the Nation's Anti-Communist Newspaper, assuring an ultimate and complete victory which will nuterially weaken Marxist forces here in their regional stronghold, the industrial Northeast.

If you choose the latter course of action, you can easily begin in one of the following ways:

1. Purchase additional copies of this issue of COMMON SENSE, in bulk, at the rates given elsewhere. Place them in the hands of citizens who deserve to have the facts concerning this case. Ask them to join forces with you in awnkening others to the dangers herein exposed.

 Call nt least three friends, from your home telephone or from a pay station, and give them an outline of this persecution. Urge these good people to obtain the full facts, by subscribing to COMMON SENSE immediately.

 Contact your ciergyman, your local pollee, newspapers, civic and patriotic groups, all of whom should be advised to keep in close touch with the developments in this case.

4. If you are a member of any patriotic group, lodge, church organization or labor union, present them with our story and introduce a resolution calling uoon them to keep posted on future developments.

5. Your Ideaa are highly valued. Any auggestions which you have for prospering our fight will be welcomed. Your idea could be the one responsible for winning the major victory which must be won, in this fight, if ALL AMERICANS are not one day to suffer similar persecution.

Now, you have the facts. Much of the battle is in your hands. The best defense is offense, so act immediately to MOBILIZE yourself and other loyal citizens in dealing a SMASHING DEFEAT to those forces which would undermine the principles, laws, liberties upon which our Republic has been founded.

You have read of the purges carried out against anti-Communist leaders in Eastern Europe. When they fell, the free governments for which they fought, fell with them.

Karl Marx, a hundred years ago said in the Neue Rheinische Zeitung: "We are ruthless and want no consideration from you. When the time comes, revolutionary terrorism will not be augar-coated . . . There is but one way of simplifying, shortening, concentrating the death agony of the old society as well as the bloody labor of the new world's birth—revolutionary terror."

#### THE FIRST DEFENSE AGAINST COMMUNISM IS TO UNDERSTAND IT!

CONDE McGINLEY, Editor

Union, New-Jersey

To Supporters of a Free America:

I am writing to you in a real emergency and hope you will read this letter carefully because it is important not only to the writer but to YOU personally and to the freedom you still enjoy

Friday afternoon, June 17th, four Marxist Jews in plain clothes Mr. Nonce... visited the office of COMMON SENSE, Russian style, showing no credentials nor serving any papers and demanded the entire contents of our office, my personal belongings included. When the tempted to get to the telephone, they started cursing and flighting. After a struggle, while handcuffed, I managed to get to the Tohone and called my lawyer and secretary. I was rushed into an await. ing car and taken to jail charged with resisting an officer and assault and battery. The plan was to whisk me away to jail so these Jews could ransack our files for confidential papers. At the jail I was promptly released and returned to the office to find the three Jews going through our records. At this time I learned that a trick judgment for a disputed printing bill had been The case had not yet been tried. Was it an accident that four Marxist Jews from Elizabeth, in plain clothes, not accompanied by Union police as is customary, were chosen to raid the office of COMMON SENSE, start a fight to get me in jail so they could ransack our three\_room office for correspondence and other valuable material used in exposing Marxist\_Communist\_Zionists and their activities????

I would like to divert for a moment to inform our readers that the bill in question dates back to 1946-1947 and as presented by the printing company is not correct, which we are prepared to prove. The accumulation of this bill was not the fault of COMMON SENSE as it was allowed with the consent of the owner at that time who instructed us to pay on account until adjustment was made. However, 17 since that time the owner was force out of his own business by Zionist - Jews who demanded he stop publishing COMMON SENSE. In this manner they secured the account of COMMON SENSE for the sole purpose of putting us out of business which they have been trying to do for the past two years. Last night I spent in jail again their plan is to break my spirit so that I will give up the fight. The present owners have demonstrated they are not at all interested in having the debt paid as we made various attempts to straigh. ten out the account. On one occasion our representative was told they were not interested in a settlement as "that's a dirt sheet and should be stopped." RECORDED - 101 1105-9621-29

Before and since that time, all printing bills amounting to approximately \$30,000. and practically all other bills have been paid on 94 EX-59 a cash basis.

To get back to the "raid" at the office of COMMON SENSE \_\_ and that is exactly what took place as the tactics used were entirely irregular. The Anti-Defamation League (Jewish Gestapo) who are behind this and who would no doubt pay any amount to secure our records, are hell-bent on breaking up the paper and will spare no expense. I am so anxious to publish what is being done to America.

The attorney for the printing company, (also President of the Zionists of Linden, N.J.), personally supervised the affair and carefully picked out files containing valuable research information on more than a hundred Communist fronts and their leaders, and other confidential material and thousands of back issues of COMMON SENSE, and generally things of little or no selling value. Our attorney John A. Matthews, Jr. of Newark, N.J. who has made many sacrifices in our benealf, immediately secured a Court Order to impound all records removed from the office of COMMON SENSE into the custody of the Sheriff. WE CANNOT AFFORD TO PERMIT THE ENEMY TO GET AT THESE RECORDS. They were secured by typically Communist style methods and we plead with our subscribers to come to our aid. We cannot wait for lengthy court procedures to recover our records; we cannot get out a single issue of the paper until we have these records. We must have them quickly by paying the necessary amount; then we can prosecute this case to a successful conclusion.

I would gladly give my life to stay in this fight. I have put over \$12,000. in fighting Communism and have devoted three and one\_half years time without one cent of compensation. Less than two months ago I turned down a \$15,000. a year job. I can prove these state\_ments. We have never been closer to success than we are at this moment, but I am now without funds and the outcome of this battle depends on YOU. We need \$2,500. so our attorney can fight and we can secure our records, and we need it quickly. We must have these records back for the safety of every loyal citizen in this country who wants to keep America free.

In Hungary 6,300 Communists rule 9,000,000 Christians; in Czechoslowakia, 7,500 rule 14,000,000. In Rumania 3% rule 97%. In these countries as in Poland the rulers are Jews. It is too late in 17 countries for citizens to put up money to fight for freedom; they would be glad if they had another chance which they will never have, for Communists have never yet lost control of any country they fully took over. Rabbi Stephen Wise stated, "Some call it Communism, but I call it Judaism." His son James Waterman Wise stated in print If most Jews are Communists, so what?

We want to double our activities and reach thousands of new people at this critical time when Communism is trying to wipe our Christianity. Send in your contribution today. We need large donations of \$500. \$100. \$50. but we also need many small ones of \$10. \$5. and \$1. Rush your contribution to us in the enclosed envelope. There is no time to delay \_\_ every minute counts. We are depending on you \_ \_ do not let us down. We must win.

For Christ and Country,

# What Strange Power Pulls Strings? Who-Are The Enomies Of America And Common Sense?

What is the strange power that torces six printing comerns to discontinue printing COMMON SENSE at the same time that more than 400 Communist owned, or controlled, publications continue to spew their poison into the blood-stream of the American population?

The American Jewish Congress is composed of Zionists. The American Jewish Congress has been cited as "Communist infiltrated" by the un-American Activities Committee. It was a Zionist lawyer, representing himself as from the "Law and Social Division" of the American Jewish. Congress, who approached our sixth printer and himself y demanded that our printer stop publishing COMMON SENSE at once or he (the lawyer) would have all Jewish advertising withdrawn from the largest semi-weekly paper in New Jersey, owned by our printer.

Human nature being what it is, the public is becoming accustomed to seeing people fall to almost any depths to make money. Murder fac murdered humans for a price; some ghouls rob graves for a price; but Walter Winchell (Lipschitz) ruins the reputation of good Americans for a price.

When the Anti-Defamation League, the Jewish gestapo in America, or the American Jewish Congress, which is saturated with Rods, gives the word, "hatchetmen" Winchell (Lipschitz) and Drew Pearson lead off with another djity job of character smearing Many other Fronts, such as Friends of Democracy, which cloak their propaganda with the tolerance racket, immediately fill their hate sheets with the same type of mud-slinging trash.

Judge George W. Armstrong, the gentleman from Mississippi who offered a large portion of the personal rotting to Jefferson Military Codege, is the latest victim of the hatchetmen and their ungody tribe

Judge Armstrong is probably one of the hest informed individuals in America. He knows that 90% of those who call themselves Jews are not Jews, but Asiatic Khazars who adopted Judaism in the 7th Century These anti-Christian Asiatics, of Turko-Finn blood, are striving to destroy all traces of Christianity, and Judge Armstrong does not want his money used, directly or interestly, to further the Khazar-Zionist plans for world domination.

In his offer to Jefferson Military College, Judge Armstrong did not specify "White Supremary," but it is a well known fact that segregation of the faces is in effect in all Southern college. The (Continued on Page 3)

# WHO ARE THE KHAZARS?

\*KHAZARS (Chazars), a non-Semitir, pagan, central Asiatic tribal nation, of Turki-Finn racial origin, which fought their way into eastern Europe about the First Century, A. D., by the land route north of the Caspian Sea. In the area of eastern Europe, generally referred to today as southern Russia and its satellite states, the Kahazar invaders conquered the twenty-five tribal nations already existing there since prehistoric times, and in this area, of about 800,000 square miles, established the Khazar Empire. In the Seventh Century A. D. the pagan king of the Minizars, the pagan nobles and the pagan population were converted to Judacim, and Judiasm thereupon became the state religion of that nation. After the conversion of the Khazars to Judaism, none but a Jew could occupy the throne, and the civil law of the land became the administrative regulations of the Talmud The present expanding Russian Empire of apout nine million square miles, did not come into existence until the Minth Century A. Russia's satéllite states, 'The world's leading historians, Jews and Christians alike, offer abundant incontrovertible proof that the Jews in Russia, and Russia's satellite states, are NOT the descendents of the Palestinian Hebrews in Bible history. The historic facts have established the uncontradictable proof that the Jews of eastern Europe are there as a result of the conversion of the Khazars, NOT as a result of immigration to eastern Europe by the Hebrews from Palestine, as the propaganda of the eastern European Jews would have the world believe. To the Hebrews in Palestine, the territory in eastern Europe, several thousand miles distant, was an unknown part of the world to them. To the Hebrews in Palestine, the pagan Khazars, who inhabited that territory, were unknown to them. She charged that it was extremely difficult to get before the American public anything that the short slanted to the Zionist point of view." adding:

"The Zionists, I gather from my experience of the last few years, have managed to control very largely the mediums of mass communication in this country, the press, the films, the radio. It is frightening to witness how a small but exceedingly competent minority group can get so much of a stranglehold on publicity in the United

Who took charge of the Communist revolution in Spain as soon as trouble began? Moses Rosenberg, Ambassador from the Soviet Union to Spain stepped out of the embassy and directed the rape and slaughter of the Spainish Christians,

#### WHAT STRANGE POWER

(Continued from Page 1)

Allied Voters Against Condert, National Reception Committee to the Russian Delegation and New York Tom Mooney Committee. (Mooney was the Communist dynamiter.)

This Zionist Red Rabbi edited Opinion magazine which stated: "With the rise of the Soviet regime, never has the world witnessed such a spectacular change . . . . the State which previously did not employ any Jews at all, now employs in White Russin 61% JEWISH OFFI-CIALS ... the percentage of Jewish population in Russia is LESS THAN 2%."

The doctor's son, James Waterman Wise, is now WASHINGTON REPRESENTATIVE of the World Jewish Congress. He is also director of the Council Against Intolerance, an organization which recently handed a statue award to the New Jersey Governor, Alfred Driscoll. This would mean little, except for the fact that James Waterman Wise has been affiliated with some fiftyfive Communist-front organizations, among which are: Civil Rights Congress (Paul Robeson's a member, too), American Labor Party, Citizens Committee Supporting Communist Gerson (1948) and the Joint Antl-Fascist Refugee Committee. He is one of those who signed the "Golden Book of American Friendship with the Soviet Union."

Young Wise is also a writer for Communist publications. In an article for the Communist Party's New Masses, he went to great lengths pointing out the prominence of Jews in Communism and in Russia. He knows, of course, that leading Jewish organizations have poured fabulous sums into Soviet Russia.

Who are some of the other members of the American Jewish Congress? RABBI SOLOMON GOLDMAN: Russian-born Red, an executive (Chicago branch of the Socialist Party's League for Industrial Democracy (since merged with the Communist Party); member of American Civil Liberties Union; officer of Anti-Defamation League of B'nai B'rith. He is the rabbi who, during a three hour book review in his synagogue, praised Nowack's "Life of Jesus" which, he explained, shows Jesus as a bastard dreamer and Judas Iscariot a hero. EMANUEL CELLAR: Member of B'nai B'rith, backer of Communist Tom Mooney, protested the bill for deportation of Harry Bridges, the alien Red. JULIAN W. MACK: U. S. Circuit Judge, executive of the World Jewish Congress and prominent in Jewish organizations. He is one of the signers of "Golden Book of Friendship for Soviet Union," member of the board of directors Communist American Russian Institute; officer of socialistic "Survey Associates," and signer of Communist-aiding American Civil Libertles Union petitions for Reds Imprisoned under U. S. Espionage Act. JUDGE BEN ROSENTHAL: President of Southern California Division of American Jewish Congress sponsor for Harry Bridges Defense Committee, and affiliated with Friends of the Abraham Lincoln Brigade, a Communist-front. LOUIS LIPSKY: Radical former president of Zionist Organizations in America; among those who signed letter to Governor Thomas E. Dewey (N.Y.) seeking pardon for the Communist Morris V. Schappes. Lipsky is also a writer for Communist papers. In an article for the revolutionary socialistic "New Republic" he writes:

"Jewish labor in Palestine has introduced social and economic methods that have evoked admiration of the British Labor Party. A large number of the agricultural colonies in Palestine are communal, not individual."

RABBI MAX NUSSBAUM: President, Pacific Coast Division, American Jewish Congress, sponsor of Communist American Youth for Democracy dinner (this organization was formerly known as YOUNG COMMUNIST LEAGUE); sponsor of the China Conference Arrangement Committee, cited as a Communist-front. HENRY L. SILBERMAN: Director, New England Divigion, AJC, sponsor for Civil Rights Congress. (Remember Peckskill?)

Space prohibits a listing of all the American Jewish Congress leaders, members and associated "clubs". But, the few facts given shout a warning loyal Americans dare not ignore, for the actions of this group tie in with the entire picture of Zionist activities In America.

When the eleven Communist rats went on trial in New York, what power caused the penalty they faced to be reduced, from a prison sentence of ten years to five years, one month after the trial started? After the taxpayers had spent over a million dollars for the nine months' trial and the Reds were convicted by a patient jury and a wonderful, American Judge, and bail was set 'at a million dollars, what power caused the ball to be reduced to a mere \$205,000, guaranteeing the release of these traitors who know that they will never serve a day of their sentence because of this strange power.

What strange power caused Prosecuting Attorney, John M. McGohey to be promoted so Irving Saypol, a Zionist, could succeed him and have charge of the prosecution?

What strange power caused the higher court of three Judges to slap Judge Medina in the face by allowing these eleven traitors freedom on such meager bail while three of them are facing deportation charges?

Judge Jerome Frank, who has a Red record, maneuvered the freedom of the eleven Communists. He is a Zionist who appeared with another Khazar Zionist, Felix Frankfurter, as a character witness for Alger Hiss. When these eleven Marxists appear before the Supreme Court, Zionist Felix Frankfurter will see that the casc is thrown out-all Communists know this.

The strange power of ZIONISM.

Irving Kaufman, a Zionist, as judge in the Alger Hiss trial cooperated with Alger Hiss against the United States Government which was prosecuting Hiss. Eight of the twelve jurors believed Hiss a Communist: the other four probably

read The Daily Worker.

The strange power that protected Gerhart Eisler (Zionist) while he masterminded the overthrow of our Government was Zionism. Herbert Lehman (Zionist) was active in Eisler's defense committee. Who made it possible for Eisler to escape and get to Germany where he is now leading a Communist movement?

Isador Boorstein (alias Alexander Stevens, allas J. V. Peters) Chief of espionage network, which began work in the U.S. as soon as the New Deal took over, was allowed to deport himself with all the secrets he accumulated during 14 years as psy work in America. This, through the power of Zionist-the arch enemy of Christianity.

Zionism has also kept David Niles (Neyhus) in the White House for years where he charts the moves of Truman (just as he did with Roosevelt) and reports to Fellx Frankfurter.

Dear Reader, when you are amazed that Communists cannot be kept in jail, just keep in mind that men, such as the eleven tried and convicted Marxists, are only "small potatoes" in the plan to undermine and exterminate Christianity in America as is being done by Czechoslovakia, Hungary, Poland, Rumania, China and the Holy Land, by the same World Wide Zionist Organiza-

#### Judge Armstrong

(Continued from page 1)

people Judge Armstrong did not want in a college supported by his money were the Asiatic Khazars—as they pass themselves off to us—Jews!

With the wisdom that comes with age, Judge Armstrong intended to establish an outstanding Christian college. Marxists, Communists, and other brands of aliens, have already reduced to Communist incubators such formerly renowned universities as Harvard and Chicago. Even Columbia recently accepted \$20,000 to establish a "Polish" chair. Poland, which was one of the greatest Christian nations in the world, is now controlled by Zlonnst-Khazar, Jacob Berman. The Polish Minister of Education is Zionist S. Sktzewsewskl, Columbia's Professor Coleman resigned in protest, but the Red "Polish" chair romains.

Why does Winchell not start a nation-wide campaign to clean the Reds out of these colleges? Judge Armstrong has tried to take some American action, Judge Armstrong has incurred the enmity of Marxists through his writings—"Traitors"—"Zionist Wall Street"—and his most recent book, just off the press, "Money and the Taufff"

Why, then, does Winchell bitterly snap at loyal American, Judge Armstrong, calling him a "miserable, hateful old man," who should "build himself a mental hospital and stay in it"? The S.P.C.A. may protest that it's cruelty to animals to say it, but just as the mongrel, unkept dog will run wild and nip at the heels of a thoroughbred horse, so do some individuals endeavor to hide their own shortcomings by shouting uncouth remarks at their betters.

Judge Armstrong was born in Texas and raised in accordance with the strict standards of his father, a Methodist minister. HIs father was not wealthy, and it has been through his own honest, hard work and good judgment that Judge Armstrong has reached the pinnacle of success, He suffered only one setback, and that was in 1923 when he was forced into bankruptcy. In due time, all creditors were paid in full. His financial success today is the reward America so often gives her sons when they use foresight and fair play.

Judge Armstrong's grandfather was a Texan who surveyed the original state boundary with the U. S. and signed the Texas declaration of independence from Mexico. Thus, when the learned Judge speaks of a college for Christians, and steps forward to fight for the principles of his forefathers, he is backed by two things: a Christian heritage and true American forebears of whom he can be justifiably proud.

Winchell's mother, poor soul, recently committed suicide by jumping out of a hospital window. No wonder! After she and her husband, Jacob, worked hard in New York's east side (from which in 1917 two hundred and seventy-six Zionists left for Russia to launch the Communist revolution) to bring up their sons, she probably was driven to her grave listening to the tripe her Walter belches out.

It must have pained the dear, old woman to learn that her Walter was a partner of John Roy Carlson (Derounian, one of 12 aliases) who authorned "Under Cover," which Winchell promoted over the radio. Because of the lies and smears in this book, Mr. George Washington Robnet, Secretary of the Church League of America, sued Winchell and Carlson. Federal Judge Barnes of Chicago, commenting in court about the book, stated: "I believe this is a book of fwaddle and believe the author would say anything for a dollar!"

Poor Mrs. Winchell! As she hurtled through space did she review, in her last minute before eternity, all the good American names her son has smeared? Did she remember how Jim Forrestal, whose greatest "sin" was loving America more than Palestine, leaped to his death after rounds of vicious abuse from Walter's stabbing tongue?

Did she think of Col. Charles Lindbergh, Senator Burt Wheeler, Scnator Nye and Father Charles Coughlin — Americans all—who have been subject to the hate of her professional, smear-artist son? In the parade of names on Winchell's noxious smear-list, did the tired, old lady see those of Marwin K. Hart and Upton Close, as well as Judge Armstrong?

Did she përhaps, in that last flash of cloirvoyance which so often comes to the dying, ask His forglyeness for the "peephole" characterdestroyer she mothered?

No one will ever know.

People may never know, either—but they can guess—why Winchell tears to shreds the reputations of so many true Americans while ignoring the Red enemies of America.

Why did he not unmercifully hatchet the "Daily Worker" when, two days after the trial of the 11 Communists, that paper said it had \$600,000 ready to help the 11 Red rats?

Why did he not blast Mrs. Louise Branston Berman for refusing to tell the Congressional Un-American Activities Committee about the million dollars, or more, Mrs. Berman has given to Communists such as Isador Boorstein (Alexander Stevens) chief espionage agent; the "Daily Worker," and "New Masses"? Has Winchell no complaint when Reds benefit by huge gifts of money?

Why doesn't Winchell dishonor the Reds in Hollywood; the Reds backing the F.E.P.C. and Civil Rights bills?

Why doesn't he expose the Reds who are promoting Socialized Medicine and the World

#### "WE HATE CHRISTIANS"

Anatole Lunacharasky, Commissar of Educain Moscow, is quoted: "We hate Christians; even the best of them must be regarded as our worst enemies. They preach love of one's neighbor and mercy, which is contrary to our principles. Christianity is an obstacle to the revolution. Down with the love of one's neighbor. What we need is hatred. We must know how to hate; only thus, shall we conquer the universe". (The Congressional Record - Vol.77,pp.1539-1540).

Federalist movement?

Why does he not ridicule and shame the Hawthorne N.J.) Mrs. Henry O. Klein who has instituted a court suit to have the brief Bible readings banned from New Jersey's public schools? Is it tolerance for the majority of white, Christian Americans which keeps him quiet?

Here are two scoops for you, Winchell: Expose the Zionist leaders who are campaigning for full control of the Holy City; tell the world how the Zionists want to keep Christlans away from the birthplace of Jesus; tell the world how the Zionists have already profaned the Christian churches in the Hofy City. Bring out into the open the 400 Communist controlled publications in the United States; smear them from the newsstands.

Did the Anti-Defamation League or the American Jewish Congress ever ask you to snucar any of the foregoing? It is unlikely. It is, however, more likely that you have followed to a "T" their instructions on the Forrestals, the Armstrongs—the men of character who believe in America and who would, if they could, put every Red rat in America on a hole-ridden liner, tow it five miles out to sea and there let it sink.

Some folks run to the defense of the yellow cowards, the fourflushers, the Reds, Red-followers and traitors to America. Not COMMON SENSE.

Judge Armstrong: Our hat is respectfully tipped to you, an American patriot. Courageously, you have dared to speak knowing that villications would be heaped upon you, and that no Zionist-controlled paper or radio station would ever let you present your side of the story to citizens of the United States.

Americans: If your Country is to remain the great Christian nation it was founded if it is to be spared the Zionist-Communist slavery existing in Europe today, you must not let outspoken loyal citizens be smeared and intimidated by cunning agents of the Red devils! America needs not one—not two—but a good ten thousand Judge Armstrongs!

their limited language, adopted the Caananite alphabet, which was thereafter known as the "Hebrew alphabet," and developed the Caananite worship of Jehovah (Yahwism) as the basis of their religious beliefs, which thereafter came to be known as "Judaism." It was thus that the Hebrews of Bible history developed the "Hebrew language" and acquired the "Hebrew alphabet." Several thousand years late, and several thousand miles away, as a result of effective missionary effort upon the Khazar king, the pagan Khazar nation was converted to Judaism. At the time of their conversion, the Khazars had a spoken language, but there was no written form of their language because there was no alphabet for the language they spoke. The king of the Khazars adopted the alphabet of his newly acquired religion, which he saw for the first time in the Bible, as the alphabet of the Khazars, so that they could put their language in writing. Thus it was the Jews of eastern Europe came to use the Hebrew alphabet to record their "mother-tongue" in written form. The "mother-tongue" of the Jews of eastenr Europe is known today as "Yiddish." But the Yiddish language and the Hebrew language are as totally different from each other as Swedish and Spanish, although both these languages use the identical Latin alphabet in their written forms. There is a tendency to regard the Jews of Eastern Europe as the historic national and racial descendents of the Hebrews of Palestine because they each employed the identical alphabet for the written forms of their completely different languages. During the several thousand years prior

to the conversion of Judaism of the pagan Khazars, Judaism was already the religious belief of portions of the population of racial and nationa groups in every inhabited geographic area from Morocco on the Atlantito China on the Pacific. The sections of these populations which had been converted to Judaism retained other characteristics of their native culture; the spoken language, the written form of their language, the native customs and other elements of their social, political and economi existence. The Yiddish of the Jews of eastern Europe was exclusively the language of the Khazars. Yiddish was not the "mother-tongue" of th native Jews of Egypt, Syria, Greece, Rome, Spain, Germany, France Morocco, Libyia, Arabia, Ethiopia, Abassynia, Persia, India or Chine The "mother-tongue" of the section of the populations converted t Judaism was the "mother-tongue" of the people amongst whom the lived. Practically without exception, amongst every racial or national group in the world, there are to be found "Jews" as well as "Christians and probably "Moslems" and "Hindus" as well, There is no raclal grou in the world which can identify itself anthropologically by its spiritus belief. The physical and biological make-up of men are determined by th racial origin of his ancestry. Five children of the same father and moths may each have a different religious belief. But, their "race" depend upon the "race" of the father and the mother. It is a malicious deceptio for the numerous and highly vocal Jews of eastern European origin t spend unlimited millions of dollars upon propaganda based upon the myt that they are the ethnic descendents of a "Jewish race," and the Palestine was, and is, the "homeland" of this "Jewish race." (\*For furthe particulars see Jewish Encyclopedia, Vol. 4, PP1-5).

By Merwin K. Harl, President, National Economic Councit, Inc. . . Letter 231

America faces one grave danger rarely touched upon by commentators who list pro-posals to come before Congress.

UNITED WORLD FEDERALISTS?

WHO ARE
UNITED WORLD FEDEBALISTS:

Perhaps flity thousand people beiong to United World Federalist chapters throughout America. Many are sheere Americans who are persuaded "world governmen!" is a step towned universal peace. With their yearning for peace we, of cruipe, ngree. We will show how completely they are misled, and by whom.

For the leadership of UWF is a different story. Although a few eminent and palriotic Americans have lent their names to this movement, yet most of the feaders are left-wing.

Consider some of those that met three years ago to organize UWF: Stringfellow Barr. A. Phillip Randolph, Raymand Swing, Glen H. Taylar, Vita Marcantonio, James P. Warburg, Carl Van Doren, Mark Van Doren, Norman Cowlin, Norman Cousins, Robert Sherwood, Clifton Fadiman, Sholein Asch, Rex Stout, Harlow Shingley, Whido Frank, Robert L. Humber, Lewis Minnford, Upton Sinehir, Vita Wyck Brooks, Charles G. Bolte, Emanuel Celler, James B. Carey, Walter Wanger, Rabbi David De Sola Pool, Elmer Riog, Rex Tugwell. There was Thomas Mann, who last summer addressed in large meeting in communist East Germany. There was Albert Einstein, world-renowned scientist, who began identifying himself with left-wing activities before he had learned English. These, and others, met at Asheville, N. C., February 21, 1947, and merged several existing organizations into UWF.

Among the above mentioned and others who attended this meeting were affiliations with as many as THIRTY-ONE groups that have been branded as subversive Communist fronts by the Attorney General, the FBI or the Tenney Committee of California, Among these groups are, or were; Friends of the Abraham Lincoln Brigade, National Council of American-Soviel Friendship, Joint Anti-Fascist Refugee Committee, American Friends of Spanish Democracy, and Films for Democracy, Many of the persons named supported Penry Wallace in 1948. Glen Taylor was Wallace's running mate!

The first President of UWF was Cord Mever, Jr. He has been its main spokesman. We know of no communist connections

HOW LONG BEFORE THE ANTI-CHRISTIAN MARXISTS TEAR THIS DOWN?

### Who Rules U.W.F.?

Zionists are the brains and controlling power behind Communism, and Zionists are he real driving-force behind United World Federalists. Communism and a "one world" plan have this in common—either would give Zionists and Marxists world domination.

Five Zionisis and Marxisis world domination.

Following the already established Communist-front pattern, the Zionists are eleverly stayling in the background of United World Federalists. While using "world peace" is a lure, they entice prominent, innocent, well-menuing Christians into that un-American organization. These civic-minded Christians, generously lending their good names, then do the Zionists' work of training other unsuspecting persons into the U.W.F. net.

Invariably these slooges are not Communists. They are—in street language—"sucker bait."

Cleverly-Worded Resolution For World Govt. Is Kept In Committee

CONTAINS THREAT TO U. S.

Subtle Scheme Has Catholic Support But Ignores

The Legislature at Albany this week narrowly escaped committing the citizens of New York State to a plan to abundon the Constitution of the United States in favor of a Warld Govern-

York State to a plan to abbindon the Constitution of the United States in favor of a World Government.

On Thursday of last week, an innocent-sounding resolution was presented in both houses of the Legislature to memorialize the United States Congress "to call a convention for the sole purpose of proposing amendment of the Constitution to expedite and insure the participation of the United States in a world federal government, open to all nations, with powers which while defined and limited, shall be adequate to preserve peace..."

The introduction of the subtly-worded resolution was port of a highly organized antion-wide plan to secure the endorsement of World Government by 32, or two-thirds of the State Legislatures in order that a convention might be enlied to "amend" the Constitution. If 36 states approve the resolution, the enovention will be mandatory. Twenly-three State Legislatures have already given their endorsement. New York State would have been the 24th.

It is believed, however, that some States will rescind their approval after realizing the significance of the misleading resolution they have adopted.

The ninth will undoubtedly be described as misrepresentation should the resolution unhappily and inadvertenily be permitted to reach the floor of either chamber. It declares that many States have memorialized Congress "to initiate steps toward the creation of a world federal government reserving to like nations and to the people libose rights not specifically granted as (Continued on 'page 3)

surround him, then he is lacking in awareness, we does recognize the nature of such association to the sees no danger in them, the quality of his leadership is in question.

In November, 1949, Mr. Meyer was made chairman of the execulive committee and a new president was chosen.

We quote from the Washington Times-Herald for November 9, 1949:

"The United World Federalists, an outfit dedicated to the extinction of the American Rejublic, recently trotted out a retreaded New Dealwar time propagandist as its new president and mouthpleec. The spokesman, Alan Cranston, former chief of the foreign language division of the office of war information, made a pitch before a congressional committee in behalf of the program of uniting America with every other country in the world, Russia Inchnded, and replacing nationacitizenship with world efficienship.

"It is a rather remarkable fact that the government goes out of its way to prosecute leaders of the Communist Party for seeking the overthrow of the United States, but that leaders of movements which would achieve the same result in a different direction are given a respectful audience by Congressmen.

"Because Mr. Cranston, during the war, was discovered by another congressional committee to have been most interested in suppressing any criticism of Russia, it is possible to wonder whether his ultimate intention differs materially from the party leaders convicted under the Smith Act."

from the party leaders convicted under the Smith Act."

Now, some of the leadship of UWF are ear-Now, some of the leadship of UWF are earnest Americans with no sympally with Communism or Socialism. But, in accounting for their presence, it is well to remember that it is ordinary communist technique to give such a saltand-pepper appearance to organizations lhey hope to find useful. And, of course, the presence of such sheere, nalve persons makes it easier to convince the average American that an organization is "liberal" and broadminded enough "to include all points of view."

#### WHAT IS THEIR PROGRAM?

WHAT IS THEIR PROGRAM?

The UWF proposes a constitution which will set up a world federal government. No nation, mure admitted, may seede. The world governing body would possess only delegated powers. In the words of a UWF leaflet, "point 2" of their program would "guarantee to each nation its right to maintain its own domestic, political, economic, social and religious institutions." That is, Russia (which UWF wants included) could attill be Communist and maintain its coercive society; dietatorships would be as much a part of the set-up as would free peoples, "World hiw" would be binding upon att, and could be enforced directly upon individuals—by world courts. The world federal government would enjoy "direct taxing power independent of national taxation," "Reasonable provisions" are to be made for amending the world constitution.

The material put out by UWF engages in some slick double-talk. This is essential—to cover up a dilemma for which UWF has no solution.

The first deals with representation in the world to the control of the court ware fitter world to the court ware fitter world to the court ware fitter ware fetter ware fitter ware fetter war

up a difemma for which UWF has no solution.

The first deals with representation in the world legislative body. If each country were given one representative per million inhabitants, the nominally free people of each—a small minority—would have less than 500 votes out of a total of some 2,000. Actually, the really free peoples, number less than ten per cent of the world population.

number less than ten per cent of the world population.

The leaders of UWF see this problem. How can they persuade the free minority (principally the United States) to enter a political arrangement in which they would be dominated by the dictators who already hold the yast majority in boudage? Their problem is not simple, it is like a salesman attempting to persuade free people to pay eash for the right to a life prison sentence.

So UWF leaders talk around this problem. They say: "Representation in the legislative body should be determined upon a lust formula, recognizing population, economic development, educational level and other relevant factors; each representative to vote as an individual." Obviously, if these words mean anything, they insinuate that some less populous countries will get large delegations, while others with large populations will be content with small delegations. So we shouldn't worry!

That you have a supposition could be seriously.

lations will be content with small delegations. So we shouldn't worry!

That such a suggestion could be seriously made shows either that UWF is naive, or thinks the American people are. We do not think the real EWF leaders are naive, For twn facts stand out: First. the art of gerrymandering could hardly devise a formula whereby the really free ten per cent could outvote the subjugated ninety-per cent. Secondly, why would the dichotors of

Whight communism with common sause

three-quarters of the earth's population enter a world federal government unless they could con-trol it? The bint that they would not control it,

their independence, is just sucker-bait.

How frantically UWF attempts to evade a straight answer to this situation is found in a numeographed UWF release called Answers to Questions About World Government, dated July 18, 1949. It says:

8, 1949, It says:

"The answer to this question [whellier the U. S. would be outvoted] would be yes only if the United States contingent in the world government silvays voled against world peace. The world government proposed by UWF is designed to preserve the peace. If the United States wants peace, it will find itself voting with the majority who also want peace." want peace.

As an insult to American intelligence, this reply would be hard to beal, UWF's point 5 says:
"Bill of Rights: The world constitution should include a bill of rights assuring equal and adequale protection to persons affected by the constitution and laws of the world federal government."

A casual reader migh! think that this guar-

A casual reader might think that this guarantees liberty for everybody. But it does no such thing. UWF's point 2, aheady quoted, guarantees that despoilsms can remain despoilsms. This double-talk is a silek altempt to implant an idea while not actually stating it—a method characteristic of UWF propaganda material, as of all Communist propaganda everywhere.

The UWF program, when once established, is rigorously simple, even if likewise clad in double-talk. All national armies and navies are to be abolished. The only armed forces in the world, except for domestic police, would be the armed forces of the world-state. Atomic energy and all "other scientific developments easily diverted to mass destruction" would be under strict control of the world-state. This would mean practically all science and invention.

Do you Americans want to give up your army, navy and air force?

Do you Americans want to give up your army, navy and air force?

As to "other powers," there is further double-talk, "We recognize," says a UWF handout, "that although some world federalists believe that such limited powers would be sufficient as a beginning, others are convinced that any world organization to be effective, even at the slart, must have broader powers to bring about peaceful change in the direction of a free and prosperous world community."

What can this mean? Remembering the horde of Marxists Infesting UWF and the Marxist thesis that wars and economic distress are caused by class struggle, then clearly, if world power

#### WHAT ARE THEIR METHODS?

WHAT ARE THEIR METHODS?

UWF methods are typical of left-wing "high pressure" groups. We would not wish to deprive UWF of the opportunity to convince Americans its cause is worthy. But, by the same token, UWF should not object when whal it offers is jubility tested and welghed.

UWF has a three-pronged approach. First, through general propaganda, by printed word, radio and meetings. Second through local groups, of which there are now nearly a thousand. Third, it works actively on stale legislatures and Congress to advance the tangible steps they hope will commit the U.S.A. to enler world government before the people know what it's att about.

UWF propaganda has capitalized on fear, especially fear of an atomic war. Over and over it says atomic war will end civilization, if not the human race itself. The only way out, it cries, is world government! UWF also plays on the sense of idealism, so easy to touch in most Americans. This is a noble ideal, says UWF. It will bring Tennyson's dream true:

"Till the war drums throb no longer, and the battle flags are furled.

In the Parliament of man, the federation of the world!"

And the way to do it is to become an advocate of World Government! Join the parade of for-

world!"
And the way to do it is to become an advocate of World Government! Join the parade of forward-looking people!
The UWF technique is the logical leap, esrefully concealed from the unthinking, from the premise to the conclusion. It is an argument with the proof left out: Why does the fear of atomic war demonstrate that world government is any solution at all! Why does the fact that a truly peaceful world-society is a noble ideal lead to

Whight communism with come

the conclusion that the specific program of UWF will bring realization of that ideal, and not plunge us into some form of totalitarian world bondage? We are not told.

us into some form of totalitarian world bondage? We are not told.

It is in meaningless generalities that advocates of UWF shine. Bring them down to specific cases and they murmur, "Oh, that's a detail that does not need to be settled now." Yet it is those very details, as they call them, that would make all the difference between a world of freedom and a world of tyranny. We think most of the leaders of UWF have very specific ideas of the way we should go, but do not want to share them with the public at this time.

As for the local groups, UWF has unerringly gone to circles where Idealism is strongest—such as Christlan churches, women's clubs, student groups—and has sold the "ideal" without too much bother over how the ideal is to be realized. It has harped on the power of "world government" to slop war, with little emphasis upon what KIND of "government." Government, in 18elf, has no monal character, Yet UWF consistently sets forth simply "government"—government per se, as the cure-all for the Ills of humanity. "Give us world government," it cries in effect, "but don't bother us by asking what kind, whether free of tyrannical. All we need is more and greater government!"

#### THE HUMBER RESOLUTION

Several years ago Robert Lee Humber, a lawyer of North Carolina, drew up a form of resolution expressing vague and general approval of the idea of world government, and began sending it to state legislatures, (Ifunber is now a member of UWF's executive council.)

State legislatures often cheerfully pass vague resolutions on almost any whitely under the contract and the contract and the council of the contract and the contract a

State legislatures often cheerfully pass vague resolutions on almost any subject, unless some member who knows about it happens to object. So, before almost anybody else but Mr. Humber knew or cared anything about it, his resolution was "adopted" by the legislatures of Alabama, Arkansas, Georgia, Louisiona, Maryland, Massachusetts, Missouri, New Hampshire, Oklahoma, Oregon, Rhode Island, Utah, Virginia, Washington.

This resolution contains eleven paragraphs,

putation, but already legislators of states that have passed it have been told that since they have aiready committed themselves to world government, they will naturally want to pass the new resolution too.

In the national field, UWF has secured assent to its program from many senators and congressmen—including a majority of the members of the House Committee on Foreign Affairs! bers of the House Committee on Foreign Affairs!
Last year a Concurrent Resolution was introduced in both House and Senate declaring that
"It is the sense of the Congress that it should
be a fundamental objective of the foreign policy
of the United States to support and strengthen
the United Nations and to seek its development
into a world federation open to all nations with

ment, interpretation and enforcement of world law." In the House this resolution was introduced by ONE HUNDRED AND FIVE Congressmen, in the Senate by a small group. Itearings were held by the House Committee in October. At first it was planned to hear only the proponents. The National Economic Council, however, insisted upon being heard—and was heard.

#### WORLD FEDERALISM'S FATAL MISTAKE

All who fall for world federalism labor under a monumental misapprehension—the UWF group most fatally of all. This misapprehension is that governments create societies. But all history proves that societies create governments. There is today no world society, in the sense of a world community alsaring a common culture, tradition and philosophy of human freedom. World governmenters say world government will create a world society. But this shows they are either babes-in-the-woods or very shrewd deceptionists.

tionists.

A real world government, if men are to remain free, will need to be preceded by centuries of preparation. And eventually a more intelligent, less guilible age than ours may reject the whole philosophy of big government, and prefer a community of Independent nations. But to create such "government" now, in the present ideological world chaos, would be to force it upon hundreds of millions of people, and to strengthen tyrainty everywhere. It would mean world "government" only in the sense that a conquering despotism is called "government," It would dwarf the Chengis Khans, the Napoleons and the Hitlers into significance.

Only the Central Authority would be armed. It alone would possess A-bombs and guided missles to crush rebellion. But it would be composed of men subject to human passions and desires

sies to crush recellion. But it would be composed of men subject to human passions and desires Under its rule, human beings everywhere would experience the summit and delification of tyranny. Are Americans ready to hand themselves over to such a despotism?

#### A REAL PROGRAM FOR LIBERTY AND PEACE

While a world despotism might abolish war in the old sense, it would also abolish human freedom, It would be the peace of the "lifer" in prison. The World Federalist thesis is acceptable only to those who think it better to have an enslaved humanity and no war, than freedom with the view of world. with the risks of war.

But there is an alternative.
The first step is to preserve freedom within the United States by curbing statism and reasserting the rights and obligations of the individual. This means a rediscovery of the principles of the American Revolution and putting them into dynamic practice. Freedom must be not merely preserved in America: It must be actively practiced if its tremendous internal energies are to continue to be released. If freedom falls here, it will fall everywhere.

The second step is to preserve and actively assert the independence of the United States. Instead of surrendering her liberty of action, America should guard and exercise it.

The third step is to make the Americans impregnable. Communist fifth columns should be merellessly rooted out. This step can be taken only by sheer realism which will end once and for all the attrition of our resources by financial, diplomatic and military over-extensions throughout the world.

The fourth atep is for a free, strong and

out the world.

The fourth atep is for a free, strong and prepared America to sit where she is and ride out the storm, giving to all mankind fas she formerly did) the example freedom provides. If she does so, there need be no third world war in our life-time. If we ourselves refuse to overestend, but permit the Soviet Union to do so, the Soviet system in less than a generation will fall apart, leaving an intact America to lead the world back to a better day. If the USSR and the U.S.A. fight willin the next fifteen years, neither can conquer the other, but both may be wounded to the death,

to the death,

In the choice between a slave world under

In the choice between a slave world under supreme power, even wilhout war, and the main tenance of freedom with the risk of war, we vote for freedom. If "beace" is to be purchased at the cost of liberty, the price is too high.

We turge every American to write his Member of Congress about World Government. We ask every member of Congress to think hard on the chnice between freedom and the peace of slavery.

As this issue goes to press, the resolution at Albany is still in committee. It is reported that demands are being made upon the legislators for an open hearing on the issue before the resolution is sent to the floor.

105 Spousors In Congress

A similar resolution was introduced into the House of Representatives June 7, 1949. United World Federalists, the organization prompting it, publicly stated a few weeks ago that the following Representatives from New York State are among the 105 sponsors of the resolution in the House.

following Representatives from New York State are among the 105 sponsors of the resolution in the House:

William T. Byrne, Emmanuel Celler, John C. Davies, Ralph W. Gwynn, Louis B. Heller, Jacob K. Javits, Arthur G. Klein, Kenneth B. Keatlne, Abraham J. Multer, Adam C. Powell, Jr., R. Walter Riehlman and Anthony F. Tauriello.

The United World Federalists, as presently organized, was formed three years ago. Among those who took part were James P. Warburg, Rep. Vito Marcantonio, Sholem Asch, Rex Tugwell, Senator Glen H. Tavlor (running mate of Henry Wallace in the 1948 election campaign), Norman Corwin, Professor Harlow Shapley, Rex Stout, Rep. Celler, Norman Cousins and Charles G. Bolte. Methodist Bishop G. Bromley Oxnam. Supreme Court Justice William O. Douglas and Senator Claude Pepper are among its advocates. Literature on the proposed World Government is deliberately couched in generalities When specific answers are sought at meetings of the local units, said to be near 1,000, the usual reply is that details can wait until later.

Official publications, however, have some statements which indicate the extent of the power to be given the World Government. One of them, for example, says: "World Law shall be enforceable directly upon individuals," and the World Government "should have authority to raise dependable revenue under a . . . . direct taxing power independent of national taxation." The consequences of these proposals to each American need not be amplified.

Representation in the proposed World Government will give peoples of the still free nations about ten per cent of the voting nower. When a question concerning the insignificant vote accorded to Americans was posed directly to the United World Federalists the letter's official reply was:

"The answer to this question would be 'yes' only if the United World Federalists."

reply was:

"The answer to this question would be 'yes' only if the United States contingent in the World Government always voted against world neace. The World Government proposed by United World Federalists is designed to preserve the peace. If the United States wants neace, it will find itself voting with the majority who also want neace." reply was:

want neare."

The United States would also be compelled to seran its military and naval defenses under the World Government which would "possess provisions prohibiting possession by any nation of numeron and forces beyond an approved level required for its Internal policing." America would, therefore, depend for its prefection on an international army responsible only to the World Government. The latter would be in the present state of the world, in control of Communist, or at least Socialist, delegates.

It is also to be understood that all limiting attemption, tariff and other barriers would be removed. Catholics Used As Fronts

The United World Federalists, in their propaganda campaign to "educate" the public away from patriotism, which they condemn as "nationalism," have openly approached Catholics and Catholic organizations for support. They feature the names of priests and Catholic laymen on their literature.

The movement, however, Ignores the conditions laid down so many Ilmes by Pope Plus XII for world peace. Especially notable by Its absence is the fundamental condition emphasized by the Holy Father: "... an open acknowledgement of the rights of God and of His Law, or, at the very least, of the natural law on whose solid foundation are anchored the rights of man."

Mounting protests from putriotic societies and veterans' organizations, militurity opposed to any plan that would relegate this country to a minor status in a world group, are believed responsible for keeping the resolution from reaching the Senate and Assembly floors.

Sponsored by Stale Sen. Mahoney, Buffalo Republican, a resolution has been introduced which would menorialize Congress to take action on the world government movement. Mahoney is chairman of the Finance Committee, where the resolution now rests.

In view of increasing civic opposition, committee members are believed wary of reporting it out for a vole.

Should 32 States act similarly, then Congressional action would be mandatory. The Maloney resolution proposes an amendment to the Constitution that would:

"Expedite and insure participation of the United States in a world Federal government."

In effect, a "world government" would submerge this country to a virtual nonentity.

As the N. Y. Journal-American has pointed out repeatedly:

Someone has said that the road to Hell is paved with good intentions, but he did not tell us whether those who have paved that road go

to Hell.

It would be interesting to know whether the well-meaning perverter of truth, the betrayer of those whom he laves, and the destroyer of that which he seeks to build are judged by their inlentions or by the results of their actions,—when the Greal Judge renders his final verdict.

We need not answer that question here, but it is important to know that motives, no matter how good convex revents considered their

how good, cannot prevent operation of the law of cause and effect.

of cause and effect.

The doctor who mistakenly prescribes arsenic to cure heart trouble does not thereby prevent the poison from killing his patient, no matter how earnest his hopes that the patient get well.

The architect does not prevent destruction of the house he builds if he ignores the laws of physics in trying to save money for his client.

The teacher who loves his students does not thereby change the laws of psychology which wreck the boy who is mistakenly taught to rely entirely upon others.

So with the political and economic policies

entirely upon others. So with the political and economic policies of a nation. We know that the communist wants to destroy capitalism and thereby tear down the prosperous economic structure which we have built in the United States. He wants to set up government control over our lives and subjugate the individual to the state. He sees Jesus of Nazareth with his gospel of love as the mortal enemy of Karl Marx with his doctrine of class hate.

But the communist is too wise to attack in the open with clear aroual of his real purpose. He makes the attack in the name of democracy and humanitarianism, seeking to enlist for his fell purposes the aid of the very elements he realist to destruct. seeks to destroy.

fell purposes the aid of the very elements he seeks to destroy.

And so, many a devout church member, or worker for good, accepts the extravagant spending and accumilation of public debt as means to foster the welfare of individuals less fortunate than himself, and to provide easy help for the projects he would serve. He does this out of love for his fellow man, to establish the reign of plenty for all men on earth.

But, whether the purpose behind the extravagant spending, subsidies, government control and piling up of debts be to wreek the capitalistic system quickly, as is the aim of the communist and his socialistic pals—or whether it be in the name of democracy to promote humanitarian purposes, as is the hope of the devout and the good—THE END RESULT IS THE SAME in either case. It brings destruction to our traditional American freedom and self-reliance, the setting up of bureaucratic controls which ultimately enslave the individual, lower his standard of living, and, ultimately destroy the Church itself.

So the devout church member can become

itself.
So the devout church member can become So the devout church member can become fellow-traveler to the communist without realizing it, and neither the purity nor the nobility of his motives prevents him from serving as ally to the destroyers of his country and its basic freedoms. His methods defeat his purpose.

Sheer love for humanity does not save humanity when those who love it use the methods that ultimately destroy the objects of their love. It then becomes loving betrayat.

The runoing fight which Christianity has been putting up against the Marxists world-wide forces has been, until recently a single-handed fight. Christianity alone held the citadel of civilization until other important groups within our political, economic and social systems woke up to the fact that their "life, überty and pursuit of happiness" were being threatened as never. It is the travelet of the civilization of the fact that their "life, überty and pursuit of happiness" were being threatened as never. It is the product of Christlanity, survive unities the product of Christlanity. They must destroy Christlanity survives. Civilization as we know it is the product of Christlanity. They must destroy Christlanity before Marxists can force upon the peoples of the world their "dictatorship of the product of Christlanity of the product of the people."

Christlanity and Marxism cannot exist in the same places at the same time. One of the two must give way to the other. When Marxism comes in by the front door Christlanity goes nul the back door. And with Christlanity go all the cherished libertles and all the priceless freedoms of the individual. A form of athelstic Marxish dictatorship displaces democracy and Christlanity disappears. That is what happens whenever and wherever Marxists get their feet into the door. It appears that is about to happen here too.

## NEW YORK TIMES DEBUNKS NAZI SLAUGHTER OF 6,000,000 JEWS Leading spokesman for world Jewry reveals important information

The New York Times publishes the proof that there are more persons professing Judalsm in the world today than there were in 1938. The Zionists have claimed that the Nazls slaughtered 6,000,000 persons professing Judalsm between 1939 and 1945. The figures which the New York Times publishes on this subject are reliable and and have been obtained from official sources. The stallstics given by the New York Times prove positively that Zionists resorted to this gigantic untruth to gain the world's sympathy and support for their political ambitions and

nationalist aspirations in Palestine. It was a well known fact to the Zionists when they were using this vicious propaganda that there was no foundation for their false claims that Nazis had slaughtered 6,000,000 human beings because Judalsm happened to be their religious helbef.

The American Jewish Committee wants to be recognized as the Vatlean of Judalsm. They claim to be the authorized synkesmen for world Jewry, Stallsties which they have issued in the past have always been regarded as very reliable. Organized in 1908, the American Jewish Com-

mittee has acted throughout the world as the guardian of the interests and the welfare of persons professing Judolsm. Its active lenders have included Jacob H. Schiff. Paul Warburg. Herbert Lehman, Henry Morgenthau, Sr., and Americans professing Judolsm of similar origin.

International, anti-Christian, Marxists.

It appears more than pure coincidence that these eleverly camouflaged attacks by the radio commentators nivays follow the identical "line" which is constantly repeated in every other forms of propaganda in their war against Christiantly it is more than mere accident that the thinking of both these groups is identical on identical issues, Ourside of this mutual interest it is impossible to discover any basis for their mutual interest on any other subjects. Without fail they will jump into action at the same time on the same subject from the identical viewpoint when the effect is to sabotage public confidence in Christianity.

These numerous radio commentators are the

These numerous radio commentators are the unseen soldlers in the army of the enemies of Christianity. Their vocabularies are the weapons they employ. They invent smears which are more deadly than bullets. Their radio scripts virtually become the death warrants for their hunted prey. Nothing less than a miracle is ever able to rescue their victims from the fote which awalts them.

The completely unjustified and the wholly

The completely unjustified and the wholly unwarranted attacks upon the choraeter and the integrity of distinguished men of the highest standing and of unquestioned probity earns for these radio commentators the title "smear-bund". These (in)famous smear-bund members are at all times engaged in a never-ending contest amongst themselves for the championship of the smear-bund. They compete to attain the position of "Hatchet-man No. 1" of the smear-bund. Those of them who smear the mostest and the bestest are the ones who prosper the mostest and bestest are the ones who prosper the mostest and advance the lastest with the mysterious assistance of their many powerful unseen friends.

These hatchet-men of this smear-bund have developed character-assassination to a science and they have become masters in the profession. They first build unlimited public confidence in themselves by coloring ordinary news items with plous and patriotte words. They seek to create a holier-than-thou reputation with the public which then acts as a camouflage for the smears which they then earn broadcast without fear of suspicion. They "fool all of the people all of the time" judging by the existing state of affairs.

The average radio listenes is not able to the

The average radio listener is not able to distinguish between the broadcast of genuine news items and the counterfeit news-like smears which are cleverly disguised to appear as genuine news. It is as difficult for the public to distinguish between the genuine and the counterfeit in these broadcasts as it is for the public to distinguish between genuine and counterfeit money. It takes an expert of the Treasury Department to do that.

an expert of the Treasury Department to do that.

The Walter Winchels, the Drew Pearsons, the William Gailmores, the Johannes Steels are good examples of how the hatchet-men of the smearbund work. Observers who are regarded by all as competent experts in this field state that today nearly all radio commentators with large audiences on the air, with very few exceptions, are serving in the ranks of the smear-bund as hatchet-men shock-troops in a secret army.

Americans who profess Christianity must be

Americans who profess Christianity must be placed in the position to identify these enemies of Christianity who fill the air-waves with this form of sabotage against Christianity. They will be able to identify these concealed smears with the ease of experts if they will study the following case histories with great care.

the following case histories with great care.

Thomas Jefferson is reported to have said,
"Vigilence is the eternal price of liherty." To
persons professing Christianity throughout the
world it is more true today than ever. The only
reminder they require is the gruesome fate of
the living and the dead in Russia, Poland, Hungary, Czecho-Slovakia, Rumania, Bulgario, and
other satellite states of the Soviet Union, it can
happen here too. It will unless it is prevented!

Drew Pearson over WIZ (N V) and over

Drew Pearson, over WJZ (N.Y.) and over the entire ABC Network smeared Mr. Thomas J. Watson and General Dwight D. Eisenhower in exactly the following words, which were offici-ally recorded and transcribed for the radio in-dustry by Radio Reports, Incorporated,

"New York, Exclusive: Thomas J. Watson the President of INTERNATIONAL BUSINESS MACHINES, and the man who picked General Eisenhower

to be President of Columbia University, will hold a very significant private dinner at the Waldorf-Astoria tomorrow night to lauoch General Eisenhower for President.

However, General Eisenhower, may I respectfully suggest that you be careful.

Tom Watson is the same gentleman who received a medal from Adolph Hiller but did
aot take the trouble to retura it until after France fell.

If certain industrialists like Tom Watson nt certain industrialists like Tom Watson had been a little more careful about kow-towing to Hiller before the war, you, General Eisenhower, would not have lost so loasy of your mea during the war."

The radio industry's authentic Hooper survey of the radio audiences of leading commentators lists Drew Fearson with about 25,000,000 radios turned in for his broadcast every Sunday night. It is easy to believe that by Mondoy morning every home in the United States is well acquainted with the smears by Drew Pearson on those Sunday night broadcasts. That (In) famous smear-of-the year indicated the infinitely patriotic Mr. Watson with the crime of betraying the American Army men lighting in Europe with General Elsenhower. be at the head of the American Army in Europe. Upon what foundation of fact did Drew Peorson base this smear? In 1933 Mr. Watson was the President of the International Chamber of Commerce. The leading nations of the world have for years made it a custom the decorate the President of the International Chamber of Commerce with an hororary decoration. The evidence of this honor is usually in the form of a medal.

of this honor is usually in the form of a medul.

During the term of Mr. Watson's office as President of the International Chamber of Commerce it happened also that Adolph Hitler was the Chancellor of the German Government. In his eapacity as head of his government Hitler made the presentation to Mr. Watson, who accepted the medal only in his official capacity. That is the extent to which Mr. Watson was Pearson wanted the American public to believe that Mr. Watson was "kow-towing" to Adolph Hitler to such an extent that he thus is guilty of contributing to the deoth of "so many" of General Eisenhower's soldiers who did not return with him to their homes, and never will.

Drew Pearson could not have uttered a more Drew Pearson could not have untered a more dishonorable smear thon that one. To "wann" General Eisenhower to "beware" of Mr. Watson over the ABC Network with over 25,000,000 news-hungry ardent Drew Peorson fans tuned-in is not an bulelligent or sincere way by which to eonvey information of such a privote character to a person with Generol Eisenhower's faine.

a person with Generol Essennower's laine.

It is alarming to learo what is behind
this bit of aews. The tradition of journalism in
this country invokes the obligation to hew to
the line and let the chips fall where they may.
The American public desires and deserves the
truth, the whole truth, and nothing but the
truth. Well here it is, lock, stock and barret.

Mr. Wntson had been high-pressured by the Mr. Witson had been high-pressured by the creme-de-la-ereme of the Zlonist elite to be a good Christian and to occept the office of Chatrman of the Nitlonal Christian Committee of the United Jewish Appeal. Mr. Watson accepted. United Jewish Appeal raises money in the United States for the Zionist world-wide "infited front." The name of Mr. Watson could make it easier for United Jewish Appeal to obtain funds from Americans professing Christianity and equally easier from Americans professing Judalam.

Mr. Watson was willing and even anxious Mr. Watson was willing and even anxious lo lend the use of his name to swell the total of the money being raised in this country for worthy philanthrople use here at home ond for humanitarian use abroad for relief work among Europeans professing Judalsm. Mr. Watson's work in this field is the legend of a long lifetime consecrated by devotion to the welfare of others unable to win their fight against their plight.

If either Mr. Bernard Baruch, Mr. Herbert Lehnian, Mr. Henry Morgenthau Jr., or Mr. E. M. M. Warburg was ever the Chairman of a National Jewish Conmittee of a United Christian Appeal that fact never got into the newspapers. There were at that time in the displaced persons camps of eastern Europe less than 200,000 persons professing Judaism and over 600,000 per-

sons professing Christianity. In spite of this Mr. Watson put his shoulder to the wheel for human beings whose suffering he could mitigate as a non-sectarian American professing Christianity.

Mr. Watson learned that money being raised in the United States for relieving hunger, disease, and poverty among persons professing Judalsm in the camps and elsewhere in Eastern Europe was being used to purchase immense quantities of the most modern military equipment from the Soviet Union, Czecho-Slovakin, and other Soviet Union satellites with these U.S.A. dollars.

Union satellites with these U.S.A. dollars.

Mr. Watson also learned that substantial amounts collected in this country for philantropic uses abroad were being spent in this country for the purchase of similar military equipment. This fund was secretly equipping an invisible, Invincible military juggernaut which Zionists were smuggling into the Holy Land, piece by piece, as agriculturol machinery and other mislabeled shipments under the nose of the British authorities who were powerless to pre-British authorities who were powerless to pre-vent it owing to Zionist pressure in London.

British authorities who were poweriess to prevent it owing to Zionist pressure in London.

This modern military juggernaut was made up only of the finest and the latest weapons, from Stalin tanks, Sherman tanks, four-motored bombing planes, heavy artillery, Bofors antialveraft, guns, Bren gun-carriers, to Lee-Enfield ritles, flome throwers, bazookas and other modern death-dealing weapons fit for a World War III army. The Palestenian de-deers of their ancient homeland had military equipment which can be compared qualitatively with the arms available to the Minute Men in the Battle of Lexington if fought today against a U.S.S.R. Mr. Watson sent for Mr. Henry Morgenthau Jr. the National Chairman of United Jewish appeal, Mr. Watson explained his position and tendered his resignation in writing os the Choirman of the National Christian Committee of United Jewish Appeal. Mr. Morgenthau accepted it in writing but asked Mr. Watson to withhold amouncing his resignation publicly until Mr. Morgenthau could consult on the matter with his associates. Mr. Watson granted this request.

Irela follity to raise funds would be seriously injured if the truth were made public stating the real reason for Mr. Watson's resignation. This crisis invited action by United Jewish Appeal, Mr. Watson's office had olready confirmed his resignation to correspondents of foreign peal, Ar. Watson's office had olready confirmed his resignation to correspondents of foreign newspapers who had immediately cabled the news to their papera abroad. The typical "notl-Senifie" smear is to tie a person up with Adolph Hitler. No smear is more deadly than that one, Including the "waraing" to General Eisenhower made the smear more deadly. Many fine American soldiers professing Judaism died withe fighting with General Eisenhower. On account of that smear their friends could think him "anti-Semitic."

After the (in)famous smear by Drew Pearson it was only a matter of hours before Mr.

Watson was advised solemnly that contributors to United Jewish Appeal professing Judaism as well as Christianity were reacting very unfavorably to the smear. Mr. Watson was odvised that United Jewish Appeal "would no looger require your services," and Mr. Watson was neatly dismissed before he could make his resignation public. That "anti-Semitic" smear did the trick. And the public never did learn where their money hod been fluing until the news appeared in the papers. How many million of these good U.S. dollars went to the U.S.S.R. or her puppet pets for this huge juggernaut very few will ever know. The funds (Continued on page 3)

It is no less than an outright insult to General Eisenhower for Drew Pearson to "worn" General Eisenhower "that you be very careful" about Mr. Wolson. The "anti-Scuittie" smeor of Mr. Watson had a two-fold effect. The first purpose was exploined in the preceding paragraph. The second effect was to deprive General Eisenhower of the political support of Mr. Watson, should he decide to consent to listen to the overtures that he become a candidote for President of the U.S.A.

The veterans and the families of the boys who died fighting under General Eisenhower were hardly likely to look upon General Eisenhower as their choice as candidate for President if they realized that this principal backer was Tom Watson of "kow-towing" fame with Illtler, The 13,000,000 veterons and the many mil-

The 13,000,000 veterons and the many million relatives and friends of the boys who did not come back could hordly be expected to vote for Generol Eisenhower as the President of the United States after discovering the General's big backer contributed to the "loss of so many of your men during the war" by "kow-towing with Adolph Hitler." Their votes would be lost.

Drew Pearson smeared General Elsenhover and thereby made the nominotion of President Trumon certoin. The President's friends knew that if Mr. Wotson actively supported General Elsenhower that General Elsenhower must win the nomination. And having won the nomination General Elsenhower would become the next President of the United States. They did not want thot to happen if they could prevent it.

So the rug was pulled out from under General Elsenhower by Drew Pearson on beholf of the friends of President Truman. There con be no doubt in the minds of persons competent to judge that the well-timed smear of Mr. Watson was responsible for keeping General Eisenhower from becoming the President of the United Telegraphic Tru nope that the 13,000,000 veterans and the families and friends in the boys who were left behind in European cemeteries will never give further consideration to similar repeat performances by the hatchet-men of the sinear-bund. It seems they will need General Elsenhower in peace-time more than in war-time.

The tole Hon. Mr. James E. Forrestal was not quite so fortunate. He paid with his life for his patriotic apposition to those international, anti-Christian, Marxists who planned to run him out of public life. But he had been a fighter as a young man. It was not so easy to knock him out, lie always stayed in the fight to the very finish.

Walter Winchel and Drew Pearson both went to work on the late Hon. Mr. Forrestal. They did not spare him. The Judaic population of Palestine was only 7% of the total in 1919 before the 850,000 aliens were forced in by the Zlouist internotional conspirocy. The territories in Eastern Europe Inhabited in recent times by populations of Judalzed. Rhazar origin include the southern portion of the Soviet Union and targe sections of Lithuania, Poland, Gallela, Hungary, Rumania and Austria. This entire area of abrut 800,000 square miles at one time formed the Judalzed-Khazar kingdom. It was incorporated into the expanding Russian Empire when the Khazars were conquered by the Russians shortly after the 10th Century. Historians and unthropologists confirm that Palestine never was the honteland of the Judalzed Khazars and support it with facts.

Judulzed Khazars and support it with facts.

Between the 11th and 18th Centuries Russia suffered many defeats at the hands of the aggressive young kingdoms which were expanding on Russia's western borders. Russia suffered defeats by Poland, Lithmania, Galicia, Hungary, Austria and Rumania. Russia was compelled after each defeat to surrender portions of her territory to these victorinus neighbors. Thus Poland, Lithmania, Galicia, Hungary, Austria, and Rumania acquired with their territory the Judaized Khazars inhabiting that territory.

The presence of these Judaic nonulations in

Judalzed Khazars inhabiting that ferritory.

The presence of these Judale populations in these many eastern Europear countries is the result of partition of that portion of Russia inhabited by the Judalzet Khazars among the countries where they are now found. The Judiac populations of these countries are not the result of the immigration to eastern Europe from Phiestine of Judule exiles at any period in africe history of Palestine as is generally helicived.

The territories thus surrendered by Russia

The territories thus surrendered by Russia in each case consisted of sections of the former Khazar kingdom. With the territories thus acquired from Russia the victorious nations also acquired the populations which inhabited these lerritories. Throughout history that has been the normal emiscapience when nations have acquired territories by warfine against their neighbors.

torified emisequence when nations have acquired terrifortor by warfine against their neighbors. The continual relocating of national boundaries as a result of these wars changed the nationality of these torner Russians to the nationality of these torner Russians to the nationality of their newly acquired mutherlands. Thus millious of Judalzed-Khazars of Russian autionality automatically acquired the new hationality automatically acquired the new hationalities of Poland, Lithmania, Galicia, Hungary, Austria and the nations in that area. But these Judalzed Khazars only changed the name of their nationality. They did not in the least change their customs, their culture, their language, nor their racial origin. The boulds which they formerly had in common continued to hold them together as closely as though the complest by Russia and the partition by these many nations of the former Judalzed Khazar Kingdom lad never taken place. The Talmud, Yiddish, Judaism and their one-thousand year tradition as an independent, soverelgn kingdom united them and has kept them so.

The eastern European populations of Khazar consists any additional valuation and maniferation and interpretation and interpretation and interpretation of the former Judaized Khazar and their one-thousand year tradition as an independent, soverelgn kingdom united them and has kept them so.

The eastern European populations of Khazar cright can rightfully claim a common nationality. The Khazar Kingdom formed one of the integral units which were assembled by conquest in form the Russian Empire. During the thousand years since its foundation in 885 A.D. the Russians have conquered 9,000,000 square infles and the populations within them have been absorbed. The Union of Soviet Socialist Republics is composed of sixteen separate individual Socialist Republics. They have united and formed the Soviet Union. None of these sixteen separate independent Soviet Socialist Republics, which were carved out of the former Russian Empire, has as good a claim to restoration of its status as a separate state as the population of the former Khazar Kingdom has to that status.

#### HISTORY OF JERUSALEM NULLIFIES ALL ZIONIST CLAIMS UPON HOLY CITY

In a special cable to the New York Times from Jerusalem on January 3, 1973, Mosha Sharett, the Foreign Minister is reported to have stuted the view of his government regarding the reason for the interest of certain Christian denominations in the city of Jerusalem.

In an important appearance before his Parliament sitting in Jerusalem, Moshe Sharett expressed the view that the Christian denomination to which he referred was interested in Jerusalem for the following reason:

"a fanatical religious dogma, the desire to seek revenge for an ancient sin and to settle an account of nineteen centuries standing.

the standing.

It is inconceivable that the spokesman for the invading Eastern Europeans of Juda'zed Khazar origin whose aggression against the Holy Land is a blot on the escutcheon of civilized mankind would utter such a bold libel against Christianity. But it is far belier to learn now what is really in their minds than to go on believing their pretense and hypocracy.

It is needless to state here what Jerusalem and the Holy Land represent to Christianity. Christians the world over understand this without any necessity for giving here a presentation of the nature and the extent of their reverence for the sacred soil of the Nativity of Christ.

for the sacred soil of the Nativity of Christ.

But what is to be said or done when these blood-thirsty, ruthless alien invaders of this Holy. Land libel in such terms the attachment, the reverence and the love of Christians of all denominations for the birthplace of their religious belief and the spiritual leaders whose lives are woven into the sancity of that Holy area.

History contradicts and refutes each and every claim to the city of Jerusalem made by the \$00,000 trespassers of Judalzed-Khazar origin from eastern Europe, who have recently invaded Jerusalem and called it their "capital." During its history Jerusalem has passed six times from one religion to another. Surely the converts to these religions throughout the world cannot each claim that Jerusalem is their national "capital" in the political sense of the word. It is easy to understand how they may feel a spiritual attachment to the birthplace of their religion. The conversion to Judaism in the 5th Century of the population of the Khazar Kingdom, in the area indicated on the map, does not give these former Asiatic people the basis to claim Jerusalem or the surrounding area as their ancient homeland. The Eastern Europeans of Jidalzed-Khazar origin in all their recorded history have never had a national association with Palestine or are they of the same raciat origin as the Semites who always lived there, If the precedent they seek to establish was to be recognized it would be logical for the

#### **U. N. Sounding Board** For Communism

By Dr. David Goldstein

THE Soviet Union Foreign Minister, Andrei Y. Visinisky, returned to Moscow ten days ago, after two months of clever Soviet propaganda spouting in United Nations meetings. His parting brazen blast, on the tiner America, was against the U.N. for "refusing to condemn preparations for war," instead of following the pattern of the Soviet Union, the country that is "fighting for peace and international security, as she has always done." THE Soviet Union Foreign

No doubt the Soviel populace was further misled than heretofore by the Vishinsky United Mations diatribes, that were printed in the Soviet press, without the answers to them. Vishinsky was praised in the Soviet press for "bravely" hurling into the faces of the anti-Communist U.N. delegates the charge of "imperialism" and that the United States is being pressed by "Walt Street" into a war against the Soviet Union. Soviet Union.

Soviet Union. We wonder how much longer the non-Communist delegates in the U.N. are going to permit their organization to be used as a sounding-board for insulting Soviet propaganda? What's the use of further discussing any agreement with the Soviet Union, so long as the Kremiln will not lower its fron Curtain? So long as it will not permit foreigness or its elitzens to go in and out of its territory, as is permitted in democratic countries? Even with the lowering of the Iron Curtain, agreements with the Soviet Union are not likely to be worth the paper they are written on, unless the United Nations has an armed force that would bring belligerent nations to boot.

Our arquaintance with communism, before and after the Bolsheviks forcibly overthrew the Democratic Constituent Assembly of Russia, caused us to be amazed at the many appeasing concessions granted the Soviet Union, that made her powerful enough to threaten the peace of the world. We regret to say that our country is guilty of lawing led along this appeasing course. This is amazing, considering that the character of the Soviet Union was known to our State Department ever since the Bolsheviks came into power in Russia. To cite but one of many instances, that was told of in the New York Times Current History Magazine of Fehruary 1920.—Writing to the Harvard Liberal Club, William Phillips, Assistant Secretary of State, said:

nag space so oblained in order to gather our strength, in order that the mere confinned exisfence of our Government would keep up the world-wide propaganda which Soviet Russia has been carrying on . . . '"

Not long after the Bolsheviks acknowledged that an agreement is only a "bit of paper" that they sign in order to get a "breaking space," as were the three dozen treaties the Soviet Union violated that had been solemnly signed since then, the Executive Bureau of the Communist International instructed the Comrades as to how they were to sabotage the United States, as their part of the Red World Revolution. Space permits only the presentation of one-third of the brazen document, viz:

"Dear Comrades, permit us to give you a full resume of our advice and instructions regard-ing current work in America."

"We firmly believe that one of the most important aims at present is the organization of Communist small nucleus centers among soldiers and sallors—as a fighting section to carry on energetic propaganda in organizing Soviets of soldiers, and sallors, and in preaching hostility toward officers and Generals."

"We strongly emphasize that until the soviets (councils) have got the upper hand they must regard themselves as militant units of the fight for national control and proletariat dictatorship."

. "The organization of strikes and of unem-ployed, and the fomenting of insurrections—that is the task appointed."

"The general platform will be as follows:
"Down with Senate and Congress."
"Down with capitalists in the factories. Long live the management of the factories by the workers."

"Everywhere it is necessary to sharply emphasize the idea of seizing the whole machinery of economic administration by the working class, and to direct toward this object propaganda and agitation—by an outcry against the high cost of living."

"It is of supreme importance to pay the closest attention to the American Federation of Labor. This must be smashed to pieces.

"Frighten every one with the borey of new s being prepared by the Capitalists."
"Organize conspirative committees."

Communists are double-dealers. Vishinsky, their Soviet Foreign Minister, spouted against the UN for "refusing to condemn preparations for war," when his own Kremlin gang is the cause of it. He asserts that the Soviet Union is "fighting for peace and security," while she threatens the peace of the world through the Cominform as she did through the Comintern. Vishinsky himself answers the question: "Does Communism teach the overthrow of the state?" in his latest book (The Law of The Soviet People, 1949) thus: "The violent seizure of authority by the proletariat, the demolition of the exploiting society's machinery of state, and the organization of a new state is the most important thesis of the Marxist-Leninist doctrine of proletarian revolution. The greatest service of Lenin and Stalin . . . is that they translated the doctrine into reality."

> "One of the finest things ever done by the mon was the crucifixion of Christ. Intellectually it was a splendid gestiere. But trust the mob to bungle. If I'd had charge of executing Christ I'd have handled it differently. You see, what I'd have done was had him stripped to Rome and fed to the tions. They never could have made A saviour out of mincemeat."

# ZIONIST RULE POLAND

Republished from The Patriot-London, England

Marshal Rokossovsky's appointment as Poland's Defense Minister and chief of the Polish armed forces should not be a surprise to those who understand the structure of the communist group of nations. The Marshal has been "lent" to Poland by Stalin, but in the same way the Soviet dictator might "borrow" Marshal Rydz-Smigly or any other prominent person who could be useful to him. It is a special feature of the regime established on the other side of the Iron Curtain that unity in purpose and action, so prominently absent in the West, has been established in the whole area from the Elbe to the Pacific. Everything has been subordinated to that principle, and when a man like Tito revolts against blind submission and places his own, or his country's interests above the interest of the Communist whole, he thereby condemns himself.

Rokossovsky is entirely a Soviet man. Aged 53, he was born in Warsaw, but left Poland when quite a young man to serve Russia in the first war. He is of communist training and belongs to the group of young Soviet generals who distinguished themselves during the last war. It had been said that his appointment is a kind of exile from Moscow where he became too popular. This is certainly not true—were it so, Stalin would not risk sending him away. There are other ways of removing people who may become dangerous. and to appoint such men to posts of the borderland of the Soviet bloc would be to ask for trouble, and Stalin has had enough trouble with Marshal Tito. Therefore it can be taken that Rokossovsky is a safe man from Stalin's viewpoint, and will obediently carry out all his orders.

From the strategic point of view the appointment has great importance. Poland has at present 14 divisions, with some 160,000 men least one million men, and this new army, to-gether with the new German army, formed under cover of a police force, would be the spearhead for the onslaught on Western Europe. Combined with efficient German staff-officers now serving in the German Soviet-sponsored force, the Soviet military experts who will come with Rokossovsky to Warsaw, will be able to build up an excellent army, for the Polish soldier, when commanded by clever leaders, is a good fighter.

Rokossovsky has been described as a soldier, not a politician, which is true; but at the same time his task will also consist in crushing the last vestiges of opposition to the communist domination of Poland. The Sovlets are hated all over the countries they rule, most of all in Russia, and can survive only by a regime of ruthless terror. Every military leader, if he himself does not wish to become a suspect, must assist the State police in suppressing all attempts of opposition. What is happening now in Czeclioslovakla and Hungary has happened in every country, and will continue as long as the Communist State exists. This should be clearly understood by all who have any influence in world affairs, and it was regrettable that Field-Marshal Wavell minimised recently the Soviet danger to world peace by identifying the Soviets with the Russian people. The Russians certainly went peace, and only peace. But the Communists who are not Russians, but Internationalists, want war in order to extend their rule to other countries, and finally to the entire world.

Jerusalem was the chief seal of one of the districts of Palestine, under the rule of a Viceroy of the Pharoah in the 15th Century B.C. when Amenophis III had extended Egyptian rule to include territory as remote from Egypt as Syria, Mesopotania, Babylonia and Assyria.

If the Soviel Union had taken this step the eastern Europeans of Judaized Khazar origin would not have been compelled to go to war against the Palestenlans to ocquire what is now claimed by them as their "historic homeland," Their historic homeland is actually in that part of the Soviet Union indicated on the map as the "Khazar Kingdom." It existed there almost a thousand years before Russia was established.

The Soviet Union is aware of all these facts. The holders of passports for domestic travel within the Soviet Union must indicate on their passport to which of the sixteen Soviet Socialist Republics they lay claim to citizenship. In addition to these sixteen the Soviet Union recognizes as the seventeenth nationality of the Soviet Union its population of Judaized-Khazar origin. Their passports must be stamped with this seventeenth nationality. The Soviet Union however never returned their territory to them, or their status as a nation. It should do so.

The eastern European population of Judaized Khazar origin can rightfully proclaim themselves a racial group as well as a national group. The racial origin of the Asiatic Khazar tribal nation was Turki-Finn. The Turks and the Finns of Asia are the ethnic background of the Khazars. The Turks and the Finns also later settled in Europe and are there today, only the Khazars were converted to Judaism. The Finns became Christians and the Turks became Moslems.

Christians and the Turks became Moslems. What did the Soviet Union have in mind when it folined with the Zionless in fooling the world Into believing that it wished to assist in the "repatriation" of its population of Juddized Kluzar origin to their "Promised Land" in Palestine? Is it possible that the Soviet Union wished to "hedge-hop" the Dardenelle Straits by Itransplanting a few million of its most loyal followers in the strategic area of the Holy Land? Is it likely that the Soviet Union wanted to set up a satellite state in this area where they had been unable to obtain control of the important natural resources? These are questions which will be answered by the imminent future. be answered by the imminent future.

#### MARXIST ANTI-CHRISTIAN WAR HITS NEW HIGH WITH SMEAR-BUND ON THE AIR

(Continued from page 3)

make them the targets for the joint-staff of the hatchet-men for the smear-bund. Watch them go to work now on Father Gannon and Mr. Raskob. They have something up their sleeve!

Raskob. They have something up their sleeve! The name of the Grand Multi of Jersualem is never mentioned by the hatchet-men of the smear-bund unless they refer to him as the very intimate associate and collaborator of Adolph Hilber That is to make certain that the "asti-Semitie" implication is not overlooked. The State Department in Washington has nothing in its records which supports the Zlonist's many frivolous charges against the Grand Mufti of Jerusalem as the 'collaborator' of Hitler.

To link Father Gannon and Mr. Raskob with "the pro-Franco propagandist" is another of the typical smears of the hatchet-men of the smear-bund. If the international, anti-Christian, Marxists cannot control a person, they silence him. Today in the United States to call anybody a "Fuckly" or "anti-Semitic" is to discredit him in the eyes of all uninformed Americans.

The international, anti-Christian, Marxists hate Franco because his was the first government to defeat the communists in their attempt to take over his country. In Spain they received their first demonstration that there are still some

their first demonstration that there are still some people left in the world who have the sense to put up a fight while they are still "top dog."

If Franco is a "Fascist" that is what the countries in eastern Europe now need. President Abraham Lincoln recommended to his other Generals the brand of whiskey which General Grant drank when they complained to him about General Grant's permanent state of intoxication.

To link Father Gamon and Mr. Raskob with a "secret meeting" which, as Walter Winchel stated on his broadcast to his 25,000,000 listeners, "Somebody ought to expose this phage.

Winchel stated on his broadcast to his 25,000,000 listeners, "Somebody ought to expose this thing, so I just did" is to smear them in a shameless manner. Father Gannon was for six years the head of Fordham University in New York Cily. Mr. Raskoh is a man of the highest standing and unquestioned probity. It is a smear to instinuate that these two men would attend any meeting which Wolter Winchel characterizes as one which "ought to be exposed" by the smear-bund If Father Gannon and Mr. Raskoh would

which Wolter Winchel characterizes as one which "ought to be exposed" by the smear-bund If Father Gannon and Mr. Raskob would consent to the use of their names as Patrons of the many "front" organizations for the International, unti-Christian, Markists they would not receive unfavorable smears by the hatchet-men for the smear-bund. They make it very uncomfortable for those who will not become "fellow-travellers". They run yout show or they ruin it!

Is it possible that Walter Winchel thought that by smearing Mr. Raskob he could influence a group of his followers to switch their purchase of Chevrolets to Mr. Kaiser's low-priced new car which Walter Winchel was being pald at the rate of about \$600,000, a year lo advertise? It is certain that Mr. Kaiser would never approve of such a policy, Mr. Kaiser would not borrow the millions of our taxpayer's money with which to pay hatchet-men of the smear-bund to smear his competitors. Is it too much to ask Mr. Kaiser to compel the retraction of this smear of Mr. Raskob? Or is Walter Winchel trying lo high-pressure a \$250,000 contribution by General Motors to the Anti-Delamation League to match the one recently extracted from the Ford Motor Company for permission to open a branch in Company for permission to open a branch in Tel-Aviv? How about it Mr. Witchell, h-n-h-h-h-h

The "pro-Franco propagandist" to whom Walter Winchel referred was Mr. Morwin K. Hart.

Mr. Hart has spent the last sixteen years and a
considerable fortune fighting the Marxists in this
country and all around the world. That is the
reason he is intensely hated by the international,
anti-Christian, Marxists here and everywhere.
They have learned the power of his punch!
The hatchet-men of the smear-bund appear
to have a standing order to smear Mr. Hart.
They will smear any activity by Mr. Hart as being
either "anti-Semitte" or "Fascist". If no oppor-
either "anti-Semitle" or "Fascist". If no opportunity comes along to do so they will manufacture one. He is proud they call him an enemy.

ture one. He is proud they call him an enemy.

Mr. Merwin K. Hart is a lawyer of note. He has served with distinction in the legislature of the State of New York. He is highly regarded and irequently consulted by the most distinguished Members of Congress. He has an honorable and an enviable record as a former business man. He also takes an active part in the affairs of the National Economic Council — 100% Americans who oppose every form of dual allegience and of divided loyalty by any individual or group of any race or nationality.

The National Economic Council is smeared by the international, anti-Christian, Marxists as "reactionary", "capitalistic", anti-Semitic", and "Pascist". The roster of its members contains the names of this country's leaders in industry. Their loyalty is only to the United States and to preserving its present form of government. Such patriotism always draws the usual smears from the international, anti-Christian, Marxists.

The National Economic Council is smeared

The National Economic Council is smeared The National Economic Council is smeared only because they have done, and are doing such a marvelous job in exposing the secret and subversive activities of these un-American, non-American, and anti-American outflix. If this crganization and Mr. Hart were not giving them such a stiff fight they would not allow the talents of the hatchet-men of their smear-bund to be wasted on them. Mr. Hart does not silence easily.

Mr. Hart was holding no "secret meeting" behind closed doors to hear a "secret speaker" who "once worked with Adolph Hitler's stooge in the Near East, the Grand Mufti". Mr. Hart had invited a small number of his close and personal friends to hear a very interesting talk.

The meeting was called in Mr. Hart's office in the Empire State Building, in New York City, for 4 o'clock, in the afternoon. Neither Father Gannon nor Mr. Raskob were expected to attend the "secret meeting" and neither of them did.

Walter Winchel smeared Mr. Hart's meeting as "anti-Semitic" with the "Adolph Hitler-Grand Mutti's smear to embarrass friends of Mr. Hart and the many other notables with whom Mr. Hart has the friendliest relations. Walter Winchel knew what these influential people would hear at that meeting would not be helpful to the international, anti-Christian, Marxists' future.

Mr. Hart had asked a few friends to hear a little informal talk by a Mr. Yussif El-Bandak. Vice-Admiral C. S. Freeman, U.S.N. (Ret.) Walter Winchel tried to Intimidate the guests invited by Mr. Hart to hear Mr. El-Bandak with "somebody ought to expose this thing, so I just did." Walter Winchel was out to accomplish more than appeared on the surface. Firstly, Walter Winchel was out to make it impossible for Mr. El-Bandak to obtain an audience in the United States. Walter Winchel knew

The international, anti-Christian, Marxists who had recently taken over Jerusalem and were relusing to respect United Nations resolutions on the subject, were moving heaven and earth to prevent Mr. El-Bandak's appearance at United Nations, Waiter Winehels smear did the trick! Mr. El-Bandak is a Christian He is also an Arab. His people for two thousand years have been Christians. His ancestors were members there of the very first Christian congregation in the world. The city of the Nativity of Christ is still in the hands of Christian delenders. Thanks is due to brave Christian Arabs who, with Mr. El-Bandak, fought with guns in their hands to defend this Holy citadel, Bethlehem's population is entirely Christian, Arab and non-Arab.

CONDE McGINLEY, Editor

Dear Friend,

All who give any thought to the future are alarmed at developments which are leading our Country near to bankruptcy and Communism, and gradually changing the cold war into a hot war in which many loved ones will die. Serious minded people are asking such questions as:

What is Communism and how will it affect me?

Why do some influential people deny Communism, or slightly criticize it, while approving Communist-sponsored moves?

Why do these same well-known people rush to the defense of those who are accused of Communist activity?

What is Zionism and what is its relation to Communism?

Where does Fabianism fit in?

Is Communism or Socialism the greatest threat to the United States at present?

Why is Marxism the main overall threat and far more savage and brutal than people know?

Why does our Marxist-ruled administration spend billions through the Marshall plan in Europe under a so-called campaign to stop Communism, while Truman protects Communistic subversives by refusing access to Loyalty files?

How is Judasim related to Marxism?

Do Felix Frankfurter, David Niles (Neyhus) Bernard Baruch and Joseph Davies have more influence in our government than Truman?

Do these and other Marxists direct the President, the State Department, Justice Department and control our foreign policy?

Why do these Marxists want to bankrupt the U.S. and discredit our

Do the Marxists in the United States work hand-in-glove with the Marxists who direct and control the Soviet Union, Poland, Hungary, Czechoslovakia, China and England?

Why does Dean Acheson openly support Marxist traitor, Alger Hiss, and protect the hundreds of Marxists in the State Department while mildly criticizing

. MAY 2 1950

Why has Lenator Herbert Lehman, a millionaire, assisted Communists and Marxists? Will he lose his wealth if the U.S. gets the same kind of government that Hungary has?

Why are Eleanor Roosevelt, Elliott, James and F.D.R. Jr. willing tools for Marxism, the most brutal anti-Christian rule in the history of mankind?

Why do some Jewish sources say the Soviet Union is anti-Semitic while four Zionist-Jews are the most influential members of the Soviet Politburo and Stalin's wife is Jewish; and Communist satellite countries - Poland, Hungary, Czechoslovakia, Rumania and China - are all being ruled by Zionist-Jews? The penalty for anti-semitism in the Soviet Union is death!

Are the Marxist-Zionists in the Soviet Union and the United States cooperating to bring about war so that Zionists, with wer emergency powers in the U.S., can take over and crush all opposition to complete socialization of the U.S.

Is the General Staff committee recommended by Bernard Baruch on April 1st a committee that will take away our liberty as soon as war is declared and put us under Marxist rule?

These are just a few of the questions asked by those sincerely interested in the welfare of our Country, and the answers to these questions must be answered correctly if we are to better understand the world situation. God willing, these and many other questions will be answered in future issues of COMMON SENSE.

To carry on such an educational program necessitates funds. We dislike pleading for funds as is evidenced by the fact that, in the past, we have appealed to our readers only in emergencies. We find ourselves in such a situation how. For four years we have published COMMON SENSE with practically all voluntary help. We have had less than one year with a paid secretary. We are most grateful for our many loyal voluntary workers - workers who are our greatest strength - but our mail and incidental work have now reached such proportions that it is impossible to do the job we must do without some full-time office help. Much valuable work is done through conferences in New York and elsewhere that cannot be disclosed in COMMON SENSE, but for want of personnel, we are unable to take advantage of many opportunities.

At best we are working under the most trying conditions with pressure from the enemy on all sides. During these four years, the enemy has been successful in scaring or threatening six printers, with additional expense and inconvenience involved with each change. We now have a printer whom we are confident cannot be frightened, but he must be paid. Our postage bills are low in proportion to the material and subscriptions mailed. We mail out thousands of pieces of free literature to all states.

Overhead expenses - rent, fuel, telephone and electric - are kept at a minimum.

Speakers of COMMON SENSE are kept busy with no remuneration. We should be covering a greater section of the Country, but at present this is impossible as funds are not available for this purpose at present.

Then, too, the Editor has recently been indicted by the Grand Jury in connection with the incident that took place last June when four Zionists entered the office of COMMON SENSE for the sole purpose of taking all records, files, etc. The Editor is accused of beating up two of the four Zionists while the other two stood by to "witness" the beatings and "obstruction of justice." This case

won't spare time ense to do it, but with the respondence of God and financial assistance for lers fees, we can and we will. In.

We are proud of stretching every dollar and believe it worthwhile to pass on to our readers a comment made recently by one of the friends of COMMON SENSE after he looked over our yearly statement: "It is unbelievable what you have accomplished with so little money; you ought to run the railroads!"

We know that there is a constant demand on each and everyone for money for various causes, but if we don't stop the vicious Marxist plan, we will soon have no civil rights, freedom of speech or press, no religious freedom, no free enterprise, and no bank accounts. Each and every one of us will be slaves to a ruthless, atheistic government that will liquidate or jail all opposition as "enemies to the government." Nothing but a fearless expose of the real enemy will save the United States. It is too late now in many countries to even speak a word against the Marxists who rule.

We here at COMMON SENSE have endured constant smears, threats and abuse for the enemy stops at nothing. By opposing every camoflauged moved the enemy has launched, there is no telling how long we have helped delay the taking over of our Country by the enemies of Christ. Our heart is in this fight - we are willing to sacrifice our lives if necessary - but we cannot fight without ammunition. We have given every dollar we had, and are now giving our time without salary. It is now up to loyal Americans to decide whether we continue fighting. We want to double our activity and output of papers, and, above all, publish regularly.

The enemy is only a small minority, but placed in vital spots - labor unions, communications, government posts - with their fat purses they can control virtually everything. These well-trained fanatics do immeasurable damage and THEY DO IT WITHOUT THE CONSENT OF THE MAJORITY.

Look at Europe! Look at Russa! Look at China! The majority of the people in those countries did not want Communism - but THEY HAVE IT. People say: "It can't happen here". But, it CAN and WILL unless a sufficiently large number of Americans know the truth in time. It is the duty of those who know the truth to let Americans in on the Satanic plan to conquer the world. Anyone who knows the truth and is silent is an accomplice of the enemy!

Let your response to this letter be a generous one. It is a heartbreaking task to oppose the enemy with inadequate funds. We are in a "tight" spot financially and we are counting on our good friends to see us through. It will take money to fight the enemy in court, but we have no choice.

The writer has devoted seven days a week for four years without pay, in addition to giving his life's savings to the fight, and he will continue to do so in the future if you will but pass the ammunition. Ask your friends to get into this fight to save our wonderful country from these Asiatic revolutionists who for years have been invading the United States in increasing numbers. What use will money be when we are ruled by the same gang who now rules Hungary, Poland, Czechoslovakia, and a dozen other countries?

Won't you do your part to win this fight for Christ and Country, and each give according to his means?

Faithfully yours,

Each person that sends us a donation, will receive a copy of the booklet on the minority machine by former counter-intelligence officer, Major Robert H. Williams.

Dear American:

It is alarming to contemplate the situation our country is in and in whose hands the destiny of 150 million Americans rests. It is evident the fate of Christianity and civilization depends upon the ability of the United States to defeat this atheistic Marxist group we helped to set up throughout the world during the past 17 years. Through the maneuvers of men entrusted to the control of our governmental departments, taxpayers' money has been used to subsidize Marxism all over the world, including China and Korea. The Marxists and homosexuals in our State Department gave lip service to opposing Communism while working tirelessly to establish worldwide Communism. Sleepy citizens will soon realize that the State Department cooperated with Communists in turning Germany into a booby trap, the same as China and Korea.

In the August 1st issue of "LOOK" magazine, Jonathan Daniels reveals officially that Sidney Hillman actually picked Truman as candidate for Vice President at Chicago where no one dared oppose his choice. Who was Hillman? A Russianborn Yiddish Khazar Marxist who handed Lenin a million dollars which he (Hillman) had raised in the United States. When pinned down, Hillman would criticize Stalin Communism, but he was a leader among the Trotskyites. Trotsky (Bronstein) was far more ruthless than Stalin. Although Hillman is dead, the Communist labor group he built is powerful.

Truman, whose only business experience was a partnership in a Yiddish haberdashery in Kansas City that went bankrupt, now "dishes out" billions and must sell "Red Herrings" to the voters otherwise the Yiddish Marxist, David Niles (Neyhus), the White House Administrative Assistant, will blow the whistle and the Anti Defamation League will pull Truman's record out of their files to expose the particulars of the Pendergast gang's use of Truman.

Senator McCarthy's exposures, along with the fearless accusations of others, have so scared the Yiddish Marxists that they must mastermind the United States into war so that they will not be discovered at their treachery and thrown out of Washington. This crisis will continue until "War Powers" have given control of all manpower and industry in the United States to the Marxists. "War Powers" will give Marxists the authority to silence all opposition to the Communized police state they will set up.

Home ownership will cease; business will be "regulated" by the State; taxes will INCREASE. Remember: The Socialists completely took over Britain during World War II. This Marxist strategy for socialization -- a short step before outright Communization -- is well understood by those who have given the time to study and learn about this Asiatic Yiddish group that has combined the teachings of the Talmuwith Karl Marx's program, and has permeated all governments to overthrow them

The great need is for means to allow patriotic expression by those who really understand the enemy. Marxists now prevent this by control or intimidation of the radio and press.

Five years ago the writter gave up his business and started this crusade of education in an effort to alert people sufficiently to prevent what evidently faces us now. It has often been very discouraging because the very ones who should have given time to study the underhanded forces at work in America, have been so interested in pleasure and making money, they could not even take time to investigate or support those at the front.

Many write that we have done a marvelous job with so limited funds; we have distributed two and a half million papers. We need funds to increase our output of papers. We are confident that if funds were provided for us to print and distribute 200,000 weekly the Marxists plan would be so exposed and defeated that our country would be saved. We do not want anyone to send what he cannot afford. Still, unless those who have the money wake up and give us the ammunition to fight on a much larger scale, and AT ONCE, many will be liquidated by the enemy from within. All money and property will be siezed. Eighteen years of intensive study of world affairs indicates that Korea is but the beginning of the gravest battle Christianity has ever known. Civilization has never before faced such an enemy. We may have only a few weeks left to fight!

Will you send us a check or postal note for what your conscience dictates?

For Christ and country.

Jury in Union Clears' McGinley of Charges in Process Case

Staff Correspondent.

ELIZABETH — Conde McGiniey, publisher of the antiCommunist, antiZionist Common Sense, was found not guilty yesterday by a jury in a County Judge Hetfield's and the sense of observating expenses of observating expenses. court on charges of obstructing ex-ecution of process and assault and battery on two Union County sheriff's deputies last June.

The jury deliberated only 30 minutes before bringing in its verdict at 5:30 P. M. on the second day of

the trial.

The state charged McGinley had obstructed execution of a levy on equipment in his publishing office in 2001-2005 - Picasant parkway, Union, and struck the deputics, Harry Coplan and Alfred Greenberg, when they tried to earry out the writ.

#### McGinley's Charges

The levy was made to satisfy an \$1,800 judgment against McGinley for printing bills owed the Suburban

Publishing Co. of Union.

McGinicy charged on the stand yesterday that the deputies were ordered to confiscate his records and subscription lists by a Communist underground. When the deputies entered the establishment June 17, 1949, he said, they did not identify themselves, making him afraid they were Communists out to get him. He had previously received "at least 50" threats on his life, some of which he turned over to the FBI

for investigation, he added.

McGiniey said the deputies confiscated records of his investigation of at least 400 Communist eeils throughout the country at the direction of Robert M. Dvorin, an attorney for Suburban who, he said was president of the Linden-Roselle Zionist organization. They left behind much valuable equipment in

the process, he added. "I'm only interested in one thing combating Communism," Me-Ginley said, almost breaking down with emotion, "and the only difference between Zionism and Communism is in the contract of the co

munism is in the spelling of the names."

Copian and Greenberg had testi-fied earlier they were instructed to take only personal effects that could be sold by the sheriff to satisfy the judgment entered against McGinley. When they tried to do that, they said, McGinley hit them and tried to stop them, so they put him under arrest.

McGiniey denied any obstruction and that he had assaulted the pair. He said he had attempted to get away so he could call police and protect himself and his records.

#### Defense's Argument

In his summation Thomas Hueston of Elizabeth, defense counsel said the deputies had the right to serve the writ, but not to execute it. He said that rather than obstruct the process, McGinley actually had run out of the premises to phone the police, to keep from being assessinated by Coplan and Greenberg, who were unknown to him at the time.

It is well to review, for the benefit of new readers, that Mr. McGinley did not owe one cent of the bill in question. It was proven and illustrated many times during the trial that the four Zionists who raided the office of COMMON SENSE on June 17th, 1949, had but one objective -- TO CONFISCATE THE RECORDS -- an objective which they failed to accomplish although they did succeed in putting Mr. McGinley in jail.

To save America at this late date, it is necessary to awaken thousands by printing the TRUTH, and exposing these traitors that pose as advocates of "Brotherly Love" and "Tolerance" in order to keep Christian Leaders silent while they tighten the chains of slavery through governmental manipulations.

Mr. McGinley has given every dollar he had in this fight. He has donated his time without pay or remuneration for four and one half years, seven days a week. He needs the support of patriotic people in publishing this rapidly-growing weapon of truth, COMMON SENSE. COMMON SENSE is the only newspaper in the U.S. that devotes all its space to exposing and fighting Communism regardless of where it is found or whom it offends, and is edited by national authorities capable of guiding Americans in this crisis.

#### Letter Of Herman Goering To Winston Churchill

(Editor's Note:

When Endolph Hess flew to England he made a plea to England and U. S. tu John with Cermany and destroy Communism rooted in Russia. As dupes for the Marzist Zionist, F. D. R. and Churchill followed the insane plan to crush Germany, which alone was holding Communism

Today Germany is crushed and the British Empire bankrupt. England, living off the American taxpayer, Irembles in fear of Russia.

As the top Germans were hanged or lynched on a prominent Jewish holiday the German leaders stated that the Communists will hang Allied leaders later.

Herman Goering wrote this letter just before be poisoned himself.

This letter should be read carefully by members of Congress and all others who are shaping the destiny of America. M) Churchill:

You will have the satisfaction to survive me and my commendes in instortine. I, do not healare to congratulate you on this personal triumph and the finesse with which you have accomplished it. You have good to great expense in order to secure this success, for yourself and Great Britain, Should I believe you sufficiently naive as to consider this success anything more than a show, detrimental to the Great German Entpire—a performance for the peoples and their Jewish and bolshevist confederates, which were maneuvered by you into the war—then my statement tu you during this last hour of my life would, also in the eyes of posterity, be squandered upon an unde-

serving one.

My pride as a German and as one of the foremy price as a German and as one of the fore-most responsible German leaders forbids me to lose even a single word in a dispute of world-historical importance on the disgraceful lowness of the methods employed by the victors as far as these proceedings concern my own person. However, as it is the obvious and announced intention of their administration of the law to throw the very German people into the abyas of illegality and to rob them once for all of a future possibility to defend themselves by the removal of the responsible men of the national socialistic state, f have so add a few wdrds to the historic sub-ject of the verdict, premeditated by you and your

allies.

I direct these remarks to you, alince you are one of the best informed ones regarding the true underlying reasons for this war and on the possibility of avoiding the same; or to end if at least in a manner bearable for the European future; and yet refused your testimony and your onth to your own high court of justice. Therefore I shall not fall, white there is still time, to call you before the tribunal of history and direct my statements to you, because I know

of justice. Therefore I shall not fall, while there is still time, to call you before the tribunal of history and direct my statements to you, because I know that this tribunal shall expose you some day as that man, who, with ambition, intelligence and energy has thrown the fate of the European nations under the wheels of foreign world powers.

In you I identify before history the man who had the ability to bring to fall Adolf Hitler and his political accomplishments; the man, who will, however, be unable to raise the sheld protectingly against the invasion of Europe by the Asiatics.

It was your ambition to justify the Versallies Treaty regarding Germany. It will prove fatal to you that you succeeded. You personfied the hardened obstinacy of your old gentry; and you also personfied the stubborness of its old age, opposing the last gigantic effort of the relivenated German power to decide the fate of Europe in the steppes of Asia in order to safeguard the same in the future. Long after my responsibility in the future development of events has found its objective judge, it will be put to your account that the past bloody war has not been the final one which had to be fought on the continent (Continued on page 2)

#### Birds Of A Feather

Hon. Herbert H. Lehman. Senate Office Building, Washington, D. C.

Dear Senator Lehman:

In a maudlin speech at the Hyde Park grave of the late, unlamented incumbent of the White House, you are reported to have said:

"Franklin Roosevelt is famed and honored for his deeds. Wherever in the world where men are called civilized, wherever the values of liberty and human dignity are recognized, and wherever men dream of freedom and human progress, there the name of Franklin Roosevelt is known and honored."

Such an unverldical statement on your part would be incomprehensible if one were not acquainted with the Jewish "Kol Nidre" through which the Talmud permits you to salve your conscience.

Franklin Delano Roosevelt was the greatest liar, secondrel and traiter this country has ever produced. Benedict Arnold must have turned over in

dueed. Benedict Arnold must have turned over in his grave a hundred times a day when he saw what Franklin Roosevelt was getting away with.

Space does not permit me in this letter to relate the depths of Roosevelt's infamy or the whole extent of his treason. I can only sum up briefly:

No sooner had Roosevelt been inaugurated as President in March of 1923 then he graved the

President in Mareh of 1933, than he scrapped the platform of the Democratic party upon which he had been elected and adopted that of the Socialists.

had been elected and adopted that of the Socialists, Having sworn to uphild the Constitution, Roose-vett perjured himself by telling Congress "as re-gards the Guffey Coal Act, let no doubts about its constitutionality prevent its passage."

As to Roosevelt's personal deprayity, reference need only be made to the Hartford case, in which he brought pressure on a business man to seltio for \$4,000 a debt of \$200,000 owed him by the Presi-dent's immoral son Elliott. dent's immoral son Ellott,

### They Live In U. S.

Who are the brains behind the North Koreans? Who brought about this situation where Korea is split in two and Koreans killing each other. Non our boys are going to the other side of the world to die with them?

Who masterminded the division of Germany where soon Germans in the East and Germans in the West will be killing each other and thousands of American boys now in Germany will die with them? Who are the top directors back of the Commun-ists in Korea? They are not Koreans. The unin-

formed will say it is Stalin Remember Marxism is a world-wide set up. Stalin holds the same position as a president in a large corporation in the U. S who apparently has power, but is controlled by a board of directors who dictate to him. The important question is: Who controls the board of directors? Say a board member was placed in a corporation by Kuhn Loeb & Co. Zionist bankers, who financed a corporation. Kuhn Loeb & Co. would not interfere in the operation of the company except in impostant matters when suggestions would be sent through their member on the board. This is the way Kuhn

Loch 4.72 centrols many perperations.

Ku Loch is also an important wheel in the
World Conist set up which created and controls
Communism. Here are the names of a few top Marxists in the Zionist organization which has arranged for the financing of Communism, Marxist, or Zionism, as you wish to call it. No amout of influence would induce any one of these men to defend themselves on the platform with COMMON SENSE, or appoint someone to defend them. The Zionist leaders are: Edward M M Warburg - James Warburg - (of Kuhn Loeb & Co) - Bernard Baruch Henry Morgenthau, Jr. - Felix Frankfurter and Heibert Lehman

World Zionists, wishing to bring their plans for world government to a close, used stooges like FDR, Cordell Hull, and Winston Churchill to set off World Cortest Run, and whiston Confront to set on world War II, thereby breaking down the British Empire, Germany and other Europeans countries so that the United States today, alone faces the Soylet Union. These same Zionists, having control of our government and Treasury Department for 17 years, have—by describe and consistent and the same property of the same propert by deception and cunning — led Americans to believe that we have "helped worthy nations." Instead, they have built up Marxist forces in Asia and Europe with our resources while bankrupting us and retarding the strengthening of U.S. armed forces. In spite of the fact that we have spent 50 BILLION for defense since World War II, we are pitifully unprepared to meet our enemy.

Maxim Litinov (Finkelstein - an ex-convict) is the Soviet Union's top man in China and the Kor-ean theater of war. Zionist N. M. Ssevernik is Chair-man of the Presidium of the Supreme Soviet and Zionist Alexander F. Gorkin is Secretary, Stalin's wife is a Kaganovich — this Zionist family controls all industry in the Soviet Union. Lazar Kaganovich is the strong man of the Politbureau. Zionist Banker Ashberg is the Kuhn Loeb representative in the Soviet Union.

The war in Korea could not start without word from Stalin's bosses, the Zionists in New York, and they alone know when, and where, the next move for war will be made by the Communists. They will order it when it suits their plans for gaining complete, control of the United States.

The demand by Baruch and Henry Morgenthau

for Congress to give Truman "full war powers" is being done because they know Truman will delegate those powers to persons named by the Zionists. Often those so named are Christians who are "owned" by the Zionists and act as fronts while the Jew is "assistant." The "assistant" being the real ruler.

When an important Government Agency or Com-

mittee is formed look for the ZIONIST who will be (Continued on Page 2).

At the same time the United World Federalists use the fear of Atomic Bombs and World regerants use the fact of various and the chance of defeat to force our people to accept World Government and end the war. All Maxylsts are quite certain that the U. S. will lose this war. (Few people realize that Kuhn Loeb & Co. financed Trotsky (Bronstcin) and sent him with 276 Zionists from East Side New York to set up Communism in Russia in 1917. Edward M. M. All so-called Communist countries are ruled by Yiddish Zionists. COMMON SENSE will gladly supply their names to anyone interested in writing

The Zionists have placed these "Communist" countries under slavery and are choking off Christianity just as they plan to do in the U. S if given full war powers. If Christian peopie do not give up pleasure and business enough to understand what is being plotted, and stop the Scientists it is our opinion that more people will be killed in the U. Reds took over 170 MILLION Christians.

In the U S we have at least 35 million people ready to set up Marxism or gladly go along with it, In this cross — the worst supercambas, need—Congress should have a hearing to determine what forces are working to desaroy us from within. Franklin Rooseveits culef memory is the alien-born
and allen-minded Felix Frankfurter whose devilish
purpose is to destroy this Republic, abolish our national entity and drive us in a world organization in which we would all be slaves.

Having destroyed our national economy through persecution of honest businessmen, confiscatory taxation, interference with the law of supply and de-mand and outrageous control of crop productions, and realizing that his administration was about to be repudlated, Franklin Rooseyel, against the wishes of ninety percent of the people, plotted, lied and tricked this nation into a war that was none of our affair.

Falling to incite Germany to attack us, even though Roosevelt committed every form of act both unneutral and contrary to international law, he finally did succeed in provoking an atlack by Japan through continuous pin pricks, culminating in the unconscionable Cordell Hull's monstrous ultimatum of November 26, 1841.

Your personal immorality is evidenced in your statement that 'President Roosevelt was the grand architect of our victory over a savage and ruthless enemy," since you are willing to condone Roosevelt's unjustifiable aillance with the ungodly Communist Russian regime which now, by the acts of the same Roosevelt, Is the greatest threat to the security not only of our nation but to the rest of he world as

for the very possibility of existence of its nations.
You will have to answer for the fact that the
bloody war of yesterday will be followed by a still
greater one and that the European nations will not
rule at the Volga, but at the Pyrenees mountains.
It is my fervent wish that you may at least live to
see the day on which the world, and the western
nations in particular, will become aware of the
bitter truth that it was you and your friend Rooseveit who sold their future to Bolshevism for a cheap
personal triumph over nationalistic Germany. This personal triumph over nationalistic Germany. This day may come sooner than you like, and you, in spite of your advanced age, will still be vigorous ehough to see it dawn bloody red over the British

I am convinced that it will bring you all those unimaginable terrors which you escaped this time through the good luck of war; or through the ab-horrence of the German conduct of war to a complete degeneration of the methods of fighting between peoples of the same race. My knowledge regarding the kind and amount of arms and of the projects from us, which—thanks to your military assistance to the red army—have fallen into their hands, enable me to form this supposition.

There is no doubt that you—according to your hable—soon will write good memoires and you will write them the better, as there is nobody to hinder you to tell and suppress whatever you like. However, you will be powerless in view of the corrections which the by you instigated, development unerringly will make. Then you will be obliged to answer to the peoples those questions which you still owe to your tribunal; Not in the same degree to us, as we do not want your fairness, but solely what you denied to historical truth

You believe it very clever to have submitted this Not believe it very clever to nave submitted this historic truth to the craftiness of a hardful of ambitions junior lawyers in order to have it changed into an expedient dialectic treatise, in spite of your awareness as a Briton as well as a stateman, that with such means the problems of existence of peoples could not be solved and judged; neither in the past nor in the future.

I have an only too well grounded opinion of your power and the cunning of your intelligence as to credit you with believing the vulgar propaganda with which you motivated the war against us and with which you had your victory over us glorified in a phantastle show.

I state here with great emphasis as one of the highest military, political and economic leaders of the Great German Empire the following: This war could not be avoided because the politics of Great Britain—under the influence of your person and of your friends of like opinions in all fields—persisted constantly to hinder the life-interests and the most natural development of the German people; and filled with the senile ambitton to uphold the British hegemony—preferred the second world war to an understanding, as we on our side had tried time and again to bring about, beneficial to both of the most prominent nations of Europe.

I declare herewith once more most emphatically that the guilt of the German people in this war-into which they were forced by you-consists solely in trying to end the eternal difficulties to their national existence, which you artfully instigated and continued.

It would be useless to go with you into a dispute over the causes, the conditions of constraint and the motives which led during the course of the war to motives which red during the course of the war to political and military complications and which your lawyers knew so well to use in a one-sided manner at the cost of the national socialistic regime. The devastated European regions of culture and rubbled treasures give still today testimony of the emblittered despair with which a great and proud people yester-day, with unparalleled readiness to make sacrifices, day, with unparatricic runnings on make satirates, fought for its existence. Tomorrow they will testify that alone the overpowering might, led by you in the field, was able to cause the subjection and deprivation of their rights. The day after tomorrow the Russians will bear witness of the betrayal which surrendered Europe to the red Aslatics.

The Germany which you conquered will take revenge on you through its downfall. You have neither produced a better politic nor shown a greater courage than we. You have not won the victory due to better qualities or superiority of your strength and strategy, but merely after 6 years with the predominance of your allies. Do not believe your

victory to be all that which you tell the world. You and your land soon will harvest the Irults of your political art. What you as an experienced Cynic would not admit toward us—namely that our fight in the East was an act of urgent self defense, and not alone for Germany but for all Europe; and that the German fighting this war, which you constantly condemned, therefore was justified. This, your ally and friends of today, Stalin, soon will prove to you and to the British Empire.

Then you will experience what it means to fight

Then you will experience what it means to fight this enemy and you also will learn that necessity knows no law; Also that you can neither fight him successfully with treates of law nor with the weight of Great Britain and her European dwarfs.

of Great Britain and her European dwarfs. You have stated to the German people that you were primarily concerned with the restoration of their democratic mode of life. But you have not said a single word that you want to restore to them the sensible foundations for living, which have been denied them these past 25 years. Your name stands under all essential documents of this epoch of British want of comprehension and jealousy towards Germany Your name also will stand under the result with which this epoch of Germany's liquidation has challenged history in re of Europe's existence.

My belief in the vitaility of my people cannot be shaken. They will be stronger and live longer than you. However, I distresses me to know them defenseless in your power and that they now also belong

less in your power and that they now also belong to the luckless victims, who, thanks to your success, do not approach a future of progressive work for the realization of their common aim, set forth by intelligence for the western peoples, but are driven toward the greatest catastrophe in their common history.

toward the greatest causartopine in their common history.

I do not wish to argue about outrages, which you—rightly or wrongly—ascribe to us and which neither agree with my nor with the German peoples comprehension; neither do I wish to talk about those atrocities which have been committeed on your part and on the part of your allies toward millions of Germans; for I know that you have made under this pretend the entire German people the object of a collective outrage of a proportion never known in history. I also know that you would not have acted differently regarding your treatment of Germany without this pretention, because since 1914 you have striven for nothing less than the destruction of the German empire. Thus, your historic goal denies you the office of a judge over the avoidable and unavoidable consequences caused by your unremitting intentions and which were welcome to you as subsequent proof for the justification of your actions. sequent proof for the justification of your actions.
Today I regret my and the national-socialistic government's greatest mistake, the fateful error to believe in your discernment as a statesman. I regret believe in your discernment as a statesman. I regret to have trusted you with justiciously recognizing the world-political necessity of a peaceful and progressive (prosperous) Germany for the existence of a flourishing England, I regret that our means did not suffice to convince you at the last moment that the liquidation of Germany would also be the beginning of the liquidation of Britain's world power. We began to act —each one according to his own law. I in line with the new one, for which this Europe was already too old—you holding on to the old one, for which this Europe is not anymore important enough in the world,

I shall know how to approach my end in the I shall know how to approach my end in the absolute conviction as a German National Socialist and considering everything else, to have been a better European than you. I feave the judgement of this with an easy mind to posterity. I hope sincerely that you will belong to this world for a long time to come as fate might grant you—as it has to me—when you dealing to leave to metarity else a truth decline to leave to posterity also a truth,

Defense Minister Emanuel Shinwell admitted that Britain's defense forces fall "far short of our require-ments. He stated further that "the times are grim. The international situation is tense and full of dread possibilities."

Churchii said best estimates give Russia about tanks while western Allies have no force which could cope with such an "array of armored avalanches."

It is true, churchill said, that U. S. planes now based in England could hit "Russian cities and key points" with atom bombs, but the Russians would seize airports on the channel and "bring us under air bombardment—apart from the atomic bomb—far worse than we have ever endured."

"We are more defenseless than we have ever been," he sald.

THE CONVICTION OF THE ELEVEN COMMUNIST TRAITORS

The eleven months trial of the eleven communists had the appearance of a Zionist publicity stunt but it should be said to the credit of the Judge and jury that the defendants were all convicted.

The trai Judge was, therefore, justified in impos-

They now seek to admit more Zionists through their alleged Displosed Persons hill. introduced and sponsored by the New York Jew Congressman Cellar, chairman of the House Judiclary Committee. The obvious purpose is to win elections and to communize America.

It was reported by the Associated Press, November 3, 1949 that Judge Medina refused to allow bond for the oleven convicted Communists and that the New York Circuit Court of Appeals granted them New York Circuit Court of Appeals granted them bond in the aum of \$280,000 which means that they are free pending their appeal and will probably escape os did Eisler. The eleven months' trial of the eleven convieted communist trailors was a apectacular farce, it is reported to have cost us \$700,000 and now they are loose to continue their operation. It is a safe prediction that not one of them will ever be seriously punished.

What a reflection when the Rossewit-Trimen

What a reflection upon the Rooseveit-Truman "New Deal" and "Fair Deal" alleged democratic administrations, and the New York Circuit Court of Appeala. I venture the assertion that a majority of the judyes of this court are socialists and communists and are of the same race as Justice Felix Frankfurter, who was a character witness for the traitor Hiss, and Judge Kaufman who tried him. It is not a co-incidence that these traitor trials are held in New York and alleged sedition trials in Washington. They were planned that way. What a tragedy that there is no longer any safety in our courts, which are the final arbiters of our rights.
No orthodox Jew Judge can render a just decision between a Christian and a Jew without violating the law of his Talmud.

It was revealed by Major Geo. R. Jordan that Harry Hopkins' supplied the bolsheviks with our atomic bomb blue prints and secrets, and with material for making them. Harry Hopkins (Raschid) was then a member of Roosevelt's "kitchen cabinet" and lived with him in the White House, Major Jordan and lived with him in the white House, Maylo bottom was the officer in charge of the transportation of the material from Alaska to Russia. The secret was obviously given to Russia with Roosevelt's permission. Later one Welberg, a Zionist Jew professor in Minnesota State University who was employed by the government as a scientist in the manufecture of the bomb, was alteged to have supplied additional information. There revelations appear to be authentic. If true, they are conclusive evidence that Roosevelt was traitor and that he sought to communize America

°Said to have been a Zionist Jew whose real name was Harry L. Raschid,

Klaus Fuchs, the British scientist, who confessed that he gave the bomb secrets to the Russlans, was a refugee from Germany during the Hitler regime and was obviously a Zionist Jew. These traitors are and was obviously a Lionist servine state state of the constraint appropriate our property.

THE TALMUD

"It (the Talmud) contains every kind of vileness and blasphoury against Christian Truth."

-Pope Gregory IX There are three versions of the Talmud, viz: the Mishnah, containing the essence of the oral law, and the Palestinian, first published in 1522-3, and the Babylonian\* The Jewish Encyclopedia, page 161. states that the only complete manuscript of the Babylonian is in Leyden, Holland. It says that "during the Middle Ages the Taimud was frequently attacked since it formed the voice teaching of the Jewish religion and was regarded as the core of Jewish resistance to Christianity."

\*Jewish Encyclopedia, Vol. 10, page 166. The Mishnah consists of dissertations by Jewish rabbis while they were in captlylty in Babylon, I have seen the 40 volumes of the Babylonian by Radkinson In the Chicago Public Library, but it is not to be found in the smaller libraries. TELMUD SUPPRESSED

The Babylonian interpretations and amendments were written during the period from 200 to 500 A.D.° The first printed edition in Hebrew "of the whole Talmud containing all of its blasphemies against the Christian religion was published in Venice in the year 1520 . . The Jews fearing for themselves began to expunge parts of it openly inimical to Christians and published a revised edition of it at Basle in AD. 1578." It appears to have been further modified at a Synod of Jewish rabbis in Poland in the year AD. 1631 where it was decided that nothing should be printed "that would annoy Christians and cause persecution of Israel" The final edition was published in Spain in A.D. 1648.\*\*

The Emperor Justinian prohibited the distribution of "Tailmudic books in AD. 553" Popes Gregory IX and Innocent IV condemned them as "containing every kind of vileness and blasphemy against Christian Truth." They have been condemned by many other Roman Pontiffs.

"The Talmud Unmasked," page 21.

Father B. Pranaitis of Russia, a Roman Catholic theologist and Hebraist of the Roman Catholic College of the Imperial Academy of St. Petersburg. published in 1892 in Latin and Hebrew many quotations from the Talmud revealing their intolerant anti-Christian spirit. This booklet was translated and copyrighted and published in 1939 by Col E. N. Sanctuary, 156 Fifth Ave., New York, a learned American biblical scholar and a veteran of World War I.

In his epilogue to this book Father Pranaltis said In his eplicate to this book Father Pranaltis said that he was warned by his friends not to publish it, that if he did so he "would perish at the hands of the Jews"; that his friends reminded him of Professor Charini who "was suddenly killed after he had undertaken to translate the Talmud into the vernacular"; and of the monk Didacus of Vilna and "others who had been persecuted for having revealed secrets of the Jewish religion." He concluded by

saying:
"The book you now hold in your hand is the best proof that I did not heed these warnings of my friends. I consider it unworthy of me to keep safety while the conflict rages' between the two camps of 'Semites' and 'Anti-Semites,' both of

\*\*"The Talmud Unmasked," page 22, 23 And Father Pranaitls was murdered by the bolsheviks.

Colonel Sanctuary was one of the defendants in the Washington Irlal of the thirty alleged seditionists, No evidence of any character was introduced against him during the 7½ months of this Irlal. His only offense was the translation and publication of the book, "The Talmud Unmasked."

TALMUD IS VICIOUS

TALMED IS VICIOUS

The Tolmud is not only the Bible of the Zionisis but it is also their legal and moral code; and the rabble are not only priests but they are also Jewish leachers and lawyers and judges for Jewish courts. Rabbl Browne says of the Talmud;

"And the fact that in bulk the coaff far exceeds the wheat should not be at all surprising. After all the Talmud is the product of an age

when o peculiar type of mind alone, could thrive.

Israel was exhausted."

This is the judgment of an intelligent Zionist robbl, o former associate of the Zionist Rabbi Wise, most prominent Americon rabbl. Only a Jew ean say such things about the Tahnud. If a gentile (gol) should even intimate that it is a book of hate and resentment from ancient injurios and that "the bulk of it is choff," he would be denounced os an intolerant anti-Seinite. In the case of Fother Pranatish he was killed; and in Colonel Sanctuary's prosecuted as on anti-Seinite for the offense of translating and publishing the Tahnud in part. It is worse than "chaff," It is malicious and vicious and is not entitled to be classed as a religious book. to be classed as a religious book.

JEAVISH INTOLERANCE AND HATE

JEWISH INTOLERANCE AND HATE

The Talmud denounces Christ as a bastard and gloats over his crucifixion. It glorifies the Jew and characterizes the got (Gentifies as idelaters and as beasts. It asserts "that the Jew alone is a man, that the whole world is his and all things should serve him, especially animals that have the form of men." (Talmud Unmasked, p. 68.) It tells the Jews not to "eat with the idelaters, make no convenent with them, and show them no mercy, and turn them away from their idels or kill them." (Talmud Unmasked, p. 83.) They are taught to hate the got (Gentifies), localest them and to spurn them as inferiors.

This is the Jewish religion as revealed in the Talmud, and that Americons are called upon to recognize and tolerate as religious freedom.

"The Jews lifted it (the Talmud) to a place of importance above the very Bible, and they studied it far more diligently. They memorized it from end to end—every one of its sixty-three enormous divisions."

":Stranger Than Fiction," page 197- Rabbl Browns was associate rabbi with the Zionist leader, Dr. Stephen S. Wise of the Free Synagague of Greater New York, for a period of two years.

That may be true of the rabbis but it is rather an extravagant statement regarding the Jewish peo-

ple as a whole. Rabbi Browne argues in defense of the Talmud.

Rabbi Browne argues in defense of the Taimus applogy for it, that "There are in it myths and vagaries, idiotic superstitions and unhappy thoughts, things that are not merely irralional but sometimes even quite offensive. . . It is like life—a higgledy-plegledy mingling of both good and bad, of both wisdom and folly. For it came directly out of life, directly out of the hatoful, exclining, bopeful, densiting, bergie life of the Jewish nearly. despairing heroic life of the Jewish people . . .
Il contains very nearly everything."
TALMUD SHOULD BE DISCARDED

It is high time that this obsolete "idiotic and superstitious" religion of pride and intolerance and hate he discarded. If it is true, as Rabbi Browne argues, that the purpose of the Talmud was to preserve the Jewish race as a separate race and to prevent its assimilation with other races, it has account to the property of the prope complished that purpose. It has been responsible for much of the alleged persecution of the Jewish race,

for people who hate are usually hated.

It is significant that Rabbi Browne does not mention Ishmael in his interesting book. He discusses the history of the Israelites, an extinct race as shown by his own writing. The elaborate "History of the Jewish People" by Margolis and Marx (822 pages, published by "The Jewish Publication Society of America" in 1941) is also a history of the extinct race of Israelites. The Jews cannot be blamed for desiring to escape the odum of the curse of God upon the race of Ishmaei, or of being classed as hybrids, It is but natural for them to seek to adopt the history of another tribe even if it is extinct and not a very

A LETTER FROM ROBERT H. BEST

(Editor's Note: For the benefit of the few unimformed who usually write in after we publish something with reference to Robert H. Best, who has been sentenced to life imprisonment, we make the following remarks. We do not believe there is anyone who knows more about Mr. Best than the writer, although he never met him personally. Robert Best is the son of a Melhodist Minister, with as clean and honorable a record from bothered we are the son of the control of the state of the son of the state of th able a record from boyhood on as we have ever known. We doubt if there has ever been a finer American patriot — and still he was sentenced as a traitor to the United States, as was Cardinal Mindzenty to the Hungarlan government, so will hundreds of good patriots and loyal American citizens be convicted as traitors if we allow this Marxist New Deal to get more powerful)

Dear Mi Editor:

Inasmuch as one of the oldest and most firmly established principles of law is to the effect that "it is the Intent which makes the crime" I beg to suggest that many of your readers will be interested I beg to in what the three-judge United States Court of Appeals in Boston, Massachusetts, recently held to be legal proof of "treasonable intent" on the part of a Defendant-Appellant who appeared before them.

On page 6 of a judicial opinion handed down on July 6th in Case Number 4363, which was written by Chief Judge Calvert Magruder, and which as of that date became "the supreme law of the land" throughout the United States, this high court declaied verbatim as follows:

"Ou the issue of appellant's treasonable intent, seven authenticated recordings of appellant's broadcasts were played back at the trial, and manuscripts of ten of the 'BB' broadcasts were read to the Jury. In these exhibits may be found all the main Nazi propaganda themes, with particular emphasis upon the alleged menace of a Jewish world-wide compiracy and Jewish infiltration into controlling company and sewish initiration into controlling positions in the Government of the United States, and plse upon the depicting of Hitler's Germany as a great bulwark of Christianity and civilization against Bolshevism"

The case under consideration was an appeal of the writer of this letter against a "conviction" in Soston's United Stales District Court two years ago and a subsequent scattenee to litelong imprisonment and a fine of \$10,000.

Judge Magruder, It will be recalled, was one of Judge Magruder, it will be recalled, was one of the four federal judges who appeared in the first Alger Hiss trial in New York as a volunter character witness in a vain effort to convince the Jury that Hiss had always been a man of unimpeachable integrity and loyalty. His private opinion in that case the jury collectively treated as worthless. Whether his judicial opinion on what he has held to be proof of "treasonable intent" is long to remain the law in our country the United States Supreme Court in Washington, D. C. will soon be called upon to decide; upon to decide:

As at least an indication of the way in which the

proceedings against me have been conducted for more than four years it may also interest your readers to learn that one of many motions made by me during the trial and pre-trial stage of the proceedings was one in which I demanded that the United States District Court trial Judge, Francis J. W. Ford, disqualify himself because his name once appeared on a secret communist circular titled "Our Friends In Court" Ford refused even to step aside long enough to permit another judge to hear arguments from me in support of either this or any other of the equally valid reasons why he was duty-bound to disqualify himself on the grounds of "prejudice, bias, and/or concern in interest.

Another motion of mine which Judge Ford also rejected out-of-hand was a pre-trial motion that representatives of the press be granted access to me not only as a presumptively innocent prisoner but also in my capacity as my own chief lawyer.

Yet another motion which Judge Ford also re-jected was one requesting that I be permitted to présent décinse witnesses. He refused to permit me even one witness;—this despite the constitutionality -guaranteed right of every person to defense witnesses in any criminal proceeding.

With respect to both these and many other equally erroneous and even fatally projudicial errors

equally erroneous and even latany projudicial errors on the part of Ford, Judge Magruder wrote on page 19 of the aforementioned court opinion as follows:

Trygve Lie, U.N. Secretary General, was asked at his press conference on August 7, 1950 to explain why he permitted Russia to usurp a pertion of his official powers thus helping to create the tie-up in the Security Council. The American people should understand that the real reason is that Lie is surrounded with Zionists who dictate the policles of Zionist-Communism to him, A few of these faithful Marxist followers are: Zionist Benjamin Cohen, personal assistant to Mr. Lie; Zionist A. H. Feller, General Counsel to Mr. Lie, Zionist J. Shapiro, Director of the U.N.O. Infor-mation Center in Geneva; Zionist Leo Pasvelsky (born in Russia) who drew up the U.N. Charler and special assistant to Mr. Lie; Zionist I. G. Katzin, (born in Russia) who is Mr. Lie's personal representative in Korea; Zionist George Mevshon producer ol daily U.N. radio program "The U.N. Today"; and Zionist Isador Lubin United States delegate to the U.N. subcommission on devastaled areas. (Trygve Lie in his home in Norway is known as Stalin's errand boy, He dares not move without orders from New York Zionists.)

To the Atlorney General belongs the duty of fecommending persons for Federal Judges, he gives advice upon legal points to the President and to head of Departments, and supervises the United States Marshals and District Attorneys. His substitute and principal assistant is the Solicitor General. Who is the Solicitor General today in Washington? None other than Zionist Phillip B. Perlman, (F.D.R. often sald "these things don't happen, they are planned).

Not much bas been said about the consider-Not much has been said about the considerable amount of U. S. military payment certificates (army script)—approximately \$5,000,000 which was captured in Scoul by North Korean Communists. Under the circumstances it appears that it wasn't an accident but intentionally placed there so that Communists would have easy access to it. Why aren't the American people told who ordered the property of Seattle Department. ordered this money to Seoul to be captured, and why? Are they afraid that our true enemies will be exposed before it is time and ripe to introduce the totalitarian government?

The U. S. Government is offering for sale 30,000,000 pounds of meat at 5 cents a pound The meat is part of 300,000,000 pounds of food which the government is trying to unload from its vast hoard under a new scheme of cut-rate prices. Other bargains include butter at 15 cents a pound, cheese at 7½ cents a pound, and cried milk a nickel a pound, and American consumers can't buy any of these bargains. American consumers can't buy any of these bargains. The food was only offered in carload lots and only to foreign countries. The U. S. government accumulated this stock pile of food for the purpose of keeping prices up in America and now they are going to give it away to some foreign country. The house wife not only has to pay 90 cents for a pound of meat but she also has to pay the government tax money to make it possible for the New Deal to sell foreigners meat at 5 cents a pound. One might say that this has to be done in order to stabilize our economy and protect our farmers. Well If this is true why desput protect our farmers. Well if this is true why doesn't the government ship this food into the various Army, Navy and Marine camps throughout the country? Our boys wouldn't complain because it wasn't paid for by a special appropriation bill and increase tax for by a special appropriation bill and increase tax expense to the public. But this will not be done. The government will give this food away and then turn around and scream that the boys in the services need supplies and push through an appropriation bill of several millions to buy more of the same type of foods at high prices. The reason for this act by our government is obvious. If fits in with the Zionist plan of World Government perfectly. They must bankrupt America and the faster we throw away our wealth and resources the faster we will fall under the domination of Zionist Communism, Of course Zionist Leon Keyserling who is President Truman's Chairman of Council of Economic Advisers thinks this is good business to condition us for Communism.

ULYSSES S. GRANT

In 1876 Prince Bismarck, the German chancellor, soid of Abraham Lincoln:

"He was an anti-slavist and he was elected as such. But his character prevented him from being a man of one party. While he had affairs in his hands, he perceived that those sinister financiers of Europe, the Rathschilds, wished to make him direct their designs But Lincoln . . . soon understood that the South was not the country's warst fae, but these Jewish financiers

"He decided to eliminate the International Jewish Bankers.... The foreign financiers inderstood at once that the United States would escape their grip. The death of Lincoln was decided upon. Nothing was easier than to find a fanatic to strike. The death of Lincoln was a disaster to Christendom. There was no man big enough to wear his shoes.... I fear the Jewish banks with their craftiness and tartuous tricks will entirely control the exuberont riches of America and use It to systematically corrupt modern civilization."

Our Civit War was "brain trusted" and financed by August P. Belmont in the North, and by Judo P. Benjamin in the South—both Rothschilds Zionist agents. August P. Belmont, a European Jew, came to America in 1837 and in 1843 was a founder of the powerful Jewish organization, B'noi B'rith. He was also a founder and the first "National Chairman" of our present Democrot Party. Juda P. Benjamin was the newspaper power behind Jefferson Davis and the Southern Confederacy. He became Secretary of War, then Secretary of State and was virtually the dictotar of the Southern Confederacy. Belmont spansored the newspaper agitation that was "fronted" by John Brown and other agitators of the North.

Charles A. Dana, Assistant Secretary of War in the Narth, testified in regard to Lincoln's assassination, and gove definite proof of a link between John Wilkes Booth and Juda P. Benjamin in this crime of crimes.

Ulysses S. Grant was another American President who was "framed" and "defamed" by the Jewish gestapo because of his appasition to the Jewish Rothschild money program.

# **Up The State Department!**

By Merwin K. Hart, President, National Economic Council, (From Council Letter No. 236)

Constantly one hears some citizen or other exclaim about foreign threats to America today: "How did we ever get into such a hell of a mess?"

More and more Americans
would like to know. The only
way to find out is for the Congress—more especially the Senate
—to find out.

And the Congress can find out Whether it will or not de-pends upon whether enough pri-vate citizens take the trouble to tell their Senators they must.

The Foreign Relations Committee of the Senale has empowered a sub-committee of its own members to investigate the State Department. No investigation ever conducted by the Congress has been as important as this.

THE STATE DEPARTMENT IS THE GOVERNMENT

For the State Department has become the Government of the United States, Left-wing infiltration of the State Department alone enables leftwingers to bend and guide, if not to control, the United States of America, to their own purpose. That is how and why the American people have been brought into such peril today.

The State Department has grown beyond any

The State Department has grown beyond any bounds imagined by the Congress Itself even ten years ago. It will spend or be responsible for about half the expected 43 billion dollar budget of the fiscal year beginning July 1, 1950. It controls in one way or another our foreign trade under the Reciprocal Trade Agreements Act, the operation of which Act has a direct effect upon much local industry. It controls all of our foreign and much of our domestic agricultural activities. It controls foreign loans. It controls the administration of Germany and other controls the administration of Germany and other accupied territories.

accupied territories.

The State Department will control operations under the so-called Point 4 program, if it is ever authorized by the Congress. This program will take further American funds and use them for the benefit of other countries. The Department will handle directly or indirectly our relations with the International Trade Organization (ITO), should the ITO agreement be approved; and the operation of the threatened agreements praposed by the International Labor Organization (ILO).

The State Department handles all matters con

Labor Organization (ILO).

The State Department handles all matters connected with the Marshall Plan; the carrying out of the North Atlantic Pact; tha operation of the International Refugee Organization (IRO) controlling the entry of refugees into the United States.

It handles all United Nations activities for this

country.

IT IS THE GOVERNMENT

OF THE UNITED STATES

And apparently President Truman, lacking experience in international as well as in many domestic affairs, leaves the administration of the State Department to Secretary Acheson and his associates. In fact, ha has left its administration in succession to each of the three previous Secretaries of State, Messis, Stettinius, Byrnes and Marshall.

Messrs. Stetimius, Byrnes and Marshall.

Therefore, we repeat, the investigation of the State Department is of the lifghest importance. A really tharaugh investigation, bringing out the whole truth, could be a turning point in the history of the United States—after which America could regain control of her own destiny. A careless or, worse still, a rigged investigation, cauld spell disaster for the American Ropublic. American Ropublic.

RECENT DISASTERS HAVE COME WHEN
STATE DEPAREMENT HAS BEEN IN CONTROL

It is not too much to say that the State Department, in control of Government policy for at least
five years, is responsible for the disasters that have

Joseph F. Davies, Zionist and foroier Ambassador to Russia, who carried a highly important letter to Stalin from F. D. R. Here Davies, on June 3, 1943, has alighted from the plane that brought him blick to the U.S. with Stalin's answer to President Roosevelt sealed in a brief case.

Davies is one of the powerful Marxists. He is author of "Misslon to Moscow" and is credited with stating there was nothing wrong with the Russlan stating there was nothing wrong with the Russlan sples stealing atomic secrets at the time these sples were caught in Canada. Davies was a heavy contributor to F. D. R. Jr.'s campaign for Congress in the Bronx. Many people have wondered what strange power has caused Senator Millard Tydings to be selected as Chairman of the Senate Investigating Committee and to use such brutal tacties in dealing with Senator McCarthy Instead of trying to locate the Communists in our State Department. The answer is probably in the fact that Marxist Joseph Davies, a power in the Invisible Government, is Tyding's father-in-law.

war have been thrown away. They have not been merely dissipated in such a way that neither we nor any friendly country or people have benefited from them. They have been thrown into the hands of our one great enemy, Soviet Russta. They have been thrown there either by the treasonable intent or the unutterable stupidity of those who have been able to shape the policy of the Department. Probably never in history has a nation won a war so gloriously as In history has a nation won a war so glorlously as the United States won against Japan and then sacri-ficed all the fruits of the victory which was our, with no other country an important factor in helping us win it. Not one particle of these fruits remain. If the United States (and that means our State Depart-ment) had been expressly carrying out the policy of Soviet Russia itself, Soviet Russia could hardly have profited more.

And, assuming the premise that the policies of the American Government ought to be in the interests the American Government ought to be in the interests of the American people and the American Republic, the results of our policy toward the German people may yet prove to be as disastrous as our policy in the Pacific. In Germany we have largely followed the Morgenthau plan, doing for a long time everything possible to punish and huntiliate the whole German people. We have done this by dismantling plants, by so-called "denazification" of many Germans and hy the utterly unprecedented and unlawful Nuremberg trials of German leaders. Even though the cost of the American people af maintaining the American-occupied zone of Germany has been many hundred occupied zone of Germany has been many hundred million dollars a year, yet we have refused to lei the Germans get on their feet again and go forward. #### AN OPEN LETTER TO ROBERT F. MOSS UNITED WORLD FED. CHAPTER PRES.

Mr. Robert Moss

President, Elizabeth Chapter, UWF. Elizabeth, New Jersey Dear Mr. Moss:

It is only on are occasions that I do something distasteful to me This is one of those occasions, Ordinarily, when I discover an individual unknowingly bolstering the ranks of an organization which may eventually be branded a Communist-front, I prefer to approach that party and privately present what evidence I possess

When, therefore, a man to whom I have offered material in confidence not only refuses elaboration of general statements, but resorts to the public press (said press, all too often, being denied me for the purpose of answering) I am forced to bring matters into the open.

matiers into the open.

Mr. Moss, above your name in the March 23rd issue of the Elizabeth Daily Journal, it was stated that "charges of Communism in U. W. F. have come from COMMON SENSE." The article implied that COMMON SENSE had no factual information to support its contention that many of those affiliated with United World Federalists are, or have been, set, inted with Communist-front organizations. Further, the public was lead to believe that it would be wise to dismiss statements I might make before be wise to disnliss statements I might make before an audience as being irresponsible. Do you, Mr. Moss, recall that — long before you wrote the letter to the Journal — I offered you detailed information? Does my memory serve me right when I say that I actually mailed you some information?

It may be that others also expect me to mount a public platform and pull an entire reference library along in back of me. Such a procedure is impossible. Instead, for all the world to see, I am printing at the end of this article a chart giving the Communist-front affiliations of a few of the persons holding office in, or belonging to, the United World Federalists. To list all the Communist-fronters and the Un-American organizations to which they belong, we would have to write a book.

For the benefit of every patriotic American, I say this: Before joining the U. W. F., carefully study the chart below. Ask yourself this question: Why is it that Communist-fronters are sticking around U.W.F. like bees around a honey-pot?

Remember, too, that "world government" proposals are shrewdly written. They contain countiess whereofs and wherebys through which our greats American Republic will be betrayed into Communism. American Republic will be betrayed Into Communism. Plans already drawn up vary. U.W.F. proposals call for an international police force and direct laxation on the citizens. The Committee to Frame World Constitution's socialistic plot outlines "world government" actual concership and control of "all business having the character of a federal public service," and a world-wide social security program. Fellx Frankfurter, next to Bernard Baruch and the Warburgs of Kuhn, Loeb & Co., is the most powerful Markist-Zioniai in the U.S. He holds Truman and the administration in a straight-jacket. For 25 years he has been prominent in advising Anarchists and Communists. He was advisor to Saeco & Vanzetti, the anarchists hung in Massachusetts — he was
counsel for Tom Mooney, the Communist who served a long term in California for bombing. Frankfurter was a leader in American Civil Libertles Union, which has given legal aid to Communists for years.

An Austrian-born Zionist, Frankfurter has placed many Marxists (mostly former students of his at Harvard) In government key positions. Among them are Alger Hiss — Lee Pressman — Donald Hiss — Nathan Witt and Judge Jerome Frank. At the time Frankfurter forced FDR to appoint him as Supreme Nathan Witt and Judge Jerome Frank. At the time Frankfurter forced FDR to appoint him as Supreme Court Justice, some Congressmen charged that Frankfurter was a Communist. His attorney before the Senate Judiciary Committee was Dean Acheson Frankfurter rules the State Department with an iron hand — using James Byrnes. George Marshall and Dean Acheson to carry out the Marxist plan of leading other countries into Communist booby-traps. Harold Ickes stated that Frankfurter told him that he. "The Jew Is a Communist." —Otto Winiger in his book, "Sex and Character," Vienna, 1921.

'The patriotism of the Jew is simply a cloak he assumes to please the Englishman. Jews who pretend that they can at once be patriotic Englishmen and good Jews are simply living lies."

-B. Fells, in a letter to the 'Jewish Chronicle," Dec. 8, 1911.

The "American Hebrew," the Nation's most outstanding Jewish weekly, said on september 10, 1920: "The Bolshevist Revolution in Russia was the work

"The Bolshevist Revolution in Russia was the work of Jewish brains, of Jewish disatisfaction, of Jewish planning, whose goal is to create a new order in the world. What was performed in 50 excellent a way in Russia, thanks to Jewish brains, and because of Jewish dissatisfaction, and by Jewish planning, shall also, through the same Jewish mental and physical forces, become a reality all over the world."

"We Jews, we, the destroyers, will remain the destroyers forever. Nothing that you do will meet our needs and demands. We will destroy because we need a world of our own."

-The Jew, Maurice Samuel, in his book "You Gentiles,"

"The world revolution which we will experience will be exclusively our affair and will rest in our hands. This revolution will tighten the Jewish domination over all

-Parls Jewish magazine, "Peuple Juif," Feb 8, 1919

"Without exaggeration it may be said that the great Russian Revolution was indeed accomplished by the hands of the Jews."

-Statement of the Jew, M. Cohen in "The Communist Charkov," April 12, 1919.

"The revolution in Russia is a Jewish revolution, a crisis in Jewish history. It is a Jewish revolution because Russla is the home of about haif the Jews of the world but the revolution in Russia is a Jewish revolution also because Jews are the most active revolutionists in the Czar's empire."

From the Zionist organ, "The Maccabean," New York November 1905, pg. 250, headline "A Jewish Revolution."

"Our fight goes on, not only for our existence, but for the preservation and the development of our whole Jewish being—our Ati-World domination which was taken away from us 2000 years ago"

—The "Israelltische Wochenblatt," Leipsiz, Jan. 15, 1926.

"We feel, that this-the revolution-is a great triumph for Jews' cause. The anti-Jewish element in Russia has always been identified with the anti-revolu-tionary party. Jews having always sat high in the counells of the revolutionists, all of our race became haspar-ably linked with the opponents of the government in the omeial mind!" . . . Quoted from the "Jewish Daily Forward," New York by the Russian writer, Boris Brasol in his book "The World at the Crossroads," Boston,

"One of the finest things ever done by the mob was the crucinxion of Christ, Intellectually it was a splendid gesture. But trust the mob to bungle, If I'd had charge of executing Christ I'd have handled it directually You zee, what I'd have done was had him shipped to Rome and fed to the lions. Several moves have been made by private citizens to remove Niles, who has often used his influence in the State Department on behalf of Communists having difficulty in entering the U. S. #### CLEAN UP THE STATE DEPARTMENT!

(Continued from page 1)

We knew that when the Congress of Vlenna refrained in 1815 from penalizing France, which had caused 20 years of European wars, there followed 60 caused 20 years of Europe. We knew that Pertain's conciliatory policy toward the defeated Boers, just after the turn of the century cemented British South Africa close into the British Empire. We knew that the peace of Versallies in 1919, with its grotesque attempts to punish defeated Germany, led straight to Hitler and World War II. Yet with all this experience to guide us, our State Department and the Administration decided again on a policy of punishment and humiliation toward a defeated

This fatal decision was wholly dictated by a vindictive minority whose policy has been permitted to be the policy of the State Department and hence of the United States Government. At this very moment, through the continued dismantling of plants, in spite of the agreement that dismantling shall cease, through the agreement to turn over to the French the Sant Basin, one of the greatest industrial assets of West Germany, and through other similar stupidities on our part, the time may not be far distant when West Germany will succumb to the blandishments of the wily Soviet Government and John up with East Germany.

All Soviet Russia has to do in order to insure the conquest of all of the rest of Europe, at least down to the Pyrenees and probably including Great Britain, is to persuade the West Germans to accept unity with the East Germans under the auspices of Soviet Russia. Already the enrollment under the Soviet banner of

many East German inventors and scientists has enabled Soviet Russia to take the lead against the United States in her air service and in her sub-marines. The consolidation of all Germany under Soviet Russian domination or guidance would be an even greater gain to Soviet Russia than the acquisition by Soviet Russia during the past twelve months of all of China. It would strike a death blow at Western Europe—and perhaps at the United States

Several important leaders in Britain (like Arthur Horner, secretary of the powerful coal miners union) have eald that in event of war hetween the United States and Soviet Russia, Britain would be neutral. The several million communist party members in France indicate that France might be even weaker against Soviet Russia than she was against Germany and Soviet Russia in 1940. Yet the State Department insists upon pouring out almost unlimited treasure to both these countries, while penalizing Spain and West Germany, which two countries would be the strongest bulwark in all Europe against the Soviets.
And it is the American State Department and

its ramifications that have had practically sole charge of affairs while all this has happened.

So, in God's Name, why should not the State Department be investigated? If it is not thoroughly Investigated, it may well be that the days of the American Republic are numbered.

SENATOR McCARTHY

HAS MADE CHARGES

Now, as it happens, Senator McCarthy of Wisconsin, a 40-year-old ex-Marine, has made certain charges He has said that some 80 of the officials of the State Department have strong left-wing records So far, he has named a number of individuals, one of whom he asserted had been a member of not less than 28 organizations which other Government agencies have found to be Communist fronts.

Now the Communists are the cleverest schemers

we have ever known in the United States. They so far surpass any other politicians of the present day in acuinen, energy, intelligence and dishonesty that it is hard for the average person to believe what these fellows are doing. And one result of this has been that it is hard to pin with certainty on any individual (except, of course, an admitted Party Member) the label of Communist, Authorities say that for every Communist Party member in the United States, there are at least ten persons who work with the Com-munist Party as so-called "fellow travelers" or sympathizers.

One of the best known Communist techniques Is the formation of many organizations—literally hundreds of them, each of which is assigned to influence a given segment of opinion. These organizations have come to be known as Communist Fronts, Large num-bers of them have been officially found to be such

by the Attorney General of the United States, by the House Committee on Un-American Activities or by such State Legislative Committees es the Tenney Committee of California.

When Senator McCarthy has said that a given individual has belonged to 28 fronts, he means he has at least permitted the use of his name by those organizations. If such an individual does not know that these organizations are Communist Fronts, he is either careless or slupid, for the fact they are Communist Fronts has been widely published. If he does know it, he is culpable. That's about all there is to it. And the vitally important fact is that the Communist Party has been able to advance its schemes so the United States because so many otherwise respectable persons have lent the use of their names.

by General VanHorn Moseley (Relired) (General Moseley was Commander of the Army of the South and white General MacArlbur was Chief of Staff, General Mosley was next in Command).

Before we gel further out on the limb in our seatch for real national defense, the American people should be made to understand just Universal what Military means Training minds of the proponents of plan, They should

realize that the system proposed will cost several year, but will not add a single biihoc. dollars a botton bottons a year, but will not add a single soldier to our fighting forces during the training perior. The mothers are assured that their sons are not to the Aury; that they are not subject to the articles of war, and that they can't be sent to war until deafted. The plan adds several aulic Councils. to an already top-heavy military establishment, In other words, the plan proposed is a Super Boy Scout offair to be administered by several civilian committees drawing large salaries and implying the employment of a great number of clerks. The Army wants all the assistance it can get from the scientists. It likewise wants all the assistance it can get from the industrialists, But II does not want any of them on the command line

Before Korea, we thought we had an Army, not

Before Korea, we thought we had an Army, not very large It is true, but we thought it was supported by a large reserve We are now confronted with a great emergency and we find our so-called reserve a very nebulous thing Only a very small part of it is fit for battle and too many in it are trying to get out The various components of our reserve forces have cost us millions but they have never been ready to embark and fight until after months of delay This absurd situation must be corrected now. Acous we should remember that the wars of the Again, we should remember that the wars of the world have been fought by young men. The calling of older men now being done in the draft, is as unfair as it is unsound The older men needed at the outset of mobilization for command and leadership and as specialists, should be found in the regular establishmients,

In place of the complicated plan which requires 69 pages of conversation to explain, we should have a very simple law for Universal Military SERVICE a very different thing, and something that will give us the military strength we are looking for. If our Republic is to stand in this troubled world, we must realize that the first duty of every able-bodied male citizen upon teaching his 18th year, is to fit himself for the active service in the event of war or national emergency. That service should mean enlistment for one year in one of the regular components of the Acuty, Navy or Air Force, or in training camps estab-lished and commanded by the regular forces. In the event of war or national emergency requiring the employment of our armed forces, trained men should be called up by yearly classes, the youngest first, reporting immediately to their mobilization assign-

If, in time of peace, the funds in any year do not permit the entistment of all men traching the tion period the emission of all men fraciling the tith year tail men envolled in the class of that year, the number required for service should be selected by lot, using a machine for the purpose. In the event of wat, if a class is called, each and every man of that class should be catled. Those who had, which the results are believed. service in the regular establishments would report a

We must, through the press and any other means available, build an army of love to destroy the army of hate. Only Jesus and Mary will destroy the evil in the world today! People are so destroy the evil in the world today! People are so indifferent today! If they only underslood the message of Our Lady! I believe linit we priests, with our bishops, will soon be martyrs. We will see terrible things taking place. Our people must be prepared for any emergency. As a Callotte priest, cannot see the world getting belier. A Priest is not a layman. He is, to a certain extent, apart from the fally. He is in the service of Christ, and Our Lord gives him grace to realize what is really transpiring in the world... We cannot right atone. We must become aware of our enemy's tactics, and seek heavenly guidance and help to overcome them. I heavenly guidance and help to overcome them. I believe that, at the present time, our Catholics aren't penere that, at the present time, our Catholics aren't prepared to face the enemy. Many of them, I believe, would surrender themselves to the enemy. This age, I believe, is the Age of Mary, and the Mother of God is about to proceed in her manner of building her army against Salam and his cohorts. That means she army against Salam and his cohorts. That means she is going to have a tremendously big hand in destroying cell all over the world and bringing peace to mankind. There will be peace, but it appears to me that we will have to suffer much first. It seems to me that only suffering will bring people to her son, Jesux Christ. Many Catholies are too worldly, unaware of what is really happening today and slow to take up the Cross and follow Christ. God help us!

Where are the "Peace loving nations"? Soviet Union is a member of the United Nations, Is she a peace loving nation? If she is a member of the U.N.O. and since the U.N.O. had been established to prevent aggressions, why isn't Russia (not like Russian people but the disabilical dictator and his cohoriss doing anything about ending the war in Korea? Where are the Four Freedoms? Hypocritical conditions of creater the machinism? Yet, there are words to deceive the un-thinking! Yet, there are those who say of Mr. Roosevelt, "He's dead. Let the dead rest!" Should be rest when American hoys title kills from high school; are dying as a result

of his and his successor's treachery? Should they be permitted to go untried, i.e., Roosevelt and Truman? Read this: Arthur Sears Henning, in the Chicago "Tribune" of May 5, 1946, enumerated the following secret commitments:

"The deal at the Yalta conference whereby Russian Dietator Stalin agreed to come into war against Japan in consideration of getting the Kurile Islands on the flank of the American Aleutians and territorial and economic concessions in China.

"The deal at the Teheran conference whereby Mr. Roosevelt assented to the divisions of Europe Into Mr. Hoosevelt assented to the divisions of Europe into Russian and British spheres of influence, the partition of Poland, and other measures for extending Russian domination of eastern Europe.

"The deal with Stalin at Yalta in which Mr Roosevelt agreed that Russia should have three votes

in the United Nations organization.

"Mr. Roosevelt's letter to King Ibn Saud of Arabia promising to take no step in Palestine hostile to the Arabs, which the ZIONISTS pronounce a lepudiation of the later President's pledge to support a Jewish commonwealth.

"An agreement, Yalke on a present and any agreement, and the support and the support of the

"An agreement at Yalta on a proposed system of United Nations trusteeships for territories captured from the enemy and for other dependent areas

"An understanding Stalln obtained at Yalta that Russia should receive 50% of reparations exacted from Germany, while Britian and the United States could have 20% each, and the other nations would divide the remaining 10%.
"An agreement Mr. Truman made at the Potsdam

conference providing for revision of the Montreux convention governing the right of navigation of the Dardanelles, whereby Turkey would be deprived of the power to restrict such passage in any way. "An agreement between the American and Rus-

sun military authorities at Yalta for reciprocal repatriation of Soviet citizens liberated by the American army and American citizens liberated by the Russian army whereby anti-Russian Poles, Balts, Czechs, Finns, Slovaks, Austrians, and others would be surrendered to the Russian authorities for possible imprisonment, deportation or 'liquidation.'

"An understanding obtained by Churchill from Roosevelt at the Casablanca conference that the British ehould have control of ALL military operations in the eastern Mediterranean and southeastern

"A memorandum initiated by Roosevelt and Churchill at the 1944 Quebec conference, approving the Morgenthau plan for the deindustralization of Germany and the conversion of Germany into 'a country primarily agricultural and pastoral in character.' It also suggested internationalization of the Ruhr and Saar districts of Oermany."

What else is there that we Americans don't know? A New York paper said: "Churchill is holding out for \$100,000 to reveal in a national magazine what he thinks about America: his hitherto un-published speeches brought \$50,000 from Henry Luce." Poor Americans, the great defenders of the Wall Street and international bankers as well as of polltical demagogues!

General MacArthur has to see boys under his command die needlessly, because his suggested policies were ignored. In the Bataan death march, Mr. Roosevelt's orders were to supply England first. In Korea, Mr. Lattimore's advice outwelghed Mac-Arthur's. The U. S. State Department treacherously trades American lives to help Russia! And what kind of decisions does Mr. Truman have, since he said not so long ago; "The decisions we make in the next few months will determine whether there is to be a third world war." Who are the "we"? B. Cohen, Assistant Secretary General (in charge of information)? B. Baruch, "American" member on the U.N.O. Commis-sion on Atomic Energy? A. H. Feller, Oeneral Counsel to Mr. Lie, Secretary Oeneral? A. Morse, Director of International Labour? J. Shapiro, Director of U.N.O. Information Center, Geneva? Will we know just exactly where the A-bombs will fail? Or Lee Pasvolsky, the man who drew up the U.N.O. Charter . and special assistant? Apart from the "Russian" representative on the Political and Security Committee, the Jew D. J. Manulisky, these men are all Jews, aware that Commentary Jews, aware that Communism as well as Communist countries are ruled by members of their own tribe. They are anxious to do nothing that will seriously endanger the Jewish rulers of Russla and Eastern Europe . . all anklous to appear as champions of Western Democracy . . . all a dangerous liability to the Western World in peace and, of course, a far greater danger in the event of war. Yet, these are the men with whom Mr. Truman is in alliance: the clique that is trying hard to destroy our land. They camou-flage "Russian" domination of the world with an organization called U.N.O., and they supplanted the American Flag with a crackpot flag called the U.N.O. flag And they placed MacArthur, since he is a probable candidate for the presidency in 1952, on a spot-bable candidate for the presidency in 1952, on a spot. They plan on bringing defeat purposely, not by a democratic party (the democratic party and the republican party, if well managed, keep a balance of power in our government), but by an un-American elique that is out to destroy the U.S.A. When did we thre of fighting under the Stars and Stripes? The U.N.O. is just a piece of cloth that means nothing to us or any other nation! We are living in a democratic nation, and no diabolical schemes with foist a piece of rag on us!

Old Joe fooled us again! He must be laughing. While we waste our manpower, money and resources in Korea, Russia goes calmly about her susiness of getting ready for the big war with America. The Communists are in control of China, because Truman put them there. How many "Koreas" will there be before the BIG WAR which Russia ean enter freeh and unspent both in resources and manpower? Can't we see that Korea is a put-up job? With our boys putting out fires all over the world started by the Communist gangsters and murderers. We can make more ammunition, but it takes 18 years to make human gun fodderi

Wars are not accidents: they are planned, and in the hands of warmongers and the greedy and lustful ware are a business on a tremendously big scale. They are made by rulers to cover their "mistakes." In 1945 Syngham Rhee pleaded with Truman against the 38th division of Korea. His plea was selberately ignored. Now boys must die to correct

whose blame? More than a year ago Congress voted-Truman 10 million dollars for military equipment for South Kores. Only 200 dollars worth of wire arrived there! And what is wire for? To separate the North and South Koreans? Would we like it if we in the north would be separated from the south here? Did we like anybody to interfere in our Civil War? England tried, and we didn't like it. And they war, England tried, and we don't like it. And they blame the Isolationists just as in 1941! Because the "democrats" whitewashed the investigation of the "sneak" attack at Pearl Harbor, we have a "sneak" attack in Korea. The "democrat" party is just another Communist front, with Roosevelt and Truman willing tools and the "Me Too" Republicans going along.

When will the 54,000 well trained Communists go When will the 54,000 wet trained Communists go into action here? Less than that took over Russla!

Men say: "We must go and get it over with."

But there is no "over with" if we look facts in the face. The purpose is and has been for 50 years:
"Destroy the U.S.A.!" Destroy America, and freedom all over the world is gone! This war is not my country's war. This is Truman's war, with a political plan in mind. My Flag is the Stars and Stripes and not a U.N.O. flag! I hold to the principle of the Constitution which says: "An act done by an officer in excess of his legal competence is simply void and may be so regarded by the humblest citizen." We have gone too far on the wrong road. We must turn back before it is too late. Perhaps it is already late: a war with Russia is inevitable. As Tiorie said: "A retreat from a wrong direction is the only honest move in the right direction."

President Truman and his entire cabinet should be made to resign. What a mess they put the whole world in.

World in.

'How can we win a war by scattering our youth all over the earth when you have Reds worse than the Korcans right here directing a third world war in every key position? How can we expect to win a war with Red Jews in power here? This whole war is nothing but a mass slaughter for Americans . . . and a put-up job!

### **State Department Phonies**

The Marxist-ruled State Department would have American citizens believe that the tax-payers' money is used in foreign countries to block the spread of Communism, Actually, those funds—as well as Marshall Plan billions—are so placed as to enable Marxist groups in foreign countries to overthrow existing governments and substitute Communism.

Just how the Communists in Korea were given assistance is graphically outlined in the following July 14th broodcast of Fulton Lewis,

SEN. BRIDGES (R.-N.H.) and Sen. Byrd (D-Va.) have joined in a statement that much of the blame for the failure of the South Korean army must be laid to the 500 man U.S. military mission that trained the South Koreans.

Later Bridges said there should be an im-Later Bridges said there should be an immediate investigation by Congress into all the circumstances surrounding the operation of that military mission and whether it was given due cooperation by the State Department and the Washington government generally.

He said the Armed Services Committee of the Senate, of which he is ranking Republican member, now is conducting a general inquiry into all the circumstances attending the Korean outbreak.

He will demand that special attention be given to this particular of it.

Poor national leadership has put the country in such a position the only way to get peace now is to fight for it, Dr. E. C. Nance, president of the University of Tompa, said:

He advised leaders of groups interested in peace, including churches, to "lounch a campaign of instruction in the use of firearms, civil defense, guerrilla warfare and so forth to every mon woman and child in the United States.

"I believe we should base total preparedness based on the laws of the jungle—that wa should learn every art and science of killing," continued tha 50-year-old veteran of two World Wors, who has held pastorates in several Christian churches. He sald he favored has of any kind of bomb or of bacteriological worfore, against civilians as well as armies, so that wor would become so horrible the people would "rebel against the stupid leaders that lead them into war."

He said the UWF recognizes the possibility Russia might not participate in a world government. Nor is the UWF "out on a limb believing that Russia will be n good boy." he added.

Dr. Nance saved some of his strongest words to describe U, S. leadership.

"Loxily, indifference, political litteracy, stupidity and spincless surrender of our American Ideals on the part of some of our leaders is responsible for the humiliating predicament with which we are now confronted in infernational affairs," he wrote.

Clear Visioo, Steady Hands

Dr. Nonce said if he occupied a pulpit today he would teli his congregation not to be too highminded even in their prayers.

"Their proyers should be selfcentered, at least for the present time. . . They should ask God to give them clear vision and steady hands. "I would tell them that religion is not at least in our day, to help them escape the realities of life, but to help face them. "I would say it's better to be a live sinner than a dead saint.

A COMMON BACKGROUND

Frankfurter and Laski, a visiting professor at Harvard, had a common background in a Boston left wing group, the Ford Hall forum. With them in this venture was David K. Niles, now administrative assistant at the White House. Niles owes his government connection to Frankfurter.

## REMINGTON RAND BOWS TO MARXISM ANTI DEFAMATION LEAGUE DICTATES POLICIES

The intensely organized Marxist Anti-Defamation League has recently forced another American to bow to it's powerful influence by calling James H. Rand, President of the Remington Rand Company before the great Zionist leaders and account to them for supporting Melvin K. Hart, President of the National Economic Council. As a result Remington Rand bowed it's head in shame and backed out of the door beginn for purpose and proposed presents. door begging for mercy and promising never to do it again. After the apology the word was sent out to all of the Zionist-Communist groups that Remington Rand ha dbeen subdued and it would not be necessary to boycott Remington Rand's type-writers.

The news of the Hart case has been published in the newspapers and the list of the names of persons who supported Hart in his fight against Communium has been made known. Most Ameri-

cans know these facts but what they do not know is that the moment these names were given to Congress by Hart a Zionist by the name of Louis Little, counsel for the Buchanan Lobbying Committee, called up Walter Winchell, Zionist and spokesman for the A.D.L., and gave him the names. Walter Winchell was on the air smearing these people before Hart returned to New York City. The leaders of the Anti-Defamation League put their heads togetser to plan a reign of terror against these people to stop them from further cans know these facts but what they do not know put their heads togetser to plan a reign of terror against these people to stop them from further supporting Merwin Hart and to finally bring him to his knees. The first victim on the list was James H. Rand who thought it wise to go along with the Zionist-Commics rather than to lose his business. Who will be next? This is the method that the Zionists use to silence anyone who attend to the property of the prope tempts to expose their plan to rule America as

they did Hungary, Poland, Czechoslovakia, Rumania, etc. Since they control most dally newspapers all that is necessary is to stop the publications of such individuals as Merwin Hart's,

publications of such individuals as Merwin Hart's, and the simplest way to do this is to threaten those who support such leaders.

Most of our readers know how all this comes about and are aware of the Zionist-Communist Black Plague that is sweeping the world. But there are others who cannot understand how any organization in America could have so much influence. It is really simple once a person understands the relationship of Communism with Zionism and the Anti-Defamation League. Zionism is the father of Communism and protects it like any father would protect his son. Both Communism and Zionism are out to achieve the same munism and Zionism are out to achieve the same (Continued on page 2)

The law professor spotted his students through the government. He cultivated government officials, military men, members of congress and other influential geople. He was considered the power behind the White House throne mider President Franklin D. Roosevelt.

Laski was an admirer of the soviet experinent. Frankfurter was an admirer of Laski and
regarded the Britisher as his political mentor.

State Secretary Acheson and Frankfurter are the closest of friends. The two walk together every morning. During his days in the state department, Hiss frequently joined the pair for a walk. Acheson is the son of a British born and ordained church of England minister who became Episcopal bishop of Connecticut. Acheson's mother was a Canadian and a member of a wealthy distillery family. Acheson's father preached for a time in Canada before coming to the United States.

ATLANTIC CHARTER ROLE

The mother of Sir Alexander Cadogan, recently retired British representative on the U. N. security council, was an Acheson. Catogan was Britain's permanent undersecretary of state for foreign affairs before he went to U. N., at its outset, He went to the Newfoundland meeting of Roosevelt and Prime Minister Churchill in August, 1941, before America entered the war, with the first draft of what was later given to the world as the Atlantic Charter.

Informed observers do not consider Acheson pro-soviet today. They believe he was pro-soviet when Britain approved of Russia and anti-Russian when Britain was anti-Stalin. They hold he has been consistently pro-British thruout his career.

Morgenthau was chairman of an agriculture

Morgenthau was chairmen of an agriculture advisory commission when Roosevelt was governor of New York. He was made chairman of the federal farm board at the outset of the New Deal. He became treasury secretary in 1934. Credit for his getting this post is partly given to his late wife, who was an intimate of Mrs. Eleanor Roosevelt.

50 BILLIONS POURED OUT

Under Morgenthau, the lend-lease program was developed by Oscar Cox and Edward H. Morgenthau is credited with being the author of the polley of a harsh peace toward Germany, the peace of revenge known as a Carthaginian peace program. The name is derived from the fact that the victorious Romans razed Carthage and sowed the ground with salt so that nation might not rise again.

Hiss was given desk space in Buttenwieser's law firm. Buttenwieser is assistant United States high commissioner for Germany. Buttenwieser has been n member of the powerful banking firm of Kuhn, Loeb & Co.

Hiss was befriended by John Foster Dulles, predecessor of Lehman as senator. Dulles, foreign policy adviser of Gov. He sponsored Hiss for the presidency of the Carnegle Foundation for International Peace. Andrew Carnegie, Scotch born steel magnate, hoped to bring the United States into union with Britain.

Hiss was defended editorially and in the news columns of the Washington Post. The president and publisher of the Post is Philip L. Graham, son-in-law of the Post's owner, Eugene Meyer. Graham formerly was law clerk to Frankfurter.

result, however, they are both clothed differently. Communism on it's face has all the forms of aggression, terror and hate, consequently it could aggression, terror and hate, consequently it could never become a menace in a free Republic without the help of some other evil force. It needs some other partner in crime more diabolical and more cunning to distroy the fundimental principles of a free nation before Communism is welcomed. This sinister and diabolical force must creep upon a nation the same way and in the same manner as caneer does to the human body. It must be absolutely unknown to the victim to have the desired effect. The most intelligent people must be unsuspecting until they feel the last breath of air squeezed out of their body. Nation after nation has proclaimed their hate for Communism and still they fall under the power-Communism and still they fall under the power-ful domination of the totalitarian state. The obvious reason is that they recognized Com-munism as it was but couldn't identify it's munism as it was but couldn't identify it's partner Zionism. Every country in Europe that has fallen ander the hammer and sickle is ruled by a Zionist. Communism today is using the Zionist Protocols written 53 years ago as the biueprint. They wrote in 1897 the method they would use on such people as Merwin Hart who became too nationalistic. Hart and Rand are not the first Americans to be threatened with intimidation, boycott etc. The reader might remember such great men as Fither Coughlin, Col. Charles Lindberg, Senator Burton Wheeler and Senator

Nye. All of these American leaders fell under the heel of the Anti-Defamation League. Today, the need of the Anti-Dentification League. You's, the victims are General McArthur, Senator McCarthy, Joseph Kamp, Merwin Hart and many others. Just recently three Zlonists from the Anti-Defamation League valked into the office of a very prominent industrialist and former Senator and told him that if he did not stop supporting the National Economic Council they would see that he was removed from board of would see that he was removed from board of directors of four corporations. The reader will admit that this Anti-Defamation League is competition for the FBI in America. The proper name to be given to it is the "Gestapo". They openly boast that they have 2000 paid investigators in the U. S. Besides these the Zionists have thousands of key men in government key-spots, two of which are David Niles, advisor to the President and Felir Frankfurter of the Supreme Court. Although these two are credited with most of the Zionist activity in Washington it is well to remember that the important member of this group is Bernard Baruch.

The American press is controlled by the

this group is Bernard Baruch.

The American press is controlled by the same Zionist-Marxist as the government is, nithough it is done in a different manner, With the exception of the Daily Worker and 400 other. Red sheets the Zionists control the newspapers through advertising. Since most of the businesses are owned by the Zionists in this country they do not have to own the newspapers. They simply dictate to those who publish their papers that certain items should be printed and others not printed. If the publisher should not see things the way the Anti-Defamation League does then the publisher is informed that their advertising will be stopped immediately, The Chicago Tribune is now under pressure from the Anti-Defamation League for violating orders. Can you see the aimiliarity of control in the Remington Rand case? If America had the freedom of the press that the constitution guarantees there would be no need for individuals like Merwin Hart to light: But he knows that the daily newspapers cannot print the truth and like any real American tries to save America. tries to save America.

If any American doubts that Zionism is in back of Communism the thing for him to do is to start an open attack upon Communism aione and see how fast the Anti-Defamation League starts to smear him. He will be attacked by every Zionist group in America.

The Zionist boasted in 1897 in their Protocols that the control of the press was in their
hands: "We must compel the government of
the Goyim (Christian eattle) to take action in
the direction favored by our widely-conceived
plan, already approaching the desired consumation, by what we shall represent as public
opinion, secretly prompted by us through the
means of that so called "Great Power"—The
Press, which with a few exceptions that may be
disregarded, is already entirely in our hands."

disregarded, is already entirely in our hands."

It is an interesting point to keep in mind that these Khazar Zionists who are in control of our government, press, and country, not only have cousins living in Russia but also fathers, mothers, brothers, and sisters. They are coming into the country by the thousands and demanding tolerance before they reach American Shores. The first mate of a steamship which makes two or three trips a month to Europe recently informed one of our staff that his ship brings thousands of these Khazar-Zionists to America revery month. He further stated that as soon as they get on the boat they start demonding everything and threatening the ship's personel. That if they do not get what they want they will report them. These are the people that have the nerve to walk into the office of an American and demand that he refrain from supporting another American. These are the originators of the "Brother-de-love" campaign and the tolerant crusade. We are supposed to tolerate them and their diabolical scheme of Zionist-Marxism. How much longer are the American people going to tolerate this spread of Communism in America.

Because you don't see in local newspapers what you read in COMMON SENSE, don't think we are wrong—don't fool yourself. Many important exposures in COMMON SENSE will be printed in other papers a yeor or two hence. COMMON SENSE has no advertisers to tell us what we can or cannot print.

## ZIONISTS"

By: Judge George W. Armstrong (Continued from previous issue)

(Editor's note: Believing "The ZIONISTS" to be one of the most important new books we are, with this issue, serializing it. The words of Judge Armstrong, a foremost American patriot, deserve the serious consideration of all who

cherish the great republic-America. Years of careful study qualify Judge Armstrong to give the truth behind the Communist intrigue within the United States, and to reveal how our Country is being made to suffer the same fate of all other nations now overridden and ruled by the atheistic, Communist-Zionist minority.)

#### MARTIN LUTHER

Martin Luther said of the Jews and their Talmud: "Therefore know, my dear Christian, that next to the devil you have no more bitter, more poisonous, more vehement an enemy than a real Jew who earnestly desires to be a Jew (an orthodox Jew) . , .

"Sluce childhood they have decoured such poisonous hatred against the Goyim (gentiles) from their parents and Rabbis, and still devour such without ceasing, that according to Psalm 109 it has gone over into their flesh and blood, bone and marrow, and has become their life and being. And as little as they can alter flesh and blood, bone and marrow, so little can they change such pride and envy. They just have to stay that way and be ruined, if God does not perform a special miracle."

'They do not work, do not earn anything from us, neither do we donate or give it to them. Yet they have our money and goods and are lords in our land where they are exiled. . . .

we however, are the cursed Goyim. And they are the master of the world and we are their servants, yea, their cattle!"

Martin Luther sald further:

"They hold us Christians in captivity in our own country; they let us work in the sweat of our noses, while they appropriate money and goods, sitting behind the stove, are lazy, gluttlers and guzzlers, live well and easy on goods for which we have worked, keep us and our goods in captivity through their cursed asuty, mack us and spit on us, heeause we must labor and permit them to be noblemen at our expense. Thus they are our lords and masters, we their servants with our own property, sweat and labor! and to thank us and reward us, they curse our Lord!"

"The Jows and Their Lies" by Martin

Luther, pages 28, 30, 31, 37.
Our Lord Jesus Christ denounced them in still more forceful and direct language. He said to the Jews a short time before they crucified him:

"Ye are of YOUR father the devil, and the lusts of your father ye will do. He was a mur. derer from the beginning, and abode not in the truth, hecause there is no truth in him. When he speaketh a lie, he speaketh of his own; for he is a liar and the father of it," St. John 8:44.

And so they were and are today and always will be so long as they are governed by their rabbis, will be so long as they are governed by their rabbis, their scribes, pharisees, hypocrites, and their Talmud; their "traditions" as Christ called it. They haven't changed and they can't change and they dont want to change. Their tradition (Talmud) is their religion. They are taught it by their mothers in their tenters. infancy, their schools during their adolescence and their rabbis in their maturity. They are born that way and are educated and trained that way. They are a stubborn, "stiff necked," valn, self assertive, purse proud, gold worshipping people. Our Lord

Whight communism with common sonse

and Savior Jesus Christ dld not reform them, nor can we do so.

George Washington, the father of our country. said of the Jews:
"They work more effectively against us, than

the enemy's armies. They are a hundred times more dangerous to our liberties and the great cause we are engaged in . . . It is much to be lamented that each state, long ago, has not hunted them down as pests to society and the grealest enemies we have to the happiness of

\*\* Maxlus of George Washington by A. A. Appleton & Company, page 125-6, copyright

Benjamin Franklin said of them:
"There is a great danger for the United States of America; this great danger is the Jew. Gentlemen, in every land which the Jews have settled, they have depressed the normal level and lowered th degree of commercial bonesty. They have remained apart and unassimilated,—they have created a state within a state; and when they are oppressed they attempt to strangle the nation financially as in the case of Portugal and Spain. For more than 1700 years they have tamented their sorrowful fate,—namely, they were driven out of their mothertaud, but gentlemen, if the civilized world today should give them back Palestine and their property, they would immediately find pressing reasons for not returning there. Way? because they are vampires, and vampires cannot live on other vampires—they cannot live among themselves; they can only live among Christians and others who do not belong to their race.

"If they are not excluded from the United States, by the Constitution, within less than 100 years, they will stream into this country in such numbers they will rule and destroy us and change our form of government for which we Americans shed our blood and sacrificed life, property and personal freedom. If the Jews are not excluded within 200 years, our children will be working in the fields to feed the Jews while they remain in the Counting House gleefully rubbing their hauds.

"I warn you, gentlemen, if you do not exclude the lews forever," your children's children will curse you in your graves. Their ideas are not those of Americans even when they have lived among us for ten generations. The leopard cannot change its spots. The Jews are a danger to this land and if they are allowed to enter they will eril our institutions; -they should be excluded by the Constitution."

This is precisely the situation today.

Our Lord and Saviour Jesus Christ, Martin Luther George Washington and Benjamin Franklin would now be regarded as anti-Semites and criminals by the Zionists They would all have been convicted by the Nuremberg court and probably assessed the death penalty. They boast that Haym Soloman helped finance the Revolutionary War. It is true. He was the representative of N. M. Rothschild & Son. The Rothschilds have financed both sides of every war including our Revolutionary War and the War Between the States. That is their system, for they profit by war. No matter which side loses, they win, Mrs. Ludendorf, the wife of the German General Ludendorf, testified at her trial for anti-Semitism that Jas. P. Warburg of Kuhn, Loeb & Co, loaned Hitler \$34,000,000.

The Zionists are mean and vindictive. This statement is based on personal experience. They are cruct and merciless and relentless; this statement is based on observation. They have no mercy for a fallen foe. They are responsible for the murderous governments of Russia, Rungary, and other countries, and the Nuremberg trial. They are indeed "like unto whiled schulchres, that are beautiful outwardly but within ar full of dead men's bones."

#### BARUCH AND FRANKFURTER

Bernard Baruch, who is reputed to be at the head of the Jewish Sanhedrin, and Justice Felix Frank-furter of our Supreme Court, are the political leaders of the Jewish race. Baruch finances political parties and congressional candidates and advises presidents and congressional committees; and Frank furter nominates Communist appointees for important government positions.

The late Senator Long likened the wily Baruch to a watchful old crow. In a speech in Congress he

"I remember one time when I tried to shoot an old crow. I was riding along and saw the crow on a log in a field, so I just rode up behind a thicket so the crow could not see me and reached into my huggy to get my gun. Thick as

Whight communism with common sansa

that thicket was, the minute my hand got near the sun the old crow flew away . . . He (Raruch) stood with the Hoover Administration until it was wrecked inside out . . . Then old brother Barweh came right on hack down to the White House and got hold of another President (Roosevelt). We have presidents and presidents but Baruch goes on forever."

\*Congressional Record, 75th Congress, page 7592.

Nobody knows whether this wily old crow is a democrat or a republican or a communist. He thought Dewey would be elected and had his picture taken with him. He correctly appraised Truman as "uncouth, ignorant and incompetent."

General Hugh Johnson, formerly N.R.A. chief, gave us an accurate picture of the activities of Justice Felix Frankfurter in an article published in the Saturday Evening Post, October 25, 1935;

"His 'boys' have been insinuated into obscure but key positions in every vital departmentwarders of the marches, inconspicious but powerwarders of the inarches, inconspicious but power-ful. Wherever to know, check, influence or control what goes on in government it would be a good thing for a Big Rappy Dog to have a Little Happy Hot Dog planted there is one there, alert and quictly setive... Two or three infest Henry Wallace. The area in and about the Federal Trades Commission literally writhes with them. The Justice, Interior, Labor, and Treasury Departments harbor their quotas. Other hosts for them are PFA, AAA, PERA, TVA, and SEC. They have bad a guiding hand in the drafting of nearly all legislation. To them the constitution is just a foil for elever fencing—an anledeluvian joke to be respected in public like a Sacred Cow and regarded in private somewhat as Gertrude Stein probably regards the poet Tempson or any other Victorion.

\*Roosevelt Red Record, pages 81-83.

And his "hot dog boys" are Jew Communists and many of them said to be homosexuals. They are not accidents, they are selected and placed for the purpose of destroying our system of government. These two (Baruch and Frankfurter) together

with Henry Morgenthau and Sam Rosenmann are directly responsible for the Roosevelt and Truman maladministrations and they are responsible for our present unfortunate condition. They were and are the agents of the Zionist Politburo of Wall Street. It was through them that Henry L. Stimson, erst-while attorney for Kuhn, Loeh & Co., obtained his appointment as Secretary of War. Frank Knox as Secretary of the Navy, and Edward Stettinius, partner of Morgan & Co, as Secretary of State,

It was through Frankfurter that the head of the spy ring J. Peters (true name Isidore Boornstein), Alger Hiss and other communists obtained their jobs in our State Department. Most of the spice that have been revealed by the Committee on Un-American Activities have been Jews and got their jobs through Justice Frankfurter or Bernard Baruch, Every bribetaker, with the exception of Congress-man May, so far as revealed, has been a Jew; the a great plenle for the Jews. They flocked to the bureaus and took them over. The Zionist Jews inlitated the war, ran it, and at its conclusion brought the wrenkage at a fraction of its cost, and created the United Nations for the alleged purpose of preventing future wars.

The FBI. revealed that a Jew professor in the The F.B.I. revenied unit a new processor in the Minnesota State University named Weinberg, who assisted in the Atomio Bomb laboratory, disclosed the secret of the atomic bomb to the Russian Communist Polithuro. He has not been prosecuted as including and probability will not be built by the learned munist Polithuro. He has not been prosecuted as a traitor, and probably will not he, but if he is and is convicted, the punishment will be amere "slap on the wrist" as in the case of the eleven communists who were convicted of treason in Judge Medina's court in Ntw York and the spy Gublischev, It appears that this secret and also the H bomh secret were given to Russia by the British Zionist Dr. Fuch and by Harry Hopkins, President Roosevelt's assis-

The Truman administration usually selects New York for the trial of traitors, where most of the judges and jury men are Zionists, instead of elsewhere in America where the judges and jury men are loyal Americans. The conviction of the arch traitor Alger Hiss, Roosevelt's companion and advisor, was a disappointment to our Secretary of State and probably also to our President,

An example of the support by American Zionists for Israel is the Techlon Society. This is an organization of scientists, including many famous atomic energy scientists, whose avowed purpose is delivering American production secrets to Israel. Read Techlon's own statement of its aims, in the California Jewish Voice, April 30, 1948, page 2:

"The alms and purposes of the Techion are to further Technology and applied science in Palestine through the financial and moral support of the American Techion; to make American industrial and technical know-how available to Palestine through closer cooperation between American and Palestinian technologists and industrialists..."

#### LETTER TO THE EDITOR

The Editor, 'Common Sense" Union, New Jersey Dear Sir:

In today's Issue of a local newspaper appears a short extract of an article withten by Prof. Dr. Austin J App protesting against the expelling of millions of Germans from their Eastern Homelands and calling on Americans to do all they can to right these wrongs which the author calls the greatest crime in history.

While agreeing essentially with Prof. App, I should prefer to consider those happenings, not as the crime as such but as the logical continuation of the greatest crime in European history, the Treaty of Versailles.

When on the 28th of June, 1919 the Allied Powers arrogated to themselves the right of posing as prosecutors, judges and jury all at the same time, civilization as such ceased to exist as in no civilized community of individuals or of nations the prosecutor can ever be the judge.

Art. 231 of the Versalles Treaty forcing Germany to accept the sole guilt for the war, is the orline from which directly everything must be derived during the last 30 years, including the expelling of millions of Germans from the East of which Prof. App writes

The makers and supporters of the 1919 Peace Treaties were and are the criminals of modern history. Only if and when this fact has become general knewledge amongst the millions of all nations, is there any hope of reviving Civilization.

The details regarding the outbreak of war (1914) as known to us from the published documents of all the Governments concerned, prove clearly that not anyone particular Government. Nation or Individual is solely or even mainly to blame but their Importance is quite secondary to the ignoring of the Supreme Law of Civilization: The Illigant can never and under no circumstances be the judge H.P.

#### Persecution in Lithuania

Reprinted from The Ave Marie, April 15, 1950
Perhaps our readers will get a better idea of what the communists have done to religion in Lithiusala from the following table which was printed in the Congressionof Record at the request of Representative Donahue of Massachusetts than from any description of the persecution. There were in Lithiusala in 1940, fourteen archibishops and bishops; in 1948 only one was left. There were 1,646 members of the secular clergy in 1940; in 1948 only 400 remained. Members of religious
1,566 in 1940; in 1948 not one of them was left. In 1940 there were 1,202 churches; eight years later only sixty remained.

The faithful registered at churches in 1940 amounted to 2,778,422; in 1948 there were none. The four theological seminaries were closed and the one Cathotic university. Seventy-five per cent of the clergy were either killed or exited; the fifty-two Catholic publications with a combined circulation of over seven millions were all suspended. All religious and philosophical books were forbidden and the 800,000 people belonging to religious socialities were disbanded. It is plain from these facts that religion has been practically wiped out as far as the reds were able to destroy it. They have not destroyed the religion in the hearts of the people, but all religious worship must be expressed in private as in the days of the Roman persecutions.

## **SOVIET UNION** NOT COMMUNIST

By DR. DAVID GOLDSTEIN

THE DICTIONARY, A BOOK OF VITAL INTEL-LECTUAL NECESSITY, is often of very little use

when dealing with the 20th cenlury moral plague called "Communism" For instance, the Soviet Union is popularly called a "Communist" country, when it is as far from being such as the South was from being rightly called a land of freedom for Negroes, before Civil War days Real Communism, our dictionary tells as, is, in princi-pic, a state of equality, by first

society in which each person gives of his skill and energy according to his ability, and is reminer, red according to his needs. It is a system of family-like relationship that is not contrary to Christian principal. ples, it entered into voluntarily, provided the right of conscience is safeguarded. It necessitates the about-tion of the wage system of remuneration, a primary Marxian economic demand which is unworkable on a national scale, as the Soviet Union discovered in its infancy. In fact the wage system in vogue in the Soviet Union, with its extensive piecework and shockworker (Stakhanovist method of exploiting labor, would not be toleraled by organized labor on our side of the Iron Curtain.

IT IS BY A MISUSE OF LANGUAGE that the inhabitants of the Soviet Union are commonly called "Russians," when not more than one-half the people thanks.

"Russlans," when not more than one-half the people therein can rightly be so designated. Seventeen per cent of the USSR, population are Utrainiaus; and there are reported to be 168 other ethnic groups of more than 20,000 members within its borders, Stalln himself is not a Russlan, He is a Georgian, born in what is now called the Ocorgian Soviet Republic which covers an area of 27,000 miles, with a population of 3,542,000.

"COMMUNISTS" call the Soviet Union a "demo-cracy", when it is a "Dictatorship of the Proletaria", by a Politburo of 14 members. Surely it is a gross by a Polithuro of 14 members. Surely it is a gross misuse of language to call a country a "democracy," in which only one political party is permitted to function, the "Communist Party", a country in which the industries, schools, press, and broadcasting stations are a Polithuro monopoly; a country the bars any expression of opinion that is not in harmony with Stallinian. The two leading Soviet daily papers are "Isvesta," which means News, and "Provda," which means Truth Some anti-Stallinist behind the Iron Curtain said joilingly, though secretly: "There is no truth in the News (Isvesta), and no news in Truth (Provide but Stallin favored news 'OUTLAWING THE REPLRED.—Fighters patient.

very essence of American life, Any organization

But we are puzzled by certain features of this present project. Apparently it is thoroughly financed—just how is not stated in any of the Committee's literature we have seen. It is receiving heavy support in the press, radio and pul-pit. Important banking interests are passing the word around that the Committee is to be sup-ported. The Committee is able to get the names of prominent men and women in many sections of the country for its local committees.

The chief objective of the National Committee for a Free Europe appears to be to carry on a radio program. One of the leaflets of the Com-

Leniu said, "For every Communist we have ten others ready and able to do our work." Clever Marxists work on the assumption that every politician has his price or can be fooled, or franced, to carry out the plan to abolish the United States

When International Marxists were about ready with their plans to push the U. S into World War II, and set up Marxist rule here, Herbert Hoover was president. The Red plotters would have been just as willing to corrupt the Republican administration and shove us into the war which left Europe at the mercy of Communism and the U S nearly so ever, those international Reds realized that Herbert Hoover would not give Zionist-Communists a free hand in our government. It was imperative, then, that they organize the smear Hoover campaign to put Roosevelt in office for they were certain that Roosevelt would place lifts administration at their discovery. disposal.

Bilen McMahon, the New Deal Senator from Connecticut, is an important dupe in this Marrist plan. He has a leading role as a link in the chain of allen-minded New Dealers and saboteurs who have betrayed America by stealing atomic bomb secret ..

The world knows that the atomic bomb secret The world knows that the atomic bomb secret has been stolen by Soviet spics through traitors who have posed as Americans. Some of these men, apprehended by the F.B.I. and Scotland Yard, have been tried, or are being tried, for the crime. When the story broke on the front page of every newspaper in the country, clitzeas were excited and shocked that such highly secret information could have been stolen from the strongly guarded laboratories of our government. Many people blamed the present administration. present administration.

Truman yelled "Red herring!" Hiss denled.

Prictically all New Dealers went into a big demonstration of fury and pretense to kid the American people into thinking that the administration was opposed to Communism. How many people were fooled is anybody's guess, but there is one thing certair.

Se intor Brien McMahon of Connecticut, Chairman of the Joint Congressional Committee on Atomic Energy, the most important position today for the safety of the American people has been — and is today — affiliated with some of the most outstanding Communists and Marxists in Washington. It is almost unbelleveable that a man such as McMalion. who has surrounded himself with Communists, Reds, and traitors to America, is still in Washington as a

representative of the people.

Senator McMahon has been the front man, or ball carrier for the socialization of atomic energy. His zout has not only brought him chairmanship of the John Congressional Committee on Atomic Energy, but he also has a firm grip on the Atomic Energy, Commission, the government bureau created by the McMahon Bill to socialize atomic development. grip has been tightened by the appointment of his

countries. We do not know how successful it has been, though it it achieves only a moderate de-gree of success, it is probably worthwhile pro-vided what is broadcast is really American, and not socialist or semi-socialist. But according to the press there are relatively few radio sets in Soviet Russia and the Iron Curtain countries; and recent dispatches that the Soviet is attempting to "jam" the Voice of America are rather impressive.

So it would seem doubtful whether this additional radio program will be worth the effort. But again, if even a moderate degree of success is attained, it might be worth the effort. The Freedom Bett

The promoters of the Crusade for Freedom have developed a novel scheme for attracting attention. What is called the "Freedom Bell," which is said to be the symbol of the Crusade, was cast on July 27, 1950, at a bell foundry in England—why in England we do not know. The bell has been shipped to the United States and is now being taken from place to place, including now being taken from place to place, including Pittshungh, Cleveland, Detroit, Chicago, St. Louis and other cities. Then the hell is shipped to Germany, where it hangs in the Rathaus Tower in Berlin in time to ring in what is called "United Nations Day," October 24th.

This is considered by some public relations men good propaganda. And if It brings fresh courage to even a few, it will perhaps be worth-

#### What Is Behind This "Crusade"?

But it is always to raise the question, with espect to any movement—what is behind it? Often what is behind it is apparent on its face but some times one has to look further.

One of the cardinal points of the plan is the signing of what is called the "Freedom Scroll." This is being issued in sheets 11 x 20 inches with space on each sheet for 50 signatures. People of all ages, including school children, are asked

At the head of each sheet is printed the following:

"I believe in the sacredness and dignity of

the individual "I believe that all men derive the right to freedom equally from God."

All Americans will subscribe to these principles.

But then this follows:

"I pledge to resist aggression and tyranny wherever they appear on earth."
What is the purpose of this pledge?

The Crusade for Freedom is being organized with great skill and tremendous publicity. These

Scrolls are to be distributed in all kinds of places where people gather.

Of course the average American does nothing more readily than sign some petition or document that on the face appears fair and reasonable. So it may be wondered what the effect will be if, say, one, or five or ten million Americans sign this Scroll which, as explained on each sheet, is to be-

included as a permanent part of the Freedom Shrine in Berlin, and to join with the millions of men and women throughout the world who hold the cause of freedom sacred."

Just One More Internationalist Scheme?

Let us review these words again:

"I pledge to resist aggression and tyranny wherever they appear on earth"

It is a matter of common knowledge that there are, among Americans, a group that is internationalist-minded. They have long since ceased to talk or even think about the American Republic, her Constitution and her traditions. They want to merge the United States with the whole world. They are trying to destroy the concept of this country as an Independent nation. They are not satisfied with American serving, as the did from so many decoder. she did for so many decades, as an example to all mankind, that they might go and do as America has done—might emulate the American way of life. They want America to throw in her lot with all the peoples of the earth so that therefter—if the movement goes to its logical conclusion—our people will be no better off than the average people throughout the world.

It is noteworthy, too, that many of those who hold this viewpoint are of foreign birth, or their parents—are of foreign birth; or they are pople whose business interests are tied up with

Whight communism with common sense

other countries, and whose viewpoint is perhaps influenced by that fact,

One of the ideas these internationalists are pressing at the present time is that the United pressing at the present time is that the United States is in a position of "world leadership," as they choose to call it, and that she must "fullfil her destiny." And—forgetting the need to preserve liberty at home—they construe all this to mean that they must sally forth, crusader-like, under the Marshall Plan, under Point IV, under any and all measures that involve the spending of Inited States treasure and offert therefore the United States treasure and effort throughout the world, and go to the rescue of all nations.

They apparently fail to make any estimate as to whether the United Slates can afford to do his, assuming that the doing of it would accomplish a real purpose. They are the very opposite of the America Firsters who tried so hard posite of the America Firsters who tried so hard to keep the United States out of World War II. They are for every other country first, and for the United States last. They somehow seem to think this is being "broad-minded"—that they have a "world viewpoint." They seem not to notice that under their guidance, we have been following this course now for some years, and that if has brought to the once strong United States the sacrifice of precious lives, burdensome States the sacrifice of precious lives, burdensome debt, colossat waste, and now-war. And so far it seems to have brought little benefit to other peoples.

Perhaps some of these who so readily subrernaps some or these win so reading sub-scribe to One World—certainly the more gullible of them—do not mean to be this way. Con-front them with the idea, and may of them will grow hidignant. But the picture we paint of them is a fair description of their thoughts and actions. They are not facing realthing. At heat thou are They are not facing realthies. At best they are following the Pied Piper—at worst they are betrnying their country's vital interests.

Wars Not Made By Peoples

Wars are never made by peoples. Wars are made by the politicians of the various countries.

Americans have nothing in particular against Germans, or Austrians, or even Russians, just as doubtless neither Germans, Austrians, nor as doubtless neither Germans, Austrians, nor Russians, have anything in particular against Americans. The people of no country would engage in war with the people of any other country they were not stirred up to it, propagandized

into it, by their leaders.

Propaganda is something of a modern art
Practically nobody in Great Britain had ever
heard of health insurance until Lloyd George, searching about for an issue in a political cam-paign shortly before World War I, hit upon the dea which he borrowed from Germany his campaign was over he had persuaded the British people that they had always wanted health insurance, though, as we say, few had ever heard of it up to a few weeks before, Such

is the power of propaganda.

Now here on this Freedom Scroll is this "pledge to resist aggression and tyranny wherever they appear on earth." Can it be that this idea comes from the internationalists who, at some future time, will assert that the President's plan to intervene with American armed forces anywhere on earth "to resist aggression and tyranny" has been formally endorsed by mil-lions of Americans? Are not the signers of this petition giving a free hand to the present or some future Administration to send them or their sons anywhere on earth to fight? And there will be no appeal from the decision of the Administration that any given situation constitutes "aggression and tyranny,"

Is it not possible that this one "pledge" is

the foundation stone of a future policy that at no distant date would guarantee the financial, and probably the moral, bankruptcy of the American Republic and the enslavement of her once free

Who Are Listed as Leaders of the Crusade?

----

We are not less disposed to raise this ouestion as we scan the list of the men prominent in the National Committee for a Free Europe. For while they include distinguished citizens who have rendered great service to thier country (most of whom may have joined this movement without suspecting any ulterior purposes), yet they include also men who have been in the forefront of the internationalist movement. They include, indeed, some who have advanced in no little degree our foreign policy which has been so

Thus we find Herbert H. Lehman who once headed UNRRA and who recently led in the unsuccessful fight in the Senate to prevent over-riding the President's veto of the Communist

Whight communism with common sense

Control Bul; Henry R. Luce, whose "Life," "Time" and "Fortune" have rarely hesitaled to whoop it up for internationalism; Charles P, Taft, Robert P, Patterson and others. We find men like Drew Pearson,

These all along have been the very opposite of America Firsters. While we do not question the sincerity of many of them, and while some of their services have contributed to America's advantage, yet, by and large, they are interna-tionalists. If we follow their leadership, can we expect the results of the next ten years to be any less disastrous for the United States than the last ten?

The United States has now got itself into a war which will involve temporary, and perhaps permanent, restrictions on American liberties. At the same time the Administration is pushing such international commitments at the ITO agreement, the ILO right-to-organize agreement, the International Bill of Rights and Genocide Convention (and there are more to come), every one of which would hand over a part of the sovereignty of the American people to international committees in each of which the United States would have only a minority vote.

Is one effect of this movement intended to

be that we forget our own Liberty Bell which was respected throughout this country for more was respected throughout this country for more than a century and a half, and substitute a "Freedom Bell"? Is it all part of a picture to make the American people forget their past as the great Republic of the West, and infiltrate them more and more with the idea that it is just one of "the democracies"?

Dituting American Loyalty
The Extension Service of the United States Department of Agriculture is engaged in a project that is perhaps not unrelated to the Crusade for Freedom. This scheme is to promote the making of United Nations flags may be displayed alongside our flag on every school house in the land, as well as on other public and private buildings.

There is a committee to achieve this purpose, whose Chairman is Mrs. Franklin D. Roosevelt. The committee has made available a kit, price 50 cents, by the use of which a United Nations flag

can, it is explained, be readily made. Women and girls are appealed to to make these flags.

—Now, if other nations than our own had taken a serious interest in the idea of the United Nations, something might be said for this strange institution. But few countries seem to be taking any serious interest in it—and these are almost entirely the countries that are sub-sisting, in part at least, on the bounty of the United States For many weeks after the fight-ing began in Korea, not a single land soldier of any fellow member of the United Nations participated; and even today while there are 150,000 American soldiers and Marines in Korea, there are said to be not over 5000 of all other countries combined.

Strange it is that the government of a country, conceded to be the strongest and richest in the world—a country with a great past should be leading in the effort to merge the wel-fare of its people with that of the polyglot nations of the world. Particularly since, even with the material benefits offered or in prospect, he enthusiasm of those other countries for the United Nations is at a low point.

And here is our national government, with-

out, we suspect, the slightest warrant in any law, spending the taxpayers' money trying to dilute Americanism in the minds of school children, Scheme to By-pass the

Authority of the Senate

The significance of this pledge in the Freedom Scroll and a hint of the inherent danger in it lies in the fact that just as the United States Senate was recessing on September 23, Secretary
Acheson moved, in the General Assembly of the United Nations, to clothe the General Assembly with the right to take action against aggressor nations.

In the excitement of the fight to override the veto of the Anti-Communist Bill, little attention was paid in the Senate to Acheson's action. Yet, as Mr. George Rothwell Brown, columnist in the Hearst newspapers, has pointed

"This is a flagrant attempt by our own State Department to by-pass the Senate, and make what might prove to be a most dangerous al-teration in the UN charter, without submitting that proposed change to the Senate for its ap-proval or rejection."

The Senate of the United States went a

He has been a member of the National Lawyers Guild clied by the House Un-American Activities Committee as being a Communist front, and also the United Federal Workers which is a Communist front. Dr Condon worked with Newman in the plan to put atomic energy under Marxist

When McMahon took over the chairmanship of the Special Senate Committee on Atomic Energy, one of his first appointments was to name Dr. Edward Condon as a scientific adviser. In 1948 a House sab-committee on Un-American Activities charged D\*.

The House sub-committee also said of Dr. Condon: "There is no evidence in our possession that Dr. Condon is a member of the Communist Party, but as a member of the Executive Committee of the functional Soviet Science Society, which is affiliated with the National Council of American-Soviet Friendslup Inc., and which was recently cited as a subsersive organization by Attorncy General Clark, be has lent his name and influence to one of the principal Communist endeavors in the United

It is also reliably reported that in March 1947 Zlotowski offered the use of the Polish diplomatic pouch to scientific groups as s means of transmitting scientific materials outside the U.S., dissemination of which had to be restricted cacause of security reasons by military authorities. Zlotowski was also in contact with Anatole Gromov, first secretary of the Soviet Embassy, who has since seturned to Russia.

Newman and Marks, along with Dr. Condon and possibly Dr. Leo Z. Szilard, has the most lo do with working up the McMahon Atomic Energy Bill and its passage, although McMahon—as their stooge—

gets credit for authoring the bill.

At all executive sessions of the Special Senate
Committee, where the most confidential phases of
the atomic program were discussed, Senator McMahon insisted on having Dr Condon and Newman present.

Serious derogatory information had been dug up against Mullenbach, still he was in charge of the topmost atomic energy secret. So "hot" was this secret information Mullen-bach had charge of that, when it was being transferred, he went under guard. The guards, most likely, were sincere in thinking that they were protecting something which Russia did not have. Little did they know that they were guarding something which was already in Moscow.

COMMUNIST SPY HEAD, SILVERMASTER

Nathan Gregory Silvermaster of New Jersey Communist spy leader accused of Soviet esplonage, and now out on ball, swore that he was a "close friend" of Senator McMahon's scientific advisor, Miss Evelyn Bentley, a confessed Communist spy courler, identified him as master spy with photographic equipment in the basement of his Washington home for filming secret government documents for trans mission to Moscow

McMAHON DEMANDS
SECRET INFOROMATION
In transferring the atomic project to civilian control sometime after the end of the war, a major policy problem was how much secret information should be released to a Congressional Committee concerned with atomic energy. The US had a three year lead on the lest of the world—meaning the Soviet Union Although part of this lead had been lost through the treachery of people like Dr. Fuchs, and the spy ring, most Senators did not want to know anything more than necessary about atomic energy for fear that they might accidentally make kown the secrets. On the other hand, there were counterfeit Americans, such as McMahon's associates. who were turning up everything in the country to oblain the secret.

Brien McMahon, on the Senate floor in 1947, demanded to know everythig there was to know about the atomic bomb. When there was a vote in committee on making available such highly secret in-formation the information on the stockpile) the vote was ten to one against. The lone vote for the right of a Senator or Congressman to obtain this highly secret data was that of Senator Brien Me-Mahon of Connecticut. No other Senator munited to know such top secret information!

This was not the only instance of a strong effort by the Connecticut Senator to obtain highly confidential atomic information. A letter over Senator McMahon's signature was sent to the War Department seeking data from the Manhattan Distrite project. The request was rejected, but Senator McMahon did not give up until the matter was carried directly to the White House. Senator McMahon and his Red associate also made a personal call on Secretary Patterson in an effort to get certain information made available to the committee Again their request was denied.

About this same time, Senator McMahon was making a series of speeches throughout the country suggesting that the US consider making public its atomic stockpile and rate of production of atomic bombs.

Next to all technical facts on manufacture of the bomb, the information most sought by the Soviet Union was how many bombs America had and was

making.

It was on February 4, 1949 that McMahon an nounced that he had called a conference of the Congressional Atomic Committee and the Joint Chiefs of Staff to "consider" making public this top-secret

Whight communism with common serve

information on the bomb stockpile and bomb production.

Three days later, February 7, 1949, at Lake Success, the Soviet delegate on the Security Council of the United Nations-Yakov Malik-demanded that the United States list its atomic weapons before the eGneral Assembly. The Soviet Union had been demanding this information as far back as 1947. Senator McMahon's suggestion to make public in-formation on the bomb stockpile, and bomb production and weapons, would have accomplished that

How long Brien McMahon remains in Washington, as a dupe for Communism, depends upon the voters of Connecticut. The security and safety of 150,000,000 people in America depends upon the voters of Connecticut. The rest of America will have to stand by and let the voters of Connecticut make the decision on November 7th whether Brien McMahon will remain in our government or be defeated.

This is not a political issue in the eyes of real Americans. It is a life and death campaign

The United States today is dealing with the most clever International tricksters. They are working day and night to undermine, bankrupt, and take over our Country which is the last stronghold of Christianity and civilization. We must have loyal, strong men to represent us in Washington.

If we are to deliver our government back into the hands of true, fearless Americans we must throw out of Washington all those who have betrayed us regardless of whether they are Democrats or Republicans. Temporarily, we must forget the party and save America, or we will have only one party , . . a party exactly like that in the Soviet Union

A Teaher's right and qualification to teach may he judged by his mandate and his performance. Christ had received His mandate from His heavenly Father. "I am the truth... This is why I was born and came into the world to bear witness to the truth." John 14:6 — 18:37. "I must proclaim the kingdom of God, for this is why I have been sent" Luke 4:43. The gospels prove that He taught continuously, with divine wisdom in human ways, the thing's about God and our salvation. He taught the workers and the scholars, and rich and the poor, the hypocrites and the sincere ones. Teaching was an eminent part of His mission to bring mankind back to God - and to heaven He taught to His last word on the cross He is still teaching in our Sunday gospels Let Him not teach you in vain

## "THE CRUSADE FOR FREEDOM"

long way in 1945, when, under the influence of unprecedented propaganda, it was persuaded to ratify the United Nations charter. It never would have ratified the charler if it had not been for the right of veto which was reserved by each of the five major nations in UN. Acheson's move at the present time to by-pass the Senate indicates how far these internationalists are willing to go in their selzure of power-in their effort to destroy thee liberty and freedom of the American people, while the Grusade for Freedom is prattling about the necessity of carrying freedom to all other nations of the world. We read in the Sermon on the Mount:

"... how wilt thou say to they brother, Let me pull out the mote out of thine eye; and behold, a beam is in thine own eye?

The spirit back of the Crusade for Freedom is that we owe it to the world to go everywhere and see that certain ideas as to freedom prevail. The inference is that we have a full measure of freedom or liberty here at home.

But as matter of fact, while it is true that in many countries of the world, freedom as we know it does not exist, right here in America the genuine liberty of Americans is being encroached upon steadily. It is being encroached up by some of the very men whose names appears in the forestone of the very men whose names appears in the forestone of this Course. pear in the forefront of this Crusade for Free-

#### The Children's Crusade

In A.D. 1212 occurred that astonishing movement known as the Children's Crusade. A young boy of 13 or 14 became imbued with the idea that if he could get thousands of boys and girls to journey to Palestine, the control of Palestine might be wrested again from the Saracens. Amazingly enough he carried out the project, at least to the point of assembling large numbers of children. After many vicissitudes they reached a Mediterranean port in Southern France where some greedy shipowners agreed to transport them to the Holy Land. Two of the ships were wrecked on the way and all on board were lost. The remainder were taken, not to the Holy Land, but to Egypt where every last one of them was sold into slavery. The end was disaster.

We Americans, at the middle of the Twentietth Century, ought to be old enough by this time to consider what is feasible and what is not. We ought to be mature enough not to permit ourselves to become engaged in any Children's Crusade.

We still have left the essentals of American liberty, though the activities of those who would undermine and destroy them are far advanced.

We of the National Economic Council belive that it is time for the people of America to realize that they alone of all the nations of the earth posses and have possessed true liberty. They should realize that they can lose this "berty by deliberately surrendering it to the Execusipation of effort and resources, as to fall a prey to eventual and complete slayery. We think that all Americans should weigh these considera-tions carefully before yielding to the desire to sign a pledge "to resist aggression and tyranny wherever they appear on earth."

The attempt to carry out such a pledge might be as disastrous to the American people as the Children's Crusade.

Then why make the pledge,?

### THE CASE AGAINST CONLE MCGINLLY'S COMMON SENSE

#### BACKGROUND

Common Sense is an extremist publication is sued twice monthly fromm 2001 Pleasant Parkway, Union, New Jersey, with Conde McGinley as editor (1). McGinley is editor and owner. His sworn statement published in November 1942 1949 says that 9660 copies. go each issue to paid subscribers (2) (but see below).

at 2001, 2003, and 2005 Pleasant Parkway, in Union (3), housing also the McGinley affiliate Loyal American Group.

Group (4), and , or claimed , some <u>Common Sense</u> property; he made theclaim when McGinley's assets were to be sold to pay a judgment against CS for printing costs (5). works closely with McGinley and CS (<u>Common Sense</u>), so that often McGinley and are variously listed as officers of the other's organizations. The given address of the Loyal Americans, for example, is 2003 Pleasant Parkway (6). writes form letters on the CS letterhead signging himself as director (7). Rallies are co-sponsored by CS and the Loyal American Group (8); speakers at these rallies, held in various New Jersey cities, include such personalities as

Front leader (9). Additionally, McGinley and and their associates often speak before innocent and bonafide organizations, representing themselves as crusading anti-Communists(10).

It is reported that McGinley's circulation was

pro-nationadist pamphleteer, and ex-Christian

h. 11-50 mcginley-2

usually about 3000 (11). But this varied: spmetimes 20,000 issues are printed (12). But the notorious tie-up of McGinley with the pro-Arab propagandist, wealthy Jewish anti-Zionist Benjamin H. Freedman, changed the situation, and McGinley's little journal reached the fantastic circulations of 300,000 copies (the October 3, 1948 issue) and 500,000 (October 31, 1948). These were sent to influential people and associations the nation over, and were principally anti-Zionist, which was Freedman's motivation for financing these issues. (13) American Legion posts, Congressmen, UN delegates, parent-teacher organizations all received copies (14). It was estimated by the New York Post in an expose of the Freedman-McGinley coalition that printing for an average of 400,000 copies came to \$1200, and mailing \$4000. Copies were of course mailed to readers free of charge, and bulk quantities went to Arab UN delegates, financed again by Freedman (15).

McGinley's projects are abundant. He furnishes speakers "who really understand the world situation, and the plan of our enemy." (16) Another service: "All so-called Communist countries are ruled by Yiddish Zionists. (Common Sense will gladly supply their names to anyone interested in writing us.)" (17)

On June 14, 1950, McGinley was acquitted of charges that he resisted and assaulted two deputy sheriffs on June 17, 1941 1949, a year earlier when they attempted to seize his records because of a judgment on a printing bill., cGinley charged a plot of Zionist Kommunists, and claimed that he didn't pay for printing in the first place, but that it was handled by a patriotic group of men, who disbanded under pressure (18). He claims that he has sunk \$11,000 of his own money into

h 11-50 mcginley-3

the fight against Communism (19).

In the spring of 1948, the Eastern Union County Chamber of Commerce withdrew approval of McGinley, charging anti-Semitism and defense of traitor Robert Best (see later in this report). (20) The third district of the Holy Name Society, representing 9 Bronx Roman Catholic parishes, condemned Common Sense. "Although the paper does not directly attack Catholicism, it is anti-Semitic," declared Rev. William Daly, who concluded: "If it would attack one religion, it would attack all."

The New York State American Legion had earlier called CS a "hate sheet." (21) In Illinois, the executive Republicant committee of the Legion had said of Think Weekly (CS under its earlier name):

This publication pretends to have vits principle purpose the combatting of Communism. However, a careful reading of its issues; and the lists of its contributors gives abundant evidence that it is not so much interested in the legitimate fight against Communism in America, but is "grinding an axe" for Fascism instead of democracy. (22)

McGinley, about 57, was originally proprietor of
a chain of roadside restaurants called

During the war he sold
the business and worked at the Elastic Stop Nut Company in Union. After
the wor under the alias

he wrote mi anti-Communist material,
began to publish Think, first mimeographeem distributed to veterans and
factories; later he printed his publication and mailed 2500 a week (23).

Think was issued in 1946, mimeographed, listing as editors the fictitious
and "Conde J McGinley", McGinley's and a Woold
War II veteran raised by his father as a figurehead, and to hide McGinley

Senior's own connection. On May 25, 1946, Think began to be km printed,

and became Think Weekly with the June 30, 1946 issue. The new publication

was engaged in the smearing of liberals and liberal organizations as Moscow fronts, and was praised by big husiness leaders like and et-Hitler admirers like (24).

But compared to the more recent issues of McGinley's paper, it
was extraordinarily moderate. Think Weekly became Common Sense
on June 29, 1947, and continues as such up to the present.
Copies go to subscribers and various groups throughout the
country, depending on the circulation of a particular issue,
and is distributed or sold at public rallies andparades (25).
Through Common Sense and the Loyal American Group rallies,
books and pamphlets by leading pro-fascists and anti-Semites
are sold. Common Sense in recent issues has advertised publications
for sale by

Texas anti-Semite; Upton Close;

, former wazi conspiracy trial defendent;

, anti-Semitic pamphleteer; Coughkinkte Rev Edward

Lodge Curran; , whose American Patriots organization

is listed by the US Attorney General as subversive and fascist;

pro-German writer (26).

McGinley's material is usually alarmist, mostly innacurate, and often contradictory. If penjamin Freedman pays for an issue, not the Jews but only those known by McGinley as "Yiddish Marxists" are attacked. If McGinley puts out one of his own issues, presumably without Freedman's backing, the issue is flatly anti-Jewish (27).

McGinley's latest issue, that of October 15, 1950,

h 11-50 mcginley-5

is his most ambitious. Large numbers of copies were sent free to educators, students, other groups—without their interest or solicitation. It is the biggest issue to date -- 12 pages, well-printed, written in an engaging style, as if a professional publicist had set his hand to anti-Semitic ravings. The make-up and organization of copy is also professional. The fullpage (1) headline:

YIDDISH MARXISTS PLOT U,S.A. DEFEAT BY U.S.S.R. Traitors Plan Slaughter and Conquest U.S. 6an Lose War Now! Symington Wagns

The issue, which is made up of one long essay with scare-headline dubdvisions, is worth examing for did the light it throws on McGinley's thinking. The thesis is very quickly expressed: "The Administration is aware of the fact that Yiddish Marxists are the real rulers of the Soviet Union and that they have been the directing force behind the communist (Marxist) world-revolution from the its very inception." (Page one) (This is an interesting contradition to the usual McGinley position that the United States Administration itself is a Communist front-- see later.)

McGinley, or his anonymous writer, tries to demonstrate that the Yiddish people are responsible for the all the evil we see in the world. But these are not Kews-- some Jews, a very small minority, are genuine Jews who survived in Old Testament lands, and are not Marxist Zionists or Communists.

The late Hon. James E. Forrestal understood the Yiddish Marxist peril and the implications of its

impact upon the destiny of the United States. (Page one)

Next we jump to stomic bomb spies, and Communist

leaders, a list of such names showing that "each person mentioned

is a Jewish Marxist." (Page two)

Yiddish Marxists are the spirit and the substance of the workd-revolution which seeks to wipe out the established institutions of civilized society and to replace them with Marxist "dictaorship of the proketariat" and Marxist "classless society."

Then the anti-climax:

At the present time one of the most dangerous, and least suspected Soviet Union "booby-traps" is the world-government rlan of United World Federalists.

Which leads to:

... United Nations is just a "booby-trap," conceived and created by the Soviet Union to kure the United States to its doom and destruction. (Page two)

Common Semse then tells us to beware of future common efforts such as the U.S. campaign under the UN flag in Korea (page three).

Following McGinley's version of the world crisis, the theory of Marxism and the history of the Communist Party, McGinley's essay jumps back again to the United Nations: Marxist propaganda is making the UN flag supreme in this country, little by little, and replacing Old Glory.

Then, after these six introductory pages, the subject closest to Regarding Benjamin Freedman's heart—the Yiddish problem, is taken up. "All Yiddish people are not Marxists," says CS. "All communists (Marxists) are not Yiddish." (page seven). However, the author or authors forget this distinction later on,

h 11-50 mcginley-7

Preferring another one. The difference is then between Jews and Yids. The Yiddish nation was an oriental barbaric group (the Khazars) who were converted to Judaism in the seventh century. They do not benefit of God's words on the chosen people. Only the Jews do. "Yiddish has no more connection with Jewish than Irish has with Catholic," concludes the mysterious author of the McGinley article. "Yiddish is not Jewish!" (page twelve)

Then readers are asked to distinguish between Yiddish Marxists and non-Marxist Yids; between the Yiddish people and the genuine Jewish people; between a U.S. Government aware of the menance of the Yids, and the same U.S. Government previously depicted by McGinleys as a pawn of the Jews. Small wonder that the general significance of the issue-- or our summary of it is here-is contradictory and confusing.

Common Sense says that Christians are deceived by Yids, thinking they are Jews.

It is not clear what kewixkxMay Yiddish Marxists mean by "Jewish brains." Do they mean the brains of the Asiatic Turki-Finn Mongoloid Khazars who were their ancestors. What do Yiddish Marxists mean by "Jewish dissatisfaction." Do they mean the irritation caused by resistance of Christian populations to their campaign for world domination? (page wire eight)

No xonnection between Yids and the Jews of the Bible, we are assured (page nine). Then, for Zionism: "Yiddish Narxists invented the Zionist movement." They also inflitrated into Judaic congregations, and now control them. "The public swallowed the Yiddish Marxist propaganda about the 6,000,000 Jews which Hitler threw into furnances and gas-chambers although Hanson W Baldwin...supplies proof that there were more Jews in the world in 1948 than there were in 1939," the

11-50 mcginley-8 argument continues. It is pointed out that there are good Jews, like those of the American Council of Judaism. (page eleven) THE CASE AGAINST McGINLEY'S COMMON SENSE What follows is a point-by-point expose of the propaganda line and associations of Conde McGinley and his periodical Common Sense. THE LINE 1. McGINLEY HAS PUBLISHED PROPAGANDA AGAINST THE AMERICAN WAR EFFORT EXPRENTMENTALEMENTALIN IN KOREA WHICH IS SELITIOUS In Common Sense for September 15, 1950, an "anonymous" priest wrote the lead article for McGinley. Based on earlier convections for sedition ("false reports" tending to undermine morale of the 1570 armed forces), as in the case, this meterial and some other comments which have appeared in CS on the Korean campaign are seditious. The September 15 article included the following: Before you talk of atrocities in Korea and dead American soldiers there in 1950 and elsewhere, before you talk of throwing A-bombs here and there, be honest and think clearly! Remember Truman and his guilt inx 1945...Truman and his guilt in 1950: Soon we will be fighting as an America: team to preserve Christianity and our Constitution, but has anyone ever really protested the Hiroshima Massacre, or Mr. Truman's war in Lorea? We are Americans, but have we, in a democratic way, had anything to say about going into the war in Korea? I sincerely believe we are no longer living in a democracy. [28] Worse was the following, in the same article: How can we expect to win a war by scattering our youth all over the earth when you have Keds worse than the Koreans right here directing a third world war in every key position? How can graw we expect to win a war with Red ews in power here? This whole war is nothing but a mass slaughter for Americans...and a put-up job! (29)

h 11-50 mcginley-9

Again:

I charge that this war is a Jewish conspiracy, and demand the arrest of severy member of the Truman Administration... (30)

The McGinley journal holds a similiar view on World War II: "Zionists planned and directed World War II," said CS in June, 1950 (31).

2. McGINLEY PUBLISHES NAZI PROPAGANDA, MCURNS
THE HITLER REGIME, ANL ACTS AS SPOKESMAN FOR PROŽNAZI GERMANS
OF TOLAY

the horse's mouth. McGinley printed what was said to be Merman Goering's letter to Churchill written just before the former poisoned himself. CS added that our war against Nazi Germany was an "imsane plan". This long letter, taking up three columns (a full page) of McGinley's paper, concluded with Goering's declaration: "I shall know how to approach my end in the absolute conviction as a German National Socialist and considering everything else, to have been a better Emropean than you." (32)

According to the McGinley thesis, Germany was the bulwark against Communism, until Jews fifth-columned it (33). Furthermore,

The war guilt of the German nation was purposely invented by false and malicious libel and widely propagandized in order to fabricate a reason for these dismantlings and destruction of production capacity and thus prevent Germant from waging another war. (34)

11-50 mcginley-k0 But more radical yet was the German issue of Common Sense. This issue was partly in German, and copies were sent in bulk to the American and Dritish zones of Germany (35). Writers were Germans notorious for their advocacy of soft treatment of Nazis. On top of page one was the legend, in German: "German Edition -- appearing simultaneously in South Africa, South America." Atrocities in Germany were plamed on the allies. The nage one photograph of dead bodies piled high was followed by a caption in German: "Message from the slaughter at the 'White' World's Thermopolye (Dresden, 1945): Traveler! If you get to New York say you saw us lying, as Morgenthau ordered it." The back page legend on German: "Germans! If you want to help your country order Common Sense through a friend in America." This was obviously directed at pro-Nazi Germans in ermany. And this is how Frederick Charles F Weiss on page

And this is how Frederick Charles F Weiss on page one of this special April 1, 1949 issue interprets the second World War:

When in the last suicidal struggles we betrayed and humiliated our "white" brothers and summoned the outsiders to fight for whites against whites, we saw to it that no longer they are filled with terror at the white man's power--with the result that now they have risen up and look down upon the whites as of a thing of yesterday.

On the same page, German apologist Austin J App begins his lead article: .

The most momentous and tragic event of our age was the War. The American people were lend-leased into it by British and Jewish insistence that American intervention was necessary to assure a post-war

h | 11-50 | mcginley-11

world based on the Four Freedoms.... (36)

McGinley himself chipped in on page two to give his most extreme attack on World War II and justification of Nazi concentration camps:

ß

Cunning Marxists in the Soviet Union, Poland, London, Paris and mainly New York, the Invisible Government, with perfect coordination, tricked and propagandized Christians to slaughter each other in the war to crush Germany which was the only country in Europe which fully understood the menace of Communism...Because of stupidity Americans did not realize that the concentration camps in Germanykw were filled almost exclusively with the millions of Marxists who inflitrated from Russia and Poland to overpower Germany at the critical time. (37)

The lead article on March 15, 1949, by an anonymous

German, begins:

It is more than two years since the International Tribunal in Nurenberg has condemned and partly executed the leaders of the great German Empire on account of "war crimes and crimes against humanity." To what extent this one sided step of the victors, which exclusively was directed against the vanquished enemy and presented an act of revenge, was justified, history will decided. One thing, however, one can already asset today with tolerable certainty, namely, that the bombing attacks against defenseless women and children have not benefitted humanity. (38)

3. COMMON SENSE IS ANTI-SEMITIC, PRINTING VICIOUS CARTOONS AND DISTRIBUTING THE PROTOCOLS OF ZION.

McGinley's Common Sense endorses the Protocols of the Elders of Zion, a forgery which describes an alleged Jewish plot to rule the world. An article by George Armstrong in CS claims that the Jews run Russia, and that the Protocols are correct. (39)

McGinley's journal announced in mid-September of 1950: "Copies of The Protocols may be secured from Common Sense for \$1.00." (40) The book is often cited in CS (41).

In CS.

wrote

recently:

We MKK now enter the dark climax of 2500year psychological war by Jewish fanatics to destroy the white race. God help America if we mannot throw off the Frankfurter-Acheson influence. (42)

A letter-writer in CS calls Jews "Juices." (43)

But on several occasions, CS publishes anti-Jewish cartoons in the Nazi tradition, bringing to mind those of Hitler's propagandist

Jeveral of Jeveral of these portray caricatures of Jews, labelling them as Communists (44).

Further, McGinley has printed the famous

"Bennamin Franklin" forgery, a statement which pro-Nazi agitators

during the thirties had attributed to the early American statesman (45).

Modern research has proven the falsity of the document.

Sometimes, when Benjamin Freelman's influence is predominant (see BACKGROUNL statement, above), Jews as a group are not attacked, but only 85% of the Jews. Thus McGinley, at these moments, says that he is not against The American Council of Judaism. "We are opposed to Talmudists and the Yiddish Khazar,"

the line runs, "which constitute 85% of those in the United States who call themselves Jews; they are the creators and propagators of Communism, Zionism, Fabranism, Socialism and World Government." (46) It is easily seen how such a view would appeal to one of McCinley's favored Jews, like his backer Freedman, who is thus counted among the 15% of good Jews, of original Cld Testament origin.

So one of the favorite means is to attack the Khazars, a non-Semitic pagan race which is now the majority of Jews, according to CS (47).

In his newspaper McGinley has written:

So, we see that F.L.R. ran our country for the Zionists, as directed by them. These same Zionists keep Truman interested in fishing and piano playing while they use up the resources of the United States to set up a Zionist World Government at the United Nations and Palestine. (48)

#### 4. McGINLEY LENLS SUPPORT TO THE KU KRUX KLAN

McGinley hinted recently that he would support the KKK; this announcement came in the form of a reprint from a Texas newspaper explaining the good reasons for them Klan's revival (49). In the next issue, CS took max over the mailing list of a Klan newspaper, announcing it this way:

The fighting publication, FREE AMERICA, has been discontinued and COMMON SENSE has taken over the subscription list. All subscribers to the former publication will receive a one year's subscription to CCMMON SENSE. (50)

to put up a fight while they are still "top dog."

If Franco is a "Fascist"that is what the countries in eastern Europe now need." (54)

Aside from the distortion of history (for it was not the Republican government, but Franco, who succeeded in an attempt to "take over" the country), it is seen that McGinley here again favors fascist reik measures to combat communism. Another example of this is his constant apology for the Hitler regime (see earlier in this report).

7. McGINLEY SAYS THE UNITED STATES HAS A COMMUNIST GOVERNMENT

#### Reports Common Sense:

The "democrat" party is just another Communist front, with Roosevelt and Truman willing tools and the "Me-Too" Republicans going along...

President Truman and his entire cabinet should be made to resign. What a mess they put the whole world in. (55)

WITC.

has given ample evidence that he is a crafty, conscious communist," McGinley's journal reports of the Secretary of State. "He must be removed; then tried for rendering aid and comfort to the enemy."

CS states that our Department fo State
is preparing Germany"to be taken over by atheistic Communism."(56)

#### 8. McGINLEY FRATLY OPPOSES TOLERANCE

"What people should now come to see," CS says, "us that this program of interfaith is strictly a Jewish doctrine." (57)

9. McGINLEY OPPOSES PROTESTANTS WHEN THEY ARE LIBERAL

The Federal Council of Churchesm of Christ in America is an organization of most Protestant churches.

Nevertheless, CS says that the Federal Council "Seeks to destroy me the 'Faith' and through its communistic tendencies, would destroy democracy." (58) Texas oilman George Armstrong in CS attacks the "communistic 'Federal Council of Churches'" (59).

#### **ASSOCIATIONS**

1. McGINLLY'S MOVEMENT IS PART OF THE NATIONALIST ACTION LEAGUE, LABELED FASCIST AND SUBVERSIVE BY THE ATTORNEY-GENERAL.

BIC

The Nationalist Action League of Fhiladelphia,

by ., is subversive and fascist, according to the Clark list issued at President Truman's request by the Justice Lepartment. Common Sense and Mr the AcGinley-brief Loyal American Group are an integral part of it. The merger of CS with the subversive NAL is official; furthermore, it took place after the Attorney-General's listing.

The story of McGinley's role appeared in CS for June 15, 1949. It readx, in part:

The Nationalist Action League...today officially joined forces with COMMON SENSE, the Nation's anti-Communist Newspaper, in the inauguration of an all-out offensive against Marxism and its onsidious front organizations in America.

To this end, NATIONAL PROGRESS,

of the League, in , and serving as the League's official publication since its organization in Octoberm, 1948, announced its discontinuation and urged all of its readers to throw their entire support to COMMON SENSE.

Simultaneously, of the LOYAL AMERICAN GROUP, an organization of patriotic citizens acting in parallel concert with COMMON SENSE, took steps to merge his membership into the new and militant anti-Red front thus created....

Commenting on the merger, who will serve as National Secretary or the expanded organization, said:

"A most important, am most needed step has been taken, in the merger of the Loyal American Group and the Nationalist Action League. This move will certainly help promote nationalist unity. We intend to carry on a relentless campaign against the Marxist forces in the USA."...

Letails on the militant program to be carried out by the NATICNALIST ACTION LEAGUE are to be covered in a page which COMMON SENSE will devote, in each issue, to its activities...

On the same page of CS, the reader was appealed to to fight the Attorney\_General&s subversive listing of the MacFarland organization(60).

Thereafter a Nationalist Action League page

appeared in CS. It discusses the work with McGinley, speaks of the Philadelphia headquarters which "will include facilities for handling COMMON SENSE..." (61)

FROM	:	A. H. Belma	add D	

SUBJECT: COMMON SENSE, " PUBLISHED

PURPOSE:

IN UNION, NEW JERSEY

To furnish you with a brief summary of pertinent data in Bureau files concerning this publication in accordance with your request.

## BACKGROUND OF "COMMON SENSE"

"Common Sense" is a newspaper published twice monthly at 2001 Pleasant Parkway, Union, New Jersey. The publication describes itself as "The Nation's Anti-Communist Newspaper" and is edited by Conde McGinley. No investigation has been conducted by the Eureau of the publication, "Common Sense."

Prior to June, 1947, "Common Sense" was published under the name "Think Weekly." There is no indication of the original publication date of that periodical. The Bureau initiated a security investigation of "Think Weekly" and Conde McGinley in August, 1946, on the basis of information received from

(at present a Confidential National Defense Informant, furnishing the Bureau information concerning activities of Conde McGinley and "Common Sense.") who stated that "Think Weekly" was a Fascist newspaper serving under the guise of being anti-Communist. Investigation at that time failed to reflect that the paper was Fascist although it was strongly anti-Communist. The investigation was closed in October, 1946, but Confidential Informant has furnished information concerning the publication "Think Weekly" now known as "Common Sense" since that time.

It is noted that a number of complaints have been received at the Bureau concerning "Common Sense" during the past two years with particular attention being called to ENGLOSURE ATTACHED (105-9621)

## BACKGROUND AND ACTIVITIES OF CONDE MCGINLEY

Conde McGinley was born on October 13, 1890, at Norman, Oklahoma, of Irish-American parents. He resided in Oklahoma until 1930, at which time he moved with his family to Dallas, Texas. From Texas, he moved with his family to Belmar, New Jersey, where his wife operated numerous curb-service restaurants. (105-9621-3; 9-16748-8)

nasmuch as he obtained employment with Union-Register," a newspaper published in Union, New Jersey.

Conde McGinley and came to the Bureau's attention in May, 1942, when Sheriff, Monmouth, New Jersey, reported that was making a donation of to Camp Nordland, New Jersey and was active in the German American Bund.

The German American Bund has been cited by the Attorney General as a Fascist and subversive organization.

Investigation by the New Jersey State Police in January, 1944, failed to develop any information regarding McGinley or association with the German American Bund or sympathy with the German cause. (9-16748-8)

In December, 1944, advised that Conde McGinley was violently anti-Semitic, was a political agitator and has been known to state that he believed Hitler to be one of the greatest men on earth. Informant quoted McGinley as saying that Hitler had been sent by God to deliver the world from Jews and Communism. (105-9621-3)

On subsequent interviews with prior to January, 1949, he stated that McGinley's "reason for living" was to hate the Jews. He advised that "Common Sense,"-was formerly known as "Think Weekly," was primarily anti-Semitic and that McGinley's opinion that "all Communists are Jews" was the basis for the existence of this publication. McGinley reportedly achieved a fair publication for this paper and operated it on subscriptions and donations received from various individuals interested in fighting Communism. Informant advised that McGinley's fanaticism bordered on insanity. (9-16748-8)

McGinley was interviewed by Bureau Agents
on January 18, 1949, as a victim in an extortion case.
He advised the Agents that "the Justice Department is
now an organization to protect the Communists. Four or
five big Jews dictate policy to
thing is politics."

It is noted that McGinley had been the victim of two extortion investigations and has received threatening letters on numerous other occasions growing out of his anti-Semitic activity. (9-16748-11)

## COOPERATION WITH NATIONALIST ACTION LEAGUE

Conde McGinley, Editor of "Common Sense,"
was engaged in organizational activities of the
Nationalist Action League, which has been cited by the
Attorney General as a Pascist organization. An article
appearing in the June 15, 1949, issue of "Common Sense"
indicated that the Nationalist Action League officially
joined forces with "Common Sense" on June 1, 1949,
"in the inauguration of an all-out offensive against
Marxism and its insidious front organizations in
America." At the time of this merger the Nationalist
Action League publication "National Progress" also
merged with "CommonSense," edited by Conde McGinley.
(105-11214-24)

## PUBLISHING OF DATA CONCERNING RNNA M. ROSENBERG

The November 1, 1950, publication of "Common Sense" was devoted exclusively to the position of "Common Sense" on the appointment of Anna M. Rosenberg as Assistant Secretary of Defense. -(126-486-43) "Common Sense" opposed the confirmation of that appointment. Volume 1, Number 1, of the paper "Know The Truth" published at New York on January 2, 1951, states that Benjamin Freedman who testified against Anna M. Rosenberg before the Senate Armed Services Committee during December, 1950, advanced the funds to cover the cost of printing and mailing 50,000 copies of the November 1, issue of "Common Sense." "Know The Truth" also points out that Freedman had advanced a small fortune to "Common Sense" since 1948 in order to increase its circulation because he was interested in "Common Sense" as one of the most aggressive publications fighting Communism. It is further stated that opposition to Anna M. Rosenberg was motivated exclusively by consideration of national security and was not weighted by any other consideration despite the cry of "anti-Semitism."

Subsequent attacks against Freedman prompted McGinley and Freedman to arrange for the publication of an issue of "Common Sense" giving the complete story of Freedman's participation in the "Anna M. Rosenberg affair." However, shortly after a few copies of this issue of "Common Sense" (No. 128) were distributed McGinley refused to allow the issue to be put out. Thereafter, according to "Know The Truth", Freedman decided to publish his story in the January 2, 1951, issue of "Know The Truth" which was published for that purpose. Details of Freedman's story appear in the copy of "Know The Truth" which is attached to the memorandum from Mr. S. J. Tracy to Mr. Tolson dated January 19, 1951, concerning "Anna M. Rosenberg", which memorandum accompanies this memorandum.

#### MISCELLANEOUS

For your additional information, it was observed during a review of the Bureau files that there have been numerous publications known as "Common Bense", in addition to the one described in this memorandum. Most of these publications were local periodicals printed by the Young Communist League, American Youth for Democracy and various individual Communist Party clubs.

There was also a monthly magazine published in New York City known as "Common Sense" which is referred to frequently in Bureau files between 1936 and 1945, which apparently had a liberal editorial policy. (62-40321)

#### How To Stabilize And Restore The Confidence Of Our People And Respect Of The World How To Protect Christianity And Save Civilization

These things can still be done, but Congress must be practical. Congress must quickly learn ,who the enemy is and have the courage to speak

A person alarmed by his poor physical condition seeks the best medical authority, learns the worst, then takes immediate measures to cure the disease or have the malignancy removed Con-gress must do the same for America if our Republic is to survive

The writer, is informed on the all-important question known as "Communism," a Zionist-Markist worldwide conspiracy for eighteen years the water has made an intensive study of the evil plan for abolishment of the United States and the enslavement of Christianity. For five years the writer has used his energy and every dollar he had to educate sufficient people in order to averithe crisis which was plainly coming. The great eccomplishments of COMMON SENSE, always working with insufficient funds, are due to the combined efforts of informed associates who have closely cooperated with us closely cooperated with us

For five years we have repeatedly told all ledge of the Marxist mind and listeners that the talk about Communism being illustrious general, MacAithur,

a terrible thing" would not save the world from) Marxist slavery unless people at high levels, learned by whom Communism is backed, and then had the courage to take a stand, speaking the truth.

A deceptive campaign of "lolerance" (promoted by Marxists) has kept Christian people deluded while the Internation! Yiddish conspiracy has rallied approximately one and one-half billion people against Christianity. Within two weeks an additional four million people may be turned against us.

During this crisis, when cool, informed leaders of courage are needed to steer America through the incredibly grave situation which now con-fronts us. We have in charge of our government men who do not understand the International revolutionists. Those men are confused and stumbling. They are men being guided to destruction by cunning, well-organized, anti-Christian Zionist revolutionists who have maneuvered themselves into the confidence of Christian leaders in order to make the United States part of a world government ruled by the Zionists after millions of Americans have been slaughtered as already millions or telliow-constraint have been slaughtered in other sections of the world

The writer is not confused and is not afraid because he understands the world wide conspiracy which is going on. The writer knew that when allied forces reached the Manchurian border Chinese troops, directed by their Zionist-Communist masters, were set and waiting. This knowledge was not due to any know all of military tactics; instead it was believed through the writer's know-ledge of the Marxist mind and plan. Even the is undermined

In Korea we are not dealing with Chinese "Communists." What the world knows as "Chinese Communists" are only deceived puppets of World Marxism which is mainly financed and directed by Zionists in the United States. They are the sama Zionists who throw elaborate dinners. and have Senators and Congressmen as speakers

so as to prevent the elected representatives from learning who the real plotters are.

The editor of COMMON SENSE, with the cooperation of the most correctly informed people in the world, offers this solution to preserve our freedom: Congress should immediately arrange an open hearing and allow our associates to pre-ent evidence to support the following charges:

- 1. Zionism is set up and governed by Asiatic Yiddish.
- 2 Communism is a front for anti-Christian
- 3 The United Nations was devised, and is operated today, by Zionists in the backermelinză.
- The United World Feogralist organization is a front for Zionism. In the group some Christians, wanting to be good Americans, are fronting for the Yiddish platters Israel is a Yiddish-Zionist-Communist
- state and in a showdown will favor the U.S.S.R.

Yiddish Zionist Marxists have been maneuvered by the Zionists into positions as secretaries to the representatives of U. N., U. S. Senators, Federal Judges, War Department, Navy officials, the Federal Communications Control system, the State Department, and the White House (David Niles). These Yiddish Zionist Marxists have been Niles). trained from childhood to guide trusting Christian dupes and to secure confidential information from over the world to be used in destroying govern-

The government in Washington has, for the past 15 years, been governed by Zionists using unsuspecting Christian dupes to carry out the Zionist plan. COMMDN SENSE knows that all the charges of a world-wide Zionist-Marxist plot i popularly known as "Communism" can be proven by what the Yiddish Marxists themselves have said in their

writings.

Yiddish Marxists, mainly through their organizations — Anti-Defamation League and American Jewish Congress — have, during the last five years, intimidated six printers and forced them to stop work for COMMON SENSE. This, despite the fact that, during the first three years of the publication of the paper, no mention was made of Jews, in all the five years of COMMON SENSE'S determination to expose Communism ONLY THE YIDDISH HAVE FOUCHT US.

Mall human progress is based on teaching. To gain a better knowledge of the things concerning God than can be obtained by our natural mental equipment, we need a teacher who is in the full possession of this knowledge. For our varianting as children of God, we need a teacher who is perfectly familiar with our nature, its capabilities and limitations, and with our Godordanied destination, For either, none is more perfectly qualified than Christ. Therefore St. Paul insists very emphatically that Christ be our teacher: "See to it that no one deceives you by philosophy and vain deceit, according to thuman divells all the fullness of the Godhead." ### HEBREW POET SAYS SOCIALISM IS "FRUIT OF JEWISH SPIRIT"

The following excerpts are from the July, 1933 issue of "Lines of Communication," a monthly pub-Meation described on its title page as "A Diocesan Magazine of the Anglican Church in Jerusalem, and Throughout the Holy Land, Trans Jordan, Syrla, and Throughout the Holy Land, Trans Jordan, Syria, and Cyprus. "By these devices, through Jewish will and through the power of their Jewish blood and owning to an instinct for 'requital' they have gradually in-duced Christianity to shed what was left in it of pagan elements; and it is they who, in principle are the creators of the Renalisance, of Liberalism, of Democracy, of Socialism, and of Communism.

"All this achievement has come about chiefly through unknown and anonymous Jews, Jews in secret, either erypic-Jews who mingled among Gentiles and nurtured great thinkers from among them; or through the influence of Jews who, in the great crisis of liberty and freedom, have stood behind the scenes; or through Jewish teachers and scholars from the times of the Middle Ages. It was the disciples of Jewish teachers who headed the Protestant move-

### Tear That One World Banner Down!

OLIVER ALLSTORM

A ONE WORLD flag was flown today By traitors to the U.S.A. But bear in mind that flag's a sham A wolf drest up just like a lamb; At best 'tis but a mongrel rag That never can supplant our flag,

Tear it down! Tear it down;

Our Founding Fathers walk today in spirit through the U.S.A. They view with scorn and anxious eyes.
The rag that darkens up our skles.
And from their graves they shout and ery.
That Mongrel flag must never fly—

Tear it down! Tear it down;

We hear the cry from Washington, we hear the cry from washington, From Hamilton and Jefferson. From old Ben Franklin, Putnam, Pethe, From Henry, Parker, Green and Wayne, And all our Pligrim fathers cry— That foreign flag must never fly—

Tear it down! Tear it down;

From Yorktown, Trenton, Lexington, We still can hear the farmers' gun. From Concord, Valley Forge and still From blood-red, snow-clad Bunker Hill. And all our hills ring with the cry That Mongrel flag must never fly

Tear it down! Tear it down;

Look to the "North Church," see the light Still burning through the darkest night. And there's a hero at our door Still shouting as in days of yore, Now listen and your heart can hear The midnight cry of Paul Revere,

Tear it down! Tear it down:

Think of those fighting "Minute Men" Whose blood made red each snowy glen. Think of our martyrs, brave and true, And how they died for me and you. There's Nathan Hale and Isaac Hayne Who from their gallows, cry again.

Tear it down! Tear it down;

And hear the Liberty Bell ring out From Independence Hall, men shout— Their Declaration to be free From entanglements beyond the sea. Repeat their cry from town to town, Leap up and tear that banner down,

Tear It down! Tear it down;

A land divided soon shall fall Let this be known to one and all; So wave OLD GLORY, it's our flag And rip that Communistic rag! Our Liberty's at stake, We cry— That Mongrel flag must never fly— Not in America's glowing sky!

Tear it down! Tear it down!

Al no time in history has there been stell a vital position at stake and the American people refused the truth. At no time in history has one person been given so much power with contempt for the views of the American people.

for the views of the American people.

Mrs. Anna M. Rosenberg, a Hungarian born Zionist, who is now in charge of every man and woman in America, may not he a card-carrying Communist. Neither were Aiger Hiss, William W. Remington, Harry Dexter White. John Service John Abt. Phillip Jessup and Owen Lattimore. All of these were given a strong whitewash and denied vehemently the charges thrown at them. Mrs. Anna M. Reference is made to Mrs. Anna M. Rosenterg in the New Yorker Magazine of September 15, 1945. The writer of the article on page 20 in that issue states that he had no invascious with Mrs. Eosenberg and that he, "learned that hee office hired ten thousand peoplo for the Manhattan District, or atom-homb, project." The atom-homb project was so top-secret that Mrs. Rosenberg is quoted by him as saving, "I never lines what it was all about myself."

The disclosures which hove appeared in the newspapers recently indicate that Mrs. Rosenberg's attice did not do such a good job in screening communists out of thot project. If her office had been more successful through the country would not now be living in fear of an atom-homb bilizent may moment by the Soviet Union. Richord O. Boyer makes many interesting statements about Mrs. Rosenberg in his "Profile" about her. In view of the interest of the public in the publical officiations and activities of Mrs. Rosenberg prior to her present appointment no harm can possibly enma to Mrs. Rosenberg by printing a few quotations from the "Profile" written by an "admirer" and published by the New Yorker Magazine which can limitly be accused of being "anti-Semitic." The following are several quotations:

#### ANNA M. ROSENBERG AND SIDNEY HILLMAN

In the Cumulative Index to All Sections of Appendix IX, of the House of Representatives Un-American Activities Committee Report, on page 1932, appears the name "Sidney Hillman," and after the name "Sidney Hillman," areferences to pages 261-264, 340, 349, 384, 661 f., 481, 672, f., 679, 683, 743, 764, 940 f., 982, 1193, 1199, 1202, 1204, 1209 f., 1212 f., 1213, 1280, 1304, 1372, 1494 f., 1497-1500, 1554, 1602, 1604, and 1024.

1t appears from every public record that Anna M. Kosenberg nelually nequired her great Influence In the political world through ker close frieodahlp with Sidney Hillman. The late Sidney Hillman had great political power. Sidney "Clear-it-with-Sidney" Hillman is credited with having been responsible for the selection of Harry S. Truman as Vice-Presidential condidate in the 1944 elections. Sidney fillman, according to biographics on his life, was born Schmuet Gilman in Lithuania, Russia and fled to the United States after he was sought by the Russian government for violent revolutionary activities. He is said to have been a leading member of the Bund, a Russian Marxist organization which Senator Benton's Encyclopedia Britannica describes as "the spearhead of the world-revolution." It is doubtful if this is a case of "mistaken identity." Is there another Sidney Hittman?

According to Mrs. Rosenberg's testimony be-

identity." Is there another Stoney Intuition.

According to Mrs. Rosenberg's testimony before the Senate Armed Services Committee on November 29, 1950, Mrs. Rosenberg still retains ownership of about 43% in the labor-relations consultant organization in which until receouty she has owned 66 2/3%, and in which she has been engaged nearly all her adult life. In her position as Assistant Secretary of Defense Mrs. Rosenberg has the sole dictatorial authority over distribution of workers among factories.

It will be up to Mrs. Rescuberg to decide what factories working on civilian production or on war materials shall be allocated workers. It does not seem proper to have a person who owns 43% in a business which advises upon lobor problems sit in the position where she acts upon requests for workers from her own elients and from nun-clients.

## CONSUMERS NATIONAL FEDERATION COMMUNIST FRONT

On page II of the hearings before the Senate Armed Services Committee on November 29, 1950 when Aunn M. Rosenberg testified, she detiled that she had been a member of the Consumers National Federation. But there does not appear anywhere on any record claims Anno M. Rosenberg was ever chorged with being nomember of the Consumers National Federation. Membership in that organization involves a great many implications which are not pleasant!

1. The Consumers National Federation was cited as a Communist Front (Special Committee on Un-American Activities, Report, March 29, 1941, p. 155.

2. "Created by the Communist Party and used for the purpose of spreading propaganda in schools and through woman's clubs. It was first known as the Emergency Council and was established as the Consumers National Federation, 1937." (Californio Committee on Un-American Activities, Report, 1943, p. 102.1

3. Cited as an organization "of Communist complexion." (New York City Council Com-mittee Investigating the Municipal Civil Service Communication. Commission.

The American people have been miscrably misical on the question of "anti-Semitism." Tho Marxists (communists) who allegedly profess Judaism as their religious belief have an legitimote right to identify themselves befure thin world as "Jews." They form only a fraction of the Judao population of the world It is as fraudulent as though Mussolini and the Italian Fascists identified themselves before the world as "Catholics" because they ollegedly professed Catholicism as their religious belief. Likewise it would be just as fraudulent if Hitler and the Nazis had identified themselves before the world as "Protestantism as their religious belief. Likewise it would be just as fraudulent if Hitler and the Nazis had identified themselves before the world as "Protestantism as their religious belief. This question is fully evaluined in the COMMON SENSE issue No. 125 which will be sent free of charge to anyone lipon request for a copy. Rollgions belief should not be confused with racial or national origin. The moth of the "Jewish race" has been exploded, Every American should inform himsalt correctly on that question and the "anti-Semitsm" last's will dissolve and disappear into the thio air forever.

The records of Anna M. Rosenberg's background vary considerably. It all denen's where you make your search. In some last sware facts stated are very conflicting. In the wrinted record of the hearings of the Sepate Araped Services Committee on November 29, 1950 before which Mrs. Rosenberg testified, the following appears in the record:

At the end of the first year of the publication of COMMON SENSE the editor's funds were exhausted; the last four years the work has been blamed for this condition, since former leaders and the vast majority of our people have been were partly financed by one individual; however deliberately deceived by the Marxist Minnrity into the dollar from these issues went into mainfaining the concern.

Three Hundred Thousand trained Chinese soldiers want to help our American boys fight the Communists, but the Zionist trickery in Washington prevents it. Result: more no our boys are killed or freeze to death. This is the all-important problem before America at this time.

### ARE WE ANTI-SEMETIC?

The 6ther day a party thought they were hurting our feelings by calling us anti-Semetic—NOT AT ALL.

We are proud to be called anti-Semetic be-cause that is the brand the Marxists put on every one who energetically opposes Communism. Jesus Christ today is branded os the original anti-Semite as well as all his followers.

ALL FOLLOWERS OF JESUS CHRIST ARE ANTI-SEMETIC

"To Christians of all denominations Jesus is the symbol of all that is pure, sacred, and lovely. To Jews from the fourth century, Jesus became the symbol of anti-Semitism, of libel, of cruelty, of violent death."

Joseph Dunner, A Zlonist In "The Republic of Israel." Page 10 Published Oct., 1950

We have been called "Red-batters"—we are proud of that also. However, we know that people who use anti-Semetic attacks know nothing of what they are saying and are only repeating what the Communists coined. The term anti-Semetic was coined by the Marxists for the purpose of giving a bad name to Anti-Communists and discourage patriots from learning just who is responsible for Communism.

We are connected to the general each or responsible.

The sproaching Atomic War and the B'nal B'rith control of the world news services may prevent our proving to the public how such Jewlish Marxist leaders as August P. Belmont, Samuel Gompers, Sidney Hillman, Paul Warburg, Felix Frankfurter and others came to America In set up 'Centile fronts' and powerful political SLAUGHTER OF OUR BOYS IN KOREA, organizations for the purpose of dominoting and by-passing the duly constituted authority of the Congress, the Presidency and the Saprenic world is because they work behind the smoke streen of the anti-Sapatia. The reason why they have been so successful in their revolutionary plans to conquer the

The public has learned how difficult it is to prove Communist affiliations of an important person. The cases of Alger Hiss, Owen Lattimore and William W. Remington, State Department employees, give evidence of this. It is even more difficult in the Rosenberg case, for she is a Zionist.

All that is necessary to prove that Zionisls like Herbert Lehman, David Niles, Felix Frank-furter, Marx Leva and Anna M. Rosenberg should not be in government positions is to have an open hearing on Zionism,

There comes the time when a nation must make the decision which spells life or death. For the U.S.A. that time is NOW!

SECRETARY OF DETENSE GEORGE C. MARSHALL AND ANNA M. ROSENBERG

The New York Times printed an article which establishes the interest of Mrs. Rosenberg in the communist John Reed Clubs. The New York Times gave considerable prominence to a public protest by the John Reed Clubs and Mrs. Rosenberg was one of the signers of this protest, The New York Times article bore the signatures of the signature of the protest and these included the signature of Mrs. Rosenberg. The article is reproduced in the following pages and it under very interesting rending under the chromosimees.

rery interesting rending under the circumstances. The John Reed Clubs were communist groups. The report of the Un-American Activities Committee on the John Reed Clubs is reproduced in the following pages of this issue, It is the duty of every layal American to acquaint himself with the contents of that report. Any person guilty of any relationship with the John Reed Clubs is not a person to hold the position of Assistant Secretary of Defense. Association with the people who were inembers of the John Reed Clubs is enough to diagnality anyone from holding a position of high trust in the Department of Defense under the circumstances which now exist. Mrs. Rosenberg is cited in that report.

Mrs. Rosenberg is also citied by name in Appendix IX, page 660, 933, 1782 and 1792 of the Report of the Un-American Activities Committee. In these citations reference is made to Mrs. Rosenberg's interest in a communist "front" and in a communist "transmission beil." Space will not permit reprinting in this issue the details of these additional citations. It would appear unnecessary at this time.

The appointment of Mrs. Anna M. The appointment of Mrs. Anna M. Christian civilization is more gravely menaced throughout the world loday-thou ever before in history. At long last, many of our people realize that fact, Unfortunately, however, they realize it imperfectly and incompletely. There are still millions of people in the United States who have no conception of the methods, tactics, and purposes of communism.

It has been a short time since World Wat II was over. You recall that when we asked our boys to serve in our armed forces that the President of the United States and other leaders as sured them that this was a war to end all wars. We were told that if and when we defeated Adolph Hitler, we would establish a just and lasting means.

## THE COMMUNIST THREAT TO AMERICA

I recall that my uncle, Jack Dles, who was flen with the Humble Oll Refining Company, and is now dead, came to Wushington and I discussed it with him. He said, "Martin, you know I hate to advise you to abandon this project, but I have seen enough to know that you are now preparing to antagonize powerful forces in this country and that you will be harassed as few men have been harassed in this country."

Well, I had started it and I cannot back up. I telephoned the Attorney General of the United States and said, "Mr. Attorney General, I want to secure the services of some competent and reliable investigators to assist me in this work." He sent me two men, I received a telephone call, however, an anonymous eall, shortly before their arrival, telling me both men were members of the Communist Party. I tweer knew who gave me that valuable information, but I acted upon it. When they arrived, I began to question them, I put them through the third degree, in the presence of the entire Committee, and finally a they admitted that they were members of the Communist Party who worked for the Department of Justice and the Allorney General wanted to plant them on the Committee which I headed, Immediately I knew what was in store for me. When a responsible cabinet officer was willing to plant two eagles of Moscow on my Committee to sabotage it, I knew that the Administration was under the control of Moscow propagonds.

Then I began to accumulate evidence before opening public hearings, and I got a lot of evidence about the Infiltration of the C.I.O. by communist leadership. I was able to trace a number of communists who went to Leningrad, at the expense of the Moscow government, and received special instructions in labor agitation and returned to the United States. When John L. Lewis broke from the American Federation of Labor, he turned to these well trained communist agitators to form the rank and file of his organizers throughout the industrial field. I got their names and the evidence, which was clear and convincing, showing that some 50 thousand of them had joined the labor unions to seizo strategic positions in the union. They controlled 21 of the international unions affiliated with the C.I.O., the governing loard, the most powerful organization within the C.I.O., were members of the Executive Board of the C.I.O., the governing loard, the most powerful organization within the C.I.O., were members of the Communist Party.

Unions such as the Seaman's Union and the Maritime Union, which control the American shipping, unions that vitally affect our whole economy and security were under the control of men and women who had been trained and educated in Leningrad for the express purpose of returning to the United States, obtaining positions of importance, so that they could promote the ideology and revolutionary program of Joseph Statin.

When I got that information, I telephoned Then I began to accumulate evidence before

sitions of importance, so that they could promote the ideology and revolutionary program of Joseph Stalin,

When I got that information. I telephoned John L. Lewis and told lim! I wanted to talk will ilim. I went to his office the following day at ten o'clock. I walked in and Lee Pressman stood to his right with some of the lieutenants of John L. Lewis in attendance. I knew thot Pressman personally was a member of the Communist Party. He was the Chief Attoracy for John L. Lewis. I said, "Mr. Lewis, I have recevied considerable information from reliable sources that many communists have entered your union. They are shop stewards, presidents of local unions, organizers, and so forth. It is our duty to investigate and expose them, I have come to you to find out if you, as an American citizen and labor leader, will be willing to cooperate with the Committee without publicity to the end that these engents and stooges of a foreign dictator can be expelled from their positions of leadership."

Mr. Lewis became very angry. His face was flushed. He struck the desk with his fist and said to me, "Mr. Congressman, the C.I.O. does not need you to tell us show to run it. Yes, we have communists in the C.I.O. We have Baptists, we have Methodists, and have Democrats and Republicans, but we don't need a Committee of Congress to tell us show we are to hire and fire." I said to Mr. Lewis and his lleutenants. "Mr. Lewis, you have evidently overlooked the vast distinction between ordinary members of political groups and communist cagles of a foreign power. All of the evidence, without exception, shows list at communists eagles of a foreign power. All of the evidence, without exception, shows list at eommunists are disciplined to be servant of Moscow. They have no independence; they sacrifice their citizenship when they become members of the Communist Party, and surely lead to the sacrificant of the communist party, and surely lead to the sacrificant of the

you will not compel us to openly and publicly i expose these people when you could get rid of them. We have their names and you can get them out."

The conversation grew hot and furious and finally Mr. Lewis invited me to leave the office, which I cheerfully did. I announced through the press that I intended next morning to open hearings and give the American people the truth. I received a telephone call from President Roosevelt who asked me to come to the White House at ten celephone.

the press that I intersee hear horning and give the American people the truth.

I received a telephone call from President Roosevelt who asked me to come to the White House at ten o'clock the next morning. I went to the White House. Senator Sheppard was there. Evidently the President thought Senator Sheppard might influence me, The President then began in his magnificent woy to undertake to persuado me to abandon my resolution to expose communism in the C.I.O. He said to me, "You know, Martin, I have been watching you for a long time, You have a promising future, You are an able speaker and a young man and I want vigorous able, young men in the New Deal, and you can go a long way working with me." He continued "You hove got to be loyal to me. I can't work with men that I can't depend upon. You can't go through with this investigation," And I said "Why can't I go through with it, Mr. President?" Of course, I was somewhat weakened, to tell the truth. It sounded awfully good to me, what he was telling me, and being human, I am not going to represent myself as any hero because I wasn't. I was just plain scared.

Ile said, "Well, if you expose the communists in the C.I.O., the C.I.O. will turn against the Democratic Party. If we lose the C.I.O. support in the castern states we cannot win." "Well," I said, "Mr. President, do you mean to imply that the communists have so completely taken over the C.I.O. that exposure of them will result in antagonism to the Democratic Party?" He said, "Yes."

Well, one thing led to another, and finally the President became somewhat Impatient and angry with me. He turned to Senator Sheppard and said. "Senator, what are we going to do with Martin?" Senator, what are we going to do with Martin?" Senator, what are we going to do with Martin?" Senator, what are we going to do with Martin? Senator, what are we going to do with Martin? Senator, what are we going to do with Martin? He can't he turned to Senator Sheppard and said. "Senator, what are we going to do with Martin?" Senator Shepard

began the hearing, exposing the C.I.O., and showing very clearly that a majority of the unions were dominated and controlled by Moscow. Then began the fight.

I recall for instance, that a man by the name of General Scvinsky, a very able young man who had served with Stalin for a long time, had become disgusted with the brutality of the communist practice and had fled to the United States. I discovered his whereabouts and went to see him. He told me an amazing story of what Stalin had told him a long time ago, about the plan to infiltrate the Bulkan states, to huild secret armies la every country, to spend millions of dollars for propaganda purposes. He told me lie ultimate goal of Stalin was the conquest of Europe and then the conquest of the American, I said to him, "Why don't you come to Washington and testify? The American people ought to have that information." He said, "Mr. Congressman, I were to washington and testify and if they discovered my identity, the OGPU which is now the NKVD, the secret army of the Politico Bureau, would assassinate me in two days."

I said, 'Surely they are not that powerful in the United States." I was very skeptical about it. He said, "Mr. Congressman, I was chief of the Western Division of the Soviet Intelligence and I know that there isn't a country, there isn't a town, of Industrial importance that members of the OGPU are not there listening, getling and using information and transmitting it to the Soviet Union. They have their agents in the Emhassies—even the ambassadors do not know the members of the OGPU."

I tolked to him at some length and finolly, upon the promise that I would protect him and conceal his identity, he agreed to testify.

I called up the Secret Service and I said, "I am undertaking a rather perilous thing. This man is fearful of his life." I undertook to get a commitment from the government that they would help me protect him, but the government didn't want him to testify. He did testify. His

name was not given then to the press. Within two weeks after his startling revelations, which predicted almost one hundred percent accurately the progress the Kremlin has made within the last two years, within two weeks after his testimony, he was found shot in his hotel room in Washington, D.C. Not one arm was raised by the Federal Government to discover, and apprehend the man or men responsible for his death. Another former agent of the Soviet Union, in New York, was persuaded to testify. Shortly after his testimony, he was found dead, They said it was a heart attack. I demanded another examination and discovered that he had been shot with a fine steel bullet through the eye which lad entered his brain and brought about his death.

death.

Still another man who testified before nur committee in Chicago was mysteriously run down by a hit-and-run driver.

I say these things to show you what happened in the United States and which resulted in the serifiee of the fruits of victory won by our looys on the battlefields. I am at a loss to understand why men in public affairs are not now clamoring for publication of the secret agreements made with Joseph Stalin by our government. I have been amazed that people have received with such indifference and unconcern the startling revelation that ALL OF THE MEN FOUGHT AND DIED IN VAIN BECAUSE THEY WERE BETRAYED.

They were betrayed because the Soviet Union built up in this country the greatest propaganda machine the world has ever seen. They spent millions of doilars to entertain congressmen and senators and cabinet officers. The brother-in-law of Molotov, operating a chain of filling stations in New Jersey, was investigated by our Committee. We trailed him for a long time. We discovered he visited a certain banker in New York and that after each visit to that bank, he was able to bribe some official. Finally, we met him there one day when he opened a safety deposit box and we discovered 250 thousand dollars in thousand-doilar and hundred-doilar bills in his box. Wa brought in the Committee. He admitted that his brother-in-law, Molotov, had given him a credit of 200 million dollars to be spent in the United States, in order to obtain information about the construction of battleships. The government of the United States never raised a finger against him although he admitted that five national committeemen of the Democratic Party had been paid eash by him. That was a matter of record, and they did not deny it or contest it, but said it represented legal fees.

Think of it? Think of the stupidity and indifference of a country when a foreign power can spend American money to bribe our own officials. The facts are admitted, and no one has any

difference of a country when a foreign power can spend American money to bribe our own officials. The facts are admitted, and no one has any

The facts are admitted, and no one has any interest in it.

Yes, they spent money and they spent it lavisily in the United States. The Soviet Embassy in Washington operated on a 24-hour schedule, and they were able to dupe, to completely dupe such nitwits as Henry Wallace and Claude Pepper.

I shall not give you anything which is the result of surnise or opinion, but information that I know to be correct. I had agents watching the Soviet Embassy day in and day out, and I noted the presence of so-called liberal New Dealers who were present there day in and day out, ors who were present there day in and day out, completely duped by Stalin and his machine. Yes,

completely duped by Stalin and his machine. Yes, you know how it is—the caviar and champagne that flowed in the Soviet embassy had a profound effect on some of our budding statesmen. Whenever Henry Wallace spoke in Madison Square Garden, the communists packed it. When I apoke in Madison Square Garden, they booed and jeered and it required almost the entire police force of New York to maintain order. The communists work at their business of revolutionizing the world, of spreading their ideology while we sit Idly by.

### AN OPEN LETTER

Senator Richard B. Russell, Senate Office Building, Washington, D. C. Dear Senator Russell:

Dear Senator Russell:

From the reports that we have been getting through the radio and newspapers regarding perjury charges against those testifying in the case of Mrs. Anna M. Rosenberg, we would suggest that the Senate be very cautious to be drawn into the matter of perjury charges against citizens who participated in giving information to the Senate Committee they thought might help the Senate 10 uncover the red background of Anna Rosenberg. We hope that you will be wise to your decision because such a move would detract you from your important duties in the Senate. This is an old Commie game—to take the heat olf the enemy and the important issue. For example, Several members of our organization witnessed the hearings on the David Lillienthal Atomic Energy Committee case. When Mr. Lillienthal appeared before the Committee, the cameramen kept llashing the cameras with blinding lights at the listeners to detract their minds from what Lillienthal was saying.

to detract their minds from the saying.

We hope what is being set up in Washington will not be another case of confusion like the so-called Sedition Trials which was an act of infamy against American citizens who were critical of the New Deal exploitation of America. While Nero Hiddled, Rome burned and that while you are busy prosecuting American citizens, the Reds will take

us over here. The fact that Mrs. Rosenberg was confirmed on her record as a New Deal appointee, are we to conclude that these ara to be the future qualilications for anyone seeking office in the employ of the United States Covernment? Will anyone of the United States Covernment? Will anyone who has become suspect for their red affiliation be recommended as being 100% American? We are inquiring citizens, my dear Senator, and any information that you can give us along these lines will enable us to see the problem more clearly. We have been working in the field of anti-Communism for over twenty years and every day for the last fifteen of those twenty years, we have been more firmly convinced that Communism is 100% a JEWISH INSPIRED MOVEMENT. Let the chips fall where they may!

# MacARTHUR VICTIM OF INVISIBLE GOVERNMENT

Rosenberg - Lehman - Frankfurter Gang Are Behind Dismissal Of **Greatest American Patriot**; Truman Is Just A Stooge

## A Real American

GENERAL DOUGLAS MacARTHUR

Gen. MacArthur shares the fate of such Americans as Hurley, Lindbergh, Dies, Nye, Denfield, Wheeler, and Johnson. Who will be next?

General Douglas MacArlhur, the greatest American General since George Washington, has just been fired by Troman, i.e., the Rosenberg, Marshall, Lehman, Frankfurter and Acheson

Marshall, Lehman, Frankfurter and Acheson crowd.

Americans should at once awaken to the Marxist mennee that is functioning in their beloved Country or they will be governed by the most brutal horde of atheistic Marxists that the world has ever known. Despite his handicaps there, General MacArthur's most treacherous enemies were not in Korea or China, but in our State Department and Defense Department.

There should be little doubt in American minds as to whom is responsible for the dismissal of General MacArthur. Anna M. Bosenberg, Assistant Secretary of Defense, took over the job us boss of Arny and Navy with the express purpose in mind to enslave American citizens and abolish General MacArthur.

Who was clearing the way for Anna M. Bosenberg to knife MacArthur?

Senator Lehman, Zionist from New York, was in on all official sessions and behind the scenes strategy; Felix Frankfurler; Supreme Court Justice, packed the government departments with his Harvard, Marxist-trained crews and influenced Washington politicians; David K. Niles. (Neyhns. Zionist) receives all of President on most matters coming into the White House.

The Lehman-Frankfurder-Nites-Bosenberg clique has been working with every available dollar and with every ounce of effort to complete the betrayal of the entire Christian world to the atheistic Communists. The one person who has prevented their scheme from reaching fulfillment has been General Douglas MacArthur, Up to this time it has been an ANTI-MacArthur campaign, while denying the General the right to fight a successful campaign and refusing him permission to use the 500,000 trained Chinese Nationalist troops against the Soviet Army.

Since Anna M. Rosenberg went into the Defense Department the plan against MacArthur has been intensified. Every means has been used to intimidate MacArthur, or to "jockey" him into a position which would allow for his being fired. He has, of course, refused to carry on the technique on Page 4)

## WHO IS THE INVISIBLE GOVERNMENT B

## PEOPLE WHO COULD NOT BE ELECTED

HERBERT LEHMAN -ZIONIST

Herbert Lehman, Senator from New York, was a strong backer of Alger Hiss, convicted traitor, and leader of the opposition to the Mc-Carran Anti-Communist bill. He has greatly influenced the campaign against MacArthur. Lehman, as head of the UNRRA before LaGuardia, backed Communism with UNRRA funds. As governor of the Communist-inspired UNRRA, Lehman sent untold millions of dollars worth of American goods to Soviet-dominated countries, including \$400,000,000, to Yugoslavia at a time when a Red Army General was in complete control of that Communist satellite.

Lehman is vice-president of the Communistaiding Anti-Defamation League, the real power behind the Red revolution in the West. Lehman was also active on the Gerhart Elsler defense committee (Elsler was top Communist In U. S.; escaped on Polish ship).

BERNARD BARUCH - ZIONIST

Bernard Baruch, mastermind behind the scenes, has advised five presidents starting with Woodrow Wilson. In Wilson's time our national debt was one-billion; Baruch has been such a good advisor that our debt is now THREE HUNDRED BILLION and we are in our third war. But, the Jewish International bankers, such as Kuhn, Loeb and Co., and Lehman Brothers have increased their wealth by many billions.

Bernard Baruch gave \$10,000, to the Communist, church-burning Abraham Lincoln Brigade which killed thousands of Christians in Spain. In Anna Rosenberg's office a large photograph of Bernard Baruch hangs on the wall.

ZIONIST HENRY MORGENTHAU HENRY MORGENTHAU — ZIONIST
It was Mr. Morgenthau who, inspired by his
assistant in the Treasury Department (the late
Harry Dexter White - Zionist, born Weiss) sold
the Morgenthau Plan to Roosevelt and Eisenhower. That plan was to keep on destroying
Germans, principally by the starvation method,
after World War II ceased. It is obvious now
that Mr. White (Weiss) and Mr. Morgenthau
wanted to make the German people hate America
so much that they would side with Communist
Russia.

Morgenthou, it should be remembered, gave the master set of U. S. currency plates to the Red Army in 1944, after which the U. S. Treasury had to redeem hundreds of millions of dollars worth of occupational marks, indistinguishable from our own, which Russia had printed and given to Russian soldiers and civilians.

## Are The Marxist Tools?

HARRY S. TRUMAN

HARRY S. TRUMAN

Harry S. (olomon) Truman cannot be completely blamed for what is taking place in Washington although it is through him that the most un-American principles have evolved since the discovery of America. There is little doubt left that he is just a figurehead and a tool in the hands of a eleverly organized group of international-minded Marxists. His betrayal of the Chinese people, the order signed by him at 1 A. M. to the 7th Fleet to prevent Chaing Kal-Shek from attacking the Communists in China, and his refusal to allow MacArthur to use the 500,000 Chinese troops against the Communists is evidence enough that he is knowingly, or unknowingly, working to turn the whole of Asla over to the Communist forces. After we have conquered Japan, Truman now wants (as does Acheson) to turn Japan over to the Communists.

Mr. Truman, who is known for calling Marxist traitors "red herrings" has taken his final step to give away our bases in the Far East. It was this same Mr. Truman who recently wrote «Continued on Page 4)

DEAN ACHESON

Dean Acheson, the man who has headed our State Department for years, along with George C. Marshall, is largely to blame for the surrender of 400 million Chinese to the Communists. Acheson hates General Chiang Kai-Shek and has a "soft spot" in his heart for Marshal Tito of Yugoslavia, the Communist dictator. Throughout Mr. Acheson's service in the State Department he has shown a peculiar fondness for allowing Communists, and their sympathizers, to obtain policymaking, diplomatic positions. Alger Hiss was only one of those characters and it will be remembered that Acheson stated that he "would not turn his back on Hiss." He has made it plain that he is not in favor of protecting either Formosa or Korea. Dean Acheson, the man who has headed our mosa or Korea.

Dean Acheson is fronting for Jewish Marxists who are determined to turn Japan Communist os they did in China. It has been reliably reported that every morning Acheson walks to the State Department with Marxist Felix Frankfurter, member of the Supreme Court who rules the State Department.

GEORGE C. MARSHALL

GEORGE C. MARSHALL

Secretary of Defense, George C. Marshail, is the man who, as Ambassador to China, spent 13 months setting up Communism there for our Marxist-dominoted State Department. He is one of the most important tools the Marxists have. Morshall knew, on November 25, 1941. that we were going to have war with Japan, as Henry L. Stimson states in his diary: "Then at 12 o'clock we went to the White House. At the meeting were Hull, Knox. Marshail, Stark, and myself, Stimson. There the President., brought up the event that we were likely to be attacked perhaps as soon as next Monday for the Japanese are notrorious for making an attack without warning, and the question was what we should do. The question was how we should maneuver them into the position of firing the first shot without allowing too much danger to ourselves. It was difficult proposition."

It was Marshall who appointed Anna M. Rosenberg and stated that he would resign if she was not appointed. It was Marshall who was toonlined on Fage 4)

Felix Frankfurter, next to Bernard Baruch and the Warburgs of Kuhn, Loeb & Co., is the most powerful Marxist-Zlonist in the U. S. He holds Truman and the administration in a straight-jacket. For 25 years he has been prominent in advising Anarchists and Communists. He was advisor to Sacco & Vanzetti, the anarchists hung in Massachusetts — he was counset for Tom Mooney, the Communist who served a long term in California for bombing. Frankfurter was a leader in American Civil Libertles Union, which has given legal aid to Communists for years, and testified for Alger Hiss, the traitor.

An Austrian-born Zionist, Frankfurter has placed many Marxists (mostly former students of his at Harvard) in government key positions, Among them are Alger Hiss — Lee Pressman — Donald Hiss — Nathan Witt and Judge Jerome Frank. At the time Frankfurter forced F.D.R. to appoint him as Supreme Court Justice, some Congressmen charged that Frankfurter was a Communist.

That group protests the use of the New Testament in our school system, Mrs. Rosenberg wrote articles for NEW MASS-ES, a Communist publication. The name of Anna M. Rosenberg was listed as a financial contributor to SOCIAL WORK TODAY, a Communist publication. In a report of the Un-American Activities Committee it shows that an Anna Rosenberg signed a protest sponsored by the Communistic John Reed Clubs, and on three other occasions had affiliations with the Consumers National Federation, a Communist front. With the help of other characters shown on this spread, Mrs. Rosenberg managed to slide out from under a Senate investigation. She denied allegations and evidence and then took her place over the manpower of this country. She has stated that the Communistic Anna Rosenberg is another person. However, that woman has never been made known to the public. It remains an undeniable fact that Anna M. Rosenberg has cooperated with Communist forces which went to Spain and slaughtered Christians. "One is that the New York Times referred to her as Anna Rosenberg without the M and the second point is that, speaking along with her was Mrs. Russell Bowie. At any rate, the woman who spoke along with her had 16 subversive citations. I think it is significant. I don't appear on a platform and I don't think that most of you appear on platforms with persons of long subversive records."

A photostat of the article referred to by Dr. Shearon, is in the files of COMMON SENSE. This publication, too, thinks "it is significant." Senators, however, need more convincing before appointing an Assisting Secretary of Defense... Anna M., or just plain Anna Rosenberg.

Several moves have been made by private citizens to remove Niles, who has often used his influence in the State Department on behalf of Communists hav-Ing difficulty in entering the U.S. It is rumored that when the Departments receive a request from Niles he is considered as the President's mouthpiece. George C. Marshall says he has many secrets which he cannot tell the American public because it would do Irreparable harm, but there is one which we should definitely ascertain. That is: Who was responsible for the order given to Eisenhower to pull back our forces in Europe and allow the Communist hordes to sweep across the American blood-drenched European soil? The following is an excerpt from John O'Donnell's column, March 1, 1951:

"Marshall, to this day, under solemn oath before Congress, swears he can't remember where he was on the most important night of his life — the eve of Pearl Haibor, Roosevelt iump. life — the eve of Pearl Harbor, Roosevelt jumped him to Chief of Staff over twenty senior major generals and fourteen senior brigadiers in 1949 when F. "WE MUST HAUL DOWN THE AMERICAN FLAG, HAUL IT DOWN, STAMP ON IT AND SPIT ON IT." The Marshall-Rosenberg crowd managed to sell out Chiang Kal-Shek. Korea. Formosa, and then Japan are scheduled — on the Communist plan — to fall in sequence. That is how the New plan — to fall in sequence. That is how the New Deal Commiecrats helped plan it; but, they did not fully estimate the resistance of the great strategist and military leader, General Douglas MacArthur. Thus, MacArthur had to be eliminated one way or another. LITTLE HAVE AMERICANS REALIZED THAT RUSSIAN AND HUNGARIAN MARXISTS COULD SO COMPLETELY INFILITRATE THE AMERICAN GOVERNMENT THAT THOSE ALIENMINDED PEOPLE WOULD HAVE POWER ENOUGH TO ELIMINATE AMERICA'S GREATEST MILITARY LEADER AND CHAMPION OF FREEDOM.

At the time this paper goes to press, five asparale assaults are being made upon the pocket books of the provice of an Califed States without their knowledge of the harm being done to them.

These live sequence assaults will mean a gift of \$3.040.000,000 of the American people's good money lot the 'Alemest automittes in Palestine' (Israet). It is urgent to oler to American people to the critical consequences which are inseparable from these five 455aults upon their shrinking pockelbooks.

The American people have never had their eye-opened to the dangerous impact which these assaults are having upon theh welfare and security It is vital to the survival of the American mation that the American people immediately concern themselves with the great threat now critically poised at their very existence as an independent sovereign nation,

It will soon be too late to leverse the trend winch is now challenging civilization. NOW is the last opportunity to learn what is secretly taking since behind the 'Gold Curtain', NOW is the last opportunity to take that proverbial 'stifled in lime' PLEASE GOB, IT MAY NOT NOW BE TOO LATE.

#### Zionists to pay for loot with U.S. \$\$\$

The first of these five assaults are the negotiations being conducted between representatives of the United States, the United Nations Organization, and the 'Zionist authorities in Palestine' for a FIFTY-YEAR, NON-INTEREST BEARING \$1,000,000,000, "man" by the United States to the "Zinnist authori-"Baan" by the United States to the "Zinnist authorities in Palestine". The "Zionist authorities in Palestine propose to use the proceeds of this "loan" to pay for the loof they have stolen from the lawful inhabitants of enestine whom they recently drove into exite with U.S. and U.S.S.R. arms. It will be remembered that in 1948 1,000,000 lawful nalive inhabitants of Palestine were foreibly ejected from their ancient homeland by the armed Zionist aggressors who invaded their country. These aimed hordes of alien invades swammed into Palestine from hardes of alien invaders symmed into Palestine from their historic countries of origin in eastern Europe

their historic countries of origin in eastern Europe In supplying this \$1,000,000,000, to the "Zionist authorities in Palestine" the United States is playing the role of a man who tons a thief lite money with which to pay his virilm for the property slaten from him. The person who boars a thief lite money with which to pay his virilm for the watch he has stolen is no ketter than the thief. The fact that the thief has had the watch repaired does not alter the thef has had the watch repaired does not alter the flush as the country of the law the liber and this generous friend are equally criminal. In "compounding a felony" the generous friend becomes an accessory after the fact". In the eyes of the world the United States assumes that status for making

the funds available to the "Zionist authorities in Palestine" with which to pay for the properly they have stolen from the lawful inhabitants of Palestine,

#### U.S.A.-S.E.C. legalizes Zionist larceny

The second of these five assaults is the successful Zionist assault upon the Securities and Exchange Commission (SEC) of the United Stales. The invisible and invincible Zionist "state within a state" in the United States which has operated so successfully inside and outside our government obtained from the Securities and Exchange Commission (SEC) their approval to unload on Americans a \$500,000,000, "bond issue" of the "Zionist authorities in Palesline".

This \$500,000,000, "bond Issue" is to be offered to the American investors commencing May 1 195t It will receive the support of the Administration under the direction of Lehman Brothers, Knim Loeb & Company, Goldman Sachs & Company, Beingid Baruch's Dillon Read and Company, and other lead-ing financial masterminds here for the "Zionist authorities in Palestine". The scene is set to use im-precedented pressure upon every business firm and every individual in the United States to purchase these "boulds" all the time when United States londs are going begging at less than their face value. A perfect denionstration of Zionist dual-allegiance and divided Joyally to the United States.

The Securities and Exchange Commission (SEC) was organized in 1934 to prevent the sale of worth-less securities in the United States to the American people. The Securities and Exchange Commission (SEC: was duly delegated by Congress with the authority and the responsibility to compel full disclosure of the financial resources and the financial compelators. cial competence of prospective borrowers as protection for American Investors against financial rape

Any leading American coterprise seeking the puroval of the Securities and Exchange Commission (SEC) for the sale of their securities to the American jublic on the basis upon which they approved the Zionist \$500,000,000. "bond issue" would land somebody in jail. With the single exception of this Zion-ist \$500,000,000. "bond issue" the Seculties and Ex-change Commission (SEC) has a record of twentyseven years faithful service to American investors. What mysterious wonders do these unseen Zionis hands OR MORE LIKELY FISTS, work?

#### Zionist Congressmen on the job

The third of these five assautts is upon the tingress of the United States. This assault is for a \$500,000,000, "grant-in-aid" from the United States Treasury. A "grant-m-aid" is a \$2 word used by the "striped-pants boys" for an international "handout . A grant-in-aid is a term used to camouflage

an otherwise unobtainable gift sanctified by an unwattanted humanitarian implication. But by whatever name it is called it will be just another \$500,-000,000, "down the drain" for the American people. The "heaf" was recently just on Congress by the Zionist "slale within a stale" for the first installment of this \$500,000,000, "grant-in-aid".

On April 2, 1951 the Demogratic leader of the On April 2, 1951 the Demogratic leader of the House of Representatives, Congressman John McCornack, obliged his Zionist panderers by introducing into Congress on that day a bill immediately providing for the flus \$150,000,000 installment of the \$500,000,000, "grant-lu-add" to the "Zionist authorities in Palestine". Congressman John McCormock, like all candidates for election or re-election to public office, from Governors Mayors Senators, down to village dog excluders, temple each etherwise. to village dog catchers, trample each other under-foot in their mad scramble to become spousors for this Zlonist \$500,000,000, "grant-in-ald." Candidates for public office in the United States have learned hy sad experience, or the case historics of their re-tired colleagues, that the "O.K." of the Zionist political underground guarantees election to office, and that their "K.O." guarantees VICE VERSA!

#### Acheson feathering his future nest

The fourth of these tive assaults is based upon the "Point Four" agreement shortly to be executed in Tel Aviv by the new Ambassador from the United Slates to the "Zionisi authorities in Palestine". The recently appointed Ambassador from the United The teeching appointed Ambassador from the United States, Monett Davis, carried with him in his bilet-case a 'Point Four' agreement, This 'Point Four' agreement is to be signed upon his arrival in Tel Aviv as his 'flus official act' according to tadio reports. President Trummis' "Point Four' program calls for American "financial aid to underdeveloped calls for American "financial aid to underdeveloped these" where NECESSTY for It closely exists.

calls for American "Imanelal aid to underdeveloped areas" where NECESSITY for It clearly exists.

"Point Four" financial oid by the American pengle will donate another additional \$550,000,000.

to these "Zionist authorities in Palestine" with while they can eventually carry out their present program for a "Teunessee Valley Authority" and other extensive technation and power projects in Palestine. The first installment for this \$500,000,000. program will probably consist of an innocent-looking "toc-in-the-door" donation of a small fraction of the total amount. The valid obligation will rest upus the American people to supply the balance of the \$500,000,000, needed to nationalize these industries,

#### US "tax deductible" Zionist war-chest

The fifth of these five assaults consists of the "fund-triising drives" now going on al top speed all over the United States. Zionisis plan to raise a total of almost unother \$500,000,000, in the United States

primarily for use by these "Zionist authorities in Palestine". The "tax deductible" Income-tax feature of these so-called "contributions to charity" will divert approximately \$425,000,000. of this \$500,000,000. from the United States Treasury to the "Zionist authorities in Palestine". This loss of \$425,000,000. from income-tax revenues of the United States must be otherwise obtained by higher income-taxes collected from the American people at large. Zionists make it appear that these "contributions to charity" are used exclusively for humanitarian activities. The American public are not aware that these funds are primarily and predominantly used for political purposes. The Internal Revenne Bureau is well aware of this fact but cannot oppose Zionist infinence at the highest levels. They have tried and have falled.

#### U.S. aids and abets Zionist aggression

With few exceptions, these funds will be used to transport "synthetie" immigrants from eastern Europe, Asia and Africa to Palestine and to establish their economic security there. In 1948 the fully-equipped, invading Zionist armed aggressors drove 1,000,000 defenseless lawful inhabitants of Palestine from their homeland for 1100 years to make room in Palestine for these "synthetic" immigrants. Transplanting segments of population from one nation into the territory of another nation by armed aggression against the wish, will, and desire of its lawful inhabitants violates the hasic American principle of "setf-determination".

result-determination".

Aggression in any form violates the spirit of American tradition. When aggressors offer as their alibi 2 preposterous racial, religious, or nationalist mythological legend it nauscates Americans who cherish their sacred heritage. The American nation at last realizes that the alleged humanitarian interest of Zionists throughout the world for their co-religionists in castern Europe was primarily a camoullage for a well-disguised conspiracy for territorial aggression. The Judaized Khazars of castern Europe, the anesstors of the Marxists now scattered throughout the world, since their conversion to Judaism in the fith Century have been obsessed with a pseedo-religious psychosis. The Judaized descendants of this ancient Asiatic tribal-nation suffer from the delusion that they are the "Chosen People" of the Old Testament. Although their Asiatic ancestors never set a foot in Palestine, they claim Palestine as their "Promised Land" by virtue of the conversion of their ancestors to Judalsm in the 8th Century. That obsession is the basis for their aggression in Palestine.

#### Political Zionism strictly counterfeit

Whetever reference in this paper is made to "Zhonista" or to "Zhonista" it is intended to refer exclusively to Political Zionism and not to Spiritual Zionism and not to Spiritual Zionism and Political Zionism are as different and as far apart as Heaven and Hell. At one time in history Zionism had only a spiritual significance. Zionism at one time reflected only the spiritual aspirations of orthodox religious pilgrims to live the remainder of their lives, and die on the soil which was to them the cradle of their religious belief. For twenty centuries Palestine has welcomed from all parts of the world devout pilgrims of the three religious faiths which regard Palestine as the cradle of their particular form of religious worship.

Spiritual Zionism has always been an expression of the individual. Spiritual Zionism was never organized formally on a collective basis. Spiritual Zionism had neither a territorial, racial or nationalist implication. In recent years Political Zionists borrowed" the term "Zionism" as the title with which to disguise their conspiracy. The historic religious hackground of Spiritual Zionism completely deceives the world concerning the true motives and program of the Political Zionists. Millions of misquided Americans of all religious faiths still believe that Spiritual and Political Zionism are one and the same thing, it is time they learned the facts.

Political Zionism was conceived and developed in eastern Europe to its present world-wide power by the original aposties of Karl Marx. Marxists have speeded their plans for creating a total Marxist world by camouflaging their aggression hehind the word "Zionism". Within the Zionist movement Marxists have been using misguided Zionists to promote their Marxist program for world domination. The apostles of Marxism have used the good-will of Zionism to obtain the support of their otherwise non-cooperative co-religionists of miscellaneous nationalities and races throughout the world. In the minds of many millions of their co-religionists and others of different religious faiths Zionist propaganda has given the world the incorrect impression that Folitical Zionism expresses a spiritual implication.

Zionism a disguise for Marxist aims In their unsuspecting or intillerent ignorance on this sobject many misguided millions thronghout the world are giving aid and comfort to the Marxista Many who hold high places in the governments and leading social groups dominating the culture of sheet countries do not suspect the truth. There are

many however who collaborate with the Zionists for the financial gain and the political power which is offered to them for their submission to Zionist dictalion. Intelligent analysis of what is going on in Palestine at the present time is proof that Zionism today is an integral part of the Marxist program for world control. Zionists have never opficially announced their opposition to marxism in the Manner expressed by the American Legion, wetlans of foreign wars, American federation of Labor, committee for industrial organizations (Cio), the Catholic Church and other groups which have publicly stated their stand on this issue.

#### Zionists vote in U.N. as Communists

"Forewarned is forearmed" only if we have the intelligence to recognize the warning when it is put before our eyes. The Zionist 'kepf-press' has carefully concealed from the American people the relationship hetween Zionism and Marxism. On the day the General Assembly of the United Nations opened its session here in September, 1950, Secretary of State Dean Acheson travelled from Washington to New York to address the Assembly. On the opening day of its session India introduced a resolution for the immediate admission of Communist China into the United Nations. Secretary of State Acheson hastened to address the General Assembly and pleaded with its members to defeat that resolutions' Secretary of State Acheson not only begged the members of the United Nations to defeat the resolution but he pleaded with them to take the vote on it that very day. Secretary of State Acheson explained that delay was dangerous for many reasons. Pursuant to that plea the vote on the resolution of India was taken immediately. In spite of the impassioned plea of Secretary of State Acheson to members of the United Nations to vote against the resolution to admit Communist China to the United Nations the delegation of the "Zionist authorities in California to admit Communist China to the United Nations the Acheson of The Institute States," VOTING IN PAVOR OF THE RESOLUTION TO ADMIT COMMUNIST CHINA INTO THE UNITED NATIONS AT ONCE, THE SAME CHINESE REDS WHO ARE NOW MURDER-ING OUR SONS AND BROTHERS IN KOREA!!!

#### Zionists "recognize" Chinese Reds

BUT there is more proof to follow. The armed forces of the "Zionist Authorities in Palestine" after the armistice in Palestine proceeded to invade the city of Jerusalem contrary to the United Nations partition plan for Palestine. This partition plan called for the internationalization of Jerusalem under United Nations control. The UNITED STATES and the SOUIET UNION voted IN FAVOR of that partition plan. The "Zionist Authorities in Palestine" not only ignored the partition plan but also a further United Nations resolution specifically calling upon them to vacate Jerusalem. In reply to this resolution their armed forces invaded additional areas of Jerusalem. At this time the Soviet Union was working to get as many nations as possible to extend recognition to the Communist Government of China. The Soviet Union rulers found it extremely easy to make a "deal" with their blood-brothers who had become the rulers in Palestine and U. N. members.

The Soviet Union offered the "Zionist Authorities in Palestine" to WITHDRAW Soviet Union support of the United Nations resolution demanding the withdrawal of Zionist Armed Forces from Jerusalem and the internationalization of Jerusalem if the "Zionist Anthorities in Palestine" would immediately RECOGNIZE the Communist Government of China. In spite of all the efforts by the United States to prevent that "deal" the "Zionist Anthorities in Palestine" immediately extended RECOGNITION to the Communist Government of China. In A MATTER OF A FEW DAYS THE SOVIET UNION NOTIFIED THE UNITED NATIONS THAT IT WAS WITHDRAW-ING ITS APPROVAL OF THE UNITED NATIONS RESOLUTION DEMANDING WITHDRAWAL OF ZIONIST ARMED FORCES FROM JERUSALEM AND THE INTERNATIONALIZATION OF THAT CITY UNDER UNITED NATIONS CONTROL!

#### Zionists playing on Communist team

It does not require a big stretch of the imagination to understand on whose "team" the "Zionist Authorities in Falestine" are playing. What can the American people expect from a population which was transplanted to Palestine from the Seviet Union and Soviet Union Satellites? How many World Wars will the American people have to fight hefore they learn the rudiments of International double-cross intrigue?

As a witness before the Kefauver Crime Committee would say, "The American people are being taken for a \$3,000,000,000. ride". From all appearances it will be a "one-way ride" from which neither the \$3,000,000,000. nor many other priceless possessions of the American people will return. While this "ride" will cest the American people \$3,000,000,000,000. in cash, the actual cost to the American people will

he far in excess of that amount and will have to be reckoned in altogether different values than money. Responsible authorities have great fear that these "rides" will eventually end in the defeat of the United States by the Soviet Union in the seemingly inevitable, and somewhat imminent, third Marxistengineered World War in our generation. They are aware of the fact that control of the strategic eastern Mediterranean and its important natural resources will determine the outcome of that war when it comes. WRITE THAT IN YOUR LITTLE BOOK!

#### 3rd Marxist-made World War arriving

Two recent Marxist-engineered World Wars have left Indelhle marks upon the American heritage which even the blood of a third war cannot erase. Nor is there wealth enough in the world to rausom the hiessings which these two gargantuan struggles have already robbed the American people. The "real and present danger" to civilization is the existing threat of a tolrd Marxist-engineered World War. It presents the hortifying prospects of the population of the entire world engaged in a grim struggle with the most modern mass-production methods for dealing out death. It paralyzes the imagination? A U.S. JURY JUST FOUND THREE ZIONISTS GUILTX OF DELIVERING OUR ATOM-BOMB SECRETS TO THEIR MARXIST BLOOD-BROTHERS IN THE SOVIET UNION! HAVE AMERICANS YET REALIZED HOW MANY MEN, WOMEN AND CHILDREN WILL BE ROASTED TO CINDERS BY THEIR TREASON?

The outcome of that struggle must inevitably result in the loss of our independence as a sovereign nation and the loss of the freedom and liberty we now enjoy under our present form of government. The surviving remnants of humanity will lose forever those "unalienable rights" of "ille, liberty, and the pursuit of happiness" for which our ancestors will have shed their blood in vain. The systems of government now blossoming throughout the world hased ppon government "of the people, by the people, and for the people" will disappear forever from the face of the earth to he replaced by universal slavery under totalitarian Marxist police-state dictatorships. Many prefer to die standing on their feet fighting in defense of human rights rather than to live eatheir hended knees as slaves under a stalitarian Marxist police-state dictatorship, THANK GOD!

#### U.S.A. foreign policy surely suicidal

The Zionist-dictated foreign policy of the United States is literally and figuratively digging a grave for this nation in the strategic eastern Mediterranean area. The irony of this lies in the fact that this nation's grave is being dug with funds provided by the American people. When the deluded Americans wake up to this fact it may be too late to do anything about it. There will be no escape from the fate which international Marxists have decreed for the American nation. THEY MAKE NO SECRET OF IT.

The helpful hand of the United States, outstretched to a world in want, was first "bitten" by the Lend-Lease nations, and it survived, was then "bitten" by the UNRRA nations, and it survived, was then "bitten" by the Marshall Plan nations (ECA), and is surviving, and is now being "hitten" by the North Atlantic Treaty nations, and with God's help, will survive that also. But how long can this "luck of the Irish" hold out? It seems already to be wearing itself thin in places. THE SAD PART OF IT IS THAT WE DO NOT TAKE ANY NOTICE OF IT.

#### U.S. can win war with Moslem allies

The United States stands as much chance as a snow-hall in Hell of winning a war with the Soviet Union without the good-will and cooperation of the 400,000,000 Moslem population in Europe, Asia and Africa. Nobody, BUT NOBODY, is more aware of that fact than the master minds in Moscow. When the Zlonist-dominaled Administration has drained off like last remaining dreps of friendship of our few remaining friends among Moslem peoples, the Soviet Union will be able to take on and whip the United States hlindfolded and with both hands tied behind her back. Recognition of that fact is why the Soviet Union since 1945 has concentrated every effort to destroy the traditional friendship of the Moslems of the world for the American people. The Zionist-dictated foreign policy of the United States in the strategle eastern Mediterranean area has sueceeded in accomplishing that result. To convert this traditional friendship for the American people into an intense hatred did not require very much extra effort on the part of the Soviet Union.

#### 400 million Anti-Communist Moslems

For more than a century the 400,000,000 Mealems of the world had only the greatest respect, confidence, and friendship for the American people. That friendship was a very precious possession of the American people and far beyond any possibility of evaluation. Now that we are losing it, its tremendous value is appreclated. The 400,000,000 Mealems of the world inhabit the territory extending across North Atrica from Casablanca on the Aliamsia

the Suez Canal area, they inhabit Turkey and the Balkan States, part of the Soviet Union in Europe, all of Asia Minor and the continent of Asia from Iran (Persia) to China on the Paelific, Including alse Indonesia and the Philippines. About 35,000,000 ANTI-COMMUNIST Moslems inhabit the Soviet Union, About 50,000,000 ANTI-COMMUNIST Moslems Inhabit China, About 85,000,000 ANTI-COMMUNIST Moslems Inhabit Pakistan, directly to the south of the Soviet Union. About 50,000,000 ANTI-COMMUNIST Moslems Inhabit Indis, directly to the south of Com-munist China. About 70,000,000 ANTI-COMMUNIST Moslems inhabit the Arab League states in the strategie eastern Mediterranean area which contains 77 of the world's known oil reserves. More than 50,-000,000 ANTI-COMMUNIST Moslems Inhabit Indo-More than 12,000,000 ANTI-COMMUNIST Mosnesia lems inhabit the Philippine area, This broad beit of territory extending along the underbelly of the Soviet Union is inhabited altogether by about 400,000,000 ANTI-COMMUNIST Moslems. The religious faith of these Moslems makes them MORE ANTI-COMMUNIST lhan the Christian population of the world.

#### Moslems good-will is A-bomb security

In any war between the Soviet Union and the United States victory will be determined in the final enalysis by the attitude of these 400,000,000 ANTI-COMMUNIST Moslems towards the American people. If these Moslems are forced by the Zlonist-dictated foreign policy of the United States to throw in their lot with the Soviet Union, it will become impossible for the United States to win the war. The United States might be able to put up a good fight. without the friendship of these 400,000,000 ANTI-COMMUNIST Moslems victory is highly improbable, iI not entirely beyond the realm of possibility. The strategic importance of the areas they occupy, their huge man-nower reserves, and the inexhaustible supply of their critical natural resources wilt prove the deciding factors in any war between the Soviet Union and the United States. Their importance ex-eeds that of the atom-bomb. The use of the atombomb is a "two-way" street. The United States will suffer more from atom-bombing by the Soviet Union than the compensating damage which we can inflict upon the Soylet Union with our atom-bombs. If the 400,000,000 ANTI-COMMUNIST Moslems become the fult-fledged allies of the United States there is nothing the Soviet Union can possibly produce to offset that tremendous advantage to the United States.

#### Moslems can decide victory in Asia

As an illustration of the great contribution which can be made by the 400,080,000 ANTI-COMMUNIST Moslems of the world, the Egyptian Government has recently announced that it will place an army of 2,000,000 Egyptians at the disposal of the United Nations if the United States will supply the necessary equipment. The presence of an Egyptian army highly-trained and well-equipped soldiers will reduce the obligation of the United States to send that many American boys to that area. During World War the United States had an armed force of about 14,000,000 which represented about 10% of the total population. An Egyptian army of 2,000,000 soldlers represents about 10% of the total population of Egypt. On this hasis the 400,000,000 ANTI-COMMUN-IST Moslems can supply about 40,000,000 soldiers. addition to 40,000,000 soldiers the good-will of the native populations offers another contribution which easily be computed. This good-will relieves United States of sending additional man-pow to the combat area. Under these circumstances it seems utterly out of the question that the Soviet Union would dare to risk a war in Asia, Europe er Africa without any possible hope for a victory.

#### Moslems best U.S.A. friend in Asia

The Zionist-dictated foreign policy of the United Slates in the strategic eastern Mediterranean urea trove the opening wedge between the Americans and Moslems. The Zionists have continued to exercise this control over the Administration for the purpose oI driving that wedge deeper and desper. The Zlon-ist-dictated policy of the delegation of the United States to the United Nations has virtually destroyed the last hope for preserving the friendship of the 400,000,000 Moslems of the world for the American people, As a result of the United States-sponsored Zionist aggression in Palestine, for which the United States must accept full responsibility, the Moslem population of the world has lost its confidence in the integrity of the American people. The Moslems have no way to learn that the fault lies with the Zionist-controlled Administration and not with the integrily of the American people. The Zionist "keptpress" in the United Slates has never permitted the truth regarding this condition to appear in its col-The Moslems of the world cannot learn the attitude of the American people by reading the newspapers published in the United States. The Moslems of the world judge the American people by the prom-ises and performances of their Zionist-confrolled Administration. They have abundant material upon which to base their attitude towards the American

people and they are not to be criticized for it. Nothing can destroy confidence more completely than to preach one gospel and to practice the ex-

treme apposite. How can the United States earn the respect and confidence of the Moslem people unless it practices what it preaches? The Administration is not doing that. It is doing the exact opposite. The Administration is rubbing sait into the epen wounds of the Moslem peoples by continuing to al-low the Zionists to exercise control over the foreign policy of the United States in the eastern Mediterranean area. The Moslem peoples of the world un-derstand that the \$3,000,000,000, which is being made avaliable to the "Zionist antherities in Palestine" will he used as a war-chest for further aggression in Palestine and elsewhere against the Moslem people there and in the Near and Middle East. The Mos-lems of the world realize that the third Marxist-engineered World War will be the "green light" for the Zionists to put into operation their plans for further aggression and conquest in that area.

#### Zionists pledge allegiance to U.S.S.R.

The "Zionist authorities in Palestine" are secretly and successfully converting the territory under their control in Palestine into an impregnable Marxist arsenal. The secrets for manufacture of the most modern weapons have been obtained by the "Zlonist authorities in Palestine" through their highly-placed sples in governments and industries of the United States and other leading countries. The billions of American dollars which are flowing into the treasury of the "Zionist authorities in Palestine" are primarily employed for creating a Zionist war-machine for fu-ture aggression. Before the conquest of Palestine by the allen Zionist invaders, in 1948, Palestine was supporting a population in excess of 1,500,000 persons in addition to a British Army of Occupation of an additional 100,000 soldiers. Through the centuries the population of Palestine has flourished without the necessity Ior any financial assistance from foreign sources. Without any foreign financial assistance the nativo Palestinians have developed in 1700 years a territory smaller than the State of Vermont to a status where the "Zionist authorities in Palestine" are now proposing to pay them \$1,000,000,000. which represents only a small fraction of the fair value under normal conditions of what they have stolen. The alien Zionist invaders in 1948 drove into

exile about 1,000,000 nnarmed and defenseless native Palestinians. Since that time the "Zionist authorities in Palestino" have brought about 600,000 Zionist immigrants into Palestine. It becomes apparent that at the present time Falestine has about 580,000 less inhabitants then at the time of the Zionist aggresslon in 1948. At no cost to themselves the Zionist aggressors expropriated all land and other property legally belonging to the 1,000,000 native Palestinians whom the Zionists had driven out of their homeland. These "Zionist authorities in Palestine" are now attempting to pay these rightIul owners for the land and other properties which they have stolen from them the \$1,000,000,000, which they plan to obtain from the United States as a "loan" for FIFTY YEARS, AND BEARING NO INTEREST!!!!

#### Faked Zionist poverty a Marxist trap

It seems reasonable to expect that the present reduced population in Palesline should be able to support Itself without contributions of hillions of American dollars, Millions of penniless immigrants from the identical territory in eastern Europe from which the Zionist invaders of Palestine have come, during the past lifty years have immigrated to other countries throughout the world, notably to the United Stales, and have become men of great wealth by their own initiative. These millions of penniless immigrants to the United States from this territory In eastern Europe were able to establish themselves in the United States without assistance and become very wealthy. Under the free enterprise system in the United States this was possible without the assistance of billions of dollars to underwrite their capabilities. But a free enterprise system does not exist in Palestine. The economy in Palestine is or-ganized on Marxist principles. State socialism is the basis of the economy in Palestine. Consequently, billions of dollars of American money must be dumped into Palestine to support the Marxist system there. Billions of American money were dumped into England each year since 1945 to support the ex-periment in Slate Socialism there which would have collapsed long ago without this assistance. Billions of American money are now being dumped into Pal estine to support another experiment in Marxist Socialism. The entire economy in Palestine is based upon Marxist doctrines. Without a free enterprise system there the American people will be called upon continually to contribute billions to keep this Marxist state in existence. Under various pretenses the Zionist-controlled "state within a state" in this country will see that fhe American people supply all the billions of dollars to this Soviet Union satellite.

#### Zionists turn U.N. into Marxist front A United Nations resolution in 1948 placed an embargo upon the shipment of arms into Palestine

for the defenseless native Palestinians. It was an air-light embargo. But this embargo was only effective against the defenseless native Palestinians and net against the alien Zionist invasters. Throughout the period of this one-sided embargo a fleet of largest freight-carrying planes was secrelly abuttling day and night between Kharkov in the Soviet Union the Zionist armed forces in Palestine ferrying to them enormous quantities of Soviet Union tank heavy arillicry and other modern military equipment, At the same time another ficet of the largest freightcarrying planes was also secretly shuttling day and night between Czechoslevakia and the Zionist armed forces in Palestine ferrying enormous quantities el forces in Palestine ferrying enormous quantities of the most deadly weapons produced in the Skoda arsenal, the greatest manufacturing plant in the world of the most up-to-date milliary equipment. For this equipment the "Zionist authorities in Pates-tine" were paying the Soviet Union and her satellites lhe American "tax-exempt" dollars raised to the 'Dra", The "Zionist authorities in Palestine" have officially comploined that "only \$125,000,000," of the control of the patents of these milliary sopplies "came from the American people".

The additional \$3,000,000,000, which the "Zionist The addilloual \$3,000,000,000,when the varieties in Palestine" are now engaged in extracting from the American people will be used to create a Marxist "Gibraiter" in the strategic eastern Mediterranean area. This Marxist "Gibraiter" will be an ally of the Soviet Union in any future conflict. As an ally of the Seviet Union this Marnist has an any of the botter will become one of the most impertant military, bastions in the world. The "Zionist authorities in Palestine" rely upon the cooperation and support of the ostine" rely upon the cooperation and support of the Seviet Union for their future aggression. The Soviet Union relies upon the Zionisis to obtain control of the oil and chemicals in that area. This alliance is the result of long-range planning which goes back more than twenty-five years, WAKE UP U.S.A.!

#### Blood-ties unite Zionists and Marxists

The "people" who form the "hard-core" of the Soviet Union dictatorship are the blood-hrothers of the "people" who form the "hard-core" of the "Zionist authorities in Palestine". That fact is a matter of public record. There is no attempt made to conceal it. It has never been contradicted when it has been publicly alleged. The rulers of the Savict Union actually are the blood-brothers of the Zionist rulers in Palestine. The Zionist "kept-press" has never permitted the American people to be informed on this subject. The Zionist "kept-press" does not wish to educate the American people to the fact that the rulers of the Soviet Union and the rulers in Palestino in Palestine. The Zionist "kept-press" have common racial characteristics, political ideolologies and have picdged allegianes to each other.

The blood tie between the rulers in Palestino

and the rulers of the Soylet Union is as strong for their country of origin as the attachment of immi-grants of all origins. It is and to be overlooked that 92% of the pepulation in Palestine teday consists of people who were either born or who have lived most of their lives in the Soviet Union or in a Se-viet Union salcllite. The political idiologies which these aggressors earried with them to Falestine are no less Marxist than the political Idiologies of their fathers, brothers, sons and kin-folk who remained fathers, proteers, sons and alli-lots with learning behind in the Soviet Union and her satellites, AND RULE THEM TODAY. Zionist invaders have converted Palestine today Into a colony of the Soviet Union. When trouble comes they will stick together. The American people will get the surprise of their lives if they think the Zlonists in Palestine will join the United Stales as an ally when war comes. But it was the Government of the United States and the money of the American people which were solely responsible for the successful aggression of the armed Zionist invasion and conquest of Palestine. That is an unchallengeable historie fact which ne Zionist will dare to deny. The "Zionist authorities in Palestine" will not be the first country responsible for its exisfance fo the United Slates to turn today violently against it. Other examples of this ingratilude are the Soviet Union, Poland, Czscho-Slovakia, llungary, China, and other nations in Europe and Asia.

The people io Zionist Palestine today are transplanted segments of the populations of the Com-munist countries of eastern Europe. It is not realistle to anticipate that these transplanted Communist populations will lake up arms against their bloodbrothers in their former homelands behind the fron Curtain. They are attempting at the present time to carry water on both shoulders. They hope to extract \$3,000,000,000. from the American people without When the third Marxist-engineered World War breaks out the American people will be radely awakened from their dream. The "Zionist authorities" in Palestine" have not miscalculated or underestimated how dumh the American people can be in matters of this kind based on past performances.

#### Sauce for goose, sauce for gander

The North Atlantic treaty is the subject of much debate at this moment. The North Atlantic Treaty is an agreement between twelve members of the

United Nations under the provisions of the Regional Arrangements Chapter of the United Nations Char-The Regional Arrangements Chapter of the United Nations Charler provides for mulual military assistance by the parties to any Regional Arrange-ment Treaty. The Regional Arrangements Chapter of the United Nations Charter provides that all matters which can be determined by lucal action shall be determined by the parties to the Regional Arrangements Treaty. The Regional Arrangements Chapter of the United Nations Charter specifically provides that if any member becomes the victim of aggression that it shall become the responsibility of all other parties to the Regional Arrangements Treaty to regard an act of aggression against any one party as an act of aggression against all parties to it.

The North Atlantic Treaty provides that if any signatory to that treaty becomes the victim of an act of aggression that all other signatories to the treaty shall consider it as an act of aggression against oll signatories. Under this provision it is obligatory upon the United States to declare war against the Soviet Union In the event that the Soviet Union cominits an act of orgression against any nation of Western Europe which is a signalory of the North Atlantic Treaty. The United States has the Identical treaty arrangement with the 21 Republics of the Western Hemisphere under the same Regional Arrangements Chapter of the United Nations Charter II is known as the Pan-American Union. How-ever, the first Regional Arrangements Treaty registered with the United Nations was the Regional Arrangements Treaty between the eight countries i the Near Fast woich make up the Arab League. The Regional Arrangements Treaty between Palestlue, Syria, Inaq. Lebanon, Egypt. Saudi-Arabia ,Trans-Jor-dan and Yemen was registered with United Nations in 1346. Under the terms of that Regional Arrangements Treaty these eight states of the Arab League put the world on notice that an act of aggression against any one of its signatories will be regarded by rach member as an act of aggression against all members of the Arab League, Palestine included.

#### British DIShonor hits an all-time low

The alien Zionisl armed invaders committed their act of aggression against the lawful inhabitants of Palestine upon the withdrawal of the British in 1948. The armed forces of the other members of the Arab league immediately came to the assistance of the people in Palestine under their Regional Arrangements Treaty OBLIG VITIONS and RESPONSHILL-TIES. It was the fulfillment of a United Nations obligation. It was not an "invasion" of Palestine by all the other members of the Arab League. The small, poorly-equipped armed forces of these other members at the anti-formation in more to find the forces of the alien Zionist invaders who had been supplied with unfamiled quantities of the most modeen means for conducting blitz wartare by the United States, the Soviet Union and others. The armed Zionist invaders were a well-trained army which had obtained its training and also all its equipment in the United States, the Soviel Union and other Zionist-dominated countries. The rest is history. The conscience of the world will never be able to erace the blemish of that 'double-cross' of the peaceful impocent and defenseless 1,000,000 native Polastinians who were slaughtered or driven into exile as paupers

#### Ralph Bunche disgraces Negro race

Armed with the most modern US and USSR. military equipment the invading Zionist aggressors literally slaughtered the defenseless defenders of their homeland. The lawful nallye inhabitants of Palstine never stod a chance. It was virtually fighting Shennan tanks with pitch-forks. After slaughting Sherman (anks with picer-1018s. After shagin-ering in driving inth exite about 1,000,000 defense-less Palestinians, and orenpying their homeland, the "Zionisi authorities in Palestine" finally CON-SENTED to a 'cease-fire" upon armislice terms allegedly drawn up by the United Nations.

Under the terms of subsequent peace proposals singlested by Count Beinadolle on behalf of the United Nations the exlled Palestinians were to be returned to their former homes and their property was to be restored to them. For daring to suggest such "peare terms" Count Bernndutte was furthwith nurdered by the "Zionist authurities in Palestine" After the murder of Count Bernadotte the United Nations allegedly arranged the appointment of Ralph Bunche as his successor. The "Zionisi authorities to Palestine" expressed in advance of the appointment of Rulph Bunche that he was "acceptable" to ticipaled assurance given in advance of his appointment. Someday the truth will be known!

Without any loss of time Ralph Banche excited the full pressure of the United Nations to compel the full pressure of the United Nations to compel the defenders of Palestine against Zionist aggression to accept the "peace terms" proposed by him These imifamous "peace terms" met with the full approval of the "Zionist authorities in Palestine". In the (inflamous "peace terms" which won the "you eted" Nobel Peace Prize for him Ralph Broche imposed a "life sentence" upon the 1,000,000 native Palestinians whom the Zionist aggressors had driven into exile. That "life sentence" upon these 1,000,000 innocent individuals condemned them to an exis-tence as pauperized exiles in the deser wastes of the adjoining slates. These unfortunate victims of Zionisi aggression looked in vain lo Ralph Bunche for the "egual justice for all peoples" so nobly inscribed in the United Nations Charter but to which lie only gave lip-service. Is is possible that Ralph Bunche was also a captive of the Zionisis?

Under the (in)famous "peace terms" imposed by Ralph Bunche the Zionist aggressors were able to relain the lerritory and the property of the 1,000-000 lawful inhabitants of Palestine. Ralpb Bunche earned the "coveted" Nobel Peace Prize for himself by "donating" the homeland of these 1,000,000 pauperized exiles to the Zionist aggressors who had no more claim to Paiestine than the converts to Christianlly in the heart of Africa have to the Valiean. It is to be hoped that Ralph Bunche will also receive everything else which he earned for himself by that (disservice to humanity and/or the Zionist heirarchy. Is it any wonder that the Zionist "kepl press" and counliess Zionisl-controlled organizations press" and counlies Zionisi-controlled organizations of every description heap one honor on top of another upon Ralph Bunche since the day he "donated" Palestine to the Zionisi aggressors? And Ralph Bunche continues to accept these "honors" with an espirit worthy of a General Douglas MacArthu. Whom does he thick he is fooling?

Ralph Bunche should ask himself whether he would impose similar "peace terms" if armed in-vaders from the North should drive the entire Negro population in the South into pauperized exile in Mexico? Ralph Bunche should ask himself whether nextee? Raiph Builche should ask nimsell whether he would lend his name to "peace terms" which would condomn the entire Negro population of the South to a "life sentence" as pauperized exiles in the descri wastes of Mexico? Raiph Bunche should ask himself wheller he would "recommend" to the United Nations that the invading aggressors from the North be permitted in retain the land and the property of the defenseless Negro defenders of their PEACE PLAN FOR "ARRANGINC" JUST THAT KIND OF "PEACE" IN PALESTINE, It is difficult INDO OF "PEACE" IN PAGESTINE. It is difficult to believe that all lie Negro race is proud of Raiph Bunche. It is not possible that all Negro Americans have forgotten how other Americans fought their own brothers on the battlefield to insure for Negro Americans "life, liberty, and the pursuit of happiness" in their homeland, NOT in Mexico, or NOT in Africa, Ralph Bunche would no doubt call that a "hoise of another color". But would it be?

#### High-treason to U.S. sacred tradition

The desire by the original Thirteen Colonies for self-determination" gave birth to the United States uf America. Since its creation in 1776, the United States has been a devout apostle for "self-determina-States has been a devout apostic for "sent-determina-tion" for all peoples throughout the world Many leading countries throughout the world owe their existence to the support received by them from the Government of the United States and the American people in their struggle for "self-determniallon. The principle of "self-determination" FOR ALL. PEOPLES OF THE WORLD was made the foundation of the United Nations Charter. The solemn pronouncements of Presidents of the United States, including recent pronouncements of President Truman to aid all peoples "in Europic, Asia and Africa" in their struggle for "self-determination", emphasizes this basic American idiology, "Self-determination" denotes the democratic process by which the lawful inbabliants of a country decide for themselves under what form of govern-ment they choose to exist as a sovereign nation.

#### Zionists prostitute U.N. Charter ideal

The application of "self-determination" is effeeled now by the democratic process known as a "plebiscile". A "plebiscile" is an election by secret ballot by which the majorily of the population de-termines their form of government. The United Na-tions has called for "plebiseites" in Korea, in Khashimii, In Indonesia, in Lybia, in Indo-China and other countries where the principle of "self-determination" is to be applied for the first time When the British Army of Occupation in Palestine withdrew, Zionist-controlled United Nations used all his power to PREVENT the holding of a "plebicite" in Palestine. The United Nations thereby prostituted very purpose for which is was brought into stence. The United Nations had ordered many existence. "plebiscites" for the populations of backward nations to select the form of government they desired by the process of "self-determination". The Zionis-controlled United Nations exerted every effort to PHEYENT the people in Palestine from holding u "pletiscite" despile the fact that the ancestors of the Palestinians were the most highly eivilized people in the world when the populations of Western Europe were living in tree-lops like monkeys

#### Zionists pervert U.N. basic purpose

Zionist control of the United Nations has been used to abort the very purpose for which the United Nations was brought into existence. The Zionlsts had a reason for exercising their control over many United Nations delegations. When the British Army of Occupation first moved into Pulestine in 1919 only 7% of the population where pot-ential Zionisis. In the period between 1919 and the withdrawat of the British in 1948 the Zionisi population in Palestine Increased to 30% of the lotal population as the result of illegal Zionist immigra-tion. A "plebiseite" under United Nations supervision would not have resulted in the creation of a Zionist-controlled government upon the withdrawal of the Eritish Irom Palestine in 1948. For this from holding a plebiscite in Palestine. After the 100,000 British soldlers withdrew from Palestine in 100,000 Ernish solders withdrew from Paicstille in 1948, the armed Zionisi invaders drove 1,000,000 native Palesthnians into exile These had formed 70% of the total population in Palestine in 1948 The invading 600,000 Zionists thereupon became 99% of the population. A plebiselie thereby became purely academic, entirely unnecessary, and was never held.

#### Out of the frying pan and into the fire

The \$7,000,000,000.00 thus obtained by the "Zionist authorities in Palestine" will not be shipped to them in bundles of eurrency. That would simplify matters. Paper is cheap But il does not work out just that way. This \$3,000,000,000. will be placed to their credit will banks here in the United States. These credits will then be used to make purchases of raw malerials and manufactured, resulted. credits will then be used to make purchases of raw materials and manufactured products. It is these which will be shipped to the "Zlouist authorities in Palestine". There will be exported from this country billions in taw materials and manufactured products in exchange for nothing at a time when serious shortages already exist. These raw materials and manufactured products are vital now to our defense program. This drain upon our economy will further accelerate the inflationary trend already gaining momentum at the expense of the American consumers. National security should be the first and only consideration of every American in the crisis sumers. Namonal security should be the first and only consideration of every American in the crisis which faces the country. "Self-preservation is the first law of Nature". That law has not been repealed YET! Let us apply it while we still have the chance to prevent pauperizing the nation.

#### Zionist "slush funds" gift of U.S.A.

As the representatives in the United States of llie "Zianisl authorities in Palestine" spend the \$3,000,000,000. they will be paid commissions of 5% to 20% by the business firms with whom they place their orders. These commissions will amount to between \$150,000,000, and \$600,000,000, and will provide an additional large resevoir of funds with which the "Zionist authorities in Palestine" can continue the "2.00mst the favor" of Governors, Scinlors, Congressmen, Mayors and other "public officials".
This additional luge reservoir of funds will also provide for better control of the Zionisi "kept press", radlo and television networks and other mediums for controlling the thinking of the American public This \$3,000,000,000, will only be spent with business firms who "invest" substantial sums in the "government bonds' currently being offered and who con-tribute generously to the many other drives fur lunds conducted in this country by the "Zionist aulhorities in Palestine".

## The Vanishing Americans Untold Fact in Forrestal Case

American leaders have been vanishing from the Washington scenes one by one since 1932 through various diobolical methods planned by the New Deal Commicrats and Zionists until today we are faced with the reality of having no leadership at all. Before General MacArthur was fired the invisible government managed to knock off every real American leader with little or no protest from the people. Through the control of the press, radio, T.V. and government controlled angencies the Zionists-Marxists maneuvered into key positions Pendergast men, Zionists, and Communists with a general plan of action to establish a Socialistic Welfare State through the means of bankruptey, laxation and wars. The courageous leaders who have stood up to the representatives of the Invisible Government have been altacked so heavily and smeared so badly that only a few of them are left to talk about it, it is obvious to the welter that not all of these courageous men actually knew what they were fighting. They knew that there was coming to America an insidious movement allen to the freedoms which has made our country strong, but few of them knew that this movement was an Invisible Government renected by the devil and fostered by the World Zigadas Cone of these, brave leaders who failed to see the Iron tist before the satin glove was removed was James V. Forrestal. We have reprinted the "United Facts in the Forrestal Case" from the American Mercample of how the Invisible Government works in taking over a country.

"Untold Facts In Forrestal Case"

In the twenty months since the destruction of James Vincent Forrestal, there has been a creeping realization in this country that what happened was much more than a poignant personal tragedy—that it was an historic national disaster in which a pairfot with vision was allowed to be done to death by lesser men.

The disaster is made apparent by events. Louis Johnson, for whose accommodation Forrestal was destroyed, has been loaded with sins and chased into the briar patch. We have suffered 64.(OO) now or more casualties in Korea who might have been spared had Forrestal's policies prevailed. Thoughtful Americans are, therefore, remembering that it was Forrestal who struggled to arm this nation for its commitments, and

## Third Zionist War

(Continued from Page 1)

#### THIRD ZIONIST WAR

Our present war with Russia and China is obviously our Third Zionist War. All three of them were for the same purpose, viz: to establish a Zionist World Empire. All of them were initiated by a shocking disaster to arouse us to war; the first one by the sinking of the passenger ship Lusitania; the second by the destruction of our Pacific Ileet at Peaul Harbor; and the third by the Korgan patark. The liest revulled in the Teacher. Korean attack. The lirst resulted in the League of Nations, the second in the United Nations, and the third is obviously intended to convert it into a Zionist World Empire for the pretended purpose of preserving peace.

## THE ZIONISTS OF NEW YORK AND MOSCOW INSTIGATED THE WAR

The North Koreans as well as the South Koreans are victims of the machinations of the Zionist communists. It is unfortunate that the Koreans must suffer. They have been betrayed into this Iratricidal war by the Zionist communists of New York and Moscow. We should strike boldly to destroy the head of the snake and not its tails. Bomb Moscow with the atomic bomb and not the Chinese or the Koreans, and hang the New York and Washington Zionist traitors. There will never be peace on earth until Zionism is destroyed. Its mission is to destroy Christianity and to destroy and enslave Christians. The North Koreans as well as the South Korand enslave Christians.

#### WHY THIS WAR?

WHY THIS WAR?

The Zionists pretended that the Korean war was to establish free elections and a democratic government in Korea. They represented that the North Koreans are communists and the South Koreans are democrats. That is all we know about them. The North Koreans, are savages and the South Koreans may be also. The North Koreans murder their prisoners and the South Koreans murder non-combatants, according to press reports. They light to the death rather than surrender. It is at best a brutal savage war with savages, for the alleged purpose of compelling them to establish a democratic government. It is in fact a Zionist war for the purpose of establishing a Zionist Empire.

Zionist war for the purpose of establishing a Zionist Empire.

The armies of communist China joined the North Koreans and at this time IMarch 1, 1951) they are reported to be losing and retreating. Our casualties have been heavy and we appear to be in for a long destructive war. It may be a life and death struggle between Christians and communists, and between freedom and slavery.

While the President called our intervention "police action," his message to Congress and his press interviews and his conduct reveal it as war. It was necessary to color it as "police action" to give it the semblance of legality, for the President under our Constitution has no power to declare war; that is the exclusive province of Congress, It is in fact war, and a war initiated by the President and his advisers. Dean Acheson, Felix Frankfurter, David Niles, and other Zionist traitors.

We are a gullible, charitable, unsuspecting Christian people, and are easily deceived. We excuse Roosevelt because he was in poor health, and Truman because of his early training as a Pendergast ward heeler and because of his ignorance. But they both had sense enough to select their associates, and they both selected Hiss, Niles, Acheson, et al.

The Associated Press of Nov, 30, 1950 reported General Claire Chennault, retired, formerly of the Flying Tigers, as saying that the Chinese Nationalists are good soldiers and will fight with and for us; and that only 15 of the 450 million Chinese are communists. That is less than the percentage of traitors in our own country. He said also that Chiang Kai-Shek is a patriot of great integrity.

DAVID NILES, ZIONIST, QUITS

David K. Niles (Neyhus) was placed in the White House by the Zionists to see that F.D.R. carried out the Zionist plan. He stayed on to direct Truman in the plan to turn the entire world over to Zionist rule. From the White House he kept Felix Frankfurter Informed on all important matters in which the Sanhedrin were interested. David Lilienthal Louis Strauss, and Robert F. Bacher. Zionists, who fought to stay on the Atomic Energy Committee, also resigned after the Soviet Union secured the atomic secrets. Has Niles also completed his job? During the many years Niles has been advisor in the White House, it has been impossible to reach Truman with petitions or exposures affecting Communism. Truman has stated he does not read newspapers, listen to radio or television except when his daughter sings — apparently he has been a virtual prisoner hypnotized by Red Jewish advisors such as David Niles, Leon Keyserling, Presidential Economic Advisor, and Robert Nathan. Why is it that Zionist Jews are always the advisors and the government goes deeper and deeper in debt and makes blunder after blunder while Communism sweeps over the world.

The their government sixteen times since 1944. The government of France is now engaged in a losing war with the communists of Indonesia and want and need our help. The French and British governments are so indifferent to their own security as to oppose the re-armament of Germany, which is necessary for their protection. Both the French and British will agree to surrender Formosa to the communists if by doing so they can promote their commercial interests. They are not Interested in protecting Formosa for the protection of the Chinese Nationalists or for our protection; nor are ese Nationalists or for our protection; nor are President Truman and Dean Acheson and Secretary of Defense George C. Marshall and the Zionists interested in doing so. They want to change our system of government and to establish a "wolfare state."

Be it remembered that the Nationalist Covernment is in Formosa because of the treachery of our State Dept. We prome treatnery or our state Dept. We promised to furnish them munitions and supplies for waging their war against the communists on the mainland. They were compelled to go to Formoss because our State Department, failed to carry out its agrangement to activity posied of the way.

State Department, failed to carry out its agreement at a critical period of the war. It was cold-blooded treachery for the purpose of communizing China, for which ne one has yet been punished. It is the duty of the 82nd Congress to establish an impartial tribunal of competent men to ascertain the truth, the whole truth, and nothing but the truth about the criminals who initiated the aecond world war and also the Korean about the criminals who initiated the accord world war and also the Korean war. They should be empowered to investigate the Zionlats and their organizations, viz: the B'nai B'rith, Anti-Defamation League and Anti-Nazi League, et al. JULY 9, 1950 President Truman sent a message to Congress

on July 19, 1950, requesting authority to mobilize the resources of the United States in support of the the resources of the United States in support of the United Nations. In his message he said 52 of the 59 nations had pledged their support, Ho described our support of the South Koreans as "police action" to enforce the orders of the United Nations. On the request of President Truman the United Nations appointed General Douglas MacArthur commander of the United Nations Army. It is estimated that we supplied 150,000 combat troops, South Korea 100,000, all other countries 24,300; and that to date we have had about 50,000 casualties. This is more than twice the number of troops furnished by the other 52 nations of the United Nations that signed the resolution on Korea, It is estimated that we have fumished 95% of the supplies for the army. Less than a dozen nations have supplied anything.

The President, in his message to Congress of July 19th, said:

The President, in his message to wongres 19th, said:
"Already aircraft of two nations: Australia and Great Britain, and naval vessels of five nations: Australia, Canada, Creat Britain, the Netherlands and New Zealand, have been available, for operations in the Korean area."

## The Vanishing Americans Untold Fact In Forrestal Case

there is a growing inclination to look again at
his crucifiers and their cloak-holders—at those
whom Thue Magazine identified as "disgranted

much of the truth has thus far been suppressed, but the ghost of Jim Forrestal is not going to be laid until there are reasonable answers
to such questions as these:

Why was the nttack on Forrestal so reckies
and sadistically savage?

Why have his papers been held secret?
Where is the report of those who investigated his death?

Why was the deposed Defense Secretary.

Why was the deposed Defense Secretary held a virtual prisoner at Bethesda Naval Hospi-tal—a prisoner who could not be visited by his

The American people can expect some of the truth within the next few months. Unless the Administration can prevent it, there will be a Congressional investigation. There will be publication of such of the Forrestal papers as can be wrested from o Defense Department now headed by General George C. Marshatt, Meanwhile, this most recent evidence gathered by The Mercury may be helpful.

while, this most recent evidence gathered by The Mercury may be helpful.

The Communists, both American and European, had good reason to hate Jim Forrestal: he hated them. He emerged from the Second War dedicated to the destruction of Communism. He had opposed every concession to bring Russia thto the war against Japan. He fought General Marshall's effort to force Chlang Kalsiek to coalesce with the Chinese Communists. He battled those men in the State Department who tried to give the Mediterranean to Russia. Forreatal sat up nights figuring ways to fight Communists. And he was not only willing to fight them fairty: he was willing to fight their way.

Such activities by the Defense Secretary way.

Such activities by the Defense Secretary were unknown to the American peonle, but they were well known to Communist agents in Washington. And these leaders hated and plotted against Furrestal because he hit them where they are weakest: In the venality of their own members. He showed them that two can play their game of justifying means with ends.

A complete report on this phose of Forrestol's tremendous activity will be instructive.

While the Communists were plotting his political, if not his physical, deoth. Forrestal incurred the hotred of American Zionists. Accurding to the Nation, the Zionists "deplored Forrestal's apparent willingness to place the oll of the Near East above the requirements of political justice in Palestine."

Forrestol explained his position in a letter:

justice in Palestine."

Forrestol explained his position in a letter:

"If we are to safeguard Western civilization in this crisis, the British and Americon fleets must have free access to Near Eastern oil. That is a fact, however unpleasant it moy be. When there is a crisis aboard a submarine, we close buikhead doors and drown a third of the crew in order to save the other two-thirds. I am interested in political justice in Palestine, but this

Interest must remain secondary to my primary Interest must remain secondary to my primary interest, which is the protection of America and the West from the gravest threat we have ever faced. No minority has the right to jeopardize this notion for its own selfish interest."

for the destruction of German Industry, The plan is now almost universally acknowledged to have been ridiculous.

These twin positions caused a number of writers including Drew Pearson and Waller Winchell. to Jon in what The Saturday Evening Post described as "reckless and sadisfically savage" attocks on Forrestal.

Despite the Zionist hatred of Forrestal, when the private money, was being raised for the Italian and French crisis, Forrestal'a Jewish friends contributed eagerly and generously.

In the fail of 1948, the rest of the United States was engaged in a -political campaign, but Forrestal was engaged in a campaign against the Kremiin, it was the year of the Italian elections, the French strikes, the continuing unification battle, the Derlin blockade. Forrestal with his incredible energy, worked night and day, including Sundays. In ten years in Washington he had three days vacation. He knew from intelligence reports that the Russians had ventured the Berlin blockade because the United States was in the turmoil of an election. He waited desperately to keep the Defense Department out of the political campoign.

Forrestal was a Democrat. His father, an Irish Catitolic contractor at Beacon. N. Y., had been a "Cleveland mon." Jun Forrestal, at Princeton, and during the years when he had made himself o millionine in Wall Street, had remained a Democrat and a porty contributor. At Roosevelt's invitation he had resigned his \$180,000-a-year-jnh in 1940 ond plunged into public service with all his characteristic energy. He was admired by such diverse individuols as Horold Ickes and John D. Reckefeller Jr.

Forrestal's relatings with Truman were friendly but noj warm. Forrestni was no poker player, no political opportunist, no professional Legiomaire, no procitioner of the expedient: inc was busy and serinus. It is possible that he, with his first-rate brain and immense, world-wide experience, was somewhat contemptuous of Truman, but he never revealed it. Instead, even when the President fiatly refused to support the

SIT-billion hudget for the services, Forrestal did not resign but remained loyal.

However, as Defense Secretary in so dangerous a period. Forrestal was convinced that he aliculd not take an active role in trying the re-elect Truman. This enraged the political gang around the White House. They reasoned in this manner: they needed money; Forrestal was the big shot in the Cabinet; he was a millionaire Wall Streeter; he had rich friends; he ought to roise money for Truman.

Thus began the slonders and libels that Forrestol was disloyal to Truman; that he had contributed nothing to the campolin; that he had made a deal with Dewey. All of these were lies, he was completely loyal. He contributed \$6,000 of his own money to the campalin; be asked a number of his friends to contribute. Truman knew of his contribution; so did Louis Johnson. Two reputable Republicans can testify thal he refused to discuss even the possibility of his remaining the Development of this remaining the Development of the remaining the Development of this remaining the Development of the remaining the possibility of his remaining the programment of the remaining the possibility of the remaining the possibility of the remaining the programment of the remaining the possibility of the possibility of the remaining the possibility of the remaining the possibility of the remaining the possibility of Two reputable Republicans can testify that he recrused to discuss even the possibility of his remaining in a Dewey Cabinet. But dedicated as he was to the war against Communism, he did refuse to block-fack Delense Department suppliers for campaign funds.

One White House pseudo-military figure remarked: "Yeab, that rich s. o, b, has raised a nillion bucks to buy votes in Europe, but he's giving us chicken feed to buy votes for Trumon."

mon."

It would, perhaps, have been better for the country if Forrestal had called in his wealthy friends and explained that he had to raise a million dollars in order to safeguard hits job. But he didn't; Louis Johnson did; so Johnson became the candidate of the Missouri Gong for Defense Secretary.

The day of the Trumpal's transmission of the candidate of the Missouri Gong for Defense Secretary.

Defense Secretary,
The day after Truman's inauguration in
1949, the compaign to "get Forrestal" was
thrown into high gear. The country has aeldom
seen its like, The Communists, the "ideological
liberturians," the Missourt Gang and the columnists manned the mud buckets.

Forrestal was accused of having defrauded the Government in a tax case, He was, of course, a Fuscist, a warmonger, a racist, a bedfellow of I. G. Farben and the Germon cartelists, be balled in oil—Near Eastern variety—and he smirked over the murder of Jewish hables by Arabs. He was a renegade Catholic; and, as a climax. Pearson reported that he was a personal coward, that he had once nhandoned his wife to burglars and run out of the back of the

At the height of the campaign a New York publicity agent was heard reassuring a client; "Don't wory; that s. o. b, will erack up in thirty days, He can't take what we're dishing out to him"

Why was it necessary for them to discredit Forrestal? He had tendered the customory resig-nation to Truman. Why didn't Truman just ac-cept his resignation?

There are two explanations. In the first place, Truman hod frightened Johnson by vaciliating, When Forrestal had visited Truman after the inaugurotion, expecting to be fired. Truman had surprised him by saying: "Jim, I wont you to stoy with nie, I know what you're doing, and I want you to stay on and enmplele the job, You have my complete support."

Truman kant stolling Johnson divining Johnson

You have my complete support."

Truman kept stolling Johnson during January and February, and there was one bitter night for Johnson in New York when he was convinced that Truman, like Roosevelt, had betrayed him and that he wouldn't get the fob.

So, in the first place, Forrestal had to be discarded in order to sufeguard the job for Johnson; and, in the second place, he hod to be discredited in order to make it "politically safe" for Truman to fire him. In present-day politics you can't fire o man without first maligning him.

Under different circumstances Forrestal probably would not have been upset by vituperation. But he was now a dedicated man; he was emotionally involved in his crusade to make this country strong. He regarded Truman and Johnson as political opportunists, neither of whom would hesitate to trim sait in an adverse wind. He didn't believe that either Truman or Johnson understood the realities of the world conflict. He had dedicated himself to trying to insolit the stood the readies of the word con-flict. He had dedicated himself to trying to in-ercase this country's armed force; he had defied the pressure groups; and he felt, quite correctly, that Truman and Johnson would yield to the pressure groups and actually decrease the coun-

pressure groups and actually decrease the country's armed force.

This, of course, is exactly what Truman and Johnson did—once Forrestal was destroyed—and this is the essence of the Forrestal tragedy. The conflict raged through January, Februory and March, for by the middle of January, Forrestal's friends had begun fightling back. They spent \$55,000 trying to counteract the Winchell-Paarson campaign.

Pearson campaign.
Forrestal's friends also tried to divide the Forrestal's friends also tried to divide the pressure groups. The National Association for the Advancement of Colored People had been brought in ogainst Forrestal, with Walter White charging that the Defense Secretary had "delayed the end of segregation in the armed forces." To counteroot this, the Urban League, another organization aiding the rause of Negroes, came vigorously to Forrestal's detense. The Urban League had assisted Forrestal in combatting Communism among Negroes on our combatting Communism among Negroes on our

Responsible publishers tried to come to Forrestal's ald. Eugene Meyer dropped Pearson's anti-Forrestal columns from the Washington

anli-Forrestal columns from the Washington Post.

Because Forrestal had been reared in a Catholic home, their had drifted awoy from the church and married a divorcee, he was attacked as a "renegade Catholic." The office of Cardinal Spellman, which perhaps had not been entirely unaware of Forrestal's efforts in Europe, ralied to his defense. To show that the church backed Forrestal, it was first planued to oward him nn honorary degree at Fortham, but this couldn't be done until May, and Forrestal needed help in March. So it was hastily orranged for him to address the Friendly Sons of St. Patrick in New York on St. Patrick's Day.

At the St. Patrick's Day dinner, Cardinal Spellman, lauding Forrestal, went to the unusual extent of endorsing universal military trolning. If the Defense Secretary, the Cardinal said in effect, believes that this measure is necessary in this grave hour, then he has my support. Forrestal's address was a sad affair, for after ten weeks of such buffeting he was a fading man. Truman had demonded his resignation within forty-eight hours. He wanted the resignation to he as of April first, but he wanted it in hand within forty-eight hours. Forrestal's first decision was to state his case in a tong letter and relense it to the press, and he asked his advisors in New York to prepare such o letter. Then he changed his mind and dictated his own brief resignation.

Their successful method has been "To talk one way, but do another." (Budenz testified that the secret formula agreed upon in Communist meetings with Lattimore was "That they would talk one way but do another.")

By this method of deception, they "talk against Communism, but act for it."

They have successfully deceived even their opponents, who have considered the Truman-Acheson-Marshall actions "bungling" whereas they have been "with design."

Truman-Acheson-Marshall have done every-thing to help Communism at home and abroad, namely:

- Refused to discharge thousands of Communists on Government payrolls.
- Refused to lock up a single Communist since passage of Communist Control Act (passed over veto) thereby allowing them to infiltrate

Tried to discredit the HIss and Remington trials, calling them "red herrings."

Dumped into the sea 120,000 tons of ammunition (which we had stored in India after the last war) rather than give it to the Chinese Nationalists.

They gave China to the Communists in 1947 by sending Marshall there with the following instructions from Acheson, which Marshall carried out.

(a) Placed an embargo on American and British arms to Chinese Nationalists.
(b) Forced Chlang Kai-Shek to open the Kalgian Mountain Passes, through which Russian arms then flowed to the Chinese Communists. Communists.

Forced Chiang Kai-Shek to reduce his army by one million men, most of whom then joined the Chinese Communist Army, to not be out of work,

Communists, and the retreat of the Chinese Nationalists to Formosa.

Truman-Acheson-Marshall made the Korean War as a "pretext" of fighting Communism, whereas they intend it to end in a Communist Asiatic victory over Korea, Indo-China, Thailand, Formosa, and finally over India and Japan.

To bring on the Korean War, they purposely did not arm the South Koreans and withdrew our troops, altho they knew the Soviet Union armed the North Koreans.

They would not heed Admiral Hillenkoetter's warning of invasion, but Acheson announced in Jan., 1950, that we would not defend Korea nor Formosa.

They knew the Soviet Union would then attack via North Koreans, and Truman then put our troops there "without consent of Congress" In order to start the war as a "pretext" of fighting Communism, intending the Communists to win.

Is our Lord using General MacArthur to give Christians an opportunity to save themselves from wholesale slaughter and brutal slavery? The destiny of world civilization now depends on the United States for it is the only country with sufficient strength to oppose organized world atheism.

General MacArthur has all the qualifications of a good leader. However, if it develops that he does not run for President, we should not be so foolish as to trust America's survival to a mere politician. There must be a crusade led by a man who cannot be bought or bluffed. Col. Charles Lindbergh and General MacArthur are made of the same kind of steel. The intelligence, MacArthur is fresh in the minds of all. Another good brain, combined with patriotic wisdom, honesty and courage, is that of Coi. Lindbergh. The U. S. Should Get Out of U. N. and Get the U. N. Out of U. S.

The U. N. was inspired and set up by Marxist plotters and Iraltors like Alger Hiss to level down all governments and establish in Marxist "world government" — World Slavery.

Trygve Lie, Secretary General( and in that capacity boss of the U. N.) is Stalin's errand boy. Although classified as a Norwegian, he has been placed in the position he holds by the Soviet Union.

It is reported that 83 percent of the U. N. Secretarial Staff are Yiddish Zionists.

The U. S. taxpayers have been tricked into paying almost the whole cost necessary to support the U.N. nest of traitors. The U.N. has not benefitted the U. S. in the least, but is constantly hatching new plans to spend America's money through the world. The U.N. has Iricked American mothers into furnishing nearly all the boys now dying in Korea, 7000 miles away from home, while the U.N. keeps our hands field in fighting Communist forces.

George Marshall, the political General who fronts for the Zionists, now reveals that it was the U.N. which voted to forbid General MacArthur's planned bombling of 200,000 Communist forces, protected by the U.N., safely prepared to attack American sons who died by the thousands through the Ireachery of Dean Acheson, General Marshall and "Red Herring" Ifarry, with the cooperation of the U.N.

## The Vanishing Americans Untold Facts In Forrestal Case

(Continued from Page 3) that American troops would be fighting within

a year. He showed interest when friends discussed

He showed interest when friends discussed with him the proposed purchase of the New York Sun. It was their plan to make him editor of the Sun so that he could continue his fight against the Soviet threat. When he went to Florida it was with the understanding that he would become editor of the Sun after his recuperation. On April first Forrestal attended the mammoth swearing-in ceremonies for Johnson. He wept openly. The President insisted on decorating him—and Forrestal wept while the President was pinning on the medal, for he considered the gesture an insult. He walked back with Admiral Deufeld, weeping, and he told the Admiral that he was going down to Florida to play some golf.

On April fifth there was a telephone call from Ferdinand Eberstadt in Washington to Robert A. Lovett in Hobe Sound, Florida. Mr. Eberstadt reported that Forestal was ill.

"Is he very lii?" Mr. Lovett Inquired.

"the is very, very ill," Mr. Eberstadt repited

Four hours later, just at dusk, the big Air Force Consiellotion the Dew Drap, circled and landed at a small, deserted field near Hobe Sound Walting was a single automobile in which were Mr. and Mrs. Lovett and Mrs. Forrestal. The door of the airplane was opened, the small ladder dropped.

The door of the airplane was opened, the small adder dropped.

"I looked up there and saw him standing in the door," Mr. Lovett recalls, "and he looked so pitiful. He was alone. And he didn't look like the man I had known at all. He looked like a little, old hishman. His eyes were aunk, and I couldn't see his upper lip. As he came stumbling down that ladder I reached up and caught him under the arms."

down that ladder I reached up and caught him under the arms."

After he had greeted the two women, Forrestal stood under the tail of the airplane and told Mr. Lovett that "they had gotten him, that he was being followed, that his telephones were tapped, and he broke into tears as he said: "They're going to eatch us unprepared, Bob; America is going the way of France."

During the evening he was quiet, but next hay he was worse. Mr. Lovett telephoned Washington and Forrestal's personal attorney, John Cahili, of New York, orrived with Dr. William Menninger and Dr. George Raines. The illness was diagnosed as "occupational fatigue," and Forrestal was returned to Bethesda Naval Hospital.

Just what happened during the seven weeks Forrestal was at Bethesda may never be known, but here are a few of the strange, human, and tragic developments.

tragic developments.

Forrestal, in his 16th floor suite, spent most of his time entirely alone. Mrs. Forrestal sailed for Europe on April 12th.

Two of the persons who visited the hospital and who were most interested in Forrestal were his older brother, Henry Forrestal, of Heacon, N.Y., and Monseignor Maurice S. Sheehy, of Catholic University, Washington. Henry Forrestal lives at the Forrestal home place and is a highly respected citizen. Father Slicehy, a Navy chaplain, was one of Jim Forrestal's closest friends.

friends.

Early in 1949, Forrestal had asked Father Sheehy, along with Henry Forrestal, to help him return to the Catholic Church. To facilitate this return, some investigation had to be made into Mrs. Forrestal's previous divorce, and this inve: igation was conducted by Henry Forrestal. Forrestal was admitted to the hospital by Captain B. W. Hogan, and Captain Hogan noted that Forrestal insisted on being listed as a Catholic. His first request was to see Father Sheehy.

Captain B. W. Hogan, and Captain Hogan noted that Forrestal insisted on being listed as a Catholic. His first request was to see Father Sheehy, for reasons not yet explained, Captain Raines, the psychiatrist in charge, refused this request. On April 12th, Henry Forrestal visited the hospital and talked with his brother as well as with Captain Hogan and Raines.

"Jim looked much better than I expected," Henry Forrestal recalls, "His eyes scemed clear; he was sharp and incisive. He told me: "Til be all right. We'll pull out of this."

What worried Henry Forrestal was the confinement in Bethesda. He told Captains Hogan and Raines: "What my brother needs is not to be cooped up up there on lie 16th floor. He needs to be on an estate somewhere, among friends, where he can walk around in the sun. He has been an excedingly active man."

Mr. Forrestal asked Captain Raines: "Is my brother fundamentally okay?" Captain Raines answered: "Yes,".

Henry Forrestal also told the doctors that his brother wished to talk with Father Sheehy. Captain Hogan replied, according to Mr. Forrestal: "Yes, he has asked to see the Father several times. And, of course, he will."

On May 10th, 11th and 12th Henry Forrestal again visited the hospital. Meanwhile Father Sluelly had visited the hospital six times, each time asking to be allowed to see Forrestal and each time being denied permission by Captain Rahies.

Henry Forrestal confronted Captain Raines

Rahies.

Henry Forrestal confronted Captain Raines and requested an explanation. Captain Raines according to Mr. Forrestal, admitted that Forrestal had asked to see the priest. But Captain Raines wanted the priest to wait.

"How long do you want to woit, doctor?" Mr. Forrestal asked. "We have waited five weeks. Delays in such cases can be dangerous. Have you ever heard of a case where being visited by a clergyman hos hurt a mon?"

Father Sheehy, who is built aloag the lines of a Notre Dame fullback, is no man to be put off cashy. After argumeats with Captoin Raines, Father Sheeny got the impression that Raines was under some sort of orders in the case, so he went to John L. Sullivan, Secretary of the Novy. Sullivan called Dr. Raines and was assured that Father Sheehy could see the patient "In time."

Henry Forrestal was also determined to obtain his brother's release from Bethesda. He felt that if he could get Forrestal out in the sun, on some estate, and allow Father Sheehy to talk with him. that he would recover quickly.

Father Sheehy, in opposing Dr. Raines, recalled statements by Dr. Jung to the effect that of hundreds of patients there was not one whose problem in the last resort was not that of finding a religious outlook on life. And again: "No patient has been really healed who did not regain his religious outlook."

For Sunday, May twenty-second, Henry Forrestal had a travel reservation to Washington. He was going to make another effort to obtain his brother's release from Bethesda.

But it was too late. At 1:45 a.m. on Sunday, May twenty-second, Jim Forrestal escaped from his sixteenth floor prison to his death.

When he was buried in Arlington, Truman declared: "This greet American was as truly a casualty of the war as if he had died on the firing line."

Father Sheehy declares: "Had I beca allowed to see my friend, Jim Forrestal. received him hack in the Clinich, ond put his mind al

ease with the oldest and most reliable medicine known to orankind, be would be alive today. His blood is on the heads of those who kept me from seeing him."

Dr. Raines has nothing to say, though a formal demand has been made on the Navy by members of Congress for an explanation as to why Forrestal was denied the comfort of his friend and spiritual adviser.

Meanwhile, the people of the United States have pold in blood for the political opportunism which destroyed Forrestal. In a few years perhaps a monument may be erected to him, and a suitable inscription might be:

"Here lies o patriot who also possessed vision. In a period of crisis for his nation, when mediocrity was enthroned in Washington, he stood forth as a first-rate mind, a dedicated spirit, an inspiring Renaissance man who understood the realitles of the world in which he lived, and who, scorning the opportunism: gave his energy, his mind and his life."

General Dwight Eisenhower, the politician who has been tarned and harnessed by the Zionist Invisible Government, — they own him. During World War II Eisenhower gave the order for our army in Germany to back up from Berlin and walt until the ope-men from the Soviet Union could rape the German women, carry off valuables, machinery, etc. In the thousands of lend-lease trucks Harry Hopkins and other traitors in our government had maneuvered to Communist U.S.S.R. He was on important factor in imposing insane "unconditional surrender" on Germany — now he wants the German people to trust him. This is the Ike who, while President of Columbia University, turned the Polish language department over to Communism causing Professor Colemon to resign. The Zionist masterminds are cleverly building up Eisenhower for President; it makes little difference to them whether he runs as a Democrat or a Republican, Eisenhower himself does not know which he is. He is a Marxist stooge and would make a more dangerous president than "grasshopper" Truman.

become the recognized leader of the opposition but for Truman's myopic and vengeful firing of him. Both Rossevelt and Truman had followed a policy of allowing the potential memests a comparatively free hand in the Far East to keep him from resigning and coming home. They seemed to recognize that there was not room for a MacArthur-at-large and the Internationalist New Deal inside the same United States.

Some of us thought in 1948 that MarArthur-

Some of us thought in 1948 that MacArthur was the man to save the Republic. It was privilege to be one of the volunteer lecturers urging his nomination for President and my wife was secre-tary of the MacArthur-for-President Club (of which the gracious and eloquent Louise Ward Watkins of Pasadena was president), President or not, MacArthur already is the leader we need.

No other man in our time has been the target of such a long and intense smear campaign. A former Communist named Pate, now anti-Communist, about two years ago revealed the origin of the smear. Pate said that in 1932 he was one of the Communist organizers of the Bonus Marchers, their original purpose being to discredit Presidents. dent Hoover land thus make way for a candidate friendly to Communism).

You may recall that the Bonus Marchers got out of hand and finally some Washington, D. C., police fired on them. Four hours later President Hoover ordered the Chief of the Army Staff, Douglast MacArthur, to move them off the unsanilary Anacostia flats and out of the nation's capital

MacArthur went among the Communist-in-cited vets, unarmed and without a guard. He tound some who had served under him in the first world war and struck up a conversation with them. He emptied his pockets to buy food for their wives and children. And his troops moved them without firing a shot, despite frantic incita-tion to violence by vet leaders not then known to be Communists.

Pate said that he and comrades, taking orders by telephone from an "invisible" superior named Levine, launched a flock of deliberate fabrications to cut down the man who had shown such leader-ship. They and the infiltrated press said it was MacArthur who had ordered the firing on the veterans. They ridiculed his immaculate dress, though it is a point of pride with any good soldier to be immaculate. The tales spread and grew, and never were allowed to die.

During the recent war, though MacArthur was needed by the Communists and their New Deal front to save them, he was personally vilified because he was rocognized as a potential rival Roosevelt. All over the scattered islands of the Southwest Pacific, American soldiers suddenly broke out in a chorus of anti-MacArthus blurbs. They called him Dugout Doug. They recited a fingle rediculing his inspiring promise, "I shall return." They said he ran away from his command at Bataan, though actually he had refused PT boat to get him. They said he and Mrs. Mac-Arthur had taken a cargo of luxuries aboard with them instead of using the space to evacuate per-sonnel, but the fact is, they took hardly a change of clathing.

It was no accident that tens of thousands of soldiers on scores of islands scattered over a wide ocean suddenly began rhyming the same rhymes at the same time. Such campaigns originated largely in New York City, whence Communist wives and molls sent their letters to their soldiers on the islands. As the Counter Intelligence officer. on the islands. As the Counter Intelligence officer for a B-29 wing on Guam, I saw a similar stream of letters from Communist women in New York to their men in our unit, keeping them posted on the Communist "line."

The Hearst newspapers of April 23, 1951, quoted Prof. Louis Budenz, ex-Communist, in revealing how the Communist Party conducted the smear-MacArthur campaign from 1945 on. Budenz was editor of the Daily Worker in 1945 and thus was the central figure, or figurehead, in the smear operation

The Hearst papers recently revealed also that President Truman now has put the Pantagon to work digging into every minute detail of the private and professional life of MacArthur for mater-

#### Scouting Around

By - F. L. Britton

John Garfield

It's an Ironic fact that while anti-Communist sentiment is on the increase throughout the on the increase throughout the country, the House Committee on un-American Activities— which did so much to expose Communism in former years— is now falling down on the job. Although it has not been no-ticed by the national press, the present Committee is obviously an emasculated shadow of its former self.

Actually, recent hearings have uncovered little new about Communist activity, contrary to what the headlines would indicate. The rather impressive appearing list of Communistappearing list of Communist-fronters, leleased for publica-tion in March of this year, is a re-hash of a list first pub-lished by the Committee in April 1949—almost two years

ago.
Strangely, the Committee
seems more anxious to clear
suspected Commits of the now
unprofitable Red taint than in diging up new evidence against them. All this supports the be-lief that the New Deal faction is using the Committee and its enormous prestige to undo some of the damage inflicted on the Reds in former years. Best ex-ample of this is the way the Committee handled the Larry

Parks case.

Farks (star of The Jelson
Story) admitted before the
Committee that he had been a party member for four years, but disclaimed any sympathy

since 1945 Communism This is in line with present party strategy. Posing as a young man with liberal ideas who had been taken in by the Reds, Parks pitifully begged the Committee: "Don't make me crawl in the mud." This, while thousands of G.I's were dying in the mud of Korea!

The sickening part of it all came when the Committee's Congressman Velde actually praised Parks for his "cooperation" and expressed the hope that his career would not suf-fer from the investigation. It was later brought out (but not by the Committee) that this Yiddish actor had engaged in pro-Communist activity as late as 1947 by campaigning to raise funds for the defense of the "Hollywood Ten"; nine of whom, incidently, are Jew-

The John Garfield incldent is another example of the Committee's peculiar behavior. Garfield (JULIUS GARFIN-KLE) was given the opportunity to use the Committee as a platform from which to broad-cast his "innocence" To hear Garfield tell it, he has no love for Communism, never did, thinks it is un-American, etc. etc But the record shows he has belonged to no less than 1) Communist-front organizations; a fact which the Com-mittee apparently ignored

Communism is bad news at the box office these days. Obviously, both Larry Parks and John Garfield are aching in the pocketbook, but just why the Committee feels impelled to relieve their agony is hard to understand.

Now Louella Parsons has come up with the brilliant sug-gestion that the Committee clear Edward G. Robinson (EM-

MANUEL GOLDENBERG) of the Red taint. Robinson has belong-ed to 15 Communist-front organizations by the last count. Our Culture Jewish Controlled

It isn't generally known, but the fact is that America's culture (as well as her cultural outlets) has fallen almost completely under Jewish domina-tion. For example, RCA Victor, subsidiary of the Jew-owned Radio Corporation of America, lecently published a 76-page booklet for America's music lovers entitled "Words and lovers entitled Music."

They list the following soloists as the five prominent vi-olinists in the country: Fritz Kreisier, Mischa Elman, Jascha Helfetz, Yehudi Menuhin, Nathan Milstein—all Jews. Not a single Gentile violinist is named in the booklet. Mentioned also are 19 outstanding harpsichordare 19 dutstanding halpstander lists and planists—Alexander Brailowsky, Vladimir Horowitz, Wanda Landowska, Artur Ru-bensteln, Artur Schnabel, etc. Of the 19 listed, 12 are known

to be Jews.
Incidently, of the 26 major symphony orchestras in the U.S., 13 have Jewish conductors. If the Boston Pops and the MBC Symphony are included neither technically a major or-chestral the count is 15 out of 27. These Jews are not con-tributing to our culture, they

are strangling it.
Two of the main cultural outtwo of the main cultural out-lets, Columbia Broadcasting Company (CBS) and National Broadcasting Company (NBC) are Jew controlled. And, did you know that the Yiddish Shuyou know that the Yiddish shiper family has controlled the legitimate theetre in America for almost 5 years? Niles, adviser to Mr. Truman, who is using the presidential office to further the Comusing the presidential office to further the Com-munist campaign of "character assassination", and we see that Drew Pearson and Zionist Senator Lehman malign MacArthur, while nearly all the Jewish papers smear or give him the silent treat-

The newest smear "line" is that MacArthur as President would be a "man on horseback" a military dictator.

MacArthur will survive this campaign, too.

MacArthur will survive this campaign, too. He is too big for the gutter-sniping enemy. A good many people have asked whether or not MarArthur understands the nature of the Communist conspiracy. One of his latters, published by the Los Angeles Examiner in March, 1948, seems to answer their question. In that letter the potential presidential candidate challenged the power of "any segment of our society designed to impose upon us an invisible form of government" and committed himself to "seek an ernment" and committed himself to "seek an America rededicated to our traditional concept of

Regarding the smear technique he wrote: 11 have long understood the nature of the forces that would be unleashed against me were I to Indicate my readiness to answer any call to duty. . . The American Communist Party through its leader on December 8, last, publicly named me the primary larget of the Communist attack, . This is the identical minority tactics of the Communist attack. . This is the identical minority tactics before which men have yielded in eastern Europe and governments have fallen and freedom has perished.

"It was not for me to yield before such pressure, as to have done so would have been a shame-ful berrayal of the immutable concepts for which our country stands, . . Rather was it because of this very threatened pressure that my decision was reached to make unmistakably clear my continuous

readiness for public service."

These are the fighting words of a general

who understands the enemy and who knows that the best defense is to attack. The Korean problem is only a small part of the world problem. An aroused public likely will force Truman to allow Chiang-Kai Shek to fight for the liberation of his own country against the Communist imposters. That will immediately force Stalin to pull Chinese Communists out of Korea to defend the China mainland. This single reversal of policy by Truman would give us a victory almost immediately in Korea.

But MacArthur will not then fade away. He but MacArthur will not then tade away. He said at Chicago the thing we have wanted to hear him say: "I shall fight... Communism as long as Cod gives me the strength to tight."

Cod give him strength!

The fifth of these five assaults consists of the

over the United States. Zionists plan in raise a total THE MANNER EXPRESSED BY THE AMERICAN inovitable, and somewhat imminent, third Marxistof almost another \$500,000,000, in the United States primarily for use by these "Zionist authorilles in Palestine". The "lax deductible" income-tax leature of these so-railest "contributions to charity" will di-tert approximately \$425,000,000, of this \$500,000,000. from the United States Treasury to the "Zionisi au-thoritirs in Poirsline". This loss of \$425,000,000, from Income-tax revenues of the United States must be otherwise obloined by higher incomo-taxes collected from the American people at large. Zionists make R appear that these "contributions to charity" are used exclusively for humanitarian artivities. The American jubile are not aware that these funds are primarily and predominantly used for political purposes. The Internat Revenue Bureau is well aware of this fact hul cannut oppose Ziontst influence at the highest levels. They have tried and have falled.

#### U.S. aid to Zionist aggression

With few exceptions, these funds will be used fo transport "synthetic" immigrants from castern Europe, Asia and Africa to Falestine and to establish their registante accurity there, in 1988 the fully-equipped, lovading Zionkit armed aggressors drove 1,00,000 defeaseless lawful inhabitants of Falesline transitation in these homeland for 1100 years to make from Iron their honeland for 1500 years to make room in Palestine for these "synthelir" inmigrants. Transthe Palestine for these "synthetir" immigrants. Transplanting segments of poputation from one nation into the territory of another nation by armed aggression agoinst the wish, will, and desire of its lawful intiabilities violates the basic American principle of "sett-determination". The American principle of Egypeasion in any form, it is most remignant to American tradition when aggression of this type olders as its aithig a racial, religious or nationalist filmsy myth. Americans are now commenting to realize that the purported Zionist humanitarian aeticilies have been principally a disguise for territorial aggression by an ex-Aslatic horde suffering time a nationalist psychous based upon a suppressed fanatir psuedo-religious "Chosen People" mania.

#### Counterfeit Political Zionism

Wherevee reference in this paper is made to "Zionists" ar 10 "Zionism" it is latended to refer exclusively to Political Zionism and not to Spiritual Zionism and Political Zionism are as different and my far court in the property of the court in the control of the court in the court Monism. Spiritual Zieniani and Political Zieniani are as diffecent and as fat apart as Heaven and Hell. Al one lime in history Ziolayan had only a spiritual significance. Zieniani at ano time affected only the application applications of orthodox religious pilgrims to hive the remainder of their lives, and die on the soil whileh was to them the eradie of their religious belici. For twenly centuries Palestine has welcomed from all parts of the world devoit pligrime of the three religious faiths which regard Paleatine as the cradic of their partirular form of religious worship.

Spirituat Zionism has always been an expression of the individual. Spiritual Zioniam was never organized formolly on a collective basis. Spiritual had neliber a lerritorial, racial or national-Another had neturer a territorial, raesa; or national-st implication. In recent years Political Zionists "borrowed" the term "Zionism" as the little with which to disguise their conspiracy. The historio re-ligious hackground of Spiritual Zionism completely deceives the world concerning the true motives and program of the Political Zionists. Millione of misguided Americans of all religious faiths still believe that Spirituat and Political Zioniam are one and the same thing. It is time they learned the facts.

Politicat Zionism was conceived and developed restrict and the second was conceived and developed in castern Europe to its persent world-wide power by the original apostics of Karl Marx. Marxists have apeceded their plans for crealing a total Marxist world by camouflaging titele aggression behind the word "Zionism". Pittbin the Zionist movement cliarxists have been using miscuided Zionist to prepale ists frave been using misguided Zionists to promote their Marxial program for world domination. The aposities of Marxian have used the good-will of Zionism ta obtain the aupport of their otherwise non-cooperative co-religionists of misreltaneous malloralities and races throughout the world. In the collection of their otherwise throughout the world. milids af many millions of their co-religionists and others af different religious faiths Zionist propaganda has given the world the incorrect impression that Political Zionism expresses a spirituat implication

#### Zionism camouflages Marxism

in their unauspection or indifferent ignorance on this subject many misguided millions throughout the world are giving aid and confort to the Marx-lste, Many who hold high ploces in the governments and leading social groups dominating the culture of these countries do not suspect the truth. There are many bowever who collaborate with the Zionists for LEGION, VETERANS OF FOREIGN WARS, AMERI-CAN FEDERATION OF LABOR, COMMITTEE FOR INDUSTRIAL ORGANIZATIONS (CIO), THE CATHO-LIC CHURCH AND OTHER GROUPS WHICH HAVE PUBLICLY STATEO THEIR STAND ON THIS ISSUE.

#### Zionists vote Communist

"Forewarned is forearmed" only if we have the "Forewarned is lorearmed" only it we have the intelligence to recognize the warning whea it is put hefore one eyes. The Zionist "kept-press" has carefully concealed from the American people the relationship between Zionism and Marxism. On the day the General Assembly of the United Nations are also became the second of the Conceal of t opened its session here in September, 1950, Secretary of State Dean Acheson travelled from Washington to New York to address the Assembly. On the opening day of its session India latroduced a resolution fur the immediate admission of Communist China inta the United Nationa. Secretary of State Acheson hastened to address the General Assembly and hastened with its members to deleat that resolution. Secretary of State Acheson not offy begged the members of the United Nations to decal the resolu-Iton but he pleaded with them to take the vote on it that very day. Secretary of State Acheson ex-plained that delay was dangerous for many reasons.

#### Zionists O.K. Chinese Reds

But there is more proof to fullow. The armod forces of the "Zionist Authorilies in Priestine" after forces of the "Zionist Authorilies in Plestine" after the armistice in Polestine proceeded o invade the city of Jerusalem contrary to the United Nations parlition plan for Palestine. This partition plan called for the internationalization of Jerusalem under United Nations control. The UNITED STATES and the SOVIET UNION voted in FAVOR's that partition plan. The "Zionist Authorities in 'alestine" not only Igonored the partition plan hut siso a further United Nations resolution specifically jealling upua litem to vacate Jerusalem. In reply to this resolution their armed forces invaded addituant areas of Jerusalem. At this time the Soviet Ungru was work-Jerusalem. At this time the Soviet Unpu was work-ing to get as many nations as possible to extend recognition to the Communist Government of China. The Soviet Union rulers found it extramely easy to make a "deal" with these blood-brothers who had become the rulera in Palestine and U N. members.

The Soviel Union offered the "Zionkt Authorities in Palexline" to WITHDRAW Soviet Union support of the United Nations resolution demanding the with the United Nations resolution demanding the with-drawal of Zionist Armed Forces from Jerusalem and the internationalization of Jerusalem. In the "Zionist Jerusalem In Palestine" would immediately RECOGNIZE the Communist Government of China. En spite of all the efforts by the United States to prevent that "deal" the "Zionist Authorities in Paless-tine" immediately extended RECOCNITION to the itne" immediately extended RECOCNITION to the Communisi Covenment of China. THE INTERNATIONALIZATION OF THAT CITY

#### Zionists on Communist team

It does not ecquire a hig stretch of the imagination to understand an whose "team" the "Zionist Authorities in Palestine" are playing. What can the American people expect from a population which was transplanted to Palestine from the Soviet Union and Soviet Union Satellites? How many World Wars will the American people have to fight hefuce they learn the rudingnals of bismulated with the first her satellites. the rudiments of international double-cross intrigue?

As a witness before the Kefauver Crime Committee would say, "The American people are heing laken for a \$3,000,000,000. ride". From all appearances it will be a "one-way ride" from which neither \$3,000,000,000, nor many other priceless possessions of the American people will return. While this These countries do not suspect the truth. #### Three Marxist-World Wars

Two eccent Marxist-engineered World Wars hove left indelible marks upon the American heritage which even the shood of a third war cannot crase. Nor is there wealth enough in the world to ransom the hieszings which these two gargantuan struggles have already robbed the American people. The "real and present danger" to rivilization is the existing and present danger" to rivilization is the existing threat of a third Marxisi-engineered World War. If presents the horrifying prospects of the population of the entire world engaged in a grim atrupple with of the entire world engaged in a grim atruggle with

The outcome of that struggle must hievitably result in the loss of our independence as a sovereign nation and the loss of the freedom and likerly we reads in the loss of the Irredom and liberly wo now enjoy under our present form of government. The surviving remnants of humanity will lose forever those "unalienable rights" of "life, liberly, and the pursuit of happiness" for which our ancestors will have shed their blood in vain. The systems of guvernment mow blossoming throughout the world based opon government "of the people, by the people, and for the people" will disappear forever from the fare of the earth to be replaced by universal stavery under totalitarian Marxist polire-state diclatorships. Marxists give little choice to liberly-laving mankind, Many prefer to die standing on their feet fighting in defease of human rights rather than to live on their bended knees as slaves under a totalitarian Marxist police-state diclatorship, THANK GOD!

#### Sucidal U.S. foreign policy

The Zionist-dictated foreign policy of the United And Zaomite duranted foreign policy of the United States is literally and figuratively digging a grave for this nation in the strategic eastern Mediterranean area. The irony at this lies in the fact that this nation's grave is being dug with funds provided by the tions grave is being dug with runds provided by the American people. When the deluded Americans wake up to this fact it may be too late to do anything about it. There will be no escape from the fate which international Marxists have decreed for the American nation, THEY MAKE NO SECRET OF IT.

The helpfut hand of the United States, outsirelched to a world in want, was lirst "hitlen" by the Lend-Lease nations, and it aurelved, was then "hitlen" by the UNRRA notions, and it survived, was "hitten" by the UNRRA notions, and it survived, was then "bitten" by the Marshall Plan nations (ECA), and is surviving, and is now being "hitten" by the North Atlantic Treaty nations, and with Ood's help, will survive that also. But how long eas this "luck of the Irish" hold auf? It seems already to be wearing likelf thin in places. THE SAD PART OF IT 19

#### J.S. will win with Moslems

The United States stands as much chaure as a anow-half in Hell of winning a war with the Soviet Union without the good-will and cooperation of the Union without the good-will and cooperation of the doo,800,000 Moxiem population in Europe, Asia and Afelea. Nobody, BUT NOBODY, is more aware of that fact than the master minds in Moxow. When the Zionist-dominated Administration has drained off the last remaining dregs of friendship of our few off the rass remaining dregs of friendship of our few remaining friends among Mostem peoples, the So-viel Union will be able to take on sad whip the United States biladfolded and with both hands tied behind her back. Recognition of that fact is why the Soviet Union since 1945 has concentrated every effort to destroy the traditional friendship of the the Soviet Union aline 1945 has concentrated every effort to destroy the traditional friendship of the Mosiems of the world for the American people. The Zionisi-diciated foreign policy of the United States in the strategic eastern Mediterranean area has succeeded in accomplishing that result. To convert this traditional friendship for the American people into an intense hatred did not require very much extra effort on the part of the Soviet Union.

#### 400,000,000 Anti-Communists

Balkan States, part of the Soviet Union in Europe, all of Asia Minor and the conlinent of Asia from Iran (Persia) to China on the Pacific, including also Indonesia and the Philippiaes. About 35,000,000 ANTI-COMMUNIST Moslems inhabit the Soviet Union. About 50,000,000 ANTI-COMMUNIST Moslems inhabit China. About 85,000,000 ANTI-COMMUNIST Moslems inhabit China. About 85,000,000 ANTI-COMMUNIST Moslems inhabit India, directly to the south of the Soviet Union. About 50,000,000 ANTI-COMMUNIST Moslems inhabit India, directly to the south of Communist China. About 70,000,000 ANTI-COMMUNIST Moslems inhabit the Arab League states in the strategic castern Mediterranean area which contains 77% of the world's known oit reserves. More than 50,000,000 ANTI-COMMUNIST Moslems inhabit Indonesia. More than 12,000,000 ANTI-COMMUNIST Moslems inhabit the Philippine area. This broad belt of territory extending along the underbelly of the Soviet Union is inhabited altogether by about 400,000,000 ANTI-COMMUNIST Moslems, The religious faith of these Moslems makes them MORE ANTI-COMMUNIST than the Christian population of the world.

#### Moslems and A-bomb security

In any war between the Soviet Union and the United States victory will be determined in the final analysis by the attitude of these 400,000,000 ANTI-COMMUNIST Moslems towards the American people.
If these Moslems are forced by the Zionlst-dictated foreign policy of the United States to throw in their lot with the Soviet Union, it will become impossible for the United States to win the war. The United States might be able to put up a good fight. without the friendship of these 400,000,000 ANTI-COMMUNIST Moslems victory is highly improbable If not entirely beyond the realm of possibility. The strategic importance of the areas they occupy, their huge man-power reserves, and the inexhaustible supply of their critical natural resources will prove the deciding factors in any war between the Soviet Union and the United States. Their importance ex-ceeds that of the atom-bomb. The use of the atomhomb is a "two-way" street. The United States wil suffer more from otom-bombing by the Soviet Union than the compensating damage which we can inflict upon the Soviet Union with our atom-bombs. If the 400,000,000 ANTI-COMMUNIST Moslems become the full-fledged allies of the United States there is nothing the Soviet Union can possibly produce to offset that tremendous adjuntage to the United States.

#### Moslems can win out in Asia

As an illustration of the great contribution which can be made by the 400,000,000 ANTI-COMMUNIST Moslems of the world, the Egyptian Government has recently announced that it will place an army of 2,000,000 Egyptians at the disposal of the United Nations if the United States will supply the necessary equipment. The presence of an Egyptian army of highly-trained and well-equipped soldiers will reduce the obligation of the United States to send that many American boys to that area, During World War II the United States had an armed force of about 14,000,000 which represented about 10% of the total population. An Egyptian army of 2,000,000 soldiers represents about 10% of the total population of Egypt. On this basis the 400,000,000 ANTI-COMMUNIST Moslems can supply about 40,000,000 soldiers. In addition to 40,000,000 soldiers the good-will of the native populations offers another contribution which cannot easily he computed. This good-will relieves the United States of sending additional man-power to the comhat area. Under these circumstances it seems utterly out of the question that the Soviet Union would dare to risk a war in Asia, Europe or Africa without any possible hope for a victory.

#### Moslem friendship for U.S.A.

The Zionist-dictated foreign policy of the United States in the strategic eastern Mediterranean area drove the opening wedge between the Americans and Moslems. The Zionists have continued to exercise this control over the Administration for the purpose of driving that wedge deeper and deeper. The Zionist-dictated policy of the delegation of the United States to the United Nations has virtually destroyed the last hope for preserving the friendship of the 400,000,000 Moslems of the world for the American people. As a result of the United States-sponsored Zionist aggression in Palestine, for which the United States must accept fell responsibility, the Moslem population of the world has lost its confidence in the Integrity of the American people. The Moslems have no way to learn that the fault lies with the Zionist-controlled Administration and not with the Integrity of the American people. The Zionist "kept-press" in the United States has never permitted the truth regarding this condition to appear in its col-The Moslems of the world cannot learn the attltude of the American people by reading the newspapers published in the United States. The Moslems of the world judge the American people by the promises and performances of their Zionist-controlled Administration. They have ahundant material upon which to base their attitude towards the American people and they are not to be criticized for it,

Nothing can destroy confidence more completely than to preach one gospel and to practice the ex-treme opposite. How can the United States earn the respect and confidence of the Moslem people un-less it practices what it preaches? The Administraless it practices what it praches? The Administra-tion is not doing that. It is doing the exact opposite. The Administration is rubbing sait into the open wounds of the Moslem peoples by continuing to allow the Zionists to exercise control over the policy of the United States in the eastern Mediterranean area. The Moslem peoples of the world nnderstand that the \$3,000,000,000, which is being made avallable to the "Zionist authorities in Palestine" be used as a war-chest for further aggression in Palestine and elsewhere against the Mosiem people there and in the Near and Middle East, The Moslems of the world realize that the third Marxistengineered World Wor will he the "green light" for the Zionists to put into operation their plans for further aggression and conquest in that area.

#### Zionist-U.S.S.R. war allies

The "Zionist authorities in Palestine" are secretly and successfully converting the territory under their control in Palestine into an impregnable Marxist arsenal. The secrets for manufacture of the most modern weapons have been obtained by the "Zionist authorities in Palestine" through their highly-placed spies in governments and industries at the United States and other lead. I countries. The billions of American dollars which is Palestine" are primarily employed for creating a Zionist war-machine for future aggression. Before the conquest of Palestine by the alien Zionist invaders, in 1948, Palestine was supporting a population is excess of 1,500,000 persons in additional 100,000 soldies. Through the centuries the population of Palestine has flourished without the necessity for any financial assistance from foreign sources. Without any foreign financial assistance the native Palestinians have developed in 1700 years a territory smaller that the State of Vermont to a status where the "Zionist authorities in Palestine" are now proposing to jay them \$1,000,000,000,000. which represents only a small fraction of the fair value under normal conditions of what they have stolen.

The alien Ztonist unaders in 1948 drove into exile about 1,000,000 unbraned and defenseless native Palestinians. Since that time the "Zionist authorities in Palestine" have brought about 600,000 Zionist immigrants into Palestine It becomes apparent that at the present time Palestine has about 500,000 less inhabitants than at the time of the Zionist aggression in 1948. At no cept to themselves the Zionist aggressors expropriated, all land and other property legally belonging to the 1,000,000 native Palestinians whom the Zionist had driven out of their homeland. These "Zionist authorities in Palestine" are now attempting to pay these rightful owners for the land and other properties which they have stolen from them the \$1,000,000,000, which they plan to obtain from the United States as a "Toan" for FIFTY YEARS, AND BEARING NO INTEREST!!!!

#### Faked poverty Marxist disguise

It seems reasonable to expect that the present reduced population in Palestino should be able to support itself without contribations of hillions of American dollars. Millions of penniless immigrants from the identical territory in eastern Europe from which the Zionist invaders of Palestine have come, during the past fifty years have immigrated in other countries throughout the world, notably to the United States, and have become men of great wealth by their own initiative. These millions of penniless lumigrants to the United States from this territory in eastern Europe were able to establish themselves in the United States without assistance and hecome very wealthy. Under the free enterprise system in United States this was possible without the assistance of billions of dollars to underwrite their capabilities. But a free enterprise system does not exist in Palestine. The economy in Palestine is organized on Marxist principles. State sociatism is the basis of the economy in Palestine. Consequently, billions of dollars of American money must be dumped Into Palestine to support the Marxist system there. Billions of American money were dumped into England each year since 1945 to support the experiment in State Socialism there which would have collapsed long ago without this assistance. Billions of American money are now being dumped into Palestine to support another experiment in Marxist Socialism. The entire economy in Palestine is based upon Marxist doctrines. Without a free enterprise system there the American people will be called upon continually to contribute billions to keep this Marxist stale in existence. Under various pretenses the Zion-Ist-controlled "state within a state" in this country will see that the American peopte supply all these billions of dollars to this Soviet Union satellite.

#### United Nations a Marxist front

A United Nations resolution in 1948 placed an embargo upon the shipment of arms into Palestine for the defenseless native Palestinians. It was an air-tight embargo. But this embargo was only effec-tive against the defenseless native Palestinlans and not against the aliea Zionist invaders. Throughout the period of this one-sided embargo a fleet of the largest freight-carrying planes was secretly shuttling day and night hetween Kharkov in the Soviet Union and the Zionist armed forces in Palestine ferrrying to them enormous quantities of Soviet Union tanks, heavy artillery and other modern military equipment. At the same time another fleet of the largest freightcarrying planes was also secretly shuttling day and night between Czechoslovakia and the Zionist armed forces in Palestine ferrying enormous quantities of the most deadly weapons produced in the Skoda arsenal, the greatest manufacturing plant in the world of the most up-to-date military equipment. For this equipment the "Zionist authorities in Palestine" were paying the Soviet Union and her satellites "tax-exempt" dollars rolsed in the the American The American "tax-exempt" dollars roised in the United States for "humanitarian" use among the "DPs". The "Zionist authorities in Palestine" bave officially complained that "only \$125,000,000." of the total \$500,000,000. cost of these military supplies "came from the American people".

The additional \$3,000,000,000. which the "Zionist authorities in Palestine" are now engaged in extracting from the American people will be used to create a Marxist "Gibralter" in the strategic eastern Mediterranean area. This Marxist "Gibralter" will be an ally of the Soviet Union in any future conflict. As an ally of the Soviet Union this Marxist "Gibralter" will become one of the most important military basilons in the world. The "Zionist authorities in Palestine" rely upon the cooperation and support of the Soviet Union for their future aggression. The Soviet Union relies upon the Zionists to obtain control of the oil and chemicals in that area. This allisace is the result of tong-range planning which goes back more than twenty-five years. WAKE UP U.S.A.:

#### Zionists, Marxists, blood-brothers

The "people" who form the "hard-core" of the Soviot Union dictatorship are the blood-brothers of the "people" who form the "hard-core" of the "Zionist authorities in Palestine". That fact is a mattee of public record. There is no aftempt made to conceal it. It has never heen contradicted when it has been publicly alleged. The rulers of the Soviet Union actually are the blood-brothers of the Zionist rulers in Palestine. The Zionist "kept-press" has never permitted the American people to he informed on this subject. The Zionist "kept-press" does not wish to educate the American people to the fact that tho rulers of the Soviet Union and the rulers in Palestine have common racial characteristies, political ideologies and have pledged allegiance to each uther!

The blood tie between the rulers in Palestine and the rulers of the Soviet Union is as strong for their country of origin as the attachment of immi-grants of all origins. It is not to be overlooked that \$2% of the population in Palestine today consists of people who were either born or who have lived most of their lives in the Soviet Union or in a So-viet Union satellite. The political Idiologies which these aggressors carried with them to Palestine are no less Marxist than the political idiologies of their fathers, hrothers, sons and kin-folk who remained hehind in the Soviet Union and her satellites, AND RULE THEM TODAY. Zionist invaders have converted Palestine today into a colony of the Soviet Union, When trouble comes they will stick together. The American people will get the surprise of their lives if they think the Zionists in Palestine will join the United States as an ally when war comes. But it was the Government of the United States and the money of the American people which were solely onsible for the successful aggression of the armed Zionist invasion and conquest of Palestine. That is an unchallengeable historic fact which no Zionist will dare to deny. The "Zionist authorities in Palestine" will not be like first country responsible for ils existance to the United States to turn today violently against it. Other examples of this ingratitude are the Soviet Union, Poland, Czecho-Slovakia, Hungary, China, and other nations in Europe and Asla.

The people in Zinnist Palestine today are tronsplanted segments of the populations of the Communist countries of eastern Europe. It is not realistic in anlicipate that these transplanted Communist populations will take up arms against their bloodbrothers in their former homelands behind the Iron Curtain. They are attempting at the present time to carry water on both shoulders. They hope to extract \$3,000,000,000. from the American people without tipping off their allegiance to the Soviet Union. When the third Marxist-engineered World War breaks nut the American people will be rudely awakened from their dream. The "Zionist anthorities in Palestine" have not miscalculated or underestimated how dumb the American people can be in matters of libis kind based on past performances.

The application of "self-determination" is effected now by the democratic process known as a "plebiscite". A "plebiscite" is an election by secret ballot by which the majority of the population determines their form of government. The United Nationa has called for "plebiscites" in Korca, in Khashimir, in Indonesia, in Lybis, in Indo-China and other countries where the principle of "self-determination" is to be applied for the first time. When the British Army of Occupalian in Palesiline, withdrew, Zionist-controlled United Nations used all its power to PREVENT the holding of a "plebicite" in Palestine. ## Senator McCarthy Challenges Marxism

SENATOR JOSEPH R. McCARTHY

Those Americans who wish to live as free men and enjoy Christian worship as they see best, should thank our good Lord for such a man as Joe McCarthy, Senator McCarthy, like all other leaders who had the courage to challenge Marxism, is now attacked by Marxists and their dupes and hatchetmen. Only a few Communists are allowed to admit that they belong to the Communist party and, actually, none have carried cards since 1945. Those 55,000 admitted Communist Party members are only shock troops for the Marxist-Zionists who are the brains and directors of Communism while posing as loving, respectable men and philanthropists.

By Major Robert H. Williams, Santa Ana, Calit Russia's perfecting the bomb, under the circumstances, at an early date was expected by many an ordinary citizen and by some of the soundest of America's military leaders. Why did it fool Truman and Johnson, the men who de

termine America's military future?

Evidently these men are surrounded and kept uninformed and misinformed. It is no longer possible to doubt either that U. S. Intelligence agencies are infiltrated by men influential enough to fool the President and Secretary of Defense, or else that civilian advisers are able to explain away and discount the warnings submitted by Intelligence.

One thing is certain about this business: Mr. Truman and Mr. Johnson do not understand the deception and trickery, and the racial character of Communism and its kinship to organized Zionism. These men lack the judgment to know whom they can trust. There is nothing more important in the making of a good executive than such judgment and its lack is a dangerous

In his recent speech before the American Bar Association Mr. Truman followed the Communist and the Zionist party line (which is the same line in almost every detail) from beginning to end. For example, he belittled Communism in America as a small, despised group, noisy but funan's men!

For years it has been part of the Communist and the Zionist line to publicly belittle the influence of Communism in America. During the recent war a lieutenant whose record in my Intelligence files showed him to be a Zionist and

also a member of Communist fronts, belittled the Communists as "just a small articulate minority."

Who wrote that Communist speech for Mr. Truman? Who keeps fooling the President about Communism at home and the atomic progress of

the Soviets?

Suspicion points to David Niles, born Neyhus, a man whose pro-Communist history is Neynus, a man whose pro-communist history is a matter of record. Niles, the son of Russian Jewish immigrants, was described by a not-unfriendly writer in the Saturday Evening Post December 24, 1949, as "Mr. Truman's Mystery." (Continued on Page 2)

What is the strange power that forces six printing concerns to discontinue printing COMMON SENSE at the same time that more than 400 Communist owned, or controlled, publications continue to spew their poison into the blood-stream of the American population?

The American Jewish Congress is composed of Zionists. The American Jewish Congress has been cited as "Communist infiltrated" by the un-American Activities Committee. It was a Zionist lawyer, representing himself as from the "Law and Social Division" of the American Jewish Congress, who approached our sixth printer and brazenly demanded that our printer-stop publishing COMMON SENSE at once or he (the lawyer) would have all Jewish advertising withdrawn from the largest semi-weekly paper in New Jersey, owned hy nur printer.

"Tolerance." Shrieks the American Jewish.

Human nature being what It is, the public is becoming accustomed to seeing people fall to almost any depths to make money. Murder Inc. murdered humans for a price; some ghouls rob graves for a price; but, Walter Winchell (Lipschitz) ruins the reputation of good Americans for a price.

When the Anti-Defamation League, the Jewish gestapo in America, or the American Jewish Congress, which is saturated with Reds, gives the word, "hatchetmen" Winchell (Lipschitz) and Drew Pearson lead off with another dirty job of character smearing. Many other fronts, such as Friends of Democracy, which cloak their propaganda with the tolerance racket, immediately till tielr hate sheets with the same type of mud-slinging trash.

# UNITED WORLD FEDERALISTS A TRAP TO USE TRUSTING AMERICANS IN ABOLISHING THE UNITED STATES

By Merwin K. Hart, President, National Economic Council, Inc. . . . Letter 231

America faces one grave danger rarely touched upon by commentators who list proposals to come before Congress.

This danger lies in the schemes for "world government." Their proponents are going to press one or another of them at this session. And it might go through.

This world government idea is, in a nutshell, that the United States should throw in its lot politically with other

nations, and therefore be governed no longer by Congress, but by an international Authority. In that Authority the United States would be a horseless migrative.

GOOD DESIRT, ONE FIVE POUNDS POSTPAID

To THE CONGRESS OF THE UNITED STATES,

I respectfully petition you to withdraw from the United Nations and the Atlantic Part, and to declare war on the communists of all countries, including our own.

In a speech in the United States Senate on August 27, 1951, Senator McCarran (Democrat, of Nevada), chairman of the Senate Judiciary Committee, said:

"This country is faced with foevitable all out war. It is foevitable and the country had best be prepared for it.... Enemies of the United States have been put in the highest echelon of governput in the bighest echelon of government in the past and we should protect ourselves against them. We have enough enemies on the outside without having enemies that would destroy us from within."

The did not mention Trumao or Acheson or the displacement of the disp

their Zionist advisers; they are in the "highest ocheon," War is indeed inevitable. Let us have it new, and in Asia, where we are winning it and have two powerful allies, viz. Japan and Nationalist Chiqa.

Nationalist Chida.

Thursen and Acheson and Eiseohower and the Zonnies are seeking to divert us to Europe. Senator Malone of John Said:

'The policy of the State Department is to furnies all of the troops to Europe; how it is 400,000—it was 6 divisions; to will soon be 1,000,000. In World War II, we furnished 73% and in Korea 1006."

A European war means a land war under a Socialist general and with Socialist allies—and probably national hankriptey and defeat. War in Europe is pear the source of Russian power; in Asia it is practically as remote for the Russian sa it is from us. It is about 6,000 miles with an obsolete single-track rail line from Aladirostock to the center of Russian supplies, and should she feather that the state of the from his in the state of the from his in the state of the feather of Russian supplies, and should she feather that the feather of the

The Communists are saging a secret was against its in Korea and terr in America. We should accept it as it is and soot seek to diver it the Europe.

The governments and peobles to Europe are symbold to wir, not they regard the threatened war at a war between slave Russia and froe America (as Communists), and they do not wish to be no took in it. The Communists regard America for the first principal enemy. If they can a derest the first principal enemy. If they can a derest the first principal enemy. ## Resolution

The American Heritage Protective Committee desires to submit an apportunity to endorse H. R. 5080, a bill introduced in Congress by the Hon. John T. Wood. This hill calls for the complete withdrawsl of the United States from its membership in the United Nations.

We believe that continued membership of the United States in the United Nations Organization will ultimately result in the destruction of our Republic as a sovereign nation, and urge the support of 11. R. 5080 for the following reasons:

- liceause membership in the United Nations Organization has the hinding force of a treaty, and in cases of conflict of our domestic law with the United Nations charter, the latter will supersede our own domestie law, thus rendering out Constitution a meaningless document.
- 2. Membership in the United Nations has a direct tendency to destroy liee enterprise, our American way of life, and to act as a restraint on our inherent rights as a sovereign of our own Country,
- 3. Memembership in the United Nations strikes at the very source of the inalienable rights of the American people, namely, the right of freedom of speech, of press, of assembly, and the most cherished of all our rights—the right to worship God according to the conscience of the individual.
- 4. Membership of the United States in the United Nations is a wholly unwarranted and unnecessary burden on the taxpayers of our Republic, because the American people are defraying the major portion of the expenses of the United Nations where foreign and de-eadent European ideologies are brought lo forre on the American by a mandate of the United Nations.
- 5. Because the United Nations is composed almost entirely of men and women who advocate and think in terms of political and economic theories diametrically opposed to our American Heritage of freedom.
- 6. Because the United Nations, in Its cumbersome and oegative policies, is causing an international confusion among nations, and instead of promuting peace, is actually pro-moting the very conditions which breed wars among men, and needlesley and brutally prolong those wars which are already in process.
- 7. Because the leadership of the United Nations is, of record, Socialist-Communist, which has resulted in the subordination of the wishes of the American people and the continuing and seemingly endless prolonging of the. Korean tragedy.

He it further resolved that a copy of this resolution he furnished to every member of the United Stales Senate.

Members of the Council on Foreign Relations who have recently made headlines are such traitors as Alger Hiss, Frederick Vanderbilt Field, Laurence Duggan, Oweo Lattlmore, and their associates in the State Department and Treasury Department, Lauchlin Currie, Stanley K. Horbeck, Robert M. Lovett of the Kuhn, Loch agents Brown Brothers Harriman, and E. R. and W. Averell Harriman of the same firm. These three W. Averell Harriman carried out the Rothschild aims of aiding Russia to crush Germany, and was responsible for the enormous sums of Lend-Lease placed at the disposal of International Communism, many of the weapons ow killing American youths in Korea.

Other members of the Council un Foreign Relations are Philip C. Jessup, who figured in the hetrayal of China, State Department economists flethert Feis and planned. Jacob Viner, Marshall Field, Cord Meyer Jr., Corliss

Every attempt to build up Germany's defenses is sabotaged by these men.

Jewish bank-ers cannot wait for our youth to become eighteen before drafting them for the kill, but must attack their moral fibre in the years of adolescence by infiltrating once healthy organizations such as the Boy Scouts.

The Royal Institute of International Affairs, sister organization of the Council on Foreign Relations, has its headquarters at 10 St. James Square, London, owns several other large buildings, and has an operating budget of four hundred thousand dollars a year. It actually spends several times that sum in influencing British public opinion, and many of its agents are paid by the British Government as employees of the British Foreign Office, It received twenty-five thousand dol-

The Patron of the Institute is His Majesty the King, All Prime Ministers al England and the provinces at the British Empire since 1923 have been flororary Presidents of the Royal Institute

This Institute has destroyed British prestige in the East and formented native uprisings in many countries, in preparation for the final analaught of the yellow race against the white, under the direction of Jewish Builers. At the same time, it has used its tremendous powers of propaganda to deprecate the native revolutions in Asia as isolated and of no importance. In an official publication, Pattern of Pacific Security, 1946, p. 18, the Institute reported that "the Group regards as remote the danger of a pan-Asiatir movement specifically directed against the West." Its subordinate urganization, the Institute of Pacific Relations, may be credited with sabotaging all sympathics for the West in Asia

The white race has been hetrayed into this perilous situation by a fong list of secret meetings. In the Nineteenth Century the Rothschilds gained control of gold, the medium of exchange in the West, and financed the development of communications, railways, and heavy industry in Europe and America. With the political and monetary systems of Western countries in their power, they proceeded to earry out a ling-range program to destroy the white race. White then were sent to plunder the continents of Africa and Asia. the profits going to international Jews while hatted of the while rare was stirred up. In the twentieth century, Rothschilds twice inveigled white nations Into elestructive wars with each other, making great intoals in their resources and manpower. France was ruined completely in the First World War, Germany and England in the Second, and the United States is intended for destruction in the Third. At the Paris Peace Conference in 1919, the Second World Was was made certain by the reparations policy against Ger-many, some levied which Germany could pay only by going to Jewish bankers. Hitler promised to Iree Germany from the Jewish stranglehold, was allowed to do so, and fed thermany to certain destruction, as Zionists

planned at a secret meeting of heads of the European Central Banks and the Governors of the Federal Re-Strates, Junn Schiff, Benjamin Butterweiser, and serve System. It was decided to force Europe back on James Paul Warburg of Kuhn, Loch Company, After the Second World War, Germany was turned over to of Nations. This meant withdrawing five hundred mil-Kuhn, Loch Company, so that she could never again lion dollars in gold from New York when stock prices serve System. It was decided to force Europe back on were inflated to four times their list value. The resulting rise in money rates would mean certain collapse of the stock market. The Jewish hankers carried out their plan, stock prices were furced down to a third of their value, and scooped up into gigantic holding companies such as the Lehman Corporation.

At the height of the world-wide depression, a World Monetary and Economic Conference was called in London in 1933. Opened by His Majesty the King, it was composed at members of the Council on Foreign Relations and the Royal Institute of International Affairs, Hitler had just been allowed to take over Germany. Plans were laid at this Conference for the Second World War. The political developments of the nineteen thirties originated at this meeting. Hitler would galn in power until Europe was lorced ioto a Second World War, bringing disaster and collapse to white nations,

. At the conclusion of the Second World War, these organizations immediately began luft-scale prepara-tions for the Third World War, a gigantic onslaught against the weakened and coofused white race. Pearl Buck, the "Christian" Missionary.

The Jewish author Samuel Roth in his book "Jews Must Live" p. 103, wrote that "Pearl Buck after spending twenty years as a Christian Missionary to the heathen Chinese, confesses blushingly to being a Galician Jewess."

Pearl, whose real name is Sydenstricker, was a paid "missionary" for "Christianity" in China while in reality she was educating the poor heathers for Soviet Russia. Pearl's tole as a Jewess, teaching Marxian conception of Communism is typical of those Jewish missionaries described in the B'nai B'rith publication "Facts About Fletions Concerning the Jew," under 'Art. VII entitled "Are Jews A Race? Religion, or Nation?" which states in part: "... Judaism seems so strange in many of its aspects that it sometimes puz-zles its own adherents... There is no official creed in Judaism . . . But strange as is the organization of Judaism as a faith, stranger still is the relationships of Jews to their faith. There are hundreds of thou-sands of Jews who are unbelievers. Yet they still consider themselves Jews. What sort of religion is It if those who neglect it still consider themselves Jews? Or more curiously . . . certain missionaries-men of Jewish birth who are converted to Christianity and work to convert other Jews to Christlanity-certain missionaries wrote to the Zionista organization demanding the right to participate in the upholding of the Jewish homeland in Palestine. Now, certainly, no-body who was once a Catholic and hecame a Protestant would insist upon joining the Knights of Columbus. No Protestant who became a Catholic would Insist in participating in a purely Protestant endeavor. Yet, here are men who deliberately abandoned Judaism and yet want to participate in a Jewish effort. What sort of religion is Judaism II not only those who neglect it, but those who try to convert others away from it, still consider themselves Jews?"

Tewry.)

Pearl "Buck" Sydenstricker is still carrying on her missionary efforts for the Marxists. She is now busy in New York furnishing Marxist speakers to sell the U. S. A. the Communist Party Line on China.

Saints and sages agree from earliest antiquity to modern times that the Antichrist will come into power in 1952. Do you know the answer to these all important questions:

- 1. Will the Antichrist be Satan or man, or both?
- 2. Will be he introduced to the world on television?
- 3. Will he possess the full powers of Satan? The answer to these and many other questions

will be presented at a meeting to be held on Tuesday evening, October 30th, at 8:15 P. M. at the Veterans Memorial Home, Stuyvesant Avenue and High Street, Union, New Jersey, under the auspices of COMMON SENSE.

PUT CHRIST BACK INTO CHRISTMAS "FEAR NOT, FOR THIS DAY IS BORN TO YOU A SAVIOUR, WHO IS CHRIST THE LORD." (St. Luke 2; 10:11).

Are you participating in what has now hecome a national campaign to "PUT CHRIST BACK INTO CHRISTMAS"? If so, we congratulate you for your fine Christian spirit in preventing Christmas from the coming a purely commercialized holiday. In this crucial year of 1951, when Communism is seriously threatening Christianity in every quarter of the globe, we need not only prayers but militant action to defeat the Red Front. This can best be accomplished by giving financial support to the patriotic forces fighting the Scarlet Beast. The most difficult problem in the fight against organized Communism is obtaining the necessary financial support. Consequently, this year, the most crucial in history, we are offering our subscribers the two-fold opportunity of not only putting Christ back into Christmas but fighting Communism on all fronts by assisting COMMON SENSE financial ly. Every Christian family spends a small sum each Christmas on greeting cards and gift wrappings. By buying these items from COMMON SENSE you will assist us in our battle against the forces of evil which have already erased the very name of Jesus Christ in some twenty or more European nations. ### An Open Letter To All Christian Americans

Iş your freedom worth \$100 to you? \$50. \$25 . . . . \$10 . : . . . or even \$17

Are you aware that the Invisible Government in the

United States is slowly but surely enmeshing you, and 150 million other Americans, in a web from which there will soon be no means of escape?

Are you aware that the Anti-Delamation League is spending millions of dollars a year to prevent you from knowing the tragic facts—and smearing those who oppose it as "antisemitic"?

This newspaper was established for the sole purpose of telling Americans the truth—the truth which no American daily newspaper dares to print-about the hellish conspiracy to destroy Christian America!

In their determined efforts to suppress the truth, the agents of political Zionism—the force behind the Invisible Government—have bullied, intimidated and even threatened death to the heads of eleven American printing firms who have dared to print this American newspaper, Common Sense. Eleven of our printers have yielded to this pressure and told us, sadly, that (The B'nai B'rith is the official representative of they would no longer be able to handle the job.

> Common Sense now has an opportunity to set up its own plant, and the cost will be approximately \$20,000. This fight must be carried on. We need your help-desperately. 1 + 1

> If 20,000 readers will contribute \$1 each-RIGHT NOW-we can fight on without fear of sabotage by the enemy. This is YOUR fight and we need YOUR help—every loyal American must value his liberty beyond price. How near you are to losing that liberty is known to only a few of us.

> If every American really knew the truth, the re ponse to this appeal would be an avalanche of \$1

> Common Sense is not, and never has been operated for profit. Its sole purpose is to defend America against its enemies by spreading the truth.

Can we depend upon YOU?

## The Rulers Of Russia

By the Rev. Denis Fahey, C.S.Sp., D.D. This enlarged third edition not only gives, full Int formation on the Zionists who organized the Russian Revolution, but it tells how they have infiltrated other governments and why.

## Charter Drafted B Russian

A very clear appreciation of the U. N. O is to be found in Victors Beware!—a work by Professor de Madariaga An exile from Spain, having held office in the Moscow-sponsored Spanish Republican government, de Madariaga should be a qualified judge of Societ tactics. He writes:

"The (UNO) Charter is in the main a translation of the Russian system into an international idiom and its adaption to an international community . . . . The overwhelming mass of Russia's political influence has weighed down the evolution of world affairs and is now taking us back to an unholy alliance of big Powers, resting upon force and very little else."
"UNO," de Madariaga tells us, "bote upon its

brow from the very beginning the mark of Moscow." (Page 270)

That this should be so must appear inexplicable to all who have been deceived by the false propaganda spread about UNO. But many who have heard so much have never been told that Dr. Leo Pasvolsky, "Special U. S. Assistant Secretary of State," drew up the United Nations Charter. Concerning Pasvolsky, a Russian born Jew who has become one of the leading advisers of the U. S. government, the Chicago Daily Tribune stated:

"Leo Pasvolsky, Russian-born ardent internationalist, knows more about the new League of Nations to preserve peace than any other person in the world. That's because he wrote the first draft of the charter of the world peace league and attended its revision and amplification all the way from the first day of the Dunbarton Oaks Conference to the last day of the San Francisco Conference. He bids for fame as the father of the Charter . . President Truman has appointed Stettinius the United States Representative in the world peace league. And Pasvolsky is to go right with Stettinius to the capital of the league, when it is selected, to guide the American delegate through the maze of the Charter and provide him with the answers to the questions that will arise. For Pasvolsky knows all the answers, can give them before the questions are asked. . . . He was brought into the department as an economist . . . . and successively advanced to the highest rank outside of those positions filled by Presidential appointment subject to Senate confirmation. Pasvolsky, now a naturalized American citizen, was born in Pavlograd, Russia, 1893, and came to this country with his parents in 1905. . He has published several works on Russia including the 'Economics of Communism.' "

to the foes of the United States and democracy."

The uproar was started by press reports of
August 31st which quoted Supreme Court
Justice William O. Douglas, as proposing that
the United States recognize Communist China.

Americans can well wonder if it is possible
that the Invisible Government has maneuvered such screwballs onto the Supreme Court.
When all signs point to an all-out war between
the U. S. and Communist armed forces, Justice Douglas wishes the United States to
"recognize" and further strengthen the
Chinese Communist outfit which was created
under direction of world Marxism.

Buildles of Douglas—such as General Mar-

Buddles of Douglas—such as General Marshall, Dean Aeheson, Owen Lattimore, John
Carter, Vincent and John Foster Dulles, Phillip Jessup, all working through the Institute
of Paelfie Relations, succeeded in driving
Chiang Kal-Shek from China, thereby plaeing
450 million people under Communism. That
enormous manpower is being used in Korea
where 85 THOUSAND American battle casualties have been suffered (170 thousand if
one includes all wounded) and that does not
include the Korean lives which have been lost.

Supreme Court Justice Douglas is a strong "world government" advocate. He, along with Dean Acheson, should be tried for treason and, if found guilty, should be lung and his property confiscated.

We compliment Representative Roy, O. Woodruff of Michigan for calling upon President Truman to fire Douglas. However, we realize that it is the traitorous screwballs like Douglas who are the closest to "Red Herring" Harry.

The Anti-Defamation League of B'nai B'rith is the backbone for Marxism in the United States. It is known as the Jewish Gestapo Smear Bund. It's task is to smear anyone who effectively combats the Marxist-Communist plan. Favorite trick of the Anti-Defamatinn League is to brand as "Anti-Semitic" patriots who fight Communism and to use every means possible to make people fear the brand: "Anti-Semitic."

fear the brand: "Anti-Semitic."

Any one who is not "Anti-Semitic" (as they give meaning to the word) is uninformed nr a cowardly, spincless Christian hypocrite. The Anti-Defamation League has succeeded in deceiving a few Catholic Bishops and Priests, as well as some Protestant Ministers, into cooperating with the A.D.L. Supposedly, this "cooperation" is to discourage intolerance; actually the purpose is to prevent the public from learning that the A.D.L. of B'noi B'rith is dedicated to erasing Christianity.

The A.D.L. is currently engaged in engineering the smear campaigns against General Douglas MacArthur — Senator Joseph McCarthy — Senator Patrick McCarran. However, Marxist tonis like Dean Acheson, General Marshali and Ike Eisenhower are given to the support.

Millions have perished in war and derived we survive.
Millions are homeless.
We are sheltered.
This night in all the world, for every man cell nourished, three are hungry.

This night in all the world, for every man well nourished, three are hungry.

We are fed.

The world's abundance should have blessed mankind with homes, health, and competence. Instead, it has been used to destroy all these—to breed pestilence, misery, and poverty.

The finger of the bitter past points to a bloody page, . . "and we shall meanly lose or nobly save the last best hope of earth."

Each life is tested by its answer to the question first asked in the world's beginning:—"Am I my brother's keeper?"

One Life was lived in answer. By all the formal measurements of greatness it should have failed. "Twas such a little span of years in such a far-off lonely little tand.

military command and the Administration admitted that they had no definite political objectives. Why then was a mon so important to American security fired? General MacArthur was fired because he opposed appensement of Red China and wanted to bring the war to a speedy conclusion. He had dared to tell the truth that Truman's unconsilintional war was a bloody STALEMATE.

While the nation was embroiled in the MacArthur cuntroversy, the Administration moved swiftly to silence all opposition. According to the New York World-Telegram and Sun of May 31st, Navy hero Lt. William H. Evans, Jr. of the destroyer Rodgers in the fighting zone of Korea was cruelly dismissed. His offense? Denouncing the Yaita betrayal and urging that the interests of America be put before those of the Soviet Union!

Generals Wedemeyer and Willoughby and Admiral Denfeld were forced to retire. The New York Sunday News recently reported that at this June's West Point Commencement a number of top Generals prepared a complete plan for the defense of the United States and the invasion of the Soviet Union in case of war. But It further reported that they had to hide the plan and flat they refused to give their names for feor of reprisal from the Pentagon. The Defense Department also forced the re-tirement of the commandant of the Air Force Base in Alaboma for "napposing national policy." Major Robert Williams of the Military Intelligence Reserve was dismissed recently for denouncing the appointment of Anna Roseberg as Secretary of Defense.

Senator Joe McCarthy, former Marine hero and sworn foe of Communism, termed these dismissed.

Senator Joe McCarthy, former Marine hero Schator Joe McCartny, former Marine nero and sworn foe of Communism, termed these dismissals — the results of "gag rule." General MacArthur said that the President was deliberately silencing opponents of appearant.

dismissals — the results of "gag rule." General MacArthur sald that the President was deliberately silencing opponents of appeasement.

Wilat's behind these dismissals of loyal Americans? A mysterious regulation issued inst December formed the basis of their dismissal. This regulation requires that any Americans? A mysterious regulation issued inst December formed the basis of their dismissal. This regulation requires that any American in the Armed Forces, who writes anything regarding foreign policy, must first have the approval of the State Department. The story goes back to the time when Secretary of Defense Jim Forrestal was literally martyced. Behind his removal were the Zionist groups who could never forget his warning that America's oil security was threatened by the establishment of a pro-Red Israel. Also involved was the State Department's Atcheson-Michael Lee Clique, which supported Red China. (Michael Lee, Ephriam Zinoyi Liberman was in charge of the Slate Department's Far Eastern Division, n prime figure responsible for the Korean War, a recently ousted as "a poor security rist.")

President Truman was induced to fire Forestal and appoint as Secretary Lewis Johnston, n pollitical favorite. When Johnston refused to eooperate with the Zionists and the State Department crowd, he too was removed. To make absolutely sure that they controlled the Defense Department. General Marshall was popointed. Marshall, who couldn't even remember where he was when Pearl Harbor was bombed, is a total misfit. Years ago General Marshall in two weeks destroyed the discipline of a crack Georgia regiment, one of the best in the Army. The complete story of General Marshall was told recently by Senator of General Marshall testifies befor

titled "Our Growing Prussian Staff." He de-clared: "I am reluciant to admit that I now believe that we have come to the awful day in America, where we have a Supreme General Staff . . . seeking military control over in-dustry, labor, all military establishments, the economy and the press. I am convinced that this is their plan against the expressed will of the Congress."

economy and the press. I am convinced that this & their plan against the expressed will of the Congress."

Who wonts this "military control?" Is it our old line West Point military men? Certoinly not: for almost 200 years Americans have safely entrusted power to these inlitury men. What is the one group that loday seeks a dictatorship over our nation and the work! The answer is unquestionably—the Communists and their so-called liberal-leftist allies. Mrs. Mary Stalcup Markward, a former undercover agent in the Communist Party for the F.B.I., testified before the House Undercover eells in Washington. She said there were prohably many more. Previous witnesses before the Comnittee as well as experiences in other countries—now Red dominated—revealed that the Defense Department and our military establishment are prine largets of Red Infiltration. The State Department, another prime Red target, has been under constant surveilance and yet new investigations and leods are announced daily. What a reol investigation of the Defense Department would turn up can only be surmised.

An indication is found in the vast numbers of new employees hired by the Defense estohilshment without a thorough loyalty check since the appointment of Mrs. Rosenberg as Manpower Boss. In recent years there has been a shortage of persons interested in obtaining government jobs. Only the Communists have been urging their members to get jobs in Defense. When we recent the tremendous damage caused by the Gold-Rosenberg Atom Spy clique—people then unknown to millions of Americans, we shutter at the sabotage a handful of Reds could do in the Defense Department.

While nothing is being done about the Reds, this purge of anti-Communists is under way. During the same month that Anna Rosenberg was appointed, December, that mysterious regulation was issued which clearly denies to members of the Armed Services the right of freedom of speech, guaranteed by the Bill of Rights.

Behind this simple regulation lies a clear danger to every American and to our national security. Congress recently passed a Draft extention and U.M.T. law which puts many mure millions of Americans under the power of the Manpower Offlee-Defense Department. Bernard Earneh has been urging Total Mobilization or a Labor Draft by while every man, woman and child would be completely subject to the dictatorship of the Manpower Offlee. Now certain elements within the Department following the plan, are striving to climinate all opposition from the Armed Forces so as to make impossible an adequate defense of the United States from Soviet invasion. They are establishing a dictntorship over the Armed Forces as a prelude to a Soviet "dictatorship of the prolietorlet."

The time of decision is here. We must have real unity or be destroyed. We must have real unity or be destroyed. We must have leadership. President Harry Truman is incapable of that leadership. All Americans regardless of political party, who cherish freedom, must unite behind General Douglas MacArthur for Christianity. Free Enterprise and Free Government. Behind this simple regulation lies a clear

## Annie Rosenberg And Her Army Corps

Here we go again. Annie, Rosen-

Here we go again, Annie, Rosenberg, Assistant Secretary of Defense, when pictured on a tour of United States' troops in Europe, had to have her photo taken. It looks like another planned effort to mungrelize the German people.

It is well known to those who have studied the background of "world government" novements that one of the principal objectives is in breok down all pure-blooded whites and eventually install a "one world" religion — Ba'hai. Mongrelization is the well-laid plan of the Jews who have motivated all "world government" schemes.

The Jews who completely directed World War II, as well as creating it, sent Negro troops to England, leaving 20 thousand half-breed children in England. Eleanor—the Grate—asked the American people to adopt 5,000 of the mongrels.

—asked the American people to adopt 5,000 of the mongrels.
When Stuttgart, Germany, was captured during World War ff hundreds of Black French Colonial troops, under the command of General Eisenhower herded German women into subways and raped more than two lhousand of them. These were black semi Savages. This

went on for three days, women and girls screaming and committing suicide. Large numbers of Negro troops hove been kept in Germany for six years.

Anna Rosenberg, one of the most important in the plan to establish Markist rule, undoubtedly knows what the "pitch" is with large numbers of Negro troops abroad. She is happy when she sees the Jewish plan operating. That plan is that WHITE, CHRISTIANS will be bred luto half-breeds while the Jews maintain their own PURITY of Race. In the United States there is also much propaganda towards mongrelization, despite the fact that clear-thinking Negroes are not in favor of it.

Jews from New York are financing and directing propaganda in the South (Georgia, the Carolinas, "Texas, Mississippl and Alobama). Those Communist Jews preach to the Southern Negroes that they are beling "persecuted" and the only people interested in Negro welfare are the Jews.

The Jewish-Communist plon is to trick fourteen million Negroes inlo voting with the Communist faction.

A "plue-dream" existed for almost six year A "plie-dream" existed for almost six years in the minds of the preponderunt majority of Americans that the United States actually possessed a monopoly of the atom-bomb. That "plpe-dream" is directly responsible for the precept vastty superior military strength of the Soviet Union in every field of military importance. That "pipe-dream" is the reason that "nited States scrapped, or otherwise disposed of the world's mightlest military mechine, immediately following V-3 Day in 1945.

On the other hand, after V-J Day in 1945 the Soviet Union not only kept its military machine intact but it added to its formidable industrial war machine the enormous war-makiing potentials of Germany and Japan. The "pipe-dream" of the alom-bomb monopoly in-thiced the United States to cancel orders for war materials after V-J Day in 1945, disintegrating the nation-wide industrial machine responsible for its supreme military strength.

After V-J Day in 1945 the United States promptly switched the entire economy of the nation to peace-time civilian production. On the other hand, the Soviet Union after V-J Day On in 1945 did not interrupt its war-time production of military equipment, but increased its already largo production by additional integration its 20,000,000 returned solilers, 6,000,000 prisoners of war, and slave-labor of 15,000,000 prisoners. prisoners.

The tyranny exercised by the Soviet Union over its "workers" is the reason why duplicates of American machine-tools in the Soviet Union are turning out, around the clock, at least ten times as much as the identical machine-tools operating in Detroit, in Cleveland, or in factories anywhere in the United States. In the Soviet Union there are no labor unions to dictate to the worker limitations upon the production of machine-tools. #### U.S.S.R. IMPROVES A-BOMBS

U.S.S.R. alone possesses the secret scientise atom-bomb discoveries of every atomic project

As a result of this treason, it is believed by the most composent authorities on questions relating to the atom-bomb, that up to at least July 1950, the Soviet Union was far ahead of lim United States in work noon nuclear fission, the secret of exploding the atom-bomb. In addition to these stolen secrets, the Soviet Union had the benefit of work done on nuclear fisson in its own country, and in other countries where Soviet Union spales had infiltrated into nuclear fisson. Union sples had infiltrated into nuclear fisson projects. Convictions in the United States, Eng-land and Canada confirm these treasonous acts.

In addition to a number of experimental atom-bomb explosions in the Soviet Union since the summer of 1949, the Soviet Union is reported to have exploded an atom-bomb of very advanced have exploded an atom-bomb of very advanced lype, believed by competent authorities to have been an H-bomb, the so-called Hydrogen Bomb, which possesses a destructive power exceeding a thousand atom-bombs of the type drouped on Hiroshima. Success in this field by the Soviet Union, ahead of the United States, is the result of the theft by Soviet Union spies of the secret scientific discoveries made by the United States in connection with its own development of the H-bomb, or the so-called Hydrogen Bomb.

The Soviet Union tas developed Iwo special planes with which they hope to deliver their atom-hombs to their targets in the United States. The new PE 16 X has four jet turbine motors incorporating all the latest features to be found in the improved Rolls Royee jet turbines which England has been delivering to the Soviet Union, with complete specifications for their manufacture. The new IL 24 X is a fast bomber which carries another plane, the DFS 83 46, a rocket monoplane in which the atom-bomb is carried and delivered. The rocket monoplane as eparates from its mother-sbip and proceeds by liself to lise target. Both of these alreraft are now in production under the direction of General Savitsky in large, modern, concealed underground aircraft factories, situated between the Volga and the Urals. By the grace of American scientific discovery of alom-bomb secrets and the British specifications for manufacturing the Rolls Royce jet turbines, the Soviet Unioe at this moment is in a position to carry out a full-scale atom-blitz upon this natioe. No defense against such an attack has been developed so far by any nation. The Soviet Union tias developed two special tack has been developed so far by any nation.

That appears to be something different from what the American "workers" are being told by Marxists! told by Marxists!

Labor unions become the first targets of Marxists whee they install a Marxist regime. Labor unions are among the first institutions to disappear when Marxists appear. To Marxists, "workers" become merely a source of labor fur the "diclatorship of the proletariat." From recent happenings reported in the newspapers, "workers" in the United Stales are waking up to this fact. Even Walter Reuther, who with his brolher took their course in Marxism in Moscow for a period of almost two years, does not look brollier took their course in Marxism in Moscow for a period of almost two years, does not look with the same relish upon the "Soylet America" to which reference is made in a letter from them which was introduced into the Congressional Record. What further light on this subject is needed to bring addition repentent sinners back into the fold? Waller Reuther and many of his friends appear willing and anxious to make this light shine brightly for "workers" to see, It is to be hoped that all the "red" lights will change to "green" lights and siny that way. What about them?

Marxsis have been compelled to olter their slogae in the United States from "Proletariat of the world, unite!" to "Workers of the world, unite!" fo "Workers of the world, unite!" Marxists do not inform "workers" in the United States that it will not be the "worker of the world" who will run the show when Marxists come into power. Marxists do not inform "workers" that it will be the "protetariat of the world" who will mount the Marxist throne to establish the "dietatorship of the world." To address a Marxist appeal to the "proletarial" in the United States, the appeal must be directed exclusively to relief-parasites, unemployment-insurance addicts, buns, tramps, hoboes, alcoholies, criminals and olher similar social groups. Surely the "workers" in the United States cannot be included as an integrated segment of the "proletariat" in this or in any other eation. In ancieot Rome according to definitions to leading dicilonaries, "proletariat" of the Roman Empire was "the class of the community regarded as contributing nothing to the State but off-spring." Marxists base their appeal upon the literal meaning of the word. Marxism measures the usefulness of a Marxist by off-spring he contributes to the State. That Marxist dectrine is responsible for the fact that, according in reliable actuarial cateulations, the population of the Soviet Union will reach 600,000,000 by the year 2,000, only a short 49 years away. The skyrocketing line on the official birth-rate chart of the Soviet Union supports this prediction. For this reason time is a very precious ally of the Soviet Union. Soviet Union

As applied to modern society, according to these dictionary definitions, the "protetarist" is "the towest class in the community." As applied to political economics, according to these dictioding definitions, the "protetariot" are "indigents, and "that class which depends open daily lobor for sobsistence and has no reserve capital." In the United States less than 2% of the taial population fails into these categories. The existence of this condition makes it essential that Marxists address their oppeals in the United States to the 64,000,000 "workers" and not to the "protetariat." The "workers" form the largest Individual social group while the "protetariat" forms the smallest individual social group.

Marxism comes to "government of the people, for the people,"

Of equal importance with the Marxist doctine "dictatorship of the proletariat" is the Marxist "classless society" degma. Marxists preach and practice that a "classless society" must be the ultimate aim of "dictatorship of the proletariat." Marxism teaches that the "proletariat" must crush out the opposition of all other social classes by destroying them. Marxists are instructed how to obliterate the political, social and economic systems of the defeated regime to aid in the extermination of all other social classes. and economic systems of the defeated regime to aid in the extermination of all other social classes. Marxism teaches that "revolution is war." Only the methods of warfare should be adopted in waging war upon other social classes. War must be waged until all other social classes surrender unronditionally an terms dictated by the "protefarlat." The Marxist version of "unconditional surrender." God help us!

Trotsky, a leading apostle of Marxisn, stated, "The ENEMY MUST BE MADE HARM-LESS AND THIS MEANS HE MUST BE DESTROYED." Trotsky proved how well he had learned this lesson at his first opportunity. Trotsky was at the head of the revolutionary forces in Russin in 1917 when they massacred between

Marxism teaches that "dictatorship of the proletariat" in a "classiess society" is their nimitate goal and Marxists must not besitate to see any means to accomplish it. No form of bestallity, brutality, or barbarism is to be overlooked if it will hasten the realization of Marxist ambitions. Marx cautioned his followers egainsf hesitation, weakness, pily, or any compromise with Marxist fundamental tactics or strategy. Marx taughf his followers that human considerations must play no part in dealing with their memics. Marx stressed that display of human qualities encourages opposition and inviter resistance.

Marx taught his followers that only violence pould win their revolution and thot only "dictatorship of the proletariat" could guaranty its permanence. Any means to this end was justled, Marx impressed his disciplea because the dictatorship of the proletariat" was the trustee of the world-revolution which wes to be the fullitiment of the mission to which the "proletariat" was historically called.

#### MARXISTS KILL REFORMS

Marxists only pay lip-service to reforms but sabotage them and fight them if they succeed

Marx ordered his followers to join these organizations and enter upon this work with the determination to use wery effort to make these reform movements hit. Marx instructed his followers that if reform novements succeed in spile of Marxist sabotage that Marxists were to withdraw from them and light them. Marx could not offord to have reform novements succeed and improve the living conditions of the "profrantat." Conditions which whisted among the "proleiariaf" in European jountries were assets of infinite volue to Marx is basic to the success of world-revolution. Marxism demands that national, sorial, racial and spirilual loyalities be subordinated in allegience to the highest Marxist authority. The world is being conditioned to think in these terms. In the United States the people are already being asked to fly only the flag of United Nations on a certain day in October. They are asked not to fly the flag of the United States on that day. The number of days when this will be required will be gradually increased until the American Flag becomes an emblem of secondary importance to the American people. Other Marxist grapvine propaganda is working to attain unrestricted immigration, removal of all protective tariffs, on international currency to replace the dollar, the removal of cilizens for trial in foreign countries under the Genocide Pact, the limitation upon domestic industrial production under International Trade Organization restriction, and the destruction of the basic American institutions which have made the United States the great nation it is foday.

#### ENDS PROPERTY RIGHTS

properly which all passes to the "proletariat"

Marxism lays down the intexibla rula that "all the means of production" must become the property of the "diclalorship of the proletariat." This Marxist principle is unconditional. Marxists permit no compromise with this dogma. Private ownership of property ceases. Marx taught his followers that they may be required to use force to maintain this status because the minds and hearts of men could not easily be won over to such a revolutionary status, or be changed quickly to accept it permanently, or peaceably accustomed to this new state of affairs. Marxists are urged to resort to terorism when imposing this new economic order apon their victims to discourage any desires or attempts to revert to the former political, social, and economic status.

Trrorism is employed by Marxists to destroy hope for a return fo normaley. The extent of the horrors which populations have experienced are well known to those who are in direct contact with Marxist regimes. These facts are seldom, if ever, given prominence in the press or over the radio. The confiscation of property by Marxists could not be more brutal if it were caried out by the most primitive barbarians. In the adays of Hitler it was different. When the

Marxisis could not be more brutal if it were carled out by the most primitive barbarians. In tha days of Hitter it was different. When the Nazis committed acts which fade into insignificance when compared to Marxist strategy the newspapers carled big headlines and radio commentators screamed the news over the radio networks. The motion picture industry turned out millions of feet of film exaggerating this siluation. But foday three appears to be a conspiracy of silence regarding the confiscation of property by Marxisf regimes.

"Dielatorship of the projectariat" probables

"Dictatorship of the proletariat" prohibits all elements in soriety except the "proletariat" from ony voice in the government. Every class except the "proletariat" is deliberately excluded from participation in government matters. Formal democratic govenrment by secret popular ballot is replaced by administration of the communities by councils. These councils are called Soviets and are composed of the poorest laborers, farm workers and soldiers. The system of Soviets. farm workers and soldiers. The system of Soviets, or the system of odministration by councils, is the only form of government in the Soviet Union. It exists from the Politburo at the highest level of government down to the councils which administer the smallest form-collectives. The first official acts of a Markist regimo constitute the confiscation of every industrial coterprise, all the banks, all means of transportation and communication, and all land holdings. Markists immediately nationaize wholesale commerce and promptly make all foreign trade the monopoly of the Markist regime. Markist regimes take humediate and complete control of all the means for influencing public opinios, including newspapers, publishing houses, motion picture industries and radio broadcasting. Eduration must be controlled by the "proletariat." In New York City recently eight school teachers were removed by the Board of Education. The trial of the first of the eight is taking place. Marxism also lays great emphasis upon the necessity to attract intelectual teclinicians as associates. These groups are trained as directors for sabotaga activity when Marxista strike. Almost exery day newspapers in the United States feature news items relating to removal of instructors from institutions of higher tearning because they are members of Marxist (Communist) groups. Several have confessed, and several have been convicted of playing important parts in the theft of atom-bomb scientific secret discoveries. In countries engaged in atom-bomb development Marxists (Communists) have held the highest positions and were proven to be Soviet Union sples.

#### YIDDISH MARXIST PERIL

Greatest danger arises from the fact that the Yiddish Marxists disguiso themselves as "Jews"

Murx conceived the revolution he was organizing as a world revolution. Marx wauted the revolution in each country to be fashloned according to the same pattern. In keeping will this policy Marx believed it was basic to the ultimate auccess of world-revolution to establish a political party with banches in every country of the world. This world-wide network of political parties was to be rigorously directed from the headquarters of the central political party, and the world-wide network of branch political porties were to be slernly disciplined by the central headquarters. The world-wide network today of Communist Parties is the imprenentation of this basic Marxist doorline considered by Marx so essential for the success of world-revolution. The fleadquarters of the central Communist Party is in Moscow. The Communist Party in the United States is a branch of the headquarters in bloscow. Marx conceived the revolution he was or

Antagonism to Marxist reglines by the more prosperous "proletariat" classes is sternly repressed by organizing the poorer "proletariat" classes to do it. This method is employed by Marxists with equally successfully results in agricultural areas sa well as in urban centers. The principle of class-struggle is not overlooked by Marxists at any level in the social structure.

Marx taught his disciples, and Marxists to-day follow the principle that the most rapid, efficient and permanent results in abolishing the class structure of society are obtained by de-stroying all except the "proletariat"" class. The destruction of all other social classes is the only method which satisfies all the conditions of Marxism.

Yhidish Marxists ofter a Utopia to each of these "minorilles," Yiddish Marxist propagand machines work overtime to inflate the dissatisfaction and discontent of "minorities" the dissatisfaction and discontent of "minorities" out of all proportions to the importance which they justify upon their lutrinsic merits. Marx instructed his disciples that fo make progress with the world-revolution advantage must be taken of racat, retigious, social, economic, and national discontent wherever they exist. Marx taught that if they did not exist they must be created. Marx emphasized that a nation must be conditioned for world revolution by "fragmentizing" the population into its racial, religious, social, economic and national "minorities." Marxists were instructed how to create ill-will among these "ninorities" not alona towards each officer but towards their government as well, Marx called for propaganda in this respect of the greatest intensity and always recommended that propaganda of this nature be employed to create or to intensify class-warfare to the Maximum.

Marx cautioned that propaganda concerning class conflict between "minorities" must never seek to solve their problems. Marxists must utilize every opportunity to intensify and aggreener class war-fare. In the United States today "class-wor-fare" amongst "minorities" is conditioning this nation for a successful Marxist revolution. The tensions between racial, religious, social, economic and national "minorities" which apear every day in the newspapers is the result of oganized effort by Marxist propaganda machines and Morxist agents secretly placed amongst these groups. These tensions did not exist in this country on n seele sufficient to worry amongst these groups. Yiddish Marxisis are composed exclusively of membera of that religious belief. The conversion of the Christian masses to Marxism was basic to its success and made it nec-essary for Yiddish Marxisis to secure the netive participation in the Marxist world revolution of Christian "minorities" throughout the world.

Ylddish Marxisls in the United States have been rewarded with success far beyond the most optimistic expectations of the Yiddish Marxist General Staff in Moscow. The Demo-Marxist world-revolution demanded support of the masses. To obtain this support Yiddish Marxist world-revolution. Unruths regarding the relationship of the Yiddish Marxist world-revolution to Judaism

Maxism is the root of the big troubles which are today torturing the American people. The political social and economic disturbances which political social and economic disturbances which are upsetling the nation, and the world, are synthetic. The disconlent and disorders throughout the world are the synthetic products of Marxist research latoratories and their mass production factories for Marxist propaganda. Marxists clamiestinely pour their poison-propaganda into the political, sucial and economic systems of the world to make peace, progress and prosperity impossible.

systems of the world to make peace, progress and prosperity impossible.

Marxists infect the mentality of the fools and knaves who listen to their ideologies with the product of the diseased mentality of Karl Marx. Marxism thrives upon the ignorance and greed of their intended victims. Marxism acts like a malignant disease. Marxism acts to destroy the decent things in life which make living worthwhile. Whenever Marxism appears, the Brother-hood of Man and the Fatherhood of God disappear. They perish in the climate of Marxism.

Marxism is the mother-father of the issue

Marxism is the mother-fallor of the Isms which now threaten our form of civilization with extinction, Marxism is the sow, its Isms are the suckling pigs. Marxism provides the mother's-milk upon which these Isms nurse. Marxism pumps the breath of life into its off-spring Isms, Without the oxygen which Marxism supplies, these Isms would soon perish and disappear from the face of the earth.

these (sms would soon perish and disappear from the face of the earth.

The brood of Marxism includes, "Communism," "Bolshevism," "Fablantsm," "Sociatism," Liberalism" and the other less vocat hat more subtle Isms. Marxism wears all these disguises to camouflage itself, Marxism is the hub of the wheel. Around it "Communism," "Bolshevism," "Fablanism," "Socialism," "Liberalism" and the other "Isms" are the spokes of the Marxist wheel. Without the hub there would be no wheel, Marxism bears exactly the same relation to "Communism," "Bolshevism," "Fablanism," "Socialism," "Liberalism," and its other "Isms," that Christianity bears to Catholiseism and 'the denominalions of Protestanism. Marxism is the fountainhead of propaganda for the missionary effort of organizations dedicated to the conversion of the world to Marxism by the use of lies and deception, it is quite different in that respect from the missionary efforts of Christianity which accepts the teachings of Jesus Christ as the source of its inspiration for the conversion of the world to Christianity through love and charity.

through love and charity.

The American people have never understood this situation correctly owing to the effectiveness of the high powered Marxist propaganda machines. The public has never understood that "Communism," "Bolshevism," "Fahinnism," "Socialism," and "Liberalism" are now masquerading under titles which disguise and deceive the American people. In order to secure followers amongst political, social and economic groups at all levels, Marxists estabilished organizations with a variety of complexions extensive enough to suit the temperament and the last of men, women, and children in oil walks of life.

The advance guard of "dictatorship of the proletariat" has already introduced into the United States effective propaganda which has the utilitied States effective propaganda which has the utilities constructed and Marxist propaganda machines employ many alibis to skillfully conceal their Irue intentions. The minds of the American people are being conditioned by ceaseless repetition of words like, "democracy," "writdars," "relief," "tolerance," "equality," "reform," "humanitarian," and similar expressions in print and over the air. The legitimate uclyttles of organizations engaged in these noble activities provide the smoke-screen behind which Marxists wage their subversive organizations angainst society,

Marxist organizations have inneeznt-looking, sweet-sounding titles. For the dyed-in-the-wool Marxist there is always the official Communist Party. For the gulible, unsuspecting, do-gooders there are organizations like United World Fedthere ore organizations like United World Federalista to intrigue inciplent Marxists. Their number is trgion. Collectively they make up the Marxist apparatus in the United States. The House Committee on Un-Annerican Activities of the United States Congress, the Federal Bureau of Investigation (F.B.f.) of the Department of Justice, and exposures by patriotic columnists and radio commentators contirm the existence of this huge and complex Marxist apparatus.

the political, seem, and econome structures of intended victims.

Secondly, Marxists Instruct their followers that when the time for the revolution has been decided upon, Marxists must gather at selected pinces forces which autanumber their enemies. This is the bilitz strategy of modern warfare applied to revolutions. Marxists have successfully used this strategy. Marxists have successfully used this strategy. Marxists have developed bilit acties to a fine art. To make Marxist biltz strategy more effective, Marxists neutralize potential resistence and opposition by obtaining control, in advance of the revolution, of tabor unions, farmers' organizations, student groups and the other large segments of the organized manpower of a nation. Possible resistence or opposition by government interference is neutrolized by Marxist penetration into strategic positions at the highest levels in departments of the government dealing with defense, food, communications, transportation, and power production.

Thirdly, Marxists are instructed liat the

Thirdly, Marxists are instructed that the offensive is fundamental to success. It is impressed upon Marxists that "the defensive is death to the insurrection." Terrorism of all forms is employed to reduce resistance and opposition to the absolute minimum. The history of Marxist regimes has been written with the blood of timelasses which have resisted them. Once the revolution is started Marxists keep the offensive. Adequate advance preparation overwhelms opposition and discourages counter-revolutions. sition and discourages counter-revolution.

Fourthly, Marxists are tought that the ele-ment of surprise is essential for success of the Marxist revolution. Marxists are taught to start their revolution when it is least expected. their revolution when it is least expected. Marxists are taught to choose as the moment for the revolution a time when the forces of the government are scattered. The success of the Bolshevik revolution in Russla in 1917 illustrates this point. In 1917 it was possible for 60,000 Marxists in Russia to take over a country of 150,000,000 population covering a territory of about 9,000,000 sq. miles. This can be repeated in the United States when the armed forces of the nation become scattered over Europe and Asin. nation become scattered over Europe and Asin.

Fifthly, Murxisis are taught, the necessity of powerful propaganda to keep the musses on the Marxist side. Announcement of dally, even hourly successes, has a great effect in depressing enemies and discouraging resistance. Masses have the tendency to jump on the band-wagon of the winning side in revolutions. In the United States winning side in revolutions. In the United States Marxists and their friends dominate newspapers, radio networks and other channels for coaxing public thinking. Marxists dominate the labor unlons which prepare the final material prior to insertion in newspapers and prior to broadcasting over radio untworks. This serious state of affairs was exposed very recently and is accepted as authentic by responsible authorities.

Above all ulse, Markists are instructed that supreme success is not possible without audacity. Before, during, and after Markist regimes are established Markists never fail to exhibit this basic Markist characteristic. Markists never lose an opportunity to display this major Markist have constructed that yieldish Markists speak for a so-called "Jew-tweapon. Markists exhibit their audacity daily in United Nations. The statements of Markists in United Nations shock the American public. With Iracen audacity Markists accuse their vielims of this very crimes of which they are themselves flue guilty parties. Markist auducity is based upon the theory that the bigger the lie that is told and lie more often it is repented, the more eertain that the world will accept these lies as famous by Itilier was borrowed by Hitler from the Markists. #### WORD IS NOT COMMUNISM

Marxists stole "communism" from the Communist Societies, religious cooperative enterprises

"Communism" is a word grently misunderstined by the American people, "Communism"
is the word closen by Yiddish Marxist propaganda machines to camoutinge their control of
the Marxist world-revolution. "Communism" is
a word borrowed by Yiddish Marxist propagunda machines from the early English and
American religious groups who organized themselves into large cooperative settlements by which
they toped to develop substantial enterprises of
many kinds to accumulate wealth for their mambers. In the outstanding authentic work on this
subject, "The Communish Societies of the
United States." written by Charles Nordhoff in
1875, the author reveals the number and the
nature of the large and substantial "Communish
Societies" in the United States at that time.

Societies" in the United States at that time.

The selection of "Communism" as a name for ano pluse of the Minraist world-revolution was in disguise its true character. Marxists wished to capitalize upon the high esteem in which "Communist Societies" were regarded at that time. The "Communist Societies" which existed long before Marxism, and the "Communist Partles" of today have no more in common than Heaven and Hell. They are as opposite as the North and the South Poles. The use today of the word "Communism" to describe Yiddish Marxist revolutionary activities is one of the greetest frauds ever perpetrated upoa an unsuspecting public in the history of the world.

Every communist is a Marxist. Every

Every communist is a Marxist. Every Marxist is a communist. The only difference between a communist and a Morxist is in the spelling. Everywhere in the world today Communist Parties are the branches of the Soviet Union Communist Party and the Communist Parties everywhere in the world are the harinchilden of manist Party and the Communist Parties everywhere in the world are the brain-children of Yiddish Marxists. Communist Parties are all of recent vintage. The Soviet Union Communist Party was organized by the Boishevild in Russia after the successful Yiddish Marxist revoluties, there in 1917. It was created to be used by Yiddish Marxists in Russia to impose Marxist "dictatorship of the proletariat" and Marxist "classless society" upon the Russian people who survived the Boishevilk masacre of 25,000,000 middle and upper class Russians. The Soviet Union Communist Party until recent years had less than 2,000,000 members out of a 230,000. less thau 2,000,000 members out of a 290,000-000 population. In recent years it has been esti-mated that there are 6,000,000 members as a maximum, in the Soviet Union Communist Party.

#### CHRISTIANS DECEIVED

Christians give preferences, privileges and priorities to Yiddish Marxists as "Jews"

Yiddish Marxists have always made it a practice to identify themselves to the Christian world as "Jews". Yiddish Marxists have also made it a practice to identify themselves to the Christian world as part of a so-called "Jewish race." Yiddish Marxists have resorted to this strategy for reasons explained elsewhere in this issue. Yiddish Marxists have even gone so far as to hrag that litely accomplishments are "Juwish" accomplishments. For Yiddish Marxists to tabel their revolution in Russia in 1917 a "Jewish" accomplishment is the equivalent of Hitler and Musolini caling their recent political adventures "Christian" projects. If Hitler had called upon all Protestants and Mussolini had called upon all Catholics of the world to support their political adventures, and had they received it, they might have succeeded. The Christians of other nations would have felt certain that Hitler and Mussolini were crazy to ask support from them as membars of a "Christians of "The professions are "Christians of the march." Yiddish Marxists have always made it a

lief are numbers of a so-called "Jewish race."

Similar quototions indicate the world-wide extent of the efforts made by the Yiddish able to make Christians accept as the truth the Markist propaganda machines to identify the falsity that every "Jew" is a member of a "Jew Viddish Markist world-revolution as "Jewish." is race." Christians do not believe a "Jew" in England, in The Jewish Chronicle, April 4th

"Moslem." A human being can only be a "Jew", "Christian" or "Moslem!" in the sense that they are members of the religious groups associated with Judaism, Christianity or Islam. The invention of the word "Jew" in the 17th Century is responsible for quite a little confusion. The interpretation placed upon the word by Yiddish Marxist propagands machines is completely incorrect and very misleoding.

What Yiddish Marxist accounts the control of the property of th

What Yiddish Marxists are seeking to accomplish is very evident. They want Christians
to regard the Yiddish Marxist world-revolution
as a project of the "Jewish race" or "Jews."
Yiddish Marxists want uninformed Christians
to give undue credit to "Jews" for the Yiddish
Marxist world-revolution. Yiddish Marxists have Marxist world-revolution. Yiddish Marxists have made all persons who profess Judalsm as their religious beilef their captives. Yiddish Marxists want Christians to hold "Jews" responsible for their world-revolution project. This incorrect understanding of the situation by Christians driven into the ranks of Yiddish Marxists many persons who simply profess Judalsm as their religious belief. The uppeal by Yiddish Marxists to their co-religionists for mutual-defense against Christians adds grent atrength to the Yiddish Marxist world-revolution. Persons who profess Judalsm as their form for the wurship of God are not any more responsible for the world-revolution of their co-religionists than non-German intion of their co-religionists than non-German Protestants of the world are responsible for the Catholics of the world are responsible for the political acts of Mussolini's Fascists.

As an ilustration of the extent to which Yiddish Marxists have gone to identify the Marxist world-revolution as the work of "Jews," and a "Jewish" accomplishment, It is only necessary to refer to The American Hebrew of September 20, peter to The Americau Hebrew of September 20, 1920. This old, and respected publication passed into the control of Yiddish Marxists in recent years and they have used it as an important part of their propaganda machine. In the issue of September 20, 1920 of The American Hebrew, the following appears with reference to the Yiddish Marxist revolution in Russia in 1917 which was hitting on all eight cyinders at that time:

"The Bolshevist Revolution in Russia was the work of Jewish brains of Jewish dissatisfaction, of Jewish planning, whose goal is to create a new order in the world. What was performed in so excellent a way in Russia, thasks to Jewish brains, and because of Jewish disatisfaction, and by Jewish planning, shall also through the same mental and physical forces, become a reality all over the world." the world."

the world."

It is not clear what Yiddish Marxists mean by "Jewish brains." Do they mean the brains of the Aslatic Turki-Finu Mongoloid Khazars who were their uncestors? What do Yiddish Marxists mean by "Jewish dissatisfaction." Do they mean the Irritation caused by resistance of Christian populations to their campaign for world damlination? What do Yiddish Marxists mean by "Jewish planning"? Do they mean the program of Yiddish Marxists for sweeping out the established institutions of civilized society and reducing them with Marxist "dictatorship of the proletariat" and Marxist "classless society"? It requires quite a stretch of the imagination to associate these three facts with the Semites who inhabited the Marxist world-revoluton. Marxist world-revoluton.

Yiddish Marxists used the labels "Jew" and "Jewish" long before the article quoted from The American Rebrew. As no illustration of how far back Yiddish Marxists used the labels "Jew" and "Jewish" for Yiddish Marxist world-revolution it is only necessory to refer to the November 1905 issue of The Maccabeau. The Yiddish Marxist propaganda machine acquired control of and Mussolini were crazy to ask support from them as members of n "Christian race."

Yiddist Marxists have succeeded where Hit ing quotation refers to the aborted Yiddish Marxists have Marxist revolution in Russia in 1905. The quotation of the contract of the support of the s tion reads as follows:

Yiddish, tiko trish, infers national background fewish, like Catholic, implies religious belief

Yiddish Marxists have always irled to conceal from Christians the origin and inteat of the Marxist world-revolution by using "Jew" and "Jewist" as labels on the wide variety of their miscellaneous activities. Yiddish Marxist propagatida machines grind and at high speed intruths, halt-truths, distortion of tact, and inaccuracies implying that Jesus Christ was a "Jew", that the Holy Family were "Jews," and that the apostless were "Jews. Yiddish Marxists know that these ficts as they present them are not supported by history or liceology. They should stop it!

Yiddish Marxists know Christian prayer and lying hooks are filled with references which glorily the 50-called "Jews" of Bibbe history as God's "Chosen People." The modern Christian version of Bible history cloaks "Jews" with this muntle of Divine protection whelp God evidently did not extend to Christians. "Jews" are depicted as God's "Chosen People" in modern Christian versions of Bible history ond Christians are expected to extend to "Jews" with this minute of Divine protection whelp God evidently wersions of Bible history ond Christians are expected to extend to "Jews" privileges, perferences, and priorilles to be reserved by Christians as considered and the province of the confidence of the identify themselves in the eyes of Christians as "dews" in order to qualify themselves for the suffrance and immunities which Christians would not otherwise extend to them.

The most far-reaching deception ever insticted upon an unsuspecting world is the bellef held by Christians that there is a "Jewish race." Historic and sefentific facts reveal the complete falsity of that untruth. In recent times Yiddish Marxist propaganda machines have expended intinite effort to exploit this hoax upon Christians. Within the lifetime of the present generation Yiddish Marxists have exerted super-human effort to influence Christians to look upon all "Jews" as members of a"Jewish race." Above everything else it seems that Yiddish Marxists wont Christians to regard all "Jews" as members of a "Jewish race." Yiddish Marxists feel they are able to demand from Christians, and tiey do obtain, privileges, preterecees, and priorities which Christians feel they must show to those of the "Jewsh race" as God's "Chosen people." The sooner Christians understand the truth about this misrepresentation the sooner will he between the protect themselves against the consequences of their lack of knowledge on this subject.

#### FIRST JUDAIC CONVERTS

No more possible for a "Jewish race" to have existed than "Christian race" or "Moslem race"

In the period between Joshua's luvasion of Caaaan about 1400 B.C. and the Birth of Christ, the formal worship of Yaweh (Jehovah) was carried over the trans-conlinentol caravan routes into many distant lands by missionaries of the Yaweh (Jehovah) priesthood. The ouistanding world's classic on this subject is "The Lost Tribes a Myth, Suggestioas Towards Rewriting Hebrew History", by the immortal Allen H. Godbey, Professor in Old Testament in Dake University, (published 1930, Duke University Press, Durham, North Carolina, U.S.A.) That volume supplies incontestible evidence with facts, maps, and photographs which prove to the most skeptical that the formal worship of Yaweh (Jehovah) became the religious belief of large numbers of the native populations of India, Ethiopio, Morocco and all the North African nations, Portugal, Spain, Itiay, France, Germany and England almost two thousand years before the conversion of the Khazars to Judaism.

The alphabet of the Bible, called the Hebrew alphabel, is the alphabet adopted fram the Cananities by the invading desert-dwelling former Egyptians under Joshua. These Egyptian exiles were illiterates having lived in the Sinai desay about forty yoars without the benefit of culture. The invaders under Joshua found a high degree of culture among the Cananites. Their language was enriched by the assimilation of the Cananite yocabulary.

The Christian public is mislead into believ-ing that the Ylddish people are the "chosen peaple" of the Bible because their olphabet is the same as the abbabet which appears in the versions of the Bible printed in Hebrew. Yiddish Marxist fronts. The form of Zionism with
which the world has become very familiar in
recent years was organized over fifty years ago
as the catalyst by which Yiddish Marxists obtained world-wide control of Judaie congregations
of all nationalities. Yiddish Morxists made Zionism the common denominator for infiltraling congregations where they proviously were excluded.
In recent years Hiller made their task easier for
them. The public swallowed the Yiddish Marxist

#### BIG LIE" PROPAGANDA

Marxists teach the biggar the lie is, and the more aften it is told, the more it is believed

Apologists for Marxism express the view that Marxism must have merit or it could not have succeeded to such a great extent in so few years. Two important facts are overloaked by apologists for Marxism. Firstly, Marxism bad its orgin in a period of history when a form of autocracy existed which deserved to be fought. It was a form of autocracy, however, which was disappearing rapidly throughout Europe, particularly in the geographic area in which Marxism had its origin. Secondly, Marxism had the forigin. Secondly, Marxism had the sorigin. Secondly introduced only lais those countries which have losen tremendously weakened by lang periods of military reverses. Marxism has never been introduced successfully into any has never been introduced successfully into any country which has not been physically and spirit-ually exhausted by the attrition of military re-

verses.

Without world-wars there are no war-weary populations to whom Marxists can hold out the Marxist promise of a Utopla. The impact of war upon nations is reflected in the political, social, and economic reactions with which the world is quite familiar. Morxists know that disappearing political, social, and economic outcorneies make it necessory for Marxists to seek other fields in search of valid arguments to justify Marxist warld-revolatioa. In the recent past, world wars hove supplied Marxism with all the arguments it required to woge its war against civilized society.

## ALMUD PRAYER PROMOTES TREASON

## Loyalty oaths valueless at time taken, prayer nullifies oaths before taking.

A prayer recited in synagogues preceding the Day of Atonement religious ceremonies makes traitors of everyone participating in these ceremonies. The threat contained in that prayer to the security of this nation and to the survival of civilization commands the immediate consideration of all patriotic Americans.

The recitation of that prayer in syna-gogues prior to the Day of Atonement reli-gious ceremonies randers valuelass the loyalty oath of all who porticipate in the ceremony.

Notwithstanding the fact that the "Kol Nidre" (All

Day of Atonement services, the Jewlah Encyclopedia
emphasizes that this proyer has no connection with the

the "Kol Nidre" (All Vows) prayer in the 12th Ceniury
A.D. is confirmed by the complete lack of eny spiritual
significance. The Universal Jewish Encyclopedia, Volume

The Jewish Encyclopedia, in Volume VII, page 840, deciribes the "Kot-Nidge" (All Vows) prayer in a most concise the "Kot-Nidge" (All Vows) prayer in a most concise and correct description of its implications, seiting: "An important alteration in the wording of the 'Kot Nidge' was made by Rashi's seen-in-law, Meir ben Samuel, who changes the original phrase from the last Day of Atonement until this eas' it from this Day of Atonement until the next. Thus the dispersation of the 'Kot Nidge' was not as formerly a posterior and concerned with the unfoldified obligations of the past year, but a prior and having reference to vows which one might not he able to fulfill or might forget to observe during the ensuing year. Meir hen Samuel likewise added the words 'we do repen of them all."

The leading authority on rituals, including the "Kod Nidge" (All Yows) prayer, is Professor Theodor Reik, the famous pupil of Dr. Sigmund Freud, renowned psychoanalysis. Professor Reik's wrote a elassic text hock to Germany, his native language, called "The Ritual, Psycho-Analytical Studies," the greatest work on this subject. Professor Reik's analysis of the "Rot Nidge" (Alt Yows) prayer was translated into the English language and published in the United States by Parrar, Straus & Company in 1946. Professor Reik states his conclusions which must be

#### TALMUDIC LAW SANCTIONS CHANGE

TALBUDIC LAW SANCTIONS CHANGE
The intent and the purpose of the alteration introduced by Meir ben Samuel in the lext of the "Koj Nider" (A) Vows) prayer in the 12th Contury A. D. is a woll exclubilished fact. Decumented reposts exist, that Meir because of the same of the sections of Noelman Shauet chinacif citled in supports that a sections. Neelman 3b, known in Engine of The Talquide Treatise in Oethw

Professor Reik brings out the fast that the "Kol Nidre" (All Vowst prayer has no spiritus) significance. Attention is called by him to the absence of spiritual meaning in the version of the "Kol Nidre" (All Vowst) prayer with the alterations introduced by Meir ben Samuel, and to prove this point, on pego 175, he states:

". . we become more and more autoolshed that a religion which attached an atmost exaggerated importance to cathe and promises about d by a single special formula cancel all salbs, and, moreover, those which are to the taken to the coming year."

JUSTIFICATION FOR CHANGE INVALID

The sinister Yiddish deteoders of the "Kol Nidre" (All Yows) prayer offer as their justification for its retention in the liturey on the Day of Alonement the plea that the prayer refers "only in one's abligations in one's soil," according to the Universal Jewish Encyclopeda, Volume VI, page 441. They offer hair-splitting arguments and "doubla-talk," as their banis for retaining this prayer in their ritus!. Professor Ratk differs and doctroys the force of their reasoning with his statement on page 178, as follows, which completely disproves their only defense: "The whole weight of the argument that the immunity only applies to the oats sworn and taken upon himself by a believer resis on the subordinate sentence, 'dl assarm all nefetationa,' ("which we have taken upon sor seek," or expressed in more modern fanguage "which we have taken upon sarestyce!). The significance of the words is elear. The defeoders of the Kaf Nidro stote that the formula daes not concern oaths walld at taw regarding other persons, bot it concerns one's safts, tows, piedges, rice, which happen opon one's saft shortfore, a contract with one's egg."

Professor Reik exposes the fraudulence of this abaurd contention by the diffenders of the "Kol Nidre" tail Yowal prayer. It insults the intelligence to listen to the justification of the defenders. Professor Reik concurs with other leading authorities that the justification. In his treatise on this subject, Professor Reik, on page 178, summarizer, "Does the phrase which we be imposed on one out from philotogical flowback it quite position that status as well as vows which we have imposed on one out from philotogical flowback it quite position that status as well as vows which we have imposed on one out from philotogical flowback it quite position that status as well as vows which we have en pose one one out it is not a matter of a cantract between two persons. A person taking a loyalty oath makes a vow expledge with "one's self" to be loyal to bis country. A loyalty oath is never a "contract between two persons," as ecording to Professor Eefk. A "contract between two persons," is a "meeting of the middis" whereby the parties mutually promise to perform an anderstanding between the parties. In many cases such onderstandings are airengthened with an oath, yow or pledge. Professor Rell is an authority on the subject of oaths. The operation of the mind plays an important part in the making of oaths, vows and pleages. Professor Relk emphatures the fact that on oath is a premise made by a person to himself. He stresses that an oath is a promise given to God by the persoe who takes the oath. He cites that there is never a second person to the contract entered tot between enyone toking an oath and God Professor Relk corroborates the laterpretation by other leading authorities of the phrase, "which we have taken upon ourselves," on page 184, as follows: "We can say that an eath is a promise WHICH THE PERSON IMPOSES UPON HIMSELP," and, "The vow, therefore, would be A PROMISE GIVEN TO DOD."

Professor Relk lays great stress upon the intentions of Meir ben Samuel whee he is introduced the alteration in the "Kol Nidre" (All Voiva) trayer in the 12th Century. He brings cut the foct that it was after the final conquent of the Judalizad Khatarr by the Russians to the 11th Cectury, and the loss of their independence and sovereignty, that the Yiddish communities, the Judalized former Khatare, introduced this alteration in the liturity of the Yiddish congregations in eastern Europe, Meir ben Samuel-was inspired to the broader the alteration for a very obvious reason. Professor Relk referred to the on page 179, calling attention to the threat to our security, thus: "An Important aftereich in wording of Kol Nidre was made by Rashl's son-law, Meir be Samuel-was intered the security.

year declared void."

PRAYER LOSES RELIGIOUS SIGNIFICANCE
The Jewish Encyclopedia calls attention to the manner in which the alteration introduced by Melr ben
Samuel deprived the "ROI Nidre" (All Vows) prayer of
its former religious character. The alteration in the original lext by Melr ben Samuel in the 12th Century which
rothed "Kol Nidre" of its former spiritual significance is
raforted to by the Jewish Encyclopedia in Volume VII,
page 541, which establishes its non-religious character;

"The words sa it is written to the leachings of Moses,
thy Servant' which were and in the old form before
Num, XV. 26, were cancelled. (Abudarham, p. 75b)."
Professor Reik calls attention to the fact, above
described by the Jewish Encyclopedia, as a violent departure from the sacred character of oaths in the time of Old
Testament Bible history, indicated by "Kol Nidre" of Joday:

"The purport of the formula is in complete contrast with the high esteem in which obligations, whether taken on oath or otherwise, are held to biblical and Talmudie Judalam"

The Jewish Encyclopedia, in Volume VII, page 540, Indicates the sacred character of the "Kol Nidre" (All Vawa) prayer in the long history. The engregations participated in the Day of Atonahuen corremonies regarded important part of these ballest of services, according in the Jewish Encyclopedia, which emphasizes that point hus, "beclares that the petitioners, who were seeking reconcilitation with God, solemniny retreeted in His presence sil yows and oaths... and made them all nuit and yold from the beginning, cotreating to their stead pardon and forgiveness from the Heavenly Father."

BELIGIDUS LEADERS CHALLENGE CHANGE The Jewis Encyclopedia points out that the altera-tion made in the liturgy was opposed at the time by rab-tion the introduction of the alteration of the text caused considerable opposition from sincere and devout religious leaders. CRIMINAL ASPECTS OF PRAYER

CRIMINAL ASPECTS OF PEAVEE

The fact that the "Mot Nidre" (All Vows) prayer is reclied in a synagage can alter neither its character, its purpose, nor its effects. The reclation of the Commonist satts to "overthrow the government by ferce and violence" inside a synagoge is not accepteble as a valid defense against eriminal prosecution. "Religious freedom" cannot become a defense for leaters seeking our overthraw.

The Astrono religion permits the practice of polygamy. The laws of this country make polygamy a crime. If Marmons practice polygamy insida liteir churches, it is atill a crime. The mete lact that an act occur inside a place of worship is no defense for a crime or the recital of prayers like he "Kol Nidre", in synagogues.

Religious beliefs peaclied in other stone of the world contain ceremonics of a character which consiliuis crimes under the laws of this country. Foreigners visiting the United States cannot practice these ceremotics with immunity from criminal prosecution of the grands of "colorance". When revinds of country it is obligatory to shide by the letter and the spirit sit he written out the time-time and superiors of the written out the time-time and superiors. "MARXISM" BASIC FOR ALL "MOVEMENTS"

Marxism is the sew and its aurkling pigy are saile Commonium, Bolshavium, Sacialism, Fabianism, Elleralism. Progressiace, and World Federalists. Newspape, are filled with the name Cammonium when in fact the should as should as abouting about Marxism. The same applier thuse other Marxist anching pigs. All are equally sy

#### YIDDISH MARXISTS ANTI-CHRIST LEADERS

Diarxism is remmitted to the destruction of Chris-tiantry. Macrate have deered that the last trace of Christiantry to to the destroyed. Maratis plans for worst trace of Christiantry to the world. Maratis plans far worst rais do not noted the fusion exhabiture as Christianstry.

Marxism and Christianity cannot both axist in the same world at the same lime. Newfork law has stain-thehed that no two objects can occupy the same space at the same lime, if Marxism lives, Christianity diea.

There is even less possibility that Marsism and Christianity can occupy the same world at the same time toe lang, one or the ather most go, and quickly toe.

Marchite callies that Christianity is the only "road-block" which can prayent their conquest of the world. Should be compared their conquest of the world. The control of the control of the calliance of Christianity at the aerised peatible data to facilitate the resiliest tion if their program is de-Christianize the world.

#### "MARXISM" DISGUISE FOR ANTI-CHRIST

Christianity is Beemy No, to Marxiam. Chisilianity is the spearhead of organized opposition to Marxiat world rule. Marxiat will rule this world very shortly after the fall of Christianity from the leadership from which it contributed is omuch to world progress for almost 2000 years, Marxiam plans to move in as Christianity mover out.

Marxism is not a manticulation of politicat, sociat or eronomic discontent or nurest. Marxists tell the world that Marxism is the index of this unrest and discontent

#### UNTRUTHS CAMOUFLAGED AS REALITIES.

UNTRUTHS CAMOUFLAGED AS REALITIES

"Anti-Semitism" is based upon uniruths. "Anti-Semillam" is made a religious issue wilhoul any justification.
"Anti-Semitism" is fabricaled 'from vient to stern" out of
a lissue of lies. "Anti-Semitism" from start to finish
is completely a "sete of mind" incited by false propaganda.
"Anti-Semitism" is made a political issue solely for the
purpose of "stealing" elections which cannot otherwise be
won. "Anti-Semitism" is a mentol infection inlended to
polson the thinking of American people. "Anti-Semitism"
is eating away the cultural foundations of our national life
like a cancer case away the vital organs of a human bring.
"Anti-Semitism" aviets to man early "Anti-Semitism".

"Anti-Semitism" exists to name only. "Anti-Semi-tism" is non-existent ootside the "stale of mind." "Anti-"Anti-Semitism" to the fond drylee of the albels; enemies of humanity who are seeking to destrey this mailon and Christianity. "Anti-Semitism" is truly a "living the."

#### SMEAR-BUND LEADER OF UNDERGROUND

The war against Marxisi world conquest will be half won when Americans team the truth about the Marxisi "anti-Semitism" smear-bund. Unless Americans learn that very seen thay may never have the opportunity of fighting and winning amether war, the least as free men-

Unless that war is won the American Way of Life is doomed. The American Way of Life may soon softer the iste of other victims of the Marxisi creeping conquest Tha Marxisis appear to be rolling slong smoothly towards the early realization of their conspiracy for world rule.

In every case it has always been a Marxisi "anli-Semilism" amear-bund which spearheaded the invisible Marxisi underground armies which were responsible for the finat overthrow of all tha governments which "fell."

It is a falal mistake for Christian Americans to say, I cannot happen here." These infamous words are deaon to the trust which God has seemingly now imposed on this nation. These wine said it lived to regret it.

#### "ANTI-SEMITISM" BECOMES "SMEAR" WORD

The international Marxis comppirators have erraicd a vile and victors implication for the word "anti-Semiliem" with the powerful propaganda machine and the entimited funds placed at their disposal. They have "sold" this vile and victors implication 100% to the American people by the expenditure of countiess millions of deliars over a torp period of years. They have succeeded far better than their most optimistic expectations anliquated.

The infectational Markist complicators have auccoded in convorting the American people to the helicf that "anti-Semiliam" is a vicient haired by Christians towards persons professing Jedatsm as their religious

falls, iswards persons who worship God in agnisegaes Instead of churches and selely for that reason. There is hardly as American today who does not now separd "anti-Semillam" as cracily just that, and nothing siz-

Chibitan Americans collectively challange the impli-on that men and women who are both Christians and citizans bear ill-will towerd fellow Americans for the do that they allend synagogue studied of churches the worship of God and solely for that censon nolly.

#### CHRISTIAN AMERICANS BECOME VICTIMS

CRRISTIAN AMERICANS BECUME YIGAIMS

This sile and virious implication for "mail-Semilitan" is a libel against Christianily and against civery Christian American. This vills and vicious implication ""atti-Semilian" accases Christians of most implication of second control of the control of th

Judaim as its religious faith and sority foe that reason.

Christian Americans make it a practice to judge felfow Americans apon the basis of their character and conduct as Americans, upon thate stilludes and astivilles as Americans, it is not true that anyone whe is both e Christian and an American ignores the candent and character, invores the attitudes and estillules when judging fellow Americans, and have consideration upon rolliginate helist instead, an univelle which must not service.

The Marxist "anti-Semitism" amens-bond are spend-condium millism to make the world believe otherwise of Christian Americans. The Marxist international ing sequese minisms so make the Marxist internation nonspirators have areated this vile and victors implicatio for "anti-Semitiam" to insure and hasten "ell cot" access

The Markist tolernalfonal seasylvatara have descioped "anti-Samhitam" into a sinister diabelleal political open "anti-Samhitam" into a sinister diabelleal political weapon. The "anti-Semhitam" smear is the device need by the international Markist comprisons to install and to keep their invisible secret agents in high gestroment positions and in important positions and in the papers interty?

#### PRESERVE CONSTITUTION AND CHRISTIANITY

Any III-will by man and women who are both Christians and Americans towards their fellow Americans is based upon a variety of silver essense. The religious amiliation of an oftendor is only a matter of coincidence. Christian Americans are interested primarily to prefaciling and preserving the cultioner, the customs and the conventions inherent in the Americans Way of Life. Christian Americans arm to prefect and preserve the Consiliution and Christianity. That is avery American's first duly.

The shadow as well as the unbatance of the American Way of Life is primarily based upon the principles embodied in Christian civilization. Any form of aggression estimate these peinciples quickly brings upon the surressor estimated from Christian civilization. Any form of aggressor calemation from Christian requirement sparfields of the religious from Christian and the second continuous of the aggressor. Christian Animal Trom the religious affiliation of the American offender.

#### SMEAR-BUND TERBORIZES ANTAGONISTS

In arder to guarantee aucess for the OFFENSIVE of Christian Americane against the Marzist enurgirary fer world coopers, it is necessary to deprise the fasterusional Marzist compitators of the advantage they now enjoy by the destructive power of their "anil-Somitism" smear,

Christian Americans live in merial fear of being brasifed "anti-Semilie." This fear is necessaring the sequent Christian Americans have been upon the conquest. Christian Americans have been upon the code or observation that it becomes vary diment, one or observation that it becomes vary diment, one code or observation that it becomes vary diment, one code or observation that it becomes vary diment, as the code of the code

The underground grapowins of the invisible agents of the international Marxist conspirators in this cannot have infiliated into the political, accounte and actual structure of this nation to an extent little understood by the average Christian American. By means of political, accula or economic boyoctis which they are able to impose they can make it impossible to remain in business and propper, or to held their former positions in spite of reliability.

#### TIME TO TRINK IN TERMS OF AN OFFENSIVE

It has been proven time and again, on and off the batthe field that, "the hest DEFENSIVE Is an OFFENSIVE".

Christian Americans must take the OFFENSIVE If they
hope to win the war against Markist world conquest. It
is folly to commence an OFFENSIVE unless provided
with weapons which make complete victory a possibility,

off the battlefield the International Marxist conspira-tors rely for success exclusively upon their "anti-Seni-tism" smear-bund. It is their most effective weapon "Anti-Semilism" bas fully demonstrate: its deadly destruc-tive power. In the "cold war" they need no other device unless and until the "cold war" scaches the "hot war" stage Only a "cold war" victory can prevent the "hot war"

The conspiracy for world conquest first, last, and always is constantly working to erase from the face of this earth every trace of Christianity. They have already succeeded in necomplishing this result in one half the world. One half the world today is being taught that Christianity is a menace to the progress of mankind.

Christianity is a menace to the progress of mankind.

The international Marxiss conspirators label resistance to their creeping conquest as "anti-Semitism". They represent themselves to Christian Americans as "Semites" they represent that the "Semiles" are the "Chosen People." They represent to Christian Americans that "anti-Semitism" is Christian mailec towards "Jews," as they call themeelves and invite others to call them.

#### SAVIOUR MALICIOUSLY CALLED "JEW"

They represent that they are "Jewe" and that the Savior, the Lord Jesus Christ, was a "Jew" and a member of their "race." But these are all antivults ago the tarts which follow will disclose. The international Marxist conspirators have hypotited Christian Americans into believing that these uniroths are actually the "Gospel" truth.

ing that these unforths are actually the "Gospel" ruth.

Linking up the Saviour as a "few" with the Judnie
population of the world vests in "Jews" a fremendous
power over Christian Americans. That power to too
obvieus to require explanation. Christian Americans are
rousinnilly "ecninded" from pulpits of the 180,000 churches
ter sitend to be kind to "Jews" because "Jews" gave the
Saviour to the world. These settements from the pulpit
givo "official appreval" to all who hear as well as to
numberiess "reminders" from endless other sources that
the Saviour was a "Jew" and a member of that "race,"

Chrislian Americana have been taught since their Sunday Schoot days that "Semilea" wera God's "Chosen
